Dedication
RODNEY HAHN

This year the Annual Staff is proud to dedicate the annual to a very deserving man.

You, sir, have guided many people during the past four years and helped us all in some way.

We thank you for your guidance and we, indeed, take pleasure in dedicating the 1962 "Bruin" to you, Mr. Rodney Hahn.
Superintendent

It's hail and farewell to you, Class of 1962. You have achieved a milestone on your journey through life. I trust your years at Newport High School have been fruitful and that you will look back on them as treasured memories.

To the Annual Staff, I offer my most sincere congratulations for so capably recording the events of your High School life in such a fine spirit of responsibility and cooperation. You have set standards that will challenge those who follow you. My personal wishes for happiness and success go to each of you.

Please regard me and all of your instructors as your friends—friends in the true sense of the word. We would feel hurt if at anytime we could help you and you did not come to us.

George H. Anderson
It has been said that there are really only two kinds of people in the world; those who are part of the problem, and those who are part of the solution. Do you think only in terms of yourself—how much you can make, what you can get out of life? If this is your thinking, then you are definitely a part of the problem. Or are you concerned with the contribution you can make—how much you can give—what contribution can you make to society? If this is your thinking, then you are a part of the solution.

Have you ever asked yourself, "If every citizen performed as I do, just where would our country be?" Suppose every person approached his walk of life as you do, showed the same interest, the same diligence, the same faithfulness, the same skill, the same personal discipline, what would happen to our country?

Some people look upon life as a slot machine, trying to put as little into it as possible, but always hoping to hit the jackpot. But people are far more wise, more happy, and have more inner peace when they view life as a solid, intelligent investment from which they receive in terms of what they invest. Those of you who have entered into your school life to the extent, you have given freely of your time and talents, will find that you are more ready to cope with your problems in the world of tomorrow. In coping with and resolving these problems, you will help to preserve our free society.

Please accept our sincere congratulations on past accomplishments and our hearty best wishes for the future.

In Memoriam

Dean Edmiston

"For the depths, of what use is language? We are voiceless in the face of reality—we cannot speak." E.G. Masters.

How true this is, for we cannot explain why the young, who have so very much to live for, are taken from us.

But we need no words to express how much his courage and faith have inspired us, even as he fought the greatest of all battles, that for his life. Throughout our lives may we always remember this same courage and faith as an example of true strength.
