

2016– 2017 Board Goals

The Board of Directors, in an effort to provide support and guidance to the Superintendent while carrying forward the 2015 – 2020 Strategic Plan and continuing fiscal and operations management, have created the following goals for the 2016 – 2017 school year. These five goals were selected after an extensive review of the 2015 – 2020 Strategic Plan and 2016 – 2017 Superintendent Goals.

1. Support Initiatives That Provide For a Rigorous Educational Program
 - The Board of Directors will support the Superintendent in moving the Newport School District forward by providing the Newport School District students with rigorous programs that support and enhance their ability to succeed in college as well as the work force.
2. Support the Superintendent In the Establishment of the Satellite Skills Center
 - The Board of Directors will support the Superintendent in the opening of the Satellite Skills Center. Specifically, the Board will ask the Superintendent to focus on expanding program offerings as well as expanding community partnerships and sources of revenue.
3. Support the Superintendent in running the 2017 3-Year M&O Levy
 - The Board of Directors would like the Superintendent to facilitate the running of the 2017 – 2020 Maintenance and Operations Levy. Therefore, the Board of Directors will assist in public hearings to establish priorities for the use of levy funds and will engage all stakeholders to ensure they are provided with up-to-date information regarding the use of levy funds and the programs those funds support.
4. Facilitate New Transportation Contract
 - The Board of Directors will support the Superintendent in securing a new contract with a transportation provider. The Board of Directors will support the Request for Proposal process and review those proposals in an effort to secure a contract with a provider that has an excellent safety record and offers services at a fair market value.

5. Continue to Focus on the 2015 – 2020 Strategic Plan

- The Board of Directors would like the Superintendent to work with the Newport School District staff toward the efforts of meeting the objectives of the 2015 – 2020 Strategic Plan.

In order for the Board of Directors to accomplish these goals or to make significant progress toward achieving these aims, the Superintendent will provide the Board with regular updates on steps being taken to achieve these goals.
