WELCOME TO THE INFORMER

The Importance of Assessment and Reporting

As we approach the middle of Term 2; I would like to take a moment to emphasize the importance of assessment and reporting in student's education. At KoroBoro International School, we believe that assessment and reporting are critical components of the learning process, as they provide valuable information about your child's progress, strengths, and areas for improvement.

Our teachers have been working hard to conduct assessments in class, using a variety of tools and techniques to evaluate your child's learning. These assessments are designed to measure your child's understanding teaching concepts and skills, identify any areas of weakness, and help our teachers adjust their teaching strategies to meet your child's needs. Our teachers are committed to providing individualized attention to each student, and assessments are an important part of that process.

The Parent-Teacher Conferences held this week provided an important opportunity for families and teachers to connect and discuss student progress. These meetings enabled teachers to gain insights into the needs and interests of individual students, and to work collaboratively with families to support student learning.

Our teachers are dedicated to working collaboratively with you to support your child's learning, and we believe that communication between parents and teachers is essential in this process.

We acknowledge all our parents who attended the Parent-Teacher Conferences and are actively involved in their child's education. Working together, we can help your child achieve their full potential and succeed in their academic and personal goals.

Thank you for your continued support, we are confident that our students will continue to thrive and grow throughout the term.

Ms Upu Ravu

Deputy Principal – Koro Campus

KOROBORO INTERNATIONAL SCHOOL

Kindy. LH

WELCOME TO THE INFORMER

Last term, our two weeks theme per the Early Learning Curriculum Overview focused on colours. Activities were derived from the theme and set up in the different Continuous Provision Areas for students to explore and have a real hands-on experience.

This term is no different to such learning in the Kindy LH classroom. With the focus on shapes this term, we looked at the circle shape in weeks 1 and 2.

For weeks 3 and 4, we have been working around the heart shape. We are also excited that these activities also prepare us towards the celebration of Mothers Day .

Maths-
Sorting colours into
correct coloured

GR. 2LT

WELCOME TO THE INFORMER

Welcome to 2LT Learning Page

Our Inquiry Learning for this term is based on the topic **“Roles, Rights and Responsibility.”**

Students in grade 2 are beginning to understand that their rights are accompanied with responsibilities. They have also been unpacking roles at home and at school that they carry out to show that they are respectful and responsible. They have extended their learning in the finding out stage, to interview different people working in the same community of their roles and responsibilities in the school.

Cecilian POK and Adriel KUMAN of 2LT interviewing Ms. Taune The Deputy Principal of Boro Campus of her roles and responsibilities in the school.

Abner KIMBU and Nathan WORINU Interviewing a Boro Campus Security Guard of his roles and responsibilities

Sapphire TELEK and Dean SEGODI interviewing Ms. Mati an Inductee at Boro Campus of her Roles and Responsibilities

Cedritian PUMUYE and Diane ATMEYOK interviewing a Grounds Staff of Boro Campus of her roles and responsibilities

GR. 3BB

WELCOME TO THE INFORMER

This Term we're learning how to write Procedural Reports! Here's a sneak peak of us making slime and writing out the steps we took to make the gooiest fun slime ever!

Working Collaboratively during inquiry!
Here we are in Term 1 creating Dioramas of our miniature garden habitats and in Term 2, preparing posters to answers important questions about Electrical Energy!

Highlights this semester:

On our way to the swim carnival!
We have great swimmers in our class!

Celebrating Birthdays always exciting!

We met a fighter during a fire safety drill by The PNG Fire Dept.

GR. 5SA

WELCOME TO THE INFORMER

WELCOME to Term 2.

Time sure flies! This is ending of week 4 now. Taking a sneak peek into the calendar for this term, we can already feel the weight of the events bearing down on us as we brace ourselves for the challenges ahead. Nevertheless, **TEACHING & LEARNING** remains our prime focus in the classroom.

Here are few highlights of teaching & learning taking place in 5SA classroom.

Maths Guided Group – Unit on Place Value Focus: Decimals
Students using MABs to show (short represents 1/1000 th) and compare them as thousandths i.e. 128/1000 Vs. 821/1000

Unit of Measurements
Students working collaboratively by estimating, measuring and reading their mass using weighing scale.

Students making Cards and Acrostic Poems for Mother's Day.

Students communicating effectively to estimate and measure mass of objects using kitchen scale.

BORO PE

WELCOME TO THE INFORMER

Boro PE & Swimming

This term, our focus in Physical Education and Swimming classes is on building students' skills and confidence. In PE, students are honing their cross-country running abilities, practicing short steps and steady pacing around the oval and cross-country track. The students are learning the importance of persistence and overcoming obstacles to achieve success. Our inter-house cross country carnival will be on Wednesday May 17 which all students are eagerly anticipating.

Meanwhile in Swimming, Grade 1 students are focusing on kicking, mastering downward kicks on their fronts and upward kicks on their backs. Breaststroke kicks will come later in the term.

Students who lack confidence in the water and are learning basic swimming skills are receiving personalized instruction from Mr. Dikana Ugava, our PE and Swimming EA. This additional support has resulted in notable progress and improvements in the students' swimming abilities.

In week 6, Grade 2 and Prep Clusters will begin their swimming lessons. Grade 2 students will learn the basics of freestyle, backstroke and breaststroke as well as dive starts and underwater dolphin kicks. Prep students will continue with water familiarization activities, focusing on floating, gliding, and kicking techniques.

The skills taught during our PE and swimming lessons focus on the needs of the students and relevant to our term carnival focus.

KORO PE

WELCOME TO THE INFORMER

KB Sports NEWS *Term 2, May Edition 2023*

Welcome back to the second term of the school year! We have an exciting lineup of sporting events for our students.

• XC TRACK FAMILIARIZATION WALK

The Cross Country Carnival is one of the main events on the IEA schools' calendar, and the KoroBoro PE team has been working hard to prepare our students for it. As part of our preparations, each cluster completed a track familiarization walk. The Intermediates (born in 2011-2014) walked the middle track, which is 1.728km long, while the Seniors (born in 2007-2010) walked the top track, which is 1.751km long. The walk was both fun and tiring, with some students finding it challenging. Overall, everyone enjoyed it, and the walk took each cluster 20-26 minutes to complete.

• CROSS-COUNTRY CARNIVAL

We are gearing up for the Inter-House Cross Country Carnival, which will take place on May 17 for Juniors and May 18 for Intermediates and Seniors. The Inter-School Cross Country Carnival will be held on June 1 for Intermediates and June 2 for Juniors and Seniors. During our PE lessons, we have been focusing on running techniques and conditioning to help our students prepare for these races. Our training includes beep tests, tempo runs, high-intensity interval training, and modified and actual cross-country tracks. We encourage students to do extra running at home and complete a 3x5-15 minute run to stay on track.

• SCHOOL FOOTBALL COMPETITION

KoroBoro will be participating in two different football competitions this year. The SFAPOM - Port Moresby School Competition proper season will start on May 20, 2023. We will have U6, U8, and U10 mix teams playing indoor futsal at Rita Flynn Stadium, while our U12 mix teams will play outdoor futsal at Sir John Guise Stadium outside fields. The East Coast Football Club Soccer Competition will resume on May 27, 2023. We will have our John Bomben Carnival Squad teams (KB U10 Reds, KB U11 Reds, KB U11 Blues, and KB U10/11 Girls team) participating in the ECFC Competition, playing the 9 aside format. In addition, we have interested players who have signed up to form extra U10, U11, U12, and U13 teams.

JOHN BOMBEN CARNIVAL 2023

Our coaches have been preparing our KB Football Teams for the upcoming tournament in September, Cairns, Australia, and training has been going really well. Welcome back to Term 2 school year. There are a number of events lined up for the school this term.

OTHER NEWS

WELCOME TO THE INFORMER

KOROBORO SCHOOL ASSOCIATION - ANNUAL GENERAL MEETING

On Thursday evening, 27 April 2023, KoroBoro School Association held its annual general meeting (AGM). The current chairperson, Mr. Brett Cox, presented the Association Report for 2022/2023, which can be obtained by emailing info@koroboro.iea.ac.pg.

The other business at the meeting was to nominate new members to the School Association Committee for 2023, which is submitted to the IEA Head Office to become the School Board. There were four vacancies on the committee, and only one nomination was received, Mrs. Stella Ranbun, who joined the committee unopposed.

School Association Committee for 2023 therefore consists of continuing members Brett Cox, Lisa Costigan, Deon Botha, Denmark Gimiseve, Lina Pina, James, Masa, Stella Ranbun and Peter O'Sullivan, as the public officer. I look forward to working with them over the coming year to further enhance KoroBoro's reputation in the IEA community and in the wider community too.

The Association Committee Members will form the School Board once approved by the IEA to hold office as School Board Members.

***** PUPIL FREE DAY - Friday, 26 May, 2023 *****

KoroBoro Senior Leadership team, would like to inform the KoroBoro School Community, that there will be a **Pupil-Free Day on Friday, 26 May, 2023**, of this term. This means that students **will not** be required to attend school on this day.

This Pupil-Free Day has been scheduled to allow our teaching staff to participate in a professional development day. This day provides an opportunity for our teachers to collaborate, share ideas and skills, and engage in professional learning activities to enhance their teaching practices.

We kindly ask that you make alternative arrangements for your child on this day as the school will not be open for normal classes.

Please note that regular classes will resume on Monday, 29 May, 2023.

We appreciate your understanding and support in providing our teachers with this valuable professional development opportunity.

***** BINGO NIGHT *****

On a lighter note, we are excited to announce the upcoming Bingo and Pizza Family and Friends Night. This is a great opportunity to have some fun and socialize with other families in the school community.

Therefore, KoroBoro will be hosting another Bingo & Pizza Family & Friends Night at the **Yacht Club on Thursday, 25 MAY from 6pm- 9pm** – It is the night before the Pupil Free day which is on the Friday.

Entry is FREE. There will be some exciting raffle prizes on the night too.

Everyone & Anyone is invited to join us for the evening of fun and laughs so bring your wontoks.

Should you have any questions, or wish to donate a prize, please contact

Ms. Ravu - uravu@koroboro.iea.ac.pg

Hint: *If you are coming, bring your own Bingo Marker and small money notes.*
