STUDENT CODE OF CONDUCT

The purpose of the Board of Education is to provide for an orderly process of education that will foster the proper environment providing for the welfare and safety of all students attending the Jackson County Schools. Education is the primary goal of our system. However, when student behavior comes in conflict with the rights of others, corrective actions may be necessary for the benefit of all. Students are governed by the policies, regulations, and rules of the Jackson County School System. These are applicable at school or on school property at any time, on the way to and from school, on the school bus and at school bus stops, and at any school-related function or activity on or off school premises. Governing rules, regulations, and policies are published and disseminated to school personnel, parents, and students.

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board of Education Rule 160-4-8-.16 Unsafe School Choice Option. The superintendent shall take the appropriate action to assure the establishment and administration of procedures necessary to provide for effective pupil control and discipline. Development of the Student Behavior Code

This code was developed in conjunction with Georgia school laws pertaining to student discipline in elementary and secondary public education outlined in the Official Code of Georgia Annotated (O.C.G.A.), commonly called the Georgia Code (specifically, O.C.G.A. § 20-2-730 – O.C.G.A. § 20-2-769). Such a code is mandated in O.C.G.A. § 20-2-735. The behavior code is reviewed on an annual basis.

When the Student Behavior Code Applies

The rules contained in the *Student Behavior Code* apply to students, both during and outside normal school hours, who are:

- On school system property
- Off school system property while attending a school activity, function, or event
- En route to or from school or school-related activities
- Off school system property if: (a) the student's off-campus conduct could result in the student's being charged with a felony and the conduct either makes the student's continued presence at school a potential danger to persons or property at the school or disrupts the school environment; or (b) the student's off-campus behavior (including, but not limited to, written communication, internet postings, communication through social media, cyber bullying [threats or harassment], or texting) could reasonably be expected to come to the attention of school officials and create a substantial risk to the safety of students, staff or others and/or a risk of substantial disruption to the school, program, or school environment.
- School bus stops
- On the school bus

Explanation of Consequences

Detention

A requirement that the student report to a specific school location and make up work missed or to receive specific instruction in behavior modification. Detention may require the student's attendance before or after school.

Alternative Placement for Elementary Students

Temporary removal of a student from the regular classroom and assignment to another classroom or administrative office for a period of time deemed appropriate by school administration.

Short-Term Alternative Placement (In-School Suspension or ISS)

Removal of a student from the classroom to work in an isolated area staffed with school system personnel. While in this setting, the classroom teacher provides work for the student to complete. This is used sometimes in lieu of out-of-school suspension. The student is excluded from all school-sponsored and extracurricular activities while assigned to this setting.

Suspension

Removal of the student from the school campus and exclusion from all school-sponsored activities, extracurricular activities, and course work required. Suspension by the school principal or designee shall not exceed 10 consecutive days. The disciplinary hearing officer or the Board of Education may only impose suspensions beyond 10 days after a due process hearing. A student suspended beyond 10 days may be afforded the opportunity to enroll in the alternative program.

Long-Term Alternative Placement

A setting that a student may be offered when suspended from school for more than 10 days. The student is excluded from all school-sponsored and extracurricular activities while assigned to the alternative school (unless otherwise designated by the superintendent or designee). There are at least four ways a student may gain entry to this program:

- Through a disciplinary hearing process
- Through principal and parent/guardian agreement (proper waivers must be signed)
- By committing a third offense for bullying (applies to middle and high school students)
- By superintendent assignment (only for students in grades K-5)

Expulsion

The removal of a student from the school system for an extended period of time; or permanent removal by the Board of Education or through a disciplinary hearing.

Legal and Administrative Requirements

Due Process

Due process will include appropriate hearings and reviews and, in all cases, the rights of individuals will be ensured and protected. A meeting for an out-of-school suspension involves a conference between an administrator, student, and/or teacher, and parent. A hearing for an expulsion or alternative placement will be formally conducted following the procedures mandated by the Jackson County Board of Education. Jackson County School System Procedures for Implementation of IDEA Regulations Related to Student Discipline are followed.

Student Rights and Responsibilities

A student has full rights and citizenship as defined by the Constitution of the United States and assumes the responsibility to take actions relative to this Constitution, the laws of the State of Georgia, and the policies, rules, and regulations of the Jackson County Board of Education.

Statement of Elementary School Violation

When an elementary school student is in violation of student discipline procedures and the prescribed disposition cannot be applied, the disposition will be left to the discretion of the principal.

Disciplining for Off-Campus Misconduct

Students may be disciplined for any off-campus behavior which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the

educational process.

Statement of Non-Discrimination

It is the policy of the Jackson County Board of Education not to discriminate on the basis of sex, race, color, age, disability, religion, or national origin in its educational programs, activities, or provision of services. Complaints regarding discrimination can be processed according to guidelines found in the school student handbook or in the principal's office or the office of the Jackson County Board of Education.

Statement of Authority of Principal

The principal is the designated leader of the school and, in collaboration with the staff, is responsible for the orderly operation of the school. In case of discipline violations not covered by specific disposition in this Code of Conduct, the principal may enact corrective measures which he or she feels are in the best interest of the school and the student involved. The authority of the principal extends to students who are on school property, on the way to or from school or a school function, at a school bus stop, and at any school function or activity. Based on circumstances of the incident, or the disciplinary record of the student involved, the principal may refer any matter under this paragraph (including any violation of the system or school Code of Conduct) to a disciplinary hearing.

Drug/Alcohol Policy for Students

Student use and unlawful possession of illicit drugs or alcohol is prohibited. Violations of the drug/alcohol policy for students can result in serious disciplinary consequences, up to and including expulsion and referral to legal authorities for prosecution. Each Jackson County School is designated as a Drug Free School Zone. Violators will be prosecuted to the full extent of the law.

Threats of Violence

It is the policy of the Jackson County Board of Education to take all reasonable steps to provide a safe environment for students and staff. To that end, any threat by any individual directed toward another which if carried out would pose a potential danger to the life or safety of students and/or staff will be regarded as a serious matter. All threats of violence will be taken seriously, will subject the offender to disciplinary action, and may be reported, when appropriate, to law enforcement officials.

Lockers, Facilities, Campuses Subject to Search

All lockers, desks, book bags, school facilities, and school campuses are subject to inspection and search by school officials at any time. Metal detectors or dogs specifically trained to detect prohibited or illegal items such as weapons or drugs may be used at school or any school function, including activities that occur outside of normal school hours or off the school campus at the discretion of administrators. Searches of individual students may also be conducted at any time when school employees have reasonable suspicion that the student is in possession of an item that is illegal or against school rules.

Vehicles Subject to Search

Vehicles driven to school by students and parked on campus are subject to search by school authorities and/or the school's designees without any further notice to, or the consent of, the owners or operators of such vehicles. Such search may be conducted without warrant. Search of the vehicle includes all compartments and components thereof. Once search begins, the person in control of the vehicle will not be permitted to remove it from the premises during the reasonable duration of the search.

Behavior Support Process

The behavior support process is a mechanism for identifying and encouraging those behaviors and environmental factors that promote the positive emotional, mental, social, and educational needs of students. This process is designed primarily to provide services to chronically disruptive students or to students who have committed a single disciplinary infraction of a serious or severe nature; however, it may be used for any student at the discretion of school administrators.

The multi-tiered system of support team (MTSS) serves as the core component of the behavior support process. The MTSS team utilizes an interdisciplinary team approach, and provides supports and services that are customized to meet the individual needs of students. The composition of the behavior support team will vary based on the needs of the referred student, but typical representation would include the parents, teachers, school counselor and/or social worker, an administrator, and representatives from other agencies as deemed

appropriate.

The process seeks to organize the school, school system, parents, and applicable community efforts into a comprehensive framework for providing support for students. A major aspect of the process is its prevention orientation, aimed at providing proactive steps to help students avoid negative behaviors initially as well as helping troubled students minimize future difficulties.

As part of the behavior support process and in compliance with the Chronic Disciplinary Problem Students Act, the assistance of parents will be actively sought in cases where students have exhibited continually disruptive or inappropriate conduct in school. In such instances, parents may be invited to observe the student in a classroom situation and/or requested to attend a conference with school officials to devise a disciplinary and behavioral correction plan.

A major purpose of the process is to provide support strategies that emphasize and build on strengths of students rather than those that focus solely on behavioral problems. Portions of behavior support process recommendations that would address this purpose could include, but are not limited to, the following:

- helping students establish individual goals, relevant benchmarks, and a timeframe for attainment;
- service learning projects;
- development of problem-solving skills;
- leadership development;
- mentoring/peer mentoring;
- conflict management.

Finally, the behavior support process seeks to integrate school-based and community-based resources in order to meet the needs of students. Potential sources for support could include, but are not limited to, the following:

- individual or group sessions with school counselor/social worker;
- testing and support services through school psychologist and/or school psychometrist;
- access to peer mediation at the middle and high school levels;
- access to assistance from school resource officers in the high schools;
- involvement with appropriate community resources such as DFACS, law enforcement, juvenile court services, and mental health agencies.

Progressive Discipline Process

Students are governed by the policies, rules, and regulations of the Jackson County School System. These are applicable at school or on school property at any time, on the way to and from school, on the school bus and at school bus stops, and at any school-related function or activity on or off school premises. Students who choose not to conduct themselves within appropriate and expected guidelines should understand that they are subjecting themselves to possible disciplinary action.

Each incident of inappropriate behavior in the school setting is unique, and the disciplinary consequences imposed will reflect consideration of the nature of the incident and a number of factors specific to the student involved. When considering the discipline to be imposed, teachers and administrators will take into account any and all relevant factors to assure that the degree of disciplinary action is in proportion to the severity of the misbehavior. When appropriate and applicable, such factors may include, but are not limited to, the following:

- the student's prior discipline history;
- seriousness of the offense;
- degree of premeditation, impulse, or self-defense;
- age and/or disability;
- strength of evidence;

- remorse;
- the student's attitude and willingness to cooperate.

Due process procedures required by federal and state law will be followed in the disposition of all disciplinary cases.

Parental Involvement Process

In order to provide the best educational experience for your child, parents are encouraged and expected to support the district's behavioral expectations. Parents, guardians, teachers, and administrators must work together to improve and enhance student behavior and academic performance, thereby ensuring positive, orderly, and productive learning environments in all Jackson County Schools. In an effort to achieve that goal, parental involvement will be requested and encouraged in the student discipline process including but not limited to the following:

- (1) The assistance of parents will be actively sought in cases where students have consistently exhibited disruptive or inappropriate conduct in school and where called for in the code of conduct when students have committed a single disciplinary infraction of a serious nature.
- (2) When a student desires to withdraw from school, he/she must have written permission of his/her parents or legal guardian if under the age of eighteen prior to withdrawing. Prior to accepting such permission, a school administrator will have a conference with the student and parents/legal guardian within two school days of receiving notice of the intent of the student to withdraw. The purpose of the conference is to share with the student and parents/legal guardian educational options available and the consequences of not earning a high school diploma.
- (3) The General Assembly of Georgia requires that this code of conduct include language encouraging parents and guardians to inform their children on the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.
