Summer ReadingBLAST!

Welcome to the 2023 Brentwood Summer Reading Campaign for all students entering grades K through 8.

The Summer Reading Campaign is a fantastic opportunity for students to explore new worlds, discover captivating characters, and ignite imaginative thinking. By participating in this campaign, students will enhance reading skills, develop a lifelong passion for books, and enjoy a rewarding summer filled with adventure and learning.

Here's how it works:

Select a novel, short story, non-fiction book, Newsela article, Razkids book, or any type of text you are interested in reading. Once you have completed reading your selection, scan the QR code (or click the link below) for a reading survey to answer a few short questions.

But don't stop at one! For every book/story/article you read, fill out the survey! Each survey counts as a raffle toward a Back to School Basket filled with goodies.
