

Kundiawa International School News Flash – Term 1 & 2 2023

SRC Charity Drive – On Thursday 23rd March (Term 1, week 9), Kundiawa International School, School Representative Council (SRC) execute their first action planned event that was scheduled for the term. The SRC students visited the Children's Ward at the Kundiawa General Hospital and donated more than 30 wrapped gifts to the sick children in the ward. The doctors, nurses, and guardians of the sick children were in awe and amazed to see our students giving their speeches and distributing gifts. *"This is a first of its kind to happen at the children's ward and on behalf of the staff here, I greatly appreciate the generosity and the kind gesture which has indeed put a smile on the faces of the sick children"* as expressed by the doctor in charge of children's ward. NBC Kundiawa (media) was also present at the hospital where they did a live coverage on the event that took place.

KIPS SRC has done really well so far and we hope to see more good work from them throughout the year. We acknowledged and appreciate our parents who have been supportive towards our SRC activities during this worthy course.

Early Term 2, the school bought a new trampoline for the Lower Primary Class. Our little ELCs are always excited to jump every break times. This is one thing that makes them want to attend school regularly.
