## **BEGINNING/END OF DAY PROCEDURE**

### **Pick up/Drop off**

Parents who are dropping off/picking up students at the beginning or end of the day need to use the assigned road entrance (handout provided) to the building. Grades 9-12 drop-off will be behind the school at the activities entrance by the bell. The doors open at 7:35 am and pick-up will begin at 3:00 pm. Please enter the school from State Route 602. There will be staff on duty at this drop off/pick up loop. This procedure is in place for the safety purposes of all students and their families.

### **Walkers**

Students who are walking to and from school need to use the sidewalks from State Route 602 to the front of the school building and enter/leave at the High School entrance.

### **Drivers**

Students who drive to school must register their car with the high school office. A sticker will be provided for each registered car. Students are to enter the parking lot using the appropriate lanes that are provided. Students are required to park east of the yellow lines in the parking lot. Students are required to park their car facing south (towards the school). Students are required to drive the speed limit and watch out for cars as well as students crossing in the parking lot. When exiting at the end of the school day, students are required to pull out towards the school, turn left (east), and follow the flow of traffic out of the parking lot.

### **Bus Rider Expectations**

- Be at the bus stop 5 minutes before the bus is scheduled to arrive at your designated place of safety.
- Wait for the driver to signal you to cross the roadway and/or board the bus
- Always walk out of the "Danger Zone" (10 feet) in front of the bus
- Take your seat promptly. Stay seated until the bus comes to a full stop at your destination
- Sit in your assigned seat and unload front to back with no pushing

## **STUDENT RESPONSIBILITIES**

The School's rules and procedures are designed to allow students to be educated in a safe and orderly environment. All students are expected to follow staff members' directions and to obey all school rules.

Students must arrive at school on time, prepared to learn and participate. If, for some reason, this is not possible, the student should seek help from the appropriate staff member. Adult students (age 18 or older) must follow all school rules. If residing at home, adult students are encouraged to include their parents in their educational program.

In order to keep parents informed of their child's progress in school, parents will be provided information on a regular basis and whenever concerns arise. Many times it will be the responsibility of the student to deliver the information. The School, however, may use the mail or hand delivery when appropriate. Parents have the option of receiving communication from the School via e-mail and/or facsimile by filling out the appropriate form available in the school's administrative office. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

## **STUDENT WELL BEING**

Student safety is the responsibility of both students and staff. Staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist or other violent attack, and accident reporting procedures. If a student is aware of any dangerous situation or accident, they must notify a staff person immediately.

State law requires that all students have an emergency medical authorization completed and signed by a parent or guardian on file in the School office.

Students with specific health care needs should deliver written notice about such needs, along with physician documentation, to the school office.

## **INJURY AND ILLNESS**

All injuries must be reported to a teacher or the office. If the injuries are minor, the student will be treated and may return to class. If medical attention is required, the office will follow the school's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission.

## **SECTION I - GENERAL INFORMATION**

### **ENROLLING IN THE SCHOOL**

In general, State law requires students to enroll in the school district in which their parent or legal guardian resides. Students may enroll under the District's open enrollment policy or enroll and pay tuition.

New students under the age of 18 must be enrolled by their parents or legal guardian. When enrolling, parents must provide copies of the following:

- A. a birth certificate or similar document
- B. court papers allocating parental rights and responsibilities, or custody (if appropriate)
- C. proof of residency
- D. proof of immunizations

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about the documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. The school counselor or high school secretary will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the District Liaison for Homeless Children with regard to enrollment procedures.

New students 18 years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

In addition, if a new student resides in the District with a grandparent and is the subject of a: (1) power of attorney designating the grandparent as the attorney-in-fact; or (2) a caretaker authorization affidavit executed by the grandparent that provides the grandparent with authority over the care, physical custody, and control of the child, including the ability to enroll the child in school, consent in all school related matters, and discuss with the District the child's educational progress, the student's grandparent may enroll the child in school on a tuition-free basis. However, in addition to the above-referenced documents that are typically required for enrollment, the grandparent must provide the District with a duly executed and notarized copy of a power of attorney or caretaker authorization affidavit.

A student suspended or expelled by another public, charter or private school in Ohio may be denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired may be denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

If a student has been recently discharged or released from the custody of the Department of Youth Services (DYS) and is seeking admittance or re-admittance into the District, the following records, which are required to be released by DYS to the Superintendent, must be received:

- A. an updated copy of the student's transcript;
- B. a report of the student's behavior while in DYS custody;
- C. the student's current IEP, if one has been developed for the child; and
- D. a summary of the instructional record of the child's behavior.

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

### **SCHEDULING AND ASSIGNMENT**

Schedules are provided to each student prior to the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Any changes in a student's schedule should be handled through the school secretary with approval from the building principal. Students may be denied course enrollment due to lack of available space or the need for the student to pass prerequisite courses. Students are expected to follow their schedules. Any variation must be approved with a pass or schedule change.

### **EARLY DISMISSAL**

No student may leave school prior to dismissal time without a parent or guardian either submitting a signed written request or coming to the School Office personally to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a written permission note signed by the custodial parent(s) or guardian.

### **WITHDRAWAL/TRANSFER FROM SCHOOL**

No student under the age of 18 is allowed to withdraw from school without the written consent of his/her parent's, permission from the superintendent and be in compliance with State law. A student who otherwise withdraws from school shall be reported to the juvenile judge of the county and to the Bureau of Motor Vehicles for suspension of their driver's license, if they is under the age of 18.

Parents must notify the Principal about plans to transfer their child to another school. School records, including disciplinary records of suspension and expulsion, will be transferred to the new school within 14 days of the parents' notice or request.

### **IMMUNIZATIONS**

Students must be current with all immunizations required by law, *or in the process of being immunized as defined by Ohio Revised Code 3313.671*, including but not limited to poliomyelitis, measles, diphtheria, rubella, pertussis, tetanus, and mumps, or have an authorized exemption from State immunization requirements. No Kindergarten students shall be permitted to remain in school for more than fourteen (14) days unless the students presents written evidence satisfactory to the person in charge of admission that the pupil has been immunized against Hepatitis B and chickenpox. For the safety of all students, the school principal may remove a student from school if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement. Any questions about immunizations or exemptions should be directed to the school nurse.

### **EMERGENCY MEDICAL AUTHORIZATION**

A complete Emergency Medical Authorization Form must be on file with the School in order for a student to participate in any activity off school grounds, including field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities. The Emergency Medical Authorization form is

provided at the time of enrollment and at the beginning of each school year and must be **turned in by the first Friday of the school year.**

### USE OF MEDICATIONS

Students who must take prescribed medication during the school day must comply with the following guidelines:

- A. Parents should, with the counsel of their child's prescriber, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The appropriate form must be filed with the school nurse before the student will be allowed to begin taking any medication during school hours or to use an inhaler to self-administer asthma medication. Such forms must be filed annually and as necessary for any change in the medication.
- C. All medications must be registered with the School Nurse-and must be delivered to school in the original containers in which they were dispensed by the prescribing physician or licensed pharmacist, labeled with the date, the student's name, and the exact dosage to be administered.
- D. Medication that is brought to the office will be properly secured. Except as noted below, medication must be delivered to the Principal's Office by the student's parent or guardian or by another responsible adult at the parent or guardian's request. Except as noted below, students may not bring medication to school. Students may carry emergency medications for allergies and/or reactions, or asthma inhalers during school hours provided the student has written permission from a parent or physician and has submitted the proper forms. In the case of epinephrine auto-injectors ("Epipens"), in addition to written permission and submission of proper forms, the parent or student must provide a backup dose to the school nurse. Students are strictly prohibited from transferring emergency medication, Epipens, or inhalers to any other student for their use or possession.

Medication may be conveyed to the school directly by the parent or transported by transportation personnel at parental request. This should be arranged in advance. In the event that a student must bring the medication to school, the student is to bring the medicine directly to the office at the beginning of the day with a note from home and if a prescribed medication, from the doctor. All medication will be kept in the clinic. Proper paperwork must be filled out by the parent for the medicine to be administered.

- E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.
- F. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.
- G. The school nurse will maintain a log noting the personnel designated to administer medication, as well as the date and the time of day that administration is required. This log will be maintained along with the prescriber's written request and the parent's written release.

### **Non-Prescribed (Over-the-Counter) Medications**

No staff member will dispense non-prescribed, over-the-counter (OTC) medication to any student without prior parent authorization. Parents may authorize the administration of a non-prescribed medication on forms that are available from the Principal's Office. Physician authorization is not required in such cases.

*By written notice parents may also authorize that their child to self-administer non-prescribed medication in the clinic.*

If a student is found using or possessing a non-prescribed medication without parent authorization, the student will be brought to the school office while the student's parents are contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes medication of any kind or who is found in possession of unauthorized medication is in violation of the School's Code of Conduct and will be disciplined in accordance with the drug-use provision of the Code.

A student may possess and use a metered-dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms, at school or at any activity, event, or program sponsored by or in which the student's school is a participant if the appropriate form is completed and on file in the Principal's Office.

A student who is authorized to possess and use a metered-dose or dry powder inhaler may not transfer possession of any inhaler or other medication to any other student.

### **ALLERGIES AND BEE STINGS**

You are responsible for informing the school of any allergies that your child has. If your child is allergic to bee stings, you are responsible for providing the school with the appropriate prescription medication and a doctor's statement concerning the administration of this medication. This medication will be kept in the school office.

### **HEAD LICE**

The Buckeye Central Local Schools have a **NO NIT** policy for the treatment of head lice. If your child is found to have head lice, you will be called and your child will be excluded from school. It should take no more than **two (2) days** to get your child's head free of nits and lice and back in school. If this does not happen or becomes a persistent problem the child could be found truant. If truancy exists legal action can be taken. To be reinstated your child must be checked and cleared for reinstatement by the school nurse when available or they may be taken to the Seneca County Health Department in Tiffin or the Crawford County Health Department in Bucyrus. The nurse will give you a clearance paper, which must be presented, to the office. Students are checked periodically for head lice in order to prevent school-wide epidemics.

### **CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES**

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific communicable diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments. Any removal will be limited to the contagious period as specified in the School's administrative guidelines.

## **CONTROL OF NON-CASUAL CONTACT COMMUNICABLE DISEASES**

The School District has an obligation to protect staff and students from non-casual contact communicable diseases. When a non-casual contact communicable disease is suspected, the student's health will be reviewed by a panel of resource people, including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases, include but are not limited to, sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child bleeds at school and students or staff members are exposed to the blood. Any testing is subject to laws protecting confidentiality.

## **CONTROL OF BLOOD-BORNE PATHOGENS**

The School District seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school-related activities. While the risks of students being exposed to blood-borne pathogens may be low, students must assume that all body fluids are potentially infectious and must take precaution to follow universal procedures in order to reduce such risks and minimize and/or prevent the potential for accidental infection.

Students may be exposed to blood-borne pathogens in situations, including, but not limited to the following:

- Engaging in activities with other students in the school environment (e.g., physical education class) where physical injuries or other actions that can cause bleeding or exposure to saliva and other body fluids may occur.
- Working with equipment in the school environment that can cause cuts or similar injuries that produce bleeding.
- Participating in extracurricular activities (i.e., athletic activities) where physical injuries or other actions that can cause bleeding may occur.

Whenever a student has contact with blood or other potentially infectious material, s/he must immediately notify his/her teacher, who will contact the office and assist the student in completing the requisite documents.

The parents of a student who is exposed will be contacted immediately regarding the exposure and encouraged to have the student's blood tested for Hepatitis B and HIV either by his/her physician or County Health Department. The student's parents are encouraged to consult with the student's physician concerning any necessary post-exposure treatment.

- The student's parent will also be asked to provide a copy of the test results and any post-exposure treatment for maintenance in the student's educational record in accordance with the Federal and State laws concerning confidentiality.

The parents of the student who caused the exposure will also be contacted immediately and advised to have the student's blood tested for Hepatitis B and HIV virus either in cooperation with his/her physician or County Health Department.

- The student's parents will be asked to provide a copy of the test results for maintenance in the student's educational record in accordance with Federal and State laws concerning confide

## **STUDENTS WITH DISABILITIES**

The American's with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act (Section 504) prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but to all individuals who have access to the District's programs and facilities.

The laws define a person with a disability as anyone who:

- A. Has a mental or physical impairment that substantially limits one or more major life activities;
- B. Has a record of such an impairment; or
- C. Is regarded as having such an impairment.

The District has specific responsibilities under these two laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

Additionally, in accordance with State and Federal mandates, including the Individual with Disabilities Education Act (IDEA), the District seeks out, assesses and appropriately services students with disabilities. Staff members use a comprehensive child study process to systematically screen, assess and, if appropriate, place students in special education and related services. Students are entitled to a free appropriate public education in the "least restrictive environment."

A student can access special education and related services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEIA), A.D.A. Section 504) and State law. Contact the Special Education Director to inquire about evaluation procedures, programs, and services.

## **HOMELESS STUDENTS**

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by the District. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in gifted and talented programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack of proof of residency. For additional information contact the liaison for Homeless Students, Mr. Robinson, 419-492-2864 in the superintendent's office.

## **PROTECTION AND PRIVACY OF STUDENT RECORDS**

The School District maintains many student records including both directory information and confidential information.

Directory information includes:

## **STUDENT RECORDS**

In order to provide appropriate educational services and programming, the Board of Education must collect, retain, and use information about individual students. Simultaneously, the Board recognizes the need to safeguard students' privacy and restrict access to students' personally identifiable information. The Federal Educational Rights and Privacy Act (FERPA) is a federal law that governs the access to educational information and records. Education records are defined as those records that are directly related to a student, and maintained by the district or by a party acting for the district.

Student "personally identifiable information" includes, but is not limited to: the student's name; the name of the student's parent or other family members; the address of the student or student's family; a personal identifier, such as the student's social security number, student number, or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the District reasonably believes knows the identity of the student to whom the education record relates.

The Board is responsible for the records of all students who attend or have attended schools in this District. Only records mandated by the State or Federal government and/or necessary and relevant to the function of the School District or specifically permitted by this Board will be compiled by Board employees.

In all cases, permitted, narrative information in student records shall be objectively based on the personal observation or knowledge of the originator.

Student records shall be available only to students and their parents, eligible students, designated school officials who have a legitimate interest in the information, or to other individuals or organizations as permitted by law. The term "parents" includes a parent of a student, including the natural parent, legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child). The term "eligible student" refers to a student who is eighteen (18) years of age or older, or a student of any age who is enrolled in a post-secondary institution.

Both parents shall have equal access to student records unless stipulated otherwise by court order or law. In the case of eligible students, parents may be allowed access to the records without the student's consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

A school official is a person employed by the Board as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; a person or company with whom the Board has contracted to perform a special task (such as an attorney, auditor, or medical consultant); a contractor, consultant, volunteer or other party to whom the Board has outsourced a service otherwise performed by Board employees (e.g. a therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers).

"Legitimate educational interest" is defined as a "direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the District" or if the record is necessary in order for the school official to perform an administrative, supervisory, or instructional task or to perform a service or benefit for the student or the student's family. The Board directs that reasonable and appropriate methods (including but not limited to physical and/or technological access controls) are utilized to control access to student records and to make certain that school officials obtain access to only those education records in which they have legitimate educational interest.

The Board authorizes the administration to:

- A. forward student records, including disciplinary records with respect to suspensions and expulsions, upon request to a private or public school or school district in which a student of this District is enrolled, seeks or intends to enroll, or is instructed to enroll, on a full-time or part-time basis, upon condition that:
1. a reasonable attempt is made to notify the student's parent or eligible student of the transfer (unless the disclosure is initiated by the parent or eligible student; or the Board's annual notification - [Form 8330 F9](#) - includes a notice that the Board will forward education records to other agencies or institutions that have requested the records and in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer);
  2. the parent or eligible student, upon request, receives a copy of the record; and
  3. the parent or eligible student, upon request, has an opportunity for a hearing to challenge the content of the record;
- B. provide "personally-identifiable" information to appropriate parties, including parents of eligible students, whose knowledge of the information is necessary to protect the health or safety of the student or other individuals, if there is an articulable and significant threat to the health or safety of a student or other individuals, considering the totality of the circumstances;
- C. report a crime committed by a child to appropriate authorities, and, with respect to reporting a crime committed by a student with a disability, to transmit copies of the student's special education and disciplinary records to the authorities for their consideration;
- D. release de-identified records and information in accordance with Federal regulations;
- E. disclose personally identifiable information from education records, without consent, to organizations conducting studies "for, or on behalf of" the District for purposes of developing, validating or administering predictive tests, administering student aid programs, or improving instruction;

Information disclosed under this exception must be protected so that students and parents cannot be personally identified by anyone other than a representative of the organization conducting the study, and must be destroyed when no longer needed for the study. In order to release information under this provision, the District will enter into a written

agreement with the recipient organization that specifies the purpose of the study. (See Form 8330 F14.)

This written agreement must include: (1) specification of the purpose, scope, duration of the study, and the information to be disclosed; (2) a statement requiring the organization to use the personally identifiable information only to meet the purpose of the study; (3) a statement requiring the organization to prohibit personal identification of parents and students by anyone other than a representative of the organization with legitimate interests; and (4) a requirement that the organization destroy all personally identifiable information when it is no longer needed for the study, along with a specific time period in which the information must be destroyed.

While the disclosure of personally identifiable information without consent is allowed under this exception, it is recommended that whenever possible the administration either releases de-identified information or removes the students' names and social security identification numbers to reduce the risk of unauthorized disclosure of personally identifiable information.

- F. disclose personally identifiable information from education records without consent, to authorized representatives of the Comptroller General, the Attorney General, and the Secretary of Education, as well as state and local educational authorities. The disclosed records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with federal requirements related to those education programs. A written agreement between the parties is required under this exception. (See [Form 8330 F16](#))

The District will verify that the authorized representative complies with FERPA regulations.

- G. request each person or party requesting access to a student's record to abide by Federal regulations and State laws concerning the disclosure of information.

The Board will comply with a legitimate request for access to a student's records within a reasonable period of time but not more than forty-five (45) days after receiving the request or within such a shorter period as may be applicable to students with disabilities. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, or otherwise restricted, and the viewer may be charged a fee equivalent to the cost of handling and reproduction. Based upon reasonable requests, viewers of education records will receive explanation and interpretation of the records.

The Board shall maintain a record of each request for access and each disclosure of personally identifiable information. Such disclosure records will indicate the student, person viewing the record, their legitimate interest in the information, information disclosed, date of disclosure, and date parental/eligible student consent was obtained (if required).

Only "directory information" regarding a student shall be released to any person or party, other than the student or his/her parent, without the written consent of the parent; or, if the student is an eligible student,

without the written consent of the student, except to those persons or parties stipulated by the Board's policy and administrative guidelines and/or those specified in the law.

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all "directory information" upon written notification to the Board within ten (10) days after receipt of the Superintendent's annual public notice. For further information about the items included within the category of directory information and instructions on how to prohibit its release you may consult the Board's annual *Family Education Rights and Privacy Act* (FERPA) notice which can be found by contacting the superintendent's office 419-492-2864.

Other than directory information, access to all other student records is protected by FERPA and Ohio law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age. The Board will provide access or release directory information to armed forces recruiters unless the parent or student requests that prior written consent be obtained. See Form 8330 F13.

Education records include, but are not limited to, test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to the high school principal. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of his/her right to a hearing on the matter.

## **SURVEYS**

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or the student's parents;

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student; any instrument used by the district to collect personal information for the purpose of marketing or sale, before the instrument is administered or distributed to a student; and instructional material, excluding academic tests or academic assessments, used as part of the educational curriculum. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the principal.

The Superintendent will notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose); and
- B. the administration of any survey by a third party that contains one or more of the items described in A through H above.
- C. Any non-emergency, invasive physical examination or screening required by the district as a condition of attendance, administered by the school and scheduled in advance, and that is not necessary to protect the immediate health and safety of a student.

Students can avoid late fines by promptly returning borrowed materials.

Students may also bring their own lunch to school to be eaten in the School's cafeteria. Drinks containing caffeine & sugar are discouraged. No student may leave school premises during the lunch period without specific written permission from the Principal. Lunch menus are sent home with students. Some students may qualify for a free or reduced rate lunch and breakfast. Families will be required to fill out free and reduced lunch forms to receive this. You may prepay your child's lunch account by sending a check payable to the school. There will be no charging of ala carte items. Please note any account credits at the end of the school year will automatically transfer to the next school year. Students may not bring visitors to school without prior written permission from the Principal.

### **ELECTRONIC SURVEILLANCE**

In an effort to promote school safety issues, the Buckeye Central Local Schools utilize surveillance cameras throughout the school grounds. These cameras will be utilized as determined by the administration for issues involving theft, discipline and other areas deemed necessary. The use of this equipment will help maintain the proper use of our building.

### **FIRE, TORNADO, AND SAFETY DRILLS**

The School complies with all fire safety laws and will conduct fire drills in accordance with State law. The School conducts tornado drills during the tornado season following procedures prescribed by the State. The alarm system for tornadoes consists of a PA announcement/air horn. Teachers will provide specific instructions on how to proceed in the case of fire or tornado and will oversee the safe, prompt, and orderly evacuation of the building in such cases.

The School will comply with all Safety Drills laws and will conduct Safety Drills in accordance with state law. Teachers will provide specific instruction on the appropriate procedures to follow in situations where students must be secured in their building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property, or other acts of violence.

### **EMERGENCY CLOSING AND DELAYS**

If the School must be closed or the opening is delayed because of inclement weather or other conditions, the School will notify parents of the school closing via an instant alert system.

Parents and students are responsible for knowing about emergency closings and delays.

Students are responsible for the proper use and protection of any equipment or facility they are permitted to use.

### **LOST AND FOUND**

The lost and found area is outside the High School office. Students who have lost items should check there and may retrieve their items if they give a proper description. Unclaimed items will be given to charity at the end of the second semester and close of the school year.

### **TELECOMMUNICATION DEVICES**

School or personal phones/devices may not be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call.

School telephones are available in the school for students to use when deemed necessary. Students are not to use telephones to call parents to receive permission to leave school. Office personnel will initiate all calls on behalf of a student seeking permission to leave school.

### **USE OF WIRELESS COMMUNICATION DEVICES**

Refer to the Acceptable Use Policy signed by students and parents to begin the school year. **Students are required to follow the rules as stated in the Authorized User Policy for technology use signed by the student and parent.**

Buckeye Central is a one-to-one school and all students are provided a Chromebook; therefore, students are asked to leave their cell phones in their lockers during instructional hours (8:00am - 3:00 pm). Cell phones will be taken from students if they are misused. The first time, the phone is confiscated and will be returned to the student at the end of the day. The second time, it will be given to the principal and returned at the end of the day. If there is a third offense, the parent or guardian will need to pick up the cell phone from the principal.

Students are not to text or call parents to ask them to come pick them up if ill. Students are to report to the office/clinic for evaluation if ill.

“Sexting” is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging.

Such conduct not only is potentially dangerous for the involved students, but also can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

### **ACCESS ISSUES**

The school district reserves the right to monitor, to access, to inspect, to intercept, and to take appropriate action with respect to all computer resources and communications. The school district also reserves the right to search and seize computer resources used by students, such as computers, flash drives, electronic mail messages, Internet materials, etc. The search will be conducted at the discretion of the school district, and the systems administrator may be involved in all searches. Please visit the Buckeye Central website for the complete acceptable use policy and review within final forms.

Students may not post announcements or advertisements for outside activities without receiving prior approval from the proper administrative/supervisory personnel. The proper personnel will attempt to respond to a request for approval in a timely fashion.

## **SECTION II - ACADEMICS**

### **FIELD TRIPS**

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the School's co-curricular and extracurricular program. No minor student may participate in any school-sponsored trip without parental consent and a current emergency medical form on file in the office. Medications normally administered at school will be administered while on field trips. The Student Code of Conduct applies to all field trips.

Attendance rules apply to all field trips. While the District encourages students to participate in field trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend. Students who violate school rules may lose the privilege to go on field trips.

### **GRADES**

Buckeye Central High School is working toward reporting grades based on mastery of specific standards outlined by the Ohio Department of Education. Grades indicate the extent to which the student has acquired and demonstrated the necessary learning.

**The Buckeye Central High School uses the following grade scales:**

5 - 8 Grades:

90 - 100	A - Excellent achievement
80 - 89	B - Good achievement
70 - 79	C - Satisfactory achievement
60 - 69	D - Minimum-Acceptable achievement
0 - 59	F - Not Passing
	I - Incomplete

## P - Acceptable achievement

Buckeye Central has a standard grading procedure, as well as additional notations that indicate work in progress or incomplete work. Grades indicate the extent to which the student has acquired and demonstrated the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas when determining a grade and will so inform the students at the beginning of the course. If a student is not sure how his/her grade will be determined, they should ask the teacher.

Weighted courses are given the following additional weight .05 and .075 for Trig/Pre-Calculus and Calculus. Refer to the Course booklet for additional information regarding GPA and credit information.

Grades are updated by staff and can be viewed at <https://parentaccess.noeca.org> or by going to the BC web-page and linking to the Progress Book site.

### GRADING PERIODS

Students will receive a report card at the end of each 9-week period indicating their grades for each course of study for that portion of the academic term. When a student appears to be at risk of failure, reasonable efforts will be made to notify the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

### GRADUATION REQUIREMENTS

#### Regular Diploma

Normally, students will complete graduation requirements in four (4) years. In order to receive a diploma and graduate, a student must pass all assessment tests required by the Ohio Department of Education (ODE) for graduation, meet the school requirements for basic course-work, and earn the total number of minimum credits. For students enrolled in special education, the criteria for graduation and the extent of participation in the State-mandated assessment tests will be determined by their IEP team.

Specific course requirements are:

English	4 credits
Health	.5 credit
Phys. Ed.	.5 credit or taking the PE Sports Option (contact the school counselor's office for details)
Mathematics	4 credits
Science	3 credits
Social Studies	3 credits
Electives	6 credits
Total	21 credits

Credit will be earned by:

- A. completing coursework
- B. pursuing one or more educational options in accordance with the District's Credit Flexibility Program or College Credit Plus Program.

**Ohio Department of Education's Graduation Requirements 2023 and Beyond:**

Students in the classes of 2023 and beyond (those who entered grade 9 on or after July 1, 2019) are now required to meet a new set of graduation requirements. These new graduation requirements can be found at:

<https://education.ohio.gov/Topics/Ohio-s-Graduation-Requirements/Ohio%E2%80%99s-Graduation-Requirements>

---

**Credit Requirements**

Ohio requires students to take and complete a minimum of 20 required credits.	State Minimum
English language arts	4 units
Health	½ unit
Mathematics	4 units
Physical education	½ unit
Science	3 units
Social studies	3 units
Electives	5 units
Additional credits, if any, in district requirements	
Other Requirements	
Economics and financial literacy	
Fine arts	

**AND CONSIST OF THE FOLLOWING THREE:**

1. Ohio's new graduation requirements consist of three key components: 1. Course Completion: Students will satisfy Ohio's curriculum requirements and any additional local requirements. Students will complete the state minimum 20 units, with specific units required in each content area.

2. Demonstrating Competency: Students will demonstrate competency in the foundational areas of English language arts and mathematics or through alternative demonstrations, which include College Credit Plus, career-focused activities or military enlistment.

3. Readiness Demonstration: Students will demonstrate readiness for their post-high school paths by earning two seals that allow them to demonstrate important foundational and well-rounded academic and technical knowledge, professional skills, social and emotional competencies, and leadership and reasoning skills.

### **More information**

1 Mathematics – Students must earn four mathematics units, which must include one unit of Algebra 2 or the equivalent of Algebra 2. Exceptions: Algebra 2 or Advanced Computer science are not required for students following career-technical education pathways. However, students still need four units in mathematics. A student may choose to apply one unit of Advanced Computer Science to satisfy one unit of Algebra 2 or equivalent. Districts also may use credit in a computer science course approved by the Department to satisfy a student's mathematics credit. See the Department's Computer Science Guidance Document for more information. See Ohio's High School Mathematics Pathways webpage for a list of some courses that are considered equivalent to Algebra 2.

Notes: Curriculum Choice expired with the class of 2019 and is no longer an available option for students. Postsecondary institutions may require algebra II, or its equivalent, for college admission.

2 Physical education – School districts may adopt policies that would exempt students who participate in interscholastic athletics, marching band or cheerleading for two full seasons or an approved Junior Reserve Officer Training Corps (JROTC) program for two years from the physical education requirement. Starting with the 2019-2020 school year, districts may include show choir as a permissible activity as part of the PE Waiver policy. Students satisfying the physical education waiver must take another course of study of at least 60 hours of instruction (1/2 unit).

3 Science – Science units must include one unit of physical sciences, one unit of life sciences and one unit of advanced study in one or more of the following sciences: chemistry, physics or other physical science; advanced biology or other life science; astronomy, physical geology or other earth or space science. A student can choose to apply one credit in advanced computer science to satisfy one unit of advanced science (excluding biology or life sciences). Here is a link to the Computer Science Guidance Document.

4 Social studies – Students must include ½ unit of American history, ½ unit of American government, and ½ unit in world history and civilizations (for students in the classes of 2021 and beyond) in the three required social studies units.

5 Elective credits – Elective units must include one or any combination of world language, fine arts, business, career-technical education, family and consumer sciences, technology, agricultural education or English language arts, mathematics, science or social studies courses not otherwise required.

Note: While not a state requirement for graduation, many four-year colleges and universities require a minimum of two years of sequential world language study at the secondary level as a college admissions requirement. This is the case for many in-state and out-of-state colleges and universities.

6 Financial Literacy – Students that entered 9th grade before July 1st, 2022  
Ohio law requires students that entered 9th grade before July 1, 2022 to receive instruction in financial literacy as part of the high school graduation requirements. However, it is up to local districts to determine how to best meet the needs of their students. For example, the financial literacy content may be incorporated into another course, or some districts may require students to take a standalone financial literacy course for a half credit that can meet either a graduation requirement for social studies or an elective.

Students entering 9th grade on or after July 1, 2022

Beginning with students who begin 9th grade after July 1, 2022, students will be required to receive ½ credit of financial literacy to graduate. Readers can find more details on this requirement on the Financial Literacy in High School page and the Financial Literacy Requirements Frequently Asked Questions page.

## GRADE POINT AVERAGES (G.P.A.)

Grade Point Averages and Class Rank are very important when applying for scholarships and colleges. These are figured at the end of each semester. Students will have two different G.P.A. scales. The first scale will be the traditional 4.0 scale and this will be used for colleges and universities that require reporting from a 4.0 scale. The second scale will be an “Add-On System”. The “Add-On System” will be used to determine the class Valedictorian and Salutatorian. It will also be used to determine class rank for some scholarship competitions. Students who take certain courses that are marked “Add-On Course” in this booklet, will receive an additional .05 (.025 per semester) (Trig/Beginning Calculus - .075). If a student receives a grade of D or F in the course, they do not receive the “Add-On”. Courses taken through the Post-Secondary Options Program or via the Internet must be approved by the Principal before any credit is awarded. **ADD-ON CREDIT IS ONLY APPLIED TO DESIGNATED BUCKEYE CENTRAL AND PIONEER COURSES.** Make sure you check with the school counselor before you sign up for any of these courses.

It is the student's responsibility to maintain contact with his/her counselor to ensure that his/her graduation requirements are being met. The requirements set forth are determined by the Department of Education and may change. If a change occurs, students will be notified by the school counselor.

### **EARLY GRADUATION**

Students who wish to apply for early graduation should apply to the high school principal. Early graduation will be permitted if the student fulfills the graduation requirements and conditions for graduation. Students who choose early graduation may participate in the graduation ceremonies of their designated class.

### **COLLEGE CREDIT PLUS ENROLLMENT**

Any student in grades 7 through 12 may enroll in a College Credit Plus program provided they meet the requirements established by law and by the college/university. A student will be denied high school credit for any portions of or for the entire class if taken during a period of expulsion. Student participation requires written consent of the parents and attendance in counseling services/meetings offered with this educational option. Any interested students should contact the school counselor to obtain the necessary information.

### **HOMEWORK**

Homework may be assigned. Homework can be part of the student's preparation for the assessment tests and graduation.

### **TRANSMISSION OF RECORDS AND OTHER COMMUNICATIONS**

Parents/Guardians have to complete and return to the District Form 8330 F4a in order to authorize the staff to communicate with the parent/guardian via facsimile and/or electronic mail ("email"). Parents who elect to communicate with a staff member via e-mail are required to keep the District informed of any changes to their email address.

### **STUDENT ASSESSMENT**

Unless exempted, each student must pass any State-mandated assessment test(s) required for graduation. Additional group assessments are given to students to monitor progress and determine educational mastery levels. These help the staff determine instructional needs.

Classroom tests are given to assess student progress and assign grades. These are selected or prepared by teachers to assess student achievement on specific objectives.

Career and interest surveys may be given to identify particular areas of student interests or talent. These are often given by the school counselor.

College entrance testing information can be obtained from the school counselor's office.

### **PUBLIC SCHOOL CHOICE OPTIONS**

Every Student Succeeds Act (ESSA) replaced No Child Left Behind Act of 2001 but still provides that parents/guardians of students enrolled in a Title I school in the District the first year following the building's identification as being in "School Improvement" have the right to transfer their children to another school in the District, provided there is a school that provides instruction at the students' grade level(s) and such school has not been identified as being in the process of school improvement, corrective action, or restructuring. However, if there is not another school in the District offering instruction at the students' grade level(s) that has not been identified as needing improvement, the Superintendent will contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Supplemental Education Services (SES) will also be offered to students in any school no later than the first year following the building's identification as being in "School Improvement", regardless of whether a transfer option is available.

Additionally, if a school within the District has been designated as "persistently dangerous" as defined by State law, students have the right to transfer to another "safe" school in the District. If there is not another "safe" school in the District providing instruction at the students' grade level(s), the Superintendent shall contact neighboring districts and request that they permit students to transfer to a school in one of those districts. Further, if a student is a victim of a violent crime on school property, they also have the right to transfer to another school in the District. If there is not another school in the District providing instruction at the student's grade level, the Superintendent shall contact neighboring districts and request that they permit that student to transfer to a school in one of those districts providing instruction at the student's grade level.

## **SECTION III - STUDENT ACTIVITIES**

### **SCHOOL-SPONSORED CLUBS AND ACTIVITIES**

Buckeye Central provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be taken for credit, required for a particular course, and/or contain school subject matter.

Extra-curricular activities do not reflect the school curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy 5610.05.

### **NON-SCHOOL SPONSORED CLUBS AND ACTIVITIES**

Non-school sponsored student groups may meet in the school building during non-instructional hours. The application for permission to use school facilities can be obtained from the Board Office. The applicant must verify that the activity is being initiated by students, that attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities, and that non-school persons do not play a regular role in the meeting. All school rules relating to student conduct and equal opportunity to participate apply to such activities.

No non-district-sponsored organization may use the name of the school or school mascot on any materials or information.

## **ATHLETICS**

Buckeye Central provides a variety of athletic activities in which students may participate provided they meet eligibility requirements established by the Board and by the Ohio High School Athletic Association (OHSAA). Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights in accordance with Board Policy 5610.05.

## **ACADEMIC ELIGIBILITY**

The Board of Education recognizes the value to the students of the District and to the community of a program of interscholastic athletics for both boys and girls as an integral part of the total school experience.

The program should foster the growth of school loyalty within the student body as a whole and stimulate community interest in athletics.

The game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that which can be offered by a school or the School District alone. It should also offer an opportunity for career and educational development.

For purposes of this policy, the program of interscholastic athletics shall include all activities relating to competitive sport contests, games, events, or sport exhibitions involving individual students or teams of students of this District with those of another District.

The Board shall approve annually a program of interscholastic athletics.

The Board shall determine the standards of eligibility to be met by all students participating in the interscholastic program. Such standards shall require that each student be in good physical condition, be free of injury, and have fully recovered from illness before participating in any interscholastic athletic event. In addition to the eligibility requirements established by the Ohio High School Athletic Association, to be eligible for any interscholastic extracurricular activity, a student:

- A. must have maintained at least a 1.5 grade-point average;
- B. must not be failing more than one (1) course for the grading period prior to the grading period in which they wish to participate.

In order to maintain eligibility for grades 7-12, a student must not be failing more than one (1) course for the preceding grading period and have at least five (5) full credits of passing grades.

An exception may be made by the principal if the student has been participating in an intervention program (study table) and has shown satisfactory progress toward achieving the minimum grade-point average of 1.5 and cannot drop below 1.0.

If a student who becomes ineligible under these standards improves his/her grade point average during the current grading period to meet the eligibility standard, they may be reinstated at the beginning of the next grading period.

These same eligibility standards shall apply to all other co-curricular and extracurricular activities sponsored by the District. (See Policy [2430](#).)

Students identified as disabled under R.C. 3323 and the IDEA are subject to the eligibility standards established by this policy unless specifically exempted by the express terms of their individualized education program (IEP). An IEP can specify the criteria by which a grade will be determined for [a] course[s], given the individualized student's disability.

The Board further adopts those eligibility standards set by the Constitution of the Ohio High School Athletic Association (OHSAA) and shall review such standards annually to ascertain that they continue to be in conformity with the objectives of this Board.

No student shall be excused from a class or supervised study for an extended period of time to participate in interscholastic athletics.

The Board further directs that only those students may participate in the program of interscholastic athletics who have:

- A. maintained a satisfactory academic record;
- B. attended school regularly;
- C. demonstrated good citizenship and responsibility.

In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainers, and lay coaches shall not dispense, supply, recommend, or permit the use of any drug, medication, or food supplement solely for performance-enhancing purposes. The Superintendent shall cause to be posted in all locker rooms in buildings that include students in any grade higher than the sixth grade, the following:

"Warning: Improper use of anabolic steroids may cause serious or fatal health problems, such as heart disease, stroke, cancer, growth deformities, infertility, personality changes, severe acne, and baldness. Possession, sale, or use of anabolic steroids without a valid prescription is a crime punishable by a fine and imprisonment."

The Superintendent shall develop appropriate administrative guidelines for the operation of the Athletic Program and a Code of Conduct for those who participate.

The Superintendent is also to develop guidelines for ensuring that sportsmanship, ethics, and integrity characterize the manner in which the athletic program is conducted and the actions of students who participate.

Students will be further informed that participation in interscholastic sports is a privilege and not a right, and that they may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights (See Policy 5610.05 - Prohibition from Extra-Curricular Activities).

### **National Honor Society**

Buckeye Central High School is a member of the National Honor Society of Schools and abides by the rules set forth for membership as determined by the national chapter. Membership is based on scholarship, service, leadership and character. In order to be a member of NHS at BCHS, a student must have a 3.5 weighted GPA, at least a C average for each semester during their high school career, be at least a junior in high school and be selected by a committee of faculty members. All prospective members receive a letter at the conclusion of the school year explaining the requirements for membership.

## **STUDENT EMPLOYMENT**

It is recommended that students not take jobs outside of school that could interfere with their success in school. If a student elects to maintain a job in addition to going to school, they must first contact his/her counselor to discuss any legal requirements and to obtain any required documents. Work permits are available in the high school office from the school secretary.

### **STUDENT ATTENDANCE AT SCHOOL EVENTS**

Students are encouraged to attend as many after-school events as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students participating in the event.

### **STUDENT PRECINCT WORKERS**

In conjunction with the County Board of Elections, the Board of Education will permit high school students to apply and, if appointed by the Board of Election, to serve as precinct officers at a primary, special, or general election.

To be eligible, a student shall be:

- A. a United States citizen;
- B. a resident of the county;
- C. at least seventeen (17) years of age
- D. enrolled in the senior year of high school

As part of the application process, the student shall declare his/her political party affiliation with the Board of Election. Any student selected shall be excused from school on the day of an election at which the student is serving as a precinct officer.

### **Student Drug Test Policy**

#### **5530.02 – DRUG TESTING OF STUDENTS**

The Board of Education Drug Testing Policy is formed to assist in the promotion of safe, healthy, drug-free lifestyles for our students and deter student use of alcohol and illicit drugs. This policy reflects the Board's and community's strong commitment to establish a truly drug and alcohol free school program. High school students (9-12) who voluntarily participate in athletics, co-curricular/extra-curricular activities, and student drivers will be included within the testing pool. Additionally, other students may volunteer to be tested for inclusion in the testing pool with consent from their parents.

#### **PURPOSE OF THIS POLICY SHALL BE:**

1. To provide a healthy and safe environment to all students participating in the athletic and co-curricular/extra-curricular programs, as well as, student drivers.
2. To discourage all students from using drugs and alcohol.
  - a. Students will assume all responsibility for regulating their personal lives in ways that will result in their becoming healthful members of a team and worthy representatives of the school and community.
3. To provide students with the opportunity to become leaders in the student body for a drug free school.
4. To provide solutions for the student who does use drugs and alcohol.
5. To provide the school with positive guidelines and disciplinary policies for violations of the drug free policy.
6. To encourage those students who participate in athletic, co-curricular/extra-curricular programs and those who drive to school to remain drug and alcohol free.

The program does not affect the current policies, practices, or rights of the District regarding student drug and/or alcohol possession or use, where reasonable suspicion is established by means other than drug testing through this policy.

Students involved in athletic and/or co-curricular/extra-curricular activities and student drivers need to be exemplary in the eyes of the community and other students. The drug testing and education policy is designed to create a safe, drug/alcohol free environment for students and assist them in getting help when needed. Although students risk the loss of continued participation in athletic and/or co-curricular/extra-curricular activities or may lose the privilege to drive to school, no student shall be suspended or expelled from school as a result of any certified "positive" test conducted by the District under this program.

No student will be penalized academically for testing positive for banned substances. The results of drug tests will not be documented in any student's academic record.

Any student in grades nine (9) through twelve (12) and his/her parent(s) or legal guardian(s) must first sign a drug testing registration/consent form in order to be eligible to participate in any one (1) or combination of the following:

- A. drive a motorized vehicle to school
- B. athletics
- C. co-curricular/extra-curricular activities other than athletics

## TESTING PROTOCOLS

### 1. TEAM/ACTIVITY TESTING

At the beginning of each school year (August 1) and/or season (Fall, Winter, Spring), all student-athletes, students participating in co-curricular/extra-curricular activities and student drivers will become members of the testing pool and will be required to participate in the random drug and alcohol testing. The collection process will take place on school property or at a Board of Education approved testing facility. The Head Coach or Activity Advisor is responsible for ensuring that all eligible students and their parent/ guardian/ custodian properly sign the INFORMED CONSENT AGREEMENT prior to testing.

### 2. RANDOM TESTING

In-session random testing shall be done throughout the school year/seasons. A student may be tested more than once per school year/season. In the event of a positive result, the specimen will be sent to a laboratory for confirmation of results and a certified Medical Review Officer will determine the results.

#### a. Random selection of student athletes/participants:

The Principal will make all final decisions regarding any drug testing issues within his/her building. The Athletic Director, under the Principal's supervision, will use a system to ensure that eligible students are selected in a random fashion. This system may include computer generated random numbers or names or by pulling numbers from a pool of numbers equal to the number of eligible students. Due to the random nature of the process, students may be tested more than once per season and/or school year.

#### b. Scheduling of random testing:

Random testing will be unannounced. The frequency and percentage of students tested each time will be determined by the Principal/designee. Random testing may be done as often as weekly.

### 4. “OPT-IN” STUDENT DRUG TESTING

Parents/Guardians/Custodians that have students who are not involved in athletics, co-curricular/extra-curricular activities or do not drive to school may have their student(s) participate in the drug testing program at the expense of the District. Interested parents/ guardians/custodians should contact the Principal for additional information.

## 5. REFUSAL TO TEST

Refusal to submit to a team/activity or random test will constitute a violation of the drug testing policy and will be treated as a positive test result. In this situation, the student will be held to the standards set forth in the Administrative Policy - Drug Testing of Students 5530b.

Buckeye Central Local School District  
Administrative Guidelines

### 5530b – DRUG TESTING OF STUDENTS

In accordance with Buckeye Central “Policy” 5530.02 – Drug Testing of Students, the following Administrative Guidelines apply:

#### 1. COLLECTION PROCESS (Urine Screens) Other testing types may apply.

The student will be notified to report to the collection site. A specimen from the student will be collected in accordance with industry standards.

All students must have a picture ID or be identified by the Athletic Director or Principal. No exceptions will be allowed. Drug testing area must be secured during the testing.

Only lab technicians, designated school administrators and involved students will be allowed in the testing area. Privacy is foremost and must be kept for all students.

The Athletic Director is responsible for ensuring that all of the forms are completed and signed by both parent/guardian/custodian and student. No student is to enter the collection site until forms are completed and proper ID presented.

When students arrive and cannot give a sample, they will be asked to start drinking water or juice. No personal bags, backpacks, purses, cups, containers or drinks will be allowed to enter the collection area. All coats, vests, jackets, sweaters, hats, scarves or baggy clothing must be removed before entering the collection site. Only pants and t-shirts or dresses may be worn in the collection area. Any infringement of the rules will result in the student taking the test over.

Students processed by the lab technician who cannot produce a sample will be kept in a secured area to wait until they can test. If they leave this area they will not be allowed to test. They are not to have contact with anyone until after the sample is given.

Students will be asked to urinate directly into the collection cup given to them by the lab personnel.

Any and all adulterations of the specimen will be detected and considered the same as a test refusal or 1st time infraction. (The lab checks every sample for adulteration, such as additives you drink or add to urine to change the sample.)

Adulterations: We will treat adulterations and diluted samples as first time offenses. They are not called

positives but have the same consequences. A retest will be required within 24 hours.

Any suspicion of tampering with the sample will be brought to the tester's attention. The sample will be screened or sent to the lab for immediate confirmation of tampering.

The sample must be taken in one attempt and be at least 30 ml in size. The student must hand the cup to the lab technician.

Students are not to flush the toilets or urinals. In the event that a student flushes the toilet he or she will be required to give a new sample immediately or the sample will be invalid.

With student watching, the lab technician will recap the sample and hand it to the student who must then return it to the intake technician. In the event that the student does not hand the cup directly to the intake technician, the sample is invalid and a new sample must be taken. If the student leaves the collection area or has contact with anyone, the sample will be invalid and the student will have to give another sample.

This collection procedure is subject to change because of procedural requirements by the testing agency. The School Board reserves the right to change the collection procedure to coincide with the testing guidelines set forth by the testing agency.

When using rapid screens, all non-negative screens will be sent out with a chain of custody to a certified laboratory for confirmation. A Certified Medical Review Officer will verify the positive test.

Any student that tests positive will have to be tested weekly for the term of a 5-week program with drug counseling at the expense of the student and or parent. Testing will be done by Great Lakes Biomedical only so long as this is the company the school selects.

## 2. RESULTS OF A POSITIVE TEST

The Medical Review Officer will review all “non-negative” tests or suspected adulterations.

Depending on the substances found in the specimen, the parent/guardian/custodian will be contacted to determine if the student is taking any prescribed medication from a physician.

If the student is taking medication, the parent/guardian/custodian will be asked to obtain a letter within five (5) school days from the prescribing physician verifying the medication. Failure to provide such requested information will be considered a positive result.

The Medical Review Officer will then determine if any of the prescribed medications resulted in a positive drug screen

The Medical Review Officer may use quantitative results to determine if the positive results on repeat testing indicate recent use of illicit or banned substances or the natural decline of levels of illicit or banned substances from the body. If the Medical Review Officer believes the quantitative levels determined to be above the established cutoffs do not reflect current use but natural decay, then a negative result may be reported.

Finally, the Medical Review Officer, based upon the information given, will certify the drug results as positive or negative. Positive results will be reported to the principal/designee by telephone.

The principal/designee, within 24 business hours of receiving the test results from the drug testing company, will attempt to notify the parent/guardian/custodian (first and preferably by telephone) of the positive results. Once the parent/guardian/custodian is notified, the student will then be informed of the positive results. The principal/designee will then provide a written notification to the parent/guardian/custodian regarding all pertinent details of the incident within a reasonable time frame.

If the parent/guardian/custodian or student wishes to contest the results, the drug testing company will arrange for a retest of the specimen to be submitted to either the same laboratory or a different laboratory (if requested by the parent/guardian/custodian) approved by the Principal/designee. The parent/guardian/custodian or student must pay for this expense. Such a request must be made to the principal/designee in writing five (5) school days from the first notification of the positive test results.

NOTE: Consequences for violations of the Drug Testing Policy are immediate and cannot be delayed due to contesting the drug testing results

### **3. IF A POSITIVE TEST OCCURS:**

#### **FIRST VIOLATION**

For the first positive result, the student-athlete will be given the option of:

- A) The student will be required to complete a drug education class designed for chemical dependency. The parent/guardian/custodian is responsible for all expenses and for providing the Athletic Department with documentation that the athlete completed all recommendations of the counselor. The student athlete will also be restricted from any leadership role for the extent of the suspension. The student athlete will also be placed into the non-randomized drug testing pool for the subsequent three tests or the remainder of the year (whichever is longer).

The student will be denied participation for 20% of the sports season or activity period. The student will be denied participation in the current season, activity period, with any remaining percentage of the denial of participation applied to the next season, activity period, if needed. The parent/guardian/custodian and student will meet with the Athletic Director, the coach or advisor, and a building administrator to determine reinstatement date.

AND

- B) The student will be denied twenty (20) school days of driving/parking privileges

OR

- C) Denial of participation for the remainder of the current season, activity period and for that year. Loss of driving/parking privileges for the remainder of the school year.

#### **SECOND VIOLATION**

- A) The student is denied participation in 40% of the sports season or activity period. The student will be denied participation in the current season, activity period, with any remaining percentage of the denial of participation applied to the next season, activity period, if needed. The parent/guardian/custodian and student will meet with the Athletic Director, the coach or advisor, and a building administrator to determine reinstatement date. The student will complete a program recommended by a certified substance abuse counselor (started with two weeks of official failure notice). The student athlete will also be restricted from any leadership role for the extent of the suspension. The student athlete will also be placed into the non-randomized drug testing pool for one calendar (365 days) year.

AND

- B) The student will lose driving/parking privileges for forty-five (45) days from the official notice of failure.

OR

- C) Denial of participation for one calendar (365 days) year. Loss of driving/parking privileges for one calendar (365 days) year.

### THIRD VIOLATION

- A) The student is denied participation from all activities for one calendar (365 days) year from the official notice of failure. The student will lose any leadership role for one calendar (365 days) year. Student will remain in the non-randomized testing pool for the remainder of his/her career.

OR

- B) Denial of participation for the remainder of their career. Loss of driving/parking privileges for one calendar (365 days) year.

### FOURTH VIOLATION

- A) Student athlete is suspended from all activities and leadership roles indefinitely. Student will lose driving privileges indefinitely.

**Violations are cumulative throughout the student's secondary (9-12) school career.**

## **4. SELF REFERRAL**

An athlete, participant may self-refer himself/herself, which may be done only once in 4 years. A self-referral can only happen before testing company arrives to either Buckeye Central or Pioneer (whichever is first). Self referral will result in 0% athletic activity denied and will include student athlete in non-randomized testing pool for the remainder of the school year or three tests whichever is longer. If student uses self referral and then fails a subsequent test the student will go to the next level of discipline. Student athlete must also complete a drug awareness or substance abuse program at athletes or custodians expense.

## **5. HARDSHIP ARBITRATION**

The school will create a non-biased five (5) member athletic council (I.E. AD, Principal, 2 coaches <Metzger, Betts>, non-custodial student advocate <school counselor>) to hear and create a discipline plan for a student athlete that falls into a unique situation the policy does not allow for. Student athlete must submit in writing a request for action by said committee within five days of receiving official notice of failure. The committee does not need to meet and hear all submissions rather only those submissions the committee feels needs addressed.

## **SECTION IV - STUDENT CONDUCT**

### **SCHOOL ATTENDANCE POLICY**

Regular attendance is a significant student responsibility at all grade levels. Regular attendance means that the academic learning process is not interrupted, less time is spent on make-up assignments, and students benefit from participation and interaction with others in class. Many important lessons are learned through active participation in classroom and other school activities that cannot be replaced by individual study.

If a student is absent from school the parent should attempt to call the school by 8:15 in the morning of the absence. If a school is not contacted the school will contact the parent via a phone call.

For all absences, a written note or phone call (placed or received) must be made to the office. In this communication, please provide the student's name, the date, the time, and the reason for the absence. All documentation regarding absences is retained for the school year. Students sent home after coming to school by the school nurse do not need an excuse from home and are considered excused. This is only for the day sent home, not any days thereafter.

Buckeye Central follows state guidelines (HB 410) allowing for a student to miss no more than 65 hours in a school year. Once a student accumulates 65 unexcused and/or parent-excused hours (not inclusive of medical notes) in a school year, he/she is considered excessively absent, and will be put on medical status. At this point, only a doctor's statement, court excuse, a letter from the doctor explaining that the student has medical problems causing them to miss more than the average number of hours, death in the immediate family, or administrators' approval will be accepted within 72 hours of the student's return. All other hours will be treated as unexcused. Make-up time may be assigned for credit recovery for special circumstances.

Students are considered tardy if they arrive at school between 8:00 AM and 11:00 AM. If a student arrives at 11:01 AM or later he or she will be assigned a half day AM absence. Students who leave school before noon will be assigned a half day PM absence. Those students leaving between 12:01 and 3:01 PM are considered early dismissals. Students that miss any portion of the school day may be held accountable for the hours they missed, contributing to their 65 total excusable absences, unless the student has a doctor's note.

Each student is expected to be in his/her assigned location throughout the school day. If a student is late arriving at school, they must report to the school office before going to his/her first assigned location. Any student who is late to class will be sent to the office for a tardy slip.

### **TRUANCY**

Unexcused absence from school (truancy) is not acceptable.

A student will be considered "habitually truant" if the student is:

- a. absent 30 or more consecutive hours without a legitimate excuse
- b. absent 42 or more hours in one month without a legitimate excuse **or**

c. absent 72 or more hours in one year without a legitimate excuse.

The student will be considered “excessively absent” if:

- a. absent 38 or more hours in one school month *with or without a legitimate excuse*, unless the absence is medically excused; or
- b. absent 65 or more hours in one school year *with or without a legitimate excuse*.

Habitual truancy and/or excessive absences can result in potential revoking of the student drivers license after 60 or more consecutive hours in a single month or 90 hours in a school year or the attendance officer filing charges of truancy in the juvenile court system.

### **EXCUSED ABSENCES**

Students may be excused from school for one or more of the following reasons and will be provided an opportunity to make-up missed school work and/or test up to 65 hours:

- A. personal illness (a written physician’s statement verifying the illness may be required)
- B. illness in the family necessitating the presence of the child
- C. quarantine of the home
- D. death in the family
- E. necessary work at home due to absence or incapacity of parent(s)/guardian(s)
- F. observation or celebration of a bona fide religious holiday
- G. out-of-state travel to participate in a District-approved enrichment or extracurricular activity  
Any classroom assignments missed due to the absence shall be completed by the student.
- H. such good cause or appointment as may be acceptable to the Superintendent when notified two days prior to the absence, except for emergencies.
- I. service as a precinct officer at a primary, special or general election in accordance with the program set forth in Policy 5725; medically necessary leave for a pregnant student in accordance with Policy 5751
- J. appointment with a healthcare provider
- K. absences due to a student’s placement in foster care or change in foster care placement or any court proceedings related to their foster care status.
- L. absences due to a student being homeless
- M. family vacations--a vacation form can be acquired from the high school office. Please have your student complete the form in advance. It would be beneficial to both the student and teacher if the school is notified at least 5 days prior to the vacation. To be excused, a parent note or phone call must be made to the school office notifying the building of the vacation as well as the following:
  - 1. Vacation days do not exceed 5 in a year and should not put the student in excess of 65 hours (excused/unexcused) in a year.
  - 2. The student is NOT failing any classes
- N. hunting- maximum of 2 days with a hunting license brought in for verification. The absences do not put the student in excess of 65 hours in a year.
- O. to attend the state semi and finals of OHSAA sports that the student took part in as a Buckeye Central athlete.

### **UNEXCUSED ABSENCES**

When a parent, guardian, or other person having care of a student has failed to initiate a telephone call or other communication notifying the school or building administration of the student's excused or unexcused absence within 120 minutes after the beginning of the school day, the attendance officer or designee shall

make at least one (1) attempt to contact the parent, guardian, or other person having care of any student who is recorded as absent without legitimate excuse. Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant and the student and his/her parents may be subject to the truancy laws of the State as stated in the handbook section entitled Truancy.

### **HOMEBOUND INSTRUCTION**

The School may arrange for individual instruction at home for students who are unable to attend school because of an accident, illness, or disability. Such instruction may be arranged upon receipt of documentation of the student's condition from a physician. For more information, contact the principal.

### **MAKE-UP OF TESTS AND OTHER SCHOOL WORK**

Students who are absent from school shall be given the opportunity to make up missed work. The student should contact the school secretary as soon as possible to obtain assignments if the absence is more than two days.

If a student misses a teacher's test due to an absence, they should make arrangements with the teacher to take the test at another time. A student is permitted to turn in work late. Make-up of missed tests may be scheduled when the student returns from school. If they miss a State-mandated assessment test or other standardized test, the student should consult with the school counselor to arrange for administration of the test at another time.

### **SUSPENSION FROM SCHOOL**

Absence from school due to suspension shall be considered a legitimate absence. The student may make up the work and it will be counted for credit. Assignments may be obtained from the teacher or by calling the school secretary. The student must complete all work during the suspension and turn the work in upon returning to school. The make-up of missed tests may be scheduled when the student returns from school. A student who is suspended shall be permitted to complete any classroom assignments missed because of the suspension and receive at least partial credit for a completed assignment. Grade reductions on account of the student's suspension are permitted; however, no student may receive a failing grade on a completed assignment solely on account of his/her suspension.

### **VACATIONS**

It is recommended that parents not take their children out of school for vacations. However, when a family vacation must be scheduled during the school year, the parents should have their students fill out a vacation form, which can be found in the HS office. It would be beneficial to both the student and teacher if the school is notified at least five days prior to the vacation. It may be possible for the student to receive certain assignments that may be completed during the trip. Again, a parent note or phone call must be made notifying the high school office to ensure the vacation is excused (as stated in the earlier section). Vacation days should not exceed five in a year and should not put students in excess of 65 hours in a year.

### **PICKING UP YOUR CHILD AT SCHOOL**

When you need to take your child out of school during the school day the following policy should be followed:

- A. If you know in advance that your child needs to leave school for a medical or dental appointment, please send a note with the child to the teacher or email the office. At the time the pupil is to leave, you should come to the school office and your child will be called from class.
- B. If an advance call is not possible please stop at the office and the child will be called.
- C. When you pick up your child before the end of the day, you must sign the child out. You will need to do this in the school office. We strictly adhere to this procedure as a safeguard for your child.

#### **STUDENTS LEAVING DURING THE SCHOOL DAY**

- A. No staff member shall permit or cause any student to leave school prior to the regular hour of dismissal except with the knowledge and approval of the principal and with the knowledge and approval of the student's parents.
- B. No student will be released to any government agency without proper warrant or written parental permission except in the event of an emergency as determined by the principal.

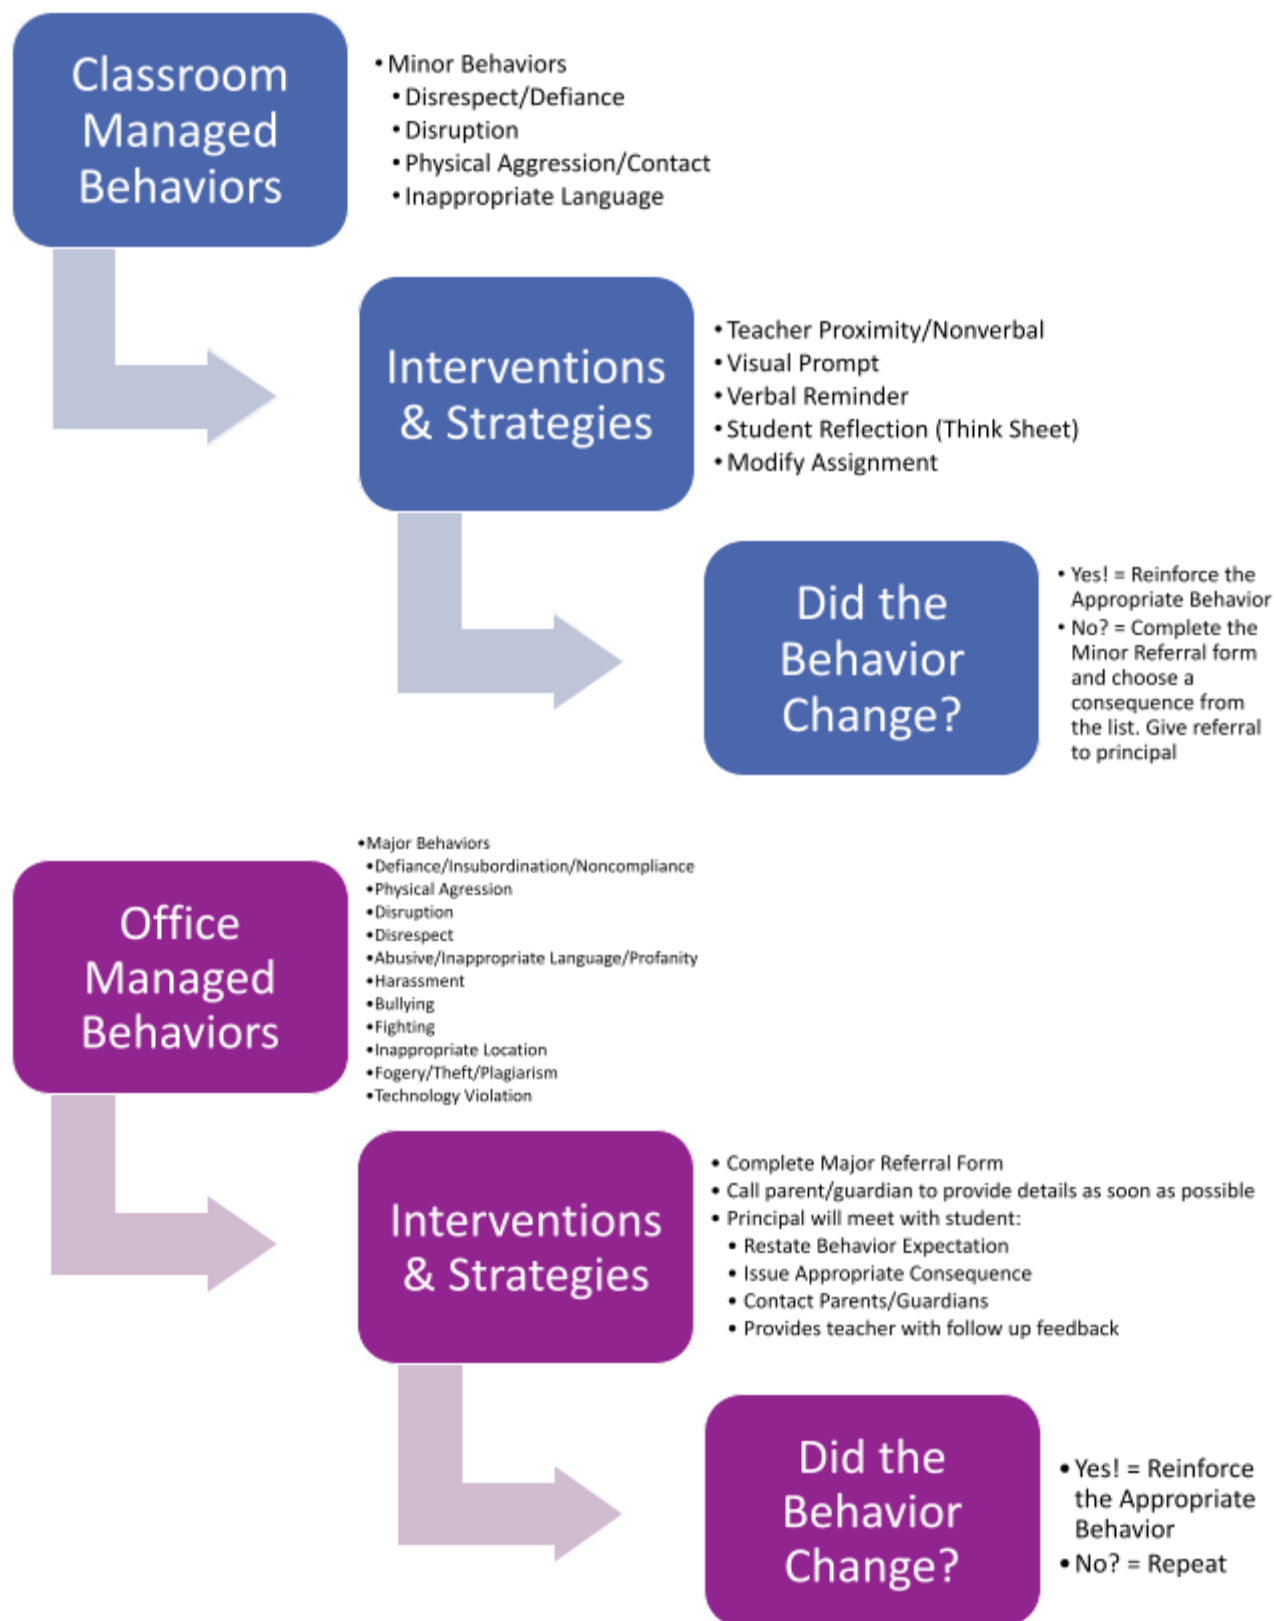

#### **CODE OF CONDUCT**

A major component of the educational program at Buckeye Central is to prepare students to become responsible citizens by learning how to conduct themselves properly and in accordance with established standards. Students are expected to behave in accordance with Federal, State and local laws and rules and Board policies and Administrative Guidelines, and in a way that respects the rights and safety of others. Staff will take a proactive stance and instruct students on the expected behaviors within the district. Students that do not meet the expectations may be given disciplinary action to modify the student's behavior. School staff may report suspected criminal misconduct by a student to law enforcement. Law enforcement officers will be permitted to carry out necessary law enforcement functions in the schools, including the removal of a student from school grounds in appropriate circumstances.

#### **EXPECTED BEHAVIORS**

Positive Behavioral Interventions and Supports (PBIS) is an evidence-based, tiered framework for supporting *students'* behavioral, academic, social, emotional, and mental health and is required by law. When implemented with fidelity, PBIS improves social-emotional competence, academic success, and school climate. It also improves teacher health and well-being. It is a way to create positive, predictable, equitable, and safe learning environments where everyone thrives. Students are expected to follow the PBIS matrix and act courteously to adults and fellow students; be prompt to school and attentive in class; work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race, or ethnicity; complete assigned tasks on time and as directed; help maintain a school environment that is safe, friendly, and productive and act at all times in a manner that reflects pride in self, family, and in the School.

The PBIS expectations are: We are respectful, responsible, and ready to learn!

## CLASSROOM ENVIRONMENT

It is the responsibility of students, teachers, and administrators to maintain a classroom environment that allows:

- A. a teacher to communicate effectively with all students in the class; and
- B. that all students in the class have an opportunity to learn.

## DRESS CODE

The Administration at Buckeye Central Schools believes that clean, neat, and “modest” dress is to be encouraged. We believe that the way you look influences the way you think and act. Clothing worn to school should be comfortable, clean, fit at the waist, and conducive to a learning environment. Any form of dress, appearance, or grooming that constitutes a threat to health, safety, or interferes with the educational process will not be tolerated. The following list outlines specifics we feel must be observed:

### **The following styles or manners of dress are inappropriate:**

- Sayings/phrases or drawings that promote violence, drugs, alcohol, sex, tobacco or any offensive language against an individual or group of people
- Low cut or plunging necklines that distract from the educational process
- Midriffs or backs exposed when standing or sitting
- Undergarments exposed
- Hats or bandannas
- Bedroom slippers
- Tank tops, halters, camis (spaghetti straps) or any shirt that is less than 1 inches in width at the shoulder
- Sheer, see-through and wide mesh tops
- Pants with holes are acceptable. The exceptions are no holes mid-thigh and up to the waist and none in the buttock area. (Fraying in these areas is acceptable as long as there is no skin exposed).
- Biker shorts and swimwear

Certain classes require safety issues and may require a more stringent dress code for safety purposes- for example, no open-toed footwear or loose-fitting clothing which could potentially get caught in a machine. Your instructor will advise you of those requirements.

Students who are representing Buckeye Central at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

### **Dress Code rules and requirements**

- All types of sandals and open-toed shoes are permitted except for classes where safety issues are concerned and some may be unacceptable when navigating steps.
- Sleeveless shirts must have an opening of no more than 2 inches below the armpit.
- All dresses, shorts, and other types of clothing that expose the leg must extend to mid-thigh.
- Spirit Days may be implemented when approved by the administration in which students may be allowed to follow the theme of the day. A small donation may be asked for by the

group planning the special dress day. School dress code rules and requirements will apply unless otherwise stated by the administration.

### **Violations**

- When a dress code violation occurs, students will be asked to change into appropriate attire. If the student cannot change due to a lack of appropriate attire, the parents may be contacted to bring acceptable clothing.
- If there is a recurrence, the child will be asked to bring in an acceptable change of clothes to have on hand.

### **CARE OF PROPERTY**

Students are responsible for the care of their own personal property. The School is not responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. If a student damages or loses school property, the student and/or his/her parents will be required to pay for the replacement or repair. If the damage or loss was intentional, the student will be subject to discipline according to the Student Discipline Code.

### **BULLYING AND OTHER FORMS OF AGGRESSIVE BEHAVIOR**

#### **Definitions of Terms:**

"Harassment, Intimidation, or Bullying" means any intentional written, verbal, graphic, or physical act that a student or group of students exhibited toward another particular student more than once and the behavior both:

- A. causes mental or physical harm to the other student; and
- B. is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student.

"Electronic act" means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

"Harassment, Intimidating, or Bullying" also includes violence within a dating relationship.

In evaluating whether conduct constitutes harassment, intimidation, or bullying, special attention should be paid to the words chosen or the actions taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim, and the motivation, either admitted or appropriately inferred.

A school-sponsored activity shall mean any activity conducted on or off school property (including school buses and other school-related vehicles) that is sponsored, recognized, or authorized by the Board of Education.

A copy of Board Policy 5517 and 5517.01 is available on the [Board of Education's website](#).

### **TYPES OF CONDUCT**

Harassment, intimidation, or bullying can include many different behaviors including overt intent to ridicule, humiliate, or intimidate another student. Examples of conduct that could constitute prohibited behaviors include:

- A. physical violence and/or attacks;
- B. threats, taunts, and intimidation through words and/or gestures;
- C. extortion, damage, or stealing of money and/or possessions;
- D. exclusion from the peer group or spreading rumors;
- E. repetitive and hostile behavior with the intent to harm others through the use of information and communication technologies and other web-based/online sites (also known as "cyber-bullying"), such as the following:
  - 1. posting slurs on websites where students congregate or on weblogs (personal on-line journals or diaries);
  - 2. sending abusive or threatening instant messages;
  - 3. using camera phones to take embarrassing photographs of students and posting them online/or otherwise distributing them;
  - 4. using web sites to circulate gossip and rumors to other students; and,
  - 5. excluding others from an online group by falsely reporting them for inappropriate language to Internet Service Providers.
- F. violence within a dating relationship.

The following procedures shall be used for reporting, investigating, and resolving complaints of aggressive behavior and/or bullying.

### **COMPLAINT PROCEDURES**

Building principals, assistant principals, and the Superintendent have the responsibility for conducting investigations concerning claims of aggressive behavior and/or bullying. The investigator(s) shall be a neutral party having had no involvement in the complaint presented.

Any student, employee or third party who has knowledge of conduct in violation of Policy 5517.01 or feels they have been a victim of aggressive behavior and/or bullying in violation of Policy 5517.01 is encouraged to immediately report his/her concerns.

Teachers and other school staff who witness acts of harassment, intimidation, or bullying, as defined above, shall promptly notify the building principal and/or his/her designee of the event observed, and shall promptly file a written incident report concerning the events witnessed. Teachers and other school staff who receive student or parent reports of suspected harassment, intimidation, and bullying shall promptly notify the building principal and/or his/her designee of such report(s). If the report is a formal, written complaint, such complaint shall be forwarded promptly (no later than the next school day) to the building principal or his/her designee. If the report is an informal complaint by a student that is received by a teacher or other professional employee, they shall prepare a written report of the informal complaint which shall be promptly forwarded (no later than the next school day) to the building principal or his/her designee.

In addition to addressing both informal and formal complaints, school personnel are encouraged to address the issue of harassment, intimidation, or bullying in other interactions with students. School personnel may

find opportunities to educate students about harassment, intimidation, and bullying and help eliminate such prohibited behaviors through class discussions, counseling, and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating, or intimidating another student even if such conduct does not meet the formal definition of "harassment, intimidation, or bullying."

All complaints will be promptly investigated in accordance with the following procedures:

Step I Any complaints, allegations, or rumors of aggressive behavior and/or bullying shall be presented to the building principal or assistant principal or the Superintendent. Students may also report their concerns to teachers or counselors who will be responsible for notifying the appropriate administrator or Board of Education official. Complaints against the building principal shall be filed with the Superintendent. Complaints against the Superintendent shall be filed with the Board President. Information may be initially presented anonymously. All such information will be reduced to writing and should include the specific nature of the offense (e.g., the person(s) involved, number of times and places of the alleged conduct, the target of the suspected aggressive behavior and/or bullying, and the names of any potential witnesses). If the person filing the formal complaint is an adult, they must sign the charge affirming its veracity. If the person filing the formal complaint is a minor, they may either sign the charge or affirm its veracity before two (2) administrators.

Step II The administrator/Board official receiving the complaint shall promptly investigate. Parents will be notified of the nature of any complaint involving their student. The administrator/Board official will arrange such meetings as may be necessary with all concerned parties within five (5) workdays after receipt of the information or complaint. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The administrator/Board official conducting the investigation shall notify the complainant and parents as appropriate, in writing, when the investigation is concluded and a decision regarding disciplinary action, as warranted, is determined.

A copy of the notification letter or the date and details of notification to the complainant, together with any other documentation related to the incident, including disciplinary action taken or recommended, shall be forwarded to the Superintendent.

Step III If the complainant is not satisfied with the decision at Step II, they may submit a written appeal to the Superintendent or designee. Such appeal must be filed within ten (10) workdays after receipt of the Step II decision. The Superintendent or designee will arrange such meetings with the complainant and other affected parties as deemed necessary to review and discuss the appeal. The Superintendent or designee shall provide a written decision to the complainant's appeal within ten (10) workdays of the appeal being filed.

Documentation related to the incident, other than any discipline imposed or remedial action taken, will be maintained in a file separate from the student's education records or the employee's personnel file.

## **Publication of the Prohibition Against Harassment, Intimidation, and Bullying**

The prohibition against harassment, intimidation, or bullying shall be publicized in student handbooks and in District publications that set forth comprehensive rules, procedures, and standards of conduct for students. Information regarding the policy shall be incorporated into employee training materials. The following statement shall be included:

Harassment, intimidation, or bullying behavior by any student in the Buckeye Central School District is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. "Harassment, intimidation, or bullying", in accordance with R.C. 3313.666 means any intentional written, verbal, graphic, or physical act including electronically transmitted acts i.e., Internet, cell phone, personal digital assistant (PDA), or wireless hand-held device, either overt or covert, by a student or group of students toward other students, including violence within a dating relationship, with the intent to harass, intimidate, injure, threaten, ridicule, or humiliate. Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation, or at any official school bus stop that a reasonable person under the circumstances should know will have the effect of:

- A. Causing mental or physical harm to the other students, including placing an individual in reasonable fear of physical harm and/or damaging of students' personal property; and,
- B. Is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other students.

## **RETALIATION/FALSE CHARGES**

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry related to a complaint of aggressive behavior and/or bullying is prohibited. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated and may result in disciplinary action. False charges shall also be regarded as serious offenses and will result in disciplinary action or other appropriate sanctions. Suspected retaliation should be reported in the same manner as aggressive behavior and/or bullying.

## **REMEDIAL ACTIONS**

Verified acts of harassment, intimidation, or bullying shall result in an intervention by the building principal or his/her designee that is intended to provide that the prohibition against harassment, intimidation, or bullying behavior is enforced, with the goal that any such prohibited behavior will cease.

Harassment, intimidation, and bullying behavior can take many forms and can vary dramatically in seriousness and impact on the targeted individual and other students. Accordingly, there is no one prescribed response to verified acts of harassment, intimidation, and bullying. While conduct that rises to

the level of "harassment, intimidation, or bullying," as defined above will generally warrant disciplinary action against the perpetrator of such prohibited behaviors whether or to what extent to impose disciplinary action (detention, in and out-of-school suspension, or expulsion) is a matter for the professional discretion of the building principal. The following sets forth possible interventions for building principals to enforce the Board's prohibition against "harassment, intimidation, or bullying."

### **NON-DISCIPLINARY INTERVENTIONS**

When verified acts of harassment, intimidation, or bullying are identified early and/or when such verified acts do not reasonably require a disciplinary response, students may be counseled as to the definition of harassment, intimidation, or bullying, its prohibition, and their duty to avoid any conduct that could be considered harassing, intimidating, or bullying.

If a complaint arises out of the conflict between students or groups of students, peer mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. The victim's communication and assertiveness skills may be low and could be further eroded by fear resulting from past intimidation and fear of future intimidation. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

### **REPORTING OBLIGATIONS**

If after investigation, acts of harassment, intimidation, or bullying by a specific student are verified, the principal shall notify, in writing the custodial parent/guardian of the perpetrator of that finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

If after investigation, acts of bullying against a specific student are verified, the Principal shall notify in writing the custodial parent/guardian of the victim of such finding. In providing such notification, care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, or bullying.

Semiannually, the Superintendent shall provide the Board President a written summary of all reported incidents of harassment, intimidation, or bullying and post the summary on the District website.

### **DISCIPLINARY INTERVENTIONS**

When acts of harassment, intimidation, and bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints that are not otherwise verified, however, shall not be the basis for disciplinary action.

In and out-of-school suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation.

Expulsion may be imposed in accordance with Board policy. This consequence shall be reserved for serious incidents of harassment, intimidation, or bullying and/or when past interventions have not been successful in eliminating prohibited behaviors.

### **INTERVENTION STRATEGIES**

In addition to the prompt investigation of complaints of harassment, intimidation, or bullying and direct intervention when such prohibited acts are verified, other District actions may ameliorate any potential

problem with harassment, intimidation or bullying in school or at school-sponsored activities. While no specific action is required and school needs for such interventions may vary from time-to-time, the following list of potential intervention strategies shall serve as a resource for administrators and school personnel:

- A. Respectful responses to harassment, intimidation or bullying concerns raised by students, parents, or school personnel.
- B. Planned professional development programs addressing targeted individuals' problems, including what is safe and acceptable Internet use.
- C. Data collection to document victim problems to determine the nature and scope of the problem.
- D. Use of peers to help ameliorate the plight of victims and include them in group activities.
- E. Avoidance of sex-role stereotyping (e.g., males need to be strong and tough).
- F. Awareness and involvement on the part of all school personnel and parents with regard to victim problems.
- G. An attitude that promotes communication, friendship, assertiveness skills and character education.
- H. Modeling by school personnel of positive, respectful, and supportive behavior toward students.
- I. Creating a school atmosphere of team spirit and collaboration that promotes appropriate social behavior by students in support of others (Ohio School Climate Guidelines).
- J. Employing classroom strategies that instruct students how to work together in a collaborative and supportive atmosphere.
- K. Form harassment, intimidation, and bullying task forces, programs, and other initiatives involving volunteers, parents, law enforcement, and community members.

#### **INTERVENTION STRATEGIES FOR PROTECTING VICTIMS**

- A. Supervise and discipline offending students fairly and consistently.
- B. Provide adult supervision during recess, lunch time, bathroom breaks, and in the hallways during times of transition.
- C. Maintain contact with parents and guardians of all involved parties.
- D. Assist the victims to obtain counseling if assessment indicates that it is needed.
- E. Inform school personnel of the incident and instruct them to monitor the victim and the offending party for indications of harassing, intimidating, and bullying behavior. Personnel are to intervene when prohibited behaviors are witnessed.
- F. Check with the victim daily to verify that there has been no incidents of harassment, intimidation, bullying, or retaliation from the offender or other parties.

#### **TRAINING**

Orientation sessions for students shall introduce the elements of this policy and procedure. Students will be provided with age-appropriate information on the recognition and prevention of harassment, intimidation, or bullying, including dating violence prevention education in grades 7-12, written or verbal discussion of the consequences for violations of Policy 5517.01, and their rights and responsibilities under this and other District policies, procedures, and rules, at student orientation sessions and on other appropriate occasions. Parents will be provided with information about this policy and procedure, as well as information about other District and school rules and disciplinary policies. This policy and procedure shall be reproduced in student, staff, volunteer, and parent handbooks.

Information regarding the policy on harassment, intimidation, and bullying behaviors shall be incorporated into training materials used with employees and volunteers with direct contact with students. The in-service education provided to middle and high school employees shall include training in the prevention of dating violence. Time spent by school employees in the training, workshops, or courses shall apply toward any State or District-mandated continuing education requirements.

School personnel members are encouraged to address the issue of harassment, intimidation, and bullying in other interactions with students. School personnel may find opportunities to educate students about bullying and help eliminate bullying behavior through class discussions, counseling, and reinforcement of socially appropriate behavior. School personnel should intervene promptly whenever they observe student conduct that has the purpose or effect of ridiculing, humiliating, or intimidating another student, even if such conduct does not meet the formal definition of "harassment, intimidation, or bullying."

### **POLICE AND CHILD PROTECTIVE SERVICES**

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or to Child Protective Services (CPS), according to the prescribed timelines. The School District shall also investigate for the purpose of determining whether there has been a violation of District Policy, even if law enforcement or CPS officials are also investigating. All School District personnel shall cooperate with investigations by outside agencies.

In addition to, or instead of, filing a bullying, harassment, or intimidation complaint through this policy, a complainant may choose to exercise other options, including but not limited to filing a complaint with outside agencies or filing a private lawsuit. Nothing prohibits a complainant from seeking redress under other provisions of the Revised Code or law that may apply.

### **ZERO TOLERANCE**

No form of violent, disruptive, or inappropriate behavior will be tolerated. This means that complaints will be fully investigated to determine appropriate action and next steps.

### **STUDENT DISCIPLINE CODE**

Each of the behaviors and/or types of misconduct described below are prohibited and may subject the student to disciplinary action including, but not limited to, student conference, parent/guardian notification, parent/guardian conference, detention, in-school discipline, suspension and/or expulsion from school. Furthermore, any criminal acts committed at or related to the School will be reported to law enforcement officials as well as disciplined at school. Certain criminal acts may result in permanent exclusion from school.

#### **1. Possession/use of drugs and/or alcohol**

A student shall not buy, sell, attempt to sell, supply, apply, or being under the influence of any alcoholic beverage, controlled substance including, but not limited to, narcotics, mood altering drugs, counterfeit controlled substances, lookalikes, over the counter stimulants or depressants, anabolic steroids, or drug related paraphernalia.

If a building principal has a reasonable individualized suspicion of drug or alcohol use, they may request the student in question to submit to any appropriate testing, including but not limited to, a breathalyzer test or urinalysis. In such circumstances, the student will be taken to a private administrative or instructional area on school property for such testing with at least one other member of the teaching or administrative staff present as a witness to the test. If a student refuses to take the test, they will be advised that such

denial leaves the observed evidence of alcohol or drug use unrefuted thus leading to possible disciplinary action. The student will then be given a second opportunity to take the test.

## **2. Possession/use of tobacco**

Students shall not possess, buy, sell, attempt to sell, distribute, purchase or attempt to purchase, and/or use of tobacco products or electronic cigarettes or similar devices in school, on school grounds, on school buses, and at any interscholastic competition, extracurricular event, or other school-sponsored event. Tobacco products include, but are not limited to cigarettes, cigars, pipe tobacco, chewing tobacco, snuff or any other matter or substance that contains tobacco. ## **3. Use and/or possession of a firearm**

Possession and/or use of a weapon may subject a student to expulsion and possible permanent exclusion.

A knife is defined as any cutting instrument consisting of a sharp blade fastened to a handle, a razor blade or any similar device that is used for, or is readily capable of causing death or serious bodily injury.

Pocket knives with a blade of less than two and one-half (2 1/2) inches are acceptable ONLY with the prior approval of the student's parents, principal and teacher of a class where the pocket knife is needed for use.

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, and jewelry.

Failure to report such knowledge may subject the student to discipline.

Intentional or purposeful destruction or damage to school or district buildings or property by means of fire is strictly prohibited. Arson is a felony.

**8. Physically assaulting a staff member/student/person associated with the District.**

Acting with intent to cause fear in another person of immediate bodily harm or death, or intentionally bullying, inflicting or attempting to inflict bodily harm upon another person. Physical assault of a staff member, student, or other person associated with the District, regardless of whether it causes injury, will not be tolerated. Any intentional, harmful or potentially harmful physical contact or bullying initiated by a student against a staff member will be considered to be assault. Assault may result in criminal charges and may subject the student to expulsion.

**9. Verbally threatening (either orally, in writing or otherwise expressed) a staff member/student/person associated with the District.**

Any oral or written statement or otherwise expressed action that a staff member, student, or other person associated with the District reasonably feels to be a threat will be considered a verbal assault. Plagiarism, including AI generated text, and cheating are also forms of falsification and will subject the student to academic penalties as well as disciplinary action.

**15. Bomb Threats, and other false alarms and reports**

Making a bomb threat (i.e., intentionally giving a false alarm of a bomb) against a school building or any premises at which a school activity is being held at the time the threat is made may result in expulsion for a period of up to one (1) school year. Additionally, intentionally giving a false alarm of a fire, or tampering or interfering with any fire alarm is prohibited. It should be remembered that false emergency alarms or reports endanger the safety forces that are responding to the alarm/report, the citizens of the community, and the persons in the building. What may seem like a prank is a dangerous stunt that is against the law and will subject the student to disciplinary action.

Students are not permitted to be present in any Board-owned facility or portion of a Board-owned facility when it is closed to the public or when the student does not have the authorization to be there, including unauthorized presence in a Board-owned vehicle; or unauthorized access or activity in a Board-owned computer, into district, school or staff computer files, into a school or district file server, or into the Network. **19. Theft, or knowingly receiving or possessing stolen property**

Unauthorized taking of property of another person or receiving or possessing such property. Students caught stealing will be disciplined and may be reported to law enforcement officials. Students should not bring anything of value to school without prior authorization from the staff member in charge. The School is not responsible for personal property.

**27. Possession of electronic equipment**

Unauthorized use of electronic equipment may be confiscated from the student by school personnel and disciplinary action may be taken. Students in grades 5- 8 are required to put all cell phones in their locked lockers daily. The school is not responsible for any lost, stolen or misplaced devices.

Buckeye Central is a one-to-one school and all students are provided a Chromebook; therefore, students are asked to leave their cell phones in their lockers during instructional hours (7:55 am - 2:57 pm). Cell phones will be taken from students if they are misused. The first time, the phone is confiscated and will be returned to the student at the end of the day. The second time, it will be given to the principal and returned at the end of the day. If there is a third offense, the parent or guardian will need to pick up the cell phone from the principal. Please see the Acceptable Use Policy as signed in Final Forms

**28. Violation of individual school/classroom rules**

Harassment and/or aggressive behavior (including bullying/cyberbullying) toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse, and any speech or action that creates a

hostile, intimidating, or offensive learning environment. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. Individuals engaging in such conduct will be subject to disciplinary action.

Sexual Harassment is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

**About Title IX**

Title IX of the Education Amendments of 1972, often referred to as Title IX, is a Federal civil rights law.

Title IX, which began with a focus on discrimination and ensuring equity in sports, includes a major focus on prevention of and response to incidents of sexual harassment and sexual assault.

Students and all other members of the School District community and third parties are encouraged to promptly report incidents of harassing conduct to a teacher, administrator, supervisor, or other District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other District employee or official who receives such a complaint shall file it with the District's Anti-Harassment Compliance Officer.

Members of the School District community, which includes students, or third parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below.

Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 - Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal shall report the act of bullying,

aggressive behavior and/or harassment to one (1) of the Anti-Harassment Compliance Officers who shall investigate the allegation in accordance with this policy. While the Compliance Officer investigates the allegation, the Principal shall suspend his/her Policy 5517.01 investigation to await the Compliance Officer's written report. The Compliance Officer shall keep the Principal informed of the status of the Policy 5517 investigation and provide him/her with a copy of the resulting written report.

The Compliance Officers will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student, other member of the School District community or third party in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept complaints of unlawful harassment directly from any member of the School District community or a visitor to the District, or receive complaints that are initially filed within a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a Compliance Officer will begin either an informal or formal process (depending on the request of the person alleging the harassment or the nature of the alleged harassment), or the Compliance Officer will designate a specific individual to conduct such a process. In the case of a formal complaint, the Compliance Officer will prepare recommendations for the Superintendent or will oversee the preparation of such recommendations by a designee. All members of the School District community must report incidents of harassment that are reported to them to the Compliance Officer within two (2) business days of learning of the incident.

Any Board employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one (1) of the Compliance Officers within two (2) business days. Additionally, any Board employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer or designee must contact the student, if age eighteen (18) or older, or the student's parents if under the age eighteen (18), within two (2) school days to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the Compliance Officer or designee to conduct an investigation following all the procedures outlined for a formal complaint.

Any student who believes that s/he has been subjected to unlawful harassment may seek resolution of his/her complaint through either the informal or formal procedures as described below. Further, a process for investigating claims of harassment or retaliation and a process for rendering a decision regarding whether the claim of legally prohibited harassment or retaliation was substantiated are set forth below.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The informal and formal procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Anyone having further questions concerning prohibited behaviors and/or the complaint process should request a copy of Board policies and administrative guidelines 5517 and 5517.01.

### **32. Hazing**

Performing any act, or coercing another, including the victim, to perform any act of initiation into any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this rule.

Hazing by any individual, school group, club, or team is not permitted. This includes any form of initiation that causes or creates a risk of causing mental or physical harm, no matter how willing the participant may be. Hazing activities are prohibited at any time in school facilities, on school property, and/or off school property but connected to activities or incidents that have occurred on school property.

All incidents of hazing must be reported immediately to any of the following individuals: the building principal or other administrator; teacher; coach; student club advisor/supervisor, and/or Superintendent. Students who engage in hazing may also be liable for civil and criminal penalties.

### **33. Violent Conduct**

Students may be expelled for up to one school year for committing an act at school, on other school property, at an interscholastic competition, extracurricular event, or any other school program, or directing an act at a Board official or employee, regardless of where or when that act may occur, or their property that would be a criminal offense if committed by an adult and results in serious physical harm to person(s) or property.

### **34. Improper Dress**

Refer to the Dress Code in an earlier section of this document.

### **35. Careless or Reckless Driving**

Driving on school property in such a manner as to endanger persons or property.

### **36. Burglary**

Entering a building or a specific area of a building without consent and with intent to commit a crime, or entering a building without consent and committing a crime.

### **37. Fighting**

Engaging in adversarial physical contact (differentiated from poking, pushing, shoving or scuffling) in which one or the other party(ies) or both contributed to the situation by verbally instigating a fight and/or physical action. Promoting or instigating a fight (i.e., contributing to a fight verbally or through behavior).

### **38. Lighting Incendiary Devices**

### **39. Possession of Pornography**

Viewing, producing or possessing sexually explicit material. Law enforcement may be notified.

**40. Unauthorized use of vehicles**

Occupying or using vehicles during school hours without parental permission and/or school authorization.

**41. Throwing Objects**

A student shall not throw or propel any object which may inflict injury to another student or individual.

**42. Toys and Personal Items at School**

Students should keep their toys and personal items at home. They can be a distraction from learning and students risk breaking or losing their valuables. After giving the student a warning, the teacher or principal will confiscate any toys or personal items brought to school and return them to the parent at the end of the school year. The school will not be responsible for any of these items if they are lost or broken. (For example, non-prescribed fidget spinners)

**DISCIPLINE**

It is important to remember that the School's rules apply going to and from school, at school, on school property, at school-sponsored events, on school transportation, and on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board. Furthermore, students may be disciplined for conduct that, regardless of where or when it occurs, is directed at a Board official or employee, or the property of such official or employee. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

The School is committed to providing prompt, reasonable discipline consistent with the severity of the incident. The consequences for misbehavior are designed to be fair, firm and consistent for all students in the School.

Because it is not possible to list every misbehavior that occurs, misbehaviors not listed above will be responded to as necessary by staff.

Two (2) types of discipline are possible, informal and formal.

**Informal Discipline**

Informal discipline takes place within the School. It may include:

- change of seating or location;
- recess or lunch-time detentions
- in-school assignment;

Detentions

A student may be detained after school or asked to come to school early by a teacher, after giving the student and his/her parents one day's notice. The student or his/her parents are responsible for transportation.

In-School Assignment (ISA)

A student missing any portion of his/her assigned time in In-School Assignment will serve the assignment upon their return. Any such assignment shall be in accordance with District guidelines on assignment, suspension and expulsion.

The following rules apply to the assignment, in-school assignment:

- Students are required to have class assignments with them.
- Students are not to communicate with each other unless given permission to do so.

- Students are to remain in their designated seats at all times unless permission is granted to do otherwise.
- Students shall not be allowed to put their heads down or sleep.
- No electronic communication devices, radios, CD/MP3 players, cards, magazines, or other entertainment/recreational articles or devices shall be allowed in the room.
- No food or beverages shall be consumed.
- Any student who has not passed all of the State-mandated assessment tests may be required to work on a study packet for one or more of the unpassed tests.

## **Formal Discipline**

Formal discipline involves removal of the student from school. It includes emergency removal for one school day only, suspension for up to ten (10) school days, expulsion for up to eighty (80) school days or the number of days remaining in a semester, whichever is greater, and permanent exclusion. Any student who is expelled from school for more than twenty (20) days or for any period of time if the expulsion will extend into the following semester will be provided with information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitude and behavior that contributed to the incident that gave rise to the student's expulsion. The Superintendent at his/her discretion may require/allow a student to perform community service in conjunction with or in place of an expulsion. The Superintendent may impose a community service requirement beyond the end of the school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed in accordance with the due process rights set forth in Board Policy 5611.

Students involved in co-curricular and extracurricular activities such as band and athletics can lose their eligibility for violation of the School rules.

If a student commits a crime while under the School's jurisdiction, they may be subject to school disciplinary action as well as action through local law enforcement.

## **DUE PROCESS RIGHTS**

Before a student is suspended, expelled, or permanently excluded from school, there are specific procedures that must be followed.

As long as the in-school discipline is served entirely in the school setting, it will not require any notice or meeting, or be subject to appeal.

### **Suspension from School**

When a student is being considered for a suspension, the administrator in charge will notify the student of the basis for the proposed suspension. The student will be given an opportunity to explain his/her view of the underlying facts. After that informal hearing, the Principal [or assistant principal or other administrator] will determine whether or not to suspend the student. If the decision is made to suspend the student, they and his/her parents will be given written notification of the suspension within one (1) day setting forth the reason for the suspension, the length of the suspension, and the process for appeal. The suspension may be appealed, within 3 calendar days after receipt of the suspension notice. The request for an appeal must be in writing, and shall be filed with the Treasurer of the Board or the Superintendent.

During the appeal process, the student shall not be allowed to remain in school.

If the appeal is heard by the Board's designee, the appeal shall be conducted in a private hearing. If the appeal is heard by the Board of Education, the appeal shall be conducted in executive session unless the student or his/her representative requests otherwise. A verbatim transcript will be made and witnesses will be sworn in prior to giving testimony. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

### **EMERGENCY REMOVAL**

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process taking place either in a classroom or elsewhere on the school premises, the Superintendent, principal or assistant principal may remove the student from any curricular or extracurricular activity or from the school premises. A teacher may remove the student from any curricular or extracurricular activity under the teacher's supervision, but not from the premises.

If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal in writing, as soon as practicable. No prior notice or hearing is required for any removal under this procedure. In all cases of normal disciplinary procedures where a student is removed from curricular or extracurricular activity for less than one school day, and is not subject to further suspension or expulsion, the following due process requirements do not apply. In an emergency removal, a student may be kept from class until the matter of the alleged misconduct is resolved either by reinstatement, suspension or expulsion.

If the emergency removal does occur, then an informal hearing will be held within one (1) school day after the removal is ordered. Written notice of the hearing and the reasons for removal and any intended disciplinary action will be provided to the student, as soon as practical prior to the hearing. If the student is subject to an out of school suspension, the student will have the opportunity to appear at an informal hearing before the principal, assistant principal, Superintendent or a designee, and may challenge the reasons for the removal or otherwise explain his/her actions.

Within one (1) school day of the decision to suspend, written notification will be given to the parent(s)/guardian(s) or custodian(s) of the student. This notice will include the reasons for the suspension, the right of the student or his/her parent(s)/guardian(s) or custodian(s) to appeal to the Board or its designee, and the student's right to be represented in all appeal proceedings. If it is likely that the student may be subject to expulsion, the hearing will take place on the next school day after the date of the initial removal and will be held in accordance with the procedures outlined in the Student Expulsion Policy. The person who ordered or requested the removal will be present at the hearing.

### **EXPULSION FROM SCHOOL**

When a student is being considered for expulsion, the student and parent will be provided with a formal notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person before the Superintendent or the Superintendent's designee to challenge the reasons for the expulsion and/or explain the student's action, and notification of the time and place to appear. Students being considered for expulsion may be removed immediately. A hearing will be scheduled no earlier than three (3), nor no later than five (5) school days after the notice is given, unless the Superintendent grants an extension upon request of the student or parent. The student may be represented by his/her parents, legal counsel, and/or by a person of his/her choice at the hearing.

In accordance with Board Policy 5610, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws

from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled.

If a student is expelled, the student and the student's parents will be provided with written notice within one (1) school day of the imposed expulsion. The notice will include the reasons for the expulsion, the right of the student, or the student's parent(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board or its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee, and the right to request that the hearing be held in executive session if before the Board.

Within 14 calendar days after the date of the notice of expulsion, the expulsion may be appealed, in writing, with the Treasurer of the Board or the Superintendent. A verbatim record will be kept of the hearing. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the expulsion is upheld on appeal, a student's parents may pursue further appeal to the Court of Common Pleas.

Students serving expulsions will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations including use or possession of alcohol or drugs, may result in revocation of student's driver's license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the College Credit Plus at the time the expulsion is imposed.

### **PERMANENT EXCLUSION**

State law provides for the permanent exclusion of a student, 16 years of age or older who engages in certain criminal activity. Permanently excluded students may never be permitted to return to school anywhere in the State of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one or more of the following crimes while on the property of any Ohio school:

- A. conveying deadly weapons onto school property or to a school function;
- B. possessing deadly weapons onto school property or at a school function;
- C. carrying a concealed weapon onto school property or at a school function;
- D. trafficking in drugs onto school property or at a school function;
- E. murder, aggravated murder on school property or at a school function;
- F. voluntary or involuntary manslaughter on school grounds or at a school function;
- G. assault or aggravated assault on school property or at a school function;
- H. rape, gross sexual imposition or felonious sexual penetration on school grounds, or at a school function, when the victim is a school employee;
- I. complicity in any of the above offenses, regardless of the location.

### **DISCIPLINE OF STUDENTS WITH DISABILITIES**

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Improvement Act (I.D.E.I.A.), and, where applicable, the Americans with Disabilities Act (A.D.A.), and/or Section 504 of the Rehabilitation Act of 1973.

### **REMOVAL OF BUS RIDING PRIVILEGES**

When a student is being considered for removal of bus riding/transportation privileges, the administrator in charge will notify the student of the reason. The student will be given an opportunity to address the basis for the proposed suspension at an informal hearing. After that informal hearing, the principal (or other administrator) will decide whether or not to suspend his/her bus riding/transportation privileges for all or part of the school year.

If a student's bus riding/transportation privileges are removed, they and his/her parents will be notified, in writing within one day, of the reason for and the length of the removal.

### **SEARCH AND SEIZURE**

Administrators may search a student or his/her property (including vehicles, purses, knapsacks, gym bags, etc.) with or without the student's consent, whenever they reasonably suspect that a search will lead to the discovery of evidence of a violation of law or school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. General housekeeping inspection of school property may be conducted with reasonable notice. Student lockers are the property of the District and students have no reasonable expectation of privacy in their contents or in the contents of any other District property including desks or other containers. School authorities may conduct random searches of the lockers and their contents at any time without announcement. Unannounced and random canine searches may also be conducted.

Additionally, students have NO reasonable expectation of privacy in their actions in public areas including but not limited to, common areas, hallways, cafeterias, classrooms and gymnasiums. The District may use video cameras in such areas and on all school vehicles transporting students to and from regular and extracurricular activities.

Anything that is found in the course of a search may be used as evidence of a violation of school rules or the law, and may be taken, held or turned over to the police. The School reserves the right not to return items that have been confiscated.

### **INTERROGATION OF STUDENTS**

The School is committed to protecting students from harm that may be connected with the school environment and also recognizes its responsibility to cooperate with law enforcement and public child welfare agencies. While the School believes these agencies should conduct their investigations off school property if possible, investigations can take place at school in emergency situations or if the violation being investigated occurred on school property.

Before students are questioned as witnesses or suspects in an alleged criminal violation, the building administrator will attempt to contact a parent prior to questioning and shall remain in the room during questioning. If the student is 18 years of age or older, the parent may not be contacted.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will attempt to contact a parent prior to questioning, and they (or a designated school counselor) will remain in the room during questioning. If the agency investigating the alleged child abuse or neglect suspects the parent is the perpetrator, neither parent will be contacted prior to questioning, but the building administrator (or a designated school counselor) will remain in the room during questioning unless compelling reasons for exclusion are provided by the agency.

If law enforcement or children's services agency removes a student from school, the building administrator will notify a parent.

### **STUDENT RIGHTS OF EXPRESSION**

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do so appropriately without disruption to the school day or the educational process. Students may distribute or display, at appropriate times, non sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet school guidelines.

- A. Material cannot be displayed if it:
1. is obscene to minors, libelous, or pervasively indecent or vulgar;
  2. advertises any product or service not permitted to minors by law;
  3. intends to be insulting or harassing;
  4. intends to incite fighting; or
  5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

B. Material may not be displayed or distributed during class periods, or between classes. Permission may be granted for display or distribution during lunch periods, and/or before or after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether materials they wish to display meet school guidelines may present them to the principal twenty-four (24) hours prior to display.

## **SECTION V - TRANSPORTATION**

### **BUS TRANSPORTATION TO SCHOOL**

Students may only ride assigned buses and must board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Principal.

The transportation director or principal may approve a change in a student's regular assigned bus stop to address a special need. Parents should send a note to the principal stating the reason for the request and the duration of the requested change.

### **BUS CONDUCT**

Students who are riding to and from school on District-provided transportation must follow all basic safety rules. This applies to school-owned buses as well as any contracted transportation. The driver may assign seating or direct students in any reasonable manner to maintain transportation safety. Students must comply with the following basic safety rules:

#### **During the trip**

Each student shall:

- remain seated while the school transportation is in motion;
- keep head, hands, arms, and legs inside the school transportation at all times;
- not push, shove or engage in scuffling;
- not litter in the school vehicle or throw anything in, into, or from the vehicle;
- keep books, packages, coats, and all other objects out of the aisle;
- be courteous to the driver and to other riders;
- not eat or play games, cards, etc.;
- not use nuisance devices (e.g., laser pointers) on the bus in a way that disrupts the safe transportation of students and/or endangers students or employees; not tamper with the school vehicle or any of its equipment (including, but not limited to emergency and/or safety equipment).

#### **Exiting the school vehicle**

Each student shall:

- remain seated until the vehicle has stopped;
- cross the road, when necessary, at least 10 feet in front of the vehicle, but only after the driver signals that it is safe; stopping at the center line to check traffic before proceeding
- be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless s/he has proper authorization from school officials.

### **VIDEOTAPES ON SCHOOL BUSES**

The Board of Education has installed video cameras on school buses to monitor student behavior. If a student misbehaves on a bus and his/her actions are recorded on a videotape, the tape will be submitted to the Principal and may be used as evidence of misbehavior. Video surveillance may not be viewed by parents unless it is determined that such video is directly related to the student and meets the definition of an education record under FERPA.

### **PENALTIES FOR INFRACTIONS**

A student who misbehaves on the bus shall be disciplined in accordance with the Student Discipline Code and may lose the privilege of riding on the bus. Before a suspension from bus privileges is imposed, the Superintendent or other designated District personnel will provide a student with notice of an intended suspension and an opportunity to appear before the Superintendent or other designated district personnel. Disciplinary suspension periods will be commensurate with the infraction(s) committed as determined by the Superintendent or designated District personnel.

### **TRANSPORTATION OF STUDENTS BY PRIVATE VEHICLE**

When transportation by District vehicle is either not available or feasible, there may be a need to provide transportation to students by private vehicle. However, no students will be permitted to ride in a private vehicle unless written consent is provided by each student's parent using Form [8660 F2](#) – Parental Consent for Transportation by Private Vehicle. Upon request, parents of participating students will be given the name of the driver, the owner of the vehicle, and the description of the vehicle.
