

Book List : Secondary Grade 9 & 10

2023 / 2024

Dear Families,

In order to reduce expenses for parents and students while also delivering top-quality supportive learning materials, we have made the decision to make several Grade 9 books exclusively accessible online. Furthermore, we are thrilled to expand our utilisation of *Kognity* (<https://kognity.com>), an interactive online teaching and learning platform tailored for the International Baccalaureate and Cambridge IGCSE, to a greater extent for our Grade 11 and 12 resources.

Parents and students do not need to worry about signing up to the provider, as the school will do this for you at the beginning of the school year. The cost per student for a *Kognity* subscription is 100 Euros annually.

The change to digital books has the following added advantages:

- Accessible from any internet device - no more forgetting of books
- Interactive activities and videos are built into the online books to make them interactive
- Self guided quizzes for self reflection for all units to help students know how much they understand

Each year, the books that *Kognity* provides grows. However, currently, *Kognity* does not publish all subjects needed, and the additional books below will still need to be ordered by you. If you have any questions or difficulties, please do not hesitate to contact the school office at info@metroschool.de

Best Regards,

The MIS Secondary team.

Books included in the online *Kognity* subscription:

IGCSE student books for **Mathematics, Biology, Physics, Chemistry and Economics**

GRADE 9&10	<p>The following books are not yet available on Kognity and do require ordering to have a physical copy. These books only need to be ordered once, and they are used for two years.</p>
