Oxnard School District Encourages Remote, Online Public Participation For Oxnard School District's Board Meetings

During the COVID-19 pandemic, the Oxnard School District is committed to public input and participation in school district governance in a manner that is consistent with shelter in place guidance provided by public health officials. The District highly encourages remote, online participation in order to promote the safety and health of our community.

The Oxnard School District has taken the following steps to utilize technology to facilitate public participation during our upcoming board meetings in order to comply with public health guidance during the COVID-19 pandemic:

1. **Watch the meeting live.** The Oxnard School District Board meeting will be live streamed on the District's website at www.osdtv.oxnardsd.org and will also be shown on the following cable TV channels: Charter Spectrum Cable- Channel 20 and Frontier communication – Channel 37
2. **Public comment in advance.** We encourage members of the public to submit public comment in advance of the meeting. Public comment may be emailed to OSD_BoardMeetings@oxnardsd.org. In addition, please feel free to bring your written comment to the District Office between 9:00 and 12:00 p.m., you can also drop off your written comment at the District Office mail box located outside the front office, until 4:00 p.m. before the meeting. Please identify if the public comment is for a non-agenda or agendized item. If your public comment is for an agendized item, please identify clearly the agenda item number and title in your email. Any written testimony for public comment submitted via email before 11:00 am the day of the meeting will be provided to the Board members electronically or in written format. All public comments receive before the meeting will become part of the meeting archive.
3. **Public comment during the meeting.** Members of the public can join the Zoom Meeting from a computer via Zoom at [ZOOM.OXNARDSD.ORG](https://zoom.us/j/11118), mobile device, tablet or by phone. The Zoom meeting information will be provided in every board meeting agenda. You can find the meeting information on the following webpage page <https://www.oxnardsd.org/Page/11118> as long as needed during the COVID-19 pandemic.

In order to facilitate effective remote participation for all, please remember a few courtesies of conference calls if you opt to use Zoom for the purpose of providing public comment:

- Please do not put the call on hold.
- Please do not have the television/website transmission of the meeting playing while you are speaking as you provide public comment. You must minimize background noise.

We ask that you please be patient as we adjust to these changes and implement these new modalities for connection and public engagement. We are committed to making our meetings as accessible as practicable during unprecedented times, but if you need additional accommodations or support for remote participation in advance of the meeting, please contact Monica Noriega at mnoriega@oxnardsd.org or Argelia Tellez at atellez@oxnardsd.org or call 805-385-1501.

Durante la pandemia COVID-19, el Distrito Escolar de Oxnard tiene el compromiso de acoger el aporte y la participación del público en el gobierno del distrito escolar de una manera consistente con la recomendación de las autoridades de salud pública de refugiarse en el lugar (permanecer en casa). El Distrito alienta firmemente la participación a distancia en línea, con el fin de fomentar la seguridad y salud de nuestra comunidad.

Con el fin de cumplir con las indicaciones de las autoridades de salud pública durante la pandemia COVID-19, el Distrito Escolar de Oxnard ha adoptado medidas para facilitar la participación pública en las próximas reuniones de la Junta Directiva de Educación a través de los siguientes medios tecnológicos:

1. **Vea la reunión en vivo.** La reunión de la Junta Directiva de Educación del Distrito Escolar de Oxnard será transmitida en el sitio web del Distrito en www.osdtv.oxnardsd.org y también será transmitida por los siguientes canales de televisión por cable: Charter Spectrum Cable - Canal 20 y Frontier Communication - Canal 37.
2. **Comentarios del público por adelantado.** Recomendamos a los miembros de público enviar sus comentarios con anticipación, antes de la reunión. Los comentarios del público pueden ser enviados por correo electrónico a OSD_BoardMeetings@oxnardsd.org. Además, puede traer sus comentarios a la Oficina del Distrito entre las 9:00 de la mañana y 12 del mediodía. También puede depositar su comentario en el buzón de correo que se encuentra afuera de la oficina, hasta las 4:00 de la tarde del día de la reunión. Por favor indique si el comentario público es sobre un tema que está en la agenda o no lo es. Si su comentario público es sobre un tema que está incluido en la agenda, por favor indique con claridad en su correo electrónico, el número y el título del tema. Toda declaración por escrito sobre comentarios públicos recibida vía correo electrónico antes de las 11:00 de la mañana del día en que tendrá lugar la reunión, será entregada a la Junta Directiva por vía electrónica o por escrito. Todos los comentarios del público recibidos antes de la reunión formarán parte de los archivos de la reunión.
3. **Comentarios del público durante la reunión.** Los miembros del público también pueden participar en la reunión para proporcionar sus comentarios vía videoconferencia Zoom en [ZOOM.OXNARD.ORG](https://zoom.us/j/11118), desde una computadora, dispositivo electrónico, tableta o teléfono. Puede encontrar la información de la reunión Zoom en la agenda de cada reunión. La información sobre la reunión se encuentra en la siguiente página de nuestro sitio web <https://www.oxnardsd.org/Page/11118> mientras sea necesario durante la pandemia COVID-19.

Con el fin de facilitar una participación a distancia efectiva para todos, por favor recuerde algunas de las reglas de cortesía de las conferencias telefónicas, si decide utilizar Zoom con el propósito de proporcionar su comentario público:

- Por favor no ponga la llamada en espera.
- Por favor no mantenga encendida la transmisión de la reunión en la televisión/el sitio web mientras expresa su comentario público. Debe minimizar el ruido de fondo.

Les rogamos que tengan paciencia conforme nos ajustamos a estos cambios e implementamos estas nuevas formas de conexión y participación pública. Tenemos el compromiso de hacer que estas reuniones sean accesibles en la medida de lo posible, durante esta época sin precedentes. Sin embargo si usted necesita adaptaciones o apoyo adicionales para la participación a distancia, antes de la reunión, por favor contacte a Monica Noriega en mnoriega@oxnardsd.org o a Argelia Tellez en atellez@oxnardsd.org o llame al 805-385- 1501.

**OXNARD SCHOOL DISTRICT
RESOLUTION #20-15
ESTABLISH TEMPORARY INTERFUND TRANSFERS
OF FUNDS FISCAL YEAR 2020-2021**

WHEREAS, pursuant to Education Code section 42603, the governing board of a school district may direct that up to 75% of the maximum funds held in any fund or account of the district may be temporarily transferred to other funds or accounts of the district for payment of obligations; and

WHEREAS, with the adoption of the 2020-21 State Budget, Education Code section 42603.1 was adopted to allow the governing board of a school district to authorize the temporary transfer of up to 85% of the maximum funds held in any fund or account of the district if the State implements cash deferrals in 2020-21 or 2021-22; and

WHEREAS, the transfer shall be accounted for as temporary borrowing between funds or accounts and shall not be available for appropriation or be considered income to the borrowing fund or account; and

WHEREAS, the District anticipates that temporary interfund borrowing, in an amount not to exceed \$ 20,000,000 in the aggregate, will be required during fiscal year 2020-21, and this board wishes to authorize said interfund borrowing, not to exceed 75% of the money in any fund or account under section 42603 or, if the State has implemented cash deferrals, 85% of the money held in any fund or account, under section 42603.1; and

WHEREAS, amounts transferred shall be repaid either in the same fiscal year, or in the following fiscal year if the transfer takes place within the final 120 calendar days of a fiscal year;

THEREFORE, BE IT RESOLVED that the Board of Trustees of the Oxnard School District, hereby authorizes for fiscal year 2020-2021 the temporary borrowing of up to \$ 20,000,000 between all the district's funds and accounts, in accordance with the provisions of Education Code sections 42603 or 42603.1 and subject in each instance to approval by the Superintendent or his designee.

PASSED AND ADOPTED this 16th day of December, 2020 by the Board of Trustees of the Oxnard School District of Ventura County, California, following a public hearing, by the following vote:

Ayes:

Noes:

Absent:

I, Debra M. Cordes, Clerk of the Board of Trustees, do hereby certify that the foregoing is a full, true and correct copy of the resolution passed and adopted by the Board at a regular meeting called, conducted, and held on said date.

Agenda Section: Section C: Support Services Agreement

Approval of Agreement/MOU #20-92 – Livingston Memorial Visiting Nurses Association (DeGenna/Ridge)

Livingston Memorial Visiting Nurses Association (LMVNA) will provide grief and bereavement services for OSD students, families, and staff, in partnership with the Oxnard School District during the 2020-2021 school year. During the pandemic, or when unable to meet in person, LMVNA will provide virtual grief support for students, families and staff.

FISCAL IMPACT:

None

RECOMMENDATION:

It is the recommendation of the Director, Pupil Services, and the Assistant Superintendent, Educational Services that the Board of Trustees approve Agreement/MOU #20-92 with Livingston Memorial Visiting Nurses Association.

ADDITIONAL MATERIALS:

Attached: [Agreement-MOU #20-92, Livingston Memorial Visiting Nurse Association \(3 Pages\)](#)

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) explains and confirms the agreements between the **Livingston Memorial Visiting Nurses Association (LMVNA)** (Provider) and the Oxnard School District (OSD).

Memorandum of Understanding Purpose:

The purpose of this MOU is to create and confirm an effective working relationship between the designated party and OSD. This MOU also provides the means by which the Provider and the OSD will maintain a collaborative relationship to ensure inter-agency services to OSD students, families, and staff.

Memorandum of Understanding Timeline:

This MOU is effective November 5th, 2020 and will extend through June 30th, 2021, renewable each year unless specifically non-renewed or cancelled by either party. Both Provider and OSD will need to annually confirm in writing their desire to continue MOU. Any changes to the MOU must be documented on a Renewal of Prior MOU form (Exhibit A).

Memorandum of Understanding and Description of Services:

Provider agrees to the following:

1. Provide grief and bereavement services in partnership with OSD services for OSD students, families, and staff.
2. To be responsible for the primary supervision of Provider's employees.
3. Provide information and education to students, families, and staff.
4. Identify representation for participation in meetings with OSD as required.
5. Set standards of care and oversee and coordinate all services.
6. Be responsible for safeguarding participant information in compliance with Title 42 Code of Federal Regulations, Part 2 as well as health Insurance Portability and Accountability Act (HIPPA) standards.
7. Ensure that Provider's employees/volunteers have completed an appropriate background check and live scan, have received adequate training in the services being provided, and appropriate licenses/certificates are in current standing.
8. Be responsible for supervising any students or volunteers that Provider utilizes whether or not the supervisor is present on campus. Provider further agrees that no OSD student will be left alone with one of Provider's students or volunteers while on school campus.
9. Inform OSD of changes in schedule and status.
10. Work with the OSD staff as needed.
11. Comply with policies of OSD.
12. Provider reserves the right to withdraw any employee or volunteer at Provider's discretion.
13. Follow proper procedures to ensure patient privacy.

14. Supply proof of workers' compensation, public liability, auto liability (when appropriate/requested) and medical malpractice (when appropriate/requested) insurance to OSD on an on-going basis to verify Provider's on-going coverages are in force. Provider's public liability and auto liability (if appropriate/requested) shall name OSD, its employees, agents and school board members as an additional insured. Additionally, Provider will verify that all Affiliated Clinics maintain the above specified insurance policies.
15. During a pandemic or when unable to meet with students in person, Livingston Memorial Visiting Nurse Association will provide virtual grief support for the student body.

OSD agrees to the following:

1. Serve as administrator for services for OSD students, families, and staff.
2. Allocate space to accommodate Provider staff as they work on OSD sites.
3. Communicate all accumulated patient information to Provider through the referral process.
4. Participate in training and cross training.
5. Maintain records of visit results for all students, families, and staff served by Provider.
6. Provide referrals to Provider as appropriate.
7. Provide information about Provider and offered programs as appropriate.
8. Set up initial and follow up appointments.
9. Reserves the right to request Provider to withdraw any Provider employee/volunteer from its facility whose conduct or work with students, the community or personnel is not in accordance with OSD policies and procedures or is detrimental to students or others.

Both the OSD District Office Administration and Provider will agree on all elements of any program prior to implementation. Any potential funding issues that are not cost neutral are required to be approved by the OSD District Office Administration prior to program implementation.

Indemnification:

The OSD shall save, defend, hold harmless and indemnify Provider (its employees, volunteers, officers, directors and agents), from and against any and all losses, damages, liabilities, claims, and costs of whatsoever kind and nature for injury to or death of any person and for loss or damage to any property arising from all acts or omissions to act of OSD or its board members, officers, employees, volunteers or agents occurring in connection with or in any way incident to or arising out of this Agreement except for liability resulting from the active negligence, sole negligence or willful misconduct of Provider.

Provider shall save, defend, hold harmless and indemnify the OSD (District, board members, employees, volunteers and agents), from and against any and all losses, damages, liabilities, claims, and costs of whatsoever kind and nature for injury to or death of any person and for loss or damage

05/23/18

to any property arising from all acts or omissions to act of Provider or its employees, volunteers, officers, directors or agents occurring in connection with or in any way incident to or arising out of this Agreement except for liability resulting from the active negligence, sole negligence or willful misconduct of OSD.

Cancellation:

This MOU may be cancelled by either party upon 30 days written notice.

OXNARD SCHOOL DISTRICT

Agreement #20-93

AGREEMENT FOR CONSULTANT SERVICES

This Agreement for Consultant Services (“Agreement”) is entered into as of this 4th day of November 2020 by and between the Oxnard School District (“District”) and Kristine Mraz LLC (“Consultant”). District and Consultant are sometimes hereinafter individually referred to as “Party” and hereinafter collectively referred to as the “Parties.”

RECITALS

A. District is authorized by *California Government Code* Section 53060, and Board Policy 4368, to contract with independent contractors for the furnishing of services concerning financial, economic, accounting, engineering, legal, administrative and other matters. District has sought, by issuance of a Request for Proposals or Invitation for Bids, the performance of the Services, as defined and described particularly on Exhibit A, attached to this Agreement.

B. Following submission of a proposal or bid for the performance of the Services, Consultant was selected by the District to perform the Services.

C. The Parties desire to formalize the selection of Consultant for performance of the Services and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained here and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

1. **Incorporation of Recitals and Exhibits.** The Recitals set forth above and all exhibits attached to this Agreement, as hereafter amended, are incorporated by this reference as if fully set forth herein.

2. **Term of Agreement.** Subject to earlier termination as provided below, this Agreement shall remain in effect from November 5, 2020 through January 31, 2021 (the “Term”). This Agreement may be extended only by amendment, signed by the Parties, prior to the expiration of the Term.

3. **Time for Performance.** The scope of services set forth in Exhibit A shall be completed during the Term pursuant to the schedule specified Exhibit A. Should the scope of services not be completed pursuant to that schedule, the Consultant shall be deemed to be in Default as provided below. The District, in its sole discretion, may choose not to enforce the Default provisions of this Agreement and may instead allow Consultant to continue performing the Services.

4. **Compensation and Method of Payment.** Subject to any limitations set forth below or elsewhere in this Agreement, District agrees to pay Consultant the amounts specified in Exhibit B “Compensation”. The total compensation shall not exceed Five Thousand Four Hundred Dollars (\$5,400.00), unless additional compensation is approved in writing by the District.

- a. Each month Consultant shall furnish to District an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-consultant contracts. Sub-consultant charges, if any, shall be detailed by the following categories: labor, travel, materials, equipment and supplies. District shall independently review each invoice submitted by the Consultant to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection b. In the event any charges or expenses are disputed by District, the original invoice shall be returned by District to Consultant for correction and resubmission.
- b. Except as to any charges for work performed or expenses incurred by Consultant which are disputed by District, District will use its best efforts to cause Consultant to be paid within forty-five (45) days of receipt of Consultant's correct and undisputed invoice.
- c. Payment to Consultant for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Consultant.

5. **Termination.** This Agreement may be terminated at any time by mutual agreement of the Parties or by either Party as follows:

- a. District may terminate this Agreement, with or without cause, at any time by giving thirty (30) days written notice of termination to Consultant. In the event such notice is given, Consultant shall cease immediately all work in progress; or
- b. Consultant may terminate this Agreement for cause at any time upon thirty (30) days written notice of termination to District.

6. **Inspection and Final Acceptance.** District may, at its discretion, inspect and accept or reject any of Consultant's work under this Agreement, either during performance or when within sixty (60) days after submitted to District. If District does not reject work by a timely written explanation, Consultant's work shall be deemed to have been accepted. District's acceptance shall be conclusive as to such work except with respect to latent defects, fraud and such gross mistakes as amount to fraud. Acceptance of any of Consultant's work by District shall not constitute a waiver of any of the provisions of this Agreement including, but not limited to indemnification and insurance provisions.

7. **Default.** Failure of Consultant to perform any Services or comply with any provisions of this Agreement may constitute a default. The District may give notice to Consultant of the default and the reasons for the default. District shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of the notice until the default is cured. The notice shall include the timeframe in which Consultant may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, at the discretion of the District. During the period of time that Consultant is in default, the District shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the District may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Consultant does not cure the default, the District may terminate this Agreement as provided above. Any failure on the part of the District to give notice of the Consultant's default shall not be deemed to result in a waiver of the District's legal rights or any rights arising out of any provision of this Agreement.

8. **Ownership of Documents.** All maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Consultant in the course of providing any services pursuant to this Agreement (collectively and individually, the "Documents") shall

become the sole property of District and may be used, reused or otherwise disposed of by District without the permission of the Consultant. Upon completion, expiration or termination of this Agreement, Consultant shall turn over to District all such Documents.

9. **Use of Documents by District.** If and to the extent that District utilizes for any purpose not related to this Agreement any Documents, Consultant's guarantees and warrants related to Standard of Performance under this Agreement shall not extend to such use of the Documents.

10. **Consultant's Books and Records.** Consultant shall maintain any and all documents and records demonstrating or relating to Consultant's performance of services pursuant to this Agreement for a minimum of three years after termination or expiration of this Agreement, or longer if required by law.

- a. Consultant shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to work, services, expenditures and disbursements charged to District pursuant to this Agreement for a minimum of three years, or longer if required by law, all in accordance with generally accepted accounting principles and with sufficient detail so as to permit an accurate evaluation of the services provided by Consultant pursuant to this Agreement.
- b. Any and all such records or documents shall be made available for inspection, audit and copying, at any time during regular business hours, upon request by District or its designated representative. Copies of such documents or records shall be provided directly to the District for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Consultant's address indicated for receipt of notices in this Agreement.
- c. District has the right to acquire custody of such records by written request if Consultant decides to dissolve or terminate its business. Consultant shall deliver or cause to be delivered all such records and documents to District within sixty (60) days of receipt of the request.

11. **Independent Contractor.** Consultant is and shall at all times remain a wholly independent contractor and not an officer, employee or agent of District.

- a. The personnel performing the services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Consultant, its agents or employees shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees, or agents are in any manner officials, officers, employees or agents of District. Neither Consultant, nor any of Consultant's officers, employees or agents, shall, by virtue of services rendered under this Agreement, obtain any rights to retirement, health care or any other benefits which may otherwise accrue to District's employees. Consultant will be responsible for payment of all Consultant's employees' wages, payroll taxes, employee benefits and any amounts due for federal and state income taxes and Social Security taxes since these taxes will not be withheld from payment under this agreement.
- b. Consultant shall have no authority to bind District in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against District, whether by contract or otherwise, unless such authority is expressly conferred in writing by District, or under this Agreement.

12. **Standard of Performance.** Consultant represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the services required under this Agreement in a thorough, competent and professional manner. Consultant shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. In meeting its obligations under this Agreement,

Consultant shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to those required of Consultant under this Agreement.

13. **Confidential Information.** All information gained during performance of the Services and all Documents or other work product produced by Consultant in performance of this Agreement shall be considered confidential. Consultant shall not release or disclose any such information, Documents or work product to persons or entities other than District without prior written authorization from the Superintendent of the District, except as may be required by law.

- a. Consultant shall promptly notify District if it is served with any summons, complaint, subpoena or other discovery request, court order or other request from any party regarding this Agreement or the work performed hereunder.
- b. District retains the right, but has no obligation, to represent Consultant or be present at any deposition, hearing or similar proceeding. Consultant agrees to cooperate fully with District and to provide District with the opportunity to review any response to discovery requests provided by Consultant; provided that this does not imply or mean the right by District to control, direct, or rewrite said response.

14. **Conflict of Interest; Disclosure of Interest.** Consultant covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of District or which would in any way hinder Consultant’s performance of services under this Agreement. Consultant further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the District.

- a. Consultant agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of District in the performance of this Agreement.
- b. Bylaws of the Board 9270 BB and 9270(BB) E, as hereinafter amended or renumbered, require that a Consultant that qualifies as a “designated employee” must disclose certain financial interests by filing financial interest disclosures. By its initials below, Consultant represents that it has received and reviewed a copy of the Bylaws of the Board 9270 BB and 9270(BB) E and that it [____] does [X] does not qualify as a “designated employee”.

_____ (Initials)

- c. Consultant agrees to notify the Superintendent, in writing, if Consultant believes that it is a “designate employee” and should be filing financial interest disclosures, but has not been required to do so by the District.

_____ (Initials)

15. **Compliance with Applicable Laws.** In connection with the Services and its operations, Consultant shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules including, but not limited to, minimum wages and/or prohibitions against discrimination, in effect during the Term. Consultant shall obtain any and all licenses, permits and authorizations necessary to perform the Services. Neither District, nor any elected or appointed boards, officers, officials, employees or agents of District shall be liable, at law or in equity, as a result of any failure of Consultant to comply with this section.

- a. Without limiting the generality of the foregoing, Consultant shall comply with any applicable fingerprinting requirements as set forth in the Education Code of the State of California.

_____ (Initials)

16. **Unauthorized Aliens.** Consultant hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, et seq., as amended, and in connection therewith, shall not employ “unauthorized aliens” as that term is defined in 8 U.S.C.A. §1324a(h)(3). Should Consultant so employ such individuals for the performance of work and/or services covered by this Agreement, and should any liability or sanctions be imposed against District for such employment, Consultant hereby agrees to and shall reimburse District for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by District.

17. **Non-Discrimination.** Consultant shall abide by the applicable provisions of the United States Civil Rights Act of 1964 and other provisions of law prohibiting discrimination and shall not discriminate, in any way, against any person on the basis of race, color, religious creed, national origin, ancestry, sex, age, physical handicap, medical condition or marital status in connection with or related to the performance of this Agreement.

18. **Assignment.** The expertise and experience of Consultant are material considerations for this Agreement. District has an interest in the qualifications of and capability of the persons and entities that will fulfill the duties and obligations imposed upon Consultant under this Agreement. In recognition of that interest, Consultant shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Consultant’s duties or obligations under this Agreement without the prior written consent of the Board of Directors of the District. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement entitling District to any and all remedies at law or in equity, including summary termination of this Agreement.

19. **Subcontracting.** Notwithstanding the above, Consultant may utilize subcontractors in the performance of its duties pursuant to this Agreement, but only with the prior written consent of the District. The Consultant shall be as fully responsible to the District for the acts and omissions of his Subcontractors, and of persons either directly or indirectly employed by him/her, as if the acts and omissions were performed by him/her directly.

20. **Continuity of Personnel.** Consultant shall make every reasonable effort to maintain the stability and continuity of Consultant’s staff and subcontractors, if any, assigned to perform the services required under this Agreement.

- a. Consultant shall insure that District has a current list of all personnel and sub-contractors providing services under this Agreement.
- b. Consultant shall notify District of any changes in Consultant’s staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance. The list notice shall include the following information: (1) all full or part-time staff positions by title, including volunteer positions whose direct services are required to provide the services described herein; (2) a brief description of the functions of each such position and the hours each position works each week or, for part-time positions, each day or month, as appropriate; (3) the professional degree, if applicable, and experience required for each position; and (4) the name of the person responsible for fulfilling the terms of this Agreement.

21. **Indemnification.**

- a. Consultant agrees to defend, indemnify, and hold harmless District, its officers, agents, employees, and/or volunteers from any and all claims, demands, losses, damages and expenses, including legal fees and costs, or other obligations or claims arising out of any liability or damage to property, or any other loss, sustained or claimed to have been sustained arising out of activities of the Consultant or those of any of Consultant’s officers, agents, employees, or subcontractors, whether such act or omission is authorized by this Agreement or not. Consultant shall also pay for any and all damage to the Property of the District, or loss or theft of such Property, done or caused by such persons. District

assumes no responsibility whatsoever for any property placed on district premises. Consultant further agrees to waive all rights of subrogation against the District. The provisions of this Agreement do not apply to any damage or losses caused solely by the negligence of the District or any of its officers, agents, employees, and/or volunteers.

_____ (Initials)

- b. The provisions of this section do not apply to claims occurring as a result of District's sole negligence or willful acts or omissions.

22. **Insurance.** Consultant agrees to obtain and maintain in full force and effect during the term of this Agreement the insurance policies set forth in **Exhibit C** "Insurance" and made a part of this Agreement. All insurance policies shall be subject to approval by District as to form and content. These requirements are subject to amendment or waiver if so approved in writing by the District Superintendent. Consultant agrees to provide District with copies of required policies upon request.

Services Agreement

This Services Agreement (the "Agreement") is made and entered into this first day of July, 2017

by and between Oxnard School District (hereinafter referred to as "District") and Ventura County Office of Education, (hereinafter referred to as "Provider").

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

CONDITIONS. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

NATURE OF RELATIONSHIP. The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status, and is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

NON-EXCLUSIVITY.

- a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.
- b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

SERVICES. Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete

all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

Provider, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

TIME OF PERFORMANCE. The term of this agreement shall commence on July 1, 2017 and may be terminated by either the District or the Provider for cause upon written notice to the other party. If not terminated, this contract will remain in effect until a new or altered contract is requested by either the District or the Provider.

PAYMENT AND EXPENSES. All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference. All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the Superintendent within 30 days of receipt of a proper invoice from Provider, which invoice shall set forth in reasonable detail the Services performed. The Superintendent reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the Superintendent's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the Superintendent is disputed, the Superintendent shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice. The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between District and Provider.

ASSIGNMENT AND SUBCONTRACTORS. Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and affect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement

TERMINATION OR AMENDMENT. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

NOTICE. Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns. If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by

like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

District:

School District: Oxnard
Attn: Chris Ridge
Address: 1051 South A Street
Oxnard, CA 93030

Provider:

Ventura County Office of Education
Attn: [REDACTED], Director of Internal Business
5189 Verdugo Way Lisa Cline
Camarillo, CA 93012

WARRANTY. Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.

COMPLIANCE WITH LAWS. Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination.

NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, or national origin.

INDEMNIFICATION. Contractor agrees to defend, indemnify, and hold harmless District, its governing Board, officers, agents, employees, and/or volunteers from any and all claims, demands, losses, damages and expenses, including legal fees and costs, however caused, resulting directly or indirectly from or connected with Provider's negligence or wrongful acts or omissions.

District agrees to defend, indemnify, and hold harmless Provider, its officers, agents, employees, and/or volunteers from any and all claims, demands, losses, damages and expenses including legal fees and costs, however caused, resulting directly or indirectly from or connected with District's negligence or wrongful acts.

INSURANCE. District and Provider each participate in the Ventura County School Self-Funding Authority (VCSSFA), and therefore collectively self-insure for workers' compensation, general liability, and property coverage under the VCSSFA self-insurance programs.

SAFETY AND SECURITY. Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Certain entities that contract with a school district are required to comply with Education Code section 45125.1 regarding fingerprinting requirements unless the district determines that the Provider will have limited contact with students.

Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider will provide proof, upon request, that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

GOVERNING LAW AND VENUES. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in a state court situated in the County of Ventura, State of California.

ARBITRATION. Any dispute arising under this Agreement, including, without limitation, all disputes relating in any manner to the performance or enforcement of this Agreement shall be resolved by binding arbitration in Ventura County pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

ATTORNEYS FEES. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney's fees and costs incurred in connection with such actions or proceeding

DOCUMENT RETENTION. After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District. If the District does not request District's document(s) for a particular service, Provider will retain document(s) as required by law.

NATURE OF AGREEMENT. This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

BINDING EFFECT. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

WAIVER. No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.

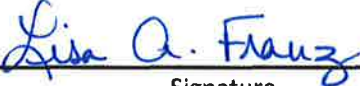

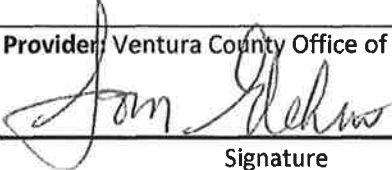

SEVERABILITY. It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.

PARAGRAPH HEADINGS. The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.

AUTHORITY. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.

COUNTERPART EXECUTION: ELECTRONIC DELIVERY. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an "ink-signed" original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above.

2017 – 2018 STATEMENT OF WORK

VCOE Hearing Conservation and Audiology Services offers hearing screening, audiological assessment, and educational audiology services for students in Ventura County. These services may be used for:

- Mandated and non-mandated student populations
- General education students, including students with a 504 Plan
- Students in special education with an IEP eligibility other than *hard of hearing*, deaf, *VI* or *OI*.

Note: Audiology services for students in special education with low incidence eligibilities are provided through SELPA funding and are *not* included in this contract.

Services and costs are itemized below. A more detailed description of each service follows.

Districts will be billed only for rendered services that pre-authorized by a designated district personnel.

Schedule of Fees

| Schedule of Hearing Conservation Services | Fees |
|--|---------------------------------|
| <i>Staff are credentialed/certified, licensed and qualified to provide these services.</i> | |
| Hearing Screening (by audiometrist for students in general education classrooms) | \$500/half day \$1000/day |
| Functional Hearing Screening– Special Education (by audiologist for students with moderate/severe disabilities in special day classes) | \$600/half day \$1200/day |
| Educational Audiology Services (services to students who are <i>not</i> identified with special education eligibility in the area of deafness, hard of hearing, or other low incidence disability) | \$130/hour |
| Audiological/Hearing Evaluation at VCOE (comprehensive testing to determine the presence and characteristics of hearing loss) | \$130 |
| Hearing Aid/Cochlear Implant Evaluation at VCOE (evaluation of a student’s hearing function while using their personal hearing device) | \$200 |
| (Central) Auditory Processing (CAPD) Assessment at VCOE (covers CAPD services through the assessment and report dissemination) | \$850 |
| (Central) Auditory Processing (CAPD) Post-Assessment Services (hourly rate for all consultation, communications, IEP attendance, and other related services beyond the assessment and report) | \$130/hour billed to the ¼ hour |

DESCRIPTION OF HEARING SERVICES

HEARING SCREENING. Students in general education classrooms, and in special education classrooms for mild disabilities, are screened by an audiometrist at the school site to identify students with a high probability of hearing loss and to monitor students with previous screening failure.

Mandated student populations include (per Ed Code Section 49452 and CCR Title 17 Section 2951):

- All students attending general education grades kindergarten, 2nd, 5th, 8th and 10th (in the absence of a 10th grade waiver). Students in transitional kindergarten are included at the request of the school district.
- Special education students upon initial entry to special education and every third year thereafter
- Students at first entry into the California public school system, or new to the school district if prior screening records are not readily available
- Students referred due to concerns from school staff or parents
- Students in any grade who did not pass the previous hearing screening or are known to have a hearing problem that needs periodic monitoring
- All students attending general education grades kindergarten, 2nd, 5th, 8th and 10th (in the absence of a 10th grade waiver).

Special education students in special day classes for students with mild involvement (likely capable of responding with conventional procedures) in need of screening will be identified by school personnel. Additional special education students with mild involvement that fall outside the mandate can be included at the discretion of school personnel.

There will be a second visit 2-6 weeks post initial screening to re-test failures and catch previously absent students

Call 805-437-1380 or email hearing@vcoe.org to schedule Hearing Screening. Signature on Service Agreement authorizes the service.

FUNCTIONAL HEARING SCREENING. Special education students with *moderate/severe disabilities* require advanced expertise and equipment provided by an audiologist. Screening is mandated for students as part of the initial entry into special education and every three years thereafter (usually corresponding with the triennial assessment). Additional special education students that fall outside the mandate can be included at the discretion of the designated district personnel.

- Students in need of functional screening by the audiologist are identified by school personnel.
- Functional screening occurs outside of the general education mass screening and does not include a re-test session.

Call 805-437-1380 or email hearing@vcoe.org to schedule Hearing Screening. Signature on Service Agreement authorizes the service.

AUDIOLOGICAL / HEARING EVALUATION SERVICES. Audiological evaluations are conducted at VCOE to determine the presence and characteristics of hearing loss, provide educationally-relevant information to school personnel, and to link parents to community-based services. Students are referred by designated district personnel due to hearing screening failure, concern about hearing, history of known hearing loss in need of monitoring, absenteeism at screening session, or inability to comply during school-based screening. Audiological evaluations are completed at the request of school personnel, subsequent to pre-authorization by designated district personnel.

The form *Referral/Authorization for Hearing Services 2017-2018* or a signed *Assessment Plan* must be submitted to request this service. <http://www.vcoe.org/Hearing-Conservation/Hearing-Evaluations>

HEARING AID/COCHLEAR IMPLANT EVALUATIONS. Hearing aid evaluations are conducted at VCOE at the referral of designated district personnel, with prior district authorization, to provide educationally-relevant information regarding the deaf/hard of hearing student's auditory function with and without the use of their personal hearing devices (hearing aids or cochlear implants).

The form Referral/Authorization for Hearing Services 2017-2018 or a signed Assessment Plan must be submitted to request this service. <http://www.vcoe.org/Hearing-Conservation/Hearing-Evaluations>

EDUCATIONAL AUDIOLOGY SERVICES. For students with an IEP who do not have a low incidence disability (primary and/or secondary) as well as students in general education (with or without a 504).

Services are requested by designated district personnel and include consultation, assessment of functional listening skills in the classroom to determine the need and benefit from Hearing Assistive Technology (HAT), teacher orientation to a student's hearing loss and hearing devices, determination of accommodations, and procurement, delivery and monitoring of HAT equipment. HAT for these students must be pre-authorized by designated district personnel; costs per manufacturer invoice are charged to district.

The form Referral/Authorization for Hearing Services 2017-2018 or a signed Assessment Plan must be submitted to request this service. <http://www.vcoe.org/Hearing-Conservation/Hearing-Evaluations>

(CENTRAL) AUDITORY PROCESSING DISORDER (CAPD) ASSESSMENT. CAPD assessments are conducted at VCOE to determine a student's ability to process auditory information in relation to speech, language, learning and/or academic deficits. Authorization of designated district personnel is required. Assessment includes gathering of student records, consultation with the school team in advance of testing, comprehensive assessment, and report generation. Any additional services desired of the audiologist post-testing, such as IEP attendance and consultation with family or school/district personnel, are billed separately, as needed (see below).

The form Referral/Authorization for Hearing Services 2017-2018 or a signed Assessment Plan must be submitted to request this service. <http://www.vcoe.org/Hearing-Conservation/Hearing-Evaluations>

(CENTRAL) AUDITORY PROCESSING (CAPD) POST-ASSESSMENT SERVICES. The school team may desire the audiologist to participate in the IEP meeting, consult with family or school/district personnel to explain results and recommendations, or otherwise provide CAPD expertise. These services must be pre-authorized by designated district personnel and are billed at the hourly rate, separate from the assessment fee.

The form Referral/Authorization for Hearing Services 2017-2018 must be submitted to request this service. Administrator signature is authorization for billing. <http://www.vcoe.org/Hearing-Conservation/Hearing-Evaluations>

WORK SCHEDULE. Screening and audiological services will be conducted during normal school/business hours with service dates determined via mutual agreement of VCOE Hearing Conservation, school district, and the applicable school/family.

PAYMENT SCHEDULE. Districts will be billed quarterly.

ALL INCLUSIVE SERVICE AGREEMENT FOR TEMPORARY HEALTHCARE PROFESSIONAL COVERAGE

This All Inclusive Service Agreement for Temporary Healthcare Professional Coverage ("Agreement") by and between Oxnard Elementary School District ("Client"), a nonprofit organization, with its principal place of business located at 1051 South A Street, Oxnard, CA 93030, and CompHealth Medical Staffing ("CompHealth"), with its principal place of business located at 2900 Charlevoix Drive SE, Suite 200, Grand Rapids, MI 49546 (collectively the "Parties" and each individually a "Party") is hereby entered into, made and effective as of July 15, 2020 ("Effective Date").

Section A, Intent of Agreement

CompHealth is in the business of providing temporary allied healthcare professional staffing services. Client is in need of temporary staffing services. By this Agreement, the Parties intend that CompHealth will furnish healthcare professionals ("Provider(s)") to provide clinical services to Client on a temporary basis ("Provider Coverage") for the time periods requested by Client ("Assignment(s)"). Therefore, this Agreement describes the relationship between the Parties with respect to Provider Coverage.

Section B, Duties of CompHealth

B.1 Arrangement of Assignments

Client may request an unlimited number of Assignments hereunder. Once arrangements have been made for a Provider to furnish Provider Coverage in response to a requested Assignment, and upon Client's verbal acceptance of Provider and Fees for the same (as defined below), the requested Assignment shall be binding upon Client and CompHealth will confirm the Assignment in writing ("Confirmation"). Confirmations shall be deemed received upon sending. Each Confirmation shall include the name and specialty of Provider furnishing services, the dates and location of the Assignment, the applicable Fees for the Assignment, the applicable Recruitment Fee (as defined below) for the Assignment and deviations to this Agreement for the related Assignment, if any. Client may object in writing to incorrect Confirmations promptly upon receipt, but in any event no later than three (3) business day(s) after receipt. In the event Client objects to any Confirmation, CompHealth shall either correct the error or the Parties shall in good faith work to resolve any disagreement and a corrected Confirmation shall be issued once the Parties reach Agreement. All Assignments are binding and subject to the cancellation provisions below once Client has verbally accepted a Provider; incorrect, incomplete or delayed Confirmations do not create a right of cancellation. In the event that any changes are made to an Assignment after a Confirmation has been issued, a subsequent Confirmation will be issued which reflects the changes and such subsequent Confirmation shall be controlling.

B.2 Providers as Employees of CompHealth

Each Provider is an employee of CompHealth and CompHealth shall therefore be responsible for compensating Providers directly. CompHealth's obligation to compensate Providers includes the obligation to pay employment taxes and furnish Worker's Compensation coverage and other insurance as required by law. Providers are required to notify CompHealth in the event they are injured while on an Assignment.

B.3 Licensure, Competency

CompHealth shall require each Provider furnishing Provider Coverage to be appropriately licensed. Provider shall be responsible for maintaining his or her license in good standing, if applicable. Each Provider furnished by CompHealth will have been tested for competency prior to beginning an Assignment. CompHealth will furnish each Provider with orientation. The performance of Providers will be evaluated by CompHealth and training resources will be made available to each Provider.

B.4 Assignment of Billing Rights, Chart Documentation

Fees due from patients as a result of Provider Coverage belong to Client. If applicable, CompHealth agrees to direct Providers to promptly execute such documents as are reasonably required to assign billing rights to Client. CompHealth will direct Providers to promptly complete chart documentation. Client shall take all reasonable measures to complete transcription prior to Provider's departure from an Assignment.

B.5 Professional Liability Insurance

CompHealth shall provide professional liability insurance coverage for each Provider while on Assignment with Client to cover all incidents which may occur during an Assignment, regardless of when a claim is made, in limits of \$1,000,000 per Provider per incident and \$3,000,000 per Provider in the annual aggregate or such higher limits as may be required by law. Insurance coverage is subject to the terms of the policy and covers medical malpractice only.

B.6 General Liability Insurance

CompHealth shall provide general liability insurance to cover each Provider while on Assignment with Client in limits of \$1,000,000 per incident and \$3,000,000 per annual aggregate. Insurance coverage is subject to the terms of the policy.

Section C, Duties of Client

C.1 Client to Notify of Acceptability of Providers

In response to Client's request for Provider Coverage and subject to availability, CompHealth will present Providers to Client for consideration. Client has the right to reject any Provider so presented. Confirmations shall not be issued until Client has verbally accepted the Provider presented and has verbally agreed to the applicable Fee(s) and Recruitment Fee.

C.2 Client to Furnish Practice Description, Establish Work Schedule and Furnish Equipment & Supplies, Reassignment (Floating)

For each Assignment, Client shall provide a practice description ("Practice Description"). Client agrees to not request Provider to perform work which materially deviates from the Practice Description. In the event a Provider is asked to float, Client agrees to not reassign Provider to perform work not contemplated by the Practice Description. For each Assignment, Client shall provide each Provider with a reasonable work schedule. Client shall be responsible to provide each Provider with reasonably maintained and usual and customary equipment and supplies, and a suitable practice environment in compliance with acceptable ethical, medical and legal standards.

C.3 Housing, Travel Arrangements & Per Diem Allowance

With the exception of cancellation circumstances as described in Section E.1, Fees are all inclusive and will include all per diem charges. The Parties agree that for each Assignment confirmed under this Agreement Client agrees to reimburse CompHealth through the all inclusive bill rate for all meal, incidental and lodging per diem allowances paid by CompHealth to any of its Providers providing services to Client under this Agreement. CompHealth shall provide Client with information detailing the per diem allowances on a report referenced and included as a part of each invoice as further outlined below in Section D.1. The per diem report shall contain the names of each CompHealth Provider who received per diem allowances during the period referenced on the invoice, as well as the aggregate amount of those allowances during the billing period. Each such per diem report shall be deemed to be incorporated by reference into the applicable invoice and read as a part thereof.

C.4 Practice Standards

Client shall comply with all applicable OSHA, federal, state, local and other professional standards, laws, rules and regulations relating to patient care and work environment. CompHealth will direct Providers to comply with Client's policies and procedures and all applicable professional standards, laws, rules, and regulations. It is Client's responsibility to inform Providers of Client policies and procedures.

C.5 Risk Management and Incident Reporting Cooperation

Client agrees to cooperate with CompHealth's reasonable risk management and quality assurance activities. Should Client become aware of an incident or claim which may give rise to a claim under CompHealth's professional liability policy of insurance, Client agrees to promptly notify CompHealth of the nature of the claim and report all necessary information related to the claim. Client understands and agrees that failure to report an incident may result in loss of coverage. The obligations of this Section C.5 shall survive any termination of this Agreement. CompHealth has in place a formal Risk Management Protocol ("Protocol"), which policy details how incidents are reported, tracked and documented. The Protocol is available for review by Client upon request.

C.6 Change in Worksite Location

Should Client wish to change the location of the worksite during any Assignment, it agrees to secure CompHealth's advance permission. In the event that Client wishes to change the location of the worksite, and such change results in the Provider having to commute more than thirty (30) minutes or thirty (30) miles from Provider's housing accommodations, then the Parties shall mutually agree upon a resolution that fairly compensates CompHealth and Provider for the change, which may include but is not necessarily limited to charges for Costs (as defined in Section E.1 below) incurred in securing housing accommodations closer to the new worksite.

C.7 Competency

Client shall furnish Providers with orientation, competency assessment and training equivalent to that provided to Client's own employees upon Provider's arrival at Client's facility.

Section D, Fees

D.1 Fee Schedule

Client shall pay CompHealth fees ("Fee(s)") for Provider Coverage as specified in the Confirmation for the related Assignment. CompHealth is providing Client with an aggregated hourly billing rate which is inclusive of both amounts for healthcare services provided by Providers and expense reimbursements for per diem allowances paid by CompHealth to Providers (with zero percent (0%) markup). The aggregated hourly billing rate (whether set forth in the Agreement or any Confirmation thereto) is provided solely at Client's request for Client's cost comparison purposes and shall in no way reflect treatment of how CompHealth is paying wages to Providers and reimbursing Providers for per diem allowances.

D.2 Deposit, Costs of Obtaining Privileges

Upon a Confirmation being issued for the first Assignment requested under this Agreement, Client shall pay to CompHealth a deposit of \$0.00 to be credited towards the last two weeks of Provider Coverage. No deposit shall be required for additional Assignments hereunder. Notwithstanding the foregoing, CompHealth reserves the right to require additional deposits during the Term of this Agreement if, in its sole discretion, Client's credit and payment history warrant doing so. If applicable, Client agrees to be responsible for payment of the costs associated with obtaining privileges, if any, for each Provider that furnishes Provider Coverage hereunder.

D.3 Invoicing

Fees are invoiced bi-weekly. Invoices will include applicable taxes. Fees are determined based upon Provider's work record. Invoices will include other charges agreed upon in the Confirmation, if any. Upon request, CompHealth will provide a reconciliation within 30 days of the completion of an Assignment. Payment for each two-week period is due immediately upon receipt of an invoice for that period. Invoices shall be deemed received on the tenth (10th) business day after the date of invoice.

D.4 Minimum Workweek

CompHealth requires that a minimum of thirty-seven and a half (37.5) hours per week per Provider ("Minimum Fee") be billed Client regardless of actual time worked. Therefore, if the total Fees for any one week are for less than the Minimum Fee, CompHealth will bill Client and Client agrees to pay the Minimum Fee. The Minimum Fee shall be reduced on a pro rata basis if: a) the Provider working the Assignment voluntarily misses work for any reason (e.g. if the Provider calls in sick, fails to report to work, etc.) or, b) the school is closed for any reason (e.g. inclement weather, school holidays and non-working days as referenced in school's calendar).

D.5 Failure to Issue Confirmation

Should CompHealth fail to issue a Confirmation for any Assignment, and Provider Coverage is rendered, CompHealth's failure shall not abrogate Client's responsibility for payment of Fees for the Provider Coverage received. In that instance, Fees and the Recruitment Fee (if Client or a third party offers Work, as described and defined below, to a Provider and Provider accepts) shall be charged at the current market rate for that specialty.

Section E, Term, Cancellation and Removal of Provider

E.1 Cancellation of an Assignment

For all Assignments for which verbal acceptance of a Provider has been given by Client, Client must provide to CompHealth written and verbal notice of cancellation of an Assignment at least thirty (30) days in advance. Written notice shall be deemed to be received upon sending. In the event that Client provides (30) days advance notice of cancellation, Client shall be responsible for payment of actual fees and charges that may result from cancellation of an Assignment, including but not limited to lost rents, security deposits and airfare ("Costs"). In the event that Client provides less than thirty (30) days notice of cancellation, Client shall be responsible for payment of: a) the total Fee due for the period covered by the Assignment up to a maximum of thirty (30) calendar days ("Damages"); and b) Costs. In the event that an Assignment is scheduled less than thirty (30) days in advance and Client cancels, Client shall be responsible for payment of the total Fee due for the period covered by the Assignment up to a maximum of thirty (30) calendar days (also "Damages") as well as Costs. Notwithstanding the foregoing, and provided that Client communicated its minimum credentialing and/or privileging requirements in writing at the time it requested an Assignment, in the event that a

Provider is not granted privileges required for any Assignment or does not meet Client's credentialing requirements, then Client shall not be liable for any Damages or Costs associated with cancellation.

E.2 Requests for Provider Coverage

CompHealth does not guarantee the ability to fill Assignments requested hereunder. Only Assignments for which a Provider has been verbally accepted by Client shall be binding upon CompHealth. In the event a Provider for a binding Assignment cancels, CompHealth shall exercise best efforts to furnish a replacement Provider but shall have no other liability.

E.3. Termination of Agreement

Either Party may terminate this Agreement with thirty (30) days advance written notice, subject to Section E.1 above. In the event of Client's failure to pay monies due hereunder or other material breach, CompHealth may immediately terminate this Agreement with written notice. The obligation to pay monies due under this Agreement shall survive termination.

E.4 Term

The term of this Agreement ("Term") shall begin on the Effective Date and continues thereafter until June 30, 2021.

E.5 Removal of Provider

Should Client determine that a Provider must be removed from an Assignment for reasons related to demonstrated professional incompetence, repeated unauthorized absence or repeated unauthorized tardiness at any time during the Assignment, Client shall communicate to CompHealth the reason for the removal request in advance of removal and cooperate with CompHealth in providing necessary risk management information (if applicable) and documentation of the reasons for removal. CompHealth shall verify and assess the reason for the requested removal and promptly notify Provider of the removal. ~~CompHealth reserves the right to first counsel Provider and provide an opportunity for Provider to correct any deficiencies prior to any such removal if, in its reasonable discretion, there is no risk of patient endangerment.~~ CompHealth will not remove a Provider from an Assignment for discriminatory reasons.

Section F, Later Placements

F.1 Client Offer of Position to Provider

Client agrees that should it, or any third party introduced to Provider by Client (when the introduction has been made for the purpose of enabling the third party to recruit Provider for Work or when the third party is a facility to whom Client has furnished Provider's services), offer Work (as defined below) to any Provider introduced to Client by CompHealth during the Term of this Agreement and for a period of two (2) years after the first date of introduction to Client or, if Provider has furnished Provider Coverage for Client, for a period of two (2) years after the last day of Provider's last Assignment with Client under this Agreement, and said offer is accepted, then Client shall pay to CompHealth as consideration for the introduction a recruitment fee in the amount as listed in the related Confirmation ("Recruitment Fee") per Provider so hired or engaged, regardless of whether or not that Provider actually performed work for Client through CompHealth. The obligations of this Section F.1 shall survive termination of this Agreement.

F.2 Client Notification of Previous Knowledge of Provider

Client must inform CompHealth in writing within twenty-four (24) hours if any Provider presented by CompHealth is already known to Client through means other than CompHealth. If Client fails to so notify CompHealth, CompHealth shall be deemed to have made the introduction.

F.3 Recruitment Fee Payment Terms

Once a Provider accepts Work, the Recruitment Fee must be paid in full prior to the first day the Provider performs services in the new position. In the event the Recruitment Fee is not paid in full prior to the first day the Provider performs services in the new position, Client shall be liable for payment of the Minimum Fee per week up to the date the Recruitment Fee is paid. Once the Recruitment Fee is paid for any Provider under this Agreement, CompHealth shall not assess further Fees for that Provider and there shall be no further obligation as between CompHealth and Client with respect to that Provider.

F.4 Definition of Work

For purposes of this Agreement, "Work" shall mean an offer to work, said offer being either verbal or written, on a part or full time basis, temporary or permanent, directly as an employee or independent contractor or indirectly when arranged through another staffing company.

Section G, Standards of Service

G.1 Medicare and Medicaid Fraud Representation

Each Party represents that it is not currently under investigation or debarred by any state or federal governmental agency for Medicare or Medicaid fraud. In the event an investigation of a Party is initiated by any state or federal governmental agency, or it is discovered that the representations contained herein are false, the non-breaching Party reserves the right to immediately terminate this Agreement. It is understood and agreed to by the Parties that the ability to verify if any individuals are currently debarred is dependent upon the accuracy of the information contained on the OIG list of excluded persons and the representations of each individual.

G.2 Health Insurance Portability and Accountability Act of 1996 (HIPAA)

CompHealth and its Providers are not business associates of Client pursuant to the definition of "business associate" found in 45 CFR 160.103 because Providers are members of Client's workforce (See Also 45 CFR 160.103 definition of "workforce"). Notwithstanding the foregoing, as a business associate of other covered entities, CompHealth has implemented appropriate safeguards and maintains individually identifiable patient health information ("PHI", which shall include electronic PHI) as confidential. To that end, CompHealth will use and disclose only the minimum necessary PHI and will use and disclose PHI only as permitted under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") for legal, management and administrative purposes in connection with treatment, payment and operations or as required by law.

G.3 Availability of Books and Records

To assist Client in verification of Medicare and Medicaid reimbursable costs, and in order to fulfill HIPAA requirements, CompHealth agrees for the time period required by law after furnishing services hereunder to make available to Client and appropriate governmental authorities at CompHealth corporate offices such agreements, books, documents, and records as are required by law.

G.4 Criminal Background Check, Drug Screen, Immunization and Communicable Disease Certification

As part of the credentialing process, CompHealth will perform a criminal background check on each Provider to verify that Providers have not been convicted of a felony in any county of residence (as provided by Provider) in the last seven (7) years. CompHealth will require each Provider to submit to a drug test and will not furnish Providers who have tested positive for drug use (subject to verification of false positives as required by certain state's laws). Upon Client request, CompHealth shall also require Providers to provide CompHealth evidence of immunization and certification that Provider is free from communicable diseases which are readily transferable.

Section H, Miscellaneous Provisions

H.1 Interest and Attorney's Fees

Client agrees to pay all expenses and costs, including interest and attorneys' fees, which may be incurred if collection efforts are necessary to enforce this Agreement. Client agrees to pay interest at a rate of 1-1/2 percent per month on any unpaid balance.

H.2 Entire Agreement, Amendments

This Agreement contains the entire agreement between CompHealth and Client relating to Provider Coverage. This Agreement supersedes all previous contracts and all prior agreements between the Parties relating to Provider Coverage. This Agreement may be limited to a particular department or division of Client if so indicated, in which case this is the entire agreement between the Parties relating to Provider Coverage for that particular department or division only and supersedes all prior agreements relating to that particular department or division only. Confirmations hereunder, which shall be in writing but shall not require a signature, may function to amend this Agreement on a per Assignment basis only. All other amendments to this Agreement must be in writing and signed by both Parties. In the event of a conflict between this Agreement and any Confirmation, the Confirmation shall control with respect to the Assignment covered by the Confirmation only.

H.3 Notices

For all notices required hereunder, including Confirmations, acceptable forms of communication include facsimile, electronic mail or letter sent via U.S. mail or express delivery. Notices communicated via U.S. mail or express delivery shall be effective if sent to the physical address listed in the introductory paragraph of this Agreement or such other address as may be designated in writing. Notices communicated via facsimile and electronic mail shall be effective if sent to the facsimile number and electronic mail address used by the Parties in the regular course of dealing hereunder.

H.4 Severability, Successors, Discrimination, Governing Law

If any provision of this Agreement is deemed to be invalid by a court of competent jurisdiction, all other provisions will remain effective. Failure to exercise or enforce any right under this Agreement shall not be construed to be a waiver. This Agreement shall inure to the benefit of and bind each Party's successors in interest. Neither Party shall discriminate against any Provider on the basis of race, age, gender, disability, religion, national origin, military/veteran status, pregnancy, or sexual orientation. This Agreement shall be governed by the laws of the State of California.

H.5 Client as Staffing Company or Medical Group Furnishing Clinical Services to Facilities

In the event that Client is itself a staffing company or medical group using CompHealth Providers to furnish clinical services to facilities, Client agrees to require its clients to agree to the provisions of Sections C.2, C.4, C.5 and G.1 of this Agreement. The fact that Client is itself a staffing company or medical group using CompHealth Providers to furnish clinical services to facilities shall not limit, modify or reduce any of Client's obligations hereunder.

H.6 Facsimile Signature Deemed Original, Permission to Fax and E-Mail

A facsimile signature hereon shall have the same effect as an original. By signature below, Client expressly grants CompHealth permission to send Client unsolicited advertisements and other marketing materials via facsimile and electronic mail.

H.7 Use of Subcontractors

CompHealth may occasionally use subcontractors to assist it in furnishing Provider Coverage. In cases where subcontractors are used, subcontractors shall be held to the same quality standards as have been adopted by CompHealth and shall be required to meet all the requirements and perform all the obligations contained in this Agreement. CompHealth will monitor subcontractors for quality purposes.

H.8 Handwritten Revisions

Handwritten revisions made to this Agreement which are not initialed and dated by CompHealth will be deemed to have been rejected.

The Parties acknowledge by their signatures below that they have read, understand and agree to the foregoing All Inclusive Service Agreement for Temporary Healthcare Professional Coverage. By signature below, the undersigned represents that he or she has authority to bind his or her respective Party to the foregoing.

RE: Rate Request for 2020 - 2021 School Year

Ms. Garibay:

Per your request, here are the requested rate ranges we are proposing for the Florence Unified School District 2020 - 2021 school year. The rates presented reflect the current housing costs in the area, experience of the Provider, and are based on 40 hours per week. The rates are flexible if your standard week falls below the standard 40! Please let me know if you have any questions!

OSD AGREEMENT #20-70

Supplemental Staffing Agreement

This Supplemental Staffing Agreement ("Agreement") is entered into as of the 1st day of August, 2020 ("Effective Date") between Advanced Medical Personnel Services, LLC. (d/b/a, Advanced Travel Therapy, Advanced Travel Nursing, Advanced School Staffing, Advanced Teletherapy), a Delaware company (hereinafter "Advanced") and Oxnard School District (hereinafter "District").

WHEREAS, District provides or arranges for the provision of healthcare and educational services to students and employees;

WHEREAS, Advanced employs healthcare professionals ("HCP" or "HCPs") to provide healthcare and educational services (the "Services") on an independent contract basis to healthcare providers;

WHEREAS, District desires Services at its facilities and Advanced desires to provide the Services in accordance with the terms of this Agreement; and

WHEREAS, it is contemplated by and between the Parties that this Agreement will set forth the basic understanding of the Parties, and that the Parties will be able to add additional Addenda to this Agreement in the future by written agreement between the Parties.

NOW, THEREFORE, in consideration of the mutual covenants and promises set forth herein, and other good and valuable consideration, it is mutually covenanted and agreed by and between the parties hereto as follows:

A. Engagement:

1. District hereby retains and engages Advanced to provide the Services to District at its facilities ("Facilities").

B. Obligations of Advanced:

1. Advanced shall provide HCPs determined to meet minimum requirements and qualifications ("Job Qualifications") of job vacancy requisitions ("Requisitions") on an as-available, as-needed basis to District. Advanced will make available to District qualified staff, including, but not limited to, Speech Language Pathologists, Occupational Therapists, Physical Therapists, Behavioral Specialists, Assistant Therapists (SLPA/COTA/PTA), School Psychologists ("Therapist") and School Nurses to provide supplemental healthcare support and education services ("Services") to Partner students ("Students") with identified or suspected educational or disability special needs.

2. Each HCP assigned to District will possess: (a) experience and qualifications at least equivalent to the Job Qualifications; (b) current BLS certification and other certifications as required; (c) valid professional license in state of practice, as applicable; (d) current physical examination, including proof of Hepatitis B vaccination or declination, and PPD or negative Chest X-Ray; (e) criminal background check; (f) drug testing. Advanced will provide the above documentation to District during the Quality Assurance process, in addition to other specific requirements as identified by the District.

3. HCPs reporting to a local contract or travel assignment ("Assignment") for the first time shall report to District's Human Resources Department, or Special Education Department, and provide a picture ID evidencing their identity.

4. HCPs accepted by District for Assignment will be employed by Advanced and Advanced will have sole and exclusive responsibility for the payment of wages and applicable payroll taxes for Services performed.

5. All HCPs will be W-2 employees of Advanced, and Advanced will be solely responsible for payroll, benefits, insurance and all employer-employee matters

6. Advanced shall provide professional liability insurance in limits of not less than \$2,000,000 per occurrence and \$4,000,000 in aggregate, and worker's compensation insurance as required by state law. Additionally, Advanced will carry general liability in the amount of \$1,000,000 per occurrence and \$3,000,000 in aggregate.

7. Advanced will use its best efforts to recruit qualified Clinicians to staff District's facility(ies) from Agency and/or Agency's direct and indirect subsidiaries in accordance with District's specifications.

8. Advanced will comply with all applicable federal and state laws and regulations regarding the confidential and secure treatment of Personally Identifiable Information (PII) and Personal Health Information (PHI). Compliance includes but is not limited to: HIPPA; FERPA; PPRA; COPPA; IDEA.

9. Prior to providing Services, each HCP shall receive orientation to Advanced policies and procedures, safety, infection control, rights of patients and cultural diversity and sensitivity.

10. Advanced shall assign an Account Manager to act as the primary contact between Advanced and District. The Account Manager will engage with unit managers to understand screening requirement, perform interview scheduling and other relationship management tasks required to ensure a high level of performance.

11. HCPs are required to report to Advanced any occurrence or incident outside routine events that have caused or might cause injury or loss to a patient, employee or visitor, or have resulted in damage to Advanced or District property. These types of incidents and all safety and health violations must be reported and are logged and reviewed pursuant to the Advanced incident reporting policy. Advanced will notify and, where

appropriate, will work with District to mitigate the potential for incidents to reoccur. Incidents deemed "sentinel events" as defined by the Joint Commission ("JCAHO") would be addressed pursuant to Joint Commission protocol.

C. Obligations of District:

1. District will provide Advanced with Requisitions defining the Job Qualifications of each vacancy District wishes to fill. District will be responsible to confirm through phone interview, and any other competency evaluation methods District chooses to employ, that HCP meets the Job Qualifications and is accepted for Assignment(s).

2. District shall endeavor to request HCPs for Assignment at least fourteen (14) days prior to Assignment commencement.

3. District will provide HCPs on Assignment with orientation to District policies, the relevant work setting and any program-specific policies and procedures.

4. District has the right to cancel an Assignment without penalty up to seven (7) days prior to Assignment commencement. District will pay Advanced an early cancellation fee equal to thirty-seven and a half (37.5) hours at the regular hourly bill rate if an approved assignment is canceled less than seven (7) days of the start date.

5. District retains the right to reassign or dismiss any HCP for cause. Cause shall be defined as an HCP deemed in the professional judgment of District to be: (a) incapable of performing the duties and responsibilities of the position; (b) excessively absent; (c) insubordinate; (d) found to be engaging in substance abuse; (e) engaging in unprofessional conduct or neglect of duty; (f) in violation of District rules, regulations or policies; (g) debarred from providing services under any regulation or state or federal program. District shall immediately notify Advanced of its intent to dismiss or reassign an HCP for cause and provide written notice outlining the circumstance leading to the action. In the event District dismisses an HCP for cause, District shall be obligated to pay Advanced only for hours worked by the HCP prior to dismissal. Advanced will use its best efforts to provide a replacement HCP, should District desire a replacement, within two (2) weeks of notification.

6. District shall complete and execute a Facility Assignment Confirmation form ("Confirmation Form") for each HCP accepted by District for an Assignment. Confirmation Form shall reference the incorporation of the terms of this Agreement, including the name of each accepted HCP, start and end date of Assignment, unit, shift, expected hours per workweek, billing rate(s) to District and authorization of any additional costs, fees or compensation above those listed in the Fee Schedule attached hereto as Exhibit A. Confirmation Form may also include other requested services or terms to which Advanced and District agree.

7. District guarantees each Assignment a minimum number of regular work hours per workweek (the "Expected Minimum Work Hours"). District agrees to guarantee 32 hours per week. District guarantees

each Assignment the Expected Minimum Work Hours whether or not HCP is actually utilized by District for said period. District will compensate Advanced for each Assignment at either the actual hours worked or the Expected Minimum Work Hours, whichever is greater.

8. Should District wish to dismiss a HCP for reasons other than cause, such as a change in student population or other reasons not related to performance, District agrees to provide thirty (30) day notice to Advanced. If District does not provide thirty (30) day notice, District agrees to pay Advanced thirty (30) days of the Expected Minimum Work Hours at the Assignment regular bill rate.

9. Flipping. A HCP submitted to District for acceptance may not be contracted through another agency, or hired directly by District, if the Advanced was first to submit the HCP for review. Furthermore, a parent, subsidiary, successor, assignee or partner of District, or any customer of District, may not utilize the services of HCP, unless it is through agreement with Advanced (either this Agreement or another substantially similar agreement), or as further provided hereunder.

10. District agrees not to engage, solicit, entice or attempt to hire (other than by or through this Agreement) any HCP until one (1) year after the start date of the HCP's first Assignment. If District wishes to hire a HCP within the one (1) year blackout period, District agrees to pay the applicable conversion fee as defined in Exhibit A attached hereto.

11. District will comply with all applicable federal and state laws and regulations regarding the confidential and secure treatment of Personally Identifiable Information (PII) and Personal Health Information (PHI). Compliance includes but is not limited to: HIPPA; FERPA; PPRRA; COPPA; IDEA.

12. District agrees to designate a member of its staff who will act as a coordinator for HCPs and will ensure HCPs are oriented to all applicable policies and procedures, code of conduct and safety requirements. District also agrees to provide an orientation period adequate for the specialty and competency for each Assignment, which will be considered part of the Expected Minimum Work Hours.

13. District shall only float or re-assign HCP to a student caseload or different school other than the student caseload or school HCP was originally assigned to, if HCP is determined qualified and competent to work in the alternate student caseload or different school. District agrees to provide HCP with orientation to the new student caseload or school appropriate to the HCP's qualifications and experience. District agrees to notify Advanced in writing if HCP is to be permanently re-assigned to a different school or student caseload other than the student caseload or school HCP was originally assigned to.

14. District agrees at all times to provide HCP a safe and suitable work environment which complies with all applicable federal, state, HIPAA and local workplace rules and regulations.

15. District will notify Advanced immediately in the event District becomes aware of any work-related injury to HCP, occupational exposure, safety hazard event, or "sentinel event" involving an HCP. At the

request of Advanced, District will cooperate with administration of treatment/care, and/or incident investigation and reporting. District shall provide written documentation to Advanced.

16. Exclusivity. Until such time, if any, that this Agreement is terminated pursuant to the terms of this Agreement, District grants Advanced the exclusive right to provide Therapy services to Partner, and its affiliates and subsidiaries, upon the terms as set forth in this Agreement.

D. Preferred Vendor Status:

1. Advanced shall have "Preferred Vendor" status. Under such status to assist District with obtaining Clinicians, Advanced shall be given ten (10) business days to fill all new orders prior to such order being sent to any other vendor. If Advanced has not identified an acceptable Clinician during the ten (10) business day period, District may send the order to other vendors. If District makes any changes to an order that has been submitted to other vendors, Agency shall be given two (2) business days to fill such revised order before the revised order is sent to any other vendor.

E. Compensation:

1. Advanced shall invoice District weekly according to the Fee Schedule, plus all applicable state and local taxes. Payment for invoices shall be due no later than thirty (30) days from the invoice date (Net30). A finance charge of one and one-half percent (1.5 %) per month shall be added to balances outstanding for thirty (30) days or more.

2. District agrees to pay all reasonable attorney's fees and other costs and expenses that may be incurred by Advanced to collect amounts past due for performance of Services or to enforce any other obligation under this Agreement.

F. Term and Termination:

1. The term of this Agreement shall commence on the Effective Date, and shall continue for a period of one (1) year, subject to earlier termination of this Agreement as provided for herein. Thereafter, this contract may be renewed on an annual basis with a new agreement.

2. Either party may terminate this Agreement without cause upon notice of no less than sixty (60) days. Notice shall be in writing and sent via certified mail.

3. Termination of this Agreement for any reason whatsoever shall not affect an approved Assignment hereunder. Notwithstanding the termination of this Agreement, any HCP who has started an Assignment or is confirmed to begin an Assignment shall complete such Assignment with District through the Initial Contract Period, or such applicable longer period, and District shall continue to compensate for the services of HCP according to the terms of this Agreement.

G. Miscellaneous:

1. Neither party shall have the right to assign this Agreement or any of the rights or obligations under this Agreement without the prior written consent of the other party hereto.

2. The terms, covenants, conditions, provisions and agreements herein contained shall be binding on, and inure to the benefit of the parties hereto, their successors and permitted assignees.

3. The Agreement shall be subject to and governed by the laws of the State of Colorado. The venue for any legal action or proceeding will be Broomfield County, Colorado.

4. In performing the services herein specified, both Advanced and each HCP is acting as an independent contractor and shall not be considered an employee of District. In no event shall this Agreement be construed as establishing a partnership or joint venture or similar relationship between the parties hereto, and nothing herein contained shall be construed to authorize either party to act as agent for the other. Advanced and each HCP shall be responsible for their own debts, obligations, acts and omissions, including the payment of all withholding, social security and other taxes and benefits. As an independent contractor, Advanced and/or each HCP is responsible for filing such tax returns as may be required by law or regulations.

5. Neither party to this Agreement will make any commitments nor incur any charges or expenses for, or in the name of, the other party, nor be considered the agent, partner, joint venture, employer, fiduciary or employee of the other party. The provisions set forth in this Section shall survive expiration or other termination of this Agreement, regardless of the cause of such termination.

6. Each party ("Indemnifying Party") shall indemnify, defend and hold harmless the other party and such other party's officers, directors, employees, agents and contractors (the "Indemnified Parties") from and against any and all liability, claims, losses, costs, judgments, penalties, fines, damages and expenses directly arising from the negligent acts or omissions of the Indemnifying Party, its officers, directors, agents, employees or contractors.

7. In compliance with federal law, including the provisions of Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990, as well as state and local laws regulations, the parties hereto will not discriminate on the basis of race, sex, religion, color, national or ethnic origin, age disability, sexual orientation or military service.

8. Advanced strictly follows all state wage & hour laws, include mandatory meal and rest breaks. District agrees that all state wage & hour laws are applicable and will be enforced for Advanced employees on assignment.

9. This Agreement may not be changed or modified except by written agreement executed by both parties. Notices shall be hand delivered by courier service or mailed by registered or certified mail, return receipt requested, addressed to:

10. Either party's failure to enforce, or the delay by either party in enforcing, any of the provisions, rights or remedies hereunder shall not constitute a continuous waiver or modification of such provision, right or remedy, or a waiver or modification of any other provision, right or remedy hereunder.

11. The headings contained here are for convenience reference only and shall not modify, define, limit or expand the expressed provisions of this Agreement.

12. In connection with the execution of this Agreement, the parties hereto agree that all matters relating to this Agreement are strictly confidential and that no such party shall disclose or disseminate any information concerning any term or terms of this Agreement to any third person or persons, except as set forth herein. Any such disclosure or dissemination shall be regarded as a breach of this Agreement and cause of action shall immediately accrue for damages. Disclosures made to legal and financial advisors to the extend reasonably necessary to obtain their counsel in connection with this Agreement, as long as those third parties agree to be bound by the confidentiality obligations contained herein, shall be permitted.

13. Advanced agrees to make available to the Secretary of Health and Human Services, the Comptroller General of the Government Accounting Office, District and each of their representatives, all contracts, books, documents and records that are necessary to certify the nature and extent of costs hereunder for a period of four (4) years after furnishing of services pursuant to this Agreement in the event compensation to Advanced exceeds \$10,000 per year.

14. This Agreement contains the entire Agreement between the parties hereto, and no representations or agreements, oral or otherwise, between the parties not embodied herein or attached hereto shall be of any force or effect. Any additions or amendments to this Agreement subsequent hereto shall be of no force or effect unless in writing and signed by the parties hereto. This Agreement may be executed in counterparts, each of which shall be deemed and original and all of which shall constitute a single agreement.

H. Measures to Prevent Loss of Services:

In the event that a state or local order closes one or more District facilities, the District has the following options to prevent an Advanced Employee assigned to the District from being unavailable when the District reopens its facility:

- (a) Continue to pay each Advanced Employee assigned to the facility for all previously scheduled time, as set forth in the most recent [confirmation document], during the period of time that the facility where the Advanced Employee is assigned is closed; or
- (b) Allow each Advanced Employee assigned to the facility to provide services utilizing the Advanced telehealth platform Televate or District’s preferred distance learning platform. The Advanced Employee will continue to provide services as set forth in the most recent [confirmation document].

If District elects to terminate any assignments as the result of a closure, standard termination provisions apply. If District terminates the assignment of any Advanced Employee, Advanced cannot guarantee that the Advanced Employee will be available when District reopens its facility.

IN WITNESS WHEREOF, the undersigned have executed this Agreement as of the day and year first written above.

AGREEMENT

For Paraeducator Performing Special Circumstance Educational Support

This Agreement, effective **August 24, 2020** is made by and between the Ventura County Office of Education, hereinafter referred to as SUPERINTENDENT, and the **Oxnard School District**, hereinafter referred to as DISTRICT.

1. This agreement pertains to providing exceptional service(s) for, NM100105, a Special Education pupil who is a resident of DISTRICT and currently attends Triton Academy, a special education program operated by SUPERINTENDENT.
2. SUPERINTENDENT agrees to provide for the exceptional service(s) of such Special Education pupil as authorized by DISTRICT or its designee and agreed to by SUPERINTENDENT.
3. DISTRICT shall reimburse SUPERINTENDENT the actual cost of providing the exceptional service plus the state approved indirect cost rate of SUPERINTENDENT.

Authorized exceptional service(s) shall consist of Paraeducator performing special circumstance support throughout the school day for 1,944 minutes weekly.

4. DISTRICT acknowledges that certain types of expenses will continue to accrue during periods of student's absence from school, including but not limited to salary and benefits of staff providing the exceptional service(s). DISTRICT further acknowledges that if the exceptional service(s) includes the service(s) of SUPERINTENDENT's employee(s), 45 days' notice is required to layoff an employee for lack of work. Therefore, in the event the student unexpectedly leaves SUPERINTENDENT's program, SUPERINTENDENT will make every attempt to re-assign any staff involved in providing the exceptional service(s); however, if that is not possible, DISTRICT will reimburse SUPERINTENDENT for expense incurred throughout the layoff notice period.
5. DISTRICT does hereby agree to defend, indemnify and hold harmless the SUPERINTENDENT, the Ventura County Board of Education, and its officers, and employees from any and all claims, demands, liabilities, expenses (including attorneys' fees and costs of defense) arising as a result of SUPERINTENDENT's obligations under this agreement. However, this indemnification shall not apply if it is ultimately adjudicated that such claim, demand, liability or expense arose out of the sole negligence of the SUPERINTENDENT.
6. The term of this contract shall begin 8/24/2020 (IEP date~1/23/2020) and continue thereafter on a continuing basis until the IEP of said student is modified or until student's district of residence changes.

Memorandum of Understanding #20-90 ESEA Title III

Provision of Limited English Proficient Student Programs and Services to Private Schools

2020-2021 School Year

Section 1: General

The **Oxnard School District** has been notified by **Santa Clara Elementary School**, a private school located within the geographic jurisdiction of this school district, of a request to participate in the English Learner (EL) Student Program funded under the Elementary and Secondary Education Act, Title III, Part A for the 2020-2021 school year.

This Memorandum of Understanding (MOU) contains a description of the nature and scope of services and products to be provided by **Oxnard School District** to **Santa Clara Elementary School** in order to serve its English learner (EL) students.

Section 2: How will the students' needs be identified?

Based on the most recent EL student identification procedures, EL (47) were identified on September 25, 2020, from a survey sent to parents who returned the 117 applications. STAR Testing results from the last testing in January 30, 2020, and the first test (September 9/10, 2020, distance learning) in Early Literacy were used in identifying students type of readers (Early emergent, late emergent, transitional, and probable readers for TK-3). Since this is a COVID-19 year, the use of our on-line Reading Street Reading program as well as workbook pages for phonics, vocabulary, groupings on Zoom using "Hooked On Phonics" to supplement sound acquisition, the "Fluency First" program to build reading and comprehension skills, and the STAR Assessments, Math & Literacy Focus Skills, and STAR instructional strategies, along with the benchmarks will be used by all teachers to determine the processes needed to assist our EL students. Teachers will also use on-line platforms of See Saw, Flip Grid, Epic, You Tube, and Zoom to interact with the students, parents, and help them to focus on their particular skills.

The EL student identification process consisted of the Home Language Survey followed by the administration of an English proficiency assessment and an academic assessment selected and approved by **Oxnard School District** after consultation with **Santa Clara Elementary School**. **Santa Clara Elementary School** shall determine when EL students become fluent English-proficient based on the results of the aforementioned instruments.

Section 3: What services and products will be provided?

The following materials and programs are requested:

We will be contacting parents on the home language use and need to help with the English speaking at home. The Language Arts Reading program supports from grade levels – Reading Street, Reading Street Common Core On-line, Daily 5 strategies use in the primary grades as well as using "Hooked On Phonics" strategies and the use of supplemental phonics resources, with the on-line IXL Language Arts for practice to support our students. We are also seeking teacher in-service professional development classes for on-line methods/strategies/practice ideas through the Archdiocese and webinars to meet the needs of our students and to promote teachers resources as hard copies or on-line resources to add to the curriculum.

Oxnard School District will provide the following: a series of research-based professional development workshops for teachers to attend virtually or apply on-line tutorial webinars for use of the Renaissance development in-services.

Section 4: How, when, where, and by whom will the services be provided?

- (a) The primary language literature was ordered, delivered, and is in use for the 2020-2021 school year from Savvas Pearson Publishing-Reading Street California/Common Core TK-5th grade with on-line support, Pearson Common Core Literature 6-8, and Rosa, Sonrisas, Spanish for Kids Program K-5. This is also an on-line program so the students can actually hear correct usage and pronunciation for practice.
- (b) A series of professional development workshops on effective ELD instructional strategies were provided to all teachers serving EL students during the 2019-2020 school year with emphasis to focus on Core Instructional Practices, identifying the major skills needed for academic subject content in preparing lesson plans for the academic year. In-services were provided through the Archdiocese of Los Angeles.

Section 5: How will the services be assessed to improve the program?

Representatives of **Oxnard School District** and **Santa Clara Elementary School** shall meet in April/May of the year in which services have been offered to discuss the delivery and effectiveness of services provided to EL students. The representatives shall determine if any changes are needed in the program during the current or next school year.

Section 6: Other provisions including contract services through potential third-party providers and reversion of funds stipulations

Both parties of this MOU shall fulfill the conditions listed herein.

MEMORANDUM OF UNDERSTANDING · 2020/21 SCHOOL YEAR

DISTRICT NAME: Oxnard School District

This agreement outlines conditions to be met by the above named district (the “District”) and WestEd as they relate to access to and the administration of the California Healthy Kids Survey (CHKS), the California School Staff Survey (CSSS), and the California School Parent Survey (CSPS), which are part of the comprehensive CalSCHLS data system, developed by WestEd under contract with the California Department of Education (CDE). **Survey access will not be granted until a signed copy of this Memorandum of Understanding (MOU) is received.**

I. DISTRICT AGREES TO:

- **Coordination.** Provide one district–level contact person for each participating district.
- **Surveys.** Administer each CalSCHLS survey selected by District (CHKS, CSSS, and/or CSPS) according to the procedures in the CalSCHLS Administration Instructions. Ensure that each survey administered is the most recent version.
- **Data Submission and Report Preparation.** Notify CalSCHLS Regional Center staff upon completion of each survey administration per the guidelines provided at registration.

CALIFORNIA HEALTHY KIDS SURVEY (CHKS) ADMINISTRATION

- **Grades and Schools.** Survey Grades 3 through 12 as appropriate within the District. Provide current student enrollment figures for all schools by grade level.
- **Parent Consent.** Follow the active parental consent process with grades below seven, and passive parental consent with Grade 7 and above.
 - Follow written school board policy for active and/or passive consent and provide notification to parents of the approximate date(s) of survey administration and the availability of survey instruments for review at school and/or district offices. This is required regardless of consent type.
- **Privacy of Students.** Preserve respondent privacy and the confidentiality of the responses by ensuring that the room set-up prevents anyone from observing how the respondent is answering the survey questions and ensure that reasonable measures are taken to protect the responses after they are collected.
- **Assurance of Confidentiality Agreement.** Ensure that all teachers/proctors assigned to administer the survey sign the Assurance of Confidentiality Agreement and read the Introductory Script to students.
- **Response Rates.** Make best efforts to obtain a response rate of at least 70% of students in surveyed grades.

CALIFORNIA SCHOOL STAFF SURVEY (CSSS) ADMINISTRATION

- Ensure that all staff at participating schools have the opportunity to complete the online survey (CSSS) at each school and for each grade level.

CALIFORNIA SCHOOL PARENT SURVEY (CSPS) ADMINISTRATION

- Coordinate with CalSCHLS staff regarding the administration of online and paper parent survey materials.
- Administer the CSPA to all parents, guardians, or other caregivers of students in all grades and schools in the district.
- Each family (parent/guardian/caregiver) should complete only one survey per school regardless of number of children enrolled in that school.

PAYMENT

Six Thousand Seven Hundred Sixty Eight Dollars will be applied as a credit for the 20-21 administration. Make payment of all CalSCHLS fees, at the current rates for the applicable school year within thirty (30) days of completion of services and receipt of deliverables. See attached fee schedule for the 2020-2021 school year.

II. WESTED AGREES TO PROVIDE:

- Comprehensive technical assistance via email and phone.
- Access to the CHKS online system or master copies of the survey instrument with scantrons and materials.
- Access to the CSSS online system.
- Access to the CSPA online system and master copy of the survey instrument for paper administration.
- Access to the CalSCHLS System website (calschls.org).
- Access to the integrated CalSCHLS Administration Instructions on each of the survey websites, which shall cover the tasks that need to be performed in conducting the surveys, and provide step-by-step instructions to District staff with responsibility for coordinating the survey.
- Access to the CalSCHLS Administration PowerPoint presentation, which shall be posted on the CalSCHLS website.
- Monthly editions of the School Climate Connection Newsletter during the school year.
- Scanning and online services.
- **District-level reports within six to ten weeks after receipt of accurate and complete survey information and materials.**

III. ACCESS

Under the Public Records Act, any third-party (for example, the media) can request existing district reports from CDE. Raw data may be provided to public agencies and research agencies by request for analyses only after the requesting agency has executed an agreement with WestEd and/or CDE and has agreed to conditions of strict confidentiality in compliance with state and federal regulations including, but not limited to, the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR part 99), the California Information Practices Act (California Civil Code § 1798 et. seq.), and the Privacy Act of 1974, as amended (5 U.S.C. § 552).

CalSCHLS Regional Center staff post CalSCHLS reports (CHKS and CSSS) to the CalSCHLS System websites in November of the year following survey administration.

IV. CONFIDENTIALITY AGREEMENT

Districts agreeing to administer any of the CalSCHLS surveys (CHKS, CSSS, and CSPA), understand that data will be subject to the conditions stated above. Once produced, district-level reports will be available to outside agencies

via the website or upon request, and raw data may be provided to public and research agencies for analysis under strict conditions of confidentiality.

District further agrees to use the CalSCHLS surveys only for use in its own district, and only for so long as this MOU is in effect. Upon expiration or termination of this MOU, District agrees to return all CalSCHLS materials to WestEd or CDE.

V. GENERAL TERMS AND CONDITIONS

- a. Terms. This MOU is effective on September 1, 2020 and expires on August 31, 2021.
- b. Amendments. This MOU may be amended at any time by mutual agreement of the parties without additional consideration, provided that before any amendment shall take effect, it shall be in writing and signed by both parties.
- c. Severability. The provision of this MOU are severable and the unenforceability of any provision of this MOU shall not affect the enforceability of any other provision hereof.
- d. Limitation of Liability. Each party shall bear all costs, risk, and liabilities incurred by it arising out of its obligations and efforts under this MOU. Neither party shall have any right to reimbursement, payment or compensation of any kind from the other party, unless expressly agreed to in writing.
- e. Indemnification. District shall defend, indemnify, and hold WestEd, its officers, agents, and employees harmless from and against any and all liability, loss, expense (including reasonable attorneys' fees), or claims for injury or damages arising out of the performance of this MOU but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or resulting from the negligent or intentional acts or omissions of District, its officers, agents, or employees.

WestEd shall defend, indemnify, and hold District, its officers, agents, and employees harmless from and against any and all liability, loss, expense (including reasonable attorneys' fees), or claims for injury or damages arising out of the performance of this MOU but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or resulting from the negligent or intentional acts or omissions of WestEd, its officers, agents, or employees.

- f. Dispute resolution. District and WestEd shall exercise commercially reasonable efforts to settle any claim, controversy, or dispute (collectively, "Dispute") arising out of or relating to this MOU. The parties shall discuss any Dispute no later than thirty (30) days after either party gives written notice to the other party of a Dispute, including the legal and factual basis for such Dispute. No arbitration or other proceeding may be commenced before the parties have met pursuant to this provision. In the event that a Dispute cannot be resolved through good faith negotiations, the parties agree that such Dispute shall be finally settled through binding arbitration. The arbitration shall be administered by JAMS, in San Francisco, California, pursuant to its Comprehensive Arbitration Rules and Procedures. The decision of the arbitrator shall be final and conclusive upon the parties. Judgment on the award rendered by the arbitrators may be entered in any court having jurisdiction. Notwithstanding the foregoing, either party may seek injunctive or provisional relief to protect confidential information at any time.
- g. Assignment. District shall not voluntarily or by operation of law, assign or otherwise transfer its rights or obligations under this MOU without prior written consent from WestEd. Any purported assignment in violation of this paragraph shall be void.
- h. Execution. This MOU has been negotiated by all parties and shall not be strictly construed against the parties. This MOU may be executed in one or more original, electronic, or faxed counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument. Each of the persons signing this MOU represents that he

or she has the authority to sign on behalf of and bind their respective party.

Article 4. PROFESSIONAL DUES OR FEES AND PAYROLL DEDUCTIONS

4.1 Unit members shall sign and deliver to the District an assignment authorizing deduction of union dues. Such authorization shall continue in effect from year to year. Pursuant to such authorization, the District shall deduct one ~~tenth twelfth~~ (~~1/12~~ 1/10) of such dues from the regular salary check of the unit member each month for ten ~~twelve~~ (~~12~~ 10) months.

Article 9 EVALUATIONS

9.3 Evaluation process: The unit member shall be notified in writing or email by the supervisor within thirty (30) calendar days ~~from the commencement of duties~~ **from the first day of instruction** whether the unit member will be evaluated or not in that school year and who will be conducting the evaluation. During the evaluation year, the unit member's evaluator shall observe the unit member and/or gather information related to the unit member's performance (e.g., reports, IEPs, etc.). If personal observation of the work of a unit member is necessary, it shall be conducted openly and with full knowledge of the unit member.

9.6.1 In each of the two probationary years, the unit member's evaluator shall observe the unit member and/or gather information related to the unit member's performance (e.g., reports, IEPs, etc.) no later than ninety (90) calendar days ~~after the commencement of duties~~ **after the first day of instruction**. The evaluator shall present a written report of the observation or other evaluation data, to the unit member within fifteen (15) work days following the observation. A meeting shall be held between the unit member and their evaluator to discuss and review the Conference Summary providing feedback to the unit member regarding strengths and areas for improvement. The evaluator and unit member shall sign and date the conference summary. The unit member's signature does not necessarily indicate the unit member's agreement with the summary. Within three (3) work days thereafter, the unit member shall sign the summary indicating only that he/she has read the summary, understands it and has been given the opportunity of responding to it in writing. The unit member's written response, if any, shall be attached to the summary and become a permanent part thereof.

9.6.3 A final evaluation summary report shall be submitted to the unit member no later than thirty (30) calendar days preceding the **last day of instruction** ~~close of the school year~~. The evaluator and unit member shall meet to review the report. Within three (3) working days thereafter, the unit member shall sign the report indicating only that he/she has read the report, understands it and has been given the opportunity of responding to it in writing; the signature does not necessarily indicate the unit member's agreement with the evaluation. The unit member's written response, if any, shall be attached to the report and become a permanent part thereof.

9.7.1 Permanent unit member shall be evaluated at least once every other school year. The unit member shall be notified in writing or email by the supervisor within thirty (30) calendar days from the **first day of instruction** ~~commencement of duties~~ whether the unit member will be evaluated or not in that school year and who will be conducting the evaluation. The unit member's evaluator shall observe the unit member and/or gather information related to the unit member's performance (e.g., reports, IEPs, etc.) no later than one hundred twenty (120) calendar days after the **first day of instruction** ~~the commencement of duties~~ in each evaluation year. The evaluator shall present a written summary of the observation or other evaluation data, to the unit member within fifteen (15) work days following then observation. A meeting shall be held between the unit member and their evaluator to discuss and review the Conference Summary providing feedback to the unit member regarding strengths and areas for improvement, if any. The evaluator and unit member shall sign and date the conference summary. The unit member's signature does not necessarily indicate the unit member's agreement with the summary. Within three (3) work days thereafter, the unit member shall sign the summary indicating only that he/she has read the summary, understands it and has been given the opportunity of responding to it in writing. The unit member's written response, if any, shall be attached to the summary and become a permanent part thereof.

9.7.3 A final evaluation summary report shall be submitted to the unit member no later than thirty (30) calendar days preceding the **last day of instruction**. ~~close of the school year~~. The evaluator and unit member shall meet to review the report. Within three (3) working days thereafter, the unit member shall sign the report indicating only that he/she has read the report, understands it and has been given the opportunity of responding to it in writing; the signature does not

necessarily indicate the unit member's agreement with the evaluation. The unit member's written response, if any, shall be attached to the report and become a permanent part thereof.

9.7.5 A unit member who, after reaching permanent status and who has received two evaluations of "Meets Expectations" or better in all performance areas may be evaluated at least once every three (3) years at the evaluator discretion. The unit member shall be notified in writing or email by the evaluator within thirty (30) calendar days from the **first day of instruction** commencement of duties whether the unit member will be evaluated in that school year.

Article 17. PROFESSIONAL GROWTH

17.4.1 Each unit member shall ~~receive a one-time lump sum of [be allocated]~~ \$750.00 annually. ~~The lump sum payment would be received by the unit member on their first pay warrant in each new fiscal year. [The District will administer professional development funds for each unit member to be dispersed throughout the year. The unit member would submit payment/reimbursement requests to their immediate supervisor. Any unused funds at the end of the fiscal year shall be forfeited.]~~ All requests for release time for unit member initiated professional development shall be submitted to the unit member's immediate supervisor for approval. The District shall not act arbitrarily or capriciously when rejecting requests. Unit members may use the grievance process to challenge a rejection of their request for release time.

Article 23. TERM

This Agreement shall become effective July 1, ~~2018~~ **2019** and shall remain in full force and effect up to an including June 30, ~~2019~~ **2022** and shall continue in effect year-by-year, unless one of the parties notifies the other in writing no later than April 1 of each year of its request to modify, amend, or terminate the agreement. No sooner than January 1, ~~2019~~ **2020** or January 1 of any successive year, and no later than March 1, ~~2019~~ **2020** or March 1 of any successive year, the party wishing to modify, or amend the agreement shall submit in writing its request to do so, accompanied by its initial proposals for a successor agreement. Meeting and negotiating in connection with such proposals as well as appropriate counter-proposals shall commence no later than April 1 following receipt thereof. Either party may reopen to negotiate Article 16, Salaries and Article 18, Fringe Benefits. Additional articles, up to a maximum of three (3) by each party may be

re-opened, provided, however, that if the re-opener proposals from both parties exceed three (3) articles, then the articles to be re-opened shall be selected by mutual agreement of the parties.

OSD BOARD AGENDA ITEM

Name of Contributor: Janet Penanhoat

Date of Meeting: November 4, 2020

Agenda Section: Section D: Action Items

Consideration of Resolution #20-12 of the Board of Trustees of the Oxnard School District Authorizing the Issuance and Sale of General Obligation Bonds, Election of 2016, Series C, in the Aggregate Principal Amount of Not to Exceed \$13,000,000, and Approving Related Documents and Actions (Penanhoat/CFW)

The District's bond measure, Measure D, was approved by District voters on November 8, 2016, authorizing the District to issue GO Bonds in the amount of up to \$142.5 million for important facilities projects. Currently, there is \$47,503,374.10 principal amount of unissued bonds under Measure D. The Resolution for consideration starts the process of obtaining phase three financing, with the issuance of Series C Bonds in the amount of up to \$13 million.

The Resolution authorizes the issuance of traditional tax-exempt general obligation bonds pursuant to California law. The resolution authorizes the Bonds to be issued as a combination of current interest bonds and capital appreciation bonds. Under California law (AB 182), when capital appreciation bonds are proposed, the resolution must first be presented to the Board as an information item, and at the next meeting may be voted upon as an action item. Items required to be disclosed to the Board at the informational meeting relating to the bond structure are included in Appendix B and Appendix C to the Resolution. Action is expected on this Resolution on November 4, 2020. The Bonds may only be issued in full compliance with all applicable laws, including the provisions of AB 182, and the District's Debt Management Policy.

The Resolution authorizes the Bonds to be sold directly to the investment banking firm of Raymond James, as underwriter, which firm will have the responsibility of underwriting all of the bonds and placing them with investors. The Resolution authorizes

the District officials to work with the financing team and bring into final form and execute all documents needed to complete the financing, in accordance with legal requirements and the Resolution. This includes finalizing a Preliminary Official Statement, which is the disclosure document which, when in final form, will be provided to bond investors.

The District's responsibility under federal securities law is to ensure that the POS not contain material misstatements or omissions. The Bond Purchase Agreement is also approved in the Resolution, which sets forth all of the terms of the sale of the bonds to the underwriter.

FISCAL IMPACT:

None to District's General Fund. Bond proceeds are applied to voter-approved capital school facilities projects and related costs. Bonds will be repaid by voter-approved ad valorem property tax levies.

RECOMMENDATION:

It is the recommendation of the Interim Assistant Superintendent, Business & Fiscal Services, in consultation with Caldwell Flores Winters, that the Board of Trustees approve Resolution #20-12.

OXNARD SCHOOL DISTRICT
(Ventura County, California)
General Obligation Bonds
Election of 2016, Series C

Dated: Date of Delivery

Due: August 1, as shown on inside front cover

Authority and Purpose. The captioned General Obligation Bonds, Election of 2016, Series C (the "Bonds") are being issued by the Oxnard School District (the "District") pursuant to certain provisions of the California Government Code and a resolution of the Board of Trustees of the District adopted on October 21, 2020. The Bonds were authorized at an election of the registered voters of the District held on November 8, 2016, which authorized the issuance of \$142,500,000 principal amount of general obligation bonds for the purpose of financing the renovation, construction and improvement of school facilities (the "2016 Authorization"). The Bonds are the third series of bonds to be issued under the 2016 Authorization. See "THE BONDS – Authority for Issuance" and "THE FINANCING PLAN" herein.

Security. The Bonds are general obligations of the District, payable solely from *ad valorem* property taxes levied on taxable property within the District and collected by Ventura County (the "County"). The County Board of Supervisors is empowered and is obligated to annually levy *ad valorem* taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District, without limitation of rate or amount (except certain personal property which is taxable at limited rates). The District has other series of general obligation bonds outstanding that are similarly secured by *ad valorem* tax levies. See "SECURITY FOR THE BONDS."

Payments. The Bonds are dated the date of delivery and are being issued as Current Interest Bonds and Capital Appreciation Bonds (both as defined herein). The Current Interest Bonds accrue interest at the rates set forth on the inside cover page hereof, payable semiannually on each February 1 and August 1 until maturity or earlier redemption, commencing February 1, 2021. The Capital Appreciation Bonds accrete interest at the accretion rates set forth on the inside cover page hereof, compounded semiannually on February 1 and August 1 of each year, commencing on February 1, 2021 until payment of the accreted value thereof at maturity or upon earlier redemption. Payments of principal and accreted value of and interest on the Bonds will be paid by U.S. Bank National Association, Los Angeles, California, as Paying Agent, to The Depository Trust Company ("DTC") for subsequent disbursement to DTC Participants who will remit such payments to the beneficial owners of the Bonds. See "THE BONDS - Description of the Bonds."

Redemption. The Bonds are subject to redemption prior to maturity as described herein. See "THE BONDS – Optional Redemption" and "-Mandatory Sinking Fund Redemption."

Book-Entry Only. The Bonds will be issued in book-entry form only, and will be initially issued and registered in the name of Cede & Co. as nominee of DTC. Purchasers will not receive physical certificates representing their interests in the Bonds. See "THE BONDS" and "APPENDIX F - DTC AND THE BOOK-ENTRY ONLY SYSTEM."

Bond Insurance. The scheduled payment of principal of and, in the case of Capital Appreciation Bonds, accreted value of, and interest on the Bonds when due will be guaranteed under a municipal bond insurance policy to be issued concurrently with the delivery of the Bonds by _____. See "BOND INSURANCE."

GENERAL INFORMATION ABOUT THIS OFFICIAL STATEMENT

Use of Official Statement. This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose. This Official Statement is not a contract between any bond owner and the District or the Underwriter.

No Offering Except by This Official Statement. No dealer, broker, salesperson or other person has been authorized by the District or the Underwriter to give any information or to make any representations other than those contained in this Official Statement and, if given or made, such other information or representation must not be relied upon as having been authorized by the District or the Underwriter.

No Unlawful Offers or Solicitations. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor may there be any sale of the Bonds by a person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

Information in Official Statement. The information set forth in this Official Statement has been furnished by the District and other sources which are believed to be reliable, but it is not guaranteed as to accuracy or completeness.

Estimates and Forecasts. When used in this Official Statement and in any continuing disclosure by the District in any press release and in any oral statement made with the approval of an authorized officer of the District or any other entity described or referenced herein, the words or phrases “will likely result,” “are expected to”, “will continue”, “is anticipated”, “estimate”, “project,” “forecast”, “expect”, “intend” and similar expressions identify “forward looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward-looking statements. Any forecast is subject to such uncertainties. Inevitably, some assumptions used to develop the forecasts will not be realized and unanticipated events and circumstances may occur. Therefore, there are likely to be differences between forecasts and actual results, and those differences may be material. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, give rise to any implication that there has been no change in the affairs of the District or any other entity described or referenced herein since the date hereof.

Involvement of Underwriter. The Underwriter has provided the following statement for inclusion in this Official Statement: The Underwriter has reviewed the information in this Official Statement in accordance with, and as a part of, its responsibilities to investors under federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

Bond Insurance. _____ (“_____” or the “Bond Insurer”) makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, the Bond Insurer has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding the Bond Insurer, supplied by the Bond Insurer and presented under the heading “BOND INSURANCE” and on APPENDIX H.

Stabilization of and Changes to Offering Prices. The Underwriter may overallocate or take other steps that stabilize or maintain the market prices of the Bonds at levels above those that might otherwise prevail in the open market. If commenced, the Underwriter may discontinue such market stabilization at any time. The Underwriter may offer and sell the Bonds to certain securities dealers, dealer banks and banks acting as agent at prices lower than the public offering prices stated on the inside cover page of this Official Statement, and those public offering prices may be changed from time to time by the Underwriter.

Document Summaries. All summaries of the Bond Resolution or other documents referred to in this Official Statement are made subject to the provisions of such documents and qualified in their entirety to reference to such documents, and do not purport to be complete statements of any or all of such provisions.

No Securities Laws Registration. The Bonds have not been registered under the Securities Act of 1933, as amended, in reliance upon exceptions therein for the issuance and sale of municipal securities. The Bonds have not been registered or qualified under the securities laws of any state.

Effective Date. This Official Statement speaks only as of its date, and the information and expressions of opinion contained in this Official Statement are subject to change without notice. Neither the delivery of this Official Statement nor any sale of the Bonds will, under any circumstances, give rise to any implication that there has been no change in the affairs of the District, the County, the other parties described in this Official Statement, or the condition of the property within the District since the date of this Official Statement.

Website. The District maintains a website. However, the information presented on the website is not a part of this Official Statement and should not be relied upon in making an investment decision with respect to the Bonds.

OXNARD SCHOOL DISTRICT (Ventura County, California) General Obligation Bonds Election of 2016, Series C

The purpose of this Official Statement, which includes the cover page, inside cover page and attached appendices, is to set forth certain information concerning the sale and delivery of the captioned General Obligation Bonds, Election of 2016, Series C (the “**Bonds**”) by the Oxnard School District (the “**District**”) of Ventura County (the “**County**”), California (the “**State**”).

INTRODUCTION

This Introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement and the documents summarized or described in this Official Statement. A full review should be made of the entire Official Statement. The offering of Bonds to potential investors is made only by means of the entire Official Statement.

The District. The District consists of an area of 28 square miles located in the southeastern portion of the County. It was established in 1873 and provides kindergarten through eighth grade educational services to the residents of the City of Oxnard and a portion of the City of Port Hueneme. The District has eleven K-5 elementary schools, six K-8 schools, three 6-8 middle schools, and one special education annex. Enrollment is budgeted for approximately 15,434 students in fiscal year 2020-21. See also Appendix C hereto for demographic and other statistical information regarding the City of Oxnard and the County.

Purpose. The net proceeds of the Bonds will be used to finance school construction and improvements as authorized by the requisite 55% of the voters of the District (the “**2016 Authorization**”) at an election held in the District on November 8, 2016 (the “**Bond Election**”). The Bonds are the third series of bonds issued pursuant to the 2016 Authorization. See “THE FINANCING PLAN” herein.

Authority for Issuance of the Bonds. The Bonds will be issued pursuant to the 2016 Authorization, certain provisions of the Government Code of the State, commencing with Section 53506 thereof (the “**Bond Law**”), and a resolution adopted by the Board of Trustees of the District on October 21, 2020 (the “**Bond Resolution**”). See “THE BONDS - Authority for Issuance” herein.

*Preliminary; subject to change.

Payment and Registration of the Bonds. The Bonds are being issued as current interest bonds which bear current interest payable on a semi-annual basis (the “**Current Interest Bonds**”) and capital appreciation bonds which accrete and compound interest until maturity (the “**Capital Appreciation Bonds**”). The Bonds mature in the years and in the amounts as set forth on the inside cover page hereof. The Bonds will be dated their date of original issuance and delivery (the “**Dated Date**”) and will be issued as fully registered bonds, without coupons, in the denominations of \$5,000 or any integral multiple of \$5,000, registered in the name of Cede & Co. as nominee of The Depository Trust Company, New York, New York (“**DTC**”), and will be available under the book-entry system maintained by DTC, only through brokers and dealers who are or act through DTC Participants as described below. Beneficial Owners will not be entitled to receive physical delivery of the Bonds. See “THE BONDS” and “APPENDIX F – Book-Entry Only System.”

Redemption. The Bonds are subject to redemption prior to maturity as described herein. See “THE BONDS – Optional Redemption” and “– Mandatory Sinking Fund Redemption.”

Security and Sources of Payment for the Bonds. The Bonds are general obligation bonds of the District payable solely from *ad valorem* property taxes levied on taxable property located in the District and collected by the County. The County is empowered and is obligated to annually levy *ad valorem* taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District, without limitation of rate or amount (except with respect to certain personal property which is taxable at limited rates). See “SECURITY FOR THE BONDS.”

The District has other series of general obligation bonds outstanding that are payable from *ad valorem* taxes levied on taxable property in the District. See “DEBT SERVICE SCHEDULES” and “DISTRICT FINANCIAL INFORMATION – Existing Debt Obligations-General Obligation Bonds” in Appendix B.

Municipal Bond Insurance. Concurrently with the issuance of the Bonds, _____ (“_____”) will issue its Municipal Bond Insurance Policy for the Bonds (the “**Policy**”). The Policy guarantees the scheduled payment of principal of and, in the case of Capital Appreciation Bonds, accreted value of, and interest on the Bonds when due, as set forth in the form of the Policy included as an appendix to this Official Statement. See “BOND INSURANCE” and APPENDIX I.

Tax Matters. In the opinion of Bond Counsel, interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax. In the further opinion of Bond Counsel, such interest is exempt from California personal income taxes. See “TAX MATTERS” and Appendix D hereto for the form of Bond Counsel’s opinion to be delivered concurrently with the Bonds.

COVID-19 Statement. The COVID-19 pandemic has resulted in a public health crisis that is fluid and unpredictable with financial and economic impacts that cannot be predicted. As such, investors are cautioned that the District cannot at this time predict the impacts that the COVID-19 pandemic may have on its enrollment, average daily attendance, operations and finances, property values in the District, and economic activity in the District, the State and the nation, among others. For more disclosure regarding the COVID-19 emergency, see

“SECURITY FOR THE BONDS – Disclosure Regarding COVID-19” herein. See also references to COVID-19 in the sections herein entitled “PROPERTY TAXATION”, and in APPENDIX B under the heading “DISTRICT GENERAL INFORMATION” and “STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS.”

Other Information. This Official Statement speaks only as of its date, and the information contained in this Official Statement is subject to change. Copies of documents referred to in this Official Statement and information concerning the Bonds are available from the Superintendent’s Office at Oxnard School District, 1051 South A Street, Oxnard, California 93030. The District may impose a charge for copying, mailing and handling.

THE FINANCING PLAN

General. The proceeds of the Bonds will be used to finance projects approved by the voters pursuant to the 2016 Authorization, including related costs of issuance. The abbreviated form of the ballot measure (limited to 75 words or less) is as follows:

“To acquire, construct and modernize additional classrooms and support facilities to reduce overcrowding, replace portable classrooms and older schools with new permanent facilities, increase student access to computers and modern classroom technology, improve student safety, reduce operating costs and qualify to receive State funds, shall Oxnard School District be authorized to issue up to \$142,500,000 in bonds at legal interest rates, with an independent Citizens’ Oversight Committee, annual audits, and no money for administrator salaries?”

The Bonds will be the third series of general obligation bonds issued pursuant to the 2016 Authorization.

Bonding Capacity Waiver. Following a public hearing and approval by the District Board of a resolution pursuing a bonding capacity waiver, the District applied for and received a bonding capacity waiver from the State Department of Education on March 9, 2017 (the “**Waiver**”). The Waiver authorizes the District to have general obligation bond indebtedness outstanding in an amount not to exceed 2.12% of assessed valuation as determined at the time of bond issuance pursuant to the California Education Code.

THE BONDS

Authority for Issuance

The Bonds will be issued under the Bond Law and the Bond Resolution. The Bond Resolution was first presented to the District Board as an informational item on October 7, 2020, and was adopted at the next subsequent meeting on October 21, 2020.

Description of the Bonds

Form of Bonds. The Bonds are being issued as Current Interest Bonds and Capital Appreciation Bonds, both as described below. The Bonds mature in the years and in the amounts as set forth on the inside cover page hereof. The Bonds will be issued in book-entry form only, and will be initially issued and registered in the name of Cede & Co. as nominee of DTC. See “Book-Entry Form” below and “APPENDIX F – DTC and the Book-Entry Only System.”

Current Interest Bonds

The Current Interest Bonds shall be issued in the denominations of \$5,000 principal amount each or any integral multiple thereof. Interest on the Current Interest Bonds is payable semiannually on each February 1 and August 1, commencing February 1, 2021 (each, an “**Interest Payment Date**”).

Each Current Interest Bond will bear interest from the Interest Payment Date next preceding the date of registration and authentication thereof unless (i) it is authenticated as of an Interest Payment Date, in which event it will bear interest from such date, or (ii) it is authenticated prior to an Interest Payment Date and after the close of business on the fifteenth (15th) day of the month preceding the Interest Payment Date (each, a “**Record Date**”), in which event it will bear interest from such Interest Payment Date, or (iii) it is authenticated prior to January 15, 2021, in which event it will bear interest from the date of delivery of the Bonds identified on the cover page hereof. Notwithstanding the foregoing, if interest on any Current Interest Bond is in default at the time of authentication thereof, such Current Interest Bond will bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment thereon. Payments of principal of and interest on the Current Interest Bonds will be paid by U.S. Bank National Association, Los Angeles, California (the “**Paying Agent**”) to DTC for subsequent disbursement to DTC Participants who will remit such payments to the Beneficial Owners of the Current Interest Bonds.

Capital Appreciation Bonds

The following terms used herein are defined in the Bond Resolution to have the following meanings with respect to the Capital Appreciation Bonds:

“**Accreted Value**” means, with respect to any Capital Appreciation Bond, the total amount of principal thereof and interest payable thereon as of any Compounding Date determined solely by reference to the Table of Accreted Values set forth on such Capital Appreciation Bond, which is attached to this Official Statement as Appendix H. The Accreted Value of any Capital Appreciation Bond as of any date other than a Compounding Date will be the sum of (a) the Accreted Value as of the Compounding Date immediately

preceding the date as of which the calculation is being made plus (b) interest on the Accreted Value determined under the preceding clause (a), computed to the date as of which the calculation is being made at the Accretion Rate set forth on such Capital Appreciation Bond (computed on the basis of a 360-day year of twelve 30-day months).

“Accretion Rate” means the rate which, when applied to the principal amount of any Capital Appreciation Bond and compounded semiannually on each Compounding Date, produces the Maturity Value of such Capital Appreciation Bond on the maturity date thereof.

“Capital Appreciation Bonds” means bonds the interest on which is compounded semiannually on each Compounding Date and is payable in full at maturity as shown in the table of Accreted Value for the Capital Appreciation Bonds and attached to this Official Statement as Appendix H.

“Closing Date” means the date upon which there is a delivery of the Bonds in exchange for the amount representing the purchase price of the Bonds by the Underwriter (as defined herein).

“Compounding Date” means, with respect to any Capital Appreciation Bond, each February 1 and August 1, commencing February 1, 2021, to and including the date of maturity or redemption of such Capital Appreciation Bond.

“Denominational Amount” means, with respect to any Capital Appreciation Bond, the original amount of such Capital Appreciation Bond as of the Closing Date.

“Maturity Value” means, with respect to any Capital Appreciation Bond, the Accreted Value of such Capital Appreciation Bond to be paid at maturity.

As provided in the Bond Resolution, references therein and in this Official Statement to the payment of the principal of and interest on the Bonds includes payment of the Accreted Value and Maturity Value of the Capital Appreciation Bonds, unless otherwise required by the context or by the express provisions of such reference. Further, whenever in the Bond Resolution or in this Official Statement, any reference is made to the rights of the owners of the Bonds as measured by the principal amount of such Bonds, the principal amount of the Capital Appreciation Bonds is deemed to be the Accreted Value thereof as of the date of exercise of such rights.

The Capital Appreciation Bonds are dated the date of delivery, and accrete interest from such date. The Denominational Amount of each maturity of the Capital Appreciation Bonds shall be as shown on the inside cover page hereof. The Capital Appreciation Bonds are issued in denominations such that the Maturity Value thereof shall equal \$5,000 or an integral multiple thereof. The Capital Appreciation Bonds are payable only at maturity, in the years and amounts set forth on the inside cover page hereof.

Interest on the Capital Appreciation Bonds is compounded on February 1 and August 1 of each year, commencing February 1, 2021. Each Capital Appreciation Bond accretes in value daily over the term to its maturity, from its Denominational Amount on the Closing Date to its Accreted Value on its maturity date. The Accreted Value payable on any date shall be

determined solely by reference to the Table of Accreted Values attached to such Capital Appreciation Bond. See “APPENDIX H– Table of Accreted Values.”

The interest portion of the Accreted Value of any Capital Appreciation Bond that is payable on the date of maturity shall represent interest accreted and coming due on such date. The Accreted Value of any Capital Appreciation Bond at maturity shall be payable by check or draft mailed by first-class mail, in lawful money of the United State of America upon presentation and surrender of such Bond at the Office of the Paying Agent. See “APPENDIX F- DTC and the Book-Entry Only System.”

Book-Entry Only System

The Bonds will be issued in book-entry form only, and will be initially issued and registered in the name of Cede & Co. as nominee of DTC. Purchasers of the Bonds (the “**Beneficial Owners**”) will not receive physical certificates representing their interest in the Bonds. Payments of principal of and interest on the Bonds will be paid by the Paying Agent to DTC for subsequent disbursement to DTC Participants which will remit such payments to the Beneficial Owners of the Bonds.

As long as DTC’s book-entry method is used for the Bonds, the Paying Agent will send any notice of prepayment or other notices to owners only to DTC. Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the prepayment of the Bonds called for prepayment or of any other action premised on such notice. See “APPENDIX F - DTC AND THE BOOK-ENTRY ONLY SYSTEM.”

The Paying Agent, the District, and the Underwriter of the Bonds have no responsibility or liability for payments made on account of beneficial ownership or any aspects of the records relating thereto, or for maintaining, supervising or reviewing any records relating to beneficial ownership, of interests in the Bonds.

Optional Redemption*

Current Interest Bonds. The Current Interest Bonds maturing on or before August 1, 20__ are not subject to redemption prior to maturity. The Current Interest Bonds maturing on or after August 1, 20__ are subject to redemption prior to maturity, at the option of the District, in whole or in part among maturities on such basis as shall be designated by the District and by lot within a maturity, from any available source of funds, on August 1, 20__, or on any date thereafter, at a price equal to 100% of the principal amount thereof, without premium, together with accrued interest thereon to the redemption date.

**Preliminary; subject to change.*

Capital Appreciation Bonds. The Capital Appreciation Bonds maturing on or before August 1, 20__ are not subject to redemption prior to maturity. The Capital Appreciation Bonds maturing on or after August 1, 20__ are subject to redemption prior to maturity, at the option of the District, in whole or in part among maturities on such basis as shall be designated by the District and by lot within a maturity, from any available source of funds, on February 1, 2028, or on any date thereafter, at a price equal to 100% of the Accreted Value thereof as of the date of redemption, without premium.

Selection of Bonds for Redemption. Whenever less than all of the Outstanding Bonds of any one maturity are designated for redemption, the Paying Agent will select the outstanding Bonds of such maturity to be redeemed by lot in any manner deemed fair by the Paying Agent. For purposes of such selection, each Bond will be deemed to consist of individual Bonds of \$5,000 denominations each, which may be separately redeemed.

Selection of Bonds for Purpose of Redemption. Whenever less than all of the outstanding Bonds of any one maturity are designated for redemption, the Paying Agent will select the outstanding Bonds of such maturity to be redeemed by lot in any manner deemed fair by the Paying Agent. For the purpose of selection for optional redemption, Bonds will be deemed to consist of \$5,000 portions (principal amount), and any such portion may be separately redeemed. The Bonds may all be separately redeemed.

Mandatory Sinking Fund Redemption

The Current Interest Bonds maturing on August 1, 20__ (the “**Current Interest Term Bonds**”), are subject to mandatory sinking fund redemption on August 1 of each year in accordance with the schedule set forth below. The Current Interest Term Bonds so called for mandatory sinking fund redemption shall be redeemed in the sinking fund payments in the amounts and on the dates set forth below, without premium.

\$ _____ Current Interest Term Bonds Maturing August 1, 20__ *

| Redemption Date (August 1) | Sinking Fund Payment |
|-------------------------------|-------------------------|
| _____ | _____ |

**Expected to be the Step Coupon Bonds.*

If any such Current Interest Term Bonds are redeemed pursuant to the optional redemption provisions described above, the total amount of all future sinking fund payments with respect to such Current Interest Term Bonds shall be reduced by the aggregate principal amount of such Current Interest Term Bonds so redeemed, to be allocated among such payments on a pro rata basis in integral multiples of \$5,000 principal amount (or on such other basis as the District may determine) as set forth in written notice given by the District to the Paying Agent.

Notice of Redemption

The Paying Agent will cause notice of any redemption to be mailed, first class mail, postage prepaid, at least 30 days but not more than 60 days prior to the date fixed for redemption, to the respective owners of any Bonds designated for redemption, at their

addresses appearing on the registration books. Notice of any redemption of Bonds shall specify: (a) the Bonds or designated portions thereof (in the case of redemption of the Bonds in part but not in whole) which are to be redeemed, (b) the date of redemption, (c) the place or places where the redemption will be made, including the name and address of the Paying Agent, (d) the redemption price, (e) the CUSIP numbers (if any) assigned to the Bonds to be redeemed, (f) the bond numbers of the Bonds to be redeemed in whole or in part and, in the case of any Bond to be redeemed in part only, the principal amount of such Bond to be redeemed, and (g) the original issue date, interest rate and stated maturity date of each Bond to be redeemed in whole or in part. Such notice shall further state that on the specified date there shall become due and payable upon each Bond or portion thereof being redeemed the redemption price thereof, and that from and after such date, interest thereon shall cease to accrue.

Neither failure to receive nor failure to send any notice of redemption nor any defect in any such redemption notice so given shall affect the sufficiency of the proceedings for the redemption of the affected Bonds.

Partial Redemption of Bonds

Upon surrender of Bonds redeemed in part only, the District will execute and the Paying Agent will authenticate and deliver to the owner, at the expense of the District, a new Bond or Bonds, of like tenor and maturity and of authorized denominations (or of like Accreted Value in the case of the Capital Appreciation Bonds) equal in transfer amounts to the unredeemed portion of the Bond surrendered. Such partial redemption shall be valid upon payment of the amount required to be paid to such Owner, and the County and the District shall be released and discharged thereupon from all liability to the extent of such payment.

Right to Rescind Notice of Redemption

The District has the right to rescind any notice of the optional redemption of Bonds by written notice to the Paying Agent on or prior to the date fixed for redemption. Any notice of redemption will be cancelled and annulled if for any reason funds will not be or are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption. The District and the Paying Agent have no liability to the owners of the Bonds or any other party related to or arising from such rescission of redemption. The Paying Agent will mail notice of such rescission of redemption in the same manner as the original notice of redemption was sent under the Bond Resolution.

Registration, Transfer and Exchange of Bonds

If the book entry system is discontinued, the District will cause the Paying Agent to maintain and keep at its principal corporate trust office all books and records necessary for the registration, exchange and transfer of the Bonds.

If the book entry system is discontinued, the person in whose name a Bond is registered on the Bond Register will be regarded as the absolute owner of that Bond. Payment of the principal of and interest on any Bond will be made only to or upon the order of that person; neither the District, the County nor the Paying Agent will be affected by any notice to the contrary, but the registration may be changed as provided in the Bond Resolution.

Bonds may be exchanged at the principal corporate trust office of the Paying Agent in Los Angeles, California for a like aggregate principal amount of Bonds of authorized denominations and of the same maturity and series. Any Bond may, in accordance with its terms, but only if (i) the District determines to no longer maintain the book entry only status of the Bonds, (ii) DTC determines to discontinue providing such services and no successor securities depository is named or (iii) DTC requests the District to deliver Bond certificates to particular DTC Participants, be transferred, upon the books required to be kept pursuant to the provisions of the Bond Resolution, by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation at the office of the Paying Agent, accompanied by delivery of a written instrument of transfer in a form approved by the Paying Agent, duly executed.

No exchanges of Bonds shall be required to be made (a) fifteen days prior to an Interest Payment Date or the date established by the Paying Agent for selection of Bonds for redemption until the close of business on the Interest Payment Date or day on which the applicable notice of redemption is given or (b) with respect to a Bond after such Bond has been selected or called for redemption in whole or in part.

Defeasance

The Bonds may be paid by the District, in whole or in part, in any one or more of the following ways:

- (a) by paying or causing to be paid the principal or redemption price of and interest on such Bonds (or the Maturity Value or Accreted Value thereof, in the case of Capital Appreciation Bonds), as and when the same become due and payable;
- (b) by irrevocably depositing, in trust, at or before maturity, money or securities in the necessary amount (as provided in the Bond Resolution) to pay or redeem such Bonds; or
- (c) by delivering such Bonds to the Paying Agent for cancellation by it.

Whenever in the Bond Resolution it is provided or permitted that there be deposited with or held in trust by the Paying Agent money or securities in the necessary amount to pay or redeem any Bonds, the money or securities so to be deposited or held may be held by the Paying Agent or by any other fiduciary. Such money or securities may include money or securities held by the Paying Agent in the funds and accounts established under the Bond Resolution and will be:

- (i) lawful money of the United States of America in an amount equal to the principal amount of such Bonds and all unpaid interest thereon to maturity, except that, in the case of Bonds which are to be redeemed prior to maturity and in respect of which notice of such redemption is given as provided in the Bond Resolution or provision satisfactory to the Paying Agent is made for the giving of such notice, the amount to be deposited or held will be the principal amount or redemption price of such Bonds and all unpaid interest thereon to the redemption date; or

- (ii) Federal Securities (not callable by the issuer thereof prior to maturity) the principal of and interest on which when due, in the opinion of a certified public accountant delivered to the County and the District, will provide money sufficient to pay the principal or redemption price of and all unpaid interest to maturity, or to the redemption date, as the case may be, on the Bonds to be paid or redeemed, as such principal or redemption price and interest become due, provided that, in the case of Bonds which are to be redeemed prior to the maturity thereof, notice of such redemption is given as provided in the Bond Resolution or provision satisfactory to the Paying Agent is made for the giving of such notice.

Upon the deposit, in trust, at or before maturity, of money or Federal Securities in the necessary amount (as described above) to pay or redeem any outstanding Bond (whether upon or prior to its maturity or the redemption date of such Bond), provided that, if such Bond is to be redeemed prior to maturity, notice of such redemption has been given as provided in Bond Resolution or provision satisfactory to the Paying Agent has been made for the giving of such notice, then all liability of the District in respect of such Bond will cease and be completely discharged, except only that thereafter the owner thereof will be entitled only to payment of the principal of and interest on such Bond by the District, and the District will remain liable for such payment, but only out of such money or securities deposited with the Paying Agent for such payment.

As defined in the Bond Resolution, the term “**Federal Securities**” means United States Treasury notes, bonds, bills or certificates of indebtedness, or obligations issued by any agency or department of the United States which are secured, directly or indirectly, by the full faith and credit of the United States.

APPLICATION OF PROCEEDS OF BONDS

Building Fund

The proceeds from the sale of the Bonds, to the extent of the principal amount thereof, will be paid to the County for credit of the fund created and established by the County Office of Education in the Bond Resolution and known as the “Oxnard School District, General Obligation Bonds, Election of 2016, Series C Building Fund” (the “**Building Fund**”), which will be accounted for as separate and distinct from all other District and County funds. The proceeds will be used solely for the purposes for which the Bonds are being issued and for payment of permissible costs of issuance. Any excess proceeds of the Bonds not needed for the authorized purposes for which the Bonds are being issued shall be transferred to the Debt Service Fund and applied to the payment of principal of and interest on the Bonds. Interest earnings on the investment of monies held in the Building Fund will be retained in the Building Fund.

Debt Service Fund

As described herein under the heading “SECURITY FOR THE BONDS - Debt Service Fund,” the County Office of Education will establish a debt service fund for the Bonds to be designated the “Oxnard School District, General Obligation Bonds, Election of 2016, Series C Debt Service Fund” (the “**Debt Service Fund**”). Accrued interest and premium, if any, received by the County from the sale of the Bonds will be deposited in the Debt Service Fund which,

together with the collections of *ad valorem* taxes, will be used only for payment of principal of and interest on the Bonds. Interest earnings on the investment of monies held in the Debt Service Fund will be retained in the Debt Service Fund and used to pay the principal of and interest on the Bonds when due. Any moneys remaining in the Debt Service Fund after the Bonds and the interest thereon have been paid, will be transferred to any other interest and sinking fund for general obligation bond indebtedness of the District, and in the event there is no such debt outstanding, will be transferred to the District's general fund upon the order of the County, as provided in Section 15234 of the Education Code.

Investment of Proceeds of Bonds

Under California law, the District is generally required to pay all monies received from any source into the County Treasury to be held on behalf of the District. All amounts deposited into the Debt Service Fund, as well as proceeds of taxes held therein for payment of the Bonds, shall be invested at the sole discretion of the County Treasurer pursuant to law and the investment policy of the County. All amounts deposited in the Building Fund of the District shall be invested at the sole discretion of the County Treasurer. See Appendix G for the County's current Investment Policy and recent quarterly report. The County neither monitors investments for arbitrage compliance, nor does it perform arbitrage calculations. The District shall maintain or cause to be maintained detailed records with respect to the applicable proceeds.

SECURITY FOR THE BONDS

Ad Valorem Taxes

Bonds Payable from Ad Valorem Property Taxes. The Bonds are general obligations of the District, payable solely from *ad valorem* property taxes levied and collected by the County. In accordance with California Education Code 15250 and following, the County Board of Supervisors is empowered and obligated to annually levy *ad valorem* taxes for the payment of the Bonds and the interest thereon upon all property within the District subject to taxation by the District, without limitation of rate or amount (except certain personal property which is taxable at limited rates). In no event is the District obligated to pay principal of and interest and redemption premium, if any, on the Bonds out of any funds or properties of the District other than *ad valorem* taxes levied upon all taxable property in the District; provided, however, nothing in the Bond Resolution prevents the District from making advances of its own moneys howsoever derived to any of the uses or purposes permitted by law.

Other Bonds Payable from Ad Valorem Property Taxes. The District has previously issued other general obligation bonds, which are payable from *ad valorem* taxes on a parity basis. In addition to the general obligation bonds issued by the District, there is other debt issued by entities with jurisdiction in the District that is payable from *ad valorem* taxes levied on parcels in the District. See "PROPERTY TAXATION – Direct and Overlapping Debt" below.

Levy and Collection. The County will levy and collect such *ad valorem* taxes in such amounts and at such times as is necessary to ensure the timely payment of debt service. Such taxes, when collected, will be deposited into the debt service fund for the Bonds, which is maintained by the Ventura County Treasurer in accordance with California Education Code Section 15251 and the Bond Resolution, and which is irrevocably pledged for the payment of principal of and interest on the Bonds when due.

District property taxes are assessed and collected by the County in the same manner and at the same time, and in the same installments as other *ad valorem* taxes on real property, and will have the same priority, become delinquent at the same times and in the same proportionate amounts, and bear the same proportionate penalties and interest after delinquency, as do the other *ad valorem* taxes on real property. See "PROPERTY TAXATION" below.

Statutory Lien on Ad Valorem Tax Revenues. Pursuant to Senate Bill 222 effective January 1, 2016, voter-approved general obligation bonds which are secured by *ad valorem* tax collections, including the Bonds, are secured by a statutory lien on all revenues received pursuant to the levy and collection of the property tax imposed to service those bonds. Said lien attaches automatically and is valid and binding from the time the bonds are executed and delivered. The lien is enforceable against the school district or community college district, its successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any further act.

Annual Tax Rates. The amount of the annual *ad valorem* tax levied by the County to repay the Bonds will be determined by the relationship between the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds. Fluctuations in the annual debt service on the Bonds and the assessed value of taxable property in the District may cause the annual tax rate to fluctuate.

Economic and other factors beyond the District's control, such as economic recession, deflation of property values, a relocation out of the District or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood, fire, drought or other natural disaster, could cause a reduction in the assessed value within the District and necessitate a corresponding increase in the annual tax rate. See "PROPERTY TAXATION – Assessed Valuations – Factors Relating to Increases/Decreases in Assessed Value." See also below under the heading "--Disclosure Relating to COVID-19."

Debt Service Fund

The County will establish a "**Debt Service Fund**" for the Bonds, as a separate fund to be maintained distinct from all other funds of the County. All taxes levied by the County for the payment of the principal of and interest and premium (if any) on the Bonds will be deposited in the Debt Service Fund by the County promptly upon receipt. The Debt Service Fund is pledged for the payment of the principal of and interest and premium (if any) on the Bonds when and as the same become due. The County will transfer amounts in the Debt Service Fund to the Paying Agent to the extent necessary to pay the principal of and interest and premium (if any) on the Bonds as the same become due and payable. Funds on deposit in the Debt Service Fund are subject to a statutory lien pursuant to the provisions of Section 15251 of the California Education Code.

If, after payment in full of the Bonds, any amounts remain on deposit in the Debt Service Fund, the District shall transfer such amounts to other debt service funds of the District with respect to outstanding general obligation bonds of the District, if any, and if none, then to its general fund, to be applied solely in a manner which is consistent with the requirements of applicable state and federal tax law.

Not a County Obligation

The Bonds are payable solely from the proceeds of an *ad valorem* tax levied and collected by the County, for the payment of principal, of and interest on the Bonds. Although the County is obligated to collect the *ad valorem* tax for the payment of the Bonds, the Bonds are not a debt of the County.

Disclosure Relating to COVID-19

Background. The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus ("**COVID-19**" or "**Coronavirus**"), which was first detected in China and has spread throughout the world, including to the United States, has been declared a Pandemic by the World Health Organization, a National Emergency by President Trump (the "**President**") and a State of Emergency by State Governor Newsom (the "**Governor**"). The emergency has resulted in tremendous volatility in the financial markets in the United States and globally, and the likely onset of a U.S. and global recession.

The President's declaration of a National Emergency on March 13, 2020 made available more than \$50 billion in federal resources to combat the spread of the virus. A multibillion-dollar Coronavirus relief package was signed into law by the President on March 18, 2020, known as the "Families First Coronavirus Response Act," providing for Medicaid expansion, unemployment benefits and paid emergency leave during the crisis. In an effort to calm the markets, the Federal Reserve lowered its benchmark interest rate to nearly zero, introduced a

large bond-buying program and established emergency lending programs to banks and money market mutual funds. Further, on March 27, 2020, the federal legislation known as the “Coronavirus Aid, Relief, and Economic Security Act” (the “**CARES Act**”) was enacted, being a \$2 trillion relief. The package includes direct payments to taxpayers, jobless benefits, assistance to hospitals and healthcare systems, \$367 billion for loans to small businesses, a \$500 billion fund to assist distressed large businesses, including approximately \$30 billion to The Education Stabilization Fund to provide Emergency Relief Grants to educational institutions and local educational agencies in their respective responses to COVID-19. This funding allocation includes approximately \$13.5 billion in formula funding to the Elementary and Secondary School Emergency Fund to make grants available to each state educational agency to facilitate K-12 schools’ responses to COVID-19.

On April 9, 2020, the Federal Reserve took additional actions to provide up to \$2.3 trillion in loans to support the economy, including supplying liquidity to participating financial institutions in the SBA’s Paycheck Protection Program, purchasing up to \$600 billion in loans through the Main Street Lending Program and offering up to \$500 billion in lending to states and municipalities.

On April 24, 2020, an additional \$484 billion federal aid package was signed, to provide additional funding for the local program for distressed small businesses and to provide funds for hospitals and COVID-19 testing. The legislation adds \$310 billion to the Paycheck Protection Program, increases the small business emergency grant and loan program by \$60 billion, and directs \$75 billion to hospitals and \$25 billion to a new COVID-19 testing program.

At the State level, on March 15, 2020, the Governor ordered the closing of California bars and nightclubs, the cancellation of gatherings of more than 250 and confirmed continued funding for school districts that close under certain conditions. On March 16, 2020, the State legislature passed a two-bill package providing \$1.1 billion in general purpose spending authority for emergency funds to respond to the Coronavirus crisis, including \$100 million for schools to pay for facilities cleaning, protective equipment, supplies and labor.

On March 19, 2020, the Governor issued Executive Order N-33-20, a blanket shelter-in-place order, ordering all California residents to stay home except for certain essential jobs and essential needs. Thereafter, on May 4, 2020, the Governor’s Order N-60-20 informed local health jurisdictions and industry sectors that they may gradually reopen pursuant to guidance provided from the State’s Public Health Officer, which was provided on May 7, 2020. The State’s reopening approach is being conducted in accordance with “California’s Pandemic Roadmap” which identifies four stages of the pandemic, being (1) safety and preparation, (2) reopening of lower risk workplaces and other spaces, (3) reopening of higher risk workplaces and other spaces, and (4) easing of final restrictions leading to the end of the state at home order. The Roadmap identifies criteria and procedures for reducing restrictions by local officers that might be less restrictive than statewide measures. The stages will be phased in gradually, and counties which have met readiness criteria and worked with the State Department of Public Health can permit more activities as outlined by the State for variances by county. On August 28, 2020, the State released a “Blueprint for a Safer Economy” (the “**State’s Blueprint**”) with revised criteria for loosening and tightening restrictions on activities based on a tier system. Information about the tier system and new criteria is available in the Governor’s News release at <https://www.gov.ca.gov/2020/08/28/governor-newsom-unveils-blueprint-for-a-safer-economy-a-statewide-stringent-and-slow-plan-for-living-with-covid-19/>. The information on such web site is not incorporated herein by reference.

Local jurisdictions within the State also issued shelter-in-place orders, which can impose greater restrictions than are contained in the State order.

The COVID-19 outbreak is ongoing, and the ultimate geographic spread of the virus, the duration and severity of the outbreak, the economic impacts and actions that may be taken by governmental authorities to contain the outbreak or to treat its impacts are uncertain and cannot be predicted. Additional information with respect to events surround the outbreak of COVID-19 and responses thereto can be found on State and local government websites, including but not limited to: the Governor's office (<http://www.gov.ca.gov>) and the California Department of Public Health (<https://covid19.ca.gov>). *The District has not incorporated by reference the information on such websites, and neither the District nor the Underwriter assume any responsibility for the accuracy of the information on such websites.*

Impacts on Global and Local Economies; Potential Declines in State Revenues. The COVID-19 public health emergency is altering the behavior of businesses and people in a manner that will have negative impacts on global and local economies, including the economy of the State. A substantial increase in unemployment has occurred and a decline in State revenues including derived from personal income tax receipts is expected. The District cannot predict the short or long term impacts the COVID-19 emergency and the responses of federal, State or local governments thereto, will have on global, State-wide and local economies, which could impact District operations and finances, and local property values.

Suspension of Classroom Instruction; Remote Learning. The shelter in place orders suspended in-person classroom instruction throughout California schools from March 2020 through the end of the academic year. School districts in the State have generally commenced the 2020-21 academic year in accordance with the Governor's order of July 17, 2020 (Pandemic Plan for Learning and Safe Schools) and the State's Blueprint.

Schools located in counties in the Tier 1 (Purple-Widespread) tier are not permitted to reopen for in-person instruction until their county has been in Tier 2 (Red -Substantial) or lower tier for at least two weeks. Schools that are K-6 can apply for a waiver to reopen, which can be granted based on satisfying certain criteria. Under the State's Blueprint, as of September 8, 2020, the County is in Tier 1 (Purple).

With respect to funding of school districts in light of the COVID-19 pandemic, State law allows school districts to apply for a waiver to hold them harmless from the loss of State apportionment funding based on attendance and state instructional time penalties when they are forced to close schools due to emergency conditions. In addition, Executive Order N-26-20 provides for continued State funding to support distance learning or independent study, providing subsidized school meals to low-income students, continuing payment for school district employees, and, to the extent practicable, providing for attendance calculations supervision of students during school hours. In addition, Senate Bill 117 (March 17, 2020) addresses attendance issues and instructional hour requirements, among other items, and effectively holds schools harmless from funding losses that could result from these issues under existing education funding formulas. See Appendix B under the heading "DISTRICT FINANCIAL INFORMATION – Education Funding Generally." In addition, federal funding to school districts is available to most school districts under the CARES Act.

The District cannot predict all of the possible impacts that the COVID-19 emergency might have on its finances or programs or the credit ratings on its debt obligations. Examples of

possible effects are on the unanticipated costs of mitigation measures and of implementing distance learning, deteriorating economies reducing local and State revenues, declining assessed values, possible lower credit ratings, material impact on the investments in the State pension trusts, which could materially increase the unfunded actuarial accrued liability of the STRS Defined Benefit Program and PERS Schools Pool, which, in turn, could result in material changes to the District's required contribution rates in future fiscal years, among others.

General Obligation Bonds Secured by Ad Valorem Tax Revenues. Notwithstanding the impacts the COVID-19 emergency may have on the economy in the State, the County and the District or on the District's general purpose revenues, the Bonds described herein are voter-approved general obligations of the District payable solely from the levy and collection of *ad valorem* property taxes, unlimited as to rate or amount, and are not payable from the general fund of the District. The District cannot predict the impacts that the Coronavirus emergency might have on local property values or tax collections. See "SECURITY FOR THE BONDS – Ad Valorem Taxes" and "PROPERTY TAXATION – Teeter Plan; Property Tax Collections" herein.

PROPERTY TAXATION

Property Tax Collection Procedures

Generally. In California, property which is subject to *ad valorem* taxes is classified as "secured" or "unsecured." The "secured roll" is that part of the assessment roll containing (1) state assessed public utilities' property and (2) property the taxes on which are a lien on real property sufficient, in the opinion of the county assessor, to secure payment of the taxes. A tax levied on unsecured property does not become a lien against such unsecured property, but may become a lien on certain other property owned by the taxpayer. Every tax which becomes a lien on secured property has priority over all other liens arising pursuant to State law on such secured property, regardless of the time of the creation of the other liens. Secured and unsecured property are entered separately on the assessment roll maintained by the county assessor. The method of collecting delinquent taxes is substantially different for the two classifications of property.

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each fiscal year. If unpaid, such taxes become delinquent after December 10 and April 10, respectively, and a 10% penalty attaches to any delinquent payment. In addition, property on the secured roll with respect to which taxes are delinquent is declared tax defaulted on or about June 30 of the fiscal year. Such property may thereafter be redeemed by payment of the delinquent taxes and a delinquency penalty, plus a redemption penalty of 1-1/2% per month to the time of redemption. If taxes are unpaid for a period of five years or more, the property is subject to sale by the county in which the property is located.

Property taxes are levied for each fiscal year on taxable real and personal property situated in the taxing jurisdiction as of the preceding January 1. A bill enacted in 1983, Senate Bill 813 (Statutes of 1983, Chapter 498), however, provided for the supplemental assessment and taxation of property as of the occurrence of a change of ownership or completion of new construction. Thus, this legislation eliminated delays in the realization of increased property taxes from new assessments. As amended, Senate Bill 813 provided increased revenue to taxing jurisdictions to the extent that supplemental assessments of new construction or changes

of ownership occur subsequent to the January 1 lien date and result in increased assessed value.

Property taxes on the unsecured roll are due on the January 1 lien date and become delinquent, if unpaid on the following August 31. A 10% penalty is also attached to delinquent taxes in respect of property on the unsecured roll, and further, an additional penalty of 1-1/2% per month accrues with respect to such taxes beginning the first day of the third month following the delinquency date. The taxing authority has four ways of collecting unsecured personal property taxes: (1) a civil action against the taxpayer; (2) filing a certificate in the office of the county clerk specifying certain facts in order to obtain a judgment lien on certain property of the taxpayer; (3) filing a certificate of delinquency for record in the county recorder's office, in order to obtain a lien on certain property of the taxpayer; and (4) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee. The exclusive means of enforcing the payment of delinquent taxes in respect of property on the secured roll is the sale of the property securing the taxes for the amount of taxes which are delinquent.

Waiver of State Laws Relating to Penalties for Non-Payment of Property Taxes. In an attempt to mitigate the effects of the COVID-19 pandemic on State property taxpayers, on May 6, 2020, the Governor signed Executive Order N-61-20 ("**Order N-61-20**"). Under Order N-61-20, certain provisions of the State Revenue and Taxation Code are suspended until May 6, 2021 to the extent said provisions require a tax collector to impose penalties, costs or interest for the failure to pay secured or unsecured property taxes, or to pay a supplemental bill, before the date that such taxes become delinquent. Said penalties, costs and interest shall be cancelled under the conditions provided for in Order N-61-20, including if the property is residential real property occupied by the taxpayer or the real property qualifies as a small business under certain State laws, the taxes were not delinquent prior to March 4, 2020, the taxpayer files a claim for relief with the tax collector, and the taxpayer demonstrates economic hardship or other circumstances that have arisen due to the COVID-19 pandemic or due to a local, state, or federal governmental response to COVID-19.

Disclaimer Regarding Property Tax Collection Procedures. The property tax collection procedures described above are subject to amendment based on legislation or executive order, including Order N-61-20, which may be enacted by the State legislature or declared by the Governor from time to time. The District cannot predict the impact of Order N-61-20 on property tax revenues in the County or the District, whether future amendments or orders will occur, and what impact, if any, said future amendments or orders could have on the procedures relating to the levy and collection of property taxes, and related interest and penalties.

Taxation of State-Assessed Utility Property

The State Constitution provides that most classes of property owned or used by regulated utilities be assessed by the State Board of Equalization ("**SBE**") and taxed locally. Property valued by the SBE as an operating unit in a primary function of the utility taxpayer is known as "unitary property," a concept designed to permit assessment of the utility as a going concern rather than assessment of each individual element of real and personal property owned by the utility taxpayer. State-assessed unitary and "operating nonunitary" property (which excludes nonunitary property of regulated railways) is allocated to the counties based on the situs of the various components of the unitary property. Except for unitary property of regulated railways and certain other excepted property, all unitary and operating nonunitary property is

taxed at special county-wide rates and tax proceeds are distributed to taxing jurisdictions according to statutory formulae generally based on the distribution of taxes in the prior year.

Assessed Valuations

Assessed Valuation History. The assessed valuation of property in the District is established by the County Assessor, except for public utility property which is assessed by the State Board of Equalization. Assessed valuations are reported at 100% of the “full value” of the property, as defined in Article XIII A of the California Constitution. The full value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or to reflect a reduction in the consumer price index or comparable data for the area, or to reflect declines in property value caused by substantial damage, destruction or other factors, including assessment appeals filed by property owners. For a discussion of how properties currently are assessed, see Appendix B under the heading “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS.”

Certain classes of property, such as churches, colleges, not-for-profit hospitals, and charitable institutions, are exempt from property taxation and do not appear on the tax rolls.

Shown in the following table are recent assessed valuations for the District.

Factors Relating to Increases/Decreases in Assessed Value. Economic Conditions; Disasters. As indicated in the previous table, assessed valuations are subject to change in each year. Increases or decreases in assessed valuation result from a variety of factors including but not limited to general economic conditions, supply and demand for real property in the area, government regulations such as zoning, and man-made or natural disasters such as earthquakes, fires, floods and drought, or epidemics such as COVID-19. Notable natural disasters in recent years include drought conditions throughout the State, which ended in 2017 due to record-level precipitation in late 2016 and early 2017, and wildfires in different regions of the State, and related flooding and mudslides. The most destructive of the recent wildfires, which have burned thousands of acres and destroyed thousands of homes and structures, have originated in wildlands adjacent to urban areas. Seismic activity is also a risk in the region

where the District is located. Although fires have occurred in areas adjacent to the District, recent major wildfires have not occurred within District boundaries.

Currently the world is experiencing a global pandemic as a result of the outbreak of COVID-19 which could result in an economic recession or depression that could cause general marked declines in property values. For disclosure relating to the COVID-19 emergency, see also "SECURITY FOR THE BONDS – Disclosure Relating to Coronavirus."

The District cannot predict or make any representations regarding the effects that wildfires, other type of natural or manmade disasters and related conditions or economic conditions have or may have on the value of taxable property within the District, or to what extent the effects said disasters might have on economic activity in the District or throughout the State.

Initiative for Split-Roll Approach to Property Taxation. A State constitutional amendment designated as the California Schools and Local Community Funding Act of 2020, has qualified by initiative for the November 3, 2020 ballot which, if approved by State voters by majority vote, would amend the Constitution to change to a split roll approach to determine property values for purposes of property taxation. If approved, the Constitution will be amended to provide for the reassessment to fair market value of certain commercial and industrial real properties every three years, overriding the current two percent limitation on annual assessment increases until a property changes ownership. The resulting increases in property tax revenues would be allocated among local public agencies. The District cannot predict if such initiative will be successful or the impact it might have on assessed values in the District.

Reassessments and Appeals of Assessed Value

There are general means by which assessed values can be reassessed or appealed that could adversely impact property tax revenues within the District.

Appeals may be based on Proposition 8 of November 1978, which requires that for each January 1 lien date, the taxable value of real property must be the lesser of its base year value, annually adjusted by the inflation factor pursuant to Article XIII A of the State Constitution, or its full cash value, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property or other factors causing a decline in value. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Article XIII A of the California Constitution" in Appendix B.

Under California law, property owners may apply for a Proposition 8 reduction of their property tax assessment by filing a written application, in form prescribed by the State Board of Equalization, with the County board of equalization or assessment appeals board. In most

cases, the appeal is filed because the applicant believes that present market conditions (such as residential home prices) cause the property to be worth less than its current assessed value.

Any reduction in the assessment ultimately granted as a result of such appeal applies to the year for which application is made and during which the written application was filed. These reductions are subject to yearly reappraisals and are adjusted back to their original values, adjusted for inflation, when market conditions improve. Once the property has regained its prior value, adjusted for inflation, it once again is subject to the annual inflationary factor growth rate allowed under Article XIII A.

A second type of assessment appeal involves a challenge to the base year value of an assessed property. Appeals for reduction in the base year value of an assessment, if successful, reduce the assessment for the year in which the appeal is taken and prospectively thereafter. The base year is determined by the completion date of new construction or the date of change of ownership. Any base year appeal must be made within four years of the change of ownership or new construction date.

Proposition 8 reductions may also be unilaterally applied by the County Assessor. The District cannot predict the changes in assessed values that might result from pending or future appeals by taxpayers or by reductions initiated by the County Assessor. Any reduction in aggregate District assessed valuation due to appeals, as with any reduction in assessed valuation due to other causes, will cause the tax rate levied to repay the Bonds to increase accordingly, so that the fixed debt service on the Bonds (and other outstanding general obligation bonds, if any) may be paid.

Secured Tax Levies and Delinquencies - Teeter Plan

The Board of Supervisors of the County has adopted the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the “**Teeter Plan**”), as provided for in Section 4701 *et seq.* of the California Revenue and Taxation Code. Under the Teeter Plan, each entity levying property taxes in the County may draw on the amount of uncollected secured taxes credited to its fund, in the same manner as if the amount credited had been collected. The District participates in the Teeter Plan, and thus receives 100% of secured property taxes levied in exchange for foregoing any interest and penalties collected on delinquent taxes. Currently, the County includes general obligation bond levies, including for general obligation bonds issued by the District, in its Teeter Plan.

So long as the Teeter Plan remains in effect and the County continues to include the District in the Teeter Plan, the District’s receipt of revenues with respect to the levy of *ad valorem* property taxes will not be dependent upon actual collections of the *ad valorem* property taxes by the County. However, under the statute creating the Teeter Plan, the Board of Supervisors of the County could, under certain circumstances, terminate the Teeter Plan in its entirety and, in addition, the Board of Supervisors of the County could terminate the Teeter Plan with respect to the District if the delinquency rate for all *ad valorem* property taxes levied within the District in any year exceeds 3%. In the event that the Teeter Plan were terminated in the County with regard to the secured tax roll, the amount of the levy of *ad valorem* property taxes in the District would depend upon the collections of the *ad valorem* property taxes within the County and delinquency rates experienced with respect to the parcels within the District. With respect to general obligation bonds, county assessors are authorized to levy taxes sufficient to pay debt service on bonds coming due, including at a rate that will provide for a reserve in the event of delinquencies. The District cannot represent the sufficiency of any such reserve to the extent necessary to cover delinquent taxes, to the extent the Teeter Plan were amended or discontinued.

The District cannot provide any assurances that the County will continue to maintain the Teeter Plan described above, or will have sufficient funds available to distribute the full amount of the District’s share of property tax collections to the District. The ability of the County to maintain the Teeter Plan may depend on its financial resources and may be affected by future property tax delinquencies. Property tax delinquencies may be impacted by economic and other factors beyond the District’s or the County’s control, including the ability or willingness of property owners to pay property taxes during an economic recession or depression. An economic recession or depression could be caused by many factors outside the control of the District, including high interest rates, reduced consumer confidence, reduced real wages or reduced economic activity as a result of the spread of COVID-19 or other outbreak of disease or natural or manmade disaster. See “SECURITY FOR THE BONDS – Disclosure Relating to the COVID-19.”

Furthermore, the District cannot predict the impact, if any, that changes or modifications to property tax collection procedures, including Order N-61-20 which waives the collection of certain penalties and interest on delinquent property taxes resulting from the COVID-19 pandemic, might have on the County’s Teeter Plan. See “PROPERTY TAXATION – Property Tax Collection Procedures” herein.

Notwithstanding the Teeter Plan, the following table shows secured tax charges and delinquencies for secured property in the District for property within the District for fiscal years 2010-11 through 2018-19 with respect to the one percent general fund apportionment.

Largest Property Owners

The following table shows the 20 largest taxpayers in the District as determined by local secured assessed valuation in fiscal year 2019-20. Each taxpayer listed below is a unique name listed on the tax rolls. The District cannot determine from County assessment records whether individual persons, corporations or other organizations are liable for tax payments with respect to multiple properties held in various names that in aggregate may be larger than is suggested by the table below. A large concentration of ownership in a single individual or entity results in a greater amount of tax collections which are dependent upon that property owner's ability or willingness to pay property taxes.

Direct and Overlapping Debt

Set forth below is a direct and overlapping debt report (the “**Debt Report**”) prepared by California Municipal Statistics, Inc. with respect to debt dated as of August 1, 2020. The Debt Report is included for general information purposes only. The District has not reviewed the Debt Report for completeness or accuracy and makes no representation in connection therewith. The Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries overlap the boundaries of the District in whole or in part. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

BOND INSURANCE

The following information has been furnished by the Bond Insurer for use in this Official Statement. No representation is made as to the accuracy or completeness of this information, or the absence of material adverse changes therein at any time subsequent to the date hereof. Reference is made to APPENDIX H for a specimen of the Policy.

-TO COME-

TAX MATTERS

Federal Tax Status. In the opinion of Jones Hall, A Professional Law Corporation, San Francisco, California, Bond Counsel, subject, however to the qualifications set forth below, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax.

The opinions set forth in the preceding paragraph are subject to the condition that the District comply with all requirements of the Internal Revenue Code of 1986, as amended (the "**Tax Code**") relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. The District has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the Bonds.

Tax Treatment of Original Issue Discount and Premium. If the initial offering price to the public at which a Bond is sold is less than the amount payable at maturity thereof, then such difference constitutes "original issue discount" for purposes of federal income taxes and State of California personal income taxes. If the initial offering price to the public at which a Bond is sold is greater than the amount payable at maturity thereof, then such difference constitutes "original issue premium" for purposes of federal income taxes and State of California personal income taxes. *De minimis* original issue discount and original issue premium are disregarded.

Under the Tax Code, original issue discount is treated as interest excluded from federal gross income and exempt from State of California personal income taxes to the extent properly allocable to each owner thereof subject to the limitations described in the first paragraph of this section. The original issue discount accrues over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). The amount of original issue discount accruing during each period is added to the adjusted basis of such Bonds to determine taxable gain upon disposition (including sale, redemption, or payment on maturity) of such Bond. The Tax Code contains certain provisions relating to the accrual of original issue discount in the case of purchasers of the Bonds who purchase the Bonds after the initial offering of a substantial amount of such maturity. Owners of such Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of purchasers who do not purchase in the original offering, the allowance of a deduction for any loss on a sale or other disposition, and the treatment of

accrued original issue discount on such Bonds under federal individual alternative minimum taxes.

Under the Tax Code, original issue premium is amortized on an annual basis over the term of the Bond (said term being the shorter of the Bond's maturity date or its call date). The amount of original issue premium amortized each year reduces the adjusted basis of the owner of the Bond for purposes of determining taxable gain or loss upon disposition. The amount of original issue premium on a Bond is amortized each year over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). Amortized Bond premium is not deductible for federal income tax purposes. Owners of premium Bonds, including purchasers who do not purchase in the original offering, should consult their own tax advisors with respect to State of California personal income tax and federal income tax consequences of owning such Bonds.

California Tax Status. In the further opinion of Bond Counsel, interest on the Bonds is exempt from California personal income taxes.

Other Tax Considerations. Current and future legislative proposals, if enacted into law, clarification of the Tax Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals, clarification of the Tax Code or court decisions may also affect the market price for, or marketability of, the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, such legislation would apply to bonds issued prior to enactment.

The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of such opinion, and Bond Counsel has expressed no opinion with respect to any proposed legislation or as to the tax treatment of interest on the Bonds, or as to the consequences of owning or receiving interest on the Bonds, as of any future date. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

Owners of the Bonds should also be aware that the ownership or disposition of, or the accrual or receipt of interest on, the Bonds may have federal or state tax consequences other than as described above. Other than as expressly described above, Bond Counsel expresses no opinion regarding other federal or state tax consequences arising with respect to the Bonds, the ownership, sale or disposition of the Bonds, or the amount, accrual or receipt of interest on the Bonds.

Form of Opinion. A copy of the proposed form of opinion of Bond Counsel is attached hereto as APPENDIX D.

CERTAIN LEGAL MATTERS

Legality for Investment

Under provisions of the California Financial Code, the Bonds are legal investments for commercial banks in California to the extent that the Bonds, in the informed opinion of the bank, are prudent for the investment of funds of depositors, and under provisions of the California Government Code, the Bonds are eligible to secure deposits of public moneys in California.

Absence of Litigation

No litigation is pending or threatened concerning the validity of the Bonds, and a certificate to that effect will be furnished to purchasers at the time of the original delivery of the Bonds. The District is not aware of any litigation pending or threatened that (i) questions the political existence of the District, (ii) contests the District's ability to receive *ad valorem* taxes or to collect other revenues or (iii) contests the District's ability to issue and retire the Bonds.

The District is routinely subject to lawsuits and claims in the regular course of administering the District. In the opinion of the District, the aggregate amount of the uninsured liabilities of the District under these lawsuits and claims will not materially affect the financial position or operations of the District.

Compensation of Certain Professionals

Payment of the fees and expenses of Jones Hall, A Professional Law Corporation, as Bond Counsel and Disclosure Counsel to the District, Norton Rose Fulbright US LLP, as Underwriter's Counsel, and CFW Advisory Services, LLC, as financial advisor to the District, is contingent upon issuance of the Bonds.

CONTINUING DISCLOSURE

The District has covenanted for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the District by not later than nine (9) months following the end of the District's fiscal year (which currently would be by March 31 each year based upon the June 30 end of the District's fiscal year), commencing by March 31, 2021, with the report for the 2019-20 Fiscal Year (the "**Annual Report**"), and to provide notices of the occurrence of certain enumerated events. The Annual Report and any event notices will be filed by the District with the Municipal Securities Rulemaking Board (the "**MSRB**"). The specific nature of the information to be contained in an Annual Report or other notices is set forth below under the caption "APPENDIX E - FORM OF CONTINUING DISCLOSURE CERTIFICATE." These covenants have been made in order to assist the Underwriter in complying with S.E.C. Rule 15c2-12(b)(5) (the "**Rule**").

The District has made undertakings pursuant to the Rule in connection with prior debt issuances. Specific instances of non-compliance with prior undertakings in the previous five years are (i) filing annual reports for fiscal years 2014 and 2015 late, (ii) filing operating data late or filing operating data that did not conform to all of the requirements of certain previous undertakings for fiscal years ending 2014, 2015, 2017 and 2018, (iii) the late filing of the District's first interim and budget reports for the fiscal years ending in 2014 through 2018, which have a December 1 filing deadline, (iv) not filing in a timely manner notices of rating changes

with respect to rating downgrades and upgrades for bond insurers which insure certain of the District's debt issues, and (v) not filing in a timely manner notices of failure to file annual reports and ratings change notices.

The District currently serves as its own dissemination agent in connection with its prior undertakings as well as the undertaking relating to the Bonds.

Neither the County nor any other entity other than the District shall have any obligation or incur any liability whatsoever with respect to the performance of the District's duties regarding continuing disclosure.

RATINGS

S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("**S&P**"), is expected to assign its rating of "____" to the Bonds, based on the understanding that the Bond Insurer will deliver its Bond Insurance Policy with respect to the Bonds upon delivery. See "BOND INSURANCE."

In addition, S&P has assigned an underlying rating of "____" to the Bonds. Such ratings reflect only the view of S&P and an explanation of the significance of such ratings may be obtained only from S&P. The District has provided certain additional information and materials to S&P (some of which does not appear in this Official Statement). There is no assurance that such ratings will continue for any given period of time or that the ratings will not be revised downward or withdrawn entirely by S&P if, in the judgment of such rating agency, circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Bonds.

UNDERWRITING

The Bonds are being purchased by Raymond James & Associates, Inc. (the "**Underwriter**"). The Underwriter has agreed to purchase the Bonds at a price of \$_____ which is equal to the initial principal amount of the Bonds of \$_____, plus original issue premium of \$_____ less an Underwriter's discount of \$_____.

The bond purchase agreement relating to the Bonds provides that the Underwriter will purchase all of the Bonds (if any are purchased), and provides that the Underwriter's obligation to purchase is subject to certain terms and conditions, including the approval of certain legal matters by counsel.

The Underwriter may offer and sell Bonds to certain dealers and others at prices lower than the offering prices stated on the inside cover page hereof. The offering prices may be changed by the Underwriter.

ADDITIONAL INFORMATION

The discussions herein about the Bond Resolution and the Continuing Disclosure Certificate are brief outlines of certain provisions thereof. Such outlines do not purport to be complete and for full and complete statements of such provisions reference is made to such documents. Copies of these documents mentioned are available from the Underwriter and following delivery of the Bonds will be on file at the offices of the Paying Agent in Los Angeles, California.

References are also made herein to certain documents and reports relating to the District; such references are brief summaries and do not purport to be complete or definitive. Copies of such documents are available upon written request to the District.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the District and the purchasers or Owners of any of the Bonds.

The execution and delivery of this Official Statement have been duly authorized by the District.

APPENDIX B

DISTRICT GENERAL AND FINANCIAL INFORMATION

The information in this and other sections concerning the District's operations and operating budget is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of and interest on the Bonds is payable from the general fund of the District. The Bonds are payable solely from the proceeds of an ad valorem property tax required to be levied by the County on taxable property within the District in an amount sufficient for the payment thereof. See "SECURITY FOR THE BONDS" in the front portion of this Official Statement.

GENERAL DISTRICT INFORMATION

General Information

The District consists of an area of 28 square miles located in the southeastern portion of Ventura County (the "**County**"). It was established in 1873 and provides transitional kindergarten through eighth grade educational services to the residents of the City of Oxnard and a portion of the City of Port Hueneme. The District has eleven K-5 elementary schools, six K-8 schools, three 6-8 middle schools, and one special education annex. Enrollment is budgeted for approximately for 15,434 students in fiscal year 2020-21.

Administration

Board of Trustees. The District is governed by a five-member Board of Trustees, with each member elected to a four-year term. Elections for positions on the Board of Trustees are held every two years, alternating between two and three available positions. Current members of the Board of Trustees, together with their office and the date their term expires, are listed below:

| Name | Office | Term Expires |
|-----------------------|---------------|---------------------|
| Monica Madrigal Lopez | President | November 2020 |
| Debra Cordes | Clerk | November 2022 |
| Jarely Lopez | Trustee | November 2020 |
| Denis O' Leary | Trustee | November 2020 |
| Veronica Robles-Solis | Trustee | November 2022 |

Administration. The day-to-day operations are managed by a Board-appointed Superintendent. Currently, Karling Aguilera-Fort serves as the District Superintendent. Janet Penanhoat serves as the District's Assistant Superintendent, Business and Fiscal Services. Although Ms. Penanhoat's retirement was scheduled for May 30, 2020, she is continuing to serve the District on an interim basis pending appointment of a successor.

Recent Enrollment Trends

District's Response to COVID-19 Emergency

In March, 2020, the District closed its school for on-site learning to reduce the potential for community transmission of COVID-19. The closure was extended through the end of the academic school year. The District was able to provide one-to-one technology devices for each of its students during remote learning. The County is currently in Tier 1 (Widespread) of the State's reopening plan, and as such, in-person instruction is not currently permitted. The District has commenced the academic year in remote learning mode.

The District is expected to receive \$15,722 (approximately \$204 per student) in funding under the CARES Act in July 2020 to address costs which may have resulted from the COVID-19 emergency. The District also is pursuing funds from FEMA. Because the District is funded pursuant to the State's education funding formula known as LCFF, the District's main operating revenues will be impacted by the State's financial position in the current and future fiscal years. As a result of the COVID-19 emergency, the State's revenues are predicted to decline sharply from the original budget for the current fiscal year, and in the near future. A corresponding decline in education funding is expected, but the extent of the decline, and whether additional federal funding will be available to school district, is not known at this time. See herein under the heading "STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS" for information on the State's current budget.

The District has incurred costs that were not anticipated at the time of its 2019-20 Budget as a result of COVID-19, such as the costs of mitigation measures and of implementing distance learning. However, funding under the CARES Act and other cost-saving impacts of not

operating site-based learning, such as reductions in transportation costs, fuel and electricity costs, provide offsets to those expenses. With respect to pension costs, the District cannot currently predict if the COVID-19 emergency will have a material impact on its required employer contributions which could arise if the unfunded actuarial accrued liabilities of PERS and STRS materially increase. The District maintains reserves for economic uncertainties, which exceed the State’ required minimum reserve, and the District Board has adopted a policy of maintaining reserves at a level of at least seven percent of expenditures. See “DISTRICT FINANCIAL INFORMATION – District Budget and Interim Financial Reporting - District Reserves.”

The impacts of the COVID-19 emergency on global, State-wide and local economies, which could impact District operations and finances, and local property values are unknown and cannot be predicted by the District.

Employee Relations

The District has budgeted in fiscal year 2020-21 for 833.8 full-time equivalent (“FTE”) certificated (non-management) positions, 592.3 FTE classified (non-management) positions and 69.0 FTE management, supervisor and confidential positions. These employees, except management and some part-time employees, are represented by the bargaining units summarized below.

OXNARD SCHOOL DISTRICT Summary of Labor Organizations

| Employee Group | Representation | Contract Expiration Date |
|-----------------------------|---------------------------------|--------------------------|
| Certificated (teaching) | Oxnard Educators Assn | June 30, 2020* |
| Certificated (non-teaching) | Oxnard Supportive Services Assn | June 30, 2020* |
| Classified | CA School Employees Assn | October 31, 2020* |

* Parties continue to operate under expired contract during negotiations.

Insurance

The District participates in one joint powers agreement (“JPA”) entities, the Ventura County Schools Self-Funding Authority (“VCSSFA”). The VCSSFA provides workers compensation, property and liability coverage for its member school districts through a varying combination of self-insurance and excess coverage. The JPA is governed by a board consisting of a representative from each member district. The governing board controls the operations of its

JPA independent of any influence by the member districts beyond their representation on the governing board. Each member district pays a premium commensurate with the level of coverage requested and shares surpluses and deficits proportionately to its participation in the JPA. See Note 8 of the District’s audited financial statements attached to this Official Statement.

DISTRICT FINANCIAL INFORMATION

Education Funding Generally

School districts in California (the “**State**”) receive operating income primarily from two sources: the State funded portion which is derived from the State’s general fund, and a locally funded portion, being the district’s share of the one percent general *ad valorem* tax levy authorized by the California Constitution. As a result, decreases or deferrals in education funding by the State could significantly affect a school district’s revenues and operations.

From 1973-74 to 2012-13, California school districts operated under general purpose revenue limits established by the State Legislature. In general, revenue limits were calculated for each school district by multiplying (1) the average daily attendance (“**ADA**”) for such district by (2) a base revenue limit per unit of ADA. The revenue limit calculations were adjusted annually in accordance with a number of factors designated primarily to provide cost of living increases and to equalize revenues among all California school districts of the same type. Funding of the District’s revenue limit was provided by a mix of local property taxes and State apportionments of basic and equalization aid. Generally, the State apportionments amounted to the difference between the District’s revenue limit and its local property tax revenues. Districts which had local property tax revenues that exceeded their revenue limit entitlements were deemed a “Basic Aid District” and received full funding from local property tax revenues, and were entitled to keep those tax revenues which exceeded their revenue limit funding entitlement.

The fiscal year 2013-14 State budget package replaced the previous K-12 finance system with a new formula known as the Local Control Funding Formula (the “**LCFF**”). Under the LCFF, revenue limits and most state categorical programs were eliminated. School districts instead receive funding based on the demographic profile of the students they serve and gain greater flexibility to use these funds to improve outcomes of students. The LCFF creates funding targets based on student characteristics. For school districts and charter schools, the LCFF funding targets consist of grade span-specific base grants plus supplemental and concentration grants that reflect student demographic factors. The LCFF includes the following components:

- A base grant for each local education agency per unit of ADA, which varies with respect to different grade spans. The base grant is \$2,375 more than the average revenue limit provided prior to LCFF implementation. The base grants will be adjusted upward each year to reflect cost-of-living increases. In addition, grades K-3 and 9-12 are subject to adjustments of 10.4% and 2.6%, respectively, to cover the costs of class size reduction in grades K-3 and the provision of career technical education in grades 9-12.
- A 20% supplemental grant for English learners, students from low-income families and foster youth to reflect increased costs associated with educating those students.
- An additional concentration grant of up to 50% of a local education agency’s base grant, based on the number of English learners, students from low-income families and foster youth served by the local agency that comprise more than 55% of enrollment.

- An economic recovery target to ensure that almost every local education agency receives at least their pre-recession funding level, adjusted for inflation, at full implementation of the LCFF.

The LCFF was implemented for fiscal year 2013-14 and was phased in gradually. Beginning in fiscal year 2013-14, an annual transition adjustment was required to be calculated for each school district, equal to each district’s proportionate share of the appropriations included in the State budget (based on the percentage of each district’s students who are low-income, English learners, and foster youth (“**Targeted Students**”)), to close the gap between the prior-year funding level and the target allocation at full implementation of LCFF. In each year, districts had the same proportion of their respective funding gaps closed, with dollar amounts varying depending on the size of a district’s funding gap. Full implementation occurred in fiscal year 2018-19.

Funding levels used in the LCFF target entitlement calculations, not including any supplemental or concentration grant funding entitlements, for fiscal year 2020-21 are set forth in the following table. Full implementation of LCFF occurred in fiscal year 2018-19 in connection with adoption of the State Budget for said fiscal year.

The legislation implementing LCFF included a “hold harmless” provision which provided that a district or charter school would maintain total revenue limit and categorical funding at least equal to its 2012-13 level, unadjusted for changes in ADA or cost of living adjustments.

The LCFF includes an accountability component. Districts are required to increase or improve services for English language learners, low income, and foster youth students in proportion to supplemental and concentration grant funding received. All school districts, county offices of education, and charter schools are required to develop and adopt local control and accountability plans, which identify local goals in areas that are priorities for the State, including pupil achievement, parent engagement, and school climate.

County superintendents review and provide support to the districts under their jurisdiction, and the Superintendent of Public Instruction performs a corresponding role for county offices of education. In addition, the State Budget for fiscal year 2013-14 created the California Collaborative for Education Excellence to advise and assist school districts, county offices of education, and charter schools in achieving the goals identified in their plans. Under the LCFF and related legislation, the State will continue to measure student achievement

through statewide assessments, produce an Academic Performance Index for schools and subgroups of students, determine the contents of the school accountability report card, and establish policies to implement the federal accountability system.

Basic Aid or Community Supported districts are school districts which have local property tax revenues which exceed such district's funding entitlement under LCFF. As such, in lieu of State funding under LCFF, Basic Aid districts are entitled to keep the full share of local property tax revenues, even the amount which exceeds its funding entitlement under LCFF. The District's funding formula is currently determined pursuant to LCFF, and not as a Basic Aid district.

District Accounting Practices

The accounting practices of the District conform to generally accepted accounting principles in accordance with policies and procedures of the California School Accounting Manual. This manual, according to Section 41010 of the California Education Code, is to be followed by all California school districts.

District accounting is organized on the basis of fund groups, with each group consisting of a separate set of self-balancing accounts containing assets, liabilities, fund balances, revenues and expenditures. The major fund classification is the general fund which accounts for all financial resources not requiring a special fund placement. The District's fiscal year begins on July 1 and ends on June 30.

District expenditures are accrued at the end of the fiscal year to reflect the receipt of goods and services in that year. Revenues generally are recorded on a cash basis, except for items that are susceptible to accrual (measurable and/or available to finance operations). Current taxes are considered susceptible to accrual. Revenues from specific state and federally funded projects are recognized when qualified expenditures have been incurred. State block grant apportionments are accrued to the extent that they are measurable and predictable. The State Department of Education sends the District updated information from time to time explaining the acceptable accounting treatment of revenue and expenditure categories.

The Governmental Accounting Standards Board ("**GASB**") published its Statement No. 34 "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments" on June 30, 1999. Statement No. 34 provides guidelines to auditors, state and local governments and special purpose governments such as school districts and public utilities, on new requirements for financial reporting for all governmental agencies in the United States. Generally, the basic financial statements and required supplementary information should include (i) Management's Discussion and Analysis; (ii) financial statements prepared using the economic measurement focus and the accrual basis of accounting, (iii) fund financial statements prepared using the current financial resources measurement focus and the modified accrual method of accounting and (iv) required supplementary information.

Financial Statements

General. The District's general fund finances the legally authorized activities of the District for which restricted funds are not provided. General fund revenues are derived from such sources as State school fund apportionments, taxes, use of money and property, and aid from other governmental agencies. The District's audited financial statements for the fiscal year

ending fiscal year 2018-19 were prepared by Nigro & Nigro, PC., A Professional Accountancy Corporation, Murrieta, California. Audited financial statements for the District for the fiscal year ended June 30, 2019, and prior fiscal years are on file with the District and available for public inspection at the Superintendent's Office. See Appendix A hereto for the 2018-19 audited financial statements. Copies of such financial statements will be mailed to prospective investors and their representatives upon written request to the District and are also freely accessible online at the Electronic Municipal Market Access website operated by the Municipal Securities Rulemaking Board (emma.msrb.org) in connection with the District's annual report filings for its bonds (see description of annual report filings in the front portion of this Official Statement under the caption "Certain Legal Matters – Continuing Disclosure"). Reference to the foregoing web site does not incorporate its contents herein by reference. The District has not requested nor did the District obtain permission from its auditor to include the audited financial statements as an appendix to this Official Statement. Accordingly, the auditor has not performed any post-audit review of the financial condition or operations of the District.

District Budget and Interim Financial Reporting

District Budget Process. State law requires school districts to maintain a balanced budget in each fiscal year. The State Department of Education imposes a uniform budgeting and accounting format for school districts.

Under current law, a school district governing board must adopt and file with the county superintendent of schools a tentative budget by July 1 in each fiscal year. The District is under the jurisdiction of the Ventura County Superintendent of Schools, which is part of the organizational structure of the California Department of Education (not the County of Ventura) (the "**County Superintendent**").

The County Superintendent must review and approve or disapprove the budget no later than August 15. The County Superintendent is required to examine the adopted budget for compliance with the standards and criteria adopted by the State Board of Education and identify technical corrections necessary to bring the budget into compliance with the established standards. If the budget is disapproved, it is returned to the District with recommendations for revision. The District is then required to revise the budget, hold a public hearing thereon, adopt the revised budget and file it with the County Superintendent no later than September 8. Pursuant to State law, the County Superintendent has available various remedies by which to impose and enforce a budget that complies with State criteria, depending on the circumstances, if a budget is disapproved. After approval of an adopted budget, the school district's administration may submit budget revisions for governing board approval.

Subsequent to approval, the County Superintendent will monitor each district under its jurisdiction throughout the fiscal year pursuant to its adopted budget to determine on an ongoing basis if the district can meet its current or subsequent year financial obligations. If the County Superintendent determines that a district cannot meet its current or subsequent year obligations, the County Superintendent will notify the district's governing board of the determination and may then do either or both of the following: (a) assign a fiscal advisor to enable the district to meet those obligations or (b) if a study and recommendations are made and a district fails to take appropriate action to meet its financial obligations, the County Superintendent will so notify the State Superintendent of Public Instruction, (the "**State Superintendent**") and then may do any or all of the following for the remainder of the fiscal year: (i) request additional information regarding the district's budget and operations; (ii) after also consulting with the district's board, develop and impose revisions to the budget that will enable the district to meet its financial obligations; and (iii) stay or rescind any action inconsistent with such revisions. However, the County Superintendent may not abrogate any provision of a collective bargaining agreement that was entered into prior to the date upon which the County Superintendent assumed authority.

A State law adopted in 1991 ("**AB 1200**") imposed additional financial reporting requirements on school districts, and established guidelines for emergency State aid apportionments. Under the provisions of AB 1200, each school district is required to file interim certifications with the County Superintendent (on December 15, for the period ended October 31, and by mid-March for the period ended January 31) as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent fiscal year. The County Superintendent reviews the certification and issues either a positive, negative or qualified certification. A positive certification is assigned to any school district that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. A negative certification is assigned to any school district that is deemed unable

to meet its financial obligations for the remainder of the current fiscal year or the subsequent fiscal year. A qualified certification is assigned to any school district that may not meet its financial obligations for the current fiscal year or the two subsequent fiscal years.

Under California law, any school district and office of education that has a qualified or negative certification in any fiscal year may not issue, in that fiscal year or in the next succeeding fiscal year, certificates of participation, tax anticipation notes, revenue bonds or any other debt instruments that do not require the approval of the voters of the district, unless the applicable county superintendent of schools determines that the district's repayment of indebtedness is probable.

District's Budget Approval/Disapproval and Certification History. The District has not received any qualified or negative certifications of its financial reports in the past five years, nor have any of its recent budgets been disapproved.

Copies of the District's budgets, interim reports and certifications may be obtained upon request from the District. The District may impose charges for copying, mailing and handling.

District Reserves. The District's ending fund balance is the accumulation of surpluses from prior years. This fund balance is used to meet the State's minimum required reserve of 3% of expenditures, plus any other allocation or reserve which might be approved as an expenditure by the District in the future. The District maintains an unrestricted reserve which meets the State's minimum requirements.

In connection with legislation adopted in connection with the State's fiscal year 2014-15 Budget ("SB 858"), the California Education Code was amended to provide that, beginning in fiscal year 2015-16, if a district's proposed budget includes a local reserve above the minimum recommended level, the governing board must provide the information for review at the annual

public hearing on its proposed budget. In addition, SB 858 included a provision, which became effective upon the passage of Proposition 2 at the November 4, 2014 statewide election, which limits the amount of reserves which may be maintained at the school district level. Specifically, the legislation, among other things, enacted California Education Code Section 42127.01, which became operative December 15, 2014, and provides that in any fiscal year immediately after a fiscal year in which a transfer is made to the State's Public School System Stabilization Account (the Proposition 98 reserve), a school district may not adopt a budget that contains a reserve for economic uncertainties in excess of twice the applicable minimum recommended reserve for economic uncertainties established by the State Board (for school districts with ADA over 400,000, the limit is three times the amount). Exemptions can be granted by the County Superintendent under certain circumstances.

Effective January 1, 2018, Senate Bill 751, which was signed by the Governor on October 11, 2017, amends Section 42127.01 of the California Education Code to raise the reserve cap to no more than 10% of a school district's combined assigned or unassigned ending general fund balance. In addition, the amendment provides that the reserve cap will be effective only if there is a minimum balance of 3% in the Proposition 98 reserve referenced in the preceding paragraph. Basic aid school districts and small districts with 2,500 or fewer ADA are exempted from the reserve cap contained in California Education Code Section 42127.01. The District cannot predict how the foregoing legislation and reserve caps could impact its reserves and future spending.

The District cannot predict when or how any additional changes to legal provisions governing the reserve cap would impact its reserves and future spending. See "STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS - 2020-21 State Budget."

Attendance - Revenue Limit and LCFF Funding

Funding Trends. As described herein, prior to fiscal year 2013-14, school districts in California derived most State funding based on a formula which considered a revenue limit per unit of ADA. With the implementation of the LCFF, commencing in fiscal year 2013-14, school districts receive base funding based on A.D.A., and may also be entitled to supplemental funding, concentration grants and funding based on an economic recovery target. The following table sets forth recent total LCFF funding trends, together with ADA.

Targeted Student Enrollment. The District has a Target Student unduplicated count of approximately 87% budgeted for in fiscal year 2020-21, and as such, is entitled to be supplemental and concentration grant funding under LCFF.

Possible Impacts of COVID-19. As described herein, the short-term and long-term impact of COVID-19 on the District's attendance, revenues and local property values, and the impacts of Federal and State legislation resulting from the COVID-19 emergency, cannot be predicted. The Bonds described in this Official Statement are secured by *ad valorem* property taxes, and not the District's general fund. See "SECURITY FOR THE BONDS – Disclosure Relating to COVID-19."

Revenue Sources

The District categorizes its general fund revenues into four sources, being LCFF, Federal Revenues, Other State Revenues and Local Revenues. Each of these revenue sources is described below.

LCFF Sources. District funding is provided by a mix of (1) local property taxes and (2) State apportionments of funding under the LCFF. Generally, the State apportionments will amount to the difference between the District's LCFF funding entitlement and its local property tax revenues.

Beginning in 1978-79, Proposition 13 and its implementing legislation provided for each county to levy (except for levies to support prior voter-approved indebtedness) and collect all property taxes, and prescribed how levies on county-wide property values are to be shared with local taxing entities within each county.

The principal component of local revenues is the school district's property tax revenues, i.e., the district's share of the local 1% property tax, received pursuant to Sections 75 and following and Sections 95 and following of the California Revenue and Taxation Code. California Education Code Section 42238(h) itemizes the local revenues that are counted towards the base revenue limit before calculating how much the State must provide in equalization aid. Historically, the more local property taxes a district received, the less State equalization aid it was entitled to. Furthermore, if a school district's share of local property tax revenues exceeded the revenue limit, the school district was deemed a "Basic Aid" district, and entitled to keep the full share of local property taxes, even if they exceeded the revenue limit which would have been provided through State funding.

For school districts which were "Basic Aid" prior to implementation of the LCFF, provided that the per pupil funding targets under LCFF, including economic recovery targets, are met or exceeded by local property tax revenues, such districts are entitled to retain their status as Basic Aid and keep their full local property tax revenue entitlement. The threshold for Basic Aid status under the LCFF, however, is higher than under the prior funding formula, resulting in some district falling out of Basic Aid status as the result of the implementation of the LCFF. Accountability measures contained in the LCFF must be implemented by all districts, including Basic Aid districts.

Federal Revenues. The federal government provides funding for several District programs, including special education programs, programs under Every Student Succeeds Act, the Individuals with Disabilities Education Act, and specialized programs such as Drug Free Schools.

Other State Revenues. As discussed above, the District receives State apportionment of basic and equalization aid in an amount equal to the difference between the District's revenue limit and its property tax revenues. In addition to such apportionment revenue, the District receives substantial other State revenues.

The District receives State aid from the California State Lottery (the "**Lottery**"), which was established by a constitutional amendment approved in the November 1984 general election. Lottery revenues must be used for the education of students and cannot be used for non-instructional purposes such as real property acquisition, facility construction, or the financing of research. Lottery revenues generally comprise approximately 2% of general fund revenues. Moreover, State Proposition 20 approved in March 2000 requires that 50% of the increase in Lottery revenues over 1997-98 levels must be restricted to use on instruction material.

For additional discussion of State aid to school districts, see "STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS - State Funding of Education."

Other Local Revenues. In addition to property taxes, the District receives additional local revenues from items such as interest earnings and other local sources.

District Retirement Systems

Qualified employees of the District are covered under multiple-employer defined benefit pension plans maintained by agencies of the State. Certificated employees are members of the State Teachers' Retirement System ("**STRS**") and classified employees are members of the Public Employees' Retirement System ("**PERS**"). Both STRS and PERS are operated on a Statewide basis. *The information set forth below regarding the STRS and PERS programs, other than the information provided by the District regarding its annual contributions thereto, has been obtained from publicly available sources which are believed to be reliable but are not guaranteed as to accuracy or completeness, and should not to be construed as a representation by the District or the Underwriter.*

Implementation of GASB Nos. 68 and 71. Commencing with fiscal year ended June 30, 2015, the District implemented the provisions of GASB Statement Nos. 68 and 71 which require certain new pension disclosures in the notes to its audited financial statements commencing with the financial statements for fiscal year 2014-15. Statement No. 68 generally requires the District to recognize its proportionate share of the unfunded pension obligation for STRS and PERS by recognizing a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. See "APPENDIX A - AUDITED FINANCIAL STATEMENTS OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2019" for further information.

STRS. All full-time certificated employees participate in STRS, a cost-sharing, multiple-employer contributory public employee retirement system. STRS provides retirement, disability and survivor benefits to plan members and beneficiaries under a defined benefit program. Benefit provisions and contribution amounts are established by State statutes, as legislatively amended. The program is funded through a combination of investment earnings and statutorily set contributions from three sources: employees, employers and the State. The District's employer contributions to STRS for recent fiscal years are set forth in the following table.

**STRS Contributions

Historically, employee, employer and State contribution rates did not vary annually to account for funding shortfalls or surpluses in the STRS plan. In recent years, the combination of investment earnings and statutory contributions were not sufficient to pay actuarially required amounts. As a result, the STRS defined benefit program showed an estimated unfunded actuarial liability of approximately \$102.6 billion as of June 30, 2019 (the date of the last actuarial valuation). In connection with the State's adoption of its fiscal year 2014-15 Budget, the Governor signed into law Assembly Bill 1469 ("**AB 1469**"), which represents a legislative effort to fund the unfunded actuarial obligation with respect to service credited members of the STRS Defined Benefit Program before July 1, 2014, within 32 years. AB 1469 addressed the funding gap by increasing contributions by employees, employers and the State. In particular, employer contribution rates are scheduled to increase through at least fiscal year 2020-21, from a contribution rate of 8.88% in fiscal year 2013-14 to 19.1% in fiscal year 2020-21. Thereafter, employer contribution rates will be determined by the STRS board to reflect the contribution required to eliminate unfunded liabilities by June 30, 2046.

The District's employer contribution rates for fiscal years 2015-16, 2016-17, 2017-18, 2018-19, and 2019-20 were 10.73%, 12.58%, 14.43%, 16.28%, and 17.10% respectively. Projected employer contribution rates for school districts (including the District) for fiscal year 2020-21 through fiscal year 2022-23 are set forth in the following table.

PERS. All full-time and some part-time classified employees participate in PERS, an agent multiple-employer contributory public employee retirement system that acts as a common investment and administrative agent for participating public entities within the State. PERS provides retirement, disability, and death benefits to plan members and beneficiaries. The District is part of a cost-sharing pool within PERS known as the “Schools Pool.” Benefit provisions are established by State statutes, as legislatively amended. Contributions to PERS are made by employers and employees. Each fiscal year, the District is required to contribute an amount based on an actuarially determined employer rate. The District’s employer contributions to PERS for recent fiscal years are set forth in the following table.

**PERS Contributions

Like the STRS program, the PERS program has experienced an unfunded liability in recent years. The PERS unfunded liability, on a market value of assets basis, was approximately \$31.4 billion as of June 30, 2019 (the date of the last actuarial valuation). To address this issue, the PERS board has taken a number of actions. In April 2013, for example, the PERS board approved changes to the PERS amortization and smoothing policy intended to reduce volatility in employer contribution rates. In addition, in April 2014, PERS set new contribution rates, reflecting new demographic assumptions and other changes in actuarial assumptions. In November 2015, PERS adopted a funding risk mitigation policy intended to incrementally lower its discount rate (its assumed rate of investment return) in years of good investment returns, help pay down the pension fund's unfunded liability, and provide greater predictability and less volatility in contribution rates for employers. In December 2016, PERS

voted to lower its discount rate from the current 7.5% to 7.0% over the next subsequent three years according to the following schedule.

**PERS Discount Rate
Fiscal Years 2018-19 through 2020-21**

| Fiscal Year | Amount |
|-------------|--------|
| 2018-19 | 7.375% |
| 2019-20 | 7.250 |
| 2020-21 | 7.000 |

Source: PERS.

The new rates and underlying assumptions, which are aimed at eliminating the unfunded liability of PERS in approximately 30 years, was implemented for school districts beginning in fiscal year 2016-17, with the costs spread over 20 years and the increases phased in over the first five years.

The District's employer contribution rates for fiscal years 2015-16, 2016-17, 2017-18, 2018-19, and 2019-20 were 11.847%, 13.888%, 15.531%, 18.062%, and 19.721% respectively. Projected employer contribution rates for school districts (including the District) for fiscal year 2020-21 through fiscal year 2022-23 are set forth in the following table.

**EMPLOYER CONTRIBUTION RATES (PERS)
Fiscal Years 2020-21 through 2022-23⁽¹⁾**

California Public Employees' Pension Reform Act of 2013. On September 12, 2012, the Governor signed into law the California Public Employees' Pension Reform Act of 2013 ("PEPRA"), which impacted various aspects of public retirement systems in the State, including the STRS and PERS programs. In general, PEPRA (i) increased the retirement age for public employees depending on job function, (ii) capped the annual pension benefit payouts for public employees hired after January 1, 2013, (iii) required public employees hired after January 1, 2013 to pay at least 50% of the costs of their pension benefits (as described in more detail below), (iv) required final compensation for public employees hired after January 1, 2013 to be determined based on the highest average annual pensionable compensation earned over a period of at least 36 consecutive months, and (v) attempted to address other perceived abuses in the public retirement systems in the State. PEPRA applies to all public employee retirement systems in the State, *except* the retirement systems of the University of California, and charter cities and charter counties whose pension plans are not governed by State law. PEPRA's provisions went into effect on January 1, 2013 with respect to new State, school, and city and local agency employees hired on or after that date; existing employees who are members of

employee associations, including employee associations of the District, have a five-year window to negotiate compliance with PEPRRA through collective bargaining.

PERS has predicted that the impact of PEPRRA on employees and employers, including the District and other employers in the PERS system, will vary, based on each employer's current level of benefits. As a result of the implementation of PEPRRA, new members must pay at least 50% of the normal costs of the plan, which can fluctuate from year to year. To the extent that the new formulas lower retirement benefits, employer contribution rates could decrease over time as current employees retire and employees subject to the new formulas make up a larger percentage of the workforce. This change would, in some circumstances, result in a lower retirement benefit for employees than they currently earn.

With respect to the STRS pension program, employees hired after January 1, 2013 will pay the greater of either (1) fifty percent of the normal cost of their retirement plan, rounded to the nearest one-quarter percent, or (2) the contribution rate paid by then-current members (i.e., employees in the STRS plan as of January 1, 2013). The member contribution rate could be increased from this level through collective bargaining or may be adjusted based on other factors. Employers will pay at least the normal cost rate, after subtracting the member's contribution.

The District is unable to predict the amount of future contributions it will have to make to PERS and STRS as a result of the implementation of PEPRRA, and as a result of negotiations with its employee associations, or, notwithstanding the adoption of PEPRRA, resulting from any legislative changes regarding the PERS and STRS employer contributions that may be adopted in the future.

Additional Information. Additional information regarding the District's retirement programs is available in Note 11 of the District's audited financial statements attached hereto as APPENDIX A. In addition, both STRS and PERS issue separate comprehensive financial reports that include financial statements and required supplemental information. Copies of such reports may be obtained from STRS and PERS, respectively, as follows: (i) STRS, P.O. Box 15275, Sacramento, California 95851-0275; and (ii) PERS, 400 Q Street, Sacramento, California 95811. More information regarding STRS and PERS can also be obtained at their websites, www.calstrs.com and www.calpers.ca.gov, respectively. *The references to these Internet websites are shown for reference and convenience only and the information contained on such websites is not incorporated by reference into this Official Statement. The information contained on these websites may not be current and has not been reviewed by the District or the Underwriter for accuracy or completeness.*

Other Post-Employment Benefit Obligation

The Plan Generally. The Oxnard School District Employee Health and Welfare Benefits Trust (the "**Trust**") administers the Oxnard School District Retiree Benefits Plan (the "**Plan**"), a single-employer defined benefit plan that is used to provide postemployment benefits other than pensions ("**OPEB**") for all permanent full-time certificated and classified employees of the District. The operation and administration of the Trust is the joint responsibility of a Board of three (3) Trustees appointed by the District and designated in writing. The Trustees consist of: (1) the District's Assistant Superintendent of Business and Fiscal Services, (2) one member of the District's governing board, and (3) one retiree, appointed by the District's Board of Trustees. Membership of the Plan as of the 2018-19 fiscal year consisted of 243 retirees and beneficiaries receiving benefits and 683 active plan members. Those hired on or after January 1, 2012 are

not qualified to receive retiree health benefits.

Benefits Provided. The Plan provides medical, dental, and vision benefits for retirees. Benefits are provided through a third-party insurer, and the full cost of benefits is covered by the plan. Article 4 of the Trust By-Laws grants the authority to establish and amend the benefit terms to the Trust Board.

Contributions. Article 4 of the Trust By-Laws grants the authority to establish and amend the contribution requirements of the District and plan members to the Trust Board. The Trust Board establishes rates based on an actuarially determined rate. For the fiscal year ended June 30, 2018, the District's average contribution rate was 4.0% of covered-employee payroll. Plan members are not required to contribute to the plan.

Actuarial Assumptions and Other Inputs. The District's total OPEB liability of \$89,501,987 was measured as of June 30, 2018 and was determined by an actuarial valuation as of June 30, 2017 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified: inflation 2.75% per year, salary increases 2.75% per year, investment rate of return 3.8% per year net of expenses, and healthcare cost trend rates 4.00% per year. The discount rate used to measure the total OPEB liability was 3.8 percent. The projection of cash flows used to determine the discount rate assumed that District contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability. The discount rate in the prior valuation dated November 20, 2017 was 3.5 percent.

Changes in OPEB Liability of the District. The changes in OPEB liability of the District as of June 30, 2019, as summarized in the District's audited financial statement for fiscal year 2018-19, is shown in the following table:

OPEB Expense. For the year ended June 30, 2018, the District recognized an OPEB expense of \$6,387,843.

For more information regarding the District's OPEB, see Note 7 Section E of Appendix A to the Official Statement.

Existing Debt Obligations

In addition to debt relating to pensions and OPEB, the District has outstanding debt as summarized below.

General Obligation Bonds. The District has received voter authorizations to issue general obligation bonds pursuant to the procedures available under California law and election held in the District. Currently, the District has general obligation bond indebtedness outstanding pursuant to its November 7, 2006 bond election, which authorized up to \$64 million in general obligation bonds; its November 8, 2012 bond election, which authorized up to \$90 million in general obligation bonds; and its November 8, 2016 bond election, which authorized up to \$142.5 million in general obligation bonds. In addition, the District has multiple issues of refunding general obligation bonds outstanding. The following table summarizes the District's outstanding general obligation bonds.

Certificates of Participation. The District currently has two series of certificates of participation outstanding. On January 19, 2010 the District issued \$5,285,900 of Refunding Certificates of Participation (the "**2010 Certificates**") pursuant to a lease agreement with Public Property Financing Corporation of California for the purpose of refunding the District's outstanding 1997 Certificates, which had been issued to finance the final construction of the

Norman Brekke Elementary School. The 2010 Certificates were sold bearing stated interest rate of 4.75% maturing between August 1, 2011 and August 1, 2026. As of October 1, 2019, the outstanding principal balance of the 2010 Certificates was \$2,845,100.

On April 7, 2016 the District issued \$8,000,000 original principal amount of 2016 Certificates of Participation (the “**2016 Certificates**”) pursuant to a lease agreement with the Public Property Financing Corporation of California for the purpose of financing the acquisition and improvement of real property to be used as educational facilities by the District. The 2016 Certificates were sold with an initial interest rate of 2.00% and a step-up interest rate of 5.00% commencing August 1, 2021. As of October 1, 2019, the 2016 Certificates were outstanding in the aggregate principal amount of \$8,000,000.

Energy Retrofit Agreement. On July 17, 2012, the District entered into an equipment lease/purchase agreement (the “**Equipment Lease/Purchase Agreement**”) with Banc of America Public Capital Corp. for the acquisition of an energy efficiency program and corresponding equipment. The financing was in a principal amount of \$4,797,640 with an annual interest rate of 2.98%, with the final payment due in fiscal year 2027-28. The District’s obligation under the Equipment Lease/Purchase Agreement is payable from the District’s General Fund.

Investment of District Funds

In accordance with Government Code Section 53600 *et seq.*, the Ventura County Treasurer manages funds deposited with it by the District. The County is required to invest such funds in accordance with California Government Code Sections 53601 *et seq.* In addition, counties are required to establish their own investment policies which may impose limitations beyond those required by the Government Code. The most recent Investment Policy adopted by the Board of Supervisors of the County and the most recent available quarterly investment report are attached hereto as Appendix G.

Effect of State Budget on Revenues

Public school districts in California are dependent on revenues from the State for a large portion of their operating budgets. California school districts generally receive the majority of their operating revenues from various State sources. The primary source of funding for school districts is LCFF funding, which is derived from a combination of State funds and local property taxes (see “—State Funding of Education; Recent State Budgets – Revenue Limits” above). State funds typically make up the majority of a district’s LCFF funding. School districts also receive funding from the State for some specialized programs such as special education.

The availability of State funds for public education is a function of constitutional provisions affecting school district revenues and expenditures (see “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS” below), the condition of the State economy (which affects total revenue available to the State general fund), and the annual State budget process. The District cannot predict how education funding may further be changed in the future, or the state of the economy which in turn can impact the amounts of funds available from the State for education funding. See “STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS” below.

STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS

General. The State requires that from all State revenues there first shall be set apart the moneys to be applied for support of the public school system and public institutions of higher education. Public school districts in California are dependent on revenues from the State for a large portion of their operating budgets. California school districts receive an average of about 55% of their operating revenues from various State sources. The primary source of funding for school districts are revenues under the LCFF, which are a combination of State funds and local property taxes (see “DISTRICT FINANCIAL INFORMATION - Education Funding Generally” above). State funds typically make up the majority of a district’s LCFF allocation, although Basic Aid school districts derive most of their revenues from local property taxes. School districts also receive substantial funding from the State for various categorical programs.

The availability of State funds for public education is a function of constitutional provisions affecting school district revenues and expenditures (see “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS” below), the condition of the State economy (which affects total revenue available to the State general fund), and the annual State budget process. Decreases in State revenues may significantly affect appropriations made by the legislature to school districts.

As described below in the summaries of State budgeting documents and commentary of the LAO, the COVID-19 pandemic is expected to have a material impact on State revenues and appropriations.

The following information concerning the State’s budgets for the current and most recent preceding years has been compiled from publicly-available information provided by the State. Neither the District, the Underwriter or the County is responsible for the information relating to the State’s budgets provided in this section. Further information is available from the Public Finance Division of the State Treasurer’s Office.

The Budget Process. The State’s fiscal year begins on July 1 and ends on June 30. The annual budget is proposed by the Governor by January 10 of each year for the next fiscal year (the “**Governor’s Budget**”). Under State law, the annual proposed Governor’s Budget cannot provide for projected expenditures in excess of projected revenues and balances available from prior fiscal years. Following the submission of the Governor’s Budget, the Legislature takes up the proposal.

Under the State Constitution, money may be drawn from the State Treasury only through an appropriation made by law. The primary source of the annual expenditure authorizations is the Budget Act as approved by the Legislature and signed by the Governor. The Budget Act must be approved by a majority vote of each house of the Legislature. The Governor may reduce or eliminate specific line items in the Budget Act or any other appropriations bill without vetoing the entire bill. Such individual line-item vetoes are subject to override by a two-thirds majority vote of each house of the Legislature.

Appropriations also may be included in legislation other than the Budget Act. Bills containing appropriations (including for K-14 education) must be approved by a majority vote in each house of the Legislature, unless such appropriations require tax increases, in which case they must be approved by a two-thirds vote of each house of the Legislature and be signed by the Governor. Continuing appropriations, available without regard to fiscal year, may also be provided by statute or the State Constitution.

Funds necessary to meet an appropriation need not be in the State Treasury at the time such appropriation is enacted; revenues may be appropriated in anticipation of their receipt.

Recent State Budgets

Certain information about the State budgeting process and the State Budget is available through several State of California sources. A convenient source of information is the State's website, where recent official statements for State bonds are posted. *The references to internet websites shown below are shown for reference and convenience only, the information contained within the websites may not be current and has not been reviewed by the District and is not incorporated herein by reference.*

Prior Years' Budgeting Techniques. Declining revenues and fiscal difficulties which arose in the State commencing in fiscal year 2008-09 led the State to undertake a number of budgeting strategies, which had subsequent impacts on local agencies within the State. These techniques included the issuance of IOUs in lieu of warrants (checks), the enactment of statutes deferring amounts owed to public schools until a later date in the fiscal year or even into the following fiscal year (known as statutory deferrals), trigger reductions, which were budget cutting measures which were implemented or could have been implemented if certain State budgeting goals were not met, and the dissolution of local redevelopment agencies in part to make available additional funding for local agencies. As a result of the COVID-19 pandemic and subsequent economic recession, budget-cutting strategies such as those used in recent years are being used and may continue to be used in the future during a period of budgetary strain.

2013-14 State Budget: Significant Change in Education Funding. As described previously herein, the 2013-14 State Budget and its related implementing legislation enacted significant reforms to the State's system of K-12 education finance with the enactment of the LCFF. Significant reforms such as the LCFF and other changes in law may have significant impacts on the District's finances.

2020-21 State Budget

Introduction and Background. The Governor signed the fiscal year 2020-21 State Budget (the "**2020-21 State Budget**") on June 29, 2020. The 2020-21 State Budget notes that

the COVID-19 pandemic has impacted every sector of the State's economy and has caused record high unemployment, and further action from the federal government is needed as a result of the crisis. The Governor is pursuing \$1 trillion in flexible federal aid to state and local governments across the country, which support will be critical to mitigate the effects of the public health crisis, encourage recovery, and support persons in need.

At the time of the Governor's proposed 2020-21 State Budget in January, the State was projecting a surplus of \$5.6 billion. At the time of the May Revision with respect to the 2020-21 State Budget, the State had a budget deficit of \$54.3 billion. The 2020-21 State Budget includes measures to close the gap and bring the State's resources and spending into balance while preserving reserves for future years.

To reduce the structural deficit in the coming years, the 2020-21 State Budget sustains the January 1, 2022 suspension of several ongoing programmatic expansions that were made in the 2019 Budget Act. In addition, the 2020-21 State Budget accelerates the suspension of most Proposition 56 (2016 tobacco tax measure) tax rate increases to July 1, 2021. Despite these measures, the State forecasts an operating deficit of \$8.7 billion in 2021-22, after accounting for reserves.

Closing the Budget Gap. The 2020-21 State Budget uses the following strategies to close the budget gap:

- **Reserve Draw Down:** Draws down \$8.8 billion in reserves, including from the State's Rainy Day Fund (\$7.8 billion), the Safety Net Reserve (\$450 million), and all of the funds in the Public School System Stabilization Account.
- **Triggers:** Includes \$11.1 billion in funding reductions and deferrals that will be restored if at least \$14 billion in federal funds are received by October 15, 2020. If the State receives a lesser amount between \$2 billion and \$14 billion, the reductions and deferrals will be partially restored. The trigger includes \$6.6 billion in deferred funding for schools.
- **Federal Funds:** Relies on \$10.1 billion in federal funds that provide State general fund relief, including \$8.1 billion already received.
- **Revenues:** Temporarily suspends the use of net operating losses for medium and large businesses and temporarily limits to \$5 million the amount of business incentive credits a taxpayer can use in any given tax year. These short-term limitations will generate \$4.4 billion in new revenues in the 2020-21 fiscal year.
- **Borrowing/Transfers/Deferrals:** Relies on \$9.3 billion in special fund borrowing and transfers, as well as other deferrals for K-14 schools. Approximately \$900 million in additional special fund borrowing is associated with the reductions to employee compensation and is contained in the trigger.
- **Other Solutions:** Cancelling multiple program expansions and anticipating increased government efficiencies, higher ongoing revenues above the May Revision forecast and lower health and human services caseload costs than the May Revision estimated.

General Budget Highlights. Certain highlights of the 2020-21 State Budget are:

Emergency Response: COVID-19 and other emergency response efforts included in the 2020-21 State Budget are:

- Responding to COVID-19: The State expects to receive over \$72 billion in federal assistance to State programs, of which unemployment insurance represents about \$52 billion of this total. Under the CARES Act, the State received \$9.5 billion for various uses including \$4.4 billion to mitigate K-14 learning loss. The amount of \$5.9 million of General Fund spending for 2020-21 and \$4.8 million ongoing is allocated to support the State Department of Health's response to COVID-19.
- Enhancements to Emergency Responses and Preparedness: \$117.6 million is allocated to the State Office of Emergency Services to enhance emergency preparedness and response capabilities, including with respect to power outages, earthquakes, wildfires and cybersecurity.
- Forestry and Fire Protection: \$90 million is allocated to enhance CAL FIRE's fire protection capabilities, including for wildfire prediction and modeling technology.

Revenue Solutions. Revenue measures which are expected to net \$4.3 billion in 2020-21, \$3.1 billion in 2021-22 and \$1.3 billion in 2022-23, include:

- Certain Tax Measure Extensions. Extending certain tax measures including certain sales tax exemptions through the end of 2022-23, extending the carryover period for film credits from 6 years to 9 years, and extending the current exemption from the minimum tax for first year corporations to first year limited liability corporations, partnerships, and limited liability partnerships.
- Expansion of Earned Income Tax. Expanding the Earned Income Tax Credit to certain taxpayers.
- Changes to Tax Laws and Sales Tax. Changes in tax law including suspending net operating losses for 2020, 2021, and 2022 for medium and large businesses, and limiting certain business incentive tax credits, and with respect to closing the sale tax loss gap, requiring used car dealers to remit sales tax to the Department of Motor Vehicles with registration fees.

Recovery for Small Businesses. The 2020-21 State Budget includes a waiver of the minimum franchise tax for the first year of operation, \$100 million budgeted for the State's small business loan program, \$25 million to provide capital to enable the origination of more loans in underbanked communities, and adding funding of \$758,000 ongoing for positions relating to small business support.

Housing. Up to \$500 million is allocated in State tax credits for low-income housing in 2021, under certain conditions. The 2020-21 State Budget provides \$331 million in National Mortgage Settlement funds to help prevent avoidable foreclosures and

evictions, and \$8.3 billion across multiple departments and programs to address housing throughout the State.

K-12 Education Funding Summary. For K-12 education funding, the 2020-21 State Budget provides for funding under Proposition 98 of \$70.9 billion, which is more than \$10 billion below the minimum guarantee contained in the State's 2019-20 budget. For K-12 schools, this results in Proposition 98 per pupil spending of \$10,654 in 2020-21, which is a \$1,339 decrease over the 2019-20 per pupil spending levels. Additionally, in the same period, per pupil spending from all State, federal, and local sources decreased by approximately \$542 per pupil to \$16,881.

Efforts to mitigate the impact of the decline in K-12 funding in the 2020-21 State Budget include:

Deferrals: \$1.9 billion of LCFF apportionment deferrals in 2019-20, growing to \$11 billion LCFF apportionment deferrals in 2020-21. These deferrals will allow LCFF funding to remain at 2019-20 levels in both fiscal years. The statutory LCFF cost-of-living adjustment is suspended in 2020-21. Of the total deferrals, \$5.8 billion will be triggered off in 2020-21 if the federal funding becomes available.

Learning Loss Mitigation: A one-time investment of \$5.3 billion (\$4.4 billion federal Coronavirus Relief Fund, \$539.9 million Proposition 98 General Fund, and \$355.2 million federal Governor's Emergency Education Relief Fund) to local educational agencies to address learning loss related to COVID-19 school closures. Funds will be allocated to local educational agencies on an equity basis, with an emphasis on ensuring the greatest resources are available to local educational agencies serving students with the greatest needs.

Supplemental Appropriations: In 2019-20 and 2020-21, the Proposition 98 funding level drops below the target funding level by a total of approximately \$12.4 billion. To accelerate the recovery from this funding reduction, the 2020-21 State Budget provides supplemental appropriations above the constitutionally-required Proposition 98 funding level, beginning in 2021-22, and in each of the next several fiscal years, in an amount equal to 1.5 percent of State general fund revenues per year, up to a cumulative total of \$12.4 billion.

Revised PERS and STRS Contributions. To provide local educational agencies with increased fiscal relief, the 2020-21 State Budget redirects \$2.3 billion appropriated in the 2019 Budget Act to STRS and PERS for long-term unfunded liabilities to reduce employer contribution rates in 2020-21 and 2021-22. This reallocation will reduce the STRS employer rate from 18.41 percent to approximately 16.15 percent in 2020-21 and from 17.9 percent to 16.02 percent in 2021-22. The PERS Schools Pool employer contribution rate will be further reduced from 22.67 percent to 20.7 percent in 2020-21 and from 24.6 percent to 22.84 percent in 2021-22.

Federal Funds. The 2020-21 State Budget appropriates \$1.6 billion in federal Elementary and Secondary School Emergency Relief funds that the State was recently awarded. Of this amount, 90 percent (\$1.5 billion) will be allocated to local educational agencies in proportion to the amount of Title I-A funding they receive to be used for COVID-19 related costs. The remaining 10 percent (\$164.7 million) is available for certain COVID-19 related State-level activities, such as providing additional funding for student meals and social services.

Special Education. The 2020-21 State Budget increases special education base rates to \$625 per pupil pursuant to a new funding formula, apportioned using the existing hold harmless methodology, and provides \$100 million to increase funding for students with low-incidence disabilities. Additional federal funding received by the State is also allocated to various special education programs.

Average Daily Attendance. To ensure funding stability regardless of the instructional model undertaken in the 2020-21 academic year, the 2020-21 State Budget includes a hold harmless for the average daily attendance used to calculate school funding for all local educational agencies.

In addition, the 2020-21 State Budget includes certain employee protection terms to ensure the continuity of employment for essential school staff during the COVID-19 pandemic. As such, the 2020-21 State Budget includes the suspension of the August 15, 2020, layoff window for teachers and other non-administrative certificated staff, and the suspension of layoffs for classified staff working in transportation, nutrition, and custodial services from July 1, 2020 through June 30, 2021. The 2020-21 State Budget also includes the intent of the State Legislature that school districts, community college districts, joint powers authorities, and county offices of education retain all classified employees in the 2020-21 fiscal year.

Disclaimer Regarding State Budgets. The implementation of the foregoing 2020-21 State Budget, and future State budgets may be affected by numerous factors, including but not limited to: (i) shifts in costs from the federal government to the State, (ii) national, State and international economic conditions, (iii) litigation risks associated with proposed spending reductions, (iv) rising health care costs and/or other unfunded liabilities, such as pension or OPEB, and (v) numerous other factors, all or any of which could cause the revenue and spending projections included in such budgets to be unattainable, including the COVID-19 emergency.

The District cannot predict the impact that the COVID-19 emergency, the results of the State's 2019-20 budget, the 2020-21 State Budget, or subsequent state budgets, including adjustments made for economic conditions, will have on its own finances and operations. However, the Bonds are secured by *ad valorem* taxes levied and collected on taxable property in the District, without limit as to rate or amount, and are not secured by a pledge of revenues of the District or its general fund.

The State has not entered into any contractual commitments with the District, the County, the Underwriter or the owners of the Bonds to provide State budget information to the District or the owners of the Bonds. Although they believe the sources of information listed below are reliable, neither the District nor the Underwriter assumes any responsibility for the accuracy of State budget information set forth or referred to or incorporated in this Official Statement.

Availability of State Budgets. The complete 2020-21 State Budget is available from the California Department of Finance website at www.ebudget.ca.gov. An impartial analysis of the budget is published by the Legislative Analyst Office, and is available at www.lao.ca.gov/budget. The District can take no responsibility for the continued accuracy of these internet addresses or for the accuracy, completeness or timeliness of information posted on these sites, and such information is not incorporated in this Official Statement by these

references. The information referred to above should not be relied upon when making an investment decision with respect to the Bonds.

Uncertainty Regarding Future State Budgets. The District cannot predict what actions will be taken in future years by the State legislature or the Governor to address the State's current or future revenues and expenditures, or possible future budget deficits. Future State budgets will be affected by national and State economic conditions and other factors over which the District has no control. The District cannot predict what impact any future budget proposals will have on the financial condition of the District. To the extent that the State budget process results in reduced revenues to the District, the District will be required to make adjustments to its own budgets.

Legal Challenges to State Funding of Education

The application of Proposition 98 and other statutory regulations has been the subject of various legal challenges in the past. The District cannot predict if or when there will be changes to education funding or legal challenges which may arise relating thereto.

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

Principal of and interest on the Bonds are payable from the proceeds of an *ad valorem* tax levied by the County for the payment thereof. Articles XIII A, XIII B, XIII C, and XIII D of the State Constitution, Propositions 62, 98, 111, 39 and 218, and certain other provisions of law discussed below, are included in this section to describe the potential effect of these Constitutional and statutory measures on the ability of the District to levy taxes and spend tax proceeds for operating and other purposes, and it should not be inferred from the inclusion of such materials that these laws impose any limitation on the ability of the District to levy taxes for payment of the Bonds. The tax levied by the County for payment of the Bonds was approved by the District's voters in compliance with Article XIII A and all applicable laws.

Constitutionally Required Funding of Education

The State Constitution requires that from all State revenues, there shall be first set apart the moneys to be applied by the State for the support of the public school system and public institutions of higher education. School districts receive a significant portion of their funding from State appropriations. As a result, decreases and increases in State revenues can significantly affect appropriations made by the State Legislature to school districts.

Article XIII A of the California Constitution

Basic Property Tax Levy. On June 6, 1978, California voters approved Proposition 13 ("Proposition 13"), which added Article XIII A to the State Constitution ("Article XIII A"). Article XIII A limits the amount of any *ad valorem* tax on real property to 1% of the full cash value thereof, except that additional *ad valorem* taxes may be levied to pay debt service on (i) indebtedness approved by the voters prior to July 1, 1978, (ii) (as a result of an amendment to Article XIII A approved by State voters on June 3, 1986) on bonded indebtedness for the acquisition or improvement of real property which has been approved on or after July 1, 1978 by two-thirds of the voters on such indebtedness (which provided the authority for the issuance of the Refunded Bonds), and (iii) (as a result of an amendment to Article XIII A approved by State

voters on November 7, 2000) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% of the voters of the district, but only if certain accountability measures are included in the proposition. All of the District's outstanding general obligation bonds were authorized pursuant to clause (iii) above. Article XIII A defines full cash value to mean "the county assessor's valuation of real property as shown on the 1975-76 tax bill under full cash value, or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership have occurred after the 1975 assessment". This full cash value may be increased at a rate not to exceed 2% per year to account for inflation.

Article XIII A has subsequently been amended to permit reduction of the "full cash value" base in the event of declining property values caused by damage, destruction or other factors, to provide that there would be no increase in the "full cash value" base in the event of reconstruction of property damaged or destroyed in a disaster and in other minor or technical ways.

Legislation Implementing Article XIII A. Legislation has been enacted and amended a number of times since 1978 to implement Article XIII A. Under current law, local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the county and distributed according to a formula among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1979.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the annual adjustment not to exceed 2% are allocated among the various jurisdictions in the "taxing area" based upon their respective "situs." Any such allocation made to a local agency continues as part of its allocation in future years.

Inflationary Adjustment of Assessed Valuation. As described above, the assessed value of a property may be increased at a rate not to exceed 2% per year to account for inflation. On December 27, 2001, the Orange County Superior Court, in *County of Orange v. Orange County Assessment Appeals Board No. 3*, held that where a home's taxable value did not increase for two years, due to a flat real estate market, the Orange County assessor violated the 2% inflation adjustment provision of Article XIII A, when the assessor tried to "recapture" the tax value of the property by increasing its assessed value by 4% in a single year. The assessors in most California counties, including the County, use a similar methodology in raising the taxable values of property beyond 2% in a single year. The State Board of Equalization has approved this methodology for increasing assessed values. On appeal, the Appellate Court held that the trial court erred in ruling that assessments are always limited to no more than 2% of the previous year's assessment. On May 10, 2004 a petition for review was filed with the California Supreme Court. The petition has been denied by the California Supreme Court. As a result of this litigation, the "recapture" provision described above may continue to be employed in determining the full cash value of property for property tax purposes.

Article XIII B of the California Constitution

Article XIII B ("**Article XIII B**") of the State Constitution, as subsequently amended by Propositions 98 and 111, respectively, limits the annual appropriations of the State and of any city, county, school district, authority or other political subdivision of the State to the level of appropriations of the particular governmental entity for the prior fiscal year, as adjusted for

changes in the cost of living and in population and for transfers in the financial responsibility for providing services and for certain declared emergencies. For fiscal years beginning on or after July 1, 1990, the appropriations limit of each entity of government shall be the appropriations limit for the 1986-87 fiscal year adjusted for the changes made from that fiscal year under the provisions of Article XIII B, as amended.

The appropriations of an entity of local government subject to Article XIII B limitations include the proceeds of taxes levied by or for that entity and the proceeds of certain state subventions to that entity. "Proceeds of taxes" include, but are not limited to, all tax revenues and the proceeds to the entity from (a) regulatory licenses, user charges and user fees (but only to the extent that these proceeds exceed the reasonable costs in providing the regulation, product or service), and (b) the investment of tax revenues.

Appropriations subject to limitation do not include (a) refunds of taxes, (b) appropriations for debt service, (c) appropriations required to comply with certain mandates of the courts or the federal government, (d) appropriations of certain special districts, (e) appropriations for all qualified capital outlay projects as defined by the legislature, (f) appropriations derived from certain fuel and vehicle taxes and (g) appropriations derived from certain taxes on tobacco products.

Article XIII B includes a requirement that all revenues received by an entity of government other than the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years. However, in the event that a school district's revenues exceed its spending limit, the district may in any fiscal year increase its appropriations limit to equal its spending by borrowing appropriations limit from the State.

Article XIII B also includes a requirement that 50% of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be transferred and allocated to the State School Fund under Section 8.5 of Article XVI of the State Constitution.

Unitary Property

Some amount of property tax revenue of the District is derived from utility property which is considered part of a utility system with components located in many taxing jurisdictions ("**unitary property**"). Under the State Constitution, such property is assessed by the State Board of Equalization ("**SBE**") as part of a "going concern" rather than as individual pieces of real or personal property. State-assessed unitary and certain other property is allocated to the counties by SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the District) according to statutory formulae generally based on the distribution of taxes in the prior year.

Articles XIIC and XIID

On November 5, 1996, the voters of the State of California approved Proposition 218, popularly known as the “Right to Vote on Taxes Act.” Proposition 218 added to the California Constitution Articles XIIC and XIID (respectively, “**Article XIIC**” and “**Article XIID**”), which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges.

According to the “Title and Summary” of Proposition 218 prepared by the California Attorney General, Proposition 218 limits “the authority of local governments to impose taxes and property-related assessments, fees and charges.” Among other things, Article XIIC establishes that every tax is either a “general tax” (imposed for general governmental purposes) or a “special tax” (imposed for specific purposes), prohibits special purpose government agencies such as school districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIIC further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIII A of the California Constitution and special taxes approved by a two-thirds vote under Article XIII A, Section 4.

On November 2, 2010, Proposition 26 was approved by State voters, which amended Article XIIC to expand the definition of “tax” to include “any levy, charge, or exaction of any kind imposed by a local government” except the following: (1) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege; (2) a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (3) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (4) a charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property; (5) a fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law; (6) a charge imposed as a condition of property development; and (7) assessments and property-related fees imposed in accordance with the provisions of Article XIID. Proposition 26 provides that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor’s burdens on, or benefits received from, the governmental activity.

Article XIID deals with assessments and property-related fees and charges, and explicitly provides that nothing in Article XIIC or XIID will be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development.

While the provisions of Proposition 218 may have an indirect effect on the District, such as by limiting or reducing the revenues otherwise available to other local governments whose boundaries encompass property located within the District (thereby causing such local governments to reduce service levels and possibly adversely affecting the value of property

within the District), the District does not believe that Proposition 218 will directly impact the revenues available to pay debt service on the Bonds.

Proposition 98

On November 8, 1988, California voters approved Proposition 98, a combined initiative constitutional amendment and statute called the “Classroom Instructional Improvement and Accountability Act” (the “**Accountability Act**”). Certain provisions of the Accountability Act have, however, been modified by Proposition 111, discussed below, the provisions of which became effective on July 1, 1990. The Accountability Act changes State funding of public education below the university level and the operation of the State’s appropriations limit. The Accountability Act guarantees State funding for K-12 school districts and community college districts (hereinafter referred to collectively as “K-14 school districts”) at a level equal to the greater of (a) the same percentage of general fund revenues as the percentage appropriated to such districts in 1986-87, and (b) the amount actually appropriated to such districts from the general fund in the previous fiscal year, adjusted for increases in enrollment and changes in the cost of living. The Accountability Act permits the Legislature to suspend this formula for a one-year period.

The Accountability Act also changes how tax revenues in excess of the State appropriations limit are distributed. Any excess State tax revenues up to a specified amount would, instead of being returned to taxpayers, be transferred to K-14 school districts. Any such transfer to K-14 school districts would be excluded from the appropriations limit for K-14 school districts and the K-14 school district appropriations limit for the next year would automatically be increased by the amount of such transfer. These additional moneys would enter the base funding calculation for K-14 school districts for subsequent years, creating further pressure on other portions of the State budget, particularly if revenues decline in a year following an Article XIII B surplus. The maximum amount of excess tax revenues which could be transferred to K-14 school districts is 4% of the minimum State spending for education mandated by the Accountability Act.

Proposition 111

On June 5, 1990, the voters approved Proposition 111 (Senate Constitutional Amendment No. 1) called the “Traffic Congestion Relief and Spending Limit Act of 1990” (“**Proposition 111**”) which further modified Article XIII B and Sections 8 and 8.5 of Article XVI of the State Constitution with respect to appropriations limitations and school funding priority and allocation.

The most significant provisions of Proposition 111 are summarized as follows:

Annual Adjustments to Spending Limit. The annual adjustments to the Article XIII B spending limit were liberalized to be more closely linked to the rate of economic growth. Instead of being tied to the Consumer Price Index, the “change in the cost of living” is now measured by the change in California *per capita* personal income. The definition of “change in population” specifies that a portion of the State’s spending limit is to be adjusted to reflect changes in school attendance.

Treatment of Excess Tax Revenues. “Excess” tax revenues with respect to Article XIII B are now determined based on a two-year cycle, so that the State can avoid having to return to taxpayers excess tax revenues in one year if its appropriations in the next fiscal year

are under its limit. In addition, the Proposition 98 provision regarding excess tax revenues was modified. After any two-year period, if there are excess State tax revenues, 50% of the excess are to be transferred to K-14 school districts with the balance returned to taxpayers; under prior law, 100% of excess State tax revenues went to K-14 school districts, but only up to a maximum of 4% of the schools' minimum funding level. Also, reversing prior law, any excess State tax revenues transferred to K-14 school districts are not built into the school districts' base expenditures for calculating their entitlement for State aid in the next year, and the State's appropriations limit is not to be increased by this amount.

Exclusions from Spending Limit. Two exceptions were added to the calculation of appropriations which are subject to the Article XIII B spending limit. First, there are excluded all appropriations for "qualified capital outlay projects" as defined by the Legislature. Second, there are excluded any increases in gasoline taxes above the 1990 level (then nine cents per gallon), sales and use taxes on such increment in gasoline taxes, and increases in receipts from vehicle weight fees above the levels in effect on January 1, 1990. These latter provisions were necessary to make effective the transportation funding package approved by the Legislature and the Governor, which expected to raise over \$15 billion in additional taxes from 1990 through 2000 to fund transportation programs.

Recalculation of Appropriations Limit. The Article XIII B appropriations limit for each unit of government, including the State, is to be recalculated beginning in fiscal year 1990-91. It is based on the actual limit for fiscal year 1986-87, adjusted forward to 1990-91 as if Proposition 111 had been in effect.

School Funding Guarantee. There is a complex adjustment in the formula enacted in Proposition 98 which guarantees K-14 school districts a certain amount of State general fund revenues. Under prior law, K-14 school districts were guaranteed the greater of (1) 40.9% of State general fund revenues (the "**first test**") or (2) the amount appropriated in the prior year adjusted for changes in the cost of living (measured as in Article XIII B by reference to *per capita* personal income) and enrollment (the "**second test**"). Under Proposition 111, schools will receive the greater of (1) the first test, (2) the second test, or (3) a third test, which will replace the second test in any year when growth in *per capita* State general fund revenues from the prior year is less than the annual growth in California per capita personal income (the "**third test**"). Under the third test, schools will receive the amount appropriated in the prior year adjusted for change in enrollment and *per capita* State general fund revenues, plus an additional small adjustment factor. If the third test is used in any year, the difference between the third test and the second test will become a "credit" to schools which will be paid in future years when State general fund revenue growth exceeds personal income growth.

Proposition 39

On November 7, 2000, California voters approved an amendment (commonly known as “**Proposition 39**”) to the California Constitution. This amendment (1) allows school facilities bond measures to be approved by 55% (rather than two-thirds) of the voters in local elections and permits property taxes to exceed the current 1% limit in order to repay the bonds and (2) changes existing statutory law regarding charter school facilities. As adopted, the constitutional amendments may be changed only with another Statewide vote of the people. The statutory provisions could be changed by a majority vote of both houses of the Legislature and approval by the Governor, but only to further the purposes of the proposition. The local school jurisdictions affected by this proposition are K-12 school districts, community college districts, including the District, and county offices of education. As noted above, the California Constitution previously limited property taxes to 1% of the value of property. Prior to the approval of Proposition 39, property taxes could only exceed this limit to pay for (1) any local government debts approved by the voters prior to July 1, 1978 or (2) bonds to acquire or improve real property that receive two-thirds voter approval after July 1, 1978.

The 55% vote requirement authorized by Proposition 39 applies only if the local bond measure presented to the voters includes: (1) a requirement that the bond funds can be used only for construction, rehabilitation, equipping of school facilities, or the acquisition or lease of real property for school facilities; (2) a specific list of school projects to be funded and certification that the school board has evaluated safety, class size reduction, and information technology needs in developing the list; and (3) a requirement that the school board conduct annual, independent financial and performance audits until all bond funds have been spent to ensure that the bond funds have been used only for the projects listed in the measure. Legislation approved in June 2000 places certain limitations on local school bonds to be approved by 55% of the voters. These provisions require that the tax rate levied as the result of any single election be no more than \$60 (for a unified school district), \$30 (for an elementary school district or high school district), or \$25 (for a community college district), per \$100,000 of taxable property value. These requirements are not part of this proposition and can be changed with a majority vote of both houses of the Legislature and approval by the Governor.

Proposition 30 and Proposition 55

On November 6, 2012, voters approved the Guaranteed Local Public Safety Funding, Initiative Constitutional Amendment (also known as “**Proposition 30**”), which temporarily increased the State Sales and Use Tax and personal income tax rates on higher incomes. Proposition 30 temporarily imposed an additional tax on all retailers, at the rate of 0.25% of gross receipts from the sale of all tangible personal property sold in the State from January 1, 2013 to December 31, 2016. Proposition 30 also imposed an additional excise tax on the storage, use, or other consumption in the State of tangible personal property purchased from a retailer on and after January 1, 2013 and before January 1, 2017. This excise tax was levied at a rate of 0.25% of the sales price of the property so purchased. For personal income taxes imposed beginning in the taxable year commencing January 1, 2012 and ending December 31, 2018, Proposition 30 increases the marginal personal income tax rate by: (i) 1% for taxable income over \$250,000 but less than \$300,000 for single filers (over \$500,000 but less than \$600,000 for joint filers and over \$340,000 but less than \$408,000 for head-of-household filers), (ii) 2% for taxable income over \$300,000 but less than \$500,000 for single filers (over \$600,000 but less than \$1,000,000 for joint filers and over \$408,000 but less than \$680,000 for head-of-household filers), and (iii) 3% for taxable income over \$500,000 for single filers (over \$1,000,000 for joint filers and over \$680,000 for head-of-household filers).

The revenues generated from the temporary tax increases are included in the calculation of the Proposition 98 minimum funding guarantee for school districts and community college districts. See “-Proposition 98” and “-Proposition 111” above. From an accounting perspective, the revenues generated from the temporary tax increases are deposited into the State account created pursuant to Proposition 30 called the Education Protection Account (the “**EPA**”). Pursuant to Proposition 30, funds in the EPA are allocated quarterly, with 89% of such funds provided to school districts and 11% provided to community college districts. The funds are distributed to school districts and community college districts in the same manner as existing unrestricted per-student funding, except that no school district will receive less than \$200 per unit of ADA and no community college district will receive less than \$100 per full time equivalent student. The governing board of each school district and community college district is granted sole authority to determine how the moneys received from the EPA are spent, provided that, the appropriate governing board is required to make these spending determinations in open session at a public meeting and such local governing boards are prohibited from using any funds from the EPA for salaries or benefits of administrators or any other administrative costs.

The California Children’s Education and Health Care Protection Act of 2016, also known as Proposition 55, was a constitutional amendment initiative that was approved on the November 8, 2016 general election ballot in California. Proposition 55 extends the increases to personal income tax rates for high-income taxpayers that were approved as part of Proposition 30 through 2030, instead of the scheduled expiration date of December 31, 2018. Tax revenue received under Proposition 55 is to be allocated 89% to K-12 schools and 11% to community colleges. Proposition 55 did not extend the sales and excise tax increases of Proposition 30.

Proposition 1A and Proposition 22

On November 2, 2004, California voters approved Proposition 1A, which amended the State constitution to significantly reduce the State's authority over major local government revenue sources. Under Proposition 1A, the State cannot (i) reduce local sales tax rates or alter the method of allocating the revenue generated by such taxes, (ii) shift property taxes from local governments to schools or community colleges, (iii) change how property tax revenues are

shared among local governments without two-thirds approval of both houses of the State Legislature or (iv) decrease Vehicle License Fee revenues without providing local governments with equal replacement funding. Under Proposition 1A, beginning, in 2008-09, the State may shift to schools and community colleges a limited amount of local government property tax revenue if certain conditions are met, including: (i) a proclamation by the Governor that the shift is needed due to a severe financial hardship of the State, and (ii) approval of the shift by the State Legislature with a two-thirds vote of both houses. Under such a shift, the State must repay local governments for their property tax losses, with interest, within three years. Proposition 1A does allow the State to approve voluntary exchanges of local sales tax and property tax revenues among local governments within a county. Proposition 1A also amended the State Constitution to require the State to suspend certain State laws creating mandates in any year that the State does not fully reimburse local governments for their costs to comply with the mandates. This provision does not apply to mandates relating to schools or community colleges or to those mandates relating to employee rights.

Proposition 22, a constitutional initiative entitled the “Local Taxpayer, Public Safety, and Transportation Protection Act of 2010,” approved on November 2, 2010, superseded many of the provisions of Proposition 1A. This initiative amends the State constitution to prohibit the legislature from diverting or shifting revenues that are dedicated to funding services provided by local government or funds dedicated to transportation improvement projects and services. Under this proposition, the State is not allowed to take revenue derived from locally imposed taxes, such as hotel taxes, parcel taxes, utility taxes and sales taxes, and local public transit and transportation funds. Further, in the event that a local governmental agency sues the State alleging a violation of these provisions and wins, then the State must automatically appropriate the funds needed to pay that local government. This Proposition was intended to, among other things, stabilize local government revenue sources by restricting the State’s control over local property taxes. Proposition 22 did not prevent the California State Legislature from dissolving State redevelopment agencies pursuant to AB 1X26, as confirmed by the decision of the California Supreme Court decision in *California Redevelopment Association v. Matosantos* (2011).

Because Proposition 22 reduces the State’s authority to use or reallocate certain revenue sources, fees and taxes for State general fund purposes, the State will have to take other actions to balance its budget, such as reducing State spending or increasing State taxes, and school and college districts that receive Proposition 98 or other funding from the State will be more directly dependent upon the State’s general fund.

California Senate Bill 222

Senate Bill 222 (“**SB 222**”) was signed by the California Governor on July 13, 2015 and became effective on January 1, 2016. SB 222 amended Section 15251 of the California Education Code and added Section 52515 to the California Government Code to provide that voter-approved general obligation bonds which are secured by *ad valorem* tax collections such as the Bonds are secured by a statutory lien on all revenues received pursuant to the levy and collection of the property tax imposed to service those bonds. Said lien shall attach automatically and is valid and binding from the time the bonds are executed and delivered. The lien is enforceable against the issuer, its successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any further act. The effect of SB 222 is the treatment of general obligation bonds as secured debt in bankruptcy due to the existence of a statutory lien.

Future Initiatives

Article XIII A, Article XIII B, Article XIII C and Article XIII D of the California Constitution and Propositions 98, 22, 26, 30, 39, 1A, 55, 111 and 218 were each adopted as measures that qualified for the ballot under the State's initiative process. From time to time other initiative measures could be adopted further affecting District revenues or the District's ability to expend revenues. The nature and impact of these measures cannot be anticipated by the District.

APPENDIX C

GENERAL INFORMATION ABOUT THE CITY OF OXNARD AND THE COUNTY OF VENTURA

The following information concerning the City of Oxnard (the “City”) and Ventura County (the “County”) is included only for the purpose of supplying general information regarding the area of the District. The Bonds are not a debt of the City, the County, the State of California (the “State”) or any of its political subdivisions (other than the District), and none of the City, the County, the State or any of its political subdivisions (except the District) is liable therefor.

The COVID-19 outbreak is ongoing, and the duration and severity of the outbreak, and the economic and other impacts of actions that may be taken by governmental authorities to contain the outbreak or to treat its impact, are developing and uncertain. The information set forth in this Appendix C predates the outbreak of the COVID-19 pandemic and should not be relied upon as representative of the current demographics within the District.

General

The County of Ventura is situated on the southern California Coast. The County covers an area of approximately 1,843 square miles and ranks 26th in size among California’s 58 counties. The County is bordered by the Pacific Ocean to the south and west, Santa Barbara County to the west, Kern County to the north, and Los Angeles County to the east. The County’s major population centers are San Buenaventura (the County seat), Oxnard, Thousand Oaks, Simi Valley, and Camarillo. All are within approximately 60 miles of downtown Los Angeles.

Most of the northern half of the County is within the Los Padres National Forest. Mountain ranges created fertile valleys and broad alluvial basins, primarily in the southern half of the County. The high soil fertility and good drainage of the alluvial basins have helped the County become a leading agricultural producer.

Employment and Industry

The District is included in the Oxnard-Thousand Oaks-Ventura Metropolitan Statistical Area (“MSA”). The unemployment rate in the Ventura County was 13.5% in May 2020, down from a revised 13.9% from April 2020, and above the year-ago estimate of 3.0%. This compares with an unemployment rate of 15.9% for California and 13.0% for the nation during the same period.

The following table shows civilian labor force and wage and salary employment data for the Oxnard-Thousand Oaks-Ventura Metropolitan Statistical Area, which is coterminous with Ventura County and, therefore, includes the City of Ventura, for the past five calendar years. These figures are area-wide statistics and may not necessarily accurately reflect employment trends in the City.

Effective Buying Income

Effective buying income ("EBI") is designated by Sales and Marketing Management Magazine as personal income less personal tax and non-tax payments. Personal income is the aggregate of wages and salaries, other labor income (such as employer contributions to private pension funds), proprietor's income, rental income (which includes imputed rental income of owner-occupants of non-farm dwellings), dividends paid by corporations, personal interest income from all sources, and transfer payments (such as pensions and welfare assistance). Deducted from this total are personal taxes (federal, state and local, non-tax payments (such as fines, fees, penalties), and personal contributions for social insurance. Effective buying income is a bulk measure of market potential. It indicates the general ability to buy and is essential in comparing, selecting and grouping markets on that basis.

The following table summarizes the Household Effective Buying Income for the City, the County, the State of California and the United States for the period 2016 through 2020.

PROPOSED FORM OF OPINION OF BOND COUNSEL

[LETTERHEAD OF JONES HALL]

_____, 2020

Board of Trustees
Oxnard School District
1051 South "A" Street
Oxnard, California 93030

OPINION: \$ _____ Oxnard School District
 (Ventura County, California)
 General Obligation Bonds Election of 2016, Series C

Members of the Board of Trustees:

We have acted as bond counsel to the Oxnard School District (the "District") in connection with the issuance by the District of \$ _____ principal amount of Oxnard School District (Ventura County, California) General Obligation Bonds Election of 2016, Series C, dated the date hereof (together, the "Bonds"), under the provisions of Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code (the "Act"), and a resolution adopted by the Board of Trustees of the District (the "Board") on October 21, 2020 (the "Bond Resolution"). We have examined the law and such certified proceedings and other papers as we deemed necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the Board contained in the Bond Resolution and in the certified proceedings and other certifications furnished to us, without undertaking to verify such facts by independent investigation.

Based upon our examination, we are of the opinion, under existing law, as follows:

1. The District is a duly created and validly existing high school district with the power to issue the Bonds, and to perform its obligations under the Bond Resolution and the Bonds.
2. The Bond Resolution has been duly adopted by the Board, and constitutes a valid and binding obligation of the District enforceable against the District in accordance with its terms.

3. The Bonds have been duly authorized, executed and delivered by the District and are valid and binding general obligations of the District, and the Board of Supervisors of Ventura County is obligated under the laws of the State of California to cause to be levied a tax without limit as to rate or amount (except with respect to certain personal property which is taxable at limited rates) upon the taxable property in the District for the payment when due of the principal of and interest on the Bonds.

4. The interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax. The opinions set forth in the preceding sentence are subject to the condition that the District comply with all requirements of the Internal Revenue Code of 1986, as amended, relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. The District has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the Bonds.

5. The interest on the Bonds is exempt from personal income taxation imposed by the State of California.

We express no opinion regarding any other tax consequences arising with respect to the ownership, sale or disposition of, or the amount, accrual or receipt of interest on, the Bonds.

The rights of the owners of the Bonds and the enforceability of the Bonds are limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

Respectfully submitted,

A Professional Law Corporation

APPENDIX E

FORM OF CONTINUING DISCLOSURE CERTIFICATE

\$ _____
OXNARD SCHOOL DISTRICT
(Ventura County, California)
General Obligation Bonds
Election of 2016, Series C

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (this “**Disclosure Certificate**”) is executed and delivered by the Oxnard School District (the “**District**”) in connection with the issuance and delivery of the captioned bonds (the “**Bonds**”). The captioned Bonds are being issued pursuant to a resolution adopted by the Board of Trustees of the District on October 21, 2020 (the “**Resolution**”). U.S. Bank National Association is initially acting as paying agent for the Bonds (the “**Paying Agent**”).

The District hereby covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with S.E.C. Rule 15c2-12(b)(5).

Section 2. Definitions. In addition to the definitions set forth above and in the Resolutions, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“*Annual Report*” means any Annual Report provided by the District pursuant to, and as described in, Sections 3 and 4.

“*Annual Report Date*” means the date not later than nine months after the end of each fiscal year of the District (currently March 31).

“*Dissemination Agent*” means, initially, the District, or any successor Dissemination Agent designated in writing by the District and which has filed with the District and the Paying Agent a written acceptance of such designation.

“*Listed Events*” means any of the events listed in Section 5(a).

“*MSRB*” means the Municipal Securities Rulemaking Board, which has been designated by the Securities and Exchange Commission as the sole repository of disclosure information for purposes of the Rule.

“*Official Statement*” means the final official statement executed by the District in connection with the issuance of the Bonds.

“*Paying Agent*” means U.S. Bank National Association, Los Angeles, California, or any successor thereto.

“*Participating Underwriter*” means Raymond James & Associates, Inc., the original Underwriter of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“*Rule*” means Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 3. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than the Annual Report Date, commencing not later than March 31, 2021 with the report for the 2019-20 fiscal year, provide to the MSRB in an electronic format as prescribed by the MSRB, an Annual Report that is consistent with the requirements of Section 4 of this Disclosure Certificate. Not later than 15 Business Days prior to the Annual Report Date, the District shall provide the Annual Report to the Dissemination Agent (if other than the District). If by 15 Business Days prior to the Annual Report Date the Dissemination Agent (if other than the District) has not received a copy of the Annual Report, the Dissemination Agent shall contact the District to determine if the District is in compliance with the previous sentence. The Annual Report may be submitted as a single document or as separate documents comprising a package and may include by reference other information as provided in Section 4; provided that the audited financial statements of the District may be submitted separately from the balance of the Annual Report, and later than the Annual Report Date, if not available by that date. If the District’s fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(c). The District shall provide a written certification with each Annual Report furnished to the Dissemination Agent to the effect that such Annual Report constitutes the Annual Report required to be furnished by the District hereunder.

(b) If the District does not provide (or cause the Dissemination Agent to provide) an Annual Report by the Annual Report Date, the District in a timely manner shall provide (or cause the Dissemination Agent to provide) to the MSRB, in an electronic format as prescribed by the MSRB, a notice in substantially the form attached as Exhibit A, with a copy to the Paying Agent and Participating Underwriter.

(c) With respect to each Annual Report, the Dissemination Agent shall:

- (i) determine each year prior to the Annual Report Date the then-applicable rules and electronic format prescribed by the MSRB for the filing of annual continuing disclosure reports; and
- (ii) if the Dissemination Agent is other than the District, file a report with the District certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, and stating the date it was provided.

Section 4. Content of Annual Reports. The District's Annual Report shall contain or incorporate by reference the following:

(a) Audited financial statements prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board. If the District's audited financial statements are not available by the Annual Report Date, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) Unless otherwise provided in the audited financial statements filed on or before the Annual Report Date, the following information with respect to the most recently completed fiscal year, as follows:

- (i) total assessed valuation of taxable properties in the District;
- (ii) total assessed valuation of taxable properties of the top twenty taxpayers in the District;
- (iii) property tax collection delinquencies for the District, but only if *ad valorem* taxes for general obligation bonds are not collected on the County's Teeter Plan and such information is available from the County at the time of filing the Annual Report; and
- (iv) the District's most recently adopted budget available at the time of filing the Annual Report.

(c) In addition to any of the information expressly required to be provided under paragraphs (a) and (b) of this Section, the District shall provide such further information, if any, as may be necessary to make the specifically required statements, in the light of the circumstances under which they are made, not misleading.

(d) Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the District or related public entities, which are available to the public on the MSRB's Internet web site or filed with the Securities and Exchange Commission.

Section 5. Reporting of Significant Events.

(a) The District shall give, or cause to be given, notice of the occurrence of any of the following Listed Events with respect to the Bonds:

- (1) Principal and interest payment delinquencies.
- (2) Non-payment related defaults, if material.
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties.
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties.

- (5) Substitution of credit or liquidity providers, or their failure to perform.
- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security.
- (7) Modifications to rights of security holders, if material.
- (8) Bond calls, if material, and tender offers.
- (9) Defeasances.
- (10) Release, substitution, or sale of property securing repayment of the securities, if material.
- (11) Rating changes.
- (12) Bankruptcy, insolvency, receivership or similar event of the District.
- (13) The consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
- (14) Appointment of a successor or additional trustee or the change of name of a trustee, if material.
- (15) Incurrence of a financial obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the obligated person, any of which affect security holders, if material.
- (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the obligated person, any of which reflect financial difficulties.

(b) Whenever the District obtains knowledge of the occurrence of a Listed Event, the District shall, or shall cause the Dissemination Agent (if not the District) to, file a notice of such occurrence with the MSRB, in an electronic format as prescribed by the MSRB, in a timely manner not in excess of 10 business days after the occurrence of the Listed Event. Notwithstanding the foregoing, notice of Listed Events described in subsections (a)(8) above need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to holders of affected Bonds under the Bond Resolution.

(c) The District acknowledges that the events described in subparagraphs (a)(2), (a)(7), (a)(8) (if the event is a bond call), (a)(10), (a)(13), (a)(14), and (a)(15) of this Section contain the qualifier "if material" and that subparagraph (a)(6) also contains the qualifier "material" with respect to certain notices, determinations or other events affecting the tax status of the Bonds. The District shall cause a notice to be filed as set forth in paragraph (b) above with respect to any such event only to the extent that it determines the event's occurrence is material for purposes of U.S. federal securities law. Whenever the District obtains knowledge of the occurrence of any of these Listed Events, the District will as soon as possible determine if

such event would be material under applicable federal securities law. If such event is determined to be material, the District will cause a notice to be filed as set forth in paragraph (b) above.

(d) For purposes of this Disclosure Certificate, any event described in paragraph (a)(12) above is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the District in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.

(e) For purposes of Section 5(a)(15) and (16), “financial obligation” means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term financial obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with the Rule.

Section 6. Identifying Information for Filings with the MSRB. All documents provided to the MSRB under the Disclosure Certificate shall be accompanied by identifying information as prescribed by the MSRB.

Section 7. Termination of Reporting Obligation. The District’s obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 5(c).

Section 8. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any Dissemination Agent, with or without appointing a successor Dissemination Agent. The initial Dissemination Agent shall be the District. Any Dissemination Agent may resign by providing 30 days’ written notice to the District and the Paying Agent.

Section 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

- (a) if the amendment or waiver relates to the provisions of Sections 3(a), 4 or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of an obligated person with respect to the Bonds, or type of business conducted;
- (b) the undertakings herein, as proposed to be amended or waived, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the primary offering of the Bonds,

after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

- (c) the proposed amendment or waiver either (i) is approved by holders of the Bonds in the manner provided in the Resolution for amendments to the Resolution with the consent of holders, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the holders or beneficial owners of the Bonds.

If the annual financial information or operating data to be provided in the Annual Report is amended pursuant to the provisions hereof, the first annual financial information filed pursuant hereto containing the amended operating data or financial information shall explain, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

If an amendment is made to the undertaking specifying the accounting principles to be followed in preparing financial statements, the annual financial information for the year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. The comparison shall include a qualitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information, in order to provide information to investors to enable them to evaluate the ability of the District to meet its obligations. To the extent reasonably feasible, the comparison shall be quantitative. A notice of the change in the accounting principles shall be filed in the same manner as for a Listed Event under Section 5(c).

Section 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 11. Default. If the District fails to comply with any provision of this Disclosure Certificate, the Participating Underwriter or any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

Section 12. Duties, Immunities and Liabilities of Dissemination Agent.

(a) The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which they may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The Dissemination Agent will have no duty or obligation to review any information provided to it by the District hereunder, and shall not be deemed to be acting in any fiduciary capacity for the District, the Bondholders or any other party. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

(b) The Dissemination Agent shall be paid compensation by the District for its services provided hereunder in accordance with its schedule of fees as amended from time to time, and shall be reimbursed for all expenses, legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder.

Section 13. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriter and holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

APPENDIX F

DTC AND THE BOOK-ENTRY ONLY SYSTEM

The following description of the Depository Trust Company (“DTC”), the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal, interest and other payments on the Bonds to DTC Participants or Beneficial Owners, confirmation and transfer of beneficial ownership interest in the Bonds and other related transactions by and between DTC, the DTC Participants and the Beneficial Owners is based solely on information provided by DTC. Accordingly, no representations can be made concerning these matters and neither the DTC Participants nor the Beneficial Owners should rely on the foregoing information with respect to such matters, but should instead confirm the same with DTC or the DTC Participants, as the case may be.

Neither the District nor the Paying Agent take any responsibility for the information contained in this Section.

No assurances can be given that DTC, DTC Participants or Indirect Participants will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the Bonds, (b) Bonds representing ownership interest in or other confirmation or ownership interest in the Bonds, or (c) redemption or other notices sent to DTC or Cede & Co., its nominee, as the registered owner of the Bonds, or that they will so do on a timely basis, or that DTC, DTC Participants or DTC Indirect Participants will act in the manner described in this Appendix. The current “Rules” applicable to DTC are on file with the Securities and Exchange Commission and the current “Procedures” of DTC to be followed in dealing with DTC Participants are on file with DTC.

1. The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the securities (in this Appendix, the “Bonds”). The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond will be issued for each maturity of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC. If, however, the aggregate principal amount of any maturity exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount and an additional certificate will be issued with respect to any remaining principal amount of such issue.

2. DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is

a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. *The information contained on this Internet site is not incorporated herein by reference.*

3. Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive Bonds representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

4. To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

6. Redemption notices will be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to District as soon as

possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from District or Paying Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, Paying Agent, or District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of District or Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to District or Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bonds are required to be printed and delivered.

10. The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

11. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that District believes to be reliable, but District takes no responsibility for the accuracy thereof.

BOND PURCHASE AGREEMENT

_____, 2020

Board of Trustees
Oxnard School District
1051 South A Street
Oxnard, California 93030

Ladies and Gentlemen:

Raymond James & Associates, Inc., as underwriter (the "Underwriter"), acting on its own behalf and not as fiduciary or agent for the hereinafter defined District, offers to enter into this Bond Purchase Agreement (this "Purchase Agreement") with the Oxnard School District (the "District"), which, upon acceptance hereof by the District, will be binding upon the District and the Underwriter. This offer is made subject to the written acceptance of this Purchase Agreement by the District and delivery of such acceptance to the Underwriter at its office prior to 11:59 p.m., California Time, on the date hereof.

1. Purchase and Sale of the Bonds. Upon the terms and conditions and in reliance upon the representations, warranties and agreements herein set forth, the Underwriter hereby agrees to purchase from the District for reoffering to the public, and the District hereby agrees to sell to the Underwriter for such purpose, all (but not less than all) of \$_____ aggregate principal amount of the Oxnard School District (Ventura County, California) General Obligation Bonds, Election of 2016, Series C (the "Bonds"). The Underwriter shall purchase the Bonds at a purchase price of \$_____ (representing the principal amount of the Bonds, plus original issue premium of \$_____, less Underwriter's discount of \$_____, less \$_____ to be applied to pay costs of issuance, inclusive of the premium for bond insurance, as more particularly described in Section 14).

The District acknowledges and agrees that: (i) the primary role of the Underwriter is to purchase securities for resale to investors in an arms-length commercial transaction between the District and the Underwriter and that the Underwriter has financial and other interests that differ from those of the District, (ii) the Underwriter is acting solely as a principal and is not acting as an agent, a municipal advisor, financial advisor or fiduciary to the District or any other person or entity and has not assumed any advisory or fiduciary responsibility to the District with respect to the transaction contemplated hereby and the discussions, undertakings and proceedings leading thereto (irrespective of whether the Underwriter, or any affiliate of the Underwriter, has provided other services or is currently providing other services to the District on other matters), (iii) the only obligations the Underwriter has to the District with respect to the transaction contemplated hereby expressly are set forth in this Purchase Agreement, and (iv)

the District has consulted its own legal, accounting, tax, financial and other advisors, as applicable, to the extent it has deemed appropriate in connection with the transaction contemplated herein. The District acknowledges that it has previously provided the Underwriter with an acknowledgement of receipt of the required Underwriter disclosure under Rule G-17 of the Municipal Securities Rulemaking Board (the "MSRB").

2. The Bonds. The Bonds are issued under the provisions of a resolution adopted by the Board of Trustees of the District on September 22, 2020 (the "Bond Resolution") and the provisions of Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code (the "Bond Law"), all for the purpose of financing educational projects approved by District voters at the November 6, 2016 election, as more particularly described in the Bond Resolution. The Bonds shall be dated the date of delivery and bear current interest at the rates, and shall mature in the years shown on Appendix A hereto, which is incorporated herein by this reference.

The Bonds shall be executed and delivered under and in accordance with the provisions of this Purchase Agreement and the Bond Resolution. The Bonds shall be in book-entry form, shall bear CUSIP numbers, shall be in fully registered form initially, registered in the name of Cede & Co., as nominee of the Depository Trust Company ("DTC"). The Bonds shall be insured by a bond insurance policy (the "Bond Insurance Policy") issued by _____ (the "Bond Insurer") upon the issuance of the Bonds.

3. Redemption. The Bonds shall be subject to redemption as provided in the Bond Resolution and as set forth in Appendix A attached hereto.

4. Use of Documents. The District hereby authorizes the Underwriter to use, in connection with the offer and sale of the Bonds, this Purchase Agreement, a Preliminary Official Statement and an Official Statement (as defined in Section 10(b) below), the Bond Resolution, and all information contained herein and therein and all of the documents, certificates, or statements furnished by the District to the Underwriter in connection with the transactions contemplated by this Purchase Agreement.

5. Public Offering of the Bonds. The Underwriter agrees to make a bona fide public offering of the Bonds initially at the public offering prices (or yields) set forth in Appendix A. Subsequent to the initial public offering the Underwriter shall offer the Bonds in accordance with the requirements of Section 11. The Bonds may be offered and sold to certain dealers at prices lower than such initial public offering prices.

6. Review of Official Statement. The Underwriter hereby represents that it has received and reviewed the Preliminary Official Statement with respect to the Bonds, dated _____, 2020 (the "Preliminary Official Statement"). The District represents that the Preliminary Official Statement was "deemed final" as of the date thereof, for purposes of SEC Rule 15c2-12 (the "Rule 15c2-12"), except for either revisions or additions to the offering price(s), interest rate(s), yield(s), Underwriter's discount, aggregate principal amount, principal amount per maturity, delivery date, rating(s) and other terms of the Bonds which depend upon the foregoing as provided in and pursuant to Rule 15c2-12. The District hereby ratifies, confirms and approves of the use and distribution by the Underwriter prior to the date hereof of the Preliminary Official Statement. The District does not object to distribution of the Preliminary Official Statement in electronic form.

The Underwriter agrees that prior to the time the final Official Statement (as defined in Section 10(b)) relating to the Bonds is available, the Underwriter will send to any potential purchaser of the Bonds, upon the request of such potential purchaser, a copy of the most recent Preliminary Official Statement. Such Preliminary Official Statement shall be sent by first class mail (or other equally prompt means) not later than the first business day following the date upon which each such request is received. The District does not object to distribution of the final Official Statement in electronic form.

7. Closing. At 8:00 a.m., California Time, on _____, 2020, or at such other time or on such other date as shall have been mutually agreed upon by the District and the Underwriter (such payment and delivery herein called the “Closing,” and the date thereof the “Closing Date”), the District will deliver to the Underwriter, through the facilities of DTC utilizing DTC’s FAST delivery system, or at such other place as the District and the Underwriter may mutually agree upon, the Bonds in fully registered book-entry form, duly executed and registered in the name of Cede & Co., as nominee of DTC, and at the offices of Jones Hall, A Professional Law Corporation, in San Francisco, California (“Bond Counsel”), the other documents hereinafter mentioned, and the Underwriter will accept such delivery and pay the purchase price thereof set forth in Section 1 in immediately available funds by check, draft or wire transfer to or upon the order of the District.

8. Representations, Warranties and Agreements of the District. The District hereby represents, warrants and agrees with the Underwriter that:

- (a) Due Organization. The District is, and will be on the Closing Date, a school district duly organized and validly existing under the laws of the State of California, with the power to issue the Bonds pursuant to the Bond Law, to adopt the Bond Resolution and to enter into this Purchase Agreement, and the Continuing Disclosure Certificate (as defined in paragraph (i) below).
- (b) Due Authorization. (i) At or prior to the Closing, the District will have taken all action required to be taken by it to authorize the issuance and delivery of the Bonds; (ii) the District has full legal right, power and authority to enter into this Purchase Agreement and the Continuing Disclosure Certificate, to adopt the Bond Resolution, to perform its obligations under each such document or instrument, and to carry out and effectuate the transactions contemplated by this Purchase Agreement and the Continuing Disclosure Certificate and the Bond Resolution; (iii) the execution and delivery or adoption of, and the performance by the District of the obligations contained in the Bonds, the Bond Resolution, the Continuing Disclosure Certificate and this Purchase Agreement have been duly authorized and such authorization shall be in full force and effect at the time of the Closing; (iv) this Purchase Agreement and the Continuing Disclosure Certificate constitute valid and legally binding obligations of the District; and (v) the District has duly authorized the consummation by it of all transactions contemplated by this Purchase Agreement and the Continuing Disclosure Certificate.
- (c) Consents. No consent, approval, authorization, order, filing, registration, qualification, election or referendum, of or by any court or governmental agency or public body whatsoever is required in connection with the issuance, delivery or sale of the Bonds or the consummation of the other

transactions effected or contemplated herein or hereby. The District gives no representation or warranty with regard to compliance with Blue Sky or similar securities requirements.

- (d) Internal Revenue Code. The District has complied with the Internal Revenue Code of 1986, as amended, with respect to the Bonds, and the District shall not knowingly take or omit to take any action that, under existing law, may adversely affect the exclusion from gross income for federal income tax purposes, or the exemption from any applicable State tax of the interest on the Bonds.
- (e) No Conflicts. To the best knowledge of the District, the issuance of the Bonds, and the execution, delivery and performance of this Purchase Agreement, the Bond Resolution, the Continuing Disclosure Certificate and the Bonds, and the compliance with the provisions hereof and thereof, do not conflict with or constitute on the part of the District a violation of or material default under the Constitution of the State of California or any existing law, charter, ordinance, regulation, decree, order or resolution and do not conflict with or result in a violation or breach of, or constitute a material default under, any agreement, indenture, mortgage, lease or other instrument to which the District is a party or by which it is bound or to which it is subject.
- (f) Litigation. As of the time of acceptance hereof no action, suit, proceeding, hearing or investigation is pending or, to the best knowledge of the District, threatened against the District: (i) in any way affecting the existence of the District or in any way challenging the respective powers of the several offices or of the title of the officials of the District to such offices; or (ii) seeking to restrain or enjoin the sale, issuance or delivery of the Bonds, the application of the proceeds of the sale of the Bonds (other than as described in the Preliminary Official Statement and Official Statement), or the collection or the levy of any taxes contemplated by the Bond Resolution and available to pay debt service on the Bonds or in any way contesting or affecting the validity or enforceability of the Bonds, this Purchase Agreement, the Continuing Disclosure Certificate or the Bond Resolution or contesting the powers of the District or the Bond Resolution or this Purchase Agreement or contesting in any way the completeness or accuracy of the Preliminary Official Statement or the Official Statement; or (iii) in which a final adverse decision could (a) materially adversely affect the operations of the District or the consummation of the transactions contemplated by this Purchase Agreement or the Bond Resolution, (b) declare this Purchase Agreement to be invalid or unenforceable in whole or in material part, or (c) adversely affect the exclusion of the interest paid on the Bonds from gross income for federal income tax purposes and the exemption of such interest from California personal income taxation.
- (g) No Other Debt. Between the date hereof and the Closing, without the prior written consent of the Underwriter, the District will not have issued any bonds, notes or other obligations for borrowed money except for such borrowings as may be described in or contemplated by the Official Statement.

- (h) Certificates. Except as specifically provided, any certificates signed by any officer of the District and delivered to the Underwriter shall be deemed a representation and warranty by the District to the Underwriter, but not by the person signing the same, as to the statements made therein.
- (i) Continuing Disclosure. The District shall undertake, pursuant to the Bond Resolution, the Continuing Disclosure Certificate with respect to the Bonds in substantially the form attached as Appendix E of the Preliminary Official Statement (the "Continuing Disclosure Certificate") and Rule 15c2-12, to provide certain annual financial information and notices of the occurrence of certain events described therein. A description of this undertaking is set forth in the Preliminary Official Statement and will also be set forth in the final Official Statement. Based on a review of its previous undertakings, except as disclosed in the Preliminary Official Statement and the final Official Statement, the District has not, in the previous five years failed to comply in all material respects with its prior undertakings pursuant to Rule 15c2-12.
- (j) Preliminary Official Statement and Official Statement Accurate and Complete. The Preliminary Official Statement, at the date thereof, did not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. At the date hereof and on the Closing Date, the final Official Statement did not and will not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. The District makes no representation or warranty as to the information contained in or omitted from the Preliminary Official Statement or the final Official Statement in reliance upon and in conformity with information furnished in writing to the District by or on behalf of the Underwriter through a representative of the Underwriter specifically for inclusion therein. If the Official Statement is supplemented or amended pursuant to paragraph (c) of Section 10 of this Purchase Agreement, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended pursuant to such paragraph) at all times subsequent thereto during the period up to and including the Closing Date, the Official Statement as so supplemented or amended will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which made, not misleading.
- (k) Financial Information. The financial statements of, and other financial information regarding the District contained in the Official Statement fairly present the financial position of the District as of the dates and for the periods therein set forth, (i) the audited financial statements have been prepared in accordance with generally accepted accounting principles consistently applied, (ii) the unaudited financial statements (if any) have been prepared on a basis substantially consistent with the audited financial statements included in the Official Statement and reflect all adjustments

necessary to that affect, and (iii) the other financial information has been determined on a basis substantially consistent with that of the District's audited financial statements included in the Official Statement. Prior to the Closing, there will be no adverse change of a material nature in such financial position, results of operations or condition, financial or otherwise, of the District.

- (l) No Financial Advisory Relationship. The District has had no financial advisory relationship with the Underwriter with respect to the Bonds, nor with any investment firm controlling, controlled by or under common control with the Underwriter.
- (m) Underwriter Not Fiduciary. Inasmuch as this purchase and sale represents a negotiated transaction, the District understands, and hereby confirms, that the Underwriter is not acting as a fiduciary of the District, but rather is acting solely in its capacity as Underwriter, for its own account.
- (n) Levy of Tax. The District hereby agrees to take any and all actions as may be required by Ventura County or otherwise necessary in order to arrange for the levy and collection of taxes and payment of the Bonds. In particular, the District hereby agrees to provide to the Treasurer-Tax Collector for the County of Ventura a copy of the Resolution, a copy of Appendix A hereto, and the full debt service schedule for the Bonds, in accordance with Education Code Sections 15250 et seq., Government Code Section 53559 and policies and procedures of the County.

9. Underwriter Representations, Warranties and Agreements. The Underwriter represents, warrants to and agrees with the District that, as of the date hereof and as of the Closing Date:

- (a) The execution and delivery hereof and the consummation of the transactions contemplated hereby does not and will not violate any of the prohibitions set forth in Rule G-37 promulgated by the MSRB;
- (b) All reports required to be submitted to the MSRB pursuant to Rule G-37 have been or will be submitted to the MSRB; and
- (c) The Underwriter has not paid or agreed to pay, nor will it pay or agree to pay, any entity, company, firm, or person (including, but not limited to the District's financial advisor, or any officer, agent or employee thereof), other than a bona fide officer, agent or employee working for Underwriter, any compensation, fee, gift or other consideration contingent upon or resulting from the award of or entering into this Purchase Agreement.

10. Covenants of the District. The District covenants and agrees with the Underwriter that:

- (a) Securities Laws. The District will furnish such information, execute such instruments, and take such other action in cooperation with, and at the expense of, the Underwriter if and as the Underwriter may reasonably request in order to qualify the Bonds for offer and sale under the Blue Sky

or other securities laws and regulations of such states and jurisdictions, provided, however, that the District shall not be required to consent to service of process in any jurisdiction in which they are not so subject as of the date hereof;

- (b) Official Statement. The District hereby agrees to deliver or cause to be delivered to the Underwriter, not later than the seventh (7th) business day following the date this Purchase Agreement is signed, copies of a final Official Statement substantially in the form of the Preliminary Official Statement, with only such changes therein as shall have been accepted by the Underwriter and the District (such Official Statement with such changes, if any, and including the cover page and all appendices, exhibits, maps, reports and statements included therein or attached thereto being called the "Official Statement") in such reasonable quantities as may be requested by the Underwriter not later than five business days following the date this Purchase Agreement is signed, in order to permit the Underwriter to comply with paragraph (b)(4) of Rule 15c2-12 and with the rules of the MSRB. The District hereby authorizes the Underwriter to use and distribute the Official Statement in connection with the offering and sale of the Bonds;

- (c) Subsequent Events; Amendments to Official Statement. If, between the date hereof and the date which is 25 days after the End of the Underwriting Period for the Bonds (determined pursuant to Section 17), an event occurs which would cause the information contained in the final Official Statement, as then supplemented or amended, to contain an untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary to make such information therein, in the light of the circumstances under which it was presented, not misleading, the District will notify the Underwriter, and, if in the opinion of the District or the Underwriter, such event requires the preparation and publication of a supplement or amendment to the Official Statement, the District will forthwith prepare and furnish to the Underwriter (at the expense of the District) a reasonable number of copies of an amendment of or supplement to the Official Statement (in form and substance satisfactory to the Underwriter) which will amend or supplement the Official Statement so that they will not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances existing at the time the Official Statement is delivered to prospective purchasers, not misleading. If such notification shall be given subsequent to the Closing, the District also shall furnish, or cause to be furnished, such additional legal opinions, certificates, instruments and other documents as the Underwriter may reasonably deem necessary to evidence the truth and accuracy of any such supplement or amendment to the Official Statement. For the purposes of this subsection, between the date hereof and the date which is 25 days after the End of the Underwriting Period for the Bonds, the District will furnish such information with respect to itself as the Underwriter may from time to time reasonably request;

- (d) Application of Proceeds. The District will apply the proceeds from the sale of the Bonds for the purposes specified in the Bond Resolution and as described in the Official Statement.

- (e) Filings. The District authorizes the Underwriter to file, to the extent required by the applicable rules promulgated by the SEC or the MSRB, and the Underwriter agrees to file or cause to be filed, the Official Statement with (i) the MSRB or its designee (including the MSRB's Electronic Municipal Market Access system); or (ii) other repositories approved from time to time by the SEC (either in addition to or in lieu of the filing referred to above). If an amended Official Statement is prepared in accordance with Section 10(c) of this Purchase Agreement during the "Primary Offering Disclosure Period" (as defined herein), and if required by an applicable SEC Rule or MSRB rule, the Underwriter also shall make the required filings of the amended Official Statement. The "Primary Offering Disclosure Period" is used as defined in MSRB Rule G-32 and shall end on the twenty-fifth day after the Closing Date.

11. Establishment of Issue Price.

(a) Actions to Establish Price. The Underwriter agrees to assist the District in establishing the issue price of the Bonds and shall execute and deliver to the District at Closing an "issue price" or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Appendix B, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Underwriter, the District and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds.

(b) 10% Test. Except for those maturities identified in Appendix A for which the hold-the-offering-price rule described in (c) below shall apply, the District will treat the first price at which 10% of each maturity of the Bonds (the "10% test") is sold to the public as the issue price of that maturity (if different interest rates apply within a maturity, each separate CUSIP number within that maturity will be subject to the 10% test). Notwithstanding the foregoing, at the time of execution of this Purchase Agreement, the 10% test has been satisfied as to each maturity of the Bonds.

(c) Initial Offering Prices. The Underwriter confirms that it has offered the Bonds to the public on or before the date of this Purchase Agreement at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in Appendix A attached hereto, except as otherwise set forth therein. Appendix A also sets forth, as of the date of this Purchase Agreement, the maturities, if any, of the Bonds for which the 10% test has not been satisfied and for which the District and the Underwriter, agree that the restrictions set forth in the next sentence shall apply, which will allow the District to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the "hold-the-offering-price rule"). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the Underwriter will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (i) the close of the fifth (5th) business day after the sale date; or
- (ii) the date on which the Underwriter has sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

(d) Selling Group or Retail Distribution Agreements. The Underwriter confirms that any selling group agreement and any retail distribution agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group and each broker-dealer that is a party to such retail distribution agreement to comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Underwriter. The District acknowledges that, in making the representation set forth in this subsection, the Underwriter will rely on (i) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, if applicable, as set forth in a selling group agreement and the related pricing wires, and (ii) in the event that a retail distribution agreement was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, if applicable, as set forth in the retail distribution agreement and the related pricing wires. The District further acknowledges that the Underwriter shall not be liable for the failure of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a retail distribution agreement, to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Bonds.

(e) Sales to the Public; Definitions. The Underwriter acknowledges that sales of any Bonds to any person that is a related party to the Underwriter shall not constitute sales to the public for purposes of this section. Further, for purposes of this section:

- (i) “public” means any person other than an underwriter or a related party,
- (ii) “underwriter” means (A) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public),
- (iii) a purchaser of any of the Bonds is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and
- (iv) “sale date” means the date of execution of this Purchase Agreement by all parties.

12. Conditions to Closing. The Underwriter has entered into this Purchase Agreement in reliance upon the representations and warranties of the District contained herein and the performance by the District, of its obligations hereunder, both as of the date hereof and as of the date of Closing. The Underwriter's obligations under this Purchase Agreement are and shall be subject at the option of the Underwriter, to the following further conditions at the Closing:

- (a) Representations True. The representations and warranties of the District contained herein shall be true, complete and correct in all material respects at the date hereof and at and as of the Closing, as if made at and as of the Closing, and the statements made in all certificates and other documents delivered to the Underwriter at the Closing pursuant hereto shall be true, complete and correct in all material respects on the date of the Closing; and the District shall be in compliance with each of the agreements made by it in this Purchase Agreement;
- (b) Obligations Performed. At the time of the Closing, (i) the Official Statement, this Purchase Agreement, the Continuing Disclosure Certificate and the Bond Resolution shall be in full force and effect and shall not have been amended, modified or supplemented except as may have been agreed to in writing by us; (ii) all actions under the Bond Law which, in the opinion of Bond Counsel, shall be necessary in connection with the transactions contemplated hereby, shall have been duly taken and shall be in full force and effect; and (iii) the District shall perform or have performed all of its obligations required under or specified in the Bond Resolution, this Purchase Agreement, the Continuing Disclosure Certificate or the Official Statement to be performed at or prior to the Closing;
- (c) Adverse Rulings. No decision, ruling or finding shall have been entered by any court or governmental authority since the date of this Purchase Agreement (and not reversed on appeal or otherwise set aside), or to the best knowledge of the District, pending or threatened which has any of the effects described in Section 8(f) hereof or contesting in any way the completeness or accuracy of the Official Statement;
- (d) Marketability. The market price or marketability or the ability of the Underwriter to enforce contracts for the sale of the Bonds, at the initial offering price, shall not have been materially adversely affected, in the judgment of the Underwriter, by reason of any of the following:
 - (1) legislation enacted or introduced in the Congress or recommended for passage by the President of the United States, or of the Treasury Department of the United States or the Internal Revenue Service or any member of the Congress or the State legislature or favorably reported for passage to either House of the Congress by any committee of such House to which such legislation has been referred for consideration, or a decision rendered by a court established under Article III of the Constitution of the United States or of the State or by the United States Tax Court, or an order, ruling, regulation (final, temporary or proposed) press release, official statement or other form of notice issued or made:

- (i) by or on behalf of the United States Treasury Department or by or on behalf of the Internal Revenue Service or other governmental agency, with the purpose or effect, directly or indirectly, of causing inclusion in gross income for purposes of federal income taxation or State income taxation of the interest received by the owners of the Bonds; or
 - (ii) by or on behalf of the SEC, or any other governmental agency having jurisdiction over the subject matter thereof, to the effect that the Bonds, or obligations of the general character of the Bonds, including any and all underlying arrangements, are not exempt from registration under the Securities Act of 1933, as amended or that the issuance, offering or sale of obligations of the general character of the Bonds, as contemplated hereby or by the Official Statement or otherwise is or would be in violation of the federal securities laws as amended and then in effect;
- (2) the declaration of war or engagement in or escalation of major military hostilities by the United States or the occurrence of any other national or international emergency or calamity or crisis relating to the effective operation of the government or the financial community in the United States;
- (3) the declaration of a general banking moratorium by federal, New York or California authorities, or the general suspension of trading on any national securities exchange or fixing of minimum or maximum prices for trading or maximum ranges for prices on any national security exchange, whether by virtue of a determination of that exchange or by order of the SEC or any other governmental authority having jurisdiction or a material disruption in securities settlement, payment or clearance services affecting the Bonds shall have occurred;
- (4) the imposition by the New York Stock Exchange, other national securities exchange, or any governmental authority, of any material restrictions not now in force with respect to the Bonds, or obligations of the general character of the Bonds, or securities generally, or the material increase of any such restrictions now in force including those relating to the extension of credit by or the charge to the net capital requirements of underwriters;
- (5) an order, decree or injunction of any court of competent jurisdiction, or order, filing, regulation or official statement by the SEC, or any other governmental agency issued or made to the effect that the issuance, offering or sale of obligations of the general character of the Bonds, or the issuance, offering or sale of the Bonds, as contemplated hereby or by the Official Statement, is or would be in violation of the federal securities laws, as amended and then in effect;
- (6) a decision by a court of the United States of America shall be rendered, or a stop order, release, regulation or no-action letter by or

on behalf of the SEC or any other governmental agency having jurisdiction of the subject matter shall have been issued or made, to the effect that the issuance, offering or sale of the Bonds as contemplated by this Purchase Agreement or by the Official Statement, or any document relating to the issuance, offering or sale of the Bonds is or would be in violation of any provision of the federal securities laws at the Closing Date, including the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and the Trust Indenture Act of 1939, as amended;

- (7) the withdrawal, suspension or downgrading or negative change in credit status, or notice of potential withdrawal, suspension or downgrading or negative change in credit status, of any underlying rating of the District's outstanding indebtedness by a national rating agency.
- (8) any event occurring, or information becoming known which makes untrue in any material adverse respect any statement or information contained in the Official Statement, or has the effect that the Official Statement contains any untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading;
- (9) any fact or event shall exist or have existed that, in the Underwriter's judgment, requires or has required an amendment of or supplement to the Official Statement;
- (10) any state Blue Sky or securities commission, or other governmental agency or body, shall have withheld registration, exemption or clearance of the offering of the Bonds as described herein, or issued a stop order or similar ruling relating thereto;
- (11) any amendment shall have been made to the federal or State Constitution or action by any federal or State court, legislative body, regulatory body, or other authority materially adversely affecting the tax status of the District, its property, income securities (or interest thereon) or the validity or enforceability of the levy of taxes to pay principal of and interest on the Bonds;
- (11) any proceeding shall have been commenced or be threatened in writing by the SEC against the District;
- (12) the occurrence, since the date hereof, of any materially adverse change in the affairs or financial condition of the District;
- (13) the purchase of and payment for the Bonds by the Underwriter, or the resale of the Bonds by the Underwriter, on the terms and conditions herein provided shall be prohibited by any applicable law, governmental authority, board, agency or commission; or

- (14) other disruptive events, occurrences or conditions in the securities or debt markets.
- (e) Delivery of Documents. At or prior to the date of the Closing, the Underwriter shall receive copies of the following documents, in each case dated as of the Closing Date and satisfactory in form and substance to the Underwriter:
- (1) Bond Opinion and Reliance Letter. An approving opinion of Bond Counsel, as to the validity and tax-exempt status of the Bonds, dated the date of the Closing, addressed to the District and in substantially the form attached as Appendix D to the Official Statement, and a reliance letter from Bond Counsel, addressed to the Underwriter, to the effect that the Underwriter may rely upon such approving opinion;
 - (2) Supplemental Opinion. A supplemental opinion of Bond Counsel in form and substance satisfactory to the Underwriter, dated the Closing Date and addressed to the District and the Underwriter, to the effect that:
 - (i) the description of the Bonds and the security for the Bonds and statements in the Official Statement on the cover page thereof and under the captions "INTRODUCTION," "THE SERIES C BONDS" (excluding any and all information contained with respect to the Book-Entry Only System of DTC and the Bond Insurer or the Bond Insurance Policy), "APPLICATION OF PROCEEDS OF SERIES C BONDS," "TAX MATTERS" and "CONTINUING DISCLOSURE" to the extent they purport to summarize certain provisions of the Bond Resolution, the Continuing Disclosure Certificate, California law or federal law, fairly and accurately summarize the matters purported to be summarized therein;
 - (ii) assuming due authorization, execution and delivery by the parties to this Purchase Agreement other than the District, this Purchase Agreement and the Continuing Disclosure Certificate have been duly authorized, executed and delivered by the respective parties thereto and constitute legal, valid and binding agreements of the District and are enforceable in accordance with their respective terms, except as enforcement thereof may be limited by bankruptcy, insolvency, reorganization, moratorium or other laws relating to or affecting generally the enforcement of creditors' rights and except as their enforcement may be subject to the application of equitable principles and the exercise of judicial discretion in appropriate cases if equitable remedies are sought; and
 - (iii) the Bonds are exempt from registration pursuant to the Securities Act of 1933, as amended, and the Bond Resolution is exempt from qualification as an indenture pursuant to the Trust Indenture Act of 1939, as amended;

- (3) Disclosure Counsel Letter. A letter of Jones Hall, A Professional Law Corporation, Disclosure Counsel, dated the Closing Date and addressed to the District and the Underwriter, to the effect that, without having undertaken to determine independently the accuracy or completeness of the statements contained in the Preliminary Official Statement and the final Official Statement, but on the basis of their participation in conferences with representatives of the District, the Underwriter and others, and their examination of certain documents, nothing has come to their attention which has led them to believe that the Preliminary Official Statement as of its date, and the final Official Statement as of its date and as of the Closing Date, contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading (except that no opinion or belief need be expressed as to any financial or statistical data, or information concerning DTC and the book-entry only system or the Bond Insurer or Bond Insurance contained in the Preliminary Official Statement or the final Official Statement);
- (4) Certificates of the District. A certificate or certificates signed by an appropriate official of the District to the effect that (i) such official is authorized to execute this Purchase Agreement, (ii) the representations, agreements and warranties of the District herein are true and correct in all material respects as of the date of Closing, (iii) the District has complied with all the terms of the Bond Resolution and this Purchase Agreement to be complied with by the District prior to or concurrently with the Closing and such documents are in full force and effect, (iv) such official has reviewed the Preliminary Official Statement and the final Official Statement and on such basis certifies that the Preliminary Official Statement did not as of its date, and the final Official Statement does not as of its date and as of the Closing Date, contain any untrue statement of a material fact, nor omit to state to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances in which they were made, not misleading, (v) the Bonds being delivered on the date of the Closing to the Underwriter under this Purchase Agreement substantially conform to the descriptions thereof contained in the Bond Resolution, and (vi) no further consent is required for inclusion of the audit in the Official Statement;
- (5) Arbitrage. A non-arbitrage certificate of the District in form satisfactory to Bond Counsel;
- (6) Bond Resolution. A certificate, together with a fully executed copy of the Bond Resolution to the effect that:
 - (i) such copy is true and correct; and

- (ii) the Bond Resolution was duly adopted and has not been modified, amended, rescinded or revoked and is in full force and effect on the date of the Closing;
- (7) Official Statement. Certificates of the appropriate officials of the District evidencing their determinations respecting the Preliminary Official Statement in accordance with the Rule;
- (8) Continuing Disclosure Certificate. The Continuing Disclosure Certificate, duly executed by the District;
- (9) Paying Agent Certificate. A written certificate of U.S. Bank National Association, as agent for the Treasurer and Tax Collector of Ventura County (the "Paying Agent"), executed by a duly authorized representative of the Paying Agent, dated the date of the Closing, to the effect that the Paying Agent is validly existing under the laws of the State, and has full power to enter into, accept and perform its duties under the Bond Resolution;
- (10) Tax Rate and Bonding Capacity Certificates. A certificate signed by a District official setting forth a projection evidencing that tax rates are projected not to exceed \$30 per \$100,000 of assessed value during the term of the Bonds, and a certificate signed by a County official confirming that the District is in compliance with applicable bonding capacity limitations (1.25%);
- (11) Underwriter's Counsel Opinion. An opinion of Kronick, Moskovitz, Tiedemann & Girard, a Professional Corporation, as counsel to the Underwriter, dated the Closing Date and addressed to the Underwriter, in form and substance acceptable to the Underwriter;
- (12) Municipal Bond Insurance Policy. The Bond Insurance Policy issued by the Bond Insurer, together with:
 - (i) a certificate of the Bond Insurer dated the date of Closing, in form and substance acceptable to the Underwriter regarding, among other matters, the due authorization, execution and validity of the Bond Insurance Policy, and
 - (ii) an opinion of counsel to the Bond Insurer, dated the date of Closing and addressed to the District and the Underwriter, in form and substance acceptable to the Underwriter.
- (13) Ratings. Evidence that the Bonds have been assigned the ratings set forth on the cover page of the Official Statement, and that such ratings have not been withdrawn or downgraded; and
- (14) Other Documents. Such additional legal opinions, certificates, proceedings, instruments and other documents as the Underwriter may reasonably request to evidence compliance (i) by the District with legal requirements, (ii) the truth and accuracy, as of the time of

Closing, of the representations of the District herein contained, (iii) the truth and accuracy, as of the time of Closing, of the Official Statement and (iv) the due performance or satisfaction by the District at or prior to such time of all agreements then to be performed and all conditions then to be satisfied by the District.

- (f) Termination. Notwithstanding anything to the contrary herein contained, if for any reason whatsoever the Bonds shall not have been delivered by the District to the Underwriter prior to the close of business, California Time, on the Closing Date, then the obligation to purchase Bonds hereunder shall terminate and be of no further force or effect.

If the District shall be unable to satisfy the conditions to the Underwriter's obligations contained in this Purchase Agreement or if the Underwriter's obligations shall be terminated for any reason permitted by this Purchase Agreement, this Purchase Agreement may be canceled by the Underwriter at, or at any time prior to, the time of Closing. Notice of such cancellation shall be given, to the District in writing, or by telephone or telegraph, confirmed in writing. Notwithstanding any provision herein to the contrary, the performance of any and all obligations of the District hereunder and the performance of any and all conditions contained herein for the benefit of the Underwriter may be waived by the Underwriter in writing at its sole discretion.

13. Conditions to Obligations of the District. The performance by the District of its obligations is conditioned upon (i) the performance by the Underwriter of its obligations hereunder; and (ii) receipt by the District and the Underwriter of the opinion and certificates being delivered at the Closing by persons and entities other than the District.

14. Costs and Expenses. The Underwriter shall deposit with a custodian the amount of \$_____ as referenced in Section 1 hereof, to provide for the payment of expenses incidental to the issuance of the Bonds, including but not limited to the following: (i) the fees and disbursements of the District's financial advisor; (ii) the fees and disbursements of Bond Counsel and Disclosure Counsel; (iii) the cost of the preparation, printing and delivery of the Bonds; (iv) the fees for the Bond rating, including all necessary travel expenses; (v) the cost of the printing and distribution of the Official Statement; (vi) the initial fees of the Paying Agent; and (vii) all other fees and expenses incident to the issuance and sale of the Bonds. In addition, the Underwriter shall wire the premium for the Bond Insurance Policy in the amount of \$_____ directly to the Bond Insurer on the Closing Date. The District acknowledges that it has had an opportunity, in consultation with such advisors as it may deem appropriate, to evaluate and consider the fees and expenses being incurred in connection with the issuance of the Bonds. Funds needed for the payment of costs of issuance in excess of the deposit referenced in this paragraph, if any, shall be the sole responsibility of the District.

All out-of-pocket expenses of the Underwriter, including the California Debt and Investment Advisory Commission fee, travel (except in connection with securing a rating on the Bonds), fees of Underwriter's counsel, CUSIP, DTC, DAC and other expenses, shall be paid by the Underwriter.

15. Notices. Any notice or other communication to be given under this Purchase Agreement (other than the acceptance hereof as specified in the first paragraph hereof) may be given by delivering the same in writing if to the District, to the Superintendent (or Superintendent's designee), at the address set forth on page 1 hereof, or if to the Underwriter as follows:

Attention: Mr. John Baracy, Managing Director

16. Parties in Interest; Survival of Representations and Warranties. This Purchase Agreement when accepted by the District in writing as heretofore specified shall constitute the entire agreement among the District and the Underwriter. This Purchase Agreement is made solely for the benefit of the District and the Underwriter (including the successors or assigns of the Underwriter). No person shall acquire or have any rights hereunder or by virtue hereof. All the representations, warranties and agreements of the District in this Purchase Agreement shall survive regardless of (a) any investigation or any statement in respect thereof made by or on behalf of the Underwriter, (b) delivery of and payment by the Underwriter for the Bonds hereunder, and (c) any termination of this Purchase Agreement.

17. Determination of End of the Underwriting Period. For purposes of this Purchase Agreement, the "end of the underwriting period" for the Bonds is used as defined in Rule 15c2-12 and shall occur on the later of (a) the day of the Closing, or (b) when the Underwriter no longer retains an unsold balance of the Bonds. Unless otherwise advised in writing by the Underwriter on or prior to the Closing Date, or otherwise agreed to by the District, the District may assume that the "end of the underwriting period" is the Closing Date.

18. Severability. In the event any provision of this Purchase Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

19. Nonassignment. Notwithstanding anything stated to the contrary herein, neither party hereto may assign or transfer its interest herein, or delegate or transfer any of its obligations hereunder, without the prior written consent of the other party hereto.

20. Entire Agreement. This Purchase Agreement, when executed by the parties hereto, shall constitute the entire agreement of the parties hereto (including their permitted successors and assigns, respectively).

21. Execution in Counterparts. This Purchase Agreement may be executed in several counterparts each of which shall be regarded as an original and all of which shall constitute but one and the same document.

[Signatures appear on the next page]

21. Applicable Law. This Purchase Agreement shall be interpreted, governed and enforced in accordance with the law of the State of California applicable to contracts made and performed in such State.

Very truly yours,

FORM OF ISSUE PRICE CERTIFICATE

\$ _____
OXNARD SCHOOL DISTRICT
(Ventura County, California)
General Obligation Bonds
Election of 2016, Series C

ISSUE PRICE CERTIFICATE

The undersigned, on behalf of Raymond James & Associates, Inc. ("RJ"), hereby certifies based upon information available to it as set forth below with respect to the sale and issuance of the above-captioned obligations (the "Bonds").

1. ***Sale of the General Rule Maturities.*** As of the date of this certificate, for each Maturity of the General Rule Maturities, the first price at which at least 10% of such Maturity was sold to the Public is the respective price listed in Schedule A.

2. ***Initial Offering Price of the Hold-the-Offering-Price Maturities.***

(a) RJ offered the Hold-the-Offering-Price Maturities to the Public for purchase at the respective initial offering prices listed in Schedule A hereto (the "Initial Offering Prices") on or before the Sale Date. A copy of the pricing wire or equivalent communication for the Bonds is attached to this certificate as Schedule B.

(b) As set forth in the Bond Purchase Agreement, RJ has agreed in writing that, (i) for each Maturity of the Hold-the-Offering-Price Maturities, it would neither offer nor sell any of the Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such Maturity during the Holding Period for such Maturity (the "hold-the-offering-price rule"), and (ii) any selling group agreement shall contain the agreement of each dealer who is a member of the selling group, and any retail distribution agreement shall contain the agreement of each broker-dealer who is a party to the retail distribution agreement, to comply with the hold-the-offering-price rule. Pursuant to such agreement, no Underwriter (as defined below) has offered or sold any Maturity of the Hold-the-Offering-Price Maturities at a price that is higher than the respective Initial Offering Price for that Maturity of the Bonds during the Holding Period.

3. ***Defined Terms.***

(a) ***General Rule Maturities*** means those Maturities of the Bonds listed in Schedule A hereto as the "General Rule Maturities."

(b) **Hold-the-Offering-Price Maturities** means those Maturities of the Bonds listed in Schedule A hereto as the “Hold-the-Offering-Price Maturities.”

(c) **Holding Period** means, with respect to a Hold-the-Offering-Price Maturity, the period starting on the Sale Date and ending on the earlier of (i) the close of the fifth business day after the Sale Date, or (ii) the date on which the Underwriter has sold at least 10% of such Hold-the-Offering-Price Maturity to the Public at prices that are no higher than the Initial Offering Price for such Hold-the-Offering-Price Maturity.

(d) **Issuer** means Oxnard School District.

(e) **Maturity** means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate maturities.

(f) **Public** means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term “related party” for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(g) **Sale Date** means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is _____, 2020.

(h) **Underwriter** means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents RJ's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Certificates of Arbitrage and with respect to compliance with the federal income tax rules affecting the Bonds, and by Jones Hall, A Professional Law Corporation in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds. Notwithstanding anything set forth herein, RJ is not engaged in the practice of law. Accordingly, RJ makes no representation as to the legal sufficiency of the factual matters set forth herein. Except as expressly set forth above, the certifications set forth herein may not be relied upon or used by any third party or for any other purpose.

RESOLUTION NO. 20-12

RESOLUTION OF THE BOARD OF TRUSTEES OF THE OXNARD SCHOOL DISTRICT AUTHORIZING THE ISSUANCE AND SALE OF GENERAL OBLIGATION BONDS, ELECTION OF 2016, SERIES C, IN THE AGGREGATE PRINCIPAL AMOUNT OF NOT TO EXCEED \$13,000,000, AND APPROVING RELATED DOCUMENTS AND ACTIONS

WHEREAS, an election was duly and regularly held in the Oxnard School District (the "District") on November 8, 2016, in accordance with Article XIII A Section 1 paragraph (b) subsection (2) of the California Constitution, for the purpose of submitting Measure D (the "Bond Measure") to the qualified electors of the District, authorizing the issuance of general obligation bonds in the aggregate principal amount of \$142,500,000 (the "Bonds"), and the requisite fifty-five percent of the votes cast were in favor of the issuance of the Bonds; and

WHEREAS, the abbreviated form of the Bond Measure is:

"To acquire, construct and modernize additional classrooms and support facilities to reduce overcrowding, replace portable classrooms and older schools with new permanent facilities, increase student access to computers and modern classroom technology, improve student safety, reduce operating costs and qualify to receive State funds, shall Oxnard School District be authorized to issue up to \$142,500,000 in bonds at legal interest rates, with an independent Citizens' Oversight Committee, annual audits, and no money for administrator salaries?"; and

WHEREAS, the Board is authorized to provide for the issuance and sale of any series of Bonds under the provisions of Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code (the "Bond Law"); and

WHEREAS, pursuant to the Bond Law, on March 30, 2017, the District issued its General Obligation Bonds, Election of 2016, Series A in the aggregate principal amount of \$81,000,000 to finance the first phase of projects authorized pursuant to the Bond Measure; and

WHEREAS, pursuant to the Bond Law, on March 29, 2018, the District issued its General Obligation Bonds, Election of 2016, Series B in the aggregate principal amount of \$13,996,625.90 to finance the second phase of projects authorized pursuant to the Bond Measure; and

WHEREAS, at this time there is \$47,503,374.10 principal amount of authorized but unissued Bonds pursuant to the Bond Measure; and

WHEREAS, the District wishes at this time to initiate proceedings for the issuance of a third series of the Bonds under the Bond Law in the aggregate principal amount of not to exceed \$13,000,000 to be designated "Oxnard School District (Ventura County, California) General Obligation Bonds, Election of 2016, Series C" (the "Series C Bonds") as provided in this Resolution for the purpose of providing financing for the third phase of projects authorized under the Bond Measure;

WHEREAS, as required by Education Code Section 15268, the Series C Bonds shall be issued only in a principal amount that does not cause the District to exceed applicable bonding capacity limitations, taking into account any waivers that have been granted by the California

State Department of Education, including specifically the waiver that was granted to the District on March 9, 2017; and

WHEREAS, as required by Government Code Section 53508.5 and Education Code Section 15146(b)(2), because it is anticipated that a portion of the Series C Bonds will be issued as capital appreciation bonds which provide for the compounding of interest as provided herein, this Resolution was publicly noticed as an information item on the agenda for the October 21, 2020 meeting of the Board, and the Board was presented with the following items, all as more particularly set forth in Appendix B, attached hereto and made a part hereof:

- an analysis containing the total overall cost of the Series C Bonds that allow for the compounding of interest,
- a comparison to the overall cost of issuing only current interest bonds,
- the reasons that capital appreciation bonds that provide for the compounding of interest are being recommended, and
- a copy of the disclosure made by the Underwriter (defined herein) in compliance with Municipal Securities Rulemaking Board Rule G-17;

WHEREAS, further, as required by Government Code Section 5852.1 enacted January 1, 2018 by Senate Bill 450, attached hereto as Appendix C is the information relating to the Series C Bonds that has been obtained by the Board and is hereby disclosed and made public; and

WHEREAS, on February 15, 2017, the Board approved a Debt Issuance and Management Policy (BP 3470) which complies with Government Code Section 8855, and the delivery of the Series C Bonds will be in compliance with said policy;

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of the Oxnard School District as follows:

ARTICLE I

DEFINITIONS; AUTHORITY

SECTION 1.01. *Definitions.* The terms defined in this Section 1.01, as used and capitalized herein, shall, for all purposes of this Resolution, have the meanings given them below, unless the context clearly requires some other meaning.

“Accreted Value” means, with respect to any Capital Appreciation Bond, the total amount of principal thereof and interest payable thereon as of any Compounding Date determined solely by reference to the Table of Accreted Values set forth on such Capital Appreciation Bond. The Accreted Value of any Capital Appreciation Bond as of any date other than a Compounding Date will be the sum of (a) the Accreted Value as of the Compounding Date immediately preceding the date as of which the calculation is being made plus (b) interest on the Accreted Value determined under the preceding clause (a), computed to the date as of which the calculation is being made at the Accretion Rate set forth on such Capital Appreciation Bond (computed on the basis of a 360-day year of twelve 30-day months).

“Accretion Rate” means, unless otherwise provided by the Bond Purchase Agreement pursuant to Section 3.01, the rate which, when applied to the principal amount of any Capital

Appreciation Bond and compounded semiannually on each Compounding Date, produces the Maturity Value of such Capital Appreciation Bond on the maturity date thereof.

“Authorized Investments” means the County Investment Pool, the Local Agency Investment Fund, any investments authorized pursuant to Sections 53601 and 53635 of the California Government Code, provided that said investments are part of the County treasury, in accordance with Education Code Section 15146(g). The County Treasurer shall assume no responsibility in the reporting, reconciling and monitoring in the investment of proceeds related to the Series C Bonds.

“Board” means the Board of Trustees of the District.

SECTION 1.02. *Interpretation.*

(a) Unless the context otherwise indicates, words expressed in the singular include the plural and vice versa and the use of the neuter, masculine, or feminine gender is for convenience only and include the neuter, masculine or feminine gender, as appropriate.

(b) Headings of articles and sections herein and the table of contents hereof are solely for convenience of reference, do not constitute a part hereof and shall not affect the meaning, construction or effect hereof.

(c) All references herein to “Articles,” “Sections” and other subdivisions are to the corresponding Articles, Sections or subdivisions of this Resolution; the words “herein,” “hereof,” “hereby,” “hereunder” and other words of similar import refer to this Resolution as a whole and not to any particular Article, Section or subdivision hereof.

SECTION 1.03. *Authority for this Resolution; Findings.* This Resolution is adopted by the Board under the authority of the Bond Law. The Board hereby certifies that all of the things, conditions and acts required to exist, to have happened or to have been performed precedent to and in the issuance of the Series C Bonds do exist, have happened or have been performed in due and regular time and manner as required by the laws of the State of California, and that the amount of the Series C Bonds, together with all other indebtedness of the District, does not exceed any limit prescribed by any laws of the State of California, taking into account and waivers of said limits which have been granted to the District. Further, for the purposes of determining the principal amount of the Series C Bonds which are issued hereunder, the principal amount of any Capital Appreciation Bonds shall be equal to the Denominational Amount thereof.

ARTICLE II

THE SERIES C BONDS

SECTION 2.01. *Authorization.* The Board hereby authorizes the issuance of the Series C Bonds in the aggregate principal amount not to exceed \$13,000,000 under and subject to the terms of Article XIII A, Section 1 paragraph (b) subsection (2) of the California Constitution, the Bond Law and this Resolution, for the purpose of raising money for the acquisition and construction of educational facilities in accordance with the Bond Measure and to pay Costs of Issuance. This Resolution constitutes a continuing agreement between the District and the Owners of all of the Series C Bonds issued or to be issued hereunder and then Outstanding to secure the full and final payment of principal thereof and interest on all Series C Bonds, subject to the covenants, agreements, provisions and conditions herein contained. The Series C Bonds may be issued as Current Interest Bonds, Capital Appreciation Bonds, or any combination thereof. The Series C Bonds shall be issued on a tax-exempt basis; provided, however, if legal considerations require that a portion of the Series C Bonds be issued as a separate series on a federally taxable basis either by designating certain maturities as such or by separate series, the Authorized Officers are authorized to make such designations. The Series C Bonds shall be designated the "Oxnard School District (Ventura County, California) General Obligation Bonds, Election of 2016, Series C", together with any further designations as may be identified in the Bond Purchase Agreement.

SECTION 2.02. *Terms of Series C Bonds.*

(a) Terms of Current Interest Bonds. The Current Interest Bonds will be issued as fully registered bonds, without coupons, in the denomination of \$5,000 each or any integral multiple thereof, but in an amount not to exceed the aggregate principal amount of Current Interest Bonds maturing in the year of maturity of the Current Interest Bond for which the denomination is specified. Current Interest Bonds will be lettered and numbered as the Paying Agent may prescribe. The Current Interest Bonds will be dated as of the Closing Date.

Interest on the Current Interest Bonds is payable semiannually on each Interest Payment Date. Each Current Interest Bond will bear interest from the Interest Payment Date next preceding the date of registration and authentication thereof unless (i) it is authenticated as of an Interest Payment Date, in which event it will bear interest from such date, or (ii) it is authenticated prior to an Interest Payment Date and after the close of business on the Record Date preceding such Interest Payment Date, in which event it will bear interest from such Interest Payment Date, or (iii) it is authenticated prior to the first Record Date, in which event it will bear interest from the Closing Date. Notwithstanding the foregoing, if interest on any Current Interest Bond is in default at the time of authentication thereof, such Current Interest Bond will bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment thereon.

(b) Terms of Capital Appreciation Bonds. The Capital Appreciation Bonds will be issued in fully registered form without coupons in denominations of \$5,000 in Maturity Values or any integral multiple thereof (except that one Capital Appreciation Bond may be issued in a denomination the Maturity Value of which is not an integral multiple of \$5,000), maturing on August 1 (unless otherwise provided in the Bond Purchase Agreement) in each of the years and in the maturity amounts as will be determined upon the sale thereof. Interest on the Capital Appreciation Bonds compounds on each Compounding Date at the respective Accretion Rates to be determined upon the sale thereof, and is payable solely at maturity or upon earlier redemption thereof as hereinafter provided.

Each Capital Appreciation Bond will be dated as of the Closing Date. The Accreted Value of the Capital Appreciation Bonds will be payable solely at maturity or earlier redemption thereof to the Owners thereof upon presentation and surrender thereof at the Office of the Paying Agent. The Accreted Value of the Capital Appreciation Bonds will be payable in lawful money of the United States of America upon presentation and surrender thereof at the Office of the Paying Agent.

(c) Maturities; Basis of Interest Calculation. The Series C Bonds will mature on August 1 (unless otherwise provided in the Bond Purchase Agreement) in the years and in the amounts, and will bear interest at the rates, as determined upon the sale thereof. The final maturity of the Series C Bonds will be not more than the maximum term permitted under the Bond Law. If the final maturity date of Current Interest Bonds exceeds 30 years from the Closing Date, a District Representative familiar with the project is authorized to certify that the useful life of the project to be financed with the proceeds of the Series C Bonds exceeds the final maturity of the Series C Bonds. Interest on the Series C Bonds will be calculated on the basis of a 360-day year comprised of twelve 30-day months.

(d) CUSIP Identification Numbers. CUSIP identification numbers will be imprinted on the Series C Bonds, but such numbers do not constitute a part of the contract evidenced by the Series C Bonds and any error or omission with respect thereto will not constitute cause for refusal of any purchaser to accept delivery of and pay for the Series C Bonds. In addition, failure on the part of the District to use such CUSIP numbers in any notice to Owners of the Series C Bonds will not constitute an event of default or any violation of the District's contract with such Owners and will not impair the effectiveness of any such notice.

(e) Payment. Interest on the Series C Bonds (including the final interest payment upon maturity or redemption) is payable by check, draft or wire of the Paying Agent mailed to the Owner thereof (which will be DTC so long as the Series C Bonds are held in the book-entry system of DTC) at such Owner's address as it appears on the Registration Books at the close of business on the preceding Record Date; except that at the written request of the Owner of at least \$1,000,000 aggregate principal amount of the Series C Bonds, which written request is on file with the Paying Agent as of any Record Date, interest on such Series C Bonds will be paid on the succeeding Interest Payment Date to such account as will be specified in such written request. Principal of the Series C Bonds is payable in lawful money of the United States of America upon presentation and surrender at the Office of the Paying Agent.

(f) Interest Rates. The interest rates to be born by each maturity of the Series C Bonds shall not exceed the legal limit of 8 percent. Upon the sale of the Series C Bonds, the District may identify maturities of the Series C Bonds, if any, which include step-up coupons, provided that said coupons are within said required legal limits.

(g) Provisions of Bond Purchase Agreement to Control. Notwithstanding the foregoing provisions of this Section and the following provisions of Section 2.03, any of the terms of the Series C Bonds may be established or modified under the Bond Purchase Agreement. In the event of a conflict or inconsistency between this Resolution and the Bond Purchase Agreement relating to the terms of the Series C Bonds, the provisions of the Bond Purchase Agreement will be controlling.

SECTION 2.03. *Redemption of Series C Bonds.*

(a) Optional Redemption Dates and Prices. The Series C Bonds are subject to redemption prior to maturity, at the option of the District, in whole or in part among maturities on such basis as designated by the District and by lot within a maturity, from any available source of funds, on the dates and at the respective redemption prices as set forth in the Bond Purchase Agreement subject to the restrictions set forth in Section 3.01(a)(iv).

(b) Mandatory Sinking Fund Redemption. If the Bond Purchase Agreement specifies that any one or more maturities of the Series C Bonds are term bonds which are subject to mandatory sinking fund redemption, each such maturity of Series C Bonds shall be subject to such mandatory sinking fund redemption on August 1 (unless otherwise provided in the Bond Resolution) in each of the years and in the respective principal amounts as set forth in the Bond Purchase Agreement, at a redemption price equal to 100% of the principal amount thereof to be redeemed (without premium), together with interest accrued thereon to the date fixed for redemption. If any such term bonds are redeemed under the provisions of the preceding clause (a), the total amount of all future payments under this subsection (b) with respect to such term bonds shall be reduced by the aggregate principal amount of such term bonds so redeemed, to be allocated among such payments on a pro rata basis in integral multiples of \$5,000 (or on such other basis as the District may determined) as set forth in written notice given by the District to the Paying Agent.

(c) Selection of Series C Bonds for Redemption. Whenever less than all of the Outstanding Series C Bonds of any one maturity are designated for redemption, the Paying Agent shall select the Outstanding Series C Bonds of such maturity to be redeemed by lot in any manner deemed fair by the Paying Agent. For purposes of such selection, each Series C Bond will be deemed to consist of individual bonds of \$5,000 portions (principal amount or Maturity Value, as applicable). The Series C Bonds may all be separately redeemed.

(d) Redemption Procedure. The Paying Agent will cause notice of any redemption to be mailed, first class mail, postage prepaid, at least 20 days but not more than 60 days prior to the date fixed for redemption, to the respective Owners of any Series C Bonds designated for redemption, at their addresses appearing on the Registration Books. Such notice may be a conditional notice of redemption and subject to rescission as set forth in (e) below. Such mailing is not a condition precedent to such redemption and the failure to mail or to receive any such notice will not affect the validity of the proceedings for the redemption of such Series C Bonds. In addition, the Paying Agent will give notice of redemption by telecopy or certified, registered or overnight mail to the Municipal Securities Rulemaking Board and each of the Securities Depositories at least two days prior to such mailing to the Series C Bond Owners.

Such notice shall state the redemption date and the redemption price and, if less than all of the then Outstanding Series C Bonds are to be called for redemption, shall designate the serial numbers of the Series C Bonds to be redeemed by giving the individual number of each Series C Bond or by stating that all Series C Bonds between two stated numbers, both inclusive, or by stating that all of the Series C Bonds of one or more maturities have been called for redemption, and shall require that such Series C Bonds be then surrendered at the Office of the Paying Agent for redemption at the said redemption price, giving notice also that further interest on such Series C Bonds will not accrue from and after the redemption date.

Upon surrender of Series C Bonds redeemed in part only, the District shall execute and the Paying Agent shall authenticate and deliver to the Owner, at the expense of the District, a

new Series C Bond or Bonds, of the same maturity, of authorized denominations in aggregate principal amount equal to the unredeemed portion of the Series C Bond or Bonds.

From and after the date fixed for redemption, if notice of such redemption has been duly given and funds available for the payment of the principal of and interest on the Series C Bonds so called for redemption have been duly provided, the Series C Bonds called for redemption will cease to be entitled to any benefit under this Resolution other than the right to receive payment of the redemption price, and no interest will accrue thereon on or after the redemption date specified in the notice. The Paying Agent will cancel all Series C Bonds redeemed under this Section and will furnish a certificate of cancellation to the District.

(e) Right to Rescind Notice of Redemption. The District has the right to rescind any notice of the optional redemption of Series C Bonds under subsection (a) of this Section by written notice to the Paying Agent on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds will not be or are not available on the date fixed for redemption for the payment in full of the Series C Bonds then called for redemption. The District and the Paying Agent shall have no liability to the Series C Bond Owners or any other party related to or arising from such rescission of redemption. The Paying Agent shall mail notice of such rescission of redemption in the same manner as the original notice of redemption was sent under subsection (d) of this Section.

SECTION 2.04. *Form of Series C Bonds.* The Current Interest Bonds and the Capital Appreciation Bonds, the form of the Paying Agent's certificate of authentication and registration and the form of assignment to appear thereon will be substantially in the forms, respectively, with necessary or appropriate variations, omissions and insertions, as permitted or required by this Resolution and the Bond Purchase Agreement, as are set forth in Appendix A attached hereto.

SECTION 2.05. *Execution of Series C Bonds.* The Series C Bonds shall be signed by the manual or facsimile signature of the President of the Board and shall be attested by the manual or facsimile signature of the Secretary or Clerk of the Board. Only those Series C Bonds bearing a certificate of authentication and registration in the form set forth in Appendix A attached hereto, executed and dated by the Paying Agent, shall be valid or obligatory for any purpose or entitled to the benefits of this Resolution, and such certificate of the Paying Agent is conclusive evidence that the Series C Bonds so registered have been duly authenticated, registered and delivered hereunder and are entitled to the benefits of this Resolution.

SECTION 2.06. *Transfer of Series C Bonds.* Subject to Section 2.10, any Series C Bond may, in accordance with its terms, be transferred, upon the Registration Books, by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Series C Bond for cancellation at the Office at the Paying Agent, accompanied by delivery of a written instrument of transfer in a form approved by the Paying Agent, duly executed. The District may charge a reasonable sum for each new Series C Bond issued upon any transfer.

Whenever any Series C Bond or Bonds is surrendered for transfer, the District shall execute and the Paying Agent shall authenticate and deliver a new Series C Bond or Bonds, for like aggregate principal amount. No transfers of Series C Bonds shall be required to be made (a) 15 days prior to the date established by the Paying Agent for selection of Series C Bonds for redemption or (b) with respect to a Series C Bond which has been selected for redemption.

SECTION 2.07. *Exchange of Series C Bonds.* Series C Bonds may be exchanged at the principal Office of the Paying Agent for a like aggregate principal amount of Series C Bonds of

authorized denominations and of the same maturity, together with a request for exchange signed by the owner or by a person legally empowered to do so in a form satisfactory to the Paying Agent. The District may charge a reasonable sum for each new Series C Bond issued upon any exchange (except in the cases of any exchange of temporary Series C Bonds for definitive Series C Bonds). No exchange of Series C Bonds is required to be made (a) 15 days prior to the date established by the Paying Agent for selection of Series C Bonds for redemption or (b) with respect to a Series C Bond after it has been selected for redemption.

SECTION 2.08. *Registration Books.* The Paying Agent shall keep or cause to be kept sufficient books for the registration and transfer of the Series C Bonds, which shall at all times be open to inspection by the District upon reasonable notice; and, upon presentation for such purpose, the Paying Agent shall, under such reasonable regulations as it may prescribe, register or transfer or cause to be registered or transferred, on said books, Series C Bonds as herein before provided.

SECTION 2.09. *Book-Entry System.* Except as provided below, DTC shall be the Owner of all of the Series C Bonds, and the Series C Bonds shall be registered in the name of Cede & Co. as nominee for DTC. The Series C Bonds shall be initially executed and delivered in the form of a single fully registered Series C Bond for each maturity date of the Series C Bonds in the full aggregate principal amount of the Series C Bonds maturing on such date. The Paying Agent and the District may treat DTC (or its nominee) as the sole and exclusive owner of the Series C Bonds registered in its name for all purposes of this Resolution, and neither the Paying Agent nor the District shall be affected by any notice to the contrary. The Paying Agent and the District have no responsibility or obligation to any Depository System Participant, any person claiming a beneficial ownership interest in the Series C Bonds under or through DTC or a Depository System Participant, or any other person which is not shown on the register of the District as being an owner, with respect to the accuracy of any records maintained by DTC or any Depository System Participant or the payment by DTC or any Depository System Participant by DTC or any Depository System Participant of any amount in respect of the principal or interest with respect to the Series C Bonds. The District shall cause to be paid all principal and interest with respect to the Series C Bonds only to DTC, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to the principal and interest with respect to the Series C Bonds to the extent of the sum or sums so paid. Except under the conditions noted below, no person other than DTC shall receive a Series C Bond. Upon delivery by DTC to the District of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., the term "Cede & Co." in this Resolution shall refer to such new nominee of DTC.

If the District determines that it is in the best interest of the beneficial owners that they be able to obtain Series C Bonds and delivers a written certificate to DTC and the District to that effect, DTC shall notify the Depository System Participants of the availability through DTC of Series C Bonds. In such event, the District shall issue, transfer and exchange Series C Bonds as requested by DTC and any other owners in appropriate amounts.

DTC may determine to discontinue providing its services with respect to the Series C Bonds at any time by giving notice to the District and discharging its responsibilities with respect thereto under applicable law. Under such circumstances (if there is no successor securities depository), the District shall be obligated to deliver Series C Bonds as described in this Resolution. Whenever DTC requests the District to do so, the District will cooperate with DTC in taking appropriate action after reasonable notice to (a) make available one or more separate Series C Bonds evidencing the Series C Bonds to any Depository System Participant having

Series C Bonds credited to its DTC account or (b) arrange for another securities depository to maintain custody of certificates evidencing the Series C Bonds.

Notwithstanding any other provision of this Resolution to the contrary, so long as any Series C Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal and interest with respect to such Series C Bond and all notices with respect to such Series C Bond shall be made and given, respectively, to DTC as provided as in the representation letter delivered on the date of issuance of the Series C Bonds.

Section 2.10. *Transfer Under Book-Entry System: Discontinuation of Book-Entry System.* Registered ownership of the Series C Bonds, or any portion thereof, may not be transferred except as follows:

(i) To any successor of Cede & Co., as nominee of the DTC, or its nominee, or to any substitute depository designated pursuant to clause (ii) of this section (a "substitute depository"); *provided that* any successor of Cede & Co., as nominee of the DTC or substitute depository, shall be qualified under any applicable laws to provide the services proposed to be provided by it;

(ii) To any substitute depository not objected to by the District or the County, upon (1) the resignation of the DTC or its successor (or any substitute depository or its successor) from its functions as depository, or (2) a determination by the County (upon consultation with the District) to substitute another depository for the DTC (or its successor) because the DTC or its successor (or any substitute depository or its successor) is no longer able to carry out its functions as depository; provided, that any such substitute depository shall be qualified under any applicable laws to provide the services proposed to be provided by it; or

(iii) To any person upon (1) the resignation of the DTC or its successor (or substitute depository or its successor) from its functions as depository, or (2) a determination by the County (upon consultation with the District) to remove the DTC or its successor (or any substitute depository or its successor) from its functions as depository.

ARTICLE III

SALE OF SERIES C BONDS; APPLICATION OF PROCEEDS

SECTION 3.01. *Sale of Series C Bonds; Approval of Sale Documents.*

(a) Negotiated Sale of Series C Bonds. Pursuant to Section 53508.7 of the Bond Law, the Board hereby authorizes the negotiated sale of the Series C Bonds to Stifel, Nicolaus & Company, Incorporated, as Underwriter. The Series C Bonds shall be sold pursuant to the Bond Purchase Agreement, in substantially the form on file with the Clerk of the Board, with such changes therein, deletions therefrom and modifications thereto as a District Representative may approve, such approval to be conclusively evidenced by the execution and delivery of the Bond Purchase Agreement. The Board hereby authorizes a District Representative to execute and deliver the final form of the Bond Purchase Agreement in the name and on behalf of the District, so long as the limitations contained herein are reflected in the Purchase Contract, including:

- (i) the Series C Bonds shall bear rates of interest or Accretion Rates of not to exceed eight percent (8%) per annum;
- (ii) the Series C Bonds which are Capital Appreciation Bonds shall have a final maturity date of 25 years or less from the date of issuance;
- (iii) the Series C Bonds shall have a ratio of total debt service to principal of not to exceed 4:1;
- (iv) the Series C Bonds consisting of Capital Appreciation Bonds shall be subject to redemption prior to maturity at the option of the District, at the Accreted Value thereof, as applicable, without premium, beginning no later than 10 years following the issuance of the Series C Bonds; and
- (v) the Underwriter's discount shall not exceed 1.0% of the principal amount issued.

In accordance with Section 53508.7 of the Bond Law, the Board has determined to sell the Series C Bonds at negotiated sale for the following reasons: (a) the District requires flexibility in determining whether the Series C Bonds will be issued as Current Interest Bonds or Capital Appreciation Bonds, or a combination thereof, and a negotiated sale provides flexibility to make such determination at the time of the bond sale, (b) a negotiated sale provides more flexibility to choose the time and date of the sale which is advantageous in a volatile municipal bond market, and (c) a negotiated sale will permit the time schedule for the issuance and sale of the Series C Bonds to be expedited.

(b) Official Statement. The Board hereby approves, and hereby deems nearly final within the meaning of Rule 15c2-12 of the Securities Exchange Act of 1934, the Preliminary Official Statement describing the Series C Bonds in substantially the form on file with the Clerk of the Board. A District Representative is hereby authorized to execute an appropriate certificate stating the Board's determination that the Preliminary Official Statement has been deemed nearly final within the meaning of such Rule. A District Representative is hereby authorized and directed to approve any changes in or additions to a final form of said Official Statement, and the execution

thereof by a District Representative shall be conclusive evidence of his or her approval of any such changes and additions. The Board hereby authorizes the distribution of the Official Statement by the Underwriter. The final Official Statement shall be executed in the name and on behalf of the District by a District Representative.

(c) Actions to Close Bond Issuance. Each District Representative and any and all other officers of the District are each authorized and directed in the name and on behalf of the District to execute and deliver any and all certificates, requisitions, agreements, notices, consents, warrants and other documents, which they or any of them might deem necessary or appropriate in order to consummate the lawful issuance, sale and delivery of the Series C Bonds, including but not limited to the execution and delivery of a document with respect to the engagement of the Paying Agent appointed hereby, applying for a municipal bond insurance policy and executing all items related to obtaining such policy, if in the best economic interests of the District, and an agreement facilitating the payment of Costs of Issuance. Whenever in this Resolution any officer of the District is authorized to execute or countersign any document or take any action, such execution, countersigning or action may be taken on behalf of such officer by any person designated by such officer to act on his or her behalf if such officer is absent or unavailable.

SECTION 3.02. *Application of Proceeds of Sale of Series C Bonds.* The proceeds of the Series C Bonds shall be paid to the County Treasurer on the Closing Date, and shall be applied by the County Treasurer as follows:

- (a) The portion of the proceeds representing the premium (if any) received by the County Treasurer on the sale of the Series C Bonds will be transferred to the County Office of Education and deposited in the Debt Service Fund established pursuant to Section 4.02.
- (b) All remaining proceeds received by the County Treasurer from the sale of the Series C Bonds will be transferred to the County Office of Education for deposit in the Building Fund established pursuant to Section 3.03.

At the option of the District, a portion of the proceeds of the Series C Bonds to be used by the District to pay Costs of Issuance may be deposited with a fiscal agent selected by the District, as provided in Section 15146(g) of the Education Code in order to facilitate the payment of Costs of Issuance. A District Representative is authorized to enter into an agreement with such fiscal agent to facilitate such payment. In addition, the Bond Purchase Agreement may provide that the Underwriter is obligated to pay certain Costs of Issuance and a District Representative is authorized to review and consent to a schedule of such and related custodial agreement.

SECTION 3.03. *Building Fund.* The County Office of Education (or other appropriate department of the County) shall create and maintain a fund designated as the "Oxnard School District, Election of 2016, Series C Building Fund," into which the proceeds from the sale of the Series A Bonds shall be deposited, to the extent required under Section 3.02(b). The County Office of Education shall maintain separate accounting for the proceeds of the Series C Bonds, including all earnings received from the investment thereof. Amounts credited to the Building Fund for the Series C Bonds shall be expended by the District solely for the financing of projects for which the Series C Bond proceeds are authorized to be expended under the Bond Measure (which includes related Costs of Issuance). All interest and other gain arising from the investment of proceeds of the Series C Bonds shall be retained in the Building Fund and used for the purposes thereof. At the Written Request of the District filed with the County Office of Education, any amounts remaining on deposit in the Building Fund and not needed for the purposes thereof

shall be withdrawn from the Building Fund and transferred to the Debt Service Fund, to be applied to pay the principal of and interest on the Series C Bonds.

If excess amounts remain on deposit in the Building Fund after payment in full of the Series A Bonds, any such excess amounts shall be transferred to the general fund of the District, to be applied for the purposes for which the Series C Bonds have been authorized or otherwise in accordance with the Bond Law.

SECTION 3.04. *Professionals; Estimated Financing Costs.* The firm of Jones Hall, A Professional Law Corporation, has previously been engaged to act as the District's bond counsel and disclosure counsel, and the firm of CFW Advisory Services LLC, has previously been engaged to act as the District's Municipal Advisor. Said engagements are confirmed in accordance with the terms of existing contracts. Estimated costs of issuance are identified on Appendix C.

SECTION 3.05. *Estimates Regarding Assessed Valuations.* The assumptions used in connection with the issuance of the Series C Bonds with respect to assessed valuation growth each year following the issuance of the Series C Bonds until final maturity are set forth in Appendix B hereto.

SECTION 3.06. *Findings Regarding Useful Life.* In the event that Current Interest Bonds are issued with a maturity which extends beyond thirty years, a District Representative which is familiar with the projects to be financed with the proceeds of the Series C Bonds is authorized to make the required findings with respect to the useful life of the projects and the Series C Bonds.

ARTICLE IV

SECURITY FOR THE SERIES C BONDS; DEBT SERVICE FUND

SECTION 4.01. *Security for the Series C Bonds.* The Series C Bonds are general obligations of the District. The Board has the power to direct the County to levy *ad valorem* taxes upon all property within the District that is subject to taxation by the District, without limitation of rate or amount, for the payment of the Series C Bonds and the interest thereon. The District hereby directs the County to levy on all the taxable property in the District, in addition to all other taxes, a continuing direct and *ad valorem* tax annually during the period the Series C Bonds are Outstanding in an amount sufficient to pay the principal of and interest on the Series C Bonds when due, including the principal of any Series C Bonds upon the mandatory sinking fund redemption thereof under Section 2.03(b), which moneys when collected will be paid to the County Treasurer and placed in the Debt Service Fund.

No part of any fund or account of the County is pledged or obligated to the payment of the Series C Bonds. The principal of and interest on Series C Bonds do not constitute a debt of the County, the State of California, or any of its political subdivisions other than the District, or any of the officers, agents or employees thereof. Neither the County, the State of California, any of its political subdivisions nor any of the officers, agents or employees thereof are liable on the Series C Bonds. In no event are the principal of and interest on Series C Bonds payable out of any funds or properties of the District other than *ad valorem* taxes levied on taxable property in the District. The Series C Bonds, including the interest thereon, are payable solely from taxes levied under Sections 15250 and 15252 of the Education Code; provided, however, nothing herein contained prevents the District from making advances of its own moneys howsoever derived to any of the uses or purposes permitted by law.

As provided in Section 15251 of the Education Code, the Series C Bonds are secured by a statutory lien on all revenues received pursuant to the levy and collection of the *ad valorem* tax. The lien attaches automatically without further action or authorization by the District and is valid and binding from the time the Series C Bonds are executed and delivered.

SECTION 4.02. *Establishment of Debt Service Fund.* The District hereby requests the County Office of Education (or other appropriate department of the County) to establish, hold and maintain a fund to be known as the "Oxnard School District General Obligation Bonds, Election of 2016, Series C Debt Service Fund", which the County Office of Education shall maintain as a separate account, distinct from all other funds of the County, the Office of Education and the District. All taxes levied by the County, at the request of the District, for the District's payment of the principal of and interest on the Series C Bonds shall be transferred to the County Office of Education and deposited in the Debt Service Fund promptly upon apportionment of said levy.

SECTION 4.03. *Disbursements From Debt Service Fund.* The County Office of Education shall administer the Debt Service Fund and make disbursements therefrom in the manner set forth in this Section. The County Office of Education shall transfer amounts on deposit in the Debt Service Fund, to the extent necessary for the District to pay the principal of and interest on the Series C Bonds when due and payable, to the Paying Agent which, in turn, shall pay such moneys to DTC to pay the principal of and interest on the Series C Bonds. DTC will thereupon make payments of principal and interest on the Series C Bonds to the DTC Participants who will

thereupon make payments of principal and interest to the beneficial owners of the Series C Bonds. In addition, amounts on deposit in the Debt Service Fund shall be applied to pay the fees and expenses of the Paying Agent insofar as permitted by law, including specifically by Section 15232 of the Education Code. Pursuant to such provision, the District hereby authorizes the application of amounts in the Debt Service Fund to reimburse the County Office of Education and the County, as applicable, for all costs and expenses incurred by it in processing the District's payments from time to time for the services of the Paying Agent which is designated for the Series C Bonds under Section 6.01. Any moneys remaining in the Debt Service Fund after the Series C Bonds and the interest thereon have been paid by the District, shall be transferred to any other interest and sinking fund for general obligation bond indebtedness of the District, and in the event there is no such debt outstanding, shall be transferred to the District's general fund upon the order of the County, as provided in Section 15234 of the Education Code.

SECTION 4.04. *Pledge of Taxes.* The District hereby pledges all revenues from the property taxes collected from the levy by the Board of Supervisors of the County for the District's payment of the Series C Bonds and amounts on deposit in the Debt Service Fund to the District's payment of the principal or redemption price of and interest on the Series C Bonds. This pledge shall be valid and binding from the date hereof for the benefit of the owners of the Series C Bonds and successors thereto. The property taxes and amounts held in the Debt Service Fund shall be immediately subject to this pledge, and the pledge shall constitute a lien and security interest which shall immediately attach to the property taxes and amounts held in the interest and sinking fund to secure the District's payment of the Series C Bonds and shall be effective, binding, and enforceable against the District, its successors, creditors and all others irrespective of whether those parties have notice of the pledge and without the need of any physical delivery, recordation, filing, or further act. This pledge constitutes an agreement between the District and owners of the Series C Bonds to provide security for the Series C Bonds in addition to any statutory lien that may exist. The District hereby represents and warrants that all of its general obligation bonds, including the Series C Bonds are or were issued to finance or refinance one or more of the projects specified in the applicable voter-approved measure.

SECTION 4.05. *Investments.* All moneys held in any of the funds or accounts established with the County hereunder will be invested in Authorized Investments in accordance with the investment policies of the County, as such policies exist at the time of investment. Obligations purchased as an investment of moneys in any fund or account will be deemed to be part of such fund or account. All interest or gain derived from the investment of amounts in any of the funds or accounts established hereunder will be deposited in the fund or account from which such investment was made, and will be expended for the purposes thereof. The County Treasurer has no responsibility in the reporting, reconciling and monitoring of the investment of the proceeds of the Bonds.

All interest or gain derived from the investment of amounts in any of the funds or accounts established hereunder shall be deposited in the fund or account from which such investment was made, and shall be expended for the purposes thereof. The District covenants that all investments of amounts deposited in any fund or account created by or under this Resolution, or otherwise containing proceeds of the Series C Bonds, shall be acquired and disposed of at the Fair Market Value thereof. For purposes of this Section, the term "Fair Market Value" shall mean, with respect to any investment, the price at which a willing buyer would purchase such investment from a willing seller in a bona fide, arm's length transaction (determined as of the date the contract to purchase or sell the investment becomes binding) if the investment is traded on an established securities market (within the meaning of Section 1273 of the Tax Code) and, otherwise, the term "Fair Market Value" means the acquisition price in a bona fide arm's length transaction (as

described above) if (i) the investment is a certificate of deposit that is acquired in accordance with applicable regulations under the Tax Code, (ii) the investment is an agreement with specifically negotiated withdrawal or reinvestment provisions and a specifically negotiated interest rate (for example, a guaranteed investment contract, a forward supply contract or other investment agreement) that is acquired in accordance with applicable regulations under the Tax Code, or (iii) the investment is a United States Treasury Security - State and Local Government Series that is acquired in accordance with applicable regulations of the United States Bureau of Public Debt.

ARTICLE V

OTHER COVENANTS OF THE DISTRICT

SECTION 5.01. *Punctual Payment.* The Board requests and directs the County to levy *ad valorem* taxes, as provided in Section 15250 of the Education Code, so as to enable the District to punctually pay, or cause to be paid, the principal of and interest on the Series C Bonds, in conformity with the terms of the Series C Bonds and of this Resolution. Nothing herein contained shall prevent the District from making advances of its own moneys howsoever derived to any of the uses or purposes permitted by law.

SECTION 5.02. *Books and Accounts; Financial Statements.* The District will keep, or cause to be kept, proper books of record and accounts, separate from all other records and accounts of the District in which complete and correct entries are made of all transactions relating to the expenditure of the proceeds of the Series C Bonds. Such books of record and accounts shall at all times during business hours be subject to the inspection of the Paying Agent and the Owners of not less than 10% in aggregate principal amount of the Series C Bonds then Outstanding, or their representatives authorized in writing.

SECTION 5.03. *Protection of Security and Rights of Series C Bond Owners.* The District will preserve and protect the security of the Series C Bonds and the rights of the Series C Bond Owners, and will warrant and defend their rights against all claims and demands of all persons. Following the issuance of the Series C Bonds by the District, the Series C Bonds shall be incontestable by the District.

SECTION 5.04. *Tax Covenants.*

(a) Private Activity Bond Limitation. The District shall assure that the proceeds of the Series C Bonds are not so used as to cause the Series C Bonds to satisfy the private business tests of Section 141(b) of the Tax Code or the private loan financing test of Section 141(c) of the Tax Code.

(b) Federal Guarantee Prohibition. The District shall not take any action or permit or suffer any action to be taken if the result of the same would be to cause any of the Series C Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Tax Code.

(c) No Arbitrage. The District shall not take, or permit or suffer to be taken by the Paying Agent or the County or otherwise, any action with respect to the proceeds of the Series C Bonds which, if such action had been reasonably expected to have been taken, or had been deliberately and intentionally taken, on the Closing Date would have caused the Series C Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Tax Code.

(d) Maintenance of Tax-Exemption. The District shall take all actions necessary to assure the exclusion of interest on the Series C Bonds from the gross income of the Owners of the Series C Bonds to the same extent as such interest is permitted to be excluded from gross income under the Tax Code as in effect on the Closing Date.

(e) Rebate of Excess Investment Earnings to United States. The District shall calculate or cause to be calculated excess investment earnings with respect to the Series C Bonds which are required to be rebated to the United States of America under Section 148(f) of the Tax Code, and shall pay the full amount of such excess investment earnings to the United States of America in such amounts, at such times and in such manner as may be required under the Tax Code, if and to the extent such Section 148(f) is applicable to the Series C Bonds. Such payments shall be made by the District from any source of legally available funds of the District. The District shall keep or cause to be kept, and retain or cause to be retained for a period of six years following the retirement of the Series C Bonds, records of the determinations made under this subsection (e). In order to provide for the administration of this subsection (e), the District may provide for the employment of independent attorneys, accountants and consultants compensated on such reasonable basis as the District may deem appropriate.

SECTION 5.05. *Continuing Disclosure*. The District hereby covenants and agrees that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate, which shall be executed by a District Representative and delivered on the Closing Date. Notwithstanding any other provision of this Resolution, failure of the District to comply with the Continuing Disclosure Certificate does not constitute a default by the District hereunder or under the Series C Bonds; however, any Participating Underwriter (as that term is defined in the Continuing Disclosure Certificate) or any holder or beneficial owner of the Series C Bonds may, take such actions as may be necessary and appropriate to compel performance, including seeking mandate or specific performance by court order.

SECTION 5.06. *CDIAC Annual Reporting*. The District hereby covenants and agrees that it will comply with and the provisions of California Government Code Section 8855 subdivision (k) with respect to annual reporting to the California Debt and Investment Advisory Commission. Said reporting will occur at the times and include the types of information as set forth therein. Notwithstanding any other provision of this Resolution, failure of the District to comply with said reporting does not constitute a default by the District hereunder or under the Series C Bonds.

SECTION 5.07. *Further Assurances*. The District will adopt, make, execute and deliver any and all such further resolutions, instruments and assurances as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of this Resolution, and for the better assuring and confirming unto the Owners of the Series C Bonds of the rights and benefits provided in this Resolution.

ARTICLE VI

THE PAYING AGENT

SECTION 6.01. *Appointment of Paying Agent.* U.S. Bank National Association, or any successor agent thereto, is hereby appointed to act as the initial Paying Agent for the Series C Bonds and, in such capacity, shall also act as registration agent and authentication agent for the Series C Bonds. The Paying Agent undertakes to perform such duties, and only such duties, as are specifically set forth in this Resolution, and even during the continuance of an event of default with respect to the Series C Bonds, no implied covenants or obligations shall be read into this Resolution against the Paying Agent. The Paying Agent shall signify its acceptance of the duties and obligations imposed upon it by the District by executing and delivering to the District a certificate or agreement to that effect.

The District may remove the Paying Agent initially appointed, and any successor thereto, and may appoint a successor or successors thereto, but any such successor shall be a bank or trust company doing business and having an office in the State of California, having a combined capital (exclusive of borrowed capital) and surplus of at least \$50,000,000, and subject to supervision or examination by federal or state authority. If such bank or trust company publishes a report of condition at least annually, under law or to the requirements of any supervising or examining authority above referred to, then for the purposes of this Section the combined capital and surplus of such bank or trust company shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. The County Treasurer may also be appointed to serve as Paying Agent.

The Paying Agent may at any time resign by giving written notice to the District and the Series C Bond Owners of such resignation. Upon receiving notice of such resignation, with the written consent of the County Treasurer (which shall not unreasonably be withheld) the District shall promptly appoint a successor Paying Agent by an instrument in writing. Any resignation or removal of the Paying Agent and appointment of a successor Paying Agent will become effective upon acceptance of appointment by the successor Paying Agent.

Any bank, national association, federal savings association, or trust company into which the Paying Agent may be merged or converted or with which it may be consolidated or any bank, national association, federal savings association, or trust company resulting from any merger, conversion or consolidation to which it shall be a party or any bank, national association, federal savings association, or trust company to which the Paying Agent may sell or transfer all or substantially all of its corporate trust business, provided such bank, federal savings association, or trust company shall be eligible as described in this Section 6.01 shall be the successor to such Paying Agent, without the execution or filing of any paper or any further act, anything herein to the contrary notwithstanding.

SECTION 6.02. *Paying Agent May Hold Series C Bonds.* The Paying Agent may become the owner of any of the Series C Bonds in its own or any other capacity with the same rights it would have if it were not Paying Agent.

SECTION 6.03. *Liability of Agents.* The recitals of facts, covenants and agreements herein and in the Series C Bonds contained shall be taken as statements, covenants and agreements of the District, and the Paying Agent assumes no responsibility for the correctness of the same, nor makes any representations as to the validity or sufficiency of this Resolution or of the Series C

Bonds, nor shall incur any responsibility in respect thereof, other than as set forth in this Resolution. The Paying Agent is not liable in connection with the performance of its duties hereunder, except for its own negligence or willful default.

In the absence of bad faith, the Paying Agent may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Paying Agent and conforming to the requirements of this Resolution.

The Paying Agent is not liable for any error of judgment made in good faith by a responsible officer of its corporate trust department in the absence of the negligence of the Paying Agent.

No provision of this Resolution shall require the Paying Agent to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, if it has reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

The Paying Agent may execute any of the powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Paying Agent is not responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it hereunder.

SECTION 6.04. *Notice to Paying Agent.* The Paying Agent may rely and shall be protected in acting or refraining from acting upon any notice, resolution, request, consent, order, certificate, report, warrant, bond or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or proper parties. The Paying Agent may consult with counsel, who may be counsel to the District, with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith.

Whenever in the administration of its duties under this Resolution the Paying Agent shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may, in the absence of bad faith on the part of the Paying Agent, be deemed to be conclusively proved and established by a certificate of the District, and such certificate shall be full warrant to the Paying Agent for any action taken or suffered under the provisions of this Resolution upon the faith thereof, but in its discretion the Paying Agent may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

SECTION 6.05. *Compensation; Indemnification.* The District shall pay to the Paying Agent from time to time reasonable compensation for all services rendered under this Resolution, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of their attorneys, agents and employees, incurred in and about the performance of their powers and duties under this Resolution. The District further agrees to indemnify and save the Paying Agent harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder which are not due to its negligence or bad faith.

ARTICLE VII

REMEDIES OF SERIES C BOND OWNERS

SECTION 7.01. *Remedies of Series C Bond Owners.* Any Series C Bond Owner has the right, for the equal benefit and protection of all Series C Bond Owners similarly situated:

- (a) by mandamus, suit, action or proceeding, to compel the District and its members, officers, agents or employees to perform each and every term, provision and covenant contained in this Resolution and in the Series C Bonds, and to require the carrying out of any or all such covenants and agreements of the District and the fulfillment of all duties imposed upon it;
- (b) by suit, action or proceeding in equity, to enjoin any acts or things which are unlawful, or the violation of any of the Series C Bond Owners' rights; or
- (c) upon the happening and continuation of any default by the District hereunder or under the Series C Bonds, by suit, action or proceeding in any court of competent jurisdiction, to require the District and its members and employees to account as if it and they were the trustees of an express trust.

SECTION 7.02. *Remedies Not Exclusive.* No remedy herein conferred upon the Owners of Series C Bonds is exclusive of any other remedy. Each and every remedy is cumulative and may be exercised in addition to every other remedy given hereunder or thereafter conferred on the Series C Bond Owners.

SECTION 7.03. *Non-Waiver.* Nothing in this Article VII or in any other provision of this Resolution or in the Series C Bonds, affects or impairs the obligation of the District, which is absolute and unconditional, to pay the principal of and interest on the Series C Bonds to the respective Owners of the Series C Bonds at the respective dates of maturity, as herein provided, or affects or impairs the right of action against the District, which is also absolute and unconditional, of such Owners to institute suit against the District to enforce such payment by virtue of the contract embodied in the Series C Bonds.

A waiver of any default by any Series C Bond Owner shall not affect any subsequent default or impair any rights or remedies on the subsequent default. No delay or omission of any Owner of any of the Series C Bonds to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein, and every power and remedy conferred upon the Series C Bond Owners by this Article VII may be enforced and exercised from time to time and as often as shall be deemed expedient by the Owners of the Series C Bonds.

If a suit, action or proceeding to enforce any right or exercise any remedy be abandoned or determined adversely to the Series C Bond Owners, the District and the Series C Bond Owners shall be restored to their former positions, rights and remedies as if such suit, action or proceeding had not been brought or taken.

ARTICLE VIII

AMENDMENT OF THIS RESOLUTION

SECTION 8.01. *Amendments Effective Without Consent of the Owners.* The Board may amend this Resolution from time to time, without the consent of the Owners of the Series C Bonds, for any one or more of the following purposes:

- (a) To add to the covenants and agreements of the District in this Resolution, other covenants and agreements to be observed by the District which are not contrary to or inconsistent with this Resolution as theretofore in effect;
- (b) To confirm, as further assurance, any pledge under, and to subject to any lien or pledge created or to be created by, this Resolution, of any moneys, securities or funds, or to establish any additional funds or accounts to be held under this Resolution;
- (c) To cure any ambiguity, supply any omission, or cure or correct any defect or inconsistent provision in this Resolution, in a manner which does not materially adversely affect the interests of the Series C Bond Owners in the opinion of Bond Counsel filed with the District; or
- (d) To make such additions, deletions or modifications as may be necessary or desirable to assure exemption from federal income taxation of interest on the Series C Bonds.

SECTION 8.02. *Amendments Effective With Consent of the Owners.* The Board may amend this Resolution from time to time for any purpose not set forth in Section 8.01, with the written consent of the Owners of a majority in aggregate principal amount of the Series C Bonds Outstanding at the time such consent is given. Without the consent of all the Owners of such Series C Bonds, no such modification or amendment shall permit (a) a change in the terms of maturity of the principal of any Outstanding Series C Bonds or of any interest payable thereon or a reduction in the principal amount thereof or in the rate of interest thereon, (b) a reduction of the percentage of Series C Bonds the consent of the Owners of which is required to effect any such modification or amendment, (c) a change in any of the provisions in Section 7.01 or (d) a reduction in the amount of moneys pledged for the repayment of the Series C Bonds, and no right or obligation of any Paying Agent may be changed or modified without its written consent.

ARTICLE IX

MISCELLANEOUS

SECTION 9.01. *Benefits of Resolution Limited to Parties.* Nothing in this Resolution, expressed or implied, gives any person other than the District, the County, the Paying Agent and the Owners of the Series C Bonds, any right, remedy, claim under or by reason of this Resolution. The covenants, stipulations, promises or agreements in this Resolution are for the sole and exclusive benefit of the Owners of the Series C Bonds.

SECTION 9.02. *Defeasance of Series C Bonds.*

(a) Discharge of Resolution. Any or all of the Series C Bonds may be paid by the District in any of the following ways, provided that the District also pays or causes to be paid any other sums payable hereunder by the District:

- (i) by paying or causing to be paid the principal or redemption price of and interest on such Series C Bonds, as and when the same become due and payable;
- (ii) by irrevocably depositing, in trust, at or before maturity, money or securities in the necessary amount (as provided in Section 9.02(c) hereof) with the Paying Agent or other escrow agent to pay or redeem such Series C Bonds; or
- (iii) by delivering such Series C Bonds to the Paying Agent for cancellation by it.

If the District pays all Outstanding Series C Bonds and also pays or causes to be paid all other sums payable hereunder by the District, then and in that case, at the election of the District (evidenced by a certificate of a District Representative filed with the Paying Agent, signifying the intention of the District to discharge all such indebtedness and this Resolution), and notwithstanding that any Series C Bonds have not been surrendered for payment, this Resolution and other assets made under this Resolution and all covenants, agreements and other obligations of the District under this Resolution shall cease, terminate, become void and be completely discharged and satisfied, except only as provided in Section 9.02(b). In such event, upon request of the District, the Paying Agent shall cause an accounting for such period or periods as may be requested by the District to be prepared and filed with the District and shall execute and deliver to the District all such instruments as may be necessary to evidence such discharge and satisfaction, and the Paying Agent shall pay over, transfer, assign or deliver to the District all moneys or securities or other property held by it under this Resolution which are not required for the payment or redemption of Series C Bonds not theretofore surrendered for such payment or redemption.

(b) Discharge of Liability on Series C Bonds. Upon the deposit, in trust, at or before maturity, of money or securities in the necessary amount (as provided in Section 9.02(c) hereof) to pay or redeem any Outstanding Series C Bond (whether upon or prior to its maturity or the redemption date of such Series C Bond), provided that, if such Series C Bond is to be redeemed prior to maturity, notice of such redemption has been given as provided in Section 2.03 or provision satisfactory to the Paying Agent has been made for the giving of such notice, then all liability of the District in respect of such Series C Bond shall cease and be completely discharged, except only that thereafter the Owner thereof shall be entitled only to payment of the principal of and interest on such Series C Bond by the District, and the District shall remain liable for such payment, but only out of such money or securities deposited with the Paying Agent as aforesaid for such payment, provided further, however, that the provisions of Section 9.02(d) shall apply in all events.

The District may at any time surrender to the Paying Agent for cancellation by it any Series C Bonds previously issued and delivered, which the District may have acquired in any manner whatsoever, and such Series C Bonds, upon such surrender and cancellation, shall be deemed to be paid and retired.

(c) Deposit of Money or Securities with Agent. Whenever in this Resolution it is provided or permitted that there be deposited with or held in trust by the Paying Agent or other agent money or securities in the necessary amount to pay or redeem any Series C Bonds, the money or securities so to be deposited or held may include money or securities held by the Paying Agent in the funds and accounts established under this Resolution and shall be:

- (i) lawful money of the United States of America in an amount equal to the principal amount of such Series C Bonds and all unpaid interest thereon to maturity, except that, in the case of Series C Bonds which are to be redeemed prior to maturity and in respect of which notice of such redemption has been given as provided in Section 2.03 or provision satisfactory to the Paying Agent has been made for the giving of such notice, the amount to be deposited or held shall be the principal amount or redemption price of such Series C Bonds and all unpaid interest thereon to the redemption date; or
- (ii) Federal Securities (not callable by the issuer thereof prior to maturity) the principal of and interest on which when due, in the opinion of a certified public accountant delivered to the District, will provide money sufficient to pay the principal or redemption price of and all unpaid interest to maturity, or to the redemption date, as the case may be, on the Series C Bonds to be paid or redeemed, as such principal or redemption price and interest become due, provided that, in the case of Series C Bonds which are to be redeemed prior to the maturity thereof, notice of such redemption has been given as provided in Section 2.03 or provision satisfactory to the Paying Agent has been made for the giving of such notice.

(d) Payment of Series C Bonds After Discharge of Resolution. Notwithstanding any provisions of this Resolution, any moneys held by the Paying Agent or other escrow agent in trust for the payment of the principal or redemption price of, or interest on, any Series C Bonds and remaining unclaimed for two years after the principal of all of the Series C Bonds has become due and payable (whether at maturity or upon call for redemption or by acceleration as provided in this Resolution), if such moneys were so held at such date, or two years after the date of deposit of such moneys if deposited after said date when all of the Series C Bonds became due and payable, shall, upon request of the District, be repaid to the District free from the trusts created by this Resolution, and all liability of the Paying Agent with respect to such moneys shall thereupon cease; *provided, however,* that before the repayment of such moneys to the District as aforesaid, the Paying Agent may (at the cost of the District) first mail to the Owners of all Series C Bonds which have not been paid at the addresses shown on the Registration Books a notice in such form as may be deemed appropriate by the Paying Agent, with respect to the Series C Bonds so payable and not presented and with respect to the provisions relating to the repayment to the District of the moneys held for the payment thereof. Thereafter, the District shall remain liable to the Owners for payment of any amounts due on the Series C Bonds, which amounts shall be deemed to be paid by the District from moneys remitted to it by the Paying Agent under this subsection (d).

SECTION 9.03. *Application of Provisions to Capital Appreciation Bonds.* Whenever in this Resolution reference is made to the payment of the principal of and interest on the Series C Bonds, such reference includes payment of the Accreted Value and Maturity Value of the Capital Appreciation Bonds, unless otherwise required by the context or by the express provisions of such reference. Whenever in this Resolution any reference is made to the rights of the Owners of the Series C Bonds as measured by the principal amount of such Series C Bonds, the principal

amount of the Capital Appreciation Bonds shall be deemed to be the Accreted Value thereof as of the date of exercise of such rights. Notwithstanding the foregoing, for purposes of any statutory or constitutional limitation on the principal amount of bonds which may be issued and outstanding by the District at any time, the principal amount of the Capital Appreciation Bonds shall be deemed to be the Denominational Amount thereof.

SECTION 9.04. *Execution of Documents and Proof of Ownership by Series C Bond Owners.* Any request, declaration or other instrument which this Resolution may require or permit to be executed by Series C Bond Owners may be in one or more instruments of similar tenor, and shall be executed by Series C Bond Owners in person or by their attorneys appointed in writing.

Except as otherwise herein expressly provided, the fact and date of the execution by any Series C Bond Owner or his attorney of such request, declaration or other instrument, or of such writing appointing such attorney, may be proved by the certificate of any notary public or other officer authorized to take acknowledgments of deeds to be recorded in the state in which he purports to act, that the person signing such request, declaration or other instrument or writing acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer.

Except as otherwise herein expressly provided, the ownership of registered Series C Bonds and the amount, maturity, number and date of holding the same shall be proved by the Registration Books.

Any request, declaration or other instrument or writing of the Owner of any Series C Bond shall bind all future Owners of such Series C Bond in respect of anything done or suffered to be done by the District or the Paying Agent in good faith and in accordance therewith.

SECTION 9.05. *Waiver of Personal Liability.* No Board member, officer, agent or employee of the District shall be individually or personally liable for the payment of the principal of or interest on the Series C Bonds; but nothing herein contained shall relieve any such Board member, officer, agent or employee from the performance of any official duty provided by law.

SECTION 9.06. *Limited Duties of County; Indemnification.* The County (including its officers, agents and employees) shall undertake only those duties of the County under this Resolution which are specifically set forth in this Resolution and in applicable provisions of the Bond Law and the Education Code, and even during the continuance of an event of default with respect to the Series C Bonds, no implied covenants or obligations shall be read into this Resolution against the County (including its officers, agents and employees).

The District further agrees to indemnify, defend and save the County (including its officers, agents and employees) harmless against any and all liabilities, costs, expenses, damages and claims which it may incur in the exercise and performance of its powers and duties hereunder which are not due to its negligence or bad faith.

SECTION 9.07. *Destruction of Canceled Series C Bonds.* Whenever in this Resolution provision is made for the surrender to the District of any Series C Bonds which have been paid or canceled under the provisions of this Resolution, a certificate of destruction duly executed by the Paying Agent shall be deemed to be the equivalent of the surrender of such canceled Series C Bonds and the District shall be entitled to rely upon any statement of fact contained in any certificate with respect to the destruction of any such Series C Bonds therein referred to.

SECTION 9.08. *Partial Invalidity.* If any section, paragraph, sentence, clause or phrase of this Resolution shall for any reason be held illegal or unenforceable, such holding shall not affect the validity of the remaining portions of this Resolution. The District hereby declares that it would have adopted this Resolution and each and every other section, paragraph, sentence, clause or phrase hereof and authorized the issue of the Series C Bonds pursuant thereto irrespective of the fact that any one or more sections, paragraphs, sentences, clauses, or phrases of this Resolution may be held illegal, invalid or unenforceable. If, by reason of the judgment of any court, the District is rendered unable to perform its duties hereunder, all such duties and all of the rights and powers of the District hereunder shall be assumed by and vest in the chief financial officer of the District in trust for the benefit of the Series C Bond Owners.

SECTION 9.09. *Effective Date of Resolution.* This Resolution shall take effect from and after the date of its passage and adoption.

REGISTERED OWNER:

PRINCIPAL AMOUNT: *** _____ **DOLLARS*****

The Oxnard School District (the "District"), located in the County of Ventura (the "County"), for value received, hereby promises to pay to the Registered Owner named above, or registered assigns, the principal amount on the Maturity Date, each as stated above, and interest thereon, calculated on a 30/360 day basis, until the principal amount is paid or provided for, at the Interest Rate stated above, such interest to be paid on February 1 and August 1 of each year, commencing _____ 1, 2021 (the "Interest Payment Dates"). This Bond will bear interest from the Interest Payment Date next preceding the date of authentication hereof, unless (a) it is authenticated as of a business day following the 15th day of the month immediately preceding any Interest Payment Date and on or before such Interest Payment Date, in which event it shall bear interest from such Interest Payment Date, or (b) it is authenticated on or before _____ 15, 2021, in which event it shall bear interest from the Dated Date referred to above. Principal hereof is payable at the corporate trust office of the paying agent for the Bonds (the "Paying Agent"), initially being U.S. Bank National Association, Los Angeles, California. Interest hereon (including the final interest payment upon maturity) is payable by check or draft of the Paying Agent mailed by first-class mail to the Owner at the Owner's address as it appears on the registration books maintained by the Paying Agent as of the close of business on the 15th day of the month next preceding such Interest Payment Date (the "Record Date"), or at such other address as the Owner may have filed with the Paying Agent for that purpose.

This Bond is one of a duly authorized issue of Bonds of the District designated as "Oxnard School District (Ventura County, California) General Obligation Bonds, Election of 2016, Series C" (the "Bonds"), in an aggregate principal amount of \$_____.

all of like tenor and date (except for such variation, if any, as may be required to designate varying numbers, maturities, interest rates or redemption and other provisions) and all issued under the provisions of Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code (the "Bond Law"), and under a Resolution of the Governing Board of the District adopted on November 4, 2020 (the "Resolution"), authorizing the issuance of the Bonds. The issuance of the Bonds has been authorized by the requisite fifty-five percent vote of the electors of the District cast at a special bond election held on November 8, 2016, upon the question of issuing bonds in the amount of \$142,500,000. This Bond is secured by a statutory lien on all revenues received pursuant to the levy and collection of the *ad valorem* tax, which attaches automatically without further action or authorization by the District and is valid and binding from the time this Bond is executed and delivered.

The Bonds are being issued in the form of Current Interest Bonds in the aggregate principal amount of \$_____ and as Capital Appreciation Bonds (of which this Bond is one) in the aggregate denominational amount of \$_____, all subject to the terms and conditions of the Resolution. All capitalized terms herein and not otherwise defined have the meaning given them in the Resolution. Reference is hereby made to the Resolution (copies of which are on file at the office of the Paying Agent) and the Bond Law for a description of the terms on which the Bonds are issued and the rights thereunder of the owners of the Bonds and the rights, duties and immunities of the Paying Agent and the rights and obligations of the District thereunder, to all of the provisions of which Resolution the Owner of this Bond, by acceptance hereof, assents and agrees.

The principal of and interest on this Bond does not constitute a debt of the County, the State of California, or any of its political subdivisions other than the District, or any of the officers, agents and employees thereof, and neither the County, the State of California, any of its political subdivisions, nor any of the officers, agents and employees thereof shall be liable hereon. In no event shall the principal of and interest on this Bond be payable out of any funds or properties of the District other than *ad valorem* taxes levied upon all taxable property in the District.

The Bonds of this issue are issuable only as fully registered Bonds in the denominations of \$5,000 principal amount (or in the case of Capital Appreciation Bonds, \$5,000 maturity value) or any integral multiple thereof. This Bond is exchangeable and transferable for Bonds of other authorized denominations at the principal corporate trust office of the Paying Agent, by the Registered Owner or by a person legally empowered to do so, upon presentation and surrender hereof to the Paying Agent, together with a request for exchange or an assignment signed by the Registered Owner or by a person legally empowered to do so, in a form satisfactory to the Paying Agent, all subject to the terms, limitations and conditions provided in the Bond Resolution. Any tax or governmental charges shall be paid by the transferor. The District and the Paying Agent may deem and treat the Registered Owner as the absolute owner of this Bond for the purpose of receiving payment of or on account of principal or interest and for all other purposes, and neither the District nor the Paying Agent shall be affected by any notice to the contrary.

The Bonds maturing on or before August 1, 20__ are not subject to redemption prior to their respective stated maturities. The Bonds maturing on or after August 1, 20__ are subject to redemption prior to maturity as a whole, or in part among maturities on such basis as shall be designated by the District and by lot within a maturity, at the option of

the District, from any available source of funds, on August 1, 20__ and on any date thereafter, at a redemption price equal to 100% of the principal amount of Bonds to be redeemed, together with interest thereon to the date fixed for redemption, without premium.

[If applicable:] The Bonds maturing on August 1, 20__ (the "Term Bonds") are also subject to mandatory sinking fund redemption on or before August 1 in the years, and in the amounts, as set forth in the following table, at a redemption price equal to 100% of the principal amount thereof to be redeemed (without premium), together with interest accrued thereon to the date fixed for redemption; *provided, however*, that if some but not all of the Term Bonds have been redeemed under the preceding paragraph, the aggregate principal amount of Term Bonds to be redeemed under this paragraph shall be reduced on a pro rata basis in integral multiples of \$5,000, or on such other basis as designated pursuant to written notice filed by the District with the Paying Agent.

| Sinking Fund Redemption Date (August 1) | Principal Amount To Be <u>Redeemed</u> |
|---|--|
|---|--|

The Paying Agent shall give notice of the redemption of the Bonds at the expense of the District. Such notice shall specify: (a) that the Bonds or a designated portion thereof are to be redeemed, (b) the numbers and CUSIP numbers of the Bonds to be redeemed, (c) the date of notice and the date of redemption, (d) the place or places where the redemption will be made, and (e) descriptive information regarding the Bonds including the dated date, interest rate and stated maturity date. Such notice shall further state that on the specified date there shall become due and payable upon each Bond to be redeemed, the portion of the principal amount of such Bond to be redeemed, together with interest accrued to said date, and that from and after such date interest with respect thereto shall cease to accrue and be payable. Such notice may be conditional and subject to rescission as described in the Resolution.

Notice of redemption shall be by registered or otherwise secured mail or delivery service, postage prepaid, to the registered owner of the Bonds, to a municipal registered securities depository and to a national information service that disseminates securities redemption notices and, by first class mail, postage prepaid, to the District and the respective Owners of any Bonds designated for redemption at their addresses appearing on the Bond registration books, in every case at least 20 days, but not more than 60 days, prior to the redemption date; provided that neither failure to receive such notice nor any defect in any notice so mailed shall affect the sufficiency of the proceedings for the redemption of such Bonds.

Neither the District nor the Paying Agent will be required: (a) to issue or transfer any Bond during a period beginning with the opening of business on the 15th calendar day next preceding either any Interest Payment Date or any date of selection of any Bond to be redeemed and ending with the close of business on the Interest Payment Date or a day on which the applicable notice of redemption is given, or (b) to transfer any Bond which has been selected or called for redemption in whole or in part.

Reference is made to the Bond Resolution for a more complete description of the provisions, among others, with respect to the nature and extent of the security for the Bonds of this series, the rights, duties and obligations of the District, the Paying Agent and the Registered Owners, and the terms and conditions upon which the Bonds are issued and secured. The owner of this Bond assents, by acceptance hereof, to all of the provisions of the Bond Resolution.

It is certified, recited and declared that all acts and conditions required by the Constitution and laws of the State of California to exist, to be performed or to have been met precedent to and in the issuing of the Bonds in order to make them legal, valid and binding general obligations of the District, have been performed and have been met in regular and due form as required by law; that payment in full for the Bonds has been received; that no statutory or constitutional limitation on indebtedness or taxation has been exceeded in issuing the Bonds; and that due provision has been made for levying and collecting *ad valorem* property taxes on all of the taxable property within the District in an amount sufficient to pay principal and interest when due.

Unless this Bond is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to the Paying Agent for registration of transfer, exchange, or payment, and any Bond issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest in this Bond.

This Bond shall be not be valid or obligatory for any purpose and is not entitled to any security or benefit under the Bond Resolution (described on the reverse hereof) until the Certificate of Authentication below has been manually signed by the Paying Agent.

IN WITNESS WHEREOF, the Oxnard School District has caused this Bond to be executed by the facsimile signature of its President and attested by the facsimile signature of the Clerk of its Governing Board, all as of the date stated above.

APPENDIX B

DISCLOSURE REQUIRED BY EDUCATION CODE SECTION 15146(b)(1)(E)

1. Analysis of total overall cost of Capital Appreciation Bonds (CABs) (see attached)
2. Comparison to overall cost of Current Interest Bonds (CIBs) (see attached)
3. Reasons that a combination of current interest bonds and capital appreciation bonds are being recommended: Capital appreciation bonds (CABs) have been included in the bond structure because if CABS were not included and only CIBs were issued, the tax rate required to support 2016 Election Bonds (Series A, Series B and Series C) is projected to exceed the legal maximum of \$30 per \$100,000 of assessed valuation. Issuing some maturities of the Series C Bonds as CABs is essential to this financing in order to obtain the needed amounts for projects and to stay within tax rate limitations. Without the issuance of some maturities of the Series C Bonds as CABs, the issuance could not legally proceed and the District would not be able to obtain the amount needed for Phase 3 projects of 2016 election voter-approved projects.
4. AV Growth Assumption used in connection with issuance of Series C Bonds: 4.00% annually commencing FY 2021-22.
5. Copy of Rule G-17 Letter (see attached)

APPENDIX C

REQUIRED DISCLOSURES PURSUANT TO GOVERNMENT CODE SECTION 5852.1

1. TIC: True Interest Cost of the Bonds (Estimated): 2.815%
2. Financing Costs: Finance charge of the Bonds, being the sum of all fees and charges paid to third parties (Costs of Issuance of approximately \$170,000, plus estimated underwriter's compensation of approximately \$38,490, plus the premium for bond insurance of approximately \$29,374 if obtaining insurance results in interest cost savings) (Estimated total): \$237,864
3. Net Proceeds to Building Fund for Projects: Proceeds of the Bonds expected to be received by District for deposit to the Building Fund, net of proceeds for Costs of Issuance in (2) above to paid from the principal amount of the Bonds , and net of capitalized interest (if any) and reserves (if any) charged to the principal amount of the Bonds (Estimated): \$9,827,421
4. Bond Repayment Amount: Total Payment Amount for the Bonds, being the sum of (a) debt service to be paid on the bonds to final maturity, plus (b) any financing costs not paid from proceeds of the Bonds (Estimated): \$16,318,914 (1.63:1)

**Information based on estimates made in good faith by the District's Financial Advisor. Estimates assume par amount of \$9,997,421 and include certain assumptions regarding tax-exempt rates available in the bond market at the time of pricing the bonds.*

Re: Engagement of and Disclosures by Underwriter/Senior Managing Underwriter
Pursuant to SEC Municipal Advisor Rule and MSRB Rule G-17
Oxnard School District
General Obligation Bonds, Election of 2016, Series C

Dear Janet:

We are writing to confirm our engagement and provide you, as Assistant Superintendent, Business & Fiscal Services of Oxnard School District (the “Issuer”), and an official of the Issuer with the authority to bind the Issuer by contract, with certain disclosures relating to the captioned bond issue (the “Bonds”) to:

- i. Confirm and engage Raymond James & Associates, Inc. (“RJA”), to serve as underwriter, and not as a financial advisor or municipal advisor, pursuant to the Securities and Exchange Commission’s Municipal Advisor Rule in connection with the issuance of the Bonds, and;
- ii. Provide certain underwriting disclosures as required by Municipal Securities Rulemaking Board (MSRB) Rule G-17 as set forth in MSRB Notice 2012-25 (May 7, 2012)¹.

As part of our services as underwriter, RJA may provide advice concerning the structure, timing, terms, and other similar matters concerning the issuance of the Bonds.

I. Disclosures Concerning the Underwriters’ Role:

(i) MSRB Rule G-17 requires an underwriter to deal fairly at all times with both municipal issuers and investors.

¹ Interpretive Notice Concerning the Application of MSRB Rule G-17 to Underwriters of Municipal Securities (effective August 2, 2012).

(ii) The primary role of the underwriters is to purchase the Bonds with a view to distribution in an arm's-length commercial transaction with the Issuer. The underwriters have financial and other interests that differ from those of the Issuer.

(iii) Unlike a municipal advisor, the underwriters do not have a fiduciary duty to the Issuer under the federal securities laws and are, therefore, not required by federal law to act in the best interests of the Issuer without regard to their own financial or other interests.

(iv) The underwriters have a duty to purchase the Bonds from the Issuer at a fair and reasonable price, but must balance that duty with their duty to sell the Bonds to investors at prices that are fair and reasonable.

(v) The underwriters will review the official statement for the Bonds in accordance with, and as part of, their respective responsibilities to investors under the federal securities laws, as applied to the facts and circumstances of this transaction².

II. Disclosures Concerning the Underwriters' Compensation:

The underwriters will be compensated by a fee and/or an underwriting discount that will be set forth in the bond purchase agreement to be negotiated and entered into in connection with the issuance of the Bonds. Payment or receipt of the underwriting fee or discount will be contingent on the closing of the transaction and the amount of the fee or discount may be based, in whole or in part, on a percentage of the principal amount of the Bonds. While this form of compensation is customary in the municipal securities market, it presents a conflict of interest since the underwriters may have an incentive to recommend to the Issuer a transaction that is unnecessary or to recommend that the size of the transaction be larger than is necessary.

III. Additional Conflicts and Business Relationships Disclosures:

In the ordinary course of its various business activities, RJA and its affiliates, officers, directors, and employees may purchase, sell or hold a broad array of investments and may actively trade securities, derivatives, loans, commodities, currencies, credit default swaps, and other financial instruments for their own account and for the accounts of customers. Such investment and trading activities may involve or relate to assets, securities and/or instruments of the Issuer (whether directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the Issuer. RJA and its affiliates also may communicate independent investment recommendations, market advice or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and at any time may hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

IV. Disclosures Concerning Structure of Municipal Securities Financing:

Since RJA has recommended to the Issuer a financing structure that may be considered a "complex municipal securities financing" for purposes of MSRB Rule G-17, attached is a description of the

² Under federal securities law, an issuer of securities has the primary responsibility for disclosure to investors. The review of the official statement by the underwriters is solely for purposes of satisfying the underwriters' obligations under the federal securities laws and such review should not be construed by an issuer as a guarantee of the accuracy or completeness of the information in the official statement.

material financial characteristics of that financing structure as well as the material financial risks of the financing that are known to the underwriter and reasonably foreseeable at this time.

In accordance with the requirements of MSRB Rule G-17, if RJA recommends a “complex municipal securities financing” to the Issuer that is not otherwise described herein, this letter will be supplemented to provide disclosure of the material financial characteristics of that financing structure as well as the material financial risks of the financing that are known to the underwriter and reasonably foreseeable at that time.

If you or any other Issuer official has any questions or concerns about these disclosures, then please make those questions or concerns known immediately to the undersigned. In addition, the Issuer should consult with its own financial and/or municipal, legal, accounting, tax and other advisors, as applicable, to the extent it deems appropriate.

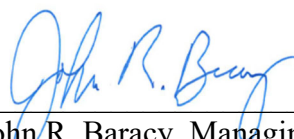

It is our understanding that you have the authority to bind the Issuer by contract with us, and that you are not a party to any conflict of interest relating to the subject transaction. If our understanding is incorrect, please notify the undersigned immediately.

Under SEC and MSRB Rules, **we are required to confirm our role as underwriter, and also seek your acknowledgement that you have received this letter. Accordingly, please send me an email to that effect or sign and return a copy of this letter to me via email as a PDF attachment.** Depending on the structure of the transaction that the Issuer decides to pursue, or if additional potential or actual material conflicts are identified, we may be required to send you additional disclosures regarding the material financial characteristics and risks of such transaction and/or describing those conflicts. At that time, we also will seek your acknowledgement of receipt of any such additional disclosures.

We look forward to working with you and the Issuer in connection with the issuance of the Bonds. We appreciate your business.

Sincerely,

RAYMOND JAMES & ASSOCIATES, INC.

Fixed Rate Structure Disclosure

The following is a general description of the financial characteristics and security structures of fixed rate municipal bonds (“Fixed Rate Bonds”), as well as a general description of certain financial risks that you should consider before deciding whether to issue Fixed Rate Bonds. If you decide that you would like to pursue this financing alternative, we may provide you with additional information more specific to your particular issue.

Financial Characteristics

Maturity and Interest. Fixed Rate Bonds are interest-bearing debt securities issued by state and local governments, political subdivisions and agencies and authorities. Maturity dates for Fixed Rate Bonds are fixed at the time of issuance and may include serial maturities (specified principal amounts are payable on the same date in each year until final maturity) or one or more term maturities (specified principal amounts are payable on each term maturity date) or a combination of serial and term maturities. The final maturity date typically will range between 10 and 30 years from the date of issuance. Interest on the Fixed Rate Bonds typically is paid semiannually at a stated fixed rate or rates for each maturity date.

Redemption. Fixed Rate Bonds may be subject to optional redemption, which allows you, at your option, to redeem some or all of the bonds on a date prior to scheduled maturity, such as in connection with the issuance of refunding bonds to take advantage of lower interest rates. Fixed Rate Bonds will be subject to optional redemption only after the passage of a specified period of time, often approximately ten years from the date of issuance, and upon payment of the redemption price set forth in the bonds, which may include a redemption premium. You will be required to send out a notice of optional redemption to the holders of the bonds, usually not less than 30 days prior to the redemption date. Fixed Rate Bonds with term maturity dates also may be subject to mandatory sinking fund redemption, which requires you to redeem specified principal amounts of the bonds annually in advance of the term maturity date. The mandatory sinking fund redemption price is 100% of the principal amount of the bonds to be redeemed.

Security

Payment of principal of and interest on a municipal security, including Fixed Rate Bonds, may be backed by various types of pledges and forms of security, some of which are described below.

General Obligation Bonds

“General obligation bonds” are debt securities to which your full faith and credit is pledged to pay principal and interest. If you have taxing power, generally you will pledge to use your ad valorem (property) taxing power to pay principal and interest. Ad valorem taxes necessary to pay debt service on general obligation bonds may not be subject to state constitutional property tax millage limits (an unlimited tax general obligation bond). The term “limited” tax is used when such limits exist.

General obligation bonds constitute a debt and, depending on applicable state law, may require that you obtain approval by voters prior to issuance. In the event of default in required payments of interest or principal, the holders of general obligation bonds have certain rights under state law to compel you to impose a tax levy.

Revenue Bonds

“Revenue bonds” are debt securities that are payable only from a specific source or sources of revenues. Revenue bonds are not a pledge of your full faith and credit and you are obligated to pay principal and interest on your revenue bonds only from the revenue source(s) specifically pledged to the bonds. Revenue bonds do not permit the bondholders to compel you to impose a tax levy for payment of debt service. Pledged revenues may be derived from operation of the financed project or system, grants or excise or other specified taxes. Generally, subject to state law or local charter requirements, you are not required to obtain voter approval prior to issuance of revenue bonds. If the specified source(s) of revenue become inadequate, a default in payment of principal or interest may occur. Various types of pledges of revenue may be used to secure interest and principal payments on revenue bonds. The nature of these pledges may differ widely based on state law, the type of issuer, the type of revenue stream and other factors.

The description above regarding “Security” is only a brief summary of certain possible security provisions for the bonds and is not intended as legal advice. You should consult with your bond counsel for further information regarding the security for the bonds.

Financial Risk Considerations

Certain risks may arise in connection with your issuance of Fixed Rate Bonds, including some or all of the following:

Issuer Default Risk

You may be in default if the funds pledged to secure your bonds are not sufficient to pay debt service on the bonds when due. The consequences of a default may be serious for you and, depending on applicable state law and the terms of the authorizing documents, the holders of the bonds, the trustee and any credit support provider may be able to exercise a range of available remedies against you. For example, if the bonds are secured by a general obligation pledge, you may be ordered by a court to raise taxes. Other budgetary adjustments also may be necessary to enable you to provide sufficient funds to pay debt service on the bonds. If the bonds are revenue bonds, you may be required to take steps to increase the available revenues that are pledged as security for the bonds. A default may negatively impact your credit ratings and may effectively limit your ability to publicly offer bonds or other securities at market interest rate levels. Further, if you are unable to provide sufficient funds to remedy the default, subject to applicable state law and the terms of the authorizing documents, you may find it necessary to consider available alternatives under state law, including (for some issuers) state-mandated receivership or bankruptcy. A default also may occur if you are unable to comply with covenants or other provisions agreed to in connection with the issuance of the bonds.

This description is only a brief summary of issues relating to defaults and is not intended as legal advice. You should consult with your bond counsel for further information regarding defaults and remedies.

Redemption Risk

Your ability to redeem the bonds prior to maturity may be limited, depending on the terms of any optional redemption provisions. In the event that interest rates decline, you may be unable to take advantage of the lower interest rates to reduce debt service.

Refinancing Risk

If your financing plan contemplates refinancing some or all of the bonds at maturity (for example, if you have term maturities or if you choose a shorter final maturity than might otherwise be permitted under the applicable federal tax rules), market conditions or changes in law may limit or prevent you from refinancing those bonds when required. Further, limitations in the federal tax rules on advance refunding of bonds (an advance refunding of bonds occurs when tax-exempt bonds are refunded more than 90 days prior to the date on which those bonds may be retired) may restrict your ability to refund the bonds to take advantage of lower interest rates.

Reinvestment Risk

You may have proceeds of the bonds to invest prior to the time that you are able to spend those proceeds for the authorized purpose. Depending on market conditions, you may not be able to invest those proceeds at or near the rate of interest that you are paying on the bonds, which is referred to as “negative arbitrage”.

Tax Compliance Risk

The issuance of tax-exempt bonds is subject to a number of requirements under the United States Internal Revenue Code, as enforced by the Internal Revenue Service (IRS). You must take certain steps and make certain representations prior to the issuance of tax-exempt bonds. You also must covenant to take certain additional actions after issuance of the tax-exempt bonds. A breach of your representations or your failure to comply with certain tax-related covenants may cause the interest on the bonds to become taxable retroactively to the date of issuance of the bonds, which may result in an increase in the interest rate that you pay on the bonds or the mandatory redemption of the bonds. The IRS also may audit you or your bonds, in some cases on a random basis and in other cases targeted to specific types of bond issues or tax concerns. If the bonds are declared taxable, or if you are subject to audit, the market price of your bonds may be adversely affected. Further, your ability to issue other tax-exempt bonds also may be limited.

This description of tax compliance risks is not intended as legal advice and you should consult with your bond counsel regarding tax implications of issuing the bonds.

Capital Appreciation Bonds

The following is a general description of the financial characteristics of Capital Appreciation Bonds (CABs), as well as a general description of certain financial risks that you should consider before deciding whether to issue CABs. If you have any questions or concerns about these disclosures, please make those questions or concerns known immediately to us. In addition, you should consult with your financial and/or municipal, legal, accounting, tax and other advisors, as applicable, to the extent you deem appropriate.

Financial Characteristics

CABs accrete interest over the life of the bond and such interest is compounded semi-annually. Interest is not paid to the investor periodically. Instead, on each accretion date (the date when interest would normally be paid on a Current Interest Bond (CIB)) the interest is computed and then compounded, or essentially added to the principal (plus any initial premium). Therefore all of the interest that has accreted/compounded over the life of the bond, as well as the principal and any initial premium, are repaid at maturity. This can be contrasted with CIBs in which interest is typically paid out semi-annually and the principal is paid back at maturity.

Convertible CABs are a hybrid structure in which the bonds accrete interest while in CAB mode and then pay annual principal and semi-annual interest as a standard CIB after the conversion date. The interest and principal paid after the conversion date are based on the maturity value of the bonds instead of the original par value.

Financial Risk Considerations

Certain characteristics that may arise in connection with the issuance of CABs, including some or all of the following:

1. The rate of interest on a CAB is typically higher than that of a CIB of the same maturity date. Since investors do not receive interest payments until the maturity date, they require a higher interest rate to compensate for the loss of semi-annual interest payments.
2. The total debt service, or total principal, premium and interest paid, on a CAB will be more than that of a CIB of a corresponding maturity date. This is due to two reasons. First, the CAB interest rate is higher, which leads to more interest being paid. Second, since the accreted interest is compounded semi-annually, the issuer is effectively paying interest on interest.
3. Because no semi-annual interest payments are made on a CAB, the amount due at maturity can be large in comparison to the original amount borrowed. The longer the maturity date of the CAB, the greater the effect of the accreted/compounded interest will be and, consequently, the greater the maturity value of the CAB will be compared to a CIB.
4. CABs can be issued without an optional call provision which may limit the ability of the borrower to refinance.
5. If a CAB has an optional call provision, investors often seek a higher premium on the yield at the time of sale (reflecting the value of the call provision) than a comparable CIB.

The proportionate costs of issuance associated with selling CABs, as a percentage of the amount borrowed, may be greater on a CAB than on a comparable CIB. This is due to the fact that CABs generate less proceeds at issuance than a comparable CIB.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Anabolena DeGenna

Date of Meeting: November 4, 2020

Agenda Section: Section D: Action Items

Approval of SPSA's for 2020/21 School Year - School Plans for Student Achievement- 20 schools (DeGenna/Thomas)

The plans contain goals for academics, student social-emotional needs and safety and parent involvement. The goals are in alignment with the District's Local Control Accountability Plan (LCAP). The plans delineate the actions/services that are required for program implementation and serve as each site's guide in evaluating progress toward meeting goals. All actions/services are aligned to budget items that are clearly defined and support student achievement.

FISCAL IMPACT:

None

RECOMMENDATION:

It is the recommendation of Assistant Superintendent, Educational Services and the Director, Curriculum, Instruction and Accountability that the Board of Trustees approve the SPSA's for 2020/21 School Year, as presented.

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Brekke's vision statement - To be an exemplary school - is a reflection of our belief in "students first, all the time". At Brekke, we believe that all students can achieve at high levels and that maintaining high expectations, growth mindset, and positive behavior supports are essential keys to delivering an exceptional educational experience. Even though our current circumstances have made the delivery of instruction non conventional, we continue to strive towards being an exemplary school. California's Department of Education states that "Best First Instruction" is essential in order for students to acquire understanding, catch up, and keep up with progressive learning targets. To define this approach to teaching, Brekke has adopted the acronym G.I.F.T., which means Great Instruction the First Time with the expectation that all students will demonstrate grade-level proficiency in reading, writing and math. We intend to deliver the G.I.F.T to our students by providing professional development to support staff in identifying and delivering lessons using proven instructional strategies. School and District Administration will perform learning walks (class visitations) to validate, observe, and provide feedback to support implementation of the G.I.F.T.

Furthermore, through the use of a Depth and Complexity Model, and mindset practices, students are provided the broadest opportunity to access challenging curricula. We use the common core state standards to guide our academic focus. In every classroom, teachers and staff are able to provide students with the opportunities to think critically and creatively and to communicate and collaborate, which ultimately strengthens their 21st Century college and career readiness skills. Data analysis is used to improve instructional practices so that the rigor needed to push our students forward is evident in every classroom. In addition to our focus on strong first instruction, Brekke will continue to provide targeted intervention and enrichment through our multi-tiered system of supports (MTSS).

The Accelerated Reader program is used school wide to encourage students to read independently and reach individual reading goals. This program encourages students to pursue their own interests and fosters life-long readers. Lexia and ST Math are additional individualized and adaptive online intervention programs offered to students. In addition to skill practice, these programs provide students, parents, and teachers with valuable data regarding student fluency in math and language arts.

The district funded one Intervention Service Provider in the area of reading to help mitigate learning loss due to prolonged distance learning. Brekke has funded two additional Intervention Service providers to deliver additional support to our students helping them "catch up and keep up". One provider is designated to support reading and the other one is designated for math. Our Intervention Service Providers work directly with students, collaborate with teachers and serve as a valuable resource to all teachers in reading and math instruction.

Brekke is committed to increasing English language proficiency throughout our student population. We will continue to provide designated ELD using the ELD/ELA Standards. Extended learning opportunities for English Learners are available throughout the year and will focus on increasing the four domains of Language (Listening, Speaking, Reading and Writing) through the development of academic vocabulary, communication and critical thinking skills. This will be done in a variety of contexts such as virtual book clubs, writing and speech contest.

During PLC's grade levels work together to analyze data and to plan lessons and interventions. This time also allows the staff to meet regarding the implementation of the Common Core standards and focus on our District adopted curricula in all academic areas. This year as we meet virtually, Brekke continues to incorporate a Positive Behavior Intervention Support Approach called CHAMPS. This approach structures the interactions among students and staff to ensure mutual respect and

accelerate academic success. CHAMPS defines an instructional model that promotes academic focus and positive engagement called S.T.O.I.C. (Structure Setting, Teach Expectations, Observe Behaviors, Interact Positively, Correct Fluently). With CHAMPS, we are focused on building resilience and a growth mindset with our students and encouraging them to reach their goals. Parent meetings and workshops are also planned to share information on CHAMPS, distance learning procedures and practices, teaching strategies that build resiliency in their children, and in creating a growth mindset.

We encourage all family members to take a positive and active part in our children's learning. We have an active PTA, School Site Council and ELAC team. We will be providing opportunities for our parents to learn technology and the district adopted programs to better assist their children in online learning.

As a staff, we are committed to being an exemplary school by putting proven systems in place to help our students become confident and resilient life-long learners. We strive to promote a school culture wherein our core values of Equity, Integrity, Accountability and Service are evident in our every action; thus, effectively meeting the requirements of the Every Student Succeeds Act (ESSA).

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Weekly informal classroom observations helped determine there is an inconsistent use of effective online teaching strategies across all grade levels in both Language Arts and Math. Therefore, an area for growth will be to consistently use engaging, interactive teaching strategies to instruct students in the Common Core in all grade levels. In addition, we will continue working towards the increase use of effective teaching strategies, such as planning for and monitoring student engagement and provide regular opportunities for student collaboration across all curricular areas.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

We use summative and formative data in order to understand the academic needs of our students. We work collaboratively, using the PLC model to construct a collective understanding of our how our professional practice is impacting student learning. CAASPP and ELPAC scores are used to identify trends and areas of strength in student academic achievement. Based on this data, we construct a school-wide plan that aligns our resources and provide interventions and enrichment opportunities for all our students. As a staff, this data also informs how we utilize our budget to support professional development and provide supplemental materials and programs to boost student achievement. STAR 360 Assessments, data from Lexia, ST Math and the CAASPP Interim Assessment Blocks (IABs) are used systematically as formative assessments. Formative data is used to plan ongoing instruction, monitor student progress, group students, and implement MTSS structures to support high levels of student learning. Additionally, formative data is used during our weekly PLC collaboration time to ensure our PLC discussions consistently focus on academic student growth.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

PLC Grade level teams meet once a week to monitor student progress using a variety of assessments including the curriculum embedded assessments, such as Wonders and My Math. Teachers use the results of these assessments to inform their instruction, identify students in need of further review or intervention, and group students for differentiated instruction in ELD, Math or ELA instruction. During PLCs, teachers review the varied assessments available to determine the level of rigor presented within the assessment and the Depth of Knowledge students would need to convey their learning. This helps teachers ensure the assessments are aligned to the instruction.

Additionally, we monitor all student reading and math progress throughout the year via monthly STAR 360 assessments. The Principal leads student monitoring conferences with individual teachers three times per year. During these meetings, the teacher has an opportunity to review academic data gathered and individual student concerns with the Principal. Together they identify key standards needed to be addressed during whole class instruction and small group intervention. Students who have been identified as needing additional support and are not making expected growth after receiving additional in-class interventions will be referred to the Intervention Service Providers and/or the SST process.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors who provide support for Curriculum, Instruction, Biliteracy Programs, English Learner Services, Special Education and Pupil Services. An Instructional Specialist for science and a Math Manager work directly with teachers to support instruction in Science and Math. Site Principals function as instructional leaders.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Our school has participated in CA Principals Network (CAPS), which is accredited through UC Davis. This program offers Principals and Teacher Leader teams professional development to learn the specific structures and protocols that characterize effective PLCs conducive to high student achievement. We are putting a pause on the trainings offered by this program, but continue to implement the structures of effective PLC's. Grade level leads work with their grade level teams to implement these PLC structures.

Our PLCs are structured around the four essential questions: 1) What do we want students to know? 2) How do we know that they have learned it? 3) What will we do if they haven't? 4) What will we do if they have?

Our PLCs meet weekly to identify learning targets, develop and agree upon common assessments, analyze data, and create a plan to ensure all students learn at high levels. In addition to weekly grade level collaboration, we also engage in vertical teaming to align and define the essential standards that build the learning progression within each academic discipline.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

At Brekke, we use the MTSS Model to help our under performing students meet grade level standards. This MTSS Model includes three tiers of interventions; Tier I, Tier II, and Tier III. During regular student monitoring by teacher and grade level collaboration, students that are not achieving as expected are initially provided interventions within the classroom by the teacher as part of Tier I interventions. These interventions typically last 4-8 weeks and are specific to the student needs. Student progress is monitored and teachers adjust the interventions accordingly to ensure students reach the expected goals. When the interventions are not working, students are referred to the Coordinated Services Team (CST) for another 4-8 weeks of interventions, which can involve the Intervention Service Provider or school counselor. Students that are not meeting expectations from Tier II interventions, are referred to the Student Success Team (SST), which involves the parents as partners in the education of their children. Students are referred to Tier III interventions and continue to be closely monitored. Those that are still not demonstrating adequate progress, may be referred to for a Special Education Evaluation. This process can involve school specialists such as the Psychologist, Resource Teacher, Speech Therapist, Occupational Therapist, and/or Nurse.

Evidence-based educational practices to raise student achievement

Teachers will consistently use evidence-based educational practices as part of first good instruction to raise student achievement. These practices may include, but are not limited to; having a clear focus/purpose for the lesson, effectively communicating it to students, providing opportunities for student engagement with content, monitor and checking for understanding, and providing corrective feedback.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

At Brekke, we believe in forming strong partnerships with parents and the community as they are essential to assist underachieving students. Therefore, our school provides many opportunities throughout the year to involve our parents. We invite parents to attend Virtual Family Nights that focus on technology use, Literacy, Science and Math to raise understanding and awareness of the grade level expectations. We invite parents to attend virtual Parent-Teacher conferences to review student achievement data. For students who have been identified as significantly below grade level or in need of an Individualized Education Plan, SST and IEP meetings are held to review progress toward meeting the expected goals.

We also provide weekly Dolphin Pride Award Awards in which we recognize students for a variety of reasons and invite parents and students to come to the front of the school to be recognized and pick an incentive. We encourage parents to become active members of our ELAC, SSC and PTA. Additionally, we invite parents to attend parent training, such as Project to Inspire and Loving Solutions. The counselor will also provide seminars on topics of interest during parent events.

Furthermore, parents enjoy participating in the PTA community building activities, such as drive thru dinner nights and virtual game nights. The PTA conducts fundraising opportunities and funds are used to provide incentives for the students and items to promote a positive and engaging culture at Brekke.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

We feel fortunate to have strong parent involvement at Brekke and we will continue to foster this partnership through 2020-2021 school year. Involvement of parents, community representatives, classroom teachers, and other personnel is vital in assisting in planning, implementing and evaluating programs at Brekke. Parent governance teams such as the School Site Council, English Learner Advisory Committee and Parent Teacher Association are elected by other parents on an annual basis. Parent governance teams, teachers and other personnel provide input for the development of goals and fiscal decisions necessary to meet those goals within the School Plan for Student Achievement (SPSA). Throughout the year, the various parent governance teams and staff members monitor the implementation and progress toward meeting the SPSA goals and revise the plan as necessary.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Categorical funds were used to support small group interventions and programs for differentiation in instruction to meet the needs of under performing students. The funds were also used to support the continued development of our PBIS approach, which supports all students in their behavioral and academic progress.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered “schoolwide.” Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Once student achievement data is made available, the Site Leadership Team meets to analyze the data to determine students' academic and social/emotional/behavioral needs. Data is shared with and input is elicited from ELAC, PTA and school staff. The School Site Council then analyzes the data, takes recommendations from the other stakeholder groups and aligns the agreed upon actions with the budget.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

According to the 2019-2020 SPSA, LCFF funds were allocated to provide substitutes for peer observations, student monitoring conferences, and professional development. Due to a shortage of substitutes on some of the scheduled dates, we were unable to perform the activity. Another inequity from the 2019-2020 school year involved the funds designated for after-school professional development provided by the site math and tech mentors. This inequity was due to teachers not taking advantage of these professional development opportunities.

| Grade 4 | 105 | 103 | 94 |
| Grade 5 | 106 | 103 | 106 |
| Total Enrollment | 601 | 608 | 615 |

Conclusions based on this data:

Our current enrollment shows we have 35 fewer students to start the 2020-2021 school year than we had in 2019-2020. This could be in part due to the difficulties with distance learning or a result of the larger trend we see in our city. Based on 2020-2021 enrollment data and subgroup percentages there are no significant changes from prior year trends. The largest subgroup at Brekke is Hispanic/Latino followed by Filipino. We look at the data from all subgroups to make sure the needs of each subgroup is being met with equitable practices.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

| English Learner (EL) Enrollment | | | | | | |

| Fluent English Proficient (FEP) | | | 74 | | | 12.0% |
| Reclassified Fluent English Proficient (RFEP) | | | 50 | 16% | 22% | 24.5% |

Conclusions based on this data:

Brekke had an increase in percent of students that were reclassified between 2017-2018 and 2018-2019. We increased from 16% to 22% respectively. The ELPAC was not administered in the spring of 2020 but based on the data we have, we need to continue to provide daily designated and integrated ELD instruction to our students. During distance learning, all students in TK-5th grade will receive 20 minutes of Designated ELD daily. English Learners will be clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade level subject matter.

Conclusions based on this data:

In language arts, all grade levels increased their percentage of students who met or exceeded benchmark from 2017-2018 school year to 2018-2019 school year. In reviewing our claims from the 2018-2019 CAASPP results, we see that the majority of students are achieving at the Near Standard level in each area. The claim with the least percentage of students achieving at the Above Standard level is claim 2 (writing). The CAASPP was not administered in the spring of 2020 but the formative data we have shows we need to continue to focus on writing. As a result, writing instruction in all academic areas will be the area of focus in the upcoming year.

Conclusions based on this data:

Overall our mathematics scores are significantly lower than our language arts scores. In math, 3rd and 5th grade had significant growth in the percentage of students who met or exceeded benchmark from 2017-2018 school year to 2018-2019 school year and 4th grade had a drop. In reviewing our claims from the 2018-2019 CAASPP results, we see that the percent of students at the Above Standard level are the low in all claims. Additionally, claim 1 (applying concepts and procedures) had the largest percentage of students at the below standard level. The CAASPP was not administered in 2020 but the formative data indicated Brekke was making gains but we need to continue to have math as an area of focus school-wide. We will be utilizing one Intervention Service Provider to support math intervention and enrichment.

Conclusions based on this data:

The ELPAC was not taken in 2019-2020 school year so the data shown is from the last testing period. Based on that data we have, we need to continue to provide daily designated and integrated ELD instruction to our students. The data from the reading and writing domains indicate a larger percentage of our students need additional instruction and intervention. During distance learning, all students in TK-5th grade will receive 20 minutes of Designated ELD daily. English Learners will be clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade level subject matter.

| Hispanic | 506 | 84.3 |
| Two or More Races | 4 | 0.7 |
| Pacific Islander | 1 | 0.2 |
| White | 22 | 3.7 |

Conclusions based on this data:

Based on this data, we can conclude that Brekke has a large percentage of students who are socioeconomically disadvantaged. Brekke will continue to provide equitable opportunities for this population to ensure their academic and socio-emotional needs are met. We must ensure our families continue to have access to a variety of wrap-around services. We can also conclude that with our English Learners being the second largest sub group will continue to be provided designated and integrated ELD to ensure language acquisition and increase our reclassification rate.

2019 Fall Dashboard Overall Performance for All Students

| Academic Performance | Academic Engagement | Conditions & Climate |
|---|---|--|
| English Language Arts  Yellow | Chronic Absenteeism  Orange | Suspension Rate  Green |
| Mathematics  Yellow | | |

Conclusions based on this data:

Based on the CA Dashboard, Brekke had a significant increase on both English Language Arts and Mathematics from 2018 to 2019. From the formative data we studied, we believe Brekke would have continued to increase in both English Language Arts and Math on the 2020 summative assessments had they taken place. We will continue to focus on improving student achievement in ELA and Math by maintaining our goal of delivering "Best First Instruction". We will look at data on a regular basis to drive instruction and dictate our intervention needs. As we start our 2020-2021 school year we will continue to monitor student daily attendance, continue our PBIS approach in promoting positive interactions and behaviors, provide incentives for both attendance and behavior, and provide corrective measures to reduce the need for disciplinary action. Our suspension rate for 2019-2020 was under 0.5% and our goal is to continue staying under that mark.

Conclusions based on this data:

Based on our projection of moving from yellow to green on the California Dashboard for ELA, we will continue with our effective strategies and add more structures, interventions, and enrichment to continue growth in academic achievement. In our weekly PLC's we will continue to focus on the four essential questions of: What do we want students to know?, How will we know they learned it?, How will we support students that have not learned it?, and How will we support students that have learned it? We will allow data to drive the instructions and dictate the interventions we provide.

Conclusions based on this data:

Based on our projection of moving from orange to yellow on our California Dashboard for Math, we will continue with our planned activities. Additionally we will add activities that build on our collective strengths to promote higher levels of academic achievement. In our weekly PLC's we will continue to focus on the four essential questions of: What do we want students to know?, How will we know they learned it?, How will we support students that have not learned it?, and How will we support students that have learned it? We will allow data to drive the instructions and dictate the interventions we provide. We will utilize the service of one Intervention Service Provider to support the necessary interventions in math.

Conclusions based on this data:

Based on our projection, there will be a discrepancy between the performance level of English Learners as compared to English proficient students. Therefore, teachers will continue to provide both Integrated and Designated ELD to increase English Learner proficiency. During distance learning, all English Learners will receive 20 minutes of designated English language development. English Learners will be clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade level subject matter.

Conclusions based on this data:

Based on 2019 Dashboard Chronic Absenteeism data for All students, including Brekke's significant subgroups representing Socioeconomically Disadvantaged and Students with Disabilities' have increased. We recognize that in our time of distance learning attendance is challenging for some of our populations. We will frequently monitor and put programs in place to address students' and family's challenges, especially those in English Learner Subgroup, to attend school daily. School staff, including the Outreach Coordinator, School Counselor, Attendance Tech, and Principal, will meet regularly to monitor student attendance, identify students at-risk of being identified as chronically absent, and develop and implement appropriate and meaningful supports, services, and incentives to increase students' positive attendance. School staff will provide support to families and will recommend and/or refer students or parents to Ventura County-based social services, counseling, or other community-based services or programs with the intention of offering families support to address barriers which negatively impact student attendance.

2019 Fall Dashboard Suspension Rate by Year

| 2017 | 2018 | 2019 |
|------|------|------|
| | 0.8 | 0.9 |

Conclusions based on this data:

We had a slight increase in the suspension rate from 2018 (0.8%) to 2019 (0.82%), this is not significant. Brekke's suspension rate from 2019-2020 dropped to 0.49% which is well below the district average. Our work in our PBIS implementation and the supports of the counselor and Outreach Specialist all contributed to this reduction in suspensions. We will continue to move forward in these positive strategies and make it our goal of maintaining a suspension rate of lower than 0.5%.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Provide grade levels with the necessary support to deliver the G.I.F.T. (Great Instruction the First Time), which includes time to plan research based instructional practices that are most effective. In addition, school administrator will ensure clear expectations by providing a rubric of the G.I.F.T. and performing learning walks (classroom visits) to observe and provide feedback to support instruction.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Provide opportunities for collaboration focused on discussing data, reflecting on teacher practices, and ensuring students are learning. The leadership team will meet to discuss, plan and develop support for teachers and students with implementation of the focus strand, and adopted ELA, ELD, and math curricula. Provide time for grade level and vertical teams to plan first instruction, analyze data, monitor student progress towards mastering ELA, Math, and ELD standards, discuss common assessments, and intervention and enrichment opportunities during scheduled PLC meetings.

Proposed Expenditures for this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All Students

Strategy/Activity

Teachers will be provided the opportunity to attend professional development offered by the District and county so that they can continue to enhance and deepen student learning through incorporating our Strand Focus of Science and Inquiry. Grade levels will continue the development and implementation of the Science and Inquiry Strand Focus and units of study.

Proposed Expenditures for this Strategy/Activity

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The effectiveness of strategies/activities based on measurable outcomes showed they were mostly successful. All grade levels increased in math and ELA achievement based on STAR 360 reports up through the December 2019 testing. On the 2019 CAASPP Test, 3rd grade exceeded their math and ELA goals to increase student achievement by 15% in ELA and 22% in math. 4th grade increased by 1% in ELA and decreased 7% in Math. 5th grade increased 8% in ELA and 16% in math. Most grade levels met their goal and others made progress towards goals in both STAR 360 Reading and Math assessments. Overall our activities and strategies were effective, especially in the area of ELA. In analyzing the performance assessments of our English Learner Subgroup, we have identified there is a discrepancy in achievement between English Learners and English Proficient students. This could be attributed to insufficient use of differentiation during instruction as well as insufficient implementation of EL instructional strategies.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Money was allocated to purchase software apps to support our academic goals; however, many of the apps were underutilized. As a result, data regarding the effectiveness of the use of these apps was invalid. In addition, the investment did not produce the academic boost in achievement that was intended.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As a district, we developed criteria for choosing apps to support student learning by grade level. We cut apps that were underutilized or inappropriate for specific grade levels (ie. BrainPop, IXL ELA for K-1). We prioritized preferred apps by grade level, compared them to school-wide needs, and purchased accordingly. We are also providing new opportunities for English Learner academic development, which include after-school tutoring and enrichment in the writing domain. We are also providing professional development in language acquisition strategies, writing, ELA, math mindset, and NGSS.

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|------------------|--|---|
| Attendance Rate | <p>Average school wide yearly attendance was 94.65% for the 2019-2020 school year while we were in session from August-March. Distance learning began after that. EOY Average attendance per grade level for the time we were in physical session was:</p> <p>TK 93.7% K 93.4% 1st 92.4% 2nd 95.3% 3rd 95.7% 4th 95.6% 5th 95.8%</p> | <p>Achieve an annual average attendance rate of 97% percent or higher in each grade level. Our overall goal is for our school-wide attendance to increase by 2.4 %.</p> |
| Suspension Data | <p>Suspension rate for the year 2019-2020 school year was 0.49%.</p> | <p>Maintain suspension rate to 0.5% or less</p> |

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|------------------|---|---|
| Panorama Survey | <p>Brekke students in 3rd-5th grade took the Panorama Survey twice during the 2019-2020 school year. The first survey was administered in March 2020 on campus and the second survey was administered in June 2020 in virtual setting during distance learning. The survey provided us with baseline data in the areas of student SEL competencies and learning supports/environments. Our overall rating in the 2019-2020 school year was 82% favorable, which is in the excellent range of 80% or more. The favorable ratings by SEL topic were:</p> <p>Growth Mindset- 70% Good Self-Management- 70% Good Social Awareness- 58% Fair Emotion Regulation- 53% Fair Teacher Student Relationships- 77% Good Sense of Belonging- 75% Good</p> <p>This school year our TK-2nd grade students will have SEL data entered in Panorama. The 2020-2021 school year will give us baseline data for these grade levels.</p> | <p>To increase the overall percent favorable to 90%, which is an increase of 8%.</p> <p>To increase Growth Mindset, Self- Management, Teacher Student Relationships, and Sense of Belonging by 10%. This will positively impact our ratings moving us from good to excellent.</p> <p>To increase the Social Awareness and Emotion Regulation by 15%. This will move our % favorable rating from the fair to good range.</p> |
| Office Referrals | <p>Based on the data from the 2018-2019 school year, there were 208 office referrals. The referrals from the top two incident types were as follows:</p> <ul style="list-style-type: none"> Caused/threatened/attempted physical harm 114, which is a decrease from 137 the previous year. | <p>To decrease the of total referrals based on the number of students enrolled by 10%.</p> <p>To decrease the number of referrals for disruption and defiance by 7%.</p> |

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Brekke school received the platinum level recognition from the California Coalition of PBIS for our efforts in providing Positive Behavior Interventions and Supports to our students. This indicates that the implementation of targeted activities were successful in creating a positive school climate. Brekke also received the Community Cares Award for outstanding support and care during the 2019 COVID pandemic. Brekke students in 3rd-5th grade took the panorama survey twice in the 2019-2020 school year; once during the regular school year and once during distance learning. This provided baseline data for student Social Emotional Learning (SEL) competencies and for learning supports/environment. Our overall rating was 82% favorable, which is in the excellent range. The SEL topics that showed an increase during distance learning were student teacher relationships, sense of belonging and emotional regulation. This indicates the implementation of activities focused on connecting students to school and building SEL skills had a positive impact on our students.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The funds which were budgeted for attendance activities was sufficient to cover the planned activities; however not all the activities took place consistently, therefore we had an excess in funds. Our attendance rate was not positively impacted, due to the fact that the attendance activities were focused on student behavior and not on parent awareness.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Activities will be revised and added to increase attendance awareness for parents. Attendance incentives will be purchased throughout the year for individual students and classes that meet attendance goals. To ensure our goal to increase our daily attendance we will be implementing monitoring protocols on a monthly basis.

Goals, Strategies, & Proposed Expenditures

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
 To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|--|--|---|
| Home/School Communication | According to the 2018-2019 California Healthy Kids Survey 81% of parent strongly agree or agree that the school keeps them well informed about school activities (district elementary school average is 90%). This data may not be valid or reliable as we only had 26 respondents participate in the survey. The survey was not taken in the 2019-2020 school year. | Increase the number of participants by 25% to ensure the data is valid and reliable to use as a baseline. Increase the percentage of parents that feel the school keeps them well informed about school activities to equal the district elementary school average of 90%. |
| Percentage of parents that feel welcomed and respected when visiting our school. | According to the 2018-2019 California School Parent Survey, 77% of parents felt welcome to participate at the school and 73% of parents felt they were treated with respect. The participation size was low, which may affect the validity of this data. This survey was not | Increase the number of participants by 25% to ensure the data is valid and reliable and use the data as a baseline. |

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Sign-in sheets indicated that parent attendance did not reflect high levels of interest in parent educational topics. However, parent attendance at grade level and school-wide showcases of learning events was high. We conclude that parents are more interested in seeing the production

of student learning than in educational opportunities that build parental efficacy. Parent involvement is a high priority at our school. In order to increase parent involvement in our parental programs we will need to understand more deeply what our parents are interested in learning by conducting a needs assessment survey and make a clearer connection between their involvement and student achievement at Brekke.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated for teachers and parents to attend the CAFE conference and although it was offered there was no interest in attending.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Parent involvement is a high priority at our school. In order to increase parent involvement in our parental programs we will need to understand more deeply what our parents are interested in learning by conducting a needs assessment survey and make a clearer connection between their involvement and student achievement at Brekke. In addition we will be more consistent with the use of technology tools available to communicate and inform our parents.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

| Name of Members | Role |
|-----------------------------|----------------------------|
| Tammy R. Smith | Principal |
| Ashleigh Arias | Other School Staff |
| Traci Martinez | Classroom Teacher |
| Patricia Hernandez-Einstein | Classroom Teacher |
| Terry Lopez | Classroom Teacher |
| Leticia Trejo | Parent or Community Member |
| Claudia Hernandez | Parent or Community Member |
| Esperanza Barragan | Parent or Community Member |
| Lupita Avila | Parent or Community Member |
| Yolanda Melano | Parent or Community Member |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

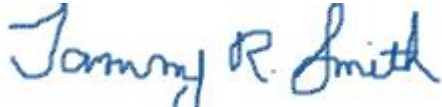

| Signature | Committee or Advisory Group Name |
|---|------------------------------------|
|  | School Site Council |
|  | English Learner Advisory Committee |

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on October 16, 2019.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Cesar E. Chavez School is an kindergarten through eighth grade school where we believe every student can succeed. This year students started the year using their district issued iPad through distance learning where they are learning via synchronous, asynchronous, and independent time. Although the daily Zoom classes and distance learning obstacles remain, we continue to keep the bar high and provide rigorous instruction. Chavez School will meet the Every Student Succeeds Act (ESSA) requirements by; building a strong PLC community amongst staff with a focus on The Cycle of Inquiry, following the MTSS pyramid with fidelity, growing our DLI program that's in its 7th year, establishing a PBIS team focused on providing a safe and positive environment, connecting our academy strand (CALCAT) to learning, and actively involving all stakeholders to help create and monitor goals.

Low test scores have been a motivation for staff to rethink systems, analyze best strategies, and for how data is analyzed. The staff at Chavez is working weekly to build strong Professional Learning Communities (PLC's) and collaborating with grade level and vertical teams to improve student learning. The foundation of all PLC meetings will focus on at least one of DuFour's critical questions for a PLC; (1) What do we expect our students to learn? (2) How will we know they are learning? (3) How will we respond when they don't learn? (4) How will we respond if they already know it? PLC's will use these questions to revisit first instruction practices, establish a school-wide focus on writing, create standards based lessons using evidence based practices, and analyze data to drive instruction while implementing interventions. In addition, the Cycle of Inquiry is enabling teachers to analyze evidence, determine a focus, implement supports, and analyze impact. General Education teachers will team up with Special Education teachers, paraeducators, and ISP's to provide daily targeted interventions to subgroups such as EL's and students with disabilities. The leadership team will facilitate this work in their PLC's.

In addition to a strong PLC system, Chavez staff implements a multi-tiered system of support (MTSS) for students with targeted interventions. Extended learning opportunities for students include remediation and enrichment opportunities for students. Based on data analysis, students will be provided with extended learning opportunities as scaffolded by the MTSS tiers. Analysis of formative data and continued progress monitoring will provide key information to teachers to place students in correct interventions. Student monitoring meetings with grade level teams and administration will provide an additional structure for data analysis. The staff has a process for students at Tier I – Level Intervention where students are identified through the Coordination of Services Team (CST) and Student Success Team (SST). Tier II and Tier III level intervention services are provided by teachers during Universal Access, English Language Development, Intervention Support Providers in small group settings, and K-1 Para educators within a small group setting.

Our DLI program is now in it's 7th year with DLI students in grades K-6. All classes in kindergarten, first, and second grade are DLI classes and teachers are using designed, content-based units. Teachers in all DLI classes will continue to make connections between the languages for students to ensure language proficiency, support academic vocabulary, and foster oracy. In addition, monthly DLI meetings using the PLC model, support instructional strategies aligned to the Common Core State Standards in both English and Spanish.

Creating a safe, positive environment for our students has been the focus of our Positive Behavioral Interventions and Supports (PBIS) team. Our PBIS team has been working with staff and students on building common expectations and guidelines for success using an Eagle-themed "SOAR" acronym; show Self control, have an Optimistic attitude, Ask questions and participate in the learning, and React with resilience and persistence. Based on the guidelines we intend to reward students who are meeting expectations and hold students accountable who are not. In addition, the PBIS team is creating clear recess, cafeteria, and hallway expectations through videos, assemblies, and class visits. The PBIS team meets monthly with a vision to build strong relationships with students to create a safe, positive environment for all.

Students in middle school are engaged in electives connected to our academy strand, CALCAT, "Chavez Academy of Literacy, Communication Arts, and Technology." We offer electives that include; AVID, Math Concepts thru Art, Technology thru Science, Science Technology Engineering Mathematics (STEM), Geography, Study Skills, and Environmental science. Some electives focus on a trait of CALCAT. In addition, grade-levels are hosting an annual celebration of learning for families to view student work that focuses on an aspect of the CALCAT.

All stakeholders must work together to support students. Valuing the belief that “it takes a village to raise a child,” we are committed to working with parents and families to improve student learning through English Language Advisory Committee (ELAC), School Site Council (SSC), Parent Teacher Association (PTA), and Coffee with the Principal. Multiple parent education and involvement activities are planned for families such as Celebration of Learning Night, Successful Transition to High School, and Success in Middle School. All event information is communicated through the Chavez website, Twitter, Facebook, BlackBoard Connect call outs, PeachJar, and EdConnect text messages. We plan to increase our parent education training which will include; Triple P sessions, MICOP Mommy and Me classes, Healthy Living by VCBH and how to navigate and access the different technology platforms to maximize their students learning. Parent involvement and the groups plan an active role in developing and monitoring school goals and ensuring student success.

“It’s always a great day to be an Eagle” defines our school community (teachers, staff, parents, families, and students) and how we are positively moving forward together to increase academic achievement and close the achievement gap.

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Consistent classroom observations were conducted on a monthly basis providing feedback on the use of Common Core State Standards in Reading and Writing. English Language Development and use of Mathematical Mindset was another focus to improve student engagement and academic growth. The data analysis conducted during teacher collaborations indicated that more time for teacher collaboration with a focus on first instruction is necessary. Principal walkthroughs of all classrooms conducted throughout the year indicated a need to elevate student speaking and listening to a higher level of Depth of Knowledge and Rigor. Learning Walks in the Dual Language Program with teachers and principal indicated that scaffolds in writing need to be removed by the end of the school year and everyone needs to know the Writing standards per grade level. The DLI learning walks also indicated that Oracy was a priority and next step is to develop the use of Academic Vocabulary within Core Content.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Through data analyses from formative, STAR 360 in Mathematics and Language Arts, Curriculum Assessments, Writing IAB's, and summative assessments, CAASPP in Mathematics and Language Art, ELPAC for English Learners, during the school year, teachers identify students in need of intervention and modify instruction based on Common Core State Standards in order to improve student achievement and academic growth.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

The school has been working on a school wide writing program, increasing vertical and grade level data analysis collaboration and focus on Common Core State Standards, Claims and Targets last year. In order to monitor student progress with purpose of increasing student achievement, teachers will use the STAR 360 assessments scores 4 times this year along with other assessment measures during their Professional Learning Community Collaboration time and will focus on planning first instruction concentrating on Writing Standards in all Content Areas, Reading in English Language Arts and Concepts and Procedures in Mathematics.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors who provide support for Curriculum, Instruction, Biliteracy Programs, English Learner Services, Special Education and Pupil Services. Instructional Specialists work directly with teachers to support instruction in Science and Math. An Instructional Specialist for science and a Math manager work directly with teachers to support instruction in Science and Math. Additionally, The DLI (Dual Language Immersion) Director provides professional development for teachers and works with the principal to support biliteracy instruction. Site administration functions as instructional leaders.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers will be participating in multiple collaboration meetings both in grade level and vertical teaming with specific focus on Writing, English Language Arts, Mathematics, and Dual Language Instruction. Professional Learning Teams are to focus on the 4 Essential questions: 1. What do we want students to learn or be able to do? (what are the goals and expectations for student learning) 2. How will we know they have learned it? (Giving common assessments and analyzing the results) 3. How will we respond when they don't learn? (Identify the students who didn't learn and the interventions that will be needed) 4. How will we respond if they do? (identify the students that did and identify what enrichment, extended learning or project based learning will be needed/provided).

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes including during this time of Distance Learning.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Teachers are provided multiple opportunities to meet in Professional Learning Communities to focus on analyzing first instruction, assessment data and reflect on their own practices with intention of planning and adjusting lessons for student scaffolds and instruction concentrating on Claims they have determined as focus. Counselor, ORC, Special Education, Paraeducators, ISP's, and Reading Specialist are providing daily interventionist in academics and social emotional needs of students.

Evidence-based educational practices to raise student achievement

Teachers are involved in grade level and vertical teaming collaboration to analyze student data in developing first instruction based on Common Core State Standards, using evidence based educational practices that increase student achievement by using Rigorous Depths of Knowledge, providing immediate and specific feedback to students on instruction and assessments, differentiating for their students, focusing on Writing Standards, and teacher belief that all students can progress, show growth in all academic areas and achieve success in school that will lead them to future success in college and career.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

At Chavez, we are planning to increase our parent grade level activities by involving our teachers. They will have Reading and Math nights for families at their different grade levels. We also plan on increasing our Parent Education training, which will include Canvas training for parents to learn to navigate the system to monitor their child's progress, Triple P sessions, MICOP Mommy and Me classes and Healthy Living by VCPH. We will also have other activities for parents to be involved at our school, such as Grade Level Field Trips. Parents will be encouraged to volunteer in the classroom and in school activities when it is safe to do so. Parents will also be encouraged to become involved in parent site groups such as School Site Council, Parent Teacher Association (PTA), and the English Advisory Committee (ELAC), which are being held via Zoom during this pandemic. These parent groups play an active role in developing and monitoring school goals.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Parent involvement is a priority at our school. Multiple parent education and involvement activities have been planned for families. All events have been scheduled in the master calendar and communicated to all stakeholders through School Website, Phone calls, PeachJar, email and a shared on bulletin boards and parent meetings. Parent representation is maintained in the Student Success Team meetings, English Language Advisory Committee meetings and Parent Teacher Association meetings to assist in supporting the success of students in school.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Funding will support evidence based first instruction, interventions, and Common Core California State Standards for student achievement through teacher collaboration. Kindergarten and second grade Paraprofessionals, Intervention Support Specialists for both K-5 and in Middle School will provide intervention supports within the school day. School Counselor, Outreach Specialist and Teachers will collaborate and develop plans to service Special Populations Student Groups.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The school consulted with parents from SSC, ELAC and PTA, with teachers during Leadership meetings, staff meetings and grade level meetings as part of the planning process for this SPSA/Annual Review and Update during the last school year 2019-2020 and the beginning of the current school year 2020-2021.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

The teachers conducted a needs assessment and identified two areas: time for collaboration, intervention supports for students in K-2 and middle school interventions. It was decided to fund an additional Intervention Support Provider and 4 paraprofessionals to support small group instruction.

Conclusions based on this data:

Conclusions based on this data: OSD district data has declined over the past two years and Chavez has followed the pattern. School enrollment is composed of 98% Latino/Hispanic school wide. Additionally, we are currently transitioning to a full Dual Language Immersion (DLI) school with a focus on biliteracy. In grades K-2, all students are enrolled in the DLI program. In 2nd-8th grades, we have students enrolled in the DLI program and Sheltered English Immersion classes. As the DLI program moves up the grades every year, our enrollment will continue to decline slightly as the class size in K-2 is smaller and students are not added to the program in the upper grades. Unfortunately, declining enrollment means a decrease in funds.

| Reclassified Fluent English Proficient (RFEP) | | | 111 | | | 20.7% |

Conclusions based on this data:

Conclusions based on data: Chavez has remained in the 60% range of English Learners for the past 2 years. Over the past 2 years our reclassification rate has increased. Middle school students who remain classified as English Learners (Long-Term English Learners, LTELs) will require more targeted support and interventions to meet reclassification criteria. Students in the primary grades in the DLI program will focus on the foundational skills of reading, writing, and oracy. In addition, the school-wide focus on writing across the curriculum will benefit EL's. Additionally, a focus on writing will set the foundation to develop solid reading and critical thinking skills. Recognizing the large number of EL's at Chavez and the need to reclassify, we have made a priority to fund programs to ensure academic growth for English Learners.

Conclusions based on this data:

As CAASPP Assessments were cancelled last year, there is no new data to be analyzed. We will continue to impact change from 2018-2019 results. The percentage of students at the Not Met level has decreased since 2016-17 in all but 2 grades. Mean scale score has increased in all but one grade. The percentage of students below standard in each of the claims has also consistently decreased in most grade levels. Although we have made steady growth, the increases have not been significant in most areas. Students in grades four and five have consistently made large gains the last three years. Effective strategies in these grade levels will be identified and shared. The Reading claim has the most students "At or Above Standard" and has made gains overall over the last 3 years. This is a positive reflection of the work being done in grades K-2 to build strong foundational reading skills and the focus school-wide on reading AR daily for our students. The focus moving forward is to continue this growth and continue building upon the foundation. In all of the claims, there is a growing percentage of students in the "At

or Near Standard” level and we have put systems in place to improve student achievement and growth in all these areas.

Conclusions based on this data:

As CAASPP Assessments were cancelled last year, there is no new data to be analyzed. We will continue to impact change from 2018-2019 results. The percentage of students at the Not Met Level has decreased since 2016-17 in all but 2 grades. Mean scale score has increased in all but 2 grades. Although still significant, trends show that the percentage of students below standard in each of the claims had declined. Grade 4 made significant increases at levels “At or Near Standard” and “Above standard” in all claims. Effective strategies by fourth grade teachers will be identified and shared. The percentage of students at the met/exceeded level frequently shows no growth and, in some cases, a decline in the middle grades. Math continues to be an area of focus. Teachers are focusing on math problem solving strategies and writing in the math curriculum. Teachers are using student data to provide targeted intervention and using Jo Boaler strategies for students so that gaps in learning are decreased.

Conclusions based on this data:

Due to the fact that ELPAC testing was cancelled for 2019-20 school year due to Covid-19, there is no new data is available at this time. However, the data for the 2018-19 school year indicates that the Writing Domain is the lowest scoring with 6.48% of all ELs scoring at Level 4. Additionally, grades 3 and 8 both had 0.0% of the students scoring at Level 4. Because of this, our school will focus on writing across the all grades and curricular areas.

This is the total number of students enrolled.

This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.

This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.

This is the percent of students whose well-being is the responsibility of a court.

| White | 11 | 1.2 |

Conclusions based on this data:

If trends continue, our enrollment for this year will show a slight decline, but the EL and SED percentages should remain consistent with the past. Our focus on strong first instruction, targeted interventions based on data, and providing wrap around services focusing on the whole child will continue to support EL and SED students as well as foster youth, homeless, and students with disabilities. The percentage of students with disabilities has consistently increased over the past few years. Having high numbers of ELs in our school means we need to target our instruction with them in mind and monitor their progress to ensure they continue increasing in their acquisition of language. To ensure that this happens, teachers will ensure that both Designated and Integrated ELD are provided.

Conclusions based on this data:

Conclusions: As a K-8, we have been focusing a lot on building a positive school culture in the classroom and throughout campus, to address both the academic and social emotional needs of students. We have made slight increases in ELA and Math, however, there continues to be a lot of need in all areas. The increases in math in the primary grades is negated by the stagnation/decrease as students move into the upper grades. We are working to address this decline with PLC's focusing on DuFour's 4 questions and the Cycle of Inquiry. The chronic absenteeism and suspension rate contribute to this decline. We will focus on continued growth throughout the grade levels

Conclusions based on this data:

Conclusions: Students in each of the subgroups increased scale score average. However, current EL's continue to be a subgroup that is furthest below standard. Although LTEL's remain an subgroup of focus, we are reclassifying students in grades 3, 4, and 5 at adequate levels. Strong first instruction with integrated and designated ELD interventions in all grades will help to decrease the points below standard. Targeted intervention for LTEL's is also needed to move students in this group.

| 117.7 points below standard Increased ++7.4 points 192 | 89.2 points below standard Increased ++4.6 points 264 | 91.6 points below standard Maintained -2.5 points 100 |

Conclusions based on this data:

Conclusions: All subgroups made minimal gains in math and continue to be significantly below standard. RFEP students continue to have the lowest distance from met statistics despite maintaining scores. A focus on first instruction, targeted interventions, writing in the math curriculum, problem solving, sharing successful practices in PLCs will support growth for all subgroups.

2019 Fall Dashboard English Learner Progress Indicator

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2019 Fall Dashboard Student English Language Acquisition Results

|--------------------------|--|-------------------------|------------------------------------|
| 15.6 | 27.3 | 0.5 | 56.3 |

Conclusions based on this data:

Conclusions: In regards to English Learner Progress, we have made gains with the majority of students scoring at level 3 or 4. A majority of students meeting reclassification are in grades 3, 4, and 5 resulting in students in middle school who remain EL's need to be moved to a level 4 in order to reclassify. We will continue to support EL students and LTEL's by establishing a school-wide writing program, focus on AR reading daily, integrated and designated ELD instruction, and targeted interventions.

Conclusions based on this data:

Conclusions: The percentage of students chronically absent did not change significantly in any subgroup besides the homeless subgroup. Our new ORC will work on an attendance program to decrease chronic absenteeism and increase student attendance. The correlation between absentees and student academic performance is addressed at parent meetings, phone calls, and with individual students. We are working on identifying the reasons for absences and working with families to remove obstacles to attendance.

2019 Fall Dashboard Suspension Rate by Year

| 2017 | 2018 | 2019 |
|------|------|------|
| | 5.4 | 3.8 |

Conclusions based on this data:

Conclusions: The suspension rate over the past 2 years has shown maintaining or declining rates in all subgroups. Our PBIS team, restorative justice practices, and focus on school climate has decreased the number of office referrals for suspendable offenses. However, some of the issues that do come to the office and addressed previously through other means of correction do, ultimately, require suspension. For example, the use of vaping has increased amongst middle school students. Topics like vaping will be addressed in expectation assemblies, SEL class lessons, TUPE lessons, and with parent groups such as Coffee with the Principal.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We were not able to measure the overall effectiveness of the strategies/activities implemented to reach our goal due to COVID-19 as our instruction moved to distance learning in March. While we tried to maintain high levels of learning for our students, the data was inconsistent due to the following; there were inconsistencies in instructional time provided to students; data collected was inconsistent and unreliable due to a large number of students that did not take the assessments; and the state assessments were cancelled. However, the STAR Assessment Data that we had from the Winter Benchmark, indicated that we were on track to reaching the expected outcomes.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated for teacher collaboration, classroom libraries and other materials to support instruction this last school year that were not used entirely. In addition, other funds allocated and not used completely were intended to support the DLI program and teacher growth on best practices. This year, teachers will continue to collaborate within the context of Professional Learning Communities with a focus on strong first instruction and systematic writing instruction across all grade levels. Additionally, teachers will collaborate to implement the cycle of inquiry, monitor students progress through the RTI/MTSS model, identify students in need of small group

intervention, and extend opportunities for students to learn if they are not making progress towards the goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Cesar E. Chavez School will ensure that the metrics, goals and expected outcomes are monitored at least 3 times during the year. In addition to the goal to increase the percentage of students in the Met/Exceed Standard on the CAASPP, we have added a goal to decrease the percentage of students in the Not Met and Nearly Met Standard by 5%. As a school we have decided to add the Student Growth Percentile (SGP) from the STAR 360 assessments. Maintaining a focus on data analysis during our PLCs will help grade levels monitor student progress at all levels, inform instruction, and identify students for intervention or enrichment opportunities when needed. This year's funding will reflect distance learning needs of students and provide professional development and support for staff to integrate our new district-wide Learning Management System (LMS) called Canvas to help improve engagement of students during virtual instruction.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to the pandemic, school was closed March 2020, therefore we were not able to accurately measure our goals. However, data showed we met some of the expected outcomes such as the suspension rate which significantly decreased going from 5.59% in 2018-19 to 1.70% in 2019-20. All actions for this school year will be scheduled and communicated to all stakeholders through staff meetings, email and a shared calendar. The effectiveness of the actions will be evaluated after each trimester via collaboration with focus on data analysis. The PBIS team, counselor, ORC, administrators, and staff will continue to work on improving positive school climate and the social emotional support of our students.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The money that was budgeted for field trips and social skills assemblies was sufficient to cover the planned activities, however, these activities were not fully implemented due to school closures in March 2020. Therefore we had an excess of funds.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Through Distant Learning, School is including all stakeholders in developing the actions and strategies for this plan, including community, campus assistants, students and parents. The annual outcome is to implement the school-wide guidelines for success while instruction is on Zoom, develop a structured and safe playground for when it is permitted to be back, and improve school climate. We will continue to implement systems and processes to improve student attendance and hold informational meeting with parents.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
To facilitate parent involvement in the educational and social-emotional well-being of their children

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|--|---|---|
| Increase Parent Participation in ELAC Meetings | An average of 12 parents attended ELAC Meeting last year. | Increase parent attendance to ELAC Meetings by 25% this year as measured by the parent sign in sheets at the different education. |
| Distance Learning Parent Survey | A baseline will be establish this year | To have 25% of the parents respond to the survey. |

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Chavez has been able to successfully communicate with parents through EdConnect calls, Blackboard text messages, Twitter, Facebook, school marquee, website, and PeachJar. The successful communication has helped families support their children and the school in accomplishing our goal of student success. We are hoping to receive positive feedback from the data in the parent CHKS survey, further increase parent communication, and increase parent involvement.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated for parent nights celebrating our academy focus, CALCAT, and parenting classes. Due to school closures from COVID-19, many of the funds were not used. This year, we plan on hosting celebratory nights focusing on presenting student work by grade level. In addition, our counselor and ORC are working with VCBH and the FRC to provide parenting classes in an effort provide strategies for their children at home that parallel strategies used at school.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Despite beginning the year in remote learning, we continue to plan to hold virtual parent nights, virtual parenting classes, and virtual parent meetings. We plan to keep parents informed through webinars. Webinar topics include tips to succeed in Middle School, Promotion requirements and a Successful Transition to High School, and Succeeding in Distance Learning. We plan to be more proactive in an effort to get more participation in parent meetings.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

| Name of Members | Role |
|----------------------|----------------------------|
| Adriana Morales | Parent or Community Member |
| Florencia Zavala | Parent or Community Member |
| Maria Teresa Salazar | Parent or Community Member |
| Evaristo Penafort | Parent or Community Member |
| Elizabeth Miravete | Parent or Community Member |
| Teresa Silvas | Other School Staff |
| Elsa Cortes | Classroom Teacher |
| Laura Silva | Classroom Teacher |
| Rosalinda Rodarte | Classroom Teacher |
| Bertha M. Anguiano | Principal |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

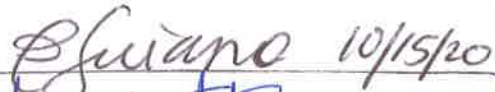

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 10/15/2020.

Attested:

Principal, Bertha M. Anguiano on 10/15/20

SSC Chairperson, Maria Teresa Salazar on 10/15/20

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

As described within our Vision and Mission Statement, Curren School is committed to providing the best educational program possible for our students. Our Vision and Mission have not changed due to COVID-19 and Distance Learning, but have evolved and adjusted to meet the needs of our students. Our vision of empowering all students not just to know, but to become has been highlighted under the current circumstances. We want students to become mathematicians, not just know Math. At Curren, we give everything we can to our students, but more importantly we want them to obtain it for themselves as we recognize that empowering them is greatest gift we can give as educators. Owning their own learning is an important quality and emphasis within our mission statement. That statement is crucial in a virtual setting where we rely more on the individual and home setting more than ever before. Empowering students to exercise their growing autonomy, discover opportunities for carving their own versions of success, and ensure they become responsible members of our global society allows us to focus on differentiation and the whole child. Our focus for this year will be best first instruction, which will be highlighted through: Common Core Standards, 21st century skills, use of technology, differentiated instruction, social, emotional and behavior support, professional learning communities, and community engagement. Due to COVID-19 and the expected learning loss for students – we will concentrate our efforts on priority instructional standards about content priorities by leveraging the structure and emphases of college- and career-ready mathematics and ELA/literacy standards. At Curren, this would include a clear set of math skills and concepts aimed to solve real-world problems as well as literacy skills centered on reading comprehension and oracy that will. We will continue to look for new efficiencies in the curriculum that are critical for the unique challenges that have resulted from school closures and anticipated disruptions in the year ahead. Curren’s plan is to be dynamic and intentional with

instruction and build professional learning communities (PLCs) to support this endeavor. Offering a rigorous academic curriculum taught using data driven instructional practices will require collaboration and practice. We want to continue our efforts in providing the time and support needed for both students and staff to be able to explore and create a deep understanding of the standards and their application to learning. Through these efforts with our students, we will look to build life-long learners prepared to meet the demands of an ever-changing world. Critical thinking, creativity, communication, collaboration, and character (the 5 Cs) will continue to be focal points across content areas. While academic excellence is our focus, we also encourage and teach character education as well as leadership. This is never more needed than in the current political and social environment in which we live. We want to build strong leaders that are empathic, responsible, and can help build both our local and national community. In order for students to achieve their fullest potential, we know that parental involvement is a critical factor to ensure students' educational success. Our English Learner Advisory Committee (ELAC), Parent Teacher Association (PTA), and School Site Council (SSC), in coordination with our Outreach Coordinator, offer and encourage parents to become active participants in their children's education by participating in the meaningful and productive opportunities offered. The school's Parent Involvement Policy provides clear guidelines/expectations for parents during Distance Learning and with this ever-changing school year. Our Back to School Night, Math and Literacy Nights, along with monthly Coffee with the Principal meetings, further support and foster meaningful and productive parental opportunities to participate in their child's academic and social-emotional growth. By achieving high academic standards across all content areas, supporting the socio-emotional growth of our students in a safe, positive learning environment, and strengthening our home-school partnerships to increase parental involvement, Curren School will meet the goals identified within this School Plan for Student Achievement.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Based on classroom observations, the needs of EL Learners should continue to be a focus for this school year. Observations from last year both in-person and via a virtual platform like Zoom has highlighted the need for teachers to be trained and provided opportunities to review ELD standards and supports and what those practices look like as described in Goal 1, both in a virtual setting and in-person. Classroom observations revealed the need for teachers to have more meaningful opportunities to collaborate and constantly participate in the cycle of inquiry related to the Common Core State Standards and other relevant data points such as STAR 360 data to refine best first instruction and, given the unique challenges of this year and expected disruptions, find new efficiencies in the curriculum that are critical due to school closures. Dual Language Immersion teachers need specific time to collaborate as Spanish/English counterparts to work on the bridging and unit mapping. Professional development and collaboration centered on progress monitoring using various data points and SMART goals such as STAR 360 and the LLI program would help improve the overall reading level of our students. Math continues to be an area of concern. Rigor, higher levels of depth of knowledge, and critical thinking is required so the instruction matches the standards.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

It is important to note that due to the COVID-19 Pandemic, State assessments were not administered this past year. Local and school assessments indicate the need is still there to improve instruction in the areas of ELA and Math, specifically with English Learners. Following data from past state assessment, English Learners are our lowest performers on state tests. The universality of mathematical symbols is not transferring to English and the past scores indicate a need to improve reading comprehension and literacy in order to achieve higher performance. Based on past assessment results, lessons should integrate the knowledge and skills ELLs have from another subject area into their literacy instruction.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

The school and district use an assessment calendar with expectations for assessment. Frequent administration of specific assessments such as STAR 360 Reading and Math allow the school to adequately monitor student progress. Curriculum-embedded assessments from Wonders, Maravillas, and Study Sync can be used for diagnostic purposes and provide intervention when needed. These forms of assessment provide meaningful sources of information for teachers. They in turn use this information to identify what the students comprehended and what they need to work on. Data from assessments provides valuable information on the desired learning goals. Learning goals and instruction are then modified to meet the accommodate differences in students' learning styles and intelligences.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered "highly qualified." This is monitored by the district's Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors who provide support for Curriculum, Instruction, Biliteracy Programs, English Learner Services, Special Education and Pupil Services. Site Principals function as instructional leaders.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teacher collaboration is set for the school year at the beginning of each year. School schedules were modified to meet both a distance and hybrid learning environment. Wednesday is dedicated time for collaboration. There is specific time set aside for both grade level and staff collaboration. Teachers meet weekly in grade levels to review data and work on a focus question based on the cycle of inquiry to help drive instruction. Teachers also look at present levels of performance of students in their class to adjust units/lessons as needed to ensure the standards are being taught in a clear, intentional method that is student focused. Teachers are also afforded meaningful opportunities to participate in site-based Professional Development workshops on Wednesdays or other days indicated by the calendar. Topics for mini workshops include AVID strategies, SMART Goals, Classroom Management, STAR 360, and scaffolds and supports in classroom instruction.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Teachers and classes provide students with multiple services and supports, which enable them to meet the standards. Within the classroom, small group intervention is used to help underperforming students. Various types of strategies (activities) and scaffolds (supports) are utilized such as interactive, graphic, and sensory to meet the needs of diverse learners. Sentence frames, word walls, graphic organizers, guided reading, and math mindset are tools utilized to accommodate differences in students' learning styles and intelligences. An ISP is designated to work with small groups in both primary and secondary grade levels to address their literacy skills. Instructional Aides and other adult support in the classroom help to assist in bringing students up to the standard. When applicable for this school year, after school tutoring will be offered specifically for at-risk and underperforming students.

Evidence-based educational practices to raise student achievement

Current school uses a variety of evidence-based educational practices to raise student achievement. Teachers provide explicit learning objectives that are tied to demonstrations of learning. Differentiation is a Tier 1 support utilized for all learners. Students are engaged in rigorous, relevant learning. Small groups instruction, clear and effective learning feedback, and assessment results and progress monitoring of goals with Lexia, ST Math, AR, and STAR 360 (see Goal 1 Action 9, 15, and 24). Discovery based teaching is implemented using Mystery Science for K-5 and McGraw Hill Inspire Science Curriculum for 6-8 and Inspire that align with the NGSS standards. Tutoring and reteaching are used to help raise student achievement (See Goal 1 Action 11)

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Parents are involved in school activities via School Site Council, English Language Advisory Council, Parent Teacher Association, organizing student events, classroom volunteering, parent conferences, coaching sports and advising student clubs - the latter be offered in accordance with county and district health guidelines regarding COVID-19.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Stakeholders are involved in the process and implementation of ConApp programs on campus. Parent/Community led groups such as our English Learners Advisory Committee play an important role on campus from volunteer opportunities to ensuring that our English Learner students' needs are met and resources are available for them. For example, the parents requested that we have culturally relevant family nights to promote a strong community at the school. They participate in and attend the local California Association of Bilingual Education (CABE) Conference. Teachers organized tutoring that is specific for socioeconomically disadvantaged students and English Learners for extended breaks from school. This year, stakeholders requested academic "bootcamps" again to provide students with another resource after school to prepare for important assessment such as the ELPAC test and CAASPP, especially given the learning disruption and unique challenges presented by the current COVID-19 pandemic.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Title I funds are used to support underperforming students in the area of first instruction. Looking at past data, the school identified a need to improve first instruction and focus on implementing Common Core State Standards. Funds were also utilized to address unique challenges of this school year and a need to adjust to a virtual setting. Headphones were provided for each student to utilize in the home as well as school materials and workbooks. A paraeducator was hired to address the needs of primary grade level students in 1st grade both in a distance and hybrid model. Tutoring during extended breaks and after school tutoring – when we return to in-person class – along with academic boot camps were created to address the needs of our underperforming and most vulnerable populations.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered “schoolwide.” Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Once student achievement data is made available, the Site Leadership Team meets to analyze the data to determine students' academic and social/emotional/behavioral needs. Data is shared with and input is elicited from ELAC, PTA and school staff. The School Site Council then analyzes the data, takes recommendations from the other stakeholder groups and aligns the agreed upon actions with the budget.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Shortage of substitutes did not allow for dedicated days set aside for teacher collaboration this past year. Many times, collaboration dates were cancelled as a result of no coverage.

| Grade 7 | 123 | | 134 |
| Grade 8 | 101 | | 129 |
| Total Enrollment | 1,041 | | 1,017 |

Conclusions based on this data:

Curren school's enrollment and demographics have remained largely unchanged from last year. The data shows that the majority of our school population (97%) is of Hispanic or Latino origin, so culturally relevant activities and lessons in class are needed to involve our families and make connection to prior knowledge and background information about our students. Grades are evenly distributed with no large discrepancies in enrollment by cohorts. Full implementation of Dual Language Immersion program in Kindergarten and 2nd grade have not changed the enrollment of the school.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

| English Learner (EL) Enrollment | | | | | | |
|---|--------------------|-------|-------|---------------------|-------|-------|
| Student Group | Number of Students | | | Percent of Students | | |
| | 17-18 | 18-19 | 19-20 | 17-18 | 18-19 | 19-20 |
| English Learners | | | 485 | | | 47.7% |
| Fluent English Proficient (FEP) | | | 274 | | | 26.9% |
| Reclassified Fluent English Proficient (RFEP) | | | 81 | | | 15.9% |

Conclusions based on this data:

The number of English Learners continues to be above 50% of our student population. Due to the disruption of the 2019-2020 school with the COVID-19 pandemic, students were unable to take the ELPAC test and reclassify last year. In 2019-2020, 74 students met the criteria to reclassify based on previous scores from 2018-2019 school year. Due to school closures, distance learning, and projected interruptions to the school year it will be difficult to project the reclassification rate for the 2020-2021 school year. 95+% of our English Learners primary language is Spanish. It is important to have culturally relevant topics and opportunities for students to make connections to their Native Language in class. One area of concern continues to be Long-Term English Learners (LTELs). The number of students that are LTELs in the middle school continues to be an area where we need improvement. Reclassification rates, based on 2018-2019 data show that do not reclassify at the same rate in grades 6-8 as 2-5.

Conclusions based on this data:

The release of the 2020 CA School Dashboard has not been determined as CAASPP testing was suspended due to the COVID-19 pandemic during spring 2020. The data and analysis remains largely unchanged from the previous year. Curren has made slight progress in the area of Language Arts. From grades 3-8, we made between 2-9% growth in the Met/Exceeds area for the 2018-2019 school year. In grades 6th and 8th, the percentage of students in the M/E category has fluctuated depending on the year. None the less, two thirds of our students continue to perform below grade level. The areas of greatest concern are in written language and research/inquiry. Students continue to struggle with analyzing and presenting information. Further examination of the data revealed that processing the text and application were areas. In order to improve writing and research, students need to have better reading comprehension skills.

Conclusions based on this data:

The release of the 2020 CA School Dashboard has not been determined as CAASPP testing was suspended due to the COVID-19 pandemic during spring 2020. The analysis below is based on previous data from the 2018-2019 school year and remains largely unchanged. Math is the greatest area of concern according to the data. Student performance did not increase in most grade levels and has plateaued the past 3 years in general. Roughly only 1 in 10 students are on grade level and scores have not increased with each year of CAASPP. The percentage of students that meet or exceed the standards decrease with each grade. This indicates the needs to review and analyze the Common Core State Standards and the importance of first instruction. This year, teachers will focus on Priority standards to mitigate the impact of school closures and disruptions from the end of the 2019-2020 and 2020-2021 school years. Teachers need more time to work on student-centered lesson that focus on applying mathematical concepts and procedures to real-life situations. Students also need to be able to support and explain their mathematical conclusions. Data analysis should be based on summative and interim assessments that allow teachers to see student growth, areas of concerns, and if class instructions matches what the key details and structure of the standard are.

Conclusions based on this data:

It is important to note that due to the COVID-19 Pandemic, the English Language Development Test (ELPAC) assessment was not administered during the 2019-2020 school year. As a result, ELPAC results discussed are those from the previous school year. English Language Learners continue to be a significant portion (45%) of our school demographics. The three areas that the data shows a need to improve are: Written Language, Writing Level, and Reading Level. Beginning level scores in upper grades, especially for students that have been at our school for multiple years, shows a need to provide explicit instruction in vocabulary. Multiple exposures to a word are needed in order for that word to become part of the lexicon and allow for the students to transfer to written language. The data from the previous year that students were able to take the test, shows a need to provide opportunities to read narrative and expository text as those are examples of well-developed language skills and needed to interpret information.

| Filipino | 2 | 0.2 |
| Hispanic | 980 | 95.5 |
| Two or More Races | 6 | 0.6 |
| White | 27 | 2.6 |

Conclusions based on this data:

Curren school's demographics have remained largely unchanged from last year. Special population groups of Socioeconomically Disadvantage and English Learners continue to be a significant portion of the school enrollment. Greater emphasis is needed to ensure that goals and strategies are aligned to serve our student demographics and special population groups, especially with this school year with distance learning and a modified return to school (hybrid model). Another special population group that has seen an increase in enrollment percentage at the school is students with disabilities. Notices and explanations were sent to families of students will special needs to explain what services will look like during Distance Learning and how adjustments can be made to accommodations and modifications to meet their needs as best as possible during these unprecedented times. The data shows that the majority of our school population is of Hispanic or Latino origin so culturally relevant activities and lessons in class are needed to involve our families and make connection to prior knowledge and background information about our students.

Conclusions based on this data:

The release of the 2020 CA School Dashboard has not been determined due to the COVID-19 pandemic during spring 2020. The analysis below is based on the previous year data. The analysis remains largely unchanged. Math continues to be the area needing the most attention followed by English Language Arts. English learners continue to perform below grade level. Absenteeism has improved, but there still is a large portion of students (roughly 9%) that miss significant amounts of instructional days. Chronic Absenteeism will need to be a point of emphasis for the 2020-2021 school year due to distance learning model and students learning from home and connecting with their classes via the internet. Suspension rate data was unavailable. In 2018-2019, it increased from the previous year as did socioeconomically disadvantaged students being suspended. English Learners, McKinney-Vento, and Foster Youth suspension rates decreased, though there still is a disproportionality within student group suspension rates.

| 117.2 points below standard Maintained ++2.8 points 207 | 43.2 points below standard Increased ++13.8 points 262 | 32.6 points below standard Increased Significantly ++22.2 points 166 |

Conclusions based on this data:

Academic Performance for English Language Arts remained the same as previous years due to the COVID-19 Pandemic. The analysis below is based on 2018-2019 data. Hispanic students performed below or near standard and make up a significant portion of our school demographics. SED students performed slightly better than non-SED students in ELA, but both groups are below the standard. Distance from met (DFM) varied according to grades and special population groups. SED was -19 DFM, which shows growth. English Learners' DFM was -126 which indicates a need to improve ELD instruction and ensure that ELs are able to access the curriculum and are given the tools needed to succeed.

| 136.7 points below standard Maintained -0.1 points 207 | 94.2 points below standard Increased ++4 points 262 | 84.9 points below standard Declined -4.5 points 167 |

Conclusions based on this data:

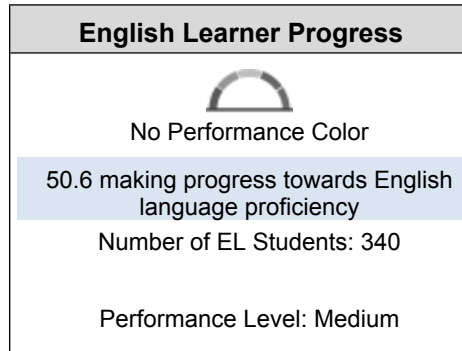

Academic Performance for English Language Arts remained the same as previous years due to the COVID-19 Pandemic. The analysis below is based on 2018-2019 data. All significant subgroups continue to decline in distance from met (DFM). An estimated 87% of our students are not on grade level and their performance and data indicates that there has not been significant growth towards meeting grade level standards. There was little positive movement in comparison to our student populations that were tested. English Learners and SED students had positive movement, but only in the areas of standard not met to nearly met. The data shows a need to re-evaluate first instruction and how to improve the mathematical teaching strategies and practices. Due to disruptions to the school year, the focus will need to be on the Priority Instructional Standards outlined for Math. Habits of mind need to be developed in both standard practice and standard content to ensure the students can make positive movement towards grade level in the subject of Math.

| 19.4 | | 1.7 | 48.8 |

Conclusions based on this data:

The data is based on the last recorded data in the school dashboard (2018-2019) due to the COVID-19 pandemic. The number of English Learners continues to be around 45-50% of our student population. Overall, English Learners increased 6%. The data reflects a need to progress monitor English Learners closely in the areas of Math and ELA as they declined in both areas in CAASPP scores. The majority of students tested two years ago performed in the Beginning stage of English Language Development. 31% and 39% of students were Somewhat to Moderately Developed with their English Language skills. Based on previous ELPAC scores, it indicates a need to ensure instruction meets the needs of our students. A focus needs to be placed on scaffolds and supports both at a distance learning and hybrid model. Students at the Level 2 continue to use English to meet immediate communication needs, but often are not able to use English to learn and communicate on topics and content areas. In class settings, they need moderate-to-light linguistic support to engage in familiar social and academic contexts such as sentence frames, graphic, and sensory supports.

Conclusions based on this data:

Special population groups within our school demographics continue to be at-risk of chronic absenteeism based on data from 2018-2019. Special Education, Socioeconomically Disadvantaged, and English Learners have higher percentages of chronic absenteeism as compared to their peers. These groups indicated the need for a higher tier of support before school closures and that need has only increased due to distance learning and an online/virtual setting. This extra support will need to be modified to meet the unique needs of students while still in a distance/hybrid model, but none the less needs to focus on the student and families building strong, positive and caring relationships with school staff and other students, connect to engaging learning activities, and put supports in place for them to overcome any barrier to attendance.

2019 Fall Dashboard Suspension Rate by Year

| 2017 | 2018 | 2019 |
|------|------|------|
| 4.8 | 3.8 | 4.9 |

Conclusions based on this data:

Suspension rates for the 2019-2020 would not be reliable due to school closures and the COVID-19 pandemic. The release of the 2020 CA school dashboard has not been determined and therefore all analysis is based on previous year data (2018-2019). Data from the previous years indicated that suspension rates increased from the previous year as did the rate socioeconomically disadvantaged students were being suspended. English Learners, McKinney-Vento, and Foster Youth suspension rates decreased, though there still is a disproportionality within these special student groups and their suspension rates. Tiered level of support is needed to combat the difference in discipline. According to the data from 2018-2019, an emphasis on alternate means of corrections will allow students to remain in their instructional setting. The levels of disproportionality indicate a need for culturally responsive pedagogy, trauma informed practices, and restorative justice opportunities at school to reduce the overall suspension rate and specifically address the variance in special population groups.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

More focus and dedication is needed on the CCSS curriculum and best first instruction. The 2020–21 school year presents a unique set of opportunities and challenges due to the disruption to instruction in spring 2020 as well as the uncertainty associated with what the “return to school” will look like. The data before and during Distance Learning though show our students' reading range between 1/4th and 1/3rd on grade level, which is an indication that we need to reassess how we are instructing our students and what they are being asked to do. An emphasis on first instruction is needed in each grade to ensure the standards are being taught in a clear and intentional method. Most critically, the pandemic has further illuminated the importance of differentiation and first instruction. Rich, engaging instruction at grade level is critical. The importance of vertical planning and grade level collaboration in Math would create consistency across the board and build on concepts as students move through each grade level and standard. With Distance Learning and the COVID-19 Pandemic, teachers need to focus on Priority Standards in ELA and Math to ensure equitable instruction that support all students. Based on prior CAASPP and STAR 360 data results, Reading, specifically, Reading Comprehension, needs to be an emphasis. Real-life application and open ended questions and problems will allow for deeper understanding and connection to the standard.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Last year, the greatest difference in the intent of the goal and the actual implementation was in the disruption in the spring 2020 due to the pandemic. Many of the actions that would have been actualized were to occur in the Spring and therefore data and actions were incomplete. With uncertainty as to models of learning (Distance and Hybrid) it is difficult to address both areas as there are many unknowns. Many of the intended implementation and the budgeted expenditures will depend on the model of school we are in, health regulations and guidelines, and working with students virtually.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Many of the changes to the goals and strategies for this goal relate to the disruptions caused by COVID-19 pandemic and the learning loss and opportunities that occurred for most students. Changes to the outcomes were made according to specific data analysis of each metric. STAR 360 in both ELA and Math will look at student proficiency levels at the beginning of the year and end of the year. This will allow for constant analysis of growth and show academic progress in a given year. The overall metric of English Learners remained the same, but the outcome changed based on the lack of data from the 2019-2020 school year and opportunities to take the ELPAC and reclassify. Tier 1 and Tier 2 interventions were placed in the strategies to address the need for more intervention for our students to address gaps in reading and math. Intervention specialists were hire to help with reading and work with long term English learners. Another ISP will help with Math in upper grades. Paraeducators were hired to help with primary grades and allow for more differentiation and small groups.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|---------------------|--|--|
| Suspension Data | The CA Dashboard does not have data for the 2019-2020 school year. The suspension rate for 2018-2019 was 4.9% | Suspension rates will decrease to 3.0% or lower. |
| Attendance Data | The CA Dashboard does not have data for the 2019-2020 school year. Attendance data for 2018-2019 shows a needed area of growth. 9% of students or 94 students had chronic absenteeism. | The number of students with chronic absenteeism will decrease by 2% to 7%. |
| Panorama SEL Survey | The Panorama SEL Survey from Spring 2020 is used to calculate school climate and student well-being. The following indicators were reported 76% of students in the 3rd-5th grade feel a sense of belonging at school. | The percentage of students will increase in feeling a sense of belonging: 3rd-5th grade - 9% 6th-8th grade - 18% |

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|------------------|---|------------------|
| | 47% of students in the 3rd-5th grade feel a sense of belonging at school. | |

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The overall effectiveness of this goal was difficult to measure based on the specific metrics, due to school closures. There was no California Dashboard data on suspension rates, and we were unable to administer the CA Health Kids survey for the 2019-2020 school year. The goals remain the same for this year. The school will need to adjust and modify the implementation of PBIS/CHAMPS initiatives in the classroom to meet the needs of students in a distance/hybrid model. Suspension rates and school safety all tie in to a need to improve on a positive school culture, but the greatest emphasis for this year needs to be placed on school connectedness and the students' social/emotional well-being due to the current health crisis and global pandemic which has restricted access and in-person connectedness.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The major discrepancy between the intended implementation and the budgeted expenditures was the ability to hire campus supervisors to help monitor the campus throughout the day and improve school safety and culture. The allotted amount was \$15000, but the process was delayed and extra hours/persons were not able to begin working until after January 2020. Planned assemblies for the Spring were also disrupted due to the COVID-19 pandemic.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Based on the lack of student data from this past year, it is difficult to gauge improvements and needs for this upcoming year as students have been adjusting to a new learning environment since March 2020. Many of the same strategies and activities still apply, but will need to be modified or adjusted to meet the needs of students in virtual setting or support them in their home environment during Distance Learning. The school will continue to explore intentional ways to increase school connectivity while at a Distance Learning model.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities
 To facilitate parent involvement in the educational and social-emotional well-being of their children
 To increase volunteer opportunities so parents can assist in the classroom and on campus

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|---|---|---|
| English Learner Parent Needs Survey | 2020-2021 will be the baseline for this data as the Needs survey was unable to be completed due to COVID-19 Pandemic and school closures. | 2020-2021 will be the baseline for this data. |
| Average attendance at ELAC Meetings | An average of 38 parents attended ELAC Meetings. | Attendance will increase by 15% at ELAC Meetings this year. |
| Coffee with the Principal | An average of 20 people attended Coffee with the Principal | Attendance will increase by 15% at Coffee with the Principal this year. |
| Parent attendance at Back to School Night | 568 or 55% of parents attended Back to School Night | Attendance will increase by 10% for Virtual Back to School Night |

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

Strategy/Activity

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Parents were provided meaningful opportunities to participate in their students' growth. Parents attended various school events such as Dia De Los Muertos, Parent/Teacher conferences and Welcome Back events/orientations. Dia De Los Muertos was a very popular event with over 600 people that attended and participated in (via work submission and displays). School meetings times were adjusted to meet the needs of families and the numbers increased from previous years (Coffee with the Principal and ELAC). ELAC numbers from 18-19 averaged 15 parents. In 19-20 it was 38. Though the numbers did increase, the meetings typically consist of the same participants so more outreach is needed to garner a more diverse group of parents at the various meetings. There is a need to explore more volunteer opportunities on campus to have parents participate in the academic portion of their child's growth and create a community feeling around campus.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

More expenditures need to be budgeted for parents to participate in the IEP process for students with special needs and SST process for students who are being monitored to see academic growth. Due to COVID-19, the budget expenditures for this year may not actually equal the amounts of last year as the process for gathering the IEP team has been different in a virtual setting as opposed to in-person teaching.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

There are no changes to the goal itself this year. Some actions will need to be modified due to the current Distance Learning model and the COVID-19 health guidelines. Kinder Orientation, Back To School Night, and Parent conferences were all modified to a virtual setting. Coffee with the Principal (Action 14) and ELAC meetings were moved online and times were adjusted to work around the current distance learning schedule for families to participate and still have time to help their students at home. The data will be difficult to compare from last year as many of the meetings have moved to a virtual setting. Data will be compared from the previous year with the understanding that the reliability is not completely accurate or a fair assessment of parent involvement metrics from previous years.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

| Description | Amount |
|---|--------------|
| Total Funds Provided to the School Through the Consolidated Application | \$118287 |
| Total Federal Funds Provided to the School from the LEA for CSI | \$0 |
| Total Funds Budgeted for Strategies to Meet the Goals in the SPSA | \$319,154.00 |

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

| Name of Members | Role |
|-------------------------|----------------------------|
| Tyler Higa | Principal |
| Tony Naranjo | Other School Staff |
| Jessica Vizents | Classroom Teacher |
| Kim Evans | Classroom Teacher |
| Suzanne Meckstroth | Classroom Teacher |
| Maritza Perez-Gutierrez | Parent or Community Member |
| Rogelia Ruvalcaba | Parent or Community Member |
| Jeralyn Negri | Parent or Community Member |
| Louis Johnson | Parent or Community Member |
| Heather Guilin | Parent or Community Member |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 10-12-20.

Attested:

Principal, Tyler Higa on 10/14/19

SSC Chairperson, Jeralyn Negri on 10/14/19

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Driffill school consistently and diligently works to improve our student achievement regardless of mode of instructional delivery such as Distance Learning, a Hybrid model or in-person. We have continued to analyze the areas of teaching, learning, interventions, incoming kindergarten transitions and eighth to ninth grade transitions, professional development, parent involvement, and the after-school program. We critically examine and determine what actions and areas need further development in order to enable all students to achieve greater success. The majority of focus behind our success at Driffill School has been addressing the academic, social and emotional needs of students. We continue to integrate the Common Core State Standards (CCSS) for Language Arts and Math, with an emphasis on technology to support instruction and student learning. Our instructional focus emphasizes student-centered learning, collaborative engagement structures, and rigor. The instructional leadership team continuously monitors quality content instruction through classroom walk-throughs, learning walks, and student-monitoring conferences with grade-level teachers once each trimester.

Driffill School staff consists of 59 highly qualified certificated staff members. A thorough examination of our goals at Driffill School has led to highly focused and motivated professional development of our staff. Training in the areas of Language Arts, Math, ELD, AVID, the Growth Mindset, Science, and Dual Language Immersion (DLI), has further empowered our staff to become as precise and effective as possible when teaching students in these targeted goal areas. This year our emphasis is on developing effective distance learning and blended learning instructional strategies and adopting Learning Management Systems (LMS) specifically Canvas.

To increase student achievement, Driffill continues to use student data to guide our teaching and learning. Driffill continues to strengthen our Professional Learning Communities (PLC) to improve instruction. There is an emphasis on the use of the interim assessments from Renaissance STAR 360 Reading and Math and now the IAB assessments from CAASPP. The faculty has committed to monthly assessments in order to rapidly monitor and analyze student needs. Teachers share grade-level data to plan lessons, identify strategic instructional strategies, and target students needing intervention. Data analysis allows teachers to monitor progress toward academic goals, determine which strategies and interventions are working, identify which students need tutoring, and target specific needs of individual students to maximize their potential achievement. In addition, data allows teachers to plan for differentiated and rigorous instruction to increase student achievement. Student progress is communicated to parents through various platforms such as: Parent Connect, conferences, and regular ongoing communication with teachers and administration. To further improve student achievement, Intervention Services Providers (ISP) will directly serve students in grades TK-8 to support instruction in Language Arts. AVID tutors in the middle school setting help support the college and career ready mindset.

The acquisition of academic English language skills continues to be an important goal for Driffill School students, especially for our English Language Learners (ELL). Programs such as DLI, Designated ELD, and Integrated ELD are specifically designed to help students develop and master academic English Language Skills. To identify the areas of challenge English Learners are facing, we review the English Language Proficiency Assessment (ELPAC) along with other assessments; teachers deliver focused lessons that support students' progress toward reclassification and or Meeting/Exceeding State Standards in English Language Arts. Middle school English Learner students receive one period of designated ELD.

Given the realities of COVID-19, our model for enrichment activities has shifted significantly. Traditionally during onsite instruction, after-school enrichment activities have included: Mad Science,

Art Trek, Hip Hop Mindset, Gardening club, 5K community races, music, sports, and other community-sponsored events. This year enrichment opportunities are available virtually during the school day and include: Leadership Opportunities, Careers, AVID and Robotics. The after-school program is now offered virtually as an extracurricular opportunity providing a safe and nurturing virtual platform to socialize and connect with positive young role models.

In past years, AVID was available as an after-school club and elective course during the school day. Through constant reevaluation of the mission, vision, and commitment and a critical analysis of our best practices and changing needs, Driffill School continues to follow the AVID philosophy. Driffill believes all students can succeed in the most rigorous curriculum. Driffill continues to train and support all middle school staff in AVID strategies and is moving towards implementation of the AVID program in both the TK-5 and the 6-8 grade levels. AVID school-wide will help our students to solidify twenty-first century learning skills and enhance the changes of culture, to ensure that our students will be productive, global, contributing citizens.

Parent involvement and communication with teachers, administrative team, and support staff is a key element for the continued academic success at Driffill School. Teachers regularly communicate with parents by phone, written notes, email, CANVAS, Google Classroom, Class Dojo, and Remind 101. Teachers use standards-based progress reports and assessment data at parent/teacher conferences to inform parents of their children's progress. Driffill staff also presents parent education nights in the content areas of Language Arts and Math to help parents support their students' success in these key academic areas. Driffill teachers and support staff host transition presentations and parent orientations are provided for students entering TK/Kinder and then again upon entering first, sixth, and 8th grades. The Principal communicates with parents via Connect Ed. calling all parents most Sundays at 6 pm, and sends a weekly digital bulletin. He regularly updates the web page with pictures of school activities, meeting information and our school site calendar. Peachjar has also been added to our communication system. At the beginning, and throughout the school year, parents are welcomed to Driffill School through a variety of general parent meetings, monthly ELAC, Café Con Padres, School Site Council, parent nights, and individual classroom parent meetings/programs. Due to the current health crisis, these events are now offered virtually. Other supports to parents include home visits and outreach to connect families to community-based services. Our school counselor and Outreach Consultant (ORC) conduct frequent home visits and schedule parenting classes. Parenting classes are offered in English and in Spanish to further encourage parents' participation in education of their children and to support positive interaction with their children.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

At Driffill, virtual learning walks and informal observations will be conducted throughout the year. Informal and walk-through observations take place every day. Formal observations take place two to three times a year as identified by the district. The analysis of the classroom observations suggests the need to support and improve instructional pedagogy and the use of instructional technology. The data collected thus far through observations has reinforced the adoption of school-wide instructional goals of building student-centered learning experiences, implementing collaborative engagement structures, and delivering standards-based rigorous lessons.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

All teachers have been trained in how to interpret district testing such as chapter and unit Math and Language Arts tests, STAR reading and math assessments and Interim and the end of the year CAASPP. Student data is looked at regularly in order to drive the instruction and meet the needs of the students in each class.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Through the use of STAR 360, IABs, ELPAC, and IO our student data collection is reviewed at PLC's to monitor, drive, adjust, and modify instruction to meet the needs of all Driffill students. Given pandemic related school closures, our site does not have current CAASPP data this school year.

Teachers create groups based on the data to provide extra support in the class for the students that are not making adequate progress. If additional intervention is needed, based on the data, a student is given opportunity for tutoring or other appropriate services.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered "highly qualified." This is monitored by the district's Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district has a PAR (Peer Assistance and Review) program to offer support to any teacher who requests or requires it. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors who provide support for Curriculum, Instruction, Biliteracy Programs, English Learner Services, Special Education and Pupil Services. Instructional Specialists work directly with teachers to support instruction in Science and Math. Site Principals and assistant principals function as instructional leaders.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Through our Professional Learning Communities (PLC's), teachers collaborate weekly to discuss lesson planning, instructional practices, student progress, and review formative and summative assessments. Grade level binders are maintained to record data, on-going conversations, monitor student growth and make instructional decisions regarding the most effective ways to meet standards.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Driffill School has established a RTI2 Pyramid for Success that documents the program and materials that are available to use as the core program. At the foundation of the pyramid, teachers are provided professional development in cultural proficiency, growth mindset, teaching BEST practices and standard based instruction. If a student is not successful after Tier I instruction, the teacher provides additional support within a small group in the class. After data analysis, if the student is still not meeting grade level standards, he/she is referred to a CST or SST and following the MTSS procedures actions such as services of the Reading Specialist, after/before school tutoring, counseling services and/or Intervention Specialist are prescribed. Additional steps may include further assessments if adequate progress is not made (i.e. special education).

Evidence-based educational practices to raise student achievement

Driffill has established a practice of only using research based materials for core and intervention. Teachers have a clear focus for each lesson, effectively communicate the focus to the students and provide opportunities for student engagement. Driffill has implemented the AVID and Data-driven PLC philosophies which includes active participation and engagement, critical reading skills, collaboration and the ability to communicate for a variety of purposes and to a variety of audiences. Teachers incorporate the WICOR strategy which encompasses writing, inquiry, collaboration, organization and reading skills.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Parent Education and parent involvement is our focus this year. We are committed to enhancing the collaboration and partnership with parents. We have regularly scheduled ELAC, Title I/Cafe Con Padres and School Site Council Meetings. Parents are always welcome to volunteer, assist with field trips, attend monthly awards, and participate with PTA.

This year we hope to provide more parent education: Saturday Conferences/Workshops, AVID Training, motivational speakers, health and wellness topics, grade level meetings, Outreach and Counselor workshops addressing parenting skills, and other topics will be covered as needs develop. It is our goal to develop a Growth Mindset with our parents.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

All parents, teachers and community groups are included in the input, discussion, decision and implementation of the School Plan and Budget. The Parent Compact and the Parent Engagement Policy are also reviewed, revised and implemented on a yearly basis.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Driffill is a School-Wide Title I Program using all categorical funds as needed to meet the needs of all students as delineated by the SPSA and Budget. Title I funds are used to improve instructional practices such as providing quality Tier I instruction through professional development, collaboration, PLC's and peer mentoring. Progress monitoring takes place with all grade levels to ensure that instruction is student centered and data driven. Materials are provided for professional growth and to supplement the instruction in the classroom.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Together, School Leadership, staff, and ELAC review and provide input on the SPSA to the school Site Council, which approves annually. The School Site Council then meets monthly to monitor the goals and actions. Any changes to the SPSA are presented to all stakeholders for their recommendations and re-submissions to the School Site Council for any changes and final approval.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

The 2020-21 reduction in categorical funding has forced Driffill School to eliminate or reduce hours for the following services and personnel: elimination of one Reading Specialist, one media technician, one School Resource Officer, two classified office staff and reduced hours for campus supervisors and the Outreach Resource Specialist. These eliminations and reductions impact both the distance learning and in-person instructional services and supports that Driffill is able to provide our students, staff, and families.

In the current situation of distance learning, Driffill has identified a need for extensive technology equipment and supports for students, teachers, and families. Parents need support in the area of navigating basic technology functions to facilitate at-home learning for their students. Students need equipment that better facilitates learning at home including: wifi access, wireless mouse, headphones, and keyboards for iPads. Staff needs training in using Canvas, the new learning management system, and ancillary tech resources including Lexia, ST Math, and board adopted digital curriculum. The distance learning platform has also exacerbated struggles with meeting students' basic needs, and mental health and social-emotional health of students and families.

Student Enrollment Enrollment By Grade Level

| Student Enrollment by Grade Level | | | |
|-----------------------------------|--------------------|-------|-------|
| Grade | Number of Students | | |
| | 17-18 | 18-19 | 19-20 |

| Grade 7 | 131 | | 139 |
| Grade 8 | 130 | | 135 |
| Total Enrollment | 1,173 | 1164 | 1,156 |

Conclusions based on this data:

Based on the analysis of student enrollment by grade level between 2018-2020, the total enrollment has decreased by twenty-nine students. The current public health crisis has impacted our school community and our enrollment. Nonetheless, we are still a Tk-8th grade school that has a high Hispanic/Latino population of second language learners. In addition to our 1127 students, we house 23 preschool students on campus, a decline from past years due to CDC recommendations for social distancing. We allocate resources to each grade level to provide opportunities and services in order for each child to be successful in school.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

| English Learner (EL) Enrollment | | | | | | |
|---|--------------------|-------|-------|---------------------|-------|-------|
| Student Group | Number of Students | | | Percent of Students | | |
| | 17-18 | 18-19 | 19-20 | 17-18 | 18-19 | 19-20 |
| English Learners | | 589 | 619 | | 50.4% | 53.5% |
| Fluent English Proficient (FEP) | | 329 | 307 | | 28.1% | 26.6% |
| Reclassified Fluent English Proficient (RFEP) | | 47 | 106 | | 4.0% | 16.5% |

Conclusions based on this data:

Our data analyzed from CAASPP, STAR and ELA and Math chapter tests indicate that Driffill students still need vocabulary development, basic structure in ELA, and all primary components in developing English Language. Our RFEP students need continued monitoring and support in order to successfully meet grade level standards. Due to the covid-19 related school shutdown in March 2020, students did not take the ELPAC test so no data is available from that measure of language proficiency.

Conclusions based on this data:

From 2016-2019, Drifill showed steady progress on the CAASPP ELA in all grade levels with the exception of 4th grade. As a school our proficient population grew by 6%, which is double what the district grew. Given the current reality of distance learning and unfinished learning March - June of 2020, Drifill will likely continue to have a high percentage of our students not meeting standards. In order to continue making progress towards a larger percentage of students meeting or exceeding standards, our focus is geared at providing quality Tier 1 instruction in Language Arts. Writing across subject areas will be targeted since that was our weakest area based on CAASPP.

Conclusions based on this data:

Driffill showed progress on the CAASPP Math in all grade levels with the exception of 4th grade. Driffill increased the number of kids scoring proficient and advanced by 7%, which is nearly double the increase of the district. Given a lack of CAASPP scores from 2020 due to the covid-19 school shutdown, Driffill anticipates continuing to have a high percent of our students not meeting standards. In order to continue making progress towards a larger percent of students meeting or exceeding standards, our focus is geared at providing quality Tier 1 instruction in Math. We will spend additional time teaching fractions and geometry since those areas were indicated as a weakness based on CAASPP scores.

Conclusions based on this data:

Each year, Driffill continues to reclassify students who meet district metrics for reclassification. We still have a large population of EL students due to the fact that every year we have newly enrolled TK and Kinder students. Given the circumstances of the covid-19 related school closure in March 2020, we do not have recent ELPAC data for 2019-20. Anticipating similar academic needs among our English learners, Driffill will continue to provide additional supports such as scaffolding, vocabulary development, and exposure to academic English language. Driffill continues to target interventions in the areas of reading and writing for our EL students.

| Total Enrollment | Socioeconomically Disadvantaged | English Learners | Foster Youth |
| 1169 | 82.4 | 55.1 | 0.7 |

This is the total number of students enrolled.

This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.

This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.

This is the percent of students whose well-being is the responsibility of a court.

| Two or More Races | 5 | 0.4 |
| Pacific Islander | 1 | 0.1 |
| White | 14 | 1.2 |

Conclusions based on this data:

Due to COVID-19 and the school closures, there is no data for the 2019-20 school year. Nonetheless, Driffill continues to have a large population of socioeconomically disadvantaged students. In order to meet the academic needs, Driffill will make sure that their basic needs are taken care of first. Driffill will focus on strengthening designated and integrated English Language Development for English Language Learners. Driffill will continue to provide free breakfast and lunch to all students. Whether in person or remotely, Driffill will be sending Friday bags filled with food home to our homeless and foster families which include many EL students and continue having a winter closet that provides clothing for students who are in need of proper attire. Driffill will participate in the Operation School Bell, which helps families in need. Finally, Driffill has 4 Autism classes on campus in addition to 4 RSP teachers providing services in order to meet the needs of students with an IEP.

Conclusions based on this data:

Due to COVID-19 and the school closures, there is not data for the 2019-2020. For the 2018-19 school year, the dashboard indicates that Driffill must continue working for improvement in the areas of ELA and Math. Although our school doubled the growth of the district, as we gained 7% in Math and 6% in ELA, we still have a large percent of our population not meeting proficiency. This year we looked at what worked and what didn't to raise scores and are adjusting practices in the classroom to maximize the number of students in the MET/Exceeded category as measured by CAASPP. Our suspension rate and chronic absenteeism have declined over the last couple years.

Conclusions based on this data:

Due to COVID-19 and the school closures, there is not data for the 2019-2020. For the 2018-19 school year, at Driffill our English Learners, Reclassified students and English only students continue to make gains in Language Arts. Despite these gains, we continue to have a large percentage of our students not meeting grade level standards so we are targeting our specific areas of weakness as identified by the CAASPP. Writing is taking place in all subject areas to support student development in this area.

Conclusions based on this data:

Due to COVID-19 and the school closures, there is not data for the 2019-2020. For the 2018-19 school year, there has been good growth with our students with disabilities and our English Learners as we recognize these are our significant groups to support. We also recognize that the CAASPP has a different format and different question types which needs to be introduced and taught to our students. In order to prepare students we are using the IAB's and FIAB's as test prep. We have students writing in the subject area to explain their reasoning and procedures used in solving problems.

Conclusions based on this data:

Due to COVID-19 and the school closures, there is no data for the 2019-2020. For 2018-2019 school year, EL students continue to be reclassified and show progress, suspension for this group has also declined; progress has been minimal in language arts and math but continues to move forward. Our focus will continue to be Academic Math vocabulary and writing within the curriculum. Driffill strives to utilize evidence-based strategies to increase the proficiency levels of our English Language Learners. Designated and integrated ELD will be implemented using district adopted materials in order target English Language Learner growth. The instructional practices that have proved to be successful will be continued and we are adding ISP's and the implementation of AVID strategies to impact the growth of these students

Conclusions based on this data:

Due to COVID-19 and the school closures, there is no data for the 2019-2020. However, absenteeism significantly affects those particular students progress because of lack of consistency, but we do not have any significant absenteeism per ethnicity or grade level. Our EL, foster, and homeless population are missing the instructional support needed to close the achievement gap and further their English language acquisition. The ORC in collaboration with the attendance clerk, and Administration, will monitor student absences and will develop an incentive based system to improve the chronic absenteeism.

Conclusions based on this data:

Due to COVID-19 and the school closures, there is no data for the 2019-2020. Nevertheless, Driffill's cultural policy change and perception on student behaviors related to suspensions with the understanding of effective trauma have contributed to a decrease in suspensions. Driffill has also implemented the PBIS Program and a new district-wide formal progressive referral process which has helped with the reduction also. The data significantly reflects the implementation of a PBIS system that promotes student recognition, accountability and positive student/teacher relationship building. The PBIS model will continue to implement CHAMPS, reduce behavioral referrals, and ingrain a culture of growth mindset strategies. Driffill will continue moving away from a punitive system to restorative justice philosophy.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

We will target all Driffill students including: English Learners, Migrant, Special Education, Socioeconomically Disadvantaged, Foster, Homeless, African-American, and GATE.

Strategy/Activity

Ongoing PLCs training will be provided to our Leadership Team using the Leverage model Cycle of Inquiry. Site-wide PLC's will meet every Wednesday. During PLC's teachers will dis-segregate data and identify standards that a majority of the students are not mastering. Ensure full implementation of the CCSS in ELA, Math, Science and ELD in all grade levels using the board adopted materials.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

We will target all Driffill students including: English Learners, Migrant, Special Education, Socioeconomically Disadvantaged, Foster, Homeless, African-American, and GATE.

Strategy/Activity

Opportunities for additional instructional support including: digital and in-person peer coaching, professional development workshops, and virtual peer observation of BEST practices will be supported. In-person peer observation will be supported to the extent allowed by health regulations. Progress monitoring will occur by grade level or with individual teachers to identify specific students requiring support. Substitute teachers will be provided in order for teachers to observe peers or to engage in progress monitoring. Additional planning and collaborative time outside of contractual hours will be given to teachers for collaboration and reflection with grade level colleagues.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to Covid-19 and school closures, the CAASPP, ELPAC and CA Dashboard will reflect scores from the 2018-19 school year. At Driffill school, we experienced growth in both ELA and Math in 2018-2019. In order to continue to close the achievement gap, Driffill will hire two additional Intervention Service Providers to target students in all grades 1-8. In addition, we plan to continue implement effective strategies and activities that led to the growth and add additional strategies that incorporate a strong PLC environment.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We are maximizing budget allocations to PLC's, instructional support and materials to address the challenges of distance learning and to mitigate learning loss as a result of the covid-19 related school closure. However, due to the decrease in budget as compared to the 2019-2020, we are not able to fully implement programs we had in place in previous year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We have identified that strong PLC's will enable teachers to have planning time, analyze data and complete cycles of inquiry that lead to data driven instruction. Driffill is incorporating technology apps such as IXL, STMath for Math and Newsela and Lexia for Language Arts to supplement Tier I instruction and to mitigate learning loss.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support, School Climate, Attendance and Safety

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The social-emotional health of our students is equally as important as their academic success. Given the current public health crisis, the strategies and activities outlined above will be delivered both virtually and in-person as appropriate. The strategies/activities that we have articulated will increase positive behavior on campus and in the community and will help eliminate negative behaviors. These activities also strive to address and support social emotional needs of our students both in person and virtually. Our school was recognized as a silver medal PBIS school and we will continue to strive to improve our practices as we reach for the platinum level.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

To address the challenges of distance learning and to mitigate the learning loss related to the covid-19 school closure, we have designated maximum budget allocations to support attendance,

engagement, and social-emotional wellness strategies. Additionally, we have had students with ongoing attendance issues transfer to Driffill from other schools. Despite working with our counselor and Outreach Specialist, we have found it difficult to contact and build relationships that supports attendance of chronically absent student transfers. In such cases, expenditures may deviate from outlined strategies and activities due to individual family circumstances and their unique needs.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Given the current public health crisis, the implementation of these activities and strategies looks significantly different than years prior. Driffill will address this goal both virtually and in-person to the extent possible given health regulations. Driffill's goal continues to focus on increasing our daily attendance while also considering student engagement. Monitoring attendance and engagement must be a collaborative effort including teachers, parents, administration, the attendance clerk, the counselor and the Outreach Specialists. We are adopting a new monitoring system and developing an effective mode of communication among all stakeholders a daily, weekly and monthly basis. Many of our attendance activities will be reviewed and revised to increase the parents' awareness of the importance of attendance and engagement. An incentive program will be created and implemented so that individual students and families get recognized for meeting their attendance goals and objectives.

Goals, Strategies, & Proposed Expenditures

Goal Subject

Parent and Family Engagement

LEA/LCAP Goal

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Goal 3

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth.

Identified Need

To increase communication through websites and social media so parents and community are informed about district and school instructional programs and activities

To facilitate parent involvement in the educational and social-emotional well-being of their children.

To provide parents with technology training, equipment and resources for supporting distance learning and student engagement.

To provide a safe and productive learning environment for students to participate in distance learning.

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|---|--|--|
| EL Needs Assessment Survey | Based on the number of EL needs Assessment surveys returned in 2019-2020 parent education, enrichment activities and intervention were identified as areas of growth/need. | Goal of 2020-2021 is to increase the number of survey's returned by 10% in order to get a broader sense of area of need. |
| Average Attendance at ELAC | 2019-2020 The average number of attendees at ELAC meetings was 18 | Goal of 2020-2021 is to increase the number of attendees at ELAC meetings by 10% |
| Parent Attendance at Back to School Night | 2019-2020 750 parents signed in at our Back to School Night. This number will be used as a Baseline for parent attendance. | 2020-2021 The number of visitors to back to Back to School Night will increase by 10%. |

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

At Driffill it is our desire to welcome families to our campus and have them partner with us in educating our students. The more welcome they feel the greater the impact we can have on the Driffill population. We aim to build positive connection and relationships with parents and families to directly impact student achievement. Given the challenges of distance learning, Driffill must provide additional and targeted layers of family and parent support.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Money is allocated for our parents to attend workshops but only a small percent (9%) take advantage of the opportunity. The strategies outlined here provide more intensive support of families specific to the challenges of distance learning. Driffill has increased allocations to strategies related to this goal to provide ample, targeted support to families.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Adjustments are continuously made to this goal in order to accommodate parent time constraints.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

| Description | Amount |
|---|--------------|
| Total Funds Provided to the School Through the Consolidated Application | \$142,164.00 |
| Total Federal Funds Provided to the School from the LEA for CSI | \$0 |
| Total Funds Budgeted for Strategies to Meet the Goals in the SPSA | \$368,150.00 |

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

| Federal Programs | Amount (\$) |

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

| Name of Members | Role |
|---------------------|----------------------------|
| Gilbert Elizarraraz | Principal |
| Liliana Medrano | Classroom Teacher |
| Lisa Perris | Classroom Teacher |
| Carlos Torres | Classroom Teacher |
| Jessica Orozco | Classroom Teacher |
| Mayra Velasquez | Other School Staff |
| Alex Salazar | Parent or Community Member |
| Myriam Cervantes | Parent or Community Member |
| Carina Torres | Parent or Community Member |
| Da Xia Carillo | Secondary Student |
| Koda Blackbear | Secondary Student |
| Luis Camarena | Secondary Student |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on October 15, 2020.

Attested:

Principal, Gilbert Elizarraraz on 10/15/2020

SSC Chairperson, Myriam Cervantez on 10/15/2020

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Elm Street School will effectively meet the Every Student Succeeds Act (ESSA) by implementing the three Oxnard School District goals: Goal 1- All students will reach high academic standards in reading and mathematics. Goal 2- The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug free and conducive to learning. Goal 3 - Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth. Elm St. School will focus on the area of teaching and learning to successfully meet the needs of all students. The staff is dedicated to the full implementation of Common Core State Standards (CCSS) with an emphasis on technology through the implementation of 1:1 devices for all students in grades 2nd through 5th grade. We will implement CCSS through the following state adopted programs McGraw-Hill, My Math and Wonders/Maravillas. We will also be using Dual Language Units in Kindergarten and First grade written by our District to ensure CCSS is at the forefront in our Dual Language Classes. We are currently piloting Next Generation Science Standards (NGSS) and using FOSS kits. In addition, we implement several intervention programs. These interventions include small group instruction with Classroom Teachers, Reading Specialist and Instructional Support Providers. The teaching staff at Elm St. School is committed to the process of implementing CCSS and dedicated to higher level thinking and learning for all students. In order to implement CCSS, the Elm St. teachers are committed to meeting consistently in Professional Learning Communities in order to increase student achievement. Teachers focus on data driven instruction, assess students informally and informally to monitor student growth in the core areas and meet to analyze student data results to plan instruction and student interventions. The Elm St. School will focus on Positive Behavior Intervention Supports (PBIS) through the use of CHAMPS and MTSS to meet the needs of the

whole child including academics, behavior and social/emotional needs. Parents and community members will play an active role in the daily school activities with multiple opportunities to volunteer and participate in the school's educational program. Elm St. School maintains continual communication with all stakeholders through SSC, ELAC, Title 1 Meetings, Coffee with the Principal, PTA meetings, monthly informational calendar, and Connect Ed.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Instructional Leader is documenting a systematic approach to visiting classrooms to focus on the School-Wide Goals, and the Instructional "Look Fors" in order to give immediate positive feedback. Instructional Leaders goal is to visit one grade level a day and take anecdotal notes in order to observe daily routines and teaching practices, and provide support and guidance to ensure Common Core State Standards are being taught with fidelity at a rigorous level. .

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Through Professional Learning Communities (PLC) teachers will analyze and interpret data through the use of the following assessments tools to improve student achievement. The following tools will be used:

STAR 360 Early Literacy, Math & Reading in English, as well as Spanish for the Dual Language Immersion Program

ELPAC

CAASPP

IAB

Essential Literacy Skills (ELS)

Curriculum Benchmarks

BPST

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers meet weekly in Professional Learning Communities (PLC) to monitor student progress via the curriculum embedded assessments as well as discuss best teaching practices in order to move students forward. Student instructional groups for Universal Access, English Language Development, and intervention groups are determined based on these assessments.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered “highly qualified.” This is monitored by the district’s Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly. The addition of CANVAS lead teachers at each site has been a critical component during Distance Learning with the purpose of providing technology support at the site level to teachers.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors who provide support for Curriculum, Instruction, Biliteracy Programs, English Learner Services, Special Education and Pupil Services. An Instructional Specialists for science and a Math Manager work directly with teachers to support instruction in science and math. The guidance and support from the Educational Services Department has been crucial during Distance Learning, and providing centralized teaching schedules for teachers has been extremely valuable to give a defined structure to meet the educational needs of students. The Site Principals function as instructional leaders, and the addition of the Weekly Update to provide information to administrators has been a welcome addition during Distance Learning.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

The centralized teaching schedules have provided the opportunity for teachers to meet by grade level each week during the instructional day in order to be able to collaborate on best teaching practices and monitor student growth. The three School-Wide goals during the 2020-2021 academic year are writing across the curriculum, oracy and growth mindset in Math and English Language Arts. One of the teaching practices that we will continue to focus on more this year is writing across the curriculum, with an emphasis in Math. The emphasis will be to write out the steps in math in order to have a deeper understanding of the math concepts being taught. Another teaching strategy is to continue to incorporate a Growth Mindset approach to learning.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office, and the current centralized Distance Learning schedules meet the minimum requirement of minutes approved by the state of California. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials. During Distance Learning, all textbooks and materials have been provided to all students to take home. If families were unable to pick up materials, materials were mailed to the student or delivered to the student at home. Hot-Spots have been provided to households in need of them, so that every child has accessibility to Distance Learning during the COVID-19 Pandemic.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms, and during Distance Learning all textbooks and materials have been provided to all students to have at home. Additional on-line resources have been centrally purchased to provide access to standards-aligned materials remotely via the internet. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

First instruction is a critical component to enable under-performing students to meet standards. As a site, we will focus on the Instructional "Look Fors" as evidence for supporting instructional goals. Elm St. School spent a considerable amount of time analyzing all the Instructional "Look Fors" and coming to consensus, with an emphasis on how to support students during Distance Learning. The four Instructional "Look Fors" for the 2020-2021 academic year will be active participation of all students with scaffold support provided by teachers and students, instruction and student work are based on grade level CCSS, frequent checking for understanding and corrective feedback, and evidence of well-established routines and practices (CHAMPS) .

Evidence-based educational practices to raise student achievement

At Elm Street School, we will participate in Professional Learning Community practices, grade level teaming and collaboration to support first instruction. The Instructional "Look-Fors" have provided a foundation for best first instruction, and my classroom visits will have an instructional focus based on our School-Wide goals and the Instructional "Look Fors". The data collected from local assessments will guide and drive instruction in the classroom during whole group and small group intervention groups.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

At Elm St. School, throughout the school year, parents are invited to participate in a variety of educational and advisory opportunities. In March of 2020, when the school closure took place due to the COVID-19 pandemic, we learned to conduct our parent meetings remotely via Zoom. Agenda's continued to be provided via our site website, but most importantly we included Zoom link information for our families included with Agenda. What we learned at Elm St. School is that our families were able to actively participate remotely from their homes, place of business or work location with a sense of ease. What we also learned is that families prefer to participate remotely because they could stay at home caring for their families, maintaining their business hours, and taking their lunch/dinner break from work to connect. During the 2020-2020 academic year, we continued to offer meetings remotely. Coffee with the Principal has been moved from meeting in the morning to meeting in the late afternoon to accommodate family preferences. School Site Council (SSC), English Language Advisory Committee (ELAC), and Parent Teacher Association (PTA) will continue to be in the late afternoon to accommodate family preferences. Our SSC consists of 5 parents with direct input into our School Plan for Student Achievement (SPSA). The English Language Advisory Committee (ELAC) also provides recommendations to our SSC for English Language Learners (ELL) services to include into the SPSA. Parents are invited to our regularly scheduled SSC, ELAC, Coffee with the Principal, PTA, and Title I meetings to stay informed and provide input on programs available to our students. Our PTA provides parents the opportunity to participate in fundraising opportunities and programs that support the educational programs at Elm St. School. Parent workshops, classes, and trainings are offered throughout the school year (CABE Project 2Inspire, Triple P positive parenting, Healthy Bodies Healthy Minds, Nutrition, mental health, family reading nights, Latino Literacy project, Loving Solutions, Parent Project, Citizenship, etc.). Parents are also encouraged to attend our Back to School Night which includes our Title 1 Meeting, Reading Nights, trimester awards ceremonies, parent-teacher conferences in Fall and Spring, volunteer in classroom and chaperone students on field trips.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

It is critical to have all the stake holders involved in the evaluation of the ConApp Programs. At Elm St. School, the Principal has developed a yearly calendar to ensure that all the stake holders are involved. In March of 2020, the Leadership team met on a weekly basis instead of monthly to ensure involvement. During the 2020-2021 academic year, the Leadership Team has been meeting bi-monthly, and notes are sent out to all Elm St. Staff at the end of the day. The notes have kept us accountable to meet with grade level teams about what was discussed and if anything needs to be discussed at the next Leadership Team or at the next Staff Meeting. The Principal also meets with the SSC, ELA, and PTA on a regular basis to share goals for the year. Coffee with the Principal is also an informal manner to receive recommendations or get feedback from the community. Even though Coffee with the Principal is an informal gathering, valuable information has been shared regarding school safety, and community safety at large.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

The following services will be funded to enable under performing students to meet the standards:

- Kindergarten Paraprofessional Support
- Intervention Support Providers
- Professional Learning Communities
- Enrichment Field Trips
- Substitutes for SST/IEP meetings
- Library Media Tech
- Professional Development and Conferences

Centralized Funding has provided extra support through the hiring of an Intervention Support Provider (ISP), which will target small group intervention in reading with an emphasis in the primary grades. Site funding thorough Title III will be allocated to support English Language Learners ELL) by providing extra support through an additional Intervention Support Provider (ISP), which will also target small group intervention in reading. Title I funding is also being provided for teachers to provide tutoring afterschool.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide" Title I. Funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Language Learners (ELL). The district receives Supplemental and Concentration LCFF funding, and sites are allocated a portion of these funds in order to provide additional resources toward student achievement. Elm St. School has put an emphasis in providing the necessary resources to support students, families and staff with Distance Learning resources.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The Instructional Leader began the involvement process for the SPSA and Annual Review and Update with the Leadership Team. The proposed 2020-2021 school budget was also shared along with the correlation of the three SPSA goals to the allocation of funding. Each grade level Leadership Team Member shared the SPSA at their grade level meeting and new goals were set for both English Language Arts and Mathematics. The Instructional Leader shared the SPSA along with the budget with SSC as well as the ELAC committee. The instructional Leader collected feedback from the following groups in order to support all the strategies/activities as written in the SPSA. The proposed 2020-2021 school budget was aligned directly with the three goals as stated in the SPSA. The SPSA is a living document and will be shared with stakeholders and we will be reviewing the effectiveness of each action as detailed in the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

The Outreach Coordinator (ORC) position was vacant due to COVID-19 Family Leave, and a replacement was not able to be provided. The ORC position is a critical component for family outreach especially during Distance Learning. The primary role of the ORC during Distance Learning is to connect families with needed services and to provide support for technology access, especially for the use of new platforms and programs, such as CANVAS, STMath and Lexia. In the absence of an ORC, many of those duties have been handled by the principal and office staff.

| Grade 4 | 112 | | 106 |
| Grade 5 | 124 | | 97 |
| Total Enrollment | 631 | | 562 |

Conclusions based on this data:

Elm St. School had a significant loss of enrollment in Kindergarten. During the 2019-2020 academic year, Elm had four Kindergarten Classes, and we dropped down to three Kindergarten classes. It is most likely that families did not enroll their children due to the COVID-19 pandemic and Distance Learning. Our enrollment went from 550 in the 2019-2020 academic year to 525 in the 2020-2021 academic year.

| Reclassified Fluent English Proficient (RFEP) | | | 60 | | | 14.0% |

Conclusions based on this data:

Elm St. School had a high increase in students reaching reclassification criteria from the previous year. During the 2017-18 Academic year, 12 students were re-classified. During the 2018-19 academic year, 51 students were re-classified. Teachers have a designated ELD block, which focuses on the four domains. Due to the the fidelity of ELD, a greater number of students have been re-classified.

Conclusions based on this data:

Due to school closures in March of 2020, our third through fifth grade students were not given to opportunity to take the CAASPP assessment in May of 2020 which has driven us to look at local assessments more closely for the data information needed to drive instruction. When analyzing the STAR 360 data in both Reading and Early Literacy, Elm St. School was on a positive trajectory of growth in all grade levels in Reading and Early Literacy in English and Spanish when comparing Fall 2019-20 and Winter 2019-2020 Scale Scores (SS) and Percentile Data. Currently our Fall 2020-2021 data reveals that our students regressed in comparison to State and District comparisons in both Reading and Math STAR 360 data, except in the area of STAR Reading Spanish Proficiency Rate (District Benchmark). Elm St. School has an overall 4.2 increase as compared to the District Benchmark. When we look at the Leading indicators of student achievement in reading: Star Reading Proficiency Rate (District Benchmark), Elm St. School has an overall lower proficiency of 8%, and the Urgent Intervention group is 10.9% higher as compared to the District benchmark. In the State Benchmark, Elm St. School has an overall lower proficiency of 10.8%, and the Urgent Intervention group is 21.2% higher as compared to the state benchmark. In the area of Student Growth Percentile (SGP), Elm St. School is has an overall lower percentage of 6.3% of students in the high growth area. Elm St. School also has an overall larger group of students in the low growth rate of 6.3% of students as compared to the District. When we look at the Leading indicators of student achievement in early literacy: Star Early Literacy English Proficiency Rate (District Benchmark), Elm St. School has an overall lower proficiency of 16.3%, and the Urgent Intervention group is 10.8% higher as compared to the District benchmark. In the area of star Early Literacy Spanish Proficiency Rate (District Benchmark), Elm St. School has an overall lower proficiency of 3.9%, and the Urgent Intervention group is 0.4 less as compared to District benchmarks. In the area of Student Growth Percentile (SGP), Elm St. School is has an overall lower percentage of 10% of students in the high growth area. Elm St. School also has an overall larger group of students in the low growth rate of 10% of students as compared to the District. As a site team, we need to recognize the positive trajectory of growth that Elm St. School was on prior to March of 2020. As a site team, we are also very aware of the significant loss of instruction that took place during Distance Learning as compared to the District Benchmarks. As a site team, we have established our School-Wide goals and Instructional "Look Fors" with this data at the forefront. We will continue to work as a Professional Learning Community and go through the Cycle of Inquiry to meet the needs of our students during these challenging times of the COVID-19 Pandemic, and provide the best First Instruction to our students via Distance Learning.

Conclusions based on this data:

During the 2018-19 Academic year, 51 students were re-classified. During the 2019-20 academic year, 18 students were re-classified. In March 2020, due to the COVID-19 pandemic and school closures, we did not administer the ELPAC test which was scheduled to start the week of March 16, 2020. Teachers continue to have a designated ELD block via Distance Learning, which focuses on the four domains.

This is the total number of students enrolled.

This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.

This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.

This is the percent of students whose well-being is the responsibility of a court.

| Pacific Islander | 2 | 0.3 |
| White | 11 | 1.9 |

Conclusions based on this data:

The majority of our students at Elm St. School are both Socioeconomically Disadvantaged and English Language Learners. With this knowledge, we have to be very mindful of the ELPAC scores and use this information to drive instruction.

Conclusions based on this data:

Due to school closures in March of 2020, our third through fifth grade students were not given to opportunity to take the CAASPP assessment in May of 2020 which has driven us to look at local assessments more closely for the data information needed to drive instruction. When analyzing the STAR 360 data in Reading , Early Literacy, and Math Elm St. School was on a positive trajectory of growth in all grade levels in Reading and Early Literacy in English and Spanish when comparing Fall 2019-20 and Winter 2019-2020 Scale Scores (SS) and Percentile Data. Elm St. School was closing the achievement gap. As a result, Elm St. School has reviewed CAASPP and STAR 360 data and agreed on School Wide goals and Instructional "Look For" focuses in order to drive the Professional Learning Communities (PLC) during the 2020-2021 academic year. Elm St. School is doing very well overall in the area of Absenteeism, but we have put some new procedures in place to increase our Attendance Rate as well as kept procedures that have supported an overall increase in attendance. Classrooms are rewarded after 5, 10, 15 and 25 days of consecutive days of perfect attendance with positive incentives. Classrooms are also able to fill in a Perfect Attendance Banner. A letter is filled in every time the class has perfect attendance. This perfect Attendance Banner does not have to be completed in consecutive days. When the banner is completely filled in the class receives a positive incentive. Each of these strategies have been put in place to focus on the positive. The Attendance Tech and Counselor are also working directly with the students with disabilities to increase the overall attendance in this specific category. Individual incentives are given to students with a higher percentage rate of absenteeism. During Distance Learning, we will be recognizing one classroom per grade level with the highest percentage of attendance. We will have goodie bags filled with attendance incentives. Elm St. Schools overall suspension rate is very low. As the I continue as Principal and no longer the Interim Principal, I will continue to implement the strategies of Restorative Justice in order to decrease the rate of suspension in the student group of students with disabilities. I have also been working with the Counselor and Classroom teachers to look at other alternatives for Suspension. The implementation of CHAMPS in every classroom has also supported a low suspension rate and we will continue to use CHAMPS strategies to continue to lower our overall suspension rate.

Currently our Fall 2020-2021 data reveals that our students regressed in comparison to State and District comparisons in both Reading and Math STAR 360 data, except in the area of STAR Reading Spanish Proficiency Rate (District Benchmark). Elm St. School has an overall 4.2 increase as compared to the District Benchmark. When we look at the Leading indicators of student achievement in reading: Star Reading Proficiency Rate (District Benchmark), Elm St. School has an overall lower proficiency of 8%, and the Urgent Intervention group is 10.9% higher as compared to the District benchmark. In the State Benchmark, Elm St. School has an overall lower proficiency of 10.8%, and the Urgent Intervention group is 21.2% higher as compared to the state benchmark. In the area of Student Growth Percentile (SGP), Elm St. School is has an overall lower percentage of 6.3% of students in the high growth area. Elm St. School also has an overall larger group of students in the low growth rate of 6.3% of students as compared to the District. When we look at the Leading indicators of student achievement in early literacy: Star Early Literacy English Proficiency Rate (District Benchmark), Elm St. School has an overall lower proficiency of 16.3%, and the Urgent Intervention group is 10.8% higher as compared to the District benchmark. in the area of star Early Literacy Spanish Proficiency Rate (District Benchmark), Elm St. School has an overall lower proficiency of 3.9%, and the Urgent

Intervention group is 0.4 less as compared to District benchmarks. In the area of Student Growth Percentile (SGP), Elm St. School is has an overall lower percentage of 10% of students in the high growth area. Elm St. School also has an overall larger group of students in the low growth rate of 10% of students as compared to the District. As the instructional leader, I need to re-interact and recognize the positive trajectory of growth that Elm St. School was on prior to March of 2020. As the instructional leader, I am also very aware of the significant loss of instruction that took place during Distance Learning as compared to the District Benchmarks. As a site team, we have established our School-Wide goals and Instructional "Look Fors" with this data at the forefront. We will continue to work as a Professional Learning Community and go through the Cycle of Inquiry to meet the needs of our students during these challenging times of the COVID-19 Pandemic, and provide the best First Instruction to our students via Distance Learning.

In all four domains of Reading, Writing, Listening and Research & Inquiry SBAC All Grades ELA/Lit Summative for the 2018-19 academic year the percentage increased in the Above Standard Area which is positive growth. In the domains of Reading, Writing and Research & Inquiry for the 2018-19 academic year the percentage rate increased in the Near Standard Area which is also positive growth. in the domain of Reading the percentage of students decreased in the Below Standard Area which is also positive growth. We want to see the least amount of students in the Below Standard Area, and increase our percentage rates in the Near Standard Met and the Above Standard Met. The area of greatest concern is the percentage of students in the Below Standard Met in the four domains of Reading, Writing, Listening and Research & Inquiry. In the area of ELA Cohort data: Distance From Met (DFM) the current fifth graders decreased/closed the achievement gap by 29.6%. Unfortunately, the current fourth graders increased the DFM by 7.5%. In order to address the areas of greatest concern, the entire Elm St. School Staff has committed to working in Professional Learning Communities (PLC's). The Elm St. School Staff is being provided with PLC time during the instructional day for an hour twice a month to meet as a grade level to work on addressing these concerns. PLC time is also being provided three times a month on Tuesday afternoons for at least an hour if not more. Grade level teams have also been working together for an additional hour during the week to continue collaborating. PLC time is dedicated time to working as a team to collaborate regarding best teaching practices in the area of Writing and Math, which are our two areas of focus for the year. There is an agenda provided for the PLC time. The areas of focus are discussed during the monthly Leadership Team meeting. PLC time will also be focused on reviewing student data as well as looking at student work samples. After reviewing student data on a six to eight week cycle, teachers will decide how to modify the small group interventions that are taking place during the day with the support of the two Intervention Support Providers and the Reading Specialist.

In all three mathematical domains of Concepts & Procedures, Problem Solving & Modeling/Data Analysis and Communicating Reasoning the percentage of students in the Above Standard Area increased in the 2018-19 academic year. In the area of Concepts & Procedures and Problem Solving & Modeling/Data Analysis the percentage of students decreased in these two areas which is positive. What is the greatest concern is that in all three domains the percentage of students in the Below Standard Area increased. In the area of Math Cohort data: Distance From Met (DFM) the current fifth graders decreased/closed the achievement gap by 23/3%. As a staff, we will also be using resources from Jo Boaler and access her Youcubed website. In the area of mathematics, growth mindset concepts will be implemented into the daily routine like Number Talks. The teachers that went to the summer math training on growth mindset will be leading professional development opportunities during the November SIP Day as well as Staff meetings dedicated to Professional Development during the year.

Conclusions based on this data:

During the 2018-19 Academic year, 51 students were re-classified. During the 2019-20 academic year, 18 students were re-classified. In March 2020, due to the COVID-19 pandemic and school closures, we did not administer the ELPAC test which was scheduled to start the week of March 16, 2020. Teachers continue to have a designated ELD block via Distance Learning, which focuses on the four domains. Elm St. School student's are progressing from Level 1:Beginning Stage to Level 4:Well Developed at a moderate level. Students in the Level 4: Well Developed Category and Level 3: Moderately Developed Category are at 60.5% This is a significant number of our students progressing from the lowest to the highest level on English Language Proficiency Assessments for California (ELPAC).

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students

Strategy/Activity

Provide time, through grade level collaboration meetings for teachers to consistently meet weekly in a Professional Learning Community (PLC) forum for at least one hour to collaborate in order to increase the capacity of teachers to deliver effective data-driven instruction and to provide opportunities for teachers to collaborate to improve teaching and learning. Grade level collaboration is also a critical component of the Student Study Team process in order to share concerns regarding students, and provide intervention supports. Teachers develop intervention opportunities for struggling students, and once intervention data has been analyzed the next step

would be to follow up with Student Study Team process to document concerns and follow through with next steps to support student.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to school closures in March of 2020, our third through fifth grade students were not given to opportunity to take the CAASPP assessment in May of 2020 which has driven us to look at local assessments more closely for the data information needed to drive instruction. When analyzing the STAR 360 data in Reading, Early Literacy and Math, Elm St. School was on a positive trajectory of growth in all grade levels in Reading, Early Literacy and Math in English and Spanish when comparing Fall 2019-20 and Winter 2019-2020 Scale Scores (SS) and Percentile Data. Meeting as grade level teams and focusing on the Professional Learning Community cycle of inquiry guide teachers, and the data at Elm St. School confirmed the importance of meeting in Professional Learning communities with fidelity. Teacher collaboration by grade level was provided twice a month during the instructional day, as well as three times a month after-school to be able to

collaborate on best teaching practices and monitor student growth with fidelity. Our current STAR 360 data in Reading, Early Literacy and Math reflects the challenges the Elm St. School community has encountered through Distance Learning. The changes described in the SPSA 2019-2020 supported the positive trajectory which was the following: To address the issue with teacher collaboration, during the 2019-20, a PLC calendar has been developed. The Principal will hold a Leadership Team meeting the first Monday of the month followed by a PLC meeting the next day. There will only be one Staff meeting a month and the rest of the Tuesdays will be dedicated to PLC/grade level meetings. In addition, the 2 Intervention Support Providers (ISPs) along with the Principal will be covering classes in order to provide an additional PLC time to take twice a month for each grade level. During the 2019-20 academic year, only 2 ISPs will be hired to continue with Tier 2 intervention as well as providing support to teachers to meet for PLC collaboration twice a month.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Our current STAR 360 data in Reading, Early Literacy and Math reflects the challenges the Elm St. School community has encountered through the closing of school due to the COVID-19 Pandemic and Distance Learning.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The Instructional Leader is documenting a systematic approach to visiting classrooms to focus on School-Wide Goals, and the Instructional "Look Fors" in order to give immediate positive feedback. Instructional Leaders goal is to visit one grade level a day and take anecdotal notes in order to observe daily routines and teaching practices, and provide support and guidance to ensure Common Core State Standards are being taught with fidelity at a rigorous level.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|-----------------------------|---|--|
| Suspension Rate | School suspension rate was 0.15%, less than 1%. | Continue to maintain 1% or lower suspension rate. |
| Attendance | Continue to monitor attendance via A2A and have the ORC and Attendance Tech continue early intervention. ADA was 96%. | Maintain a 97% ADA via parent mini-SARB meetings and communication from school to home on the importance of attendance. |
| Office Discipline Referrals | Use PBIS and counselor support to continue to promote positive behavior. Office discipline referrals were 15%. | Reduce office discipline referrals by 10% through the use of office discipline referral forms which facilitate more teacher interventions, and ongoing PBIS training for all staff. Structured recess time activities to reduce the number of disciplinary matters during unstructured time. In addition to building and strengthening relations with Elm families through parent nights and community events. |

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The social-emotional, health and well-being needs of students has been consistently met though the overall implementation of the strategies/activities on a consistent basis. In working with the School Counselor and ORC, we have identified the need to make our 5th grade student leaders take a more active role in this goal.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There are no differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal in comparison to the previous year. There is no additional cost.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The incorporation of the Panorama Survey for third through fifth grade students has provided valuable data when implemented the Spring of 2020. Elm St. School had a very high percentage of third through fifth grade students participating in the survey during the time of school closures due to the COVID-19 pandemic. The data collected has been shared with teachers, and our school counselor has created small groups to address the data collected from the Panorama Survey. During the 2020-2021 Academic Year, the Panorama Survey has been modified to include Kindergarten through fifth grade students. The Panorama Survey will be administered three times throughout the school year, with guidance and support by School Counselor.

Monthly Coffee with the Principal meetings will be held with no set Agenda. Even though there is no set agenda, families have been actively participating to create a safer environment by addressing Elm Community concerns. The families that attended Coffee with the Principal in the 2019-2020 academic year worked collectively to ensure all students and families would be safe during ingress and egress by contacting the City of Oxnard and sharing their concerns with no stop sign or safe crossing area on the corner of Gissler and Fir St. The families with guidance and support from the Principal worked proactively to contact the City of Oxnard, and ultimately a new crossing area was created on the corner of Gissler and Fir St. A safe crossing area was made by installing a pedestrian signal with lights to alert oncoming traffic that a pedestrian is crossing in the newly painted area. Most topics that have been brought up by families are safety concerns regarding the Elm St. School surrounding areas, but the discussion of academic programs have also been brought to the forefront. During the 2020-2021 academic year, Coffee with the Principal is being held virtually via Zoom.

Mail was sent home to families to increase communication, and increase student engagement. Letters and packets were mailed via postal service for further communication and student engagement between the school and the home. We increased postage by \$300 during the 2020-2021 Academic year to account for the number of letters, and student packets that needed to be mailed due to school closures and the COVID-19 pandemic.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Families will be welcomed and afforded meaningful and productive opportunities to participate in their child's academic and social-emotional growth which has been consistently met through the overall implementation of the strategies/activities on a consistent basis. The strategies/activities from the 2019-2020 academic year will continue during the 2020-2021 academic year to achieve the articulated goals with a few changes. Since the school closures in March 2020, we have had to conduct our parent meetings virtually via Zoom and this has been a very positive experience. Families have been able to actively participate in SSC, ELAC and Coffee with the Principal without having to leave their families, place of business or work. Families have been able to actively participate without feeling the pressure of time constraints since we are holding meetings virtually. Once school resumes, I am going to continue to offer families the opportunity to meet on the school campus or meet virtually.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There are no differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal in comparison to the previous year. There is no additional cost.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

There are no changes that have been made to this goal other than now being able to connect with families virtually.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

| Description | Amount |
|---|--------------|
| Total Funds Provided to the School Through the Consolidated Application | \$90,406.00 |
| Total Federal Funds Provided to the School from the LEA for CSI | \$0 |
| Total Funds Budgeted for Strategies to Meet the Goals in the SPSA | \$191,727.00 |

Other Federal, State, and Local Funds

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 0 Secondary Students

| Name of Members | Role |
|-------------------------------|----------------------------|
| Rosario V. Almanza | Principal |
| Erica Cahue, Vice President | Classroom Teacher |
| Jose Torres, Parliamentarian | Classroom Teacher |
| Patricia Ambriz | Classroom Teacher |
| Veronica Hernandez, Secretary | Other School Staff |
| Bertha Martinez, President | Parent or Community Member |
| Mirna Rojas | Parent or Community Member |
| Alberto Martinez | Parent or Community Member |
| Ramona Centeno | Parent or Community Member |
| Selena Rodriguez | Parent or Community Member |

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

| Signature | Committee or Advisory Group Name |
|---|--|
|  | School Site Council <i>Bertha Mtz. 10-12-2020</i> |
| | English Learner Advisory Committee <i>10-12-2020</i> |

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on October 12, 2020.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE’s Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE’s School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school’s plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Oxnard is the largest city in Ventura County. Oxnard is a vibrant city enjoying an ethnically diverse population of close to 200,000 residents. R.J. Frank was established in 1994 and is one of 20 schools added to the Oxnard Elementary School District. At the start of the 2014-2015 school year, R.J. Frank 6th grade to our school population and served 1,358 students in grades six, seven, and eight. The 2015-16 had 1,250 and 2016-17 1,310 students. In 2017-2018 school year was 1,245. The 2018-2019 enrollment was at 1260 with a waiting list of over 60. Currently our enrollment at Frank is 1184. R.J. Frank Middle School also transitioned to an Academy of Marine Science and Engineering through the support of a Magnet School Assistance Program Grant. The addition of the academies has supported the increase in elective offering for our students including: five robotics & four marine science elective classes (an increase of 2 classes in 16-17), oceanography and robotics units taught to all classes 6th through 8th grades. We have created a community partnership with California State University Channel Islands Crossing the Channels grant to support our Marine Science classes to work with Channel Islands University students, CSUCI professors and undergraduates. We are proud to announce that our school has recently won the prestigious Stem Golden Gear award for our excellent robotics program and the excellence award. Our school is also the host of the Oxnard School District's Newcomers Academy (NCA) for students who have arrived into the United States within the last two years. This NCA supports students' accelerated English Language Development in a supportive setting with the flexibility to allow students to move to higher level ELD classes and mainstream as they show progress in their acquisition of English. Frank School of Engineering and Marine Sciences sciences is a culturally diverse school community serving students from Latin America, Philippines, Japan, Iran, with students coming from homes speaking

thirteen different languages. Due to Covid 19 and our cohort model we have added an additional robotics and PE teacher for this school year in order to maintain safe distance. All campuses will also have two additional ISP positions to assist with improving literacy amongst our LTEL population.

The purpose of this plan in regards to goal one is to coherently align resources towards our mission and vision of our school and the district. The overall structure of this plan revolves around creating systems that allow for increased collective self efficacy for teachers. The classroom teacher is regarded in research as the most impactful employee when it comes to student achievement. This plan provides support for teachers in four key areas. The key areas include collaboration, content knowledge, pedagogy, and equity consciousness. This school year we are also placing more priority on developing opportunities for parents, staff and students to build self efficacy in the area of technology due to Covid 19. We believe and research shows that these are the most required areas for teachers in regards to teaching all students regardless of socioeconomic status, gender, perceived ability level or race. We feel that if any one of these areas are missing then the teaching staff can not fully gain collective self efficacy which in turn will lead to students not reaching their full potential.

Within goal two the plan focuses its efforts on addressing the whole child in regards to socio emotional needs. We have aligned resources to expand our PBIS program in a distance learning/hybrid environment, to strengthen our champs system, and to continue to utilize restorative practices. Our counseling program will continue with SEL pedagogy and student outreach including virtual circles. Our Outreach Coordinator will also be utilized to assist in home visits, parent education and progress monitoring. Our City impact grant will allow us to utilize two full time mentors to assist with our 8th grade students that are most at need.

Goal three addresses our parent engagement focus. We believe that it does take a village to raise a child. This plan encompasses that philosophy by giving parents ample opportunities to attain knowledge at the site. We are an asset minded community and we have opportunities for parents to provide input that can lead to improving student outcomes. Goal three addresses these efforts by outlining the way in which resources and strategies were used.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

We had regular classroom observations at our site from administrators. We looked at our three instructional goals which are claim, evidence, reasoning along with collaborative conversations and group discussion to inform thinking. This was done school wide.

Additionally we conducted EL shadowing as a classroom observation tool to look at the amount of active engagement done so by EL learners.

Lastly we started reflective learning walks. The goal of the walks was to look at student learning and how they relate to claim, evidence, reasoning along with collaborative conversations and group discussion to inform thinking. We started with our leadership team and utilized Leverage Learning Group to build capacity with the process. The goal was to spread this throughout our site so that teachers can see student learning across campus.

Additionally this year we will be conducting virtual reflective walks in order to build capacity amongst our teachers within a distance learning format.

During our administrative visits and our reflective learning walks we collect quantitative data and give immediate feedback in order for everyone to have a common dialogue in the area of high leverage teaching practices in order to focus on good initial first teaching.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

We utilized CAASPP data at the start of the year to recognize student levels and to look at claims and targets. This was primarily used for teachers to do initial planning for the year. Teachers looked at grade level CAASPP data and cohort data. This data was also used through a report called distance from met which allowed teachers to have conversations with students on how close they were to the next level.

During the year teachers used IAB data to discuss student levels in relation to the rigor of CAASPP. This was the second year for teachers in our district to use this data. A big part of this process was building capacity on how the collective scoring of the IAB can inform instruction. Additionally we had conversations about how DOK levels relate to the rigor of the IAB's and how that corresponds with the classroom activities.

Additionally the teachers utilized professional learning communities to create common formative assessments for the second year. The CFA's were aligned to the IAB's which were aligned to the CAASPP. This formative assessment was given by all departments to inform instruction. All departments completed at least 3 full cycles of inquiry through the PLC process which included the development of a smart goal, creation of a CFA, analysis of CFA results, creation of interventions aligned to the needs, and a shift in instruction and planning based on the CFA data. Some departments completed four cycles of inquiry.

Star 360 data was also used by teachers to determine reading levels and math proficiency. Teachers used this data to identify student need. This led to strategic grouping and differentiation by the teacher.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

We utilize progress monitoring on a continuous basis. We look at Star 360, Common Formative Assessments, IAB's and CAASPP data to modify instruction through our PLC process. We utilize a cycle of inquiry through grade level/content specific teams that give formative data at least every three weeks. We also look at teacher grades to identify students who may need assistance. Counselors regularly call student's in to check promotion status as well.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered "highly qualified." This is monitored by the district's Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow up training is available to continue to support the use of the materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors who provide support for Curriculum, Instruction, Biliteracy Programs, English Learner Services, Special Education and Pupil Services.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

We finished phase two of PLC implementation based on Dufour methods. We have a shared understanding of the fundamental purpose of PLC's. We have revamped our mission and vision statements. Our staff understands our current reality of our data. We have one hour allotted per week for PLC collaboration. We have developed meaningful teams by having our grade level and content area specific teams work together. All of our teams have created team norms and have built capacity to have effective collaboration. Our teams have identified essential standards and have aligned a guaranteed and viable curriculum. Lastly our PLC teams have determined goals aligned to school goals and have gone through at least four cycles of inquiry over two years. During COVID 19 we have maintained our PLC time through a negotiated schedule with our teachers union.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Using the PLC (Professional Learning Communities) model, we work collaboratively to support the use of instructional strategies aligned to current CA Common Core State Standards. The state adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

We help our underperforming students at Frank through a tiered system of support. In tier 1 our PLC teams identify students of need through our cycles of inquiry and CFA, Star 360 CAASP, IAB data and grades. In tier 2 we utilize our COST and SST process to utilize a team to make plans for student success either academically, socio emotionally or physically. Lastly we have our Care Center as our Tier 3 intervention. This placement puts students in a smaller class environment with more one on one support and attention. It also aligns numerous outside resources to coherently address the whole child. During remote learning we utilize our care center teacher to help other teachers establish norms of online learning for students who may need assistance. Lastly we have two mentors that are assigned to students who may need further connection. These two mentors follow the students from seventh to eight grad.

Evidence-based educational practices to raise student achievement

At Frank We have utilized our PLC process as our overarching vehicle. The three things it drives are the three components every teacher should be able to do to teach all students regardless of race, gender, SES or ability level. Those three items are similar to a three legged stool, without anyone of them the stool falls. The first leg of the stool is content knowledge. All of our teachers receive district and site training on content knowledge to keep them up to pace. The second leg is pedagogy knowledge. As a site we have focused on some high leverage teaching skills from the meta analysis of Hattie and Deborah Ball for the past three years. These include forming respectful relationships with students, eliciting and interpreting individual students thinking, implementing norms and routines for class discourse and work, providing oral and written feedback to students, setting up and managing small groups and setting short and long term goals for students. Additionally under pedagogy we have developed three growth areas that are also coherently aligned with our AVID site goals. This includes claim, evidence, reasoning and developing academic discourse in small group collaborative conversations along with having group discussions to come to a collective understanding. The last leg includes developing an equity consciousness throughout the staff. We have looked at disproportionality of F rates, suspension rates, test results and classroom referrals through equity audits in order to gain some insight on how to address our students needs in an equitable way.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Our parents have a number of opportunities to get involved at Frank. Last year we were utilizing a parent empowerment program called Project 2 Inspire which focused on increasing the capacity of our parents to be able to navigate the public education systems. We also have parent participation in our SSC, ELAC and our PTO. Parents collaborate with staff during parent conferences, IEPs and SSTs. Lastly we utilize our ORC position, counselors and administration to complete educational opportunities for parents on campus. Some of the topics included the utilization of technology, cyber bullying, and the dangers of vaping.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Our parents, community members, teachers, staff and students are involved in the planning, implementation and evaluation of our programs. During the planning phase our leadership team, ELAC committee and SSC committee meet to discuss school goals as they pertain to our data for CAASPP, Star 360, grades, suspension rate, attendance rate and reclassification rate. During those meetings we look at cohort data and grade specific data spanning five years. The three groups establish and evaluate goals using a SMART goal approach so that goals are specific, measurable, achievable, relevant and time-bound. Our leadership students also have input on our goals and we present our goals to the community and students through lobo news, open house and grade level assemblies. The implementation of these programs is closely monitored by our leadership team through our leadership professional learning community. During that time we continuously participate in progress monitoring and revisit action items to ensure follow through and collective responsibility. Our ELAC and SSC committees meet regularly to discuss the implementation of our programs and how progress is moving along. Lastly our leadership team does evaluate our programs by looking at our current reality end of the year summative data as well as our formative data. After this evaluation they bring that information back to their grade level PLC teams so that we can start the cycle of inquiry which would then lead us back to planning and goal setting once again. Our SSC and ELAC teams also work to evaluate the outcomes of our expenditures in order to form new goals and to adjust current goals and strategies along the way.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

We used categorical funds in a multitude of ways to ensure success for our underperforming students. We allocated funds to allow for extra hourly pay for teachers to collaborate within their professional learning communities. During this time the teachers identify struggling students and develop interventions for those students during the school day. We also allocated funds for instructional assistants to be in every newcomer classroom. The newcomer program services our students who have been in the country for two years or less. This student population has considerable needs and therefore needs this extra support so they do not underperform. Additionally we utilized categorical funds to provide AVID tutors. We have AVID electives that serve students who are striving to be first generation college students. AVID Excel is for our Long Term English Learners who are struggling with reading, writing and the use of academic language therefore have not met the reclassification criteria. By funding the tutors we therefore ensure that students are accessing core subject with success. Lastly we allocated funds for teachers who were on the leadership team. This was done to build capacity and collective teacher self efficacy as it pertains to pedagogy and collective leadership.

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Towards the end of last year and at the start of the year our teacher leadership team reviewed all of our data. We broke it down and desegregated multiple pieces of data by EL, race, SES and SPED. We then looked at our four five year trends to address our growth areas. We looked at cohort data as well to be able to analyze and set smart goals. Our SSC committee met and discussed key components of the SPSA twice during the start of the year and approved the SPSA in October. Our ELAC committee gave input at the start of the year with final input before approval coming in October.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Our EL population has shown some inequities during COVID 19 as demonstrated by the disproportionate absence rates. When compared to our EO population our EL population is marked absent at a higher rate. Additionally budget cuts led to a decrease in AP's a year ago, decreased clerical, decreased OT for clerical, elimination of a TOSA, elimination of math mentor and tech

mentor positions, a decrease in hourly pay (collaboration) for teachers and a decrease in campus supervisors all led to resource inequities.

| Total Enrollment | 1,252 | | 1,207 |

Conclusions based on this data:

Our enrollment dropped from 2016-2017 to 2017-2018. Our enrollment for 2018-2019 has remained steady at 1260. Two years we lost three teachers to declining enrollment districtwide and last year we lost two more. Consequently last year our enrollment was 1260 which is full and led us to having a wait list of over sixty students. This wait list was largest in the district and in school history. We are a school of choice and many parents choose to send their students to Frank. This year our enrollment has been capped at 1200 due to the reduction of staffing and the need to keep class sizes under the contractual cap. Our demographics have remained consistent as well with hispanics being by far the majority at our site at 90% or higher on a regular basis.

Conclusions based on this data:

Our overall percentage of EL learners has remained consistent. Our percentage reclassification rate decreased this last school year due to a focus we had in 2017-2018 to reclassify our special education EL population. That focus in 2017-2018 led to a large number of reclassifications. In 2019-2020, 15% of English learners were reclassified. 10% being general education English learners, and 5% Special education English learners. We continue to have data chats with the remaining 5 students who met the state ELPAC criteria for reclassification but have not met the local reading criteria.

Conclusions based on this data:

Our most recent CAASPP scores were from 2018-2019 due to the COVID pandemic. For those scores our 6th grade language arts team had 25% of their student meet or exceed standards. That is the highest score that team has produced in the previous three years. Our 7th grade language arts team had 38% of their students meet or exceed the standards. That score is the highest score this team has ever produced in CAASPP testing. Furthermore that score is the highest in the district for 7th grade language arts. Our 8th grade language arts team had 35% score met or exceeded on the CAASPP test. That is also the highest score that team has scored on the CAASPP test. Furthermore that is the second highest CAASPP score in the district. As promising as this data is we still have a large number of the students that fall below the standards met expectation. This is clearly a concern that needs to be addressed during class, after school and with partnership with families. We have been utilizing departmental grade level professional learning communities for teachers to discuss data and run cycles of inquiry to alter instruction and improve student performance for the past three years. Our site is using the PLC's to run multiple cycles of inquiry which allow us to deconstruct standards, set smart goals, administer pick high leverage instructional techniques, administer common formative assessments and to discuss the data in order to differentiate our instruction and intervention. We have also adopted an instructional focus that includes claim evidence reasoning, whole group discussion leading to collective understanding and collaborative conversations that contain academic dialogue which was started three years ago. These focus areas are also on our AVID site plan. Within these growth areas we are addressing how to produce standards based instruction which leads to higher DOK levels. Lastly we have implemented reflective learning walks. This is a process that includes teachers seeing student learning in other classrooms on a regular basis. We started this 2 years ago and fully implemented multiple walks before COVID 19. We are planning to implement these again upon our return but are encouraging the use of virtual reflective learning walks during remote learning. The focus in on our growth areas and the teachers receive feedback from the visiting teachers on the things that led to student success.

Conclusions based on this data:

During our last scored CAASPP which was 2018-2019 our 6th grade math team had 18% of their students meet or exceed standards on the CAASP exam. This is the highest CAASPP scores they have achieved. Furthermore it is the second highest math score in the district when looking at % of met or exceeded. Our 7th grade team had 15% meet or exceed standards. This is the highest CAASPP scores for 7th grade math in the history of the exam for our site. Furthermore the percentage of met or exceeded is tied for first in the district with the highest amount scored. Lastly our 8th grade team had 12% of students meet or exceed standards on the CAASPP exam. For the previous four years this score has remained the same. Even though the growth is promising in many areas we still have far too many students not meeting or exceeding standards in math which is clearly a concern that needs to be addressed during class, after school and with partnership with families. We have been utilizing departmental grade level professional learning communities for teachers to discuss data and run cycles of inquiry to alter instruction and improve student performance for the past three years. Our site is using the PLC's to run multiple cycles of inquiry which allow us to deconstruct standards, set smart goals, administer pick high leverage instructional techniques, administer common formative assessments and to discuss the data in order to differentiate our instruction and intervention. Lastly we have implemented reflective walk throughs. This is a process that includes teachers seeing student learning in other classrooms on a regular basis. Our site produced multiple rounds of reflective learning walks before COVID 19. The focus in on our growth areas and the teachers receive feedback from the visiting teachers on the things that led to student success. In addition we have worked with a math coach with a select group of teachers. The teachers got professional development on Jo Boaler techniques, conducted classroom visits, participated in lesson studies and analyzed data in order to inform instruction.

Conclusions based on this data:

Due to COVID 19, we will continue to use the 2018-2019 ELPAC scores. These scores showed that our emerging level one students scored the lowest in listening and reading. Reading was the lowest score with 63% of students not meeting standard for emerging one students. For expanding 2 students the writing and listening components were the most challenging. Writing is the most challenging for expanding 2 students with 71% not meeting standard. Lastly our bridging students have the most difficulty with the speaking domain with 30% of these students not meeting standard for speaking. This data tells use that we must level our ELD classes by ELPAC levels and then address the domains needed within that level for reclassification. Emerging students need reading and

listening the most. Our expanding 2 students need writing and listening the most. Lastly our Bridging 3 students need speaking the most. By leveling the students and utilizing ELPAC data we can target our instruction to better meet the students' needs. In addition, teachers and administrators have EL data talks with students so they may identify their areas of strength and need. We have expanded our AVID Excel program through 6th-8th grade to address the needs of our long term English language learners and focus on the academic language discussions and discourse. The year of 2019-2020, we had 36 students meet the ELPAC requirement of level 4 to be reclassification candidates. Of the 36, 31 students met the reading component, teacher recommendation, and parent input to be reclassified. 86% of students who scored level 4 were reclassified. We need to focus on collaborative conversation opportunities across all subject areas. The 2020-2021 school year began with 5 remaining students who earned an overall 4 on the ELPAC but need to obtain a 25th percentile score on STAR 360 to be reclassification candidates. Due to COVID 19, we emailed and called students and had data chats as well as talked to them individually about their reclassification status and motivated them to try their best on STAR 360.

Student Population

This section provides information about the school's student population.

| 2018-19 Student Population | | | |
|----------------------------|---------------------------------|------------------|--------------|
| Total Enrollment | Socioeconomically Disadvantaged | English Learners | Foster Youth |
| 1223 | 78.7 | 32.5 | 0.2 |

This is the total number of students enrolled.

This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.

This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.

This is the percent of students whose well-being is the responsibility of a court.

Conclusions based on this data:

In language arts we made growth in 2019-2020 in the % of students meeting or exceeding standards. Our language arts team also made some large growth in between bands as recognized by the core collaborative. Our mathematics scores still continue to be in the red in 2018-2019 despite having the highest scores in the school's history in both 6th and 7th grade math. We will continue to make progress to address this concern. Our suspension rate continued to decrease for the second straight year leading to our lowest suspension rate in school's history in 2018-2019. Lastly our chronic absenteeism rate continued to decrease the last two years leading to the lowest chronic absenteeism rate in the district in 2018-2019. Before COVID 19 we were on track to have the lowest suspension and truancy rate in schools history with our 2018-2019 data. Our suspension rate and truancy rates ended up being the lowest out of district middle schools for the third straight year.

Conclusions based on this data:

Even though we saw large growth within language arts overall in 2018-2019 we are still have too many students below standard. Furthermore our EL and SPED population are not producing at the same levels as a general population which is causing inequities in student achievement. We are having data discussions with teachers regarding disproportionate amounts of underperformance of students based on EL and SPED status. We are also conducting professional developments so that teachers can better identify these students, pull useful data on these students and give these students high rigor instruction with some scaffolding and differentiation as needed. Currently we are running equity audits during COVID 19 to determine which students are not getting the equitable services that they need.

The 2019-2020 6th grade cohort had a Student Growth Percentile (growth relative to academic peers) of 28 based on the Fall 2019 and Fall 2020 administration of the STAR 360 Reading assessment. The 2019-2020 7th grade cohort had a Student Growth Percentile (growth relative to academic peers) of 62 based on the Fall 2019 and Fall 2020 administration of the STAR 360 Reading assessment. This year's 7th and 8th grade cohorts will achieve a Student Growth Percentile of 50 during the 2020-2021 school year on the STAR 360 Reading Assessment.

Conclusions based on this data:

Even though we saw growth in 6th and 7th grade in 2018-2019 we are still seeing overall underachievement from all students. Furthermore our EL students and SPED population are underachieving the most. We have worked with a math coach and will continue to utilize Jo Boaler techniques with our teachers. Additionally these teachers collaborate, conduct walk throughs, participate in lesson studies and look at data to inform instruction. Teachers get collaboration time and are given the capacity needed to disaggregate data by EL and SPED status. Good initial first instruction is discussed in detail as a way to improve our scores with all students. This includes our teachers utilizing claim, evidence, reasoning along with group discussions to build collective understands and the utilization of collaborative conversations to increase academic vocabulary. The good initial first instruction is also done with standards based instruction that is constantly moving towards higher DOK levels for students. A large amount of our Reclassified English Learners were special ed. Many special education EL students were reclassified. Our English only group dropped 8.1 points in 2018-2019. This cohort in general has been consistently low as they have traveled through the grades. STAR 360 Math

The 2019-2020 6th grade cohort had a Student Growth Percentile (growth relative to academic peers) of 25 based on the Fall 2019 and Fall 2020 administration of the STAR 360 Math assessment. The 2019-2020 7th grade cohort had a Student Growth Percentile (growth relative to academic peers) of 39 based on the Fall 2019 and Fall 2020 administration of the STAR 360 Math assessment. Conclusions based on this data:

Our newcomers make up approximately 22% of our EL population and generally test into level 1 ELPAC. We have 30.8% of our students in level one.

We have approximately 28% of our ELs who have exited the newcomer academy. Their scores are usually a level 2 or 1.

13.3% of ELs students are in level 4 and have met the state ELPAC criteria for reclassification. If they are not meeting the reading criteria for reclassification, they are in an ELD class specifically targeting the reading domain, so they will be eligible.

The majority of our students are in level 3. We are addressing their needs by placing them in AVID Excel classes. The majority of our level 3 students need to improve their reading skills. Reading is an area of growth for all middle schools.

Frank teachers will continue to use ELD standards based instruction using district adopted curriculum and materials. During distance learning, students in designated ELD will receive thirty minutes of ELD instruction two days a week as indicated in the distance learning schedule. English learners also received integrated ELD in all general education classes, which will include high rigor language instruction with appropriate scaffolds. Our content area teachers will continue to teach literacy across all contents in order to build language for all students including English Learners.

In 2019-2020, 15% of English learners were reclassified. 10% being general education English learners, and 5% Special education English learners. We continue to have data chats with the remaining 5 students who met the state ELPAC criteria for reclassification but not the reading criteria.

Conclusions based on this data:

Our data in this area has improved the last four years. Additionally it has been the lowest in the district for all schools. Our outreach coordinator, school counselors, attendance tech and principal will continue to identify students who are showing trends of truancy in order to intervene and improve the students attendance by uncovering the root problem of the truancy. Additionally we will continue to build a positive culture on campus through PBIS/CHAMPS protocols as well as create classroom conditions that are rigorous and relevant. Lastly we will continue to build positive relationships with students through our programs like WEB, city impact mentoring, clubs and sports. PTO has supported our attendance incentive program by funding gift cards for attendance incentives.

2019 Fall Dashboard Suspension Rate by Year

| 2017 | 2018 | 2019 |
|------|------|------|
| | 7 | 5.4 |

Conclusions based on this data:

Overall suspension rate was decreased to a level that is the lowest in school history. Our suspension rate has continued a downward trend for the last three years. Furthermore our suspension rate decreased once again in the areas of special ed and EL learners. As promising as this data is we are still striving to ensure that special ed and EL learner suspension rates decrease in order to be closer to the general population. We will work to see the trend of a reduction in suspensions by maintaining ample supervision, having clear expectations for students and to continue to build positive relationships. We will continue to improve on our PBIS approach. Last year we received the silver award from the PBIS CA coalition. Moving forward we want to achieve gold medal status. In order to do that we not only have to have clear expectations for students in common areas, but also our guidelines for success and an incentive system for positive behavior. We must now start to look at how we can set up procedures in place within the classroom that foster positive student behavior.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All students, SES, SPED, EL.

Strategy/Activity

Hold Grade/Department Collaboration Meetings to review data at the school-wide level, grade level, classroom level and individual student levels. District approved materials and curriculum implementation guides will be used. Time for collaboration will be arranged by department for PLCs and new curriculum implementation. One hour a week is set aside for teachers to collaborate both horizontally and vertically. The purpose of the PLC meetings is to decide what to teach, how to teach it, how to assess what you taught, to decide on actions if students do not learn and finally to decide on actions if students are learning.

Annual Review

SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We completed phase two of PLC implementation and are entering phase three. During phase one of PLC implementation our mission and vision were created and revamped. Our collective commitments were decided on by departments by looking at research and best practices. The collective commitments are used as our driving force. We established grade/content level teams. Those teams meet for at least one hour per week during PLC collaboration time. The teams completed one cycle of inquiry towards the end of the year which followed the plan, do, study, act format. During this PLC implementation the leadership team first built capacity and then collectively distributed this knowledge through PLC grade level meetings. This included things such as how to develop smart goals, how to pull and interpret data, how to collaborate and run efficient meetings, best pedagogy practices, how to deconstruct standards, DOK levels, interventions and how to develop common formative assessments. Lastly departments discussed data by conducting equity audits which further looked at disproportionately of F rates, IAB, CFA and CAASPP scores by EL, SES and SPED. During phase two of PLC implementation we shared our team goals with all stakeholders and made our team outcomes explicit and clear. PLC teams had agreed upon agendas, protocols and accountability measures. PLC teams created multiple cycles of inquiry and evaluated the results to inform instruction and differentiation. Furthermore the PLC teams worked on celebrating successes. For the 2020-2021 school year we will be entering phase three of PLC implementation. One of the main additions will be to create a multi-tiered system of support intervention based on team data.

Additionally to PLC development we started reflective learning walks in 2018-19 and continued them in 2019-2020. We received training from Leverage Learning group to our leadership team. After we built capacity the leadership team conducted a successful walk with the goal being that we would spread capacity to other teachers and then we completed one reflective learning walk per month in 2019-2020 before COVID 19. We are planning to implement virtual reflective learning walks until we come back to the school site.

Our results were promising in 2018-2019 which was the last year CAASPP was recorded before COVID 19. For CAASPP we grew in 4/6 areas and stayed the same in the other two. Our seventh grade ELA scores were number one in the district. Our 7th grade math scores were tied for number 1 in our district. Our 6th grade math scores were second in the district and our 8th grade ELA scores were second in the district. Overall our CAASPP scores were the highest in school history along with the most growth. Additionally our language arts department received an award from the

core collaborative on overall LA growth in between cut scores which shows overall growth at the student level.

Lastly we showed the highest reclassification rate out of all district middles schools at 17.2%.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

One of the challenges that occurred had to do with the lack of subs. This made it difficult to pull teachers during the school day to collaborate and therefore caused some difficulties with PLC implementation. To work around this we did free up our Tuesdays for collaboration time and paid teachers hourly. We tried to utilize the Tuesdays when possible for collaboration to limit our fiscal impact that hourly pay causes. However we do have mandatory trainings to do and that leads us to have to use the hourly pay on certain occasions. A solution to this was a variance in which teachers brought forth the idea for an early release. By having the early release we would have the built in collaboration time along with a Tuesday meeting to allow for mandatory trainings and a reduction in fiscal impact due to a decrease in hourly pay. This variance never went to vote because a preliminary survey showed a lack of teacher buy in to the early release at this time.

Another challenge was building capacity of the entire staff in regards to PLC's when we are utilizing the Tuesday meetings for collaboration. The way we worked around this was to build capacity with our leadership team first with the idea that the message would be delivered from department head to the rest of the department. One thing that did effect this was that we had no 6th grade ELA representative in leadership. This meant 6th grade language arts took a little longer to build capacity then some other departments.

Lastly the budget cuts did cause some challenges in the implementation of the plan. Elimination of an AP caused more responsibilities to be distributed to the principal which in turn led to a greater challenge to provide instructional leadership due to more tasks being handled that were historically handled by AP's and TOSA's in years previous.

COVID 19 did have impact on our implementation of our goals. COVID 19 put a halt to our reflective learning walks and temporarily caused a distraction to our PLC model and our cycles of inquiry.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We have completed phase 2 of PLC implementation. Phase two includes PLC teams undergoing multiple cycles of inquiry. In order to accomplish multiple cycles of inquiry you must have time allotted for collaboration. Most of our Tuesdays will be free for collaboration. We were able to accomplish this by taking care of our mandated trainings on our SIP days. Additionally the district is allowing a number of those trainings to be online. This still does not allow us to have the Tuesday to build capacity and an early release for PLC's which still is a challenge. To try to remedy this we will continue to push capacity through our leadership team. We had minimal turnover in leadership so capacity building will continue for most directly at the phase two level immediately. Additionally we have included a 6th grade language arts department chair to ensure that 6th grade language arts receives capacity building regarding PLC's.

This year we will be entering phase 3 of PLC implementation. Our current agreed upon remote learning schedule during COVID 19 allows for built in PLC time aside from our staff meetings. This will allow us time to learn pedagogy strategies related to distance learning while still creating our cycles of inquiry in a remote environment.

Budget cuts continued to cause impact eliminating an AP and clerical positions. We have redesigned roles and responsibilities to ensure that the managerial tasks are getting done to ensure that the instructional leadership responsibilities can be handled. You will see a reduction in clerical OT allowed due to the re designation of roles and responsibilities from clerical to AP's , counselors and the principal. Additionally we lost three teaching positions in core areas in 2018-2019 and two teaching positions in 2019-2020 due to reduction in force which undoubtedly will have an effect with the enrollment remaining the same.

The district office did utilize funds to approve two additional PE teachers and a robotics teachers to that we could manage our cohort model during remote learning and still maintain a manageable class size by contract.

We will continue where we left off with reflective learning walks when we return to the site utilizing the most current health provisions per the Ventura County Public Health recommendations. Before COVID 19 we were planning one per month which means we have three subs so that three teachers can participate in the walks. We will explore the options of conducting virtual reflective learning walks while we are remote. As a staff we have made several collective commitments through the PLC process. One of those commitments it that teachers agreed to collaborate in order to grow. The collaboration not only includes PLC meetings but is surrounded by discussions directly related to student learning. It is our philosophy that in order to have the most productive discussions about student learning it would make logical sense to have teachers visiting various classrooms to see student learning first hand. This change can be found in the amount of funds allocated for sub coverage.

Our leadership team has also worked hard to establish our instructional focus areas. Towards the end 2018-2019 we decided on three areas of focus. These include claim,evidence, reasoning along with group discussions to build collective understanding and collaborative conversations using academic dialogue. Throughout the year we will provide PD opportunities from within as well as focus our reflective learning walks, learning walks, admin visitations and AVID walkthroughs on these areas. It is important to note that these areas are also directly related to our AVID site plan.

We are an AVID showcase candidate and will have additional visitations of best practice schools along with us having more visitations from other schools. This additional focus on our growth areas will contribute to us refining our pedagogy practices.

Our goals pertaining to goal one are to grow in our CAASPP scores in 6/6 areas. In ELA our goal for growth in 6th grade is by 15%, in 7th grade by 7% and in 8th grade by 14%. In math our goal for growth in met or exceeded in 6th grade is by 17%, in 7th grade is by 10% and in 8th grade by 7%.

For our EL learners our goals are to reclassify 80% of our level 4 EI learners.

Lastly, we want to achieve high levels of success for all students regardless of SES, race socioeconomic status, gender or ability levels.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate
 To increase positive behavior
 To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|----------------------------|---|---|
| Suspension Rate | The Suspension rate for 2019-2020 was 3.1% | The Suspension rate will be lowered by 1% to equal a total suspension rate of 2.1% |
| Discipline Referral Totals | The overall number of discipline incidents was 2,441. The number includes classroom referrals and tardies combined. | The overall number of discipline incidents will drop by 500 to equal a total 1941 incidents. This number includes classroom referrals and tardies combined. |
| Truancy Rate | The Truancy rate for 2019-2020 was 1.9% | The truancy rate will decrease by .04 % to equal a total truancy rate % of 1.5%. |

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

This goal pertains to all students including the following special population groups: English Learners, Migrant, Special Education, SED, Foster, Homeless, African-American, GATE.

All student groups will benefit from the implementation of CHAMPS/PBIS protocols.

Strategy/Activity

Utilization of CHAMPS/PBIS will be campus wide. Common behavioral expectations will be developed and utilized campus wide. Professional development will be conducted district wide, through staff meetings, during SIP days, during leadership meetings and finally through PLC department meetings.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.
