

## HOSPITAL INDEMNITY INSURANCE

### WHAT IS IT?

**Hospital Indemnity insurance** provides a cash benefit in the event of an unexpected hospital stay for a covered illness and/or injury. You and your covered dependents are paid a set benefit amount, depending on your plan and the length of your stay.

You can use the payment in any way you choose - from medical expenses like deductibles, to every day costs, like housekeeping and child care.

#### **Benefits pay for hospital care, and could include:**

- First day stay (hospital admission)
- Additional days in the hospital
- Days spent in the Intensive Care Unit (ICU)

### WHY DO I NEED IT?

**Provides assistance** to help cover the costs incurred by a hospital stay.

**Helps with** additional expenses attached to time away from home, like meals, travel and lodging for loved ones.

**Peace of mind** to focus on what's most important - getting better.

**JOHN'S STORY<sup>6</sup>**

John is playing ice hockey with his son when he begins experiencing significant chest pain. He's taken by ambulance to a local hospital and is diagnosed with a heart attack. After his hospital admission, he has emergency surgery where he'll spend 2 days in the ICU, followed by another 7 days in a regular room. While John has medical insurance, he has to meet his \$1,500 deductible before it kicks in. Because his hospital stay is covered by his Hospital Indemnity plan, he receives a cash benefit for each day spent in the hospital. This helps him cover his medical deductible and supplement his income while he isn't working.

| BENEFIT                             | PLAN PAYS                       |
|-------------------------------------|---------------------------------|
| First Day Stay ( <i>Admission</i> ) | \$1,000                         |
| ICU Stay                            | \$600<br>(\$300/day x 2 days)   |
| Additional Day Stay                 | \$1,050<br>(\$150/day x 7 days) |
| <b>TOTAL</b>                        | <b>\$2,650</b>                  |
