 - Justification for Using Charter Buses Instead of School Buses:
 - The purpose of this letter is to justify the rental of a charter bus for our August 29th trip to the Newport Aquarium. The field trip is a reward for the students who attended 90% or

more of their summer school classes. Our reasons are as follows:

- It is a reward for students. The charter bus makes the event a little more "special".
- The drive to the Newport Aquarium will take two and a half hours each way. The charter bus will be more comfortable for the students.
- The charter bus has a bathroom in it. This is a huge feature considering the number of students we are taking.
- The charter bus has televisions on it. We can show a movie and keep the students entertained on the rides to and from the aquarium.
- The charter bus has air conditioning. Late August temperatures are very hot. School buses are typically not air-conditioned and the charter bus will not only be more comfortable but also safer. We don't want anyone overheating and getting sick.
- The cost for the charter bus was comparable to that for the school bus.
