# **Program Enrollment**

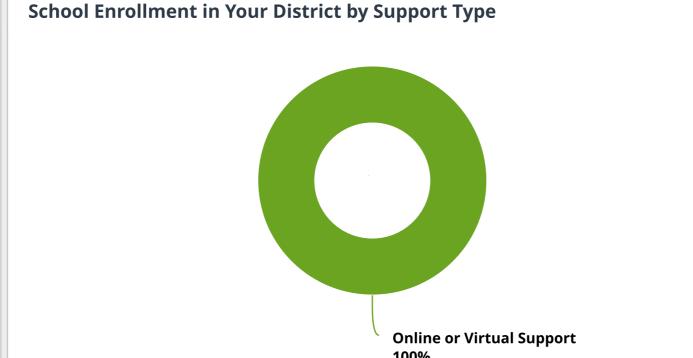

**Program Support Definitions** 

# **Onsite Support**

A Healthier Generation Program Manager for the program selected above meets with school staff in-person, conducting workshops and supporting schools' involvement in Healthier Generation programs.

## **Online or Virtual Support**

Healthier Generation supports schools' involvement in programs virtually, working with a Virtual Program Manager, the Member Engagement and Support Team, and Content Experts, as well as webinars, email, phone, on-demand learning and other digital tools.

Enrollment Type	Number of Schools
Online or Virtual Support	5
	Total: 5

# **Assessment Use**

The district, school and site information and personal data is for INTERNAL USE ONLY and must be kept confidential.

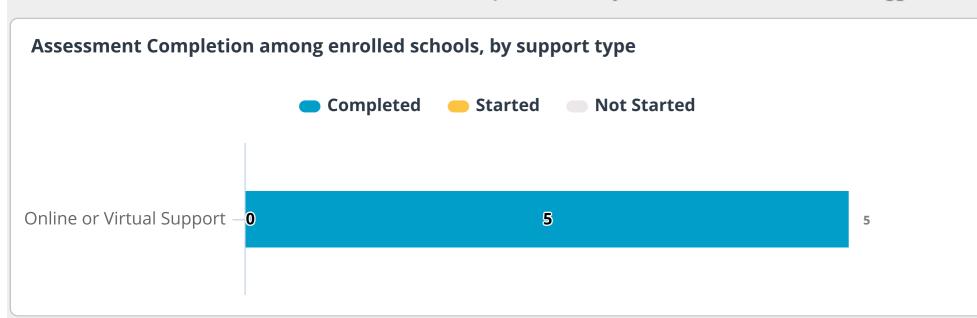

External use must be limited to sharing district data with that respective district only.

# Assessment Response & Action Plan Analysis

**Number of Schools in Your District That Started Assessment** 

5

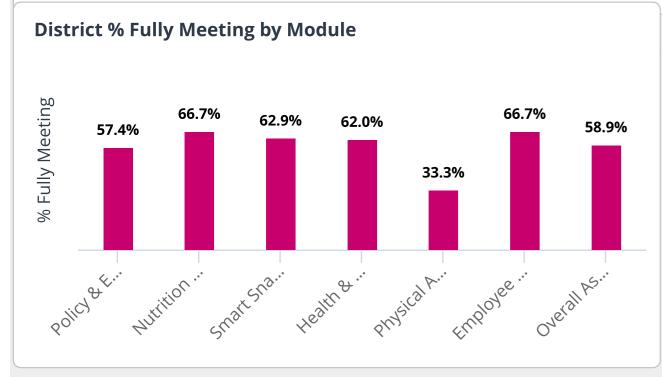

**Number of Schools in Your State That started Assessment** 

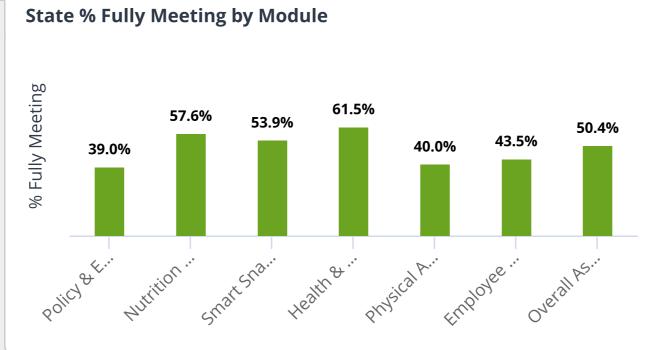

1,130

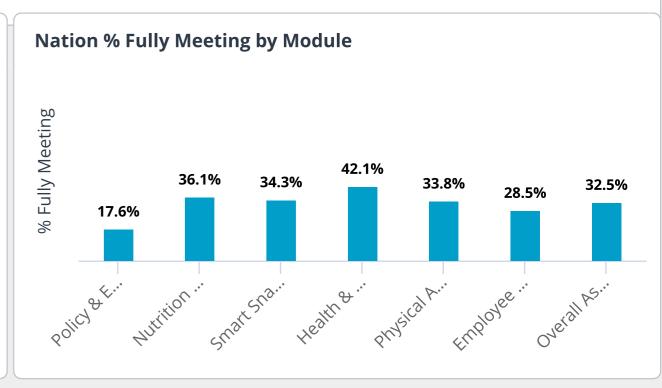

Number of Schools in the Nation That started Assessment

24,084

The state and nation numbers and graphs include data from the selected district

The district, school and site information and personal data is for INTERNAL USE ONLY and must be kept confidential.

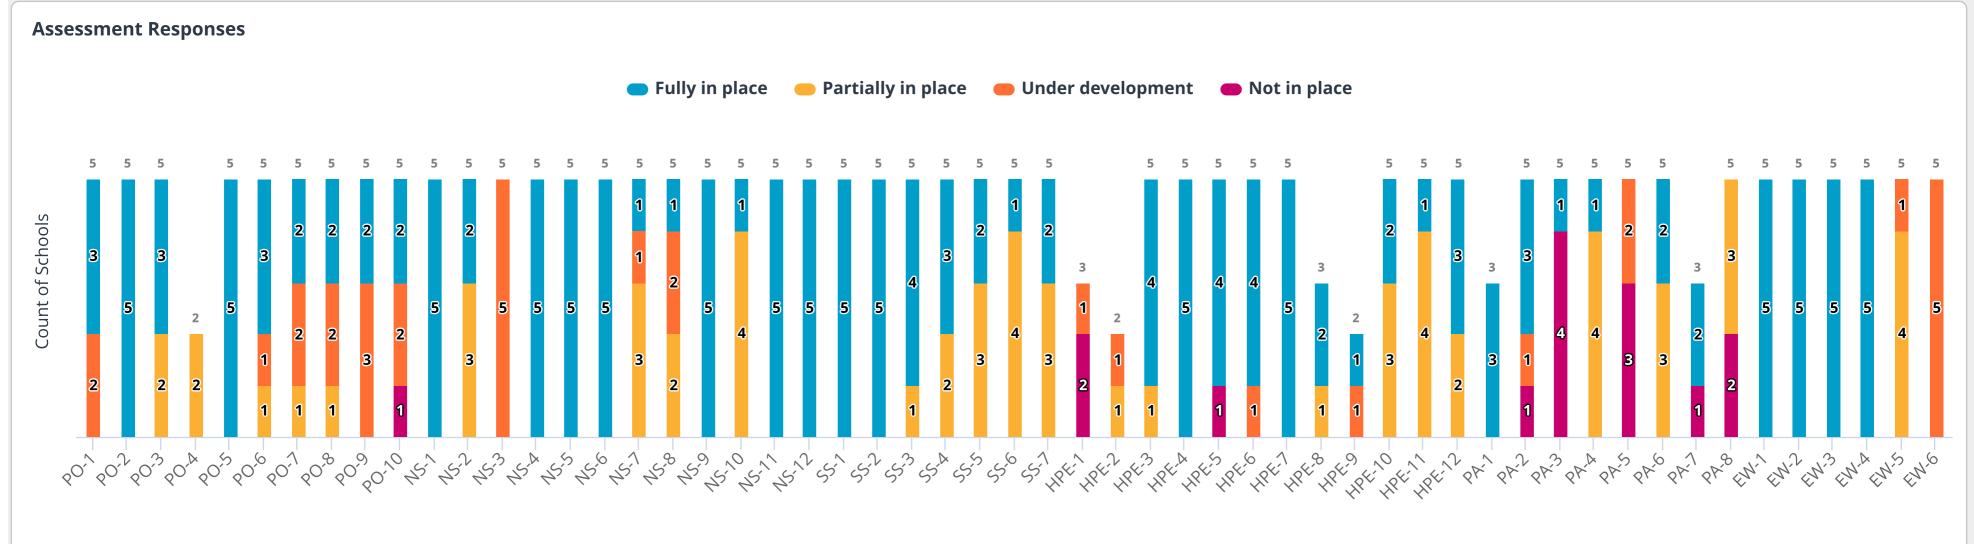

External use must be limited to sharing district data with that respective district only.

District Dashboard Page 3 of 8

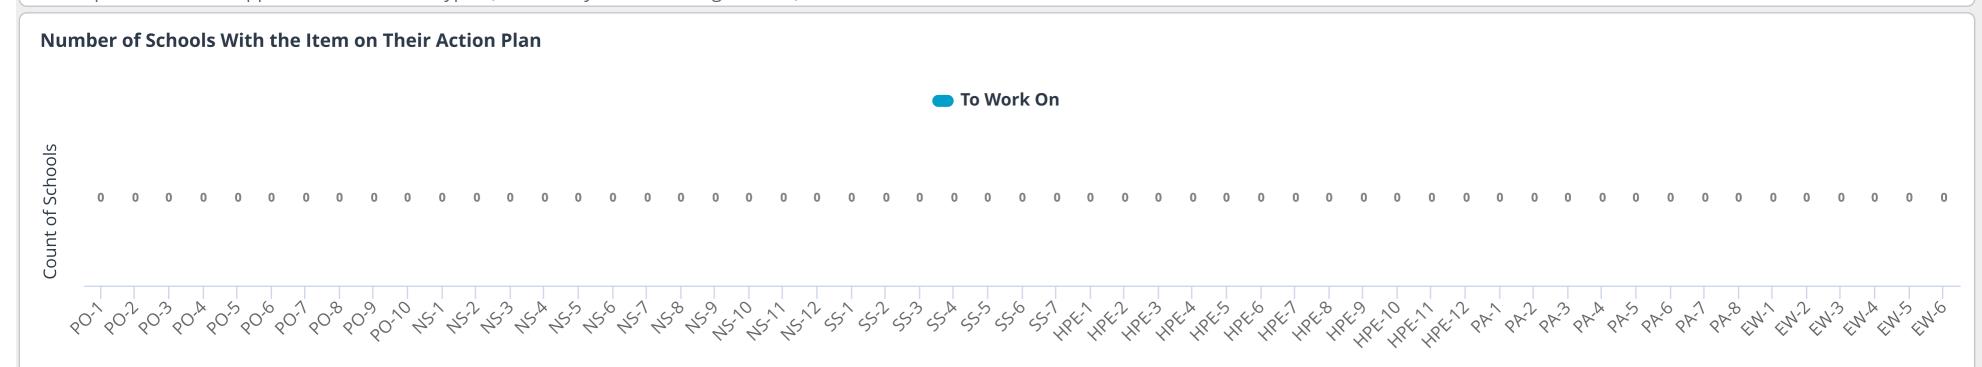

This report provides enrollment, action plan and assessment data for schools in the selected district, for the selected program and assessment.

The data can be used to understand trends in work completed, identify current areas of focus, and suggests areas of opportunity for future policy and practice change efforts.

Some question are not applicable to all school types (elementary, middle, or high school). This will account for the difference in totals.

The Action Plan information reflects items from the assessment selected above.

The Action Plan is a tool to help enrolled schools manage tasks related to school health initiatives. Each school has one Action Plan, which can include items from any assessment.

The district, school and site information and personal data is for INTERNAL USE ONLY and must be kept confidential.

External use must be limited to sharing district data with that respective district only.
