Dear MHS Student and Parent,

We hope you have begun to enjoy the summer! We are looking forward to the beginning of the school year in August. We are working hard to make the 2023-2024 school year a great one for our MHS students. Until then, take time to relax, have fun, and take advantage of the warm weather!

Please note the following information:

If a student requires a hard copy of his/her schedule, printing options are available in the MHS Media Center/Info Hub. Schedule changes are not permitted. If there is a career path addition or a clerical error to address, please contact your student's counselor. Unregistered students will not have access to their class schedule until registration is complete.

## **Student Health & Safety**

### Physicals and Immunizations

Any student new to the district and/or enrolling in their freshman year will need proof of a physical completed by a licensed physician. A parent or guardian must complete and sign the parent/guardian portion of the state physical examination form, as well. Students new to the district must also show evidence of both dental and vision exams.

Students must be up-to-date on state-required immunizations, unless a Religious Exemption and necessary paperwork for objections to the immunization requirements are on file.

Students entering their senior year will need proof of a meningitis booster (2nd dosage) after their 16th birthday to be in compliance.

Specific information from the district nursing staff, a list of required immunizations, and all medically-related forms are available on the district website ([www.molineschools.org](http://www.molineschools.org)) under "Parents and Students", "Health & Safety" tabs.
