## 1 Abiding Acres Farm

Anna Kristin & Shawn Murphy

Our top priority is soil health in order to grow nutrient-dense foods as sustainably as possible. We grow a full range of produce from rhubarb and asparagus in the spring, to locally grown fruits and veggies all summer long (e.g., root veggies, mixed greens, melons, berries). We also grow herbs, squash and cut flowers. You will also find pasture-raised chicken eggs in the refrigerator and a community food scrap/organics collection bin for our customers at our roadside farm stand.
