High School Profile (2022-2023)

The Peterson Schools was founded in 1965 to create an educational community that inspires passion for learning and life. We currently have four campuses and more than 1,800 students ranging from preschool to high school. The Peterson Schools was the first bilingual Montessori preschool in Mexico and the first Google Reference School in Latin America. Our philosophy focuses on the development of the talents and abilities of our students through a holistic education and an innovative curriculum, incorporated by the educational authorities of Mexico, as well as accredited by agencies in the United States and UK.

Curriculum

High school uses semesters that are divided into two bimesters each.

Our educational program offers high school students a complete education. It helps students acquire learning and critical thinking and technological skills that prepare them for the future.

Students who enter our high school programs acquire self-confidence, responsibility, innovative thinking and commitment to learning.
