

ORDERING BOOKS MKA Upper School

Book ordering for the school year begins on August 1, 2023.

In some cases, MKA provides textbooks, including online access, directly to students and bills their tuition account; those books will not be listed in the BNC page. Anything not provided by MKA but still mandatory for the class will be listed and available for families to purchase through [BNC Services](#).

Reminder: when ordering online access for a student in any course where it is required, you should put the **student's MKA email address** as the required email for access to the online code.

Here are the instructions for ordering books:

Ordering Books from BNC Services

- Begin on the [BNC Services website](#)
- Select "Let's Get Started"
- Choose "School Year 2023-2024" under "Select Term," then click on Upper School and the subjects will appear.
- Select all the subjects that you are taking, then hit continue. It should be self-explanatory at that point. Purchase whichever books you need.

Please feel free to contact Michael Melitz in the Business Office with any questions you may have at mmelitz@mka.org.
