

## STAR Group: Siblings Together Are Remarkable

The JAFCO Sibling Support Group is a social experience for typical siblings of children with developmental disabilities. STAR Group provides siblings, ages 10 years to 14 years old with opportunities for peer support within a safe, fun-filled, recreational context. At STAR, you can talk about the good and not-so-good parts of having a brother or sister who has a developmental disability and share your thoughts with other children who understand your feelings.

**Please join us for our next sessions!**
