

The Watauga County Board of Education (the “board”) recognizes the link between student health and learning. The goals of student health services are:

1. to encourage the physical well-being of all students;
2. to integrate health-related services provided in the school setting, including those provided by counselors and health specialists;
3. to provide health services in a manner that reinforces the objectives of the healthful living education curriculum;
4. to work cooperatively with other governmental agencies and professional associations interested and involved in the health of students;
5. to use up-to-date research findings to develop and provide health services to students;
6. to meet all legal obligations; and
7. to provide courteous service to students and parents.
