

Dear Parent(s)/Guardian(s) and Students,

Happy New School Year! Welcome to 2nd grade! We are thrilled for the start of a new school year. An exciting year awaits, full of potential and designed to enhance your child's growth and development. This year promises to be one filled with new friendships, new adventures, new discoveries, and joy as your child learns and grows in an environment which is warm, safe, and challenging.

The structure of daily activities are carefully planned to encourage independence, self-confidence, and teamwork through whole group, small group, and one-on-one participation in a variety of hands-on, minds-on interactive experiences. The activities will incorporate instruction and skill reinforcement in reading, mathematics, writing, science, social studies, and social/emotional skills.

Homework reinforces skills taught in class. Although some days your child may need some help, for the most part it should be completed independently and then checked over by an adult. Your child is encouraged to read a just-right book every night for at least 15 minutes to begin the year. Establishing a daily homework routine and organizing a homework kit is extremely important. Your child should have the following materials organized and easily accessible at home:

- Pencils
- Erasers
- Crayons
- Scissors
- Glue

School supplies are such an important part of ensuring that your child is prepared and organized each day. Each classroom may have specific needed materials that will be addressed by your child's classroom teacher, however below please find the [Grade 2 General Supply List](#) that lists items that will help you be prepared throughout the year, regardless of who your child's teacher will be.

Additional information will be sent home in the future regarding your child's homeroom, transportation, and specific classroom messages and announcements. We are looking forward to working together to make this the most successful school year!

Sincerely,
The Second Grade Team
