Student Network Contract
2023-2024

Student Contract
Acceptable Use Policy

The Wakulla County School Board's Network(s) provide access to network(s)/internet services for educational purposes. The internet is an information highway connecting thousands of computers all over the world. I understand that I will have access to the internet and with this access comes the availability of some material that may not be considered of educational value within the context of the school setting.

Efforts will be made to direct students to educationally related material. However, on a telecommunications network it is impossible to control all materials and sites. I believe that the valuable information and interaction available on the network(s)/internet services far outweigh the possibility of users gaining access to sites that are not acceptable.

I understand that if I violate the attached Acceptable Use Policy and guidelines established by the Wakulla County School Board, I will have my access to the network(s) services denied and terminated. My signature indicates that I have read the Acceptable Use Policy of the Wakulla County School Board and that I understand the significance of the terms and conditions of the Policy.

As the parent or guardian of _____, I have read the Terms and Conditions of the Wakulla County School Boards Acceptable Use Policy. I understand that this access is designed for educational purposes. I understand that some materials on telecommunications networks may be objectionable, but I accept responsibility for guidance of network use – setting and conveying standards for my daughter or son to follow when selecting, sharing or exploring information and media.

I understand that this permission will be in effect for the duration of my student's education experience at this school. As the parent or legal guardian of the minor student signing above, I grant permission for my son or daughter to access networked telecommunications services.

Wakulla County School Board Network Access Statement and Policy

The Wakulla County School Board's Telecommunications Network(s) provide an exciting opportunity to expand learning and job efficiency for all stakeholders. The fundamental goal of the network service is to provide Wakulla County educators, students and support personnel with access to resources that enhance learning and/or improve job performance. At WCSB facilities, student access to and use of electronic networks will be under adult direction and will be monitored as any other school related activity.

Facilities that are a part of the school district have the capacity to connect to various network-internet services. With these opportunities comes the responsibility for appropriate use. It is understood that persons signing the telecommunication user contracts have read or had explained the School Board Policy for acceptable uses of, and users responsibilities for network/internet services supported by WCSB.

With widespread access to resources from all over the world comes the availability of material that may not be considered to be of educational value in the context of the school setting. There is the possibility that some material or individual communication is not suitable to school-age children. The WCSB views information gathered from electronic communications' networks in the same manner as reference materials identified by the school system. Specifically, the District supports resources that will enhance the learning environment with direct guidance from the faculty and staff.

It is realized that it is impossible to control all materials on the global network and an industrious user may discover inappropriate information. Efforts to monitor such occurrences and to minimize continued opportunities will be vigilant. THE WCSB cannot prevent the possibility that some users may access material that is not consistent with the education mission, goals and policies of the school district since the electronic telecommunications is obtained from sources outside the school setting. However, the technology policy and the subsequent procedures are an effort to maintain a healthy learning environment.

Disciplinary action may be taken against any student or employee who misuse the telecommunication systems. Links to all schools/programs can be found on the WCSB website: www.wakullaschooldistrict.org.

8.60- TELECOMMUNICATION PLAN AND ELECTRONIC COMMUNICATION USE POLICY:

1. The use of Internet and/or other electronic communication networks by teachers, staff, and students is encouraged. Because such networks may contain inappropriate materials or may be inappropriately used or accessed, the Superintendent or designee shall develop guidelines relating to access and use of such networks through school equipment or facilities.
2. Such guidelines shall be broadly distributed and / or posted in appropriate locations. Such guidelines shall address computer room access; sale of computer services; acceptable use; proper etiquette; security; vandalism; harassment; and supervision of student use by staff. Any user violating such guidelines shall be subject to denial of school-based access and such other legal or disciplinary actions as are appropriate to the violation.
3. Access to telecommunications networks and specifically the World Wide Web is coordinated through a complex association of government agencies and regional and state networks. The operation of the Internet and other electronic networks relies heavily on the proper conduct of the users who must adhere to strict guidelines. If a district user violates any of these provisions, his / her use of the network services will be terminated and future access will be denied. The signature(s) on the contract indicates that the user(s) have read the terms and conditions carefully and understand their significance.
 - A. Usage
 1. The user of the services must be in support of the educational goals and policies of the Wakulla County Public School District.
 2. The use of any other network or computing resources must be consistent with the rules appropriate to that network. This includes but is not limited to laws and regulations regarding:
 - a. Copyrighted material
 - b. Threatening, obscene or profane material
 - c. Material protected by trade secret
 - d. Reporting of personal communications without author's permission, which is prohibited.
 3. The use of another individual's name or identification, or trespassing in another's folders, work or files is prohibited.
 4. The use of electronic networks for commercial activities is prohibited.
 5. The use for product advertisement or political lobbying is prohibited.
 6. The malicious attempt to harm or destroy data of another user, or any other network, is considered vandalism and is prohibited.
 7. The damaging of computers, computer system(s) or computer networks is prohibited.
 - B. Privileges - The user of electronic networks is a privilege. Inappropriate use will result in a cancellation of that privilege. Each individual who signs a contract will receive information pertaining to the proper use of the network. Administrators will decide if usage is inappropriate and their decision is final. Services may be denied by the district at any time deemed necessary or by recommendation of the administration, faculty or staff.
 - C. Netiquette - A user is required to abide by the rules of the network etiquette. Be polite. Do not use vulgar or obscene language. Do not reveal your address or phone number or those of others. Electronic mail is not guaranteed to be private. Do not disrupt the network, the data or other users.
 - D. Warranties - The Wakulla County School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. Wakulla County Schools will not be responsible for any damages suffered including loss of data. The district will not be responsible for the accuracy or quality of information obtained through this network connection.
 - E. Security - When a security problem is identified, notify a teacher, media specialist, the supervising adult and / or the school or district administration immediately. Do not show or identify the problem to others.
 - F. Updating User Information and Required Contracts - The District must be notified of any changes in contract information (address, school, etc.) in order to continue network access. All users - staff, adult community users, and students will sign a contract acknowledging awareness of the policy, in order to access the network. Schools / Programs will maintain user contracts for all users. Contracts will be renewed upon change of school / program (i.e., Elementary to Middle, Middle to High School) and / or job assignment.
 - G. Vandalism - Vandalism will result in cancellation of one's privileges. Vandalism is defined as any malicious attempt to harm or destroy data or another use, Internet or other networks. This includes the creation of or the unloading of computer viruses to the Internet or host site. Deliberate attempts to degrade or disrupt system performance will be viewed as criminal activity under applicable state and federal law.
 - H. Acceptance of Terms and Conditions - All terms and conditions as stated in this document are applicable to all users of the network. These terms and conditions reflect an agreement of the parties and shall be governed and interpreted in accordance with the laws of the State of Florida and the United States of America.

Parents Bill of Rights (I)
2023-2024

Dear Parent/Guardian:

Section 1014.02, Florida Statutes states that it is a fundamental right of parents to direct the upbringing, education, and care of their minor children. This legislation finds that important information relating to a minor child should not be withheld, either inadvertently or purposefully, from his or her parent. In compliance with the law, the Wakulla County School Board has created a permission form for students requesting to go by a name other than their legal name. This form gives parent permission for school personnel to call the student by a different name other than that which is on their birth certificate.

All students will be called by their legal first or last name from this point forward. If you would like for your child to go by a name other than their legal name, please complete the form below.

HEALTH SCREENINGS

The Wakulla County Health Department and Wakulla County Public Schools coordinate annually to provide state mandated health screenings for students in Wakulla County Schools. Health Screenings may help identify the need for further evaluation. Florida Law requires that parents be informed in writing at the beginning of each school year that children will receive such services. **This serves as that notification. If no box is checked, your child will be screened.**

HEALTH SCREENING DESCRIPTIONS

Vision and Hearing: Identifies possible vision and hearing problems using a standardized procedure.

Scoliosis: Observes for possible abnormal curvature of the spine while wearing everyday clothes.

Body Mass Index: Measures height and weight to calculate Body Mass Index (BMI) while wearing normal clothing without shoes. The BMI calculation tells us if a child is in the normal ranges for height and weight, or is outside the norm and has increased potential to develop certain chronic diseases during childhood or adulthood.

<u>HEALTH SCREENING TYPE</u>	<u>GRADE(S)</u>
Vision	K, 1, 3 & 6
Hearing	K, 1 & 6
Scoliosis (Abnormal curvature of the spine)	6
Body Mass Index (Height and Weight)	1, 3 & 6

I do not want my child to participate in the following health screenings (check all that apply):
