# General Fund

MOUNDS VIEW PUBLIC SCHOOLS  
GENERAL FUND

General Description:

The General Fund is used to record the financial activities of a school district that are not accounted for elsewhere. This includes educational activities; district instructional and student support programs; expenditures for the superintendent; district administration; normal operations and maintenance; pupil transportation; capital expenditures; and legal school district expenditures not specifically designated to be accounted for in any other fund. Mounds View Public Schools serve the cities of Arden Hills, Mounds View, New Brighton, North Oaks, Roseville, Shoreview, Spring Lake Park and Vadnais Heights. The District is located within Ramsey County, which is one of seven counties that make up the Twin Cities Metropolitan Area. Mounds View schools offer kindergarten through twelfth grade programs within two kindergarten centers, six elementary schools, three middle schools, two high schools and other alternative educational sites.

Financial Summary:

As the budget is adopted for the 2020-2021 fiscal year, there are several important conditions that need to be acknowledged.

1. The financial projections incorporate all of the school board's budget assumptions and parameters that were developed throughout the budget process and legislative session. The proposed budget for 2020-2021 will maintain stable class sizes, allow the District to maintain current programming and continues its commitment to the Pre-K12 plan to ensure post-secondary success for all students regardless of race, class or disability.
2. The 2019 Minnesota legislators went into special session to pass an E-12 education bill and it was signed by the Governor on May 30, 2019. The financial changes that impact the general fund have been included in the proposed budget for the 2020-2021 school year. The per pupil general education formula increased by 2% in both FY 2019-2020 and FY 2020-2021.
3. The student enrollment numbers have continued to trend upward slightly. When the general education formula increases are keeping pace with inflation and we experience stable enrollment trends, the budget challenges are less.
4. The projected ending fund balance for June 2021 of \$26 million represents a reserve of 16%. This balance is slightly below the established target identified in school board policy.

Finally, it is important to acknowledge the involvement of the school board, local school budget committees and other support staff in the development of this budget.

MOUNDS VIEW PUBLIC SCHOOLS  
GENERAL FUND BUDGET ASSUMPTIONS  
2020-2021

The following assumptions are based on information taken from the amended budget for the current school year 2019-2020, School Board input and any pertinent legislative actions taken during the 2020 session.

**Revenues:**

1. Fiscal Year 2020-2021 district wide weighted pupil units are projected at 12,929. This is based on the October 2019 enrollment counts with adjustments for the natural loss of the 12 grade students, and a natural increase for the estimated kindergarten students. Birth data from the MN Department of Health have been used for kindergarten projections. In addition, current year migration patterns were applied for the remaining grade levels and grade level weightings were applied. Nonresident enrollments options will remain closed for Fiscal Year 2020-2021. Nonresident enrollment is projected at approximately 6% of resident enrollment. The student counts are as follows:

			<b>Current</b>	<b>Projected</b>
	<b>17-18</b>	<b>18-19</b>	<b>19-20</b>	<b>20-21</b>
Total October 1 enrollment	11,190	11,417	11,509	11,632
Total October 1 nonresident enrollment	1,023	911	788	691
Percent of nonresidents enrolled	9%	8%	7%	6%

2. General Education Revenue will be projected as follows:

The basic formula will be projected at \$6,567 per adjusted pupil unit. This represents a 2% increase over the fiscal year 2019-2020. Pupil units will be calculated using a weighting factor of 1.0 for kindergarten, 1.0 for grades 1-6, and 1.2 for grades 7-12.

3. The operating referendum will be projected based on a total of \$1,735 per adjusted pupil unit. This is based on an authority of \$1,735 that was reauthorized in 2019, effective for ten years.
4. Special education aid is projected to increase 2% from the 2019-2020 school year.
5. Total operating revenues are projected to be \$161,008,084.

## Instructional Expenditures:

6. K-12 instructional programs will be based on the following School Board class size assumptions.

	<u>20-21</u>
K-5 Staff Allocation	259.20
6-8 Staff Allocation	115.70
9-12 Staff Allocation	<u>132.60</u>
Total	507.50

### Elementary Classrooms:

90 % of Elementary classrooms will fall within the following ranges:

K-1	22-27
2-3	23-30
4-5	26-32

### Middle School Classrooms:

90 % of Middle school core classrooms (Science, Social Studies, Language Arts, Math) will not exceed the following:

Core Programs	30
Non-Core Programs	Variable

### High School Classrooms:

90 % of High School core classrooms (Science, Social Studies, Language Arts, Math) will not exceed the following:

Core Programs	34
Non-Core Programs	Variable

7. The Superintendent will have 12 FTE's available for K-12 targeted instructional interventions.
8. Compensation for employees will be capped at mid-range of our comparative market.

## **Instructional Support Expenditures:**

9. The building support staff budget options will be developed collaboratively in site budget committees. The allocation will be based on the 2019-2020 budgets with adjustments for salary and fringe benefits. The total allocation is estimated to be \$9,129,001.
10. Compensatory revenue will be distributed based on state formulas.
11. Transportation program will maintain walking distances to 2 miles for all school sites. A fee of \$225 per student during the registration timeframe will be required for services within the 2 miles. Families who qualify for free-and-reduced lunch will receive a fee waiver. The family maximum is set at \$500. The transportation fee will be waived for the students attending the Kindergarten centers at Snail Lake and Pike Lake.
12. Professional development set aside revenues will be accomplished the same as the current year.
13. The high school activities budget will be maintained so that it supports the essential core cost necessary to provide opportunities for student connectedness beyond the school day. Families who qualify for free-and-reduced lunch will receive a fee waiver. The family maximum is set at \$700.
14. Other expenditures will increase as follows:
  - The district will apply a 1% to non-salary budget lines
  - The district will apply a 2% to transportation expenditures
  - The district will apply a 2% to utilities for gas, fuel oil and electricity
15. The base supply allocations will be as follows:
  - Elementary allocation for Kindergarten will be \$93.89 per student
  - Elementary allocation for Grades 1-5 will be \$81.55 per student
  - Middle school allocation for grades 6-8 will be \$107.39 per student
  - Senior high school allocation for grades 9-12 will be \$138.21 per student
16. The Superintendent will have \$30,000 in discretionary funds to address developing priorities as the school board directs.
17. Total general fund operating expenditures are projected to be \$158,942,279.

## **Summary:**

The District is projecting an unreserved fund balance of approximately \$24 million at June 30, 2020. Based on the identified assumptions for projected revenues, expenditures and budget adjustments for fiscal year 2020-2021, the District will end the fiscal year with an unreserved fund balance of approximately \$26 million. This represents an unassigned fund balance of 16% which is slightly below the established target identified in school board policy.

NUTRITION SERVICE FUND**

**General Description**

The nutrition service fund is used to record financial activities of the school district's food service program. This includes activities for the purpose of preparation and service of milk, meals and snacks in connection with the school and community service activities. Expenditures include application processing, meal accountability, food preparation, meal service and kitchen custodial service. The Mounds View nutrition service program serves over one million lunches annually.

**Changes from the 2019-2020 Fiscal Year**

The revenue budget includes a .15 cents increase to the lunch and breakfast meal price for the 2020-2021 school year. For comparison, neighboring school district prices for the 2019-2020 are provided:

# Community Service Fund

**MOUNDS VIEW PUBLIC SCHOOLS  
COMMUNITY SERVICE FUND**

**General Description**

The Community Service Fund is used to record financial activities of the school district's community service program. The fund is comprised of five components, each with its own fund balance. Community Education includes programs and services for any age level that are not part of the K-12 education program. Early Childhood Family Education includes activities to improve parenting skills of new and expectant parents and to provide learning experiences for parents and their pre-school children. School Readiness Education includes social services, a development and learning plan, health referral services, a nutrition component and parental involvement. Adult Basic Education includes all activities in adult basic education and adult high school graduation programs. Community Service includes programs such as Preschool Screening and Nonpublic Pupil Aid programs.

**Changes from the 2019-2020 Fiscal Year**

Revenue and expenditure projections have decreased from the 2019-2020 school year. The most significant changes include a reduction in revenues and expenditures related to summer programming at Laurentian, summer youth programs, summer band & orchestra as well as summer fit for life related to the COVID-19 pandemic. Early Childhood program expenditure budgets were developed using the most conservative approach with information available at the time the budget was developed.

**Legislation**

There were no financial changes from the 2020 legislature.

BUILDING CONSTRUCTION FUND**

**General Description**

The Building Construction Fund is used to record all operations of the district's building construction program that are funded by the sale of bonds, capital loans, or Long-Term Facilities Maintenance program if bonds are sold or a single project exceeds \$2 million.

**Changes from the 2019-2020 Fiscal Year**

The community supported a successful bond sale in the Fall of 2017. Therefore, construction projects will continue for the next couple of years in the Building Construction Fund.

**Legislation**

There were no financial changes from the 2020 legislative session.

# Debt Service Funds

**MOUNDS VIEW PUBLIC SCHOOLS  
DEBT SERVICE FUND**

**General Description**

The Debt Service Fund is used to record revenues and expenditures for a school district's outstanding bonded indebtedness, whether for building construction or operating capital, and whether for initial or refunding bonds. When a bond issue is sold, the school board must levy a direct general tax upon the property of the district for the payment of principal and interest on such bonds as due. The amount levied is 105% of the principal and interest due on such bonds, which allows for delinquencies. When an amount is accumulated in the Restricted Debt Service Fund due to interest earnings, lower than anticipated tax delinquency, or excess building funds, the accumulations must be used to reduce debt levies.

**Changes from the 2019-2020 Fiscal Year**

In fiscal year 2019-2020 the District issued 2019A refunding bonds hence the decrease of both revenue and expenditures in fiscal year 2020-2021. Property tax levies, principal payments and interest payments will remain consistent for several fiscal years.

**Legislation**

There were no financial changes from the 2020 legislative session.

POST EMPLOYMENT BENEFITS DEBT SERVICE FUND**

**General Description**

This Debt Service Fund is used to record revenues and expenditures for a school district's outstanding bonded indebtedness for other post employment benefits. When a bond issue is sold, the school board must levy a direct general tax upon the property of the district for the payment of principal and interest on such bonds as due. The amount levied is 105% of the principal and interest due on such bonds, which allows for delinquencies. When an amount is accumulated in a Restricted Debt Service Fund due to interest earnings, lower than anticipated tax delinquency, or excess building funds, the accumulations must be used to reduce debt levies.

**Changes from the 2019-2020 Fiscal Year**

In 2014-2015 the School Board authorized the refunding of the 2008A issue in order to decrease future interest payments. The old debt was called in fiscal year 2018-2019 and restricted fund balance resources were used to retire the old debt. Otherwise there is very little change from the 2018-2019 fiscal year.

**Legislation**

There were no financial changes from the 2020 legislative session.
