

MIS Materials List : Secondary Grades 5 - 8

2023/2024

Dear Secondary Families,

Please find below a list of equipment that supports your child in having a successful start in the school year. For many items on the materials list, we have given a link to an item online. You do not need to purchase the exact item, the link is there for reference to the type of product required.

As we continue to use less plastic, we are excited to be partnering with a German environmentally focused school material supplier, who supports blind and partially blind employees and will help support ethically sourced and produced school materials. This company will provide coloured notebooks and paper folders for all classes. Parents and guardians will be invoiced at the beginning of the school year to cover the cost of these. We hope that this new process will make it easier for parents and provide students with the correct lineature books for their school work without the use of a notebook cover and to use less plastic. These notebooks will already be in the classrooms on the first day of school and students can label them with their teachers.

For all other equipment, please do not forget to label all of your child's property with your child's name and grade level. Please ensure you maintain the number of stationery objects throughout the year for your child. It is always beneficial to have refilled materials after a school break.

If you have any questions or require assistance before school starts, please do not hesitate to contact the school office.

Best regards,
MIS Secondary Team.

Grades 5 – 8 notebook pack. The Grades 5 - 8 notebook pack includes all the A4 notebooks, the vocabulary notebook and coloured paper folders which are required for school. This pack will already be in your child’s classroom when the new school year begins! Children will label these with their teachers when they come to school.	Special Notes
	<p>Do not buy. These items are ordered by the school and given on first day. Cost of 8€ will be invoiced to parents at the beginning of the school year.</p> <p>Nicht kaufen. Diese Gegenstände werden von der Schule bestellt und am ersten Tag abgegeben. Die Kosten in Höhe von 8€ werden den Eltern zu Beginn des Schuljahres in Rechnung gestellt.</p>

Laptop or tablet (Please see below / siehe unten)	Laptop / Tablet	1	An electronic device which has : an internet browser, word processing, spreadsheets and presentation applications for daily use. Please see the 'Computer Use' document for further details about specifications.

iPads for Enhanced Learning

As we begin our preparation for the upcoming academic year 2023/2024, we wanted to bring to your attention an opportunity that will be taking place beginning in September 2023.

To help students across their learning experience, we are offering all students in Secondary school (grades 5 through 10) to have access to an iPad (5th Generation or newer) as part of the **materials list**. MIS will help supply these via a leasing program. As we continue to develop a more digitised learning experience, having access to such a device will utilise many of the learning resources and processes we are developing in school

For students with a device already, they may continue using this!

Details of the iPad leasing program can be found [here!](#)
