

Corwin Ford Donation – September 2019

Corwin Ford of Nampa has again this year given the Emmett Public School Foundation \$5,000 to be used to support Emmett students and teachers. Shown here in the presentation on Sept. 20th at Corwin Ford is Tanner Corwin, center, Rick Johnston, President of the Emmett Public School Foundation on the right and Cory Daniels, Vice-President of the Emmett Public School Foundation on the left. This is the third year that Corwin Ford has given this generous donation to our community. In the past it has been used to bring programs to schools that would not be able to be funded in other ways. The monies have benefited many students in our district and we truly appreciate the continuing support from Corwin Ford.
