Mrs. DeCapua discussed the reasons for the boards' concerns at the prior board meeting (safety, disruption of students and staff, three story building) but board listened to committee at June 1 meeting and came to realize:

1. No plan is perfect
2. Not everyone will be happy – there are pros and cons to every plan
3. However, all have the same goal, which is to do what is in the best interest of the children, staff and community

The Board believes the plan as presented by the facilities committee, will help meet the needs of our district.

Mr. Wilkeson presented facts and figures supporting the full project now versus segmenting the project. He stated this is the least expensive option.

Mrs. DeCapua emphasized that the entire board is in support of this plan even though not all are present this evening.
