FAIRVIEW

Junior High School
BOULDER, COLORADO

Dedication

Two of the "pioneers" of the Fairview Junior High School staff are MR. & MRS. EVERT WINKS, and the staff of the annual takes great pleasure in dedicating this book to them.

Mrs. Jewell Winks came to this district seven years ago as the fifth and sixth grade teacher at the Davidson School. One year later when the new junior high school was built she taught home economics, meal planning, English and worked in the cafeteria. Two years ago she specialized only in home economics and meal planning which she continues to teach today.

Mr. Evert Winks, prior to being on the original staff of the junior high school, spent two years in this district as an on farm trainer. The first year the junior high school opened he taught shop, physical training, science and was coach. After his second year at Fairview he taught shop and physical training and for the last three years Mr. Winks has been a science teacher and coach. Next year he reluctantly gives up coaching to concentrate on his science classes.

Our best wishes go with them both....two of our real "pioneers."
