

**Caliber Public Schools
Triennial Assessment
Completed June 29, 2023**

In accordance with the [2016 Final Rule](#), schools must complete an assessment of their district wellness policy every three years, at minimum. The assessment must include several components:

1. Comparison of the district's School Wellness Policy to a model policy;
2. Measurement of the extent to which the district is in compliance with the policy;
3. Description of the district's progress toward achieving the goals described in the policy.

Caliber Public Schools used the WellSAT Triennial Assessment tools and worksheets to fulfill the requirements of the Triennial Assessment. Results are detailed below.

PART 1: Comparison to a model School Wellness Policy

- The WellSAT 3.0 was used to compare the written policy to model standards. See the WellSAT 3.0 scores in the "Combined WellSAT 3.0 and WellSAT-I Scorecard" (attached).

PART 2: Local measurement of compliance with School Wellness Policy

- The WellSAT-I was used to assess the implementation of the Local School Wellness policy via interviews with district and school-level personnel. See the WellSAT-I scores in the "Combined WellSAT 3.0 and WellSAT-I Scorecard" (attached).

PART 3: Description of the district's progress toward achieving goals described in the policy

- The results of the WellSAT 3.0 and WellSAT-I were analyzed and linked to one of four outcomes, detailed in the "Combined WellSAT 3.0 and WellSAT-I Scorecard" (attached). Outcomes and progress have been summarized in Worksheet # 4 (attached).

Policy Name: Caliber Public Schools Wellness Policy

Below, you will see your written policy scores [WellSAT 3.0] and implementation scores [WellSAT-I] for every item. Each pair of responses is compared and linked to an outcome, listed below.

- Strong Policies and Aligned Practices** – District has a strong policy and is fully implementing practices that align with the policy
- Create Practice Implementation Plan** – District has a strong or weak policy, but practice implementation is either absent or limited
- Update Policies** – District is fully implementing a practice but there is no or only weak language in the written policy, or the district is partially implementing practices and there is no language in the policy
- Opportunities for Growth** – District has either not addressed the topic in policy or practice, or has only addressed the topic in a very limited way

		WellSAT 3.0 Score	WellSAT-I Score	
Section 1. Nutrition Education				
NE1	Does the school district have specific goals for nutrition education designed to promote student wellness? Does this include a standards-based nutrition education curriculum?	2	1	
NE2	How would you describe the nutrition education you provide? Are didactic methods used to increase student knowledge? Are skills-based, behavior focused, and interactive/participatory methods used to develop student skills?	2	1	
NE3	Do all elementary school students receive sequential and comprehensive nutrition education?	2	1

A description of the progress made in attaining the goals of the local school wellness policy.	2	1	
IEC7	Has the wellness policy been revised based on the triennial assessment? If yes, what process did the committee use to decide what to revise?	2	1	
IEC8	Is there an active school level wellness committee? (Note: This may also be called a school health team, school health advisory committee, or similar name) If yes, how frequently does the committee meet?	1	0	

WORKSHEET 4: SUMMARY OF FINDINGS

This worksheet can be used to create narrative descriptions to post alongside sections from Worksheet 3: Identifying Connections between Policy and Practice. The purpose of these narratives is to describe the district's progress toward meeting their wellness goals. Not all districts will have information to share in all four sections.

SECTION 1: STRONG POLICIES AND ALIGNED PRACTICES

If applicable, write a narrative below to describe your district's areas of success in meeting its wellness goals.

Caliber Public Schools has successfully implemented wellness practices related to meeting standards for school meals, nutrition standards for competitive foods, physical education, physical activity, and wellness promotion and marketing.

SECTION 2: CREATE PRACTICE IMPLEMENTATION PLAN

If applicable, write a narrative below to describe how your district will create practice implementation plans to ensure full compliance with all elements of the LSWP.

Caliber Public Schools will work closely with our district and educate employees on the importance of following our Local School Wellness Policy. As well as improve communication to students, employees, and relevant parties on nutrition standards for foods served during the school day, and on wellness promotion and marketing. We will also work with our Wellness Committee to develop and expand on specific goals for nutrition education that are designed to promote student wellness, physical education, and physical activity.

SECTION 3: UPDATE POLICIES

If applicable, write a narrative below to describe how the district will update its policy to include all federally required items. You may also add plans for additional policy updates if desired.

Evaluation of Caliber Public Schools' Local School Wellness Policy indicates that additional language needs to be included regarding Smart Snacks and competitive foods on school campuses. In addition to adding language around how we currently protect the privacy of student's eligibility status. Caliber Public Schools will also be working to add language describing how we integrate nutrition into our classroom space and curriculum learning.

SECTION 4: OPPORTUNITIES FOR GROWTH

If applicable, write a narrative below to describe how your district will update its policy and practices to include all federally required items. You may also add plans for additional wellness goals if desired.

All federally required items are within Caliber Public Schools' Local School Wellness Policy. We will use this scorecard to guide and prioritize the Wellness Committee's implementation, evaluation, and communication of Caliber Public Schools' efforts to support nutrition education, standards for school meals, nutrition standards for competitive foods, physical education, physical activity, and wellness promotion and marketing. Caliber will be working to add more opportunities for nutrition education, wellness events and opportunities for staff and families as well as providing more resources for healthy food options for our community.
