Lake Stevens School District #4
Citizens' Budget
Fiscal Year 9/1/2018 – 8/31/2019

The Lake Stevens School District's annual budget is perhaps one of the most important publications that the District can present to the local citizens. It is the instrument that sets forth a financial plan for the achievement of the goals and objectives of the school district. It is also the community's educational plan expressed in dollars.

The purpose of a budget is to provide a statement expressed in financial terms, which serves as the primary tool for planning and controlling operations. To achieve this basic purpose, the comprehensive budget is integrated with the District's financial accounting system to ensure that objectives of planning, coordinating, evaluating, and controlling are attained.

The period, which is covered by the official budget, is the fiscal year September 1, 2018 through August 31, 2019. Some projects, grants, or programs have a funding period that may differ from this fiscal year. It is necessary to include only the estimated revenues and expenditures occurring during the period covered by the official budget for these activities. The Lake Stevens School District uses the modified accrual basis of accounting for revenue and expenditure recognition in its budgeting, accounting, and financial reporting as prescribed by RCW 28A.505.020. The District's budget is divided into separate funds as required by law. These funds include the General Fund, the Capital Projects Fund, the Debt Service Fund, the Associated Student Body Fund, and the Transportation Vehicle Fund. The purpose of each fund is explained further in this document.

The official budget document, Form F-195, is prepared for adoption by the School Board for submission to the Office of the Superintendent of Public Instruction (OSPI) as prescribed by RCW's. This Citizens' Budget provides a summary of the official F-195 document with additional charts and narrative information to provide clarifying information about the budget. Beginning January 1, 2018, RCW 28A.505.040(3)(b) requires the District to provide a high-level four year budget summary plan and four-year enrollment projection to include the following school years: 2018–19; 2019–20; 2020–21; 2021–22. Citizens may review the official F-195 and the F-195F document online at <http://www.k12.wa.us/SAFS/reports.asp> or at the Educational Service Center, 12309 22nd St. NE, Lake Stevens, WA 98258. Questions regarding the budget may be directed to the Assistant Superintendent of Business Services at (425) 335-1503.

One of our foundational principles is "Financial Stewardship that promotes trust by ensuring the responsive and optimal use of district resources in a manner that is understandable and transparent to all stakeholders, and supports the goals of the district" (Lake Stevens School District. *Foundation for Excellence 2013-16*. 2014).

Thank you for your continued support of our students. Together, we can ensure our students will be contributing members of society and lifelong learners, pursuing their passions and interests in an ever-changing world.

General Information Budget Year 2018-19

Lake Stevens School District No. 4 is a municipal corporation that provides elementary and secondary educational services. The District encompasses the incorporated City of Lake Stevens, a portion of incorporated City of Marysville and portions of unincorporated Snohomish County. According to the 2016 estimate by the Washington State Office of Financial Management, the District has a current estimated population of 44,284 and encompasses 28.5 square miles. The District operates seven elementary schools, two middle schools, one mid high school, one high school, one cooperative alternative high school, and Homelink, a K-10 home school district parent partnership program.

A Board of Directors that is elected by the voters of the school district governs the District. The Board of Directors is made up of the following people:

David Iseminger, President, Director District No. 1
John Boerger, Vice President, District No. 5
Paul Lund, Legislative Representative, District No. 2
Mari J. Taylor, Director District No. 3
Kevin Plemel, Director District No. 4

The Board of Directors selects the District's administrative staff. The staff includes:

Amy Beth Cook Ed. D., Superintendent
Teresa Main, Assistant Superintendent, Business and Health Services
Ken Collins Ed. D., Assistant Superintendent, Human Resources
John Gebert Ed. D., Executive Director, Secondary Teaching & Learning
Graham Cook, Executive Director, Elementary Teaching & Learning
Miriam Tencate Ed. D., Executive Director, Special Services
Gina Anderson, Executive Director, Assessment and Student Learning
Robb Stanton, Executive Director, Facilities & Operations
Jayme Taylor, Director, Communications
Sarah Danielson, Director, Professional Learning
Keri Joseph, Director, Special Services

The District employs just under 1,000 full and part time employees which equates to 908.1 full-time equivalent (FTE); approximately 63% is certificated staff. The majority of employees, who are eligible under state law to be represented by a labor organization, are employed under provisions of negotiated contracts within one of five bargaining groups.

Enrollment History Budget Year 2018-19

Lake Stevens School District has experienced a steady rate of growth over the last decade. Between the years 2008 and 2018, we have seen the District grow from 7,361 full-time equivalent (FTE) students to 8,723 FTE, an 18.5% increase. The enrollment is conservatively projected using rollup at grades K-8 and a 5-year cohort survival method at grades 9-12. Though the enrollment is conservatively projected, our actual enrollment historically has been higher. The enrollment projection for the 2018-19 school year is 8,723 FTE. The projection for the 2018-19 enrollment reflects growth at the elementary level, Cavelero Mid High and Lake Stevens High School but a negligible decline at the middle schools. See Figure 1 for the growth history chart by year and grade group.

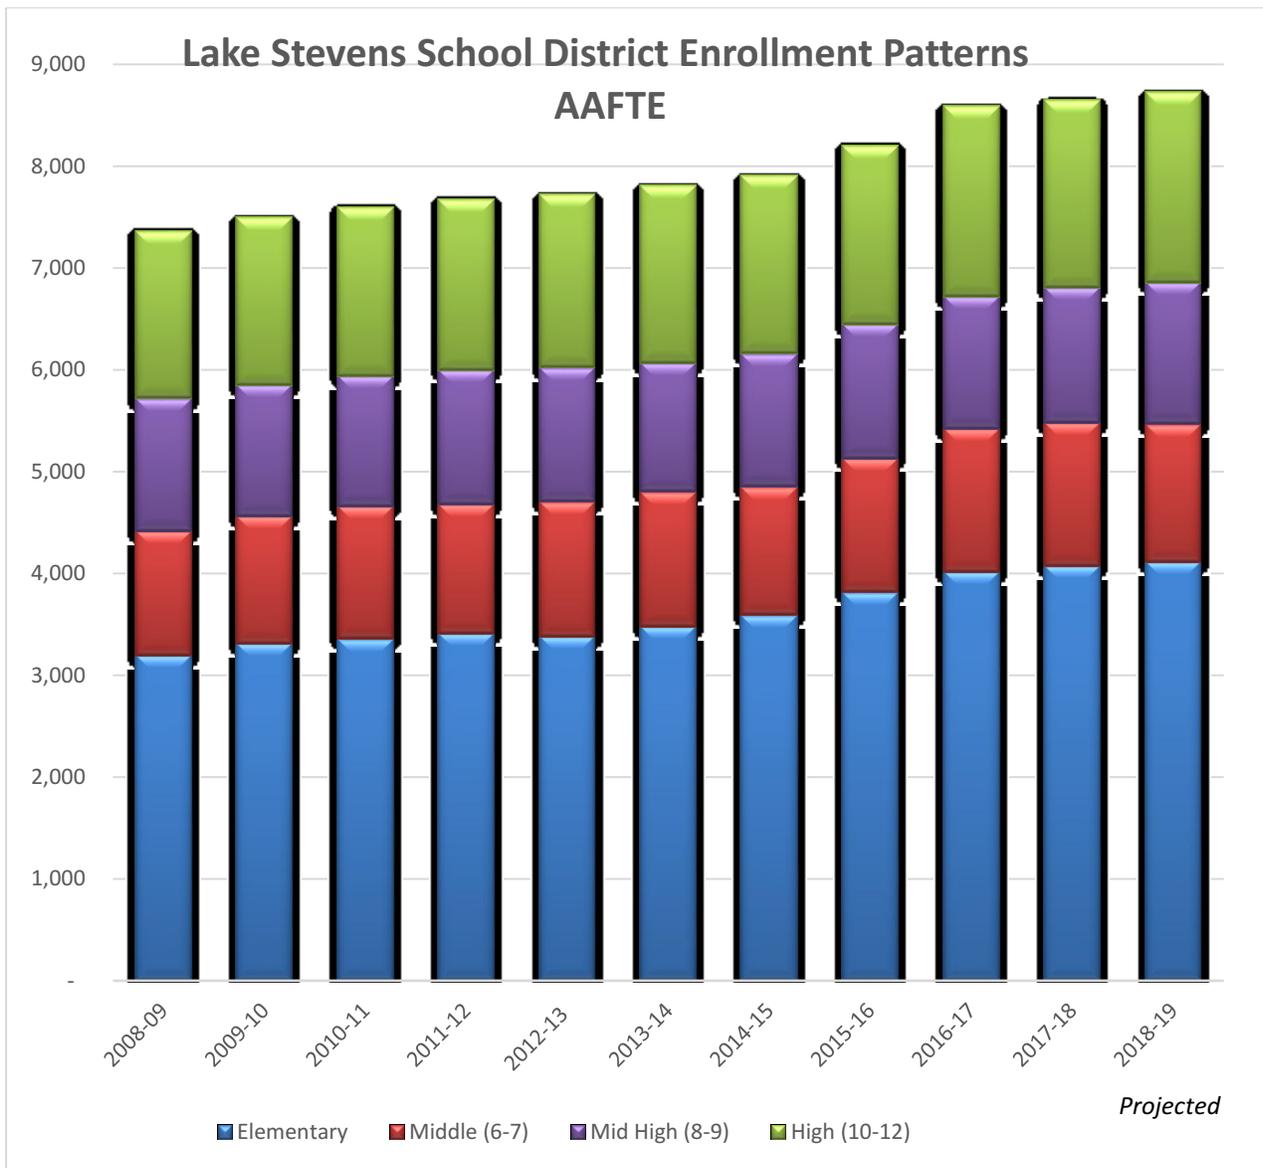

Figure 1

Budget Year 2018-19

OUR BUDGET HAS FIVE PARTS (FUNDS)

General Fund, the operating budget which guides our day to day activities;

Associated Student Body Fund (ASB), which accounts for each school's extracurricular activities;

Debt Service Fund, which we use to pay the principal and interest on bonds we issue to finance school construction and renovation;

Capital Projects, which covers our long-term school construction and repair needs and cannot be spent on school operations; and

Transportation Vehicle Fund, which provides for the purchase of yellow school buses.

Lake Stevens School District Budget Summary					
Fund	General	ASB	Debt Service	Capital Projects	Transportation
Total Revenues	\$125,797,965	\$1,064,891	\$12,756,288	\$29,416,366	\$ 638,202

Beginning Balance	\$6,306,536	\$ 454,623	\$2,458,000	\$76,239,628	\$ 714,433
Ending Balance	\$9,688,837	\$ 378,904	\$4,553,663	\$ 128,330	\$ 642,635
% Expected Ending Balance	7.9%				

General Fund Budget Year 2018-19

The General Fund is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is financed from local, state, and federal sources. These revenues are generally used for financing the current, ordinary, normal and recurring operations of the District, such as programs of instruction for the students, food services, maintenance, data processing, printing, and pupil transportation.

The 2018-19 fiscal year General Fund budget revenue for the District totals \$125.7 million, with the expenditure budget totaling \$122.4 million. With the State adhering to the McCleary decision, our District received a healthy, one-time increase in revenues. These revenues are expected to sustain increases in expenditures over the next few years as no additional revenue increases to this level are expected. Additional capacity has been built into the expenditures to accommodate some unexpected growth if necessary. The Board has a directive setting a minimum budgeted ending fund balance of 5% of expenditures, which is necessary to accommodate normal cash flow and contingencies, however as we project four years out, this may be difficult to maintain as greater increased expenditures are expected.

Approximately 85.9% of the District's General Fund revenues come from the State for basic education and special programs. The funding received from the State is largely determined by the number of students enrolled in the various funded programs along with the experience and education of the certificated instructional staff employed in the district. Another 10.0% of the revenue comes from the citizens through the levy of voter approved taxes, student food and nutrition program, traffic safety program, and rental fees. The balance of the budgeted revenues comes from a variety of sources including federal funds, local receipts, and grants from agencies, associations and foundations.

The expenditure budget reflects that 77.8% is spent on direct instructional programs. The remaining expenditure budget is spent in other support services and community education. Other support services include maintenance, operations, grounds, utilities, central administration, food services, and transportation of students.

The District's budget includes staffing of 572.9 full-time equivalent certified staff and 339.5 full-time equivalent classified staff. A certified staff member is considered to be a full-time equivalent if they work at least 180 full time contracted days. A classified staff member is considered to be a full-time equivalent if they are paid for eight hours a day for the full 12-month year. Approximately 84.4% of the expenditures are payment of salaries and benefits for the employees of the district. The balance of the expenditure budget is used in the areas of supplies and materials, purchased services, travel, and capital outlay.

The Lake Stevens School District's budget differs from many school districts with the operation of a Transportation Co-op with Granite Falls School District. Most of the expenditures for both school districts' transportation expenses flow through the Lake Stevens School District's budget. Granite Falls School District reimburses the District for their share of the expenses, which is reflected in the revenue portion of the budget.

Revenue comes from four main sources; Local, State, Federal, Other

REVENUE WORK SHEET - GENERAL FUND - LOCAL EXCESS LEVIES & TIMBER EXCISE TAX

Local property tax collections (Accounts 1100) should include revenue anticipated to be received in cash during the fiscal year. Estimation of the Timber Excise Tax collection (Revenue Account 1500) is necessary to estimate the Net Excess Levy Collection.

The Net Excess Levy equals the Excess Levy Amount minus the sum of the Timber Levy.

Capital Projects Fund Budget Year 2018-19

The Capital Projects Fund can be used for the acquisition of land or existing facilities, construction of buildings, purchase of equipment, conducting energy audits, and making capital improvements which are cost effective as determined by energy audits. In addition, improvements to buildings and/or grounds, remodeling of buildings and the replacement of roofs, carpets, and service systems are included in the Capital Projects Fund; all items that can extend the life of the facility. Capital Projects Fund may not be used for general maintenance work.

The Capital Projects Fund is generally financed from the proceeds of the sale of bonds, state matching revenues, and special levies. In addition, mitigation fees may be set by local governments to provide funds to be used for capital fund expenses related to the impact of local growth.

On February 9, 2016, voters approved a \$116 million dollar bond to build a new elementary school #7 and an Early Learning Center, replace and expand selected buildings at Lake Stevens High School, make district-wide improvements to school safety, security, health, educational areas and infrastructure. On June 30, 2016, the District sold \$76 million dollars of bonds to begin construction. On September 14, 2017, the District sold the remaining \$40 million dollars of bonds to finish financing all the projects. To date, the Early Learning Center and Stevens Creek have completed construction and are occupied. Construction has begun on the High School remodel as well as many other smaller projects.

On June 3, 2016, Lake Stevens School District was awarded a \$24.5 million dollar K-3 Class-Sized Reduction Grant from OSPI. This grant is to be used to add 50 permanent classrooms to achieve progress towards the average class size objectives for the 2017-18 school year and beyond for grades K-3 and/or to develop space for all-day kindergarten. To date, we've added numerous K-3 classrooms through Stevens Creek as well as adding two new kindergarten classrooms at each of the existing six elementary schools.

The 2018-19 Capital Projects Fund budget reflects a beginning fund balance of \$76,239,628. This opening balance is derived from the sale of bonds, impact fees that are restricted to use for growth related issues and a residual of the capital technology levy.

Revenues of \$29,416,366 are projected to come from K-3 class size reduction grant, state match, impact fees, earnings from investments and the capital technology levy. In February 2018, the voters approved a 4-year, \$2,000,000 per year, Capital Levy for Technology Improvements. Beginning 2018, the Capital Projects Fund will collect technology levy revenue which is approximately \$1,765,006.

Expenditures of \$105,527,664 are budgeted for remodeling the high school and various other bond projects, K-3 classrooms and for the replacement technology levy projects. The projects planned with the Technology Levy include but are not limited to student computing devices, infrastructure maintenance, professional learning and support and the purchase of new technologies. There are also expenses budgeted for miscellaneous expansion projects and a contingency to purchase land.

The Ending Fund Balance is projected to be \$128,330.

REVENUE WORK SHEET - CAPITAL PROJECTS FUND - LOCAL EXCESS LEVIES & TIMBER EXCISE TAX

Local property tax collections (Acct 1100) should include revenue anticipated to be received in cash during the fiscal year. Estimation of the Timber Excise Tax collection (Revenue Acct 1500) is necessary to estimate the Net Excess Levy Collection. The Net Excess Levy equals the Excess Levy Amount minus the sum of the Timber Levy.

Debt Service Fund Budget Year 2018-19

The Debt Service Fund is established to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and the expenditures related to the redemption of outstanding bonds and notes, as well as other long-term liabilities.

Provision must be made annually for a levy sufficient to meet the payments of principal, interest, and related expenditures for voted debt. The levy should be sufficient to cover tax payment delinquencies. Levy amounts are also based on leaving sufficient fund balance at the end of the fiscal year to provide between 40% and 60% of the funds needed for obligations from September 1 through March 31 of the following year.

The Lake Stevens School District has a total outstanding Voted Debt of \$135,475,000 as of September 1, 2018. The largest part of that debt is the \$67,740,000 issue that was sold in June of 2016 for the first phase of a long range construction project that includes the building of Stevens Creek Elementary and the Early Learning Center. The next largest part of the debt is the \$37,265,000 that was sold in September 2017 to replace and expand selected buildings at Lake Stevens High School, make district-wide improvements to school safety, security, health, educational areas and infrastructure. Principal payments for the 2018/19 budget year total \$5,345,000 and interest payments total \$5,224,625.

Non-voted bonds are also serviced in the Debt Service Fund rather than in the fund that received the debt proceeds. In order to provide the resources to retire the debt, an operating transfer must be used by the General Fund, Capital Projects Fund, or Transportation Vehicle Fund to transfer resources to the Debt Service Fund.

Currently, the District does not have any non-voted bond issues outstanding.

REVENUE WORK SHEET - DEBT SERVICE FUND - LOCAL EXCESS LEVIES & TIMBER EXCISE TAX
 Local property tax collections (Acct 1100) should include revenue anticipated to be received in cash during the fiscal year. Estimation of the Timber Excise Tax collection (Revenue Acct 1500) is necessary to estimate the Net Excess Levy Collection. The Net Excess Levy equals the Excess Levy amount minus the sum of the Timber Levy.

PART I - LOCAL PROPERTY TAX COLLECTIONS

Associated Student Body Fund Budget Year 2018-19

The Associated Student Body (ASB) Fund is designated as a special revenue fund. Fees collected from students and non-students, as a condition of their attendance at any optional, non-credit, extracurricular event of the District finance this fund, along with other student initiated fund raising.

One of the stated purposes in the rules and regulations issued by OSPI is to encourage the supervised self-government of Associated Student Bodies. The Lake Stevens School District Board of Directors has developed policies and procedures to promote this goal. Except for moneys held in trust in the fund, the financial resources of the ASB fund are for the extracurricular benefit of the students. Their involvement in decision-making processes is an integral part of Associated Student Body government. The students have adult supervision to administer the ASB programs, and the students must participate in determining the uses of ASB resources. Final approval of ASB activities rests with the Board of Directors; however, the students determine what activities will constitute the ASB program. According to the rules and regulations governing the Associated Student Body program, "the Associated Student Bodies participate in the determination of the purposes for which Associated Student Body financial resources shall be budgeted and disbursed."

In the ASB Fund each student activity group prepares a budget for the fiscal year. The budgets for all the student activity groups combine to constitute the Associated Student Body Fund budget for each school. After the student council and the primary advisor approve the budget, it is sent to the District's Assistant Superintendent for approval and consolidation with all other Associated Student Body budgets of the District. These budgets are consolidated and presented to the School District's Board of Directors as the proposed ASB Fund budget for the district.

It is important to note that no student activity group is allowed to have a negative ending balance. This means that no student activity group can disburse money unless the money is available in the student activity group's account. Therefore, even if an activity group has budgeted for expenditures within its budget, it may not expend any funds until they have been deposited into its account to cover the expenditures.

District ASB expenditures are budgeted at \$1,140,610 and revenue is budgeted at \$1,064,891. The ASB fund balance reserves of \$378,904 will be used to offset the expenditures if they exceed the revenue.

Transportation Vehicle Fund Budget Year 2018-19

The Lake Stevens School District currently has eighty-four (84) buses in its fleet. Seventeen (17) of the buses are equipped for special needs students. Currently there are no buses over 20 years old and thirty-three percent (33%) of the fleet is 2014 or newer.

According to Section 505(6) of the Washington State Operating Budget (3ESHB 212), the superintendent of public instruction shall base depreciation payments for school district buses on the pre-sales tax five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year. Of the District's eighty-four buses, five buses (6% of the fleet) are completely depreciated off the State's Depreciation Schedule.

Depreciation for the 2018-19 fiscal year is estimated by OSPI and we have used their numbers for our budget. For 2018-19, revenue that will be deposited from depreciation reimbursements are projected to be \$637,702. Any new buses purchased and placed on routes will get a monthly allowance that will be added to the Transportation Vehicle fund.

The State's formula for funding of the Transportation Vehicle Fund does not provide for the needs of a district impacted by growth. Funding the growth of the Lake Stevens School District's bus fleet has been partially through the use of depreciation funds.

The 2018-19 Transportation Vehicle Fund Expenditure budget includes an authorization to purchase up to five (5) buses, if needed. The District has plans to purchase four (4) trip buses during the 2018-19 fiscal year without the need to surplus any buses. The remaining will be capacity to replace buses in an emergent situation. The total budgeted expenditures are projected to be \$710,000.

The Ending Fund Balance is projected to be \$642,635.

Four Year Budgets Budget Years 2018-19 through 2021-22

Beginning January 1, 2018, RCW 28A.505.040(3)(b) requires the District to provide a high-level four year budget summary plan and four-year enrollment projection to include the following school years: 2018–19; 2019–20; 2020–21; 2021–22.

On or before the tenth day of July in each year, all school districts shall prepare their budget for the ensuing fiscal year. The annual budget development process shall include the development or update of a four-year budget plan that includes a four-year enrollment projection. The four-year budget plan must include an estimate of funding necessary to maintain the continuing costs of program and service levels and any existing supplemental contract obligations. The completed budget must include a summary of the four-year budget plan and set forth the complete financial plan of the district for the ensuing fiscal year.

Upon completion of their budgets, every school district shall electronically publish a notice stating that the district has completed the budget, posted it electronically, placed it on file in the school district administration office, and that a copy of the budget and a summary of the four-year budget plan will be furnished to any person who calls upon the district for it.

School districts shall submit one copy of their budget and the four-year budget plan summary to their educational service districts and the office of the superintendent of public instruction for review and comment by July 10th. The superintendent of public instruction may delay the date in this section if the state's operating budget is not finally approved by the legislature until after June 1st.

The office of the superintendent of public instruction shall consider the information provided when ranking each school district by the school district's financial health in order to provide information for districts to avoid potential financial difficulty, insolvency, or binding conditions.
