You will have the opportunity to observe children with special needs from age 0-13 yrs, and their treatment process at our clinic. Our highly skilled therapist can provide valuable learning to someone looking at a future career in child development or related fields. Diagnoses served Autism, ADD/ADHD, Developmental Delay, Downs Syndrome, Cerebral Palsy, Learning Disorder, DCD/Dyspraxia, Sensory Processing Difficulties, Chromosomal abnormalities, Treatment Areas Sensory Processing Feeding challenges Fine motor and Gross motor/	Link here
Camp Blaze - Fire Camp For Young Women	While Camp Blaze is offered in the fire service setting, it is merely our medium. The intent of Camp Blaze is not to recruit firefighters (though we secretly hope every camper falls in love with our profession)! It is our mission to EMPOWER, INSPIRE, and SUPPORT STRONG WOMEN LEADERS. There is no greater reward for us than to see Camp Blaze campers return to their community and make the world a better place. Our track record is strong and we invite you to join our Camp Blaze family.	Link here
Carnegie Mellon University - Pre-College Programs+	Fred Hutch Summer High School Internship Program - For high school students who are interested in science, hands-on experience alongside pioneering researchers in biological sciences, bone marrow and stem cell transplantation, cancer prevention, epidemiology and biostatistics can be life-changing. Many of our past interns have gone on to pursue rewarding careers in biomedical research and medicine.	Link here
Harvard Summer School	Experience what it's like to be a college student for seven transformative weeks. You'll get a true taste of college life as you thrive in an academically rigorous environment and engage with fellow high school and college students in and out of the classroom.	Link here

Hoya Summer High School Sessions - Georgetown University	This summer, join us for an exciting learning program at Georgetown University. Our Hoya Summer High School Sessions offer the opportunity to explore your academic interests, meet classmates from around the world, and earn college credit—all while experiencing the excitement of college life.	Link here
HungerCorps Associates	Summer HungerCorps Associates help to fight food insecurity by helping families and youth access healthy meals during the summer. Members will deliver meals directly to families' doors at an apartment complex, serve Grab and Go meals at a community center, or distribute groceries to families at a neighborhood food pantry. Training will be provided in site management, marketing, community engagement, and data tracking – meaningful skills that will both serve our community and be powerful on a resume. Service placements include Seattle, Tukwila, Renton, Auburn, East King County, Kent, and Federal Way.	Link here
Iacocca Global Entrepreneurship Intensive	Do you have what it takes to innovate? Enhance your abilities in entrepreneurship, leadership, and global citizenship as part of an international network of emerging leaders from across the U.S. and around the world at the Iacocca Global Entrepreneurship Intensive. Lehigh University	Link here
Snohomish County Sheriff's Police Explorer Program & Search and Rescue Program	The Explorer Program supports and enhances the mission and values of the Snohomish County Sheriff's Office, while providing the experience needed to determine whether to pursue a career in law enforcement. Many deputies and police officers got their start as an explorer. Search & Rescue - The Explorer Search and Rescue Unit supports the Snohomish County Volunteer Search and Rescue mission 'That others may live' by searching for and rescuing lost and injured people, while providing the training and experience necessary to make each individual a skilled and effective member of the Search and Rescue team. Requirements: membership is open to students between the ages of 14 and 20, who are mature, have good character, and maintain at least a 2.0 grade point average (GPA).Applicants must have a reputation for honesty and trustworthiness. Felony convictions will be disqualifying. Misdemeanor and infraction convictions, depending upon the number and severity may be disqualifying.	Link here
King County Sheriff's Police Explorer Program	Young adults ages 14-21 interested in learning more about law enforcement, participating in community events and police training. It also is a great way for high schoolers to fulfill their community service hours, however it is a large time commitment.	Link here
Little Bit Riding Center Internship	Do you enjoy volunteering your time, skills, and energy on fundraising events that make a difference?	Link here

Seattle Aquarium Youth Ocean Advocate	Youth Ocean Advocates must be enrolled in grades 9–12 in a high school, Running Start or homeschool program at time of application. We have a limited number of positions to fill each school year and summer. Potential Youth Ocean Advocates must attend one of our orientation sessions. After you attend the online orientation, you'll receive an application to fill out and return to the Aquarium. From the applicant pool, we'll select individuals to interview for the program. Positions are filled based upon the applicant's interview performance and application. We will be hosting orientation sessions in early spring to prepare for our summer volunteer session. Please check back here for updates as we finalize the schedule. If you'd like to be notified when summer orientation dates are set, please email aquateens@seattleaquarium.org. Please include your name, email, school and grade level.	Link here
Stanford Summer Program	Renowned for entrepreneurial innovation and academic excellence, Stanford enriches your curiosity, creativity, and knowledge with a wide variety of courses, to help you reach your full potential. Study with a dynamic, diverse student body from more than 40 countries in small classes with dedicated instructors, with the opportunity to earn credit and an official transcript from Stanford. UW Nursing Summer Symposium	High school students will learn about the nursing profession from talking to current nursing students and attending a nursing panel online and other activities and many more.	Link here
UW Summer Stretch Grades 9-10	UW Summer Stretch offers both accelerated courses and courses for enrichment.	Link here
Seattle Children's Nursing Camp	This five-day camp is an opportunity for rising juniors and seniors to gain insight into the world of pediatric nursing. The goal of the program is to provide high school students with a background that is historically underrepresented in nursing an opportunity to engage in learning activities at Seattle Children's that introduce them to nursing career pathways. This year's camp will be held from Monday, July 17 to Friday, July 21, 2023	Link here
Carnation Farms Paid Teen Summer Program	We are currently hiring for our paid summer program, Rooted. Rooted at Carnation Farms is a 7-week paid summer program. Teens work together on our 15-acre certified organic farm, gaining first-hand knowledge of the joys and challenges of farming. Through workshops and service learning projects, teens become equipped to use their unique voices, talents, and skills to rethink a liberated food system. We bring together teens from diverse backgrounds and experiences from throughout the Snoqualmie Valley and Greater Seattle, who form deep bonds to each other and to the land. Teens currently in grades 9-11 are eligible to apply.	Link here
Pre-college Artificial Intelligence Program - MIT Graduates	Pre-College Artificial Intelligence Program by MIT Graduates Inspirit AI is a live online 25-hour pre-college AI program that prepares students across disciplines for an AI-driven future, guiding them to build socially impactful projects like pneumonia diagnosis, stock market prediction, and criminal justice reform! Students learn in small-group classrooms, and cohorts for beginner and advanced coders are available	Link here
UW - Do-It Scholars Program - Neuroscience for Neurodiverse Learners	Providing hands-on experiences in neuroscience, networking opportunities, and resources to neurodiverse high school and early postsecondary students. Summer Opportunities for High School Students The NNL summer camp program is for college-bound high school sophomores, juniors, or seniors in the United States who have an interest in STEM and identify as neurodiverse learners.
