LAKE STEVENS
School District

LAKE STEVENS TRANSITIONS

Lake Stevens High School has a community-based Transitions program to assist students with disabilities in developing job skills. We are looking for volunteer opportunities for our students. The students in our Transition program have a range of abilities that allow them to be productive and **AMAZING** additions to your work force. Students can be accompanied by a Job Coach, 1-4 days a week for a 2-hour shift or they can work independently.

IT'S A WIN-WIN!
