Mr. Serfass asked that the Board re-evaluate and reconsider this issue.

TREASURER’S REPORT: Mrs. Laura Jecker

Mr. Burger motioned, seconded by Mr. Zacharias to approve Agenda item #3.A – Accounts Payable – May 28, 2020 as attached.

ROLL CALL: 9-0 CARRIED

Agenda item #3.B. - The Accounts Payable approved at the May 14, 2020 Board of Education meeting was attached to the agenda for informational purposes.

UNFINISHED BUSINESS

Solicitor: Mark Fitzgerald, Esq. – No report.

Other: Mrs. Yozwiak stated that the Board has seen presentations from two local health care providers – Lehigh Valley Health Network/Coordinated Health and St. Luke’s Health Care – that are seeking to have a contract to serve youth at Pleasant Valley High School. She stated that the Board is not permitted to discuss this in private and asked that the Board members comment at this time as to their opinions and thoughts with regard to the two health providers.

Mr. Wunder stated that both providers made compelling statements as to services they would provide to Pleasant Valley; however, he is uncertain at this time as to which provider he would vote for. He stated that he would like feedback from all coaches before making a decision. Mr. Burger stated that he agrees that both providers made compelling presentations. He stated good feedback has been received for St. Luke’s and commented about the value of the insurance offered whereby they can accept the payments put forth by whatever insurance company the families may have. Mr. Burger also expressed concern about the trainers being retained by the incoming contractors. Mr. Kresge expressed concern about the no compete clause in the contract for trainers with Coordinated Health and Mrs. Yozwiak quoted the no compete clause – “if the trainers were hired by the competitor they would be prohibited from working with Pleasant Valley for up to two years.” Ms. Greggo stated that we also have two physicians and making a change would be giving up a lot. She also discussed the rating scale received from many coaches. She stated that there has been so much change at Pleasant Valley and expressed that another area of change at this time would not be desired. Mrs. Kresge expressed that 11 out of 18 coaches responded to the survey and she would like to hear from all coaches and have everything in front of her before making a decision. Mr. Peeters stated that there are two good programs, but he would like more information. Ms. Greggo expressed a desire to have more clarity about insurance costs. Mr. Wunder questioned prior issues with our health provider and how those issues are handled. Mr. Fitzgerald addressed contractual relationships with regard to issues and remedies which must be a built in function within the organization. Mrs. Jecker stated that she would like more information and commented that this is not just about sports, but a multi-faceted relationship we are looking for offering education, scholarships, etc.

Mrs. Yozwiak requested setting a goal for the Board since more information is desired as well as data about health insurance. She stated that perhaps at the next meeting, the Board can come to some agreement, not to vote, but to authorize Attorney Fitzgerald and the administration to begin writing a contract with someone seriously being considered. Mr. Fitzgerald outlined steps to be taken to come to a consensus; have acceptable negotiations and come back with a contract for consideration and ultimately to finalize said contract.

Mr. Wunder questioned Ms. Famularo about payments for the performance review. She stated that an invoice has not been presented as yet but will be charged to Board services and expects it to come out of contingencies.

NEW BUSINESS

Mrs. Yozwiak stated that Committee reports were attached to the agenda for review. Mr. Wunder stated that the Superintendents were going to be meeting with the Secretary of Education about plans for reopening and he expressed concern about procedures, expense, and protocol. Dr. Lesisko stated that the meeting took place and that there will be a document forthcoming that school districts will follow with regard to the opening of school for next year. Mr. Fitzgerald commented that short of an act of our state legislature, legally we will be back to 180 day/990 hour school year and any deviation in the School Code for a 180 day/990 hour school year would be an act of the state legislature and governor. Mr. Burger stressed the importance of being prepared and plan for all scenarios in the event we do not open for the fall semester. He also stated that the community must be informed and prepared. Dr. Lesisko stated that superintendents are working on different scenarios for the re-opening of school.

SUPERINTENDENT-REPORT/REQUESTS: Dr. Lee Lesisko

Agenda item #6.A. – D’Huy Engineering Presentation: Routes 115 & 209 Road Widening Project – Mr. James P. Lynch, Principal & Project Manager of D’Huy Engineering, provided a PowerPoint presentation summarizing the PennDOT SR 115/209 Project and the impacts on the Pleasant Valley campus. He detailed what the District has currently, the District needs, and the PennDOT plan. The Board was given the opportunity to comment and/or ask questions. Mrs. Yozwiak questioned receipt of an appraisal and Mr. Fitzgerald said we should

have it within the next week. Mrs. Jecker and Mrs. Yozwiak expressed safety concerns due to the roundabout being in close proximity to the high school property. Mrs. Jecker stated that she is not in favor of this project and all should write to state representatives to stop this project due to safety concerns and proximity to our building. Lengthy discussion was held on these issues as well as what D'Huy Engineering needs from the District at this time are including the installation of the light and the appraisal. Mr. Fitzgerald and Mr. Lynch addressed these needs. Dr. Lesisko thanked Mr. Lynch for this presentation.
