- President Obama signed HB1586 into law, which is a bill that provides funding for the federal Medicaid Assistance Program (FMAP). For Pennsylvania, this new law will provide about \$190 million less than was anticipated in the 2010-11 state budget. Governor Rendell began discussions this week on what this decrease will mean for PA school districts. He outlined a plan that will cut \$282 million from the state budget, which would be a 1.9% across-the-board cut in appropriations. This would include a \$50 million reduction in basic education funding, which will have an impact on PV's 2010-11 budget.

Mr. Fisher commented on the four-day summer work week regarding any savings to the school district. Overall, despite this being one of the hottest summers, there was a 20% decrease in kilowatt hour usage from this July as compared to last July. This equates to approximately \$12,000 savings. This effort also helped staff recognize the importance of energy conservation.

President Kresge asked if we are on track with having the buildings ready for start of school. Mr. Fisher stated that each building reports they are on track for opening day.

President Kresge commented on the renovated areas in the high school and how wonderful they look. She commented on the outstanding work our maintenance staff has performed. Mr. Fisher and Dr. Arnold commented on how blessed the school district is in having such skillful maintenance staff.
