 - c. start morning work.
4. Create a daily Afternoon routine
 - a. teacher sign agenda,
 - b. check to make sure homework is in homework folder,
 - c. Put up chair ,
 - d. Wait for bus to be called.
5. Post routine on desk so you don't forget

Tips for completing homework and studying at home:

1. Do your homework the same time everyday
2. After you complete your homework put it directly into your folder and then bag
3. Take frequent short breaks
4. Eat a healthy snack
5. Review any notes from class daily, it will make studying for a test much easier and less stressful.
6. When you study make sure you understand the big picture before focusing on the details.

Tips for completing classroom work

1. Read the directions twice every time.
2. Ask the teacher for clarification if you do not understand, even when taking a test
3. Reread passages
4. take frequent breaks

Tips for completing reading comprehension activities

1. Reread passages twice everytime
2. Stop after each paragraph and recall as many details about that paragraph as possible. If you are unable to recall any details, reread immediately. Do the same throughout the rest of the piece.
3. take a break if your mind wanders (walk, drink, bathroom)
4. check in with the teacher for feedback frequently
5. reread your responses/check your work always
