## Registered Nurse - 132

### SERVICE DETAIL (DAILY):

1. Describe what actually occurred on the date of service. Ensure that the Service Detail Note (daily note) is sufficiently detailed to allow reconstruction of what transpired for each service billed.
2. Describe the 'medical' goal of the service.
3. Indicate the result of the therapy session (student's response).
4. Avoid discussing academic goals/issues or attendance.

**Example of Service Note Detail:** Assessed student's glucose levels and delivered insulin based on glucose level and student's lunch carb count.

### MONTHLY SUMMARY (PROGRESS) NOTES:

1. Summarize (evaluate) the student's monthly progress toward your medical/health-related goal.
2. Include any changes in medical/mental status and changes in treatment with rationale for change.
3. Service Detail (Daily) Notes and Monthly (Progress) Summary Notes must not match.

**Example of Summary Note:** The student participates in regular classroom activities with modifications, such as in-classroom blood glucose testing and medication administration. The student is tolerating insulin delivery well.

### RECORD KEEPING:

Keep copies of all supporting documentation related to this service for a period of 8 years (FY+7) regardless of the change in ownership or termination of participation in Medicaid.
