THE OJUSD BOARD OF TRUSTEES AND STUDENT BEHAVIOR

The OJUSD Board of Trustees has the responsibility to ensure that an appropriate educational program is available to each student in our schools. Within the framework of California law, courses and materials are developed, teachers and administrators are selected, schools are built and maintained, and rules and regulations are established to provide an appropriate climate in which students fulfill their right to pursue their studies.

Guidelines and laws are cited here so that all students and parents know the basis for the rules that must be enforced by the Board. This responsibility is an obligation the Board takes seriously. School personnel have been charged by the Board to carry out these rules in a fair and firm manner, and with appropriate actions, in order to safeguard each student's right to the finest education we can provide, to hold distracting forces to a minimum, and to eliminate behavior that disrupts the learning process.

Parents, administrators, teachers, and staff responsible for the welfare of students are expected to work cooperatively to reinforce the behavior code and attendance policy. With all adults working together, all students will observe the value of working in support of a safe school community and beyond.

This publication contains the rights and responsibilities, legal basis, and rationale from which OJUSD policies are developed. It is important that you read and discuss this Student Conduct Code with your child(ren).

The OJUSD Board of Trustees looks forward to a safe school year.
We ask your support and cooperation.

SUSPENSION / EXPULSION GUIDELINES (EC 48900)

One of the major functions of public schools is the preparation of youth for responsible citizenship. The district fosters a learning environment that reinforces the concepts of self-discipline and the acceptance of personal responsibility. It is appropriate to clearly articulate the expected behavior and the consequences when those expectations are not met. (EC 35291.5)

For the safety of the school community students are expected to obey all rules and regulations, respond to adults and other students in a respectful manner, and participate positively in an environment that allows teachers to teach and students to learn. The schools will not tolerate any comments or gestures that denigrate others due to race, color, sex, religion, handicap or disadvantage. This includes derogatory terms or racial slurs that are intended to degrade or disgrace in regard to a persons race, color, religion, national origin, ancestry, disability, sexual orientation, gender, physical appearance, emotional or intellectual condition, etc.. Pupils shall be subject to disciplinary procedures for bullying or harassing other pupils or for using insults, slurs, or fighting words that may disrupt school activities.

Depending on circumstances, some or all of the following may be used by school personnel and parents to foster appropriate pupil behavior:

- Participation in recognized school activities
- Parent / teacher / student conferences
- Assistance through school psychologists and/or school nurses
- Administrative / student conferences
- Student Study Team (SST) that considers special circumstances, academic needs, special placements for specific students
- Referrals to community health and welfare agencies
- Behavior contracts
- Detentions
- Community Service
- Suspension from class or school
- Expulsion

Suspension is defined as the “removal of a pupil from ongoing instruction for adjustment purposes”. The law requires immediate suspension for specific acts as outlined in this disciplinary code (EC 48925) (48900). Parents are expected to further define what disciplinary action will take place at home while a student is suspended. It is recommended that such action include home service to the family such as specific chores or jobs, confinement to the home, suspension from all technology such as phone use, television and computers. Appropriate activities include school work and reading while at home for the duration of the suspension.

Expulsion is the most serious disciplinary action that a school district imposes on a student. This removes the student from school district sites for a specific period of time usually up to a year. The administrator must refer students to the district governing board for expulsion under the mandatory suspension and expulsion guidelines. The final decision for expulsion can only be made through action by the school district governing board. Students who are expelled must attend school by law and will be referred to county programs.

PLEASE NOTE: Possession of any knife, dirk, dagger, or any other dangerous object, including any “look-a-like” weapons, will be subject to Suspension and recommended Expulsion from school.

The number of violations occurring in one school year may determine the number of days of suspension, other possible alternative consequences, and expulsion.

(E.C. 48913) The teacher of any class from which a student is suspended may require the suspended student to complete any assignments and tests missed during the suspension. The responsibility of obtaining and doing class work lies with the student. All work must be completed within the teacher’s specified time but no longer than one day for every day suspended.

(EC 48900) A student may be suspended or expelled for acts which are enumerated in the “Behavior Expectations and Consequences” section and related to school activity or attendance which occur at any time, including, but not limited to, any of the following:

- While on school grounds
- While going to or coming from school, or during the lunch period whether on or off campus
- During, or while going to or from, a school sponsored activity

Students accumulating twenty (20) days of home suspensions **are subject to expulsion**. Disciplinary action will be taken if a student’s behavior is disruptive to the instructional process or causes a danger to persons or property even though the offense is not defined in this Student Conduct Code.

(EC 48904) Parental liability for willful misconduct of a minor that results in injury or death to a pupil or school employee or who willfully cuts, defaces, or otherwise injures in any way any property, real or personal, belonging to a school district, or personal property of any school employee, shall be liable for all damages so caused by the minor. The liability of the parent or guardian shall not exceed the current liability limit allowed by law at the time of the misconduct. The parent or guardian shall also be liable for the amount of any reward, also not to exceed what is allowed by law.

When suspension is indicated, the site administrator will determine whether the consequence should include, but not limited to: home suspension, in-school suspension, and community service. Community service may include, but not limited to, work performed on school grounds during non-school hours in the areas of outdoor beautification, campus betterment, and teacher or peer assistance programs (EC 48900.6).

- Law enforcement agencies must be notified by administrators for specific causes.
- If the nature of the offense makes an alternative education placement or expulsion recommendation appropriate, the student will be suspended five days for the infraction.

- The student may be suspended on the first offense if it is determined that the pupil’s presence causes a danger to persons or property or threatens to disrupt the instructional process (EC 48900.5).
- Offenses of EC 48900 A–T, .2, .3, .4, & .7.– Depending on the seriousness of the act, the student may be recommended for an alternative education placement or expulsion on the first or succeeding offenses.

Students and parents have a right to appeal disciplinary action taken against a student. A meeting must be requested with the principal. The legal standard for fact-finding when determining a Conduct Code violation is based upon a “Preponderance of the Evidence.” Appeals to the principal will include a review of the evidence to confirm the “Preponderance” standard and “Due Process.”

GANG-RELATED OFFENSES (BP 5136, AR5136)

- The governing board desires to keep district schools free from the threats or harmful influence of any groups or gangs which advocate drug use or disruptive behavior.
- The board prohibits the presence of any articles of clothing, apparel, jewelry, accessory, notebook, or manner of grooming which by virtue of its color, arrangement, trademark or any other attribute known by previous experience to be gang related.
- Any student wearing or carrying overt gang paraphernalia or making gestures that symbolize gang membership shall be referred to the site administrator. The student’s parent shall be contacted to provide alternate clothing and/or the student sent home to change clothes if necessary.
- A student may be suspended for five days on the first offense and recommended for an alternative education placement or expulsion depending on the violation.

SUSPENSION FROM CLASS (E.C. 48910)

- A teacher may suspend any pupil from the teacher’s class for any violation of E.C. 48900, for that day and the day following.
- The teacher shall send the pupil to the principal/designee for appropriate action. If that action requires the continued presence of the pupil at the school site, the pupil shall be under appropriate supervision.
- As soon as possible, the teacher shall ask the parent/guardian of the pupil to attend a parent/teacher conference regarding the suspension. If an in-person parent conference cannot be arranged, a telephone conference may be substituted. A school administrator shall attend the conference if the teacher or parent/guardian so request.
- The pupil shall not be returned to the class during the period of suspension without the concurrence of the teacher and the principal. A pupil suspended from a class shall not be placed in another regular class during the period of suspension. However, if the pupil is assigned to more than one class per day, this subdivision shall apply only to other regular classes scheduled at the same time as the class from which the pupil was suspended EC 48910 (b).
- For specific reasons specified in EC 48900 (i) or (k) the parent or guardian of a pupil may be required to attend all or a portion of a school day in his/her child’s classroom. The policy shall take into account reasonable factors that may prevent compliance (EC 48900.1).

STUDENT ACTIVITY PENDING EXPULSION OR DURING SUSPENSION

- Student shall not report to school during the period of suspension or pending expulsion, except in the case of in-school suspension, unless coming to the office on official business by prior arrangement with a school administrator.
- Student shall be under the supervision of a parent/guardian during school hours pending expulsion or when serving suspension days at home. (7:00a.m. - 4:30p.m.)
- Student shall not attend any school event at any school campus pending expulsion or during suspension.
- The teacher may require the student to complete any assignments and tests missed during the suspension. The determination to allow the student to make up work for one day of suspension is at the discretion of the teacher. The responsibility of obtaining and doing class work lies with the student.
- California Ed. Code §48913.5
- (a) Upon the request of a parent, a legal guardian or other person holding the right to make educational decisions for the pupil, or the affected pupil, a teacher shall provide to a pupil in any of grades 1 to 12, inclusive, who has been suspended from school for two or more schooldays the homework that the pupil would otherwise have been assigned.
- (b) If a homework assignment that is requested pursuant to subdivision (a) and turned into the teacher by the pupil either upon the pupil's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the pupil's overall grade in the class.

GRADES K-6 DISCIPLINARY CHART/ CONDUCT CODE

- The chart, which follows, is a compilation of the major rule infractions. Repeat offenses affect a more progressively serious disciplinary response than the initial violation. In most instances, continued violation of the same rule or regulation will result in even more severe consequences. If corrective action does not bring about proper conduct, expulsion may be in order.
- Administration reserves the right to determine alternative consequences than those prescribed in this progressive disciplinary chart based on the seriousness of a particular infraction and the previous discipline record of the student who commits the offense.
- Depending on the seriousness of the act, a five (5) day suspension and a recommendation for expulsion may be immediately recommended on the 1st offense.

If, there has been a period of exemplary behavior between the date of the last suspension and the time when Outdoor Education takes place, a student’s participation in Outdoor Ed will be at the discretion of the site administrator.

PROHIBITED ITEMS

Possession or use of prohibited belonging(s) of no educational value should not be brought to school. The school will not investigate either lost or stolen items that are of personal belonging. Prohibited items may include, but are not limited to the following: toys, music players (radios, tape players, etc.), iPods, cameras, and video/electronic games, weapons of any kind, pepper sprays, or any item the staff member deems distracting, unsafe, or of high value.

ADMINISTRATION OF MEDICATION

Medication prescribed by a physician for a child may be administered during the school day by a registered nurse or other designated school personnel, or self-administered by the child if the medication is prescription auto-injectable epinephrine or prescription inhaled asthma medication, but only if the parent consents in writing and provides detailed written instructions from a physician. Forms for administering medication may be obtained from the school secretary. (Ed. Code, 49423, 49423.1, 49423.5, 49480) It is a California state law and a district policy and will be enforced. The medication supplied must be in the original container and labeled with the student’s name, physician’s name, the name and strength of the medication, the dose, and the way in which it is to be given (E.C. 49480, 49423.1). Students may not carry any medication on their person, purses, and backpacks unless for medical necessity and under written authorization of the health care provider; this would include EpiPen, inhalers and insulin. If preferred, parents or guardians may want to dispense the medication to their own child at the school site. The Medication Policy is designed in your student’s best interest to protect him or her, other students, and the school staff. Students who do not adhere to this policy will be subject to disciplinary action.

BICYCLE/ SKATEBOARD/ SCOOTER POLICY

Items of this nature may be confiscated and the student may be subject to disciplinary action. Bikes, skateboards, scooters, or of the like may also be confiscated from a student if appropriate safety headgear is not worn. Parents will be required to come to the school to recover the confiscated skateboard/scooter. Use on campus will be subject to disciplinary action.

ATTENDANCE EXPECTATIONS

4

Education is an opportunity and a right. If students do not exercise their right to attend school, they have limited their opportunity for the basic education necessary to become mature, knowledgeable, and productive members of society.

Absenteeism has a direct negative effect on student achievement, promotion, graduation, behavior, and employment potential. It has been well demonstrated that regular attendance is a key factor in the success a student achieves at school.

ABSENCES

ABSENCE

After 5 days of absence (for any reason) a letter is sent home to the parent reminding them the student has missed the equivalent of a week of school. Additional letters may be sent upon accumulation of subsequent absences. These letters will become a part of the student's record and may prompt the eventual notification of law enforcement for students who are excessively absent from school.

SPECIFIC TYPES OF ABSENCES

- Responsibility for requesting missed work lies with the student/parent.

UNEXCUSED ABSENCES: Absences listed below and/or due to circumstances not included in the “Excused Absences” section above.

Please Note: The determination to allow the student to make up work when an unexcused absence has occurred is at the discretion of the student’s teacher. The teacher, however, **may require** the student to complete any assignments and tests missed during the absence.

A. **UNEXCUSED ABSENCES:** Absences, which cannot be verified by the parent/ guardian, will be considered truant (see below).

The teacher, however, may require the student to complete any assignments and tests missed during the suspension.

METHOD OF VERIFICATION

When a student who has been absent returns to school, he/she shall present a satisfactory explanation verifying the reason for the absence. Absences shall be verified by the student's parent/guardian, other person having control of the minor, or the student if age 18 or older. (Education Code 46012; 5 CCR 306)

The following methods may be used to verify student absences:

- Written note, fax, or email from parent/guardian or parent representative.
- Conversation, in person or by telephone, between the verifying employee and the student's parent/guardian or parent representative. The employee shall subsequently record the following:
 - Name of student
 - Name of parent/guardian or parent representative
 - Name of verifying employee
 - Date(s) of absence

- e. Reason for absence
- 3. Visit to the student's home by the verifying employee or School Resource Officer, or any other reasonable method which establishes the fact that the student was absent for the reasons stated. The employee shall document the verification and include the information specified in item #2 above.
- 4. Physician's verification.
 - a. When excusing students for confidential medical services or verifying such appointments, district staff shall not ask the purpose of such appointments but may contact a medical office to confirm the time of the appointment.
 - b. When a student is considered "Chronically Absent" (10% absence rate at any point of the school year) or has had 10 absences in the school year for illness verified by methods listed in #1-3 above, any further absences for illness shall be verified by a physician or a district nurse/health clerk at the student's school site.

Absences that are not verified within 48 hours of the students return to school with officially be designated as "**Truant.**" (See definition and disposition of Truancy designations below).

TRUANCY (EC 48260-48263, 48900 k)

Students who are absent from school without approval of the school and without verification from the parent/ guardian shall be considered truant/unexcused and shall NOT be allowed to make up assignments or tests which were assigned during the truancy/unexcused absence. The following represents the procedures when a student is absent from school without such a valid excuse or is tardy without the school's approval in excess of 30 minutes.

THIRD INCIDENT

The student and parents will be informed of the mandatory attendance laws and the district's pertinent policy and procedures. The student will be instructed to attend all classes. Failure to do so shall be treated as "defiance of authority." Alternate consequences shall be assigned such as detention, community service or in-school suspension. The student is classified as a legal "Truant" (absent from school without a valid excuse for 3 days or tardy in excess of 30 minutes on each of 3 or more days). (EC 48260) **The school may require that the parent/guardian attend school one day with the student.**

SUBSEQUENT INCIDENTS OF TRUANCY

Student may be referred to a school administrator. The school administrator may call and hold a parent conference. Parents and student are again informed that failure to follow the school's directive to attend classes will be "defiance of authority" and will be grounds for referral to the site School Attendance Review Team (SART). Alternative consequences will be assigned such as detention or in school suspension. The student is now a legal habitual truant and shall be within the legal jurisdiction of the juvenile court, which may adjudge the pupil to be a ward of the court. (EC 48262) (WIC 601)

Continued incidence of refusal to attend classes (truancy) may result in a referral of parent and student to the district School Attendance Review Board (SARB). If SARB directives are issued, the school will submit violations of any directives to the County Sheriff's Department for prosecution though the county superior court.

EXCESSIVE ABSENTEEISM

Once a student is considered "Chronically Absent" (10% absence rate at any point of the school year) or accumulates fifteen (15) absences (excused or unexcused) during the school year:

1. A school administrator may place the student on Attendance Supervision, which imposes a requirement that a licensed medical practitioner must verify additional absences. (C.A.C. Title 5 sec. 421 b)
2. A student may not be placed on Attendance Supervision unless the parent/guardian has been notified previously, in conference or by letter, of the District's excessive absence policy after that student has been absent ten (10) days or more.
3. Once a student has been placed on Attendance Supervision, a school administrator/certified designee shall call and hold a telephone parent conference. The parent/guardian will again be informed of the District's excessive absence policy. If the parent/guardian cannot be contacted, a certified letter will be sent informing the parent/guardian that the student is placed on Attendance Supervision and the pertinent provisions of the excessive absence policy.
4. A student who is absent from school five (5) or more times without the required parent verifications from a doctor are subject to being referred to the district School Attendance Review Team (SART) or the county School Attendance Review Board. (SARB) (EC 48320-48324)

SCHOOL ATTENDANCE REVIEW TEAM (SART) BOARD (SARB) (EC 48320-48324, 48292-48293)

The Education Code provides for the establishment of School Attendance Review Boards (SARB) to meet the special needs of pupils with school attendance problems or school behavior problems.

SARB may include a parent and representatives of 1) District Employee 2) District SRO 3) welfare department 4) School counselor/psychologist and 5) community representatives.

SARB has the authority to recommend that parents and students take certain measures to correct inappropriate behavior, refer the pupil to community agencies for assistance, or suggest adjustments to the school site assignment.

In the event that a parent or guardian or pupil fails to respond to the directives of SARB or to services offered on behalf of the minor, SARB may:

- Direct that the minor be referred to the county welfare department under Section 300 of the Welfare and Institutions Code.
- Direct that the minor be referred to the county probation department under Section 601 of the Welfare and Institutions Code.
- File a complaint against the parent, guardian, or other person in charge of such minor with the District Attorney.

The parent or guardian of any pupil who fails to comply with the directives of SARB, unless excused or exempted from them, is guilty of an infraction and shall be punished as follows:

- Upon conviction, by a fine of \$400 PER COUNT.
- Upon a second or subsequent conviction, by a fine of \$400 PER COUNT.

TARDIES (1-30 Minutes)

One of the responsibilities of each student is to be in the classroom in his/her seat when the bell rings. Being tardy is irresponsible behavior in that it is disruptive to the learning process. The initial consequences for tardies not excused by the school will be determined at each school site. Administrator/ designee may assign the student a consequence, which may include detention, community service, in- school suspension or other alternative consequence.

Excessive tardy consequences are as follows:

Parents will be notified by letter regarding their child's tardies after 5 incidents. Student may be assigned disciplinary consequences for defiance of authority. Parents may be referred to the district School Attendance Review Team (SART) and or School Attendance Review Board (SARB).

INDEPENDENT STUDY – SITE / SHORT TERM (EC 51745) (BP and AR 6158 and 6158.1)

In the unusual circumstance that a student has a special need to be away from school for more than 5 school days but not more than 10 school days, an Independent Study contract may be requested through the school site principal/designee. The request must be made at least 5 school days prior to the student being away from campus. The principal will approve or disapprove in writing by signing the Independent Study request. The principal shall approve independent study for an individual student in good standing academically, behaviorally, and with satisfactory attendance, and only upon determining that the student is prepared to meet the district's requirements for independent study and is likely to succeed in independent study as well as or better than he/she would in the regular classroom. It is the student's responsibility to make arrangements with the teacher to get assignments equal to the assignments in the regular classroom for all subjects prior to leaving. It is the teacher's responsibility to provide the requirements for the student prior to the student leaving. Teachers will need 4 school days in order to prepare lessons and appropriate work for the student. Short term Independent Study is only allowed on a case-by-case basis as the District strongly feels the interaction and discussion within the classroom environment is an integral part of the learning experience. All work must be returned with the contract when the student returns to school at the end of the Independent Study contract. Students who do not complete or abide to all stipulations in the agreement may have future Short Term Independent Study requests denied. Short Term Independent Study requests will not be granted for periods that include the first two weeks or the last two weeks of any Trimester or Semester.

HOME AND HOSPITAL INSTRUCTION (E.C. 48206.3 AND BP 6175)

Students **temporarily disabled** by injury or illness may receive individual instruction at home or in a hospital or residential health facility within the District. Such instruction may be given from one to five hours a week.

Home or hospital instruction will be provided only when a student is expected to be out of school for two (2) weeks or longer.

The home/hospital teacher will consult with the student's current classroom teacher or teachers so as to provide a continuity of instruction that enables the student to keep up with the regular school program.

When seeking instruction for a student at home or in a hospital located within the District, the parent or guardian shall present this request at the in-home school, together with a physician's written description of the disabling condition. The physician shall have determined that the student is unable to attend school and will not expose the home teacher to any contagious disease that can be transmitted by casual contact.

Principal/designee will provide to the regular education teacher a request for work, an estimated time the student will be absent, and due dates for when the work is to be provided to the principal/designee, who will forward the work to the Home/Hospital teacher. Where possible the Home/Hospital teacher and regular education teacher would work together, but the principal/designee is in charge of assuring that the work is provided and agreements fulfilled.

For students eligible to receive special education services, the movement to Home/Hospital instruction requires that the principal/designee check the latest Individualized Education Plan (IEP) to verify that the IEP identified services are being provided. If it is not possible to provide such services while the student is on Home/Hospital, an IEP team will be convened to address services and placement.

If the student is to be assigned to Home/Hospital for a short period of time, the regular education teacher may correct assignments and assign all grades, but unless other provisions are agreed to, the Home/Hospital teacher will assign grades for the time the student is assigned to Home/Hospital instruction. This grade will be averaged in with the grade for the regular classroom upon the student's return by the teacher of record.

Materials, teachers' manuals, etc. will be available for use by the Home/Hospital teacher from the individual school site.

RIGHT OF APPEAL AND DUE PROCESS**SUSPENSION**

- 1) Suspension by the principal/designee, or the superintendent, shall be preceded by an informal conference which is conducted by the principal or his/her designee with the pupil, and, whenever practical, the teacher, supervisor, or school employee who referred the pupil to the principal. At the conference the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his/her defense (EC 48911, sub-section b).
- 2) A principal/designee, or the superintendent, may suspend a pupil without affording the pupil an opportunity for a conference only if the principal or his/her designee determines that an "emergency situation" exists. If a pupil is suspended without a conference prior to a suspension, both the parent and pupil shall be notified of the pupil's right to such a conference and the pupil's right to return to school for such purpose. The conference shall be held within two (2) school days, unless the pupil waives his right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. The conference shall then be held as soon as the pupil is physically able to return to school for the conference (EC 48911, sub-section c).
- 3) At the time of suspension, a school employee shall make a reasonable effort to contact the parent or guardian of the pupil in person or by telephone (EC 48911, sub-section d).
- 4) Whenever a pupil is suspended from school, the parent or guardian shall be notified in writing of the suspension (EC 48911, sub-section d).
- 5) The parent or guardian of any pupil shall respond without delay to any request from school officials to attend a conference regarding his/her child's behavior (EC 48911, sub-section f).
- 6) The pupil or pupil's parent or guardian has the right to appeal the suspension to the building principal. A meeting must be requested within five (5) school days following the first day of suspension. The legal standard for fact-finding when determining a Conduct Code violation is based upon a "Preponderance of the Evidence." Appeals to the principal will include a review of the evidence to confirm the Preponderance standard and Due Process.
- 7) If the building principal upholds the suspension, the pupil or pupil's parent or guardian may request a Due Process appeal to the District's Assistant Superintendent of Pupil Services. A meeting with the Assistant Superintendent of Pupil Services must be requested within five (5) school days of the principal's decision. The appeal will only consider whether Due Process occurred. This decision will be final.
- 8) Students remain on suspension through the appeal process. If the suspension is revoked, all information related to the suspension will be deleted from the pupil's record.

EXPULSION

In a case where expulsion is being processed by the governing board, the superintendent/designee may extend the suspension until such time as the governing board has rendered a decision, provided that the superintendent/designee has determined that the presence of the pupil at the school or in an Oakdale Joint Unified School District alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process (EC 48911, sub-section g).

The pupil and the pupil's parent or guardian shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within thirty (30) school days of the date the principal or superintendent determines that the pupil committed any of the acts enumerated in Section 48900 unless the pupil requests in writing that the hearing be postponed. The pupil shall be entitled to at least one postponement for a period of not more than thirty (30) calendar days of an expulsion hearing. In the event that compliance by the governing board with the above time requirements is impractical, the expulsion hearing may be delayed, for good cause, up to five (5) additional days. Reasons for the extension shall be a part of the record at the time of the hearing (EC 48918, sub-section a).

Written notice of the hearing shall be forwarded to the pupil at least ten (10) calendar days prior to the date of the hearing (EC 48918, sub-section b) unless waived by mutual consent of parent and school.

If the governing board so directs, an Administrative Hearing Panel shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public unless the pupil or the pupil's parent or guardian request, in writing at least five (5) days prior to the date of the hearing, that the hearing be a public meeting. (EC 48918, sub-sections c and d). The school board may choose to provide the expulsion hearing in lieu of the Administrative Hearing Panel.

Within three (3) school days following the hearing, the Administrative Panel shall determine whether to recommend expulsion of the pupil to the governing board if the school board chooses to use the Administrative Hearing Panel (EC 48918, sub-section e).

The expulsion order and the causes therefore shall be recorded in the pupil's mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon receipt of a request from the admitting school for the pupil's school records (EC 48918, sub-section i).

A decision of the governing board whether to expel a pupil shall be made within ten (10) school days following the conclusion of the hearing, unless the pupil requests in writing that the decision be postponed. If the hearing is held by an administrative panel, or if the district governing board does not meet on a weekly basis, the governing board shall make its decision about a pupil's expulsion within 40 school days after the date of the pupil's removal from his/her school of attendance for the incident for which the recommendation for expulsion is made by the principal or the superintendent, unless the pupil requests in writing that the decision be postponed.

Written notice of any decision of the governing board to expel or to suspend the enforcement of the expulsion order during a period of probation shall be sent by mail, using "proof of service" method to the student or parent or guardian. The notice shall include notification of the right to appeal the expulsion to the county Board of Trustees. (EC 48918, sub-section i)

Readmission

The student and his/ her parent must apply for re-enrollment with the Assistant Superintendent of Pupil Services no less than 4 school weeks prior to the semester in which the student is requesting to be readmitted into the district. The Assistant Superintendent of Pupil Services will meet with the student and/ or parent to verify all terms of the rehabilitation plan has been adhered to and completed. Upon this verification, the student's case will be submitted to the Superintendent for consideration of readmission. The student and/or parent will be informed in writing of the decision.

How to File a Complaint Pursuant to Title IX

Individuals who have been subject to discrimination prohibited under Title IX may file a complaint with the District as well as the Office for Civil Rights (OCR). If a crime is involved, such as sexual assault or rape, individuals may also file a report with the local police department. Individuals may pursue one or all of these avenues at the same time. Below is a summary of each process.

- **District Complaint** - Individuals may file a complaint pursuant to the Uniform Complaint Procedure (UCP) as set forth in District Administrative Regulation No. 1312.3, which can be found at http://www.oakdale.k12.ca.us/Board_Policy. Please contact the Title IX Coordinator, as identified above, if you have any questions.
- **Time Requirement** - In order to file a complaint with the District, individuals must file the complaint as discussed above within six months of the discrimination occurring or awareness of the discrimination (5 CCR 4630(b) and District AR 1312.3(4c)). If you have any questions about this time limit, or if you believe your complaint may be outside this time requirement but want to explore other options, please contact the Title IX Coordinator.
- **OCR Complaint** - For more information regarding filing a complaint with OCR, please see: www2.ed.gov/about/offices/list/ocr/complaintintro.html

OCR requires that the complaint be filed within 180 calendar days after the discrimination. Please contact OCR, or visit the websites above, if you have any questions or concerns about this time requirement.

The District will also take steps to protect all complainants from retaliation and ensure all parties are treated fairly throughout the District's investigation process. As part of its Title IX obligations, the District will also take steps to prevent recurrence of any sexual violence and remedy discriminatory effects on the complainant and others, as appropriate.
