**Dear CYMS Parent/Guardian:**

The mission of the Central York School District is to provide educational opportunities through which all learners strive to achieve their full potential.

The Central York Middle School is a structured and caring environment where expectations are clearly defined for over 900 students in grades seven, and eight. Central York Middle School offers a dynamic, balanced, and responsive curriculum reflective of the needs of our learners.

Our staff provides a nurturing child-centered atmosphere where young adolescents can make a gradual transition from dependence to independence. The dedicated staff at Central York Middle School is committed to creating a classroom and school environment, curriculum, and instructional program in an atmosphere alive with learning and exploring.

All parents are encouraged to communicate with school personnel as often as necessary. We promote open communication, honesty, trust, and respect among our staff, parents, and learners. Our school community is one of mutual support and encouragement that contributes to the overall cohesiveness across our middle-level program.

The purpose of this handbook is to provide you with information regarding our procedures and expectations at the Central York Middle School. Students are responsible for adhering to the rules and regulations outlined in the handbook, therefore parents are encouraged to read this handbook.

There is something special at Central York Middle School for every learner. We encourage you to get involved with all phases of the middle-level experience. Have a great year!

Sincerely,

Gerald Eisner  
Principal

## **CENTRAL YORK MIDDLE SCHOOL COLLABORATION STATEMENT**

The Central York Middle School administration, faculty, and staff believe a collaborative relationship with parents/guardians is one of the best ways to support learner achievement. Parents/guardians play a vital role in their child's educational experience. There is a direct correlation to success in life when a learner's family emphasizes the importance of working hard, studying, and doing well in school. Since we only have your child for seven hours a day, providing a consistent, supportive environment also helps with learning at home. While a collaborative relationship is our ultimate goal, we do know mistakes can and do occur. If the mistake is ours, we will do our best to communicate with you and will work together to solve the problem. Throughout this process, please continue to model a positive, respectful attitude and tone towards Central York Middle School administration, faculty, and staff to support a unified partnership working together for your child's success.

### **LEARNER – PARENT/GUARDIAN – SCHOOL COMMUNICATION**

At Central York Middle School, we believe in the importance of the communication process with all stakeholders. We believe our process allows for the most efficient and effective way of handling most concerns. Our process begins at the learner/teacher level. We believe that middle school learners need to begin to understand that if they are having difficulties in a particular class, they need to advocate for themselves by having consistent conversations with their teacher. If a learner would feel more comfortable having his/her counselor help facilitate this conversation, the learner should work with the counselor to assist in scheduling a meeting with the teacher. Additionally, parents/guardians should contact teachers directly when questions arise about a concern with their child's progress. When a learner or parent does not feel his/her concern has been addressed by a teacher, the next step of the process would be to involve the child's school counselor. Typically, the school counselor would set up a meeting with the teacher, parent, and learner so the concerns can be addressed. As appropriate, the learner's grade level administrator could be involved in this meeting. If a common understanding cannot be reached in the previous outlined steps, the learner's grade level administrator or another building administrator should be contacted. As always, in any professional setting, we strongly believe that any communication should be uniformly respectful and allow each party the opportunity to share his/her perspective.

#### **Summary of Communication Process:**

Learner, Teacher

Learner, Teacher, and Counselor - or - Learner, Teacher, Counselor, and Parent

Learner, Teacher, Counselor, Parent, and Grade Level Administrator/Other Administrator

**Skyward and Schoology** continue to be the main resources as it relates to communication and academic progress. Learners and parents/guardians should consistently check both for grades, assignments, assessments, and other pertinent information.

## FREE EDUCATION AND ATTENDANCE

All persons residing within the Central York School District between the ages of 6 and 21 are entitled to a free and full education in the public schools of the district. Parents and guardians of all children between the ages of 6 and 18 are required by the Compulsory Attendance Law to ensure that their children attend school. Students who have not graduated and are attending regularly may not be asked to leave school after they have reached 18 years of age if they are fulfilling their responsibilities as students. However, students who have reached the age of 18 years and who are not attending regularly may be referred to the School Board with a recommendation of permanent expulsion for non-attendance. A student may not be excluded from school or from extra-curricular activities because of being married or pregnant, unless it can be medically determined that the activity would be harmful to the health and welfare of the individual. Consistent with the Pennsylvania Human Relations Act (43 P.S. §§ 951-963), and all other non-discrimination statutes, no student shall be denied access to a free and full public education on account of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, gender identity, or handicap/disability.

If the student incurs additional unexcused absences after issuance of the notice and a school attendance improvement plan conference was not previously held, district staff shall offer a time for this conference to occur. When additional unlawful absences amount to six or more days, the parent and/or student will be referred to the District Magistrate for court action or to Children and Youth, depending on the age of the child.

**Plagiarism:** using the ideas, data, or language of another without specific or proper acknowledgement.

**Facilitating academic dishonesty:** knowingly helping or attempting to help another violate any portion of this code.

2. The teacher will discuss the offense with the student and provide expectations for future assignments/assessments.
3. **For the first offense:** The student will be required to repeat the assignment, or an alternate assignment, with maximum grade possible to earn of a 70% and grade level administrator notified.
4. **For subsequent offenses:** The student's actions may result in a zero for the assignment and disciplinary consequences may be assigned.

NOTE: Any academic misconduct involving technology or the internet will also trigger the above consequences, as well as consequences under the Acceptable Use Policy (AUP). Please refer to Board Policy 815 for the AUP.

## **HONOR ROLL DETERMINATION**

A student makes the honor roll or distinguished honor roll based on the marking period GPA.

### Honor Roll

## **INTERIM PROGRESS REPORTS**

Interim Progress/grade reports are available through Skyward.

## **LATE WORK POLICY**

- Teachers shall set due dates and deadlines for all marked work that will be part of the student's grade.
- If major projects or major assignments are handed in late, the work may be penalized. The penalty shall not exceed 10% per day. Major projects/assignments are defined as those activities that include benchmarks or stages of development.
- Teachers may exempt students from penalties.
- Care should be taken to ensure that penalties (if needed) do not distort achievement or motivation.
- Any penalty for daily work (out of class assignments or homework) is at the individual teacher's discretion.

## **MAKE-UP WORK**

It is the responsibility of the student to contact his/her teachers the day he/she returns from an absence about his/her make-up work. The policy for make-up work is as follows:

2. The student has the number of days to submit missed work equivalent to his/her absence. For example: If a student was absent on Monday, the work missed would be due on Wednesday, giving the student 1 school day to submit assignments.

## **MARKING PERIOD GRADES**

As a safety feature for student success, a student cannot earn less than a 50% during the first and second marking period of each semester. A student will receive the grade (percent) that they earn during the third and fourth marking period regardless of grade (percentage) earned. This only applies to courses that meet all year long.

## **PROMOTION**

## **HOMELESS STUDENTS (McKinney-Vento Homeless Assistance - Policy #251)**

Central York School District recognizes its obligation to ensure that homeless children and youths have access to the same educational programs and services provided to other District students. The District Homeless Liaison along with school staff shall identify homeless children and youths within the district, encourage their enrollment, and eliminate existing barriers to their attendance and education, in compliance with federal and state law and regulations. Policies, procedures and administrative regulations that create barriers for enrollment, attendance, transportation and success in school for homeless children and youths, may be waived.

Homeless children and youths are defined as individuals lacking a fixed, regular and adequate nighttime residence, which includes the following conditions: sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; living in emergency or transitional shelters; or are abandoned in hospitals; having a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and migratory children. ## SAFETY AND SECURITY IN CENTRAL YORK SCHOOL DISTRICT

Central York School District considers the safety and security of our students, faculty, and staff to be of the utmost importance. We strive to create a learning environment that protects the health and safety of **ALL** of our

students and employees. The following information details several of the District-wide safety and security measures in place to help safeguard our school community.

## PLAN & PROCEDURES FOR EMERGENCY SITUATIONS

- The district has a detailed Emergency plan that is shared with all administrators, faculty, and staff. The Emergency Plan includes specific protocols for safeguarding students, faculty, and staff during a crisis. This plan is reviewed routinely with local and regional law enforcement agencies to ensure we are following proper protocol and best practices in emergency response.
- The District has a Crisis Response Team designated in each school building. This team includes faculty, staff, and administrators who are trained in responding to school emergencies.
- The District has in place protocols for external and internal lockdown situations and has trained its administrators, Crisis Response Teams and faculty and staff in how to respond during each situation to best ensure the safety and security of our students and employees.

## PRACTICE OF PROCEDURES FOR EMERGENCY SITUATIONS

- The District Administration regularly reviews the Emergency Response Plan with building administrators, who in turn review the plan with their faculty & staff on an annual basis.
- The district conducts intruder drills, in cooperation with local law enforcement officials, in each school on an annual basis.

## ONGOING PROACTIVE SECURITY MEASURES

- All exterior doors to ALL District buildings are kept locked.
- Any visitor to any District school or building must be identified and admitted by a designated staff member. **NOTE: All visitors will be asked to produce current PHOTO ID before being admitted to the building.** If you have any questions about acceptable forms of PHOTO ID, please contact your school's building principal for more information. See Policy 907, School visitors, for additional information.
- All classroom and interior doors in our schools have the ability to be locked in case of an intruder or internal emergency that necessitates a lockdown.
- In 2018, the General Assembly passed Act 44 mandating the establishment and use of the Safe2Say Something™ (S2SS) anonymous reporting system by every Pennsylvania school entity by January 14, 2019. S2SS is a life-saving and changing school safety program that teaches students, educators, and administrators how: (1) to recognize the signs of individuals who may be at risk of hurting themselves or others and (2) to anonymously report this information through the S2SS app, website, or 24/7 Crisis Center Hotline.
- Central York School District has been using S2SS since January 2019, and has trained all students in Grades 7-12 on the availability of the system, in accordance with the PA mandate. The system is available for tip reporting for parents/guardians of ANY Central York School District student. It also replaces the "Panther Hotline," which was formerly available via our automated attendant through our main district number. To submit a tip, parents/guardians or students may download and use the Safe2Say App (available for free in the iTunes App Store), submit a tip via the website, [www.Safe2SayPA.org](http://www.Safe2SayPA.org), or call directly, 1-844-723-2729.
- In 2021, Pennsylvania law required school administrators to establish a Threat Assessment Team (TAT), which may include but not limited to administration, school counselor, school social worker, school nurse, and school psychologist. Under Act 18..."Each school entity shall establish at least one (1) team... for the assessment of an intervention with students whose behavior may indicate a threat to the safety of the student, other students, school employees, school facilities, the community, or others." The TAT is also responsible for assessing and responding to reports fo students exhibiting self-harm or suicide risk factors or warning signs as provided under section 1526 of the PA. school code, 24 PS sec. 15-1526. Refer to Policy 236.1 for additional information.

## STANDARDS FOR STUDENT PARTICIPATION IN CO-CURRICULAR ACTIVITIES IN THE CENTRAL YORK SCHOOL DISTRICT

All students in the Central York School District are encouraged to participate in co-curricular activities.

Through participation, a student has an opportunity to develop skills, build positive relationships and gain a sense of self-satisfaction, accomplishment and pride. **That participation is a privilege and demands responsibility on the part of the student.**

### DEFINITION OF A PARTICIPANT

A participant is a student who has met all eligibility requirements for the co-curricular activity established by the Central York School district, the Pennsylvania Interscholastic Athletic Association (PIAA), or the York Area Interscholastic Athletic Association (YAI AA); agrees to participate under the terms and conditions set forth by these standards; and has provided the required verifications. The building principal shall make the final determination of student eligibility.

### PERIOD OF ELIGIBILITY

The regulations set forth in these standards will be in effect from the first date that the participant becomes involved with the activity and continuing through the last day of the activity. In the case of athletic teams and activities, which are seasonal, the period will normally extend from the first to the last day of that specific activity. During the period of application, these rules will apply on a twenty-four (24) hour, seven (7) day a week basis. In activities, which are both curricular and co-curricular, i.e. band, chorus, the suspension will be from the co-curricular program only.

## **PHILOSOPHY STATEMENT**

In recognition of the importance of the total development of the student, the secondary schools of the Central York School District shall, to the extent possible, provide a comprehensive program of co-curricular activities. The success of the co-curricular activities program depends upon each individual in the program developing his or her potential to the fullest and accepting responsibility to the group as a whole. To this end, participants in the co-curricular program shall be held to these standards of conduct.

## **PROCEDURE OF THE ENFORCEMENT OF STANDARDS**

The participant or parent will be provided with substantial evidence regarding alleged violations before a penalty is imposed. Following the imposition of any penalty, the participant or parent may initiate an appeal to the building principal.

### **I. Standards**

As a student participating in any co-curricular activity in the Central York School District, I agree to abide by the following rules of habit and conduct. I will:

- C. Strive to maintain the highest academic average that I am capable of in all my courses in school.
- D. Be responsible for all uniforms or parts of uniforms and any equipment that has been assigned to me. Failure to return the same at the end of the co-curricular season/activity means that I will not be allowed to participate in other co-curricular activities until the articles are paid for or returned.

### **II. Academic Eligibility**

To be eligible for participation in a co-curricular activity, a student must pursue a full-time curriculum and must be passing a minimum of 75% of his or her credits. In most cases, this means that a student cannot be failing more than one core subject. Eligibility shall be determined on a weekly basis. Students who do not meet this academic requirement on a weekly basis will be placed on probation.

When student grades are reported and reviewed each Monday, if it is determined that a student is ineligible, he or she will be ineligible from that Monday through Sunday of the next week for a total of 7 days. **EXAMPLE:** On Monday - student is reported ineligible. On Monday, the student begins the 7-day ineligibility period. During the period of ineligibility, the student will be permitted to practice but may not participate in athletic contests or public performances. Students involved in activities that do not have public performances may not participate in that activity for the ineligible period (i.e. Student Council, etc.) Upon regaining eligibility, it will be at the discretion of the Coach/Director/Advisor as to when the athlete/student may participate in contests/activities.

Students involved in non-athletic activities will be permitted to practice but not perform in public performances. Upon regaining eligibility, it will be at the discretion of the Director/Advisor if the student may participate in the remainder of the activity. In the event the activity does not have public performances, the student will not be permitted to participate in the activity for the probation period.

### **III. Attendance Requirements**

Students who participate in co-curricular activities will be expected to maintain regular school attendance.

A. To be eligible to participate in a contest/practice/public performance/activity on any given day, the student must report to school by 11:00 a.m. A student arriving after 11:00 a.m. because of an illness or other reason, may be permitted to participate with proper documentation in skyward and/or written note from parent/guardian.

Examples, but not limited to: Violence and acts of violence, lying, cheating, profanity, unsportsmanlike conduct, disrespect, or any inappropriate behaviors in the school setting. Coaches/Directors/Advisors will administer appropriate disciplinary action and confer with the Athletic Director and/or school administration concerning student misbehavior.

F. PIAA and YAIAA rules stipulate that if an athlete is disqualified from an event due to unsportsmanlike conduct, he or she will also be suspended from the next interscholastic contest. Likewise, inappropriate behavior at an event for other activities covered under this document may result in a similar suspension.

## **STUDENT GOVERNMENT**

The name of the student government shall be “Student Council.” It shall consist of no more than 12 representatives per grade level. Seventh and eighth grade representatives are elected in the spring. 3. Give students opportunities to learn the democratic procedures and current methods of parliamentary procedures under Roberts' Rules of Order.

Faculty advisors will sponsor the Student Council. One of the main service projects of the Student Council is the school store. Council members are responsible for running the store during the lunch periods. Students may purchase supplies at these times. The store is located outside the cafeteria.

Intramurals offered include but are not limited to, athletics (skiing in Jan. & Feb.), academics, technology, family science, art, etc. Both mutual student and faculty interest determine offerings. The activity buses are available to those who stay for intramurals. A permission form, signed by a parent or guardian, is required prior to participation.

## **STUDENT ASSISTANCE PROGRAM**

What is the Student Assistance Program?

Central York Middle School offers a program of support and assistance for students who have difficulty with drug and alcohol abuse, mental well-being, and other high-risk behaviors. A trained team of school personnel and representatives from local Drug and Alcohol and Mental Health agencies are available to provide confidential, caring counseling. Contact the Guidance Department to find out more about this program.

Central York Middle School has developed a student assistance team called SAP which is comprised of school personnel who are specially trained to work with these students. The program is a systematic response to a student's problems.

How does SAP operate?

The student assistance team receives referrals from parents, students themselves, other school students and personnel, and conducts a pre-assessment to determine the need for action.

A referral is made by contacting the student's guidance counselor or any member of the core team. Referrals by parents and other students may also be made by stopping in the guidance office and completing a form and dropping it in the SAP box.

After receiving a referral, the SAP Team gathers information from other members of the professional staff who have contact with the student. An interview is then conducted with the student and in some instances with his/her parents or guardians. The SAP Team next meets with the student and family to present recommendations based upon all information that has been gathered. The SAP Team continues to monitor and to provide support for the student.

Formal assessments, if indicated, are provided by consulting counselors from community agencies. These individuals work closely with the Team and make recommendations for appropriate action to be taken. These actions may include referral for treatment within a mental health or drug/alcohol agency.

Confidentiality between the student and school personnel will be respected and maintained for the best interests of the student. The Intervention Team at Central York Middle School believes that it can make a difference and it is dedicated to make that difference.

## **STUDENT CONDUCT**

### **ACCEPTABLE USE POLICY**

All students and their parents/guardians must read, sign and agree to and abide by the district's Acceptable Use Policy (Policy 815) before using school-issued electronic devices (such as laptops, netbooks or other mobile devices) to perform classroom or school work and/or access the Internet through any of the district-maintained networks. Please note: The Acceptable Use Policy also governs student use of personal electronic devices to access the district-maintained networks from those devices during school hours. A student who violates the Acceptable Use Policy may lose computer/network privileges and may incur disciplinary consequences.

### **BEHAVIOR MANAGEMENT**

The Public-School Code of Pennsylvania gives every teacher, assistant principal and principal the right to exercise the same authority as to the conduct and behavior of students in the school during the time they are in attendance, including the time required in going to and from their homes, as parents, guardians and persons in parental relations may exercise over them. The use of corporal punishment for the purpose of controlling or modifying student behavior is forbidden. For the purpose of this provision, corporal punishment is defined as any physical contact, which would be intended to inflict pain and cause physical injury to a student, and would include paddling and spanking.

When a student is at risk of self-injury or injuring others or of damaging property, and when other behavioral deterrents have failed school personnel may use the use of physical restraint. Behavior management techniques, strategies, and procedures will be used to the extent necessary to ensure that schools are not disrupted by inappropriate student behavior.

Not only do they harm the intended victims, but they also affect the climate of the schools and the opportunities for all students to learn and achieve in school. Students must be taught that the individual rights of other students will be safeguarded. Bullying may be physical, verbal, emotional, sexual in nature, or occurring via the Internet through cyber bullying. Please refer to policy 249 for additional information.

## **BUS CONDUCT**

Proper student conduct on school buses is essential to the health and safety of all students. ## **DRUG ABUSE**

The school board finds that the possession, use, or distribution or delivery of controlled substances, "look-alike" drugs, and alcoholic beverages at school or while engaged in activities subject to the control by the school district is a matter of great concern and potentially injurious to the health, safety, and welfare of students. Students are prohibited from knowingly possessing, using, transmitting, manufacturing, or being under the influence of any controlled substance, "look- alike" drugs, or alcoholic beverages. Students are also prohibited from knowingly possessing, using, transmitting, or manufacturing medical marijuana.

For the purpose of this section, the following definitions will apply:

- **Alcoholic Beverage** - An alcoholic beverage is any intoxicating liquor, wine, or brewed or malt beverage regulated under the Liquor Code of the Commonwealth of Pennsylvania, Act of April 12, 1951, P.L. 90, Art. 1, Section 101, Et Seq., as amended.
- **Controlled Substance** - A controlled substance is any substance the possession, use or delivery of which is regulated by the Controlled Substance, Drug, Device and Cosmetic Act of the Commonwealth of Pennsylvania, Act of April 14, 1972, P.L. 233, No. 64, Section I, Et Seq., 35 P.S. Section 780-101 Et Seq.
- **"Look-alike" Drug** - A "look-alike" drug is a non-controlled substance that has a stimulant or depressant effect on human beings and/or substantially resembles a controlled substance in appearance. This includes Juuls and e-cigarettes as defined in policy 222.

First offense violation of this section may result in a Superintendent’s level hearing. Second and subsequent violations of possession and/or use of alcohol, controlled substances and/or “look-alike” drugs will result in a referral to the Board of School Directors in the form of a Board hearing for consideration of expulsion from school.

Distribution of alcohol, controlled substances and/or “look-alike” drugs will result in referral to the Board of School Directors in the form of a Board hearing for consideration of expulsion from school.

Central York School District considers the possession, use and/or distribution of illegal drugs and alcoholic beverages on school property a serious offense. All violations will be referred to the appropriate police departments for their disposition.

None of the provisions of this policy shall be construed to prohibit or regulate a student’s being under the influence of medical marijuana if the student is properly following a prescription by a licensed physician and has made a plan with the school district. Any student who may need to be under the influence of medical marijuana while under the jurisdiction of the school district is required to meet with the administration. Please refer to Policy 210 and 227 for additional information.

## **EDUCATIONAL ENVIRONMENT**

The Central York School District is committed to maintaining an educational environment free from harassment and discrimination of any kind including sexual, ethnic or racial. All employees and students are to be treated with dignity, respect and courtesy, regardless of race, color, national origin, gender, gender identity, sexual orientation, religion, handicap, or disability. Sexual harassment or racial intimidation shall be defined as any action, which interferes with an individual's education by creating an intimidating, hostile, or offensive environment. Students who are found guilty of sexual harassment, intimidation, or discrimination shall be subject to appropriate discipline. Any of the above may also violate local, state and/or federal law and may be the basis for exclusion under that provision. Any student who believes s/he has been subject to any form of harassment or discrimination is encouraged to report the incident to the building principal or individual designated as Title IX Coordinator. See Policy 103 for additional information.

## **ELECTRONIC DEVICES**

The District maintains guidelines for use of personal and school-issued electronic devices in accordance with our Electronic Device Policy (237) and our Acceptable Use Policy (815). Electronic devices include, but are not limited to, iPads, iPods, tablets, e-readers, MP3 players, DVD players, handheld game consoles, personal digital assistants (PDAs), cellular phones, smart phones, digital picture/video camera, laptops, notebooks, and any other device capable of connecting to the District’s network or other independent mobile network. Students who violate the Electronic Device and/or Acceptable Use policies may lose electronic device or network privileges and could incur disciplinary consequences in accordance with district policy.

Unauthorized recording is prohibited and may be punishable under federal and state laws. Use of electronic devices is prohibited in the nurses’ office, guidance office, school office, restrooms, and locker rooms unless school personnel in charge specifically permit use of the electronic device in which case the device may be used ONLY to the extent and in the manner that permission was expressly granted.

- **Use of Personal Electronic Devices:**

The use of personal electronic devices in common areas is permitted. The use of those devices in the classroom is at the discretion of the teacher.

### **FUN FRIDAY**

The Middle School PTO periodically holds Fun Friday Events throughout the school year. Fun Friday lasts from 3:00pm to approximately 5:00pm. Parents and students must make transportation arrangements with a parent/guardian prior to the activity. Additionally, parents/guardians must pick up their student by no later than 5:00pm. Failure to do so may result in the student not being able to attend additional Fun Friday events.

While student attendance is not mandatory, all students who attend must adhere to the Student Code of Conduct while present. Students who receive any type of disciplinary action/consequence prior to a Fun Friday event (Lunch Detention, After School Detention, In-School Suspension, Out of School Suspension, etc.) may not be allowed to attend the next Fun Friday event at the discretion of the administration.

### **SEXTING**

Possession or distribution of sexually suggestive, sexually explicit, obscene, and/or pornographic text or images by cellular telephone or other electronic device, commonly known as "sexting", is prohibited. When appropriate, law enforcement officials will be notified and cell phones or electronic devices will be confiscated. Sexting is a serious offense. In addition to school disciplinary action, violations could result in criminal charges including child pornography or other offenses.

### **SMOKING AND USE OF TOBACCO PRODUCTS**

Act 169 of the 1988 session of the General Assembly of the Commonwealth of Pennsylvania specifically prohibits the use of tobacco by pupils in school buildings and on school buses and on school property owned by, leased by, and under the control of the Central York School District. The term tobacco is defined in Policy 222 and includes Vape Pens and Juuls. To protect the health of the future citizens and to provide role models for the youth of the district, the Central York School District has enacted by resolution a smoke-free environment in all enclosed areas of the district, and has prohibited smoking by all persons on school property. Portions of this Act and policy are enforceable under civil penalty with a fine not to exceed fifty dollars (\$50). The discipline to enforce this Act is outlined under Level III Violations in the Appendix of this document.

**Policy 222 also pertains to electronic cigarettes and all related paraphernalia and accessories, including but not limited to vaporizers, vape pens, vape juice, juuls, and any chemical or device that produces the same flavor or physical effect of nicotine substances. Possession and/or use of such items is strictly prohibited.**

### **STUDENT EXPRESSION/DISTRIBUTION AND POSTING OF MATERIALS**

Students wishing to distribute or post materials that are not part of district sponsored activities (non-school materials) must comply with the requirements of Board Policy 220, Student Expression/Distribution and Posting of Materials. Non-school materials are defined as any printed, technological, or written materials meant for posting of general distribution to others that are not prepared as part of the curricular or extracurricular program of the district, including but not limited to fliers, invitations, announcements, pamphlets, posters, Internet bulletin boards, personal web sites and the like.

## **STUDENT RESPONSIBILITIES**

Student responsibilities include regular attendance, conscientious effort in classroom work, and conformance to school rules and regulations. Most of all, students share with the administration and faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living. Students should express their ideas and opinions in a respectful manner. No student has the right to interfere with the education of his or her fellow students.

It is the responsibility of the students to conform to the following:

- Be aware of all rules and regulations for student behavior and conduct themselves in accordance with them. Students should assume that until a rule is waived, altered or repealed in writing, it is in effect.
- Volunteer information in matters relating to the health, safety and welfare of the school community and the protection of school property.
- Dress and groom to meet fair standards of safety and health, and not to cause substantial disruption.
- Assist the school staff in operating a safe school for all students and staff enrolled therein.
- Comply with federal, state, and local laws and regulations.
- Exercise proper care when using public facilities and equipment.
- Attend school daily and be on time at all classes and other school functions.
- Make up work when absent from school.
- Pursue and attempt to complete satisfactorily the courses of study prescribed by Commonwealth and Central York School District authorities.
- Follow directions of bus driver regarding behavior on school buses and cooperate in following procedures designed to provide safe transportation to and from school.
- Report accurately and not use indecent or obscene language in student newspapers or publications.
- Respect the rights of staff, students, administrators, and all others who are involved in the educational process.
- Interact with students and staff in a respectful manner.
- Refrain from using language which is plainly lewd, vulgar, or offensive or which causes or is reasonably predicted to cause substantial disruption to the school environment.

## **WEAPONS**

Students are not permitted to have weapons or other hazardous equipment or material in their possession in school, on school property, or at school sponsored activities. Act 26 of 1995 defined weapons to include, but not be limited to, "any knife, cutting instrument, cutting tool, nunchaku, firearm, shotgun, rifle, and any other tool, instrument, or implement capable of inflicting serious bodily injury." Violations of this prohibition are a serious matter and carry a mandatory consideration of expulsion from school for a period of a full year and an automatic report to appropriate law enforcement agencies.

The term weapon also shall include objects which have the appearance or characteristics of a weapon as defined above, or objects which are intended and capable of producing bodily injury, including fireworks or explosive devices. The Central York School District considers violations of this prohibition as a serious matter. The student will be referred to the Board of Directors for possible expulsion from school.

When the District receives a student, who transfers from a public or private school during a suspension or expulsion period for an offense involving a weapon, the District will enforce the suspension or expulsion determined by the sending school.

Weapons capable of firing a bullet, ball or projectile shall not be used in instructional and co-curricular programs, stage props in dramatic productions, or student athletic contests. If the display of a weapon is part of

an authorized project or class, the principal may authorize the display after assuring that the weapon has been made inoperative and necessary safety procedures are in place. All exceptions under this policy must be approved in advance of the actual event. Exhibits and displays of this type will not, under any circumstances, be permitted to be transported on the District's transportation system. Please refer to policy 218 for additional information.

## **STUDENT DISCIPLINE**

### **CONTACT WITH LAW ENFORCEMENT AGENCIES**

The Board of School Directors has established a policy with regard to contact with law enforcement agencies involving discipline as a result of activities occurring on school property or at a school event. Police assistance will be requested when a trespasser fails to respond to a request to leave the premises, when any person is creating a disturbance and fails to respond to requests to cease and desist, or when any action threatens the health, safety, or welfare of any person. The police will also be contacted when any person other than police officers are in possession of a dangerous weapon. Police will also be contacted for identification of substances and assistance in the investigation of all violations of the Dangerous Drugs, Device, and Cosmetics Act or drugs, which fall under the "look alike" category. Police may also be contacted for cases of verbal or physical assault or violation of local, state, or federal law depending on the seriousness of the incident. Victims of violations of local, state and federal law may choose to file charges under these statutes independent of school disciplinary actions. The school is often asked why they do not file charges in a student disciplinary incident. While the school has board discretion in student discipline matters, the school does not have jurisdiction to file charges in most incidents. The police and/or the District Attorney make that decision after a report by the school.

Act 26 of 1995 of the Pennsylvania Legislature provided additional requirements for reporting and required the development of a Memorandum of Understanding between the School District and the police departments of jurisdiction. A copy of this Memorandum is on file with each school's main office and available for review by parents and guardians by request.

### **EXCLUSIONS FROM SCHOOL**

The Board of School Directors has defined the types of offenses, which could lead to exclusion from school. These offenses may take the form of suspension or expulsion and include, but are not limited to, the following:

- Forgery of any documents, including attendance
- Destruction or willful defacing of school property
- Hazardous or unauthorized use of vehicles
- Use, possession or distribution of dangerous drugs or drug related paraphernalia as defined in the "Dangerous Drugs, Device and Cosmetics Act"

- Behavior or items brought to school that are reasonably foreseeable to cause a substantial disruption to the school environment.
- Off-campus speech, which could include social media posts, that threatens, incites violence against the school or school community.

The preceding list is not intended to be exhaustive of the types of offenses that can lead to exclusion from school.

Suspension is exclusion from school for a period of 1 to 10 consecutive school days. The principal or assistant principal in charge of the school may give suspensions. No student shall be suspended until the student has been informed of the reasons for the suspension and given an opportunity to respond. Every effort and means will be utilized in an attempt to notify parents of the student on the day the suspension is imposed. The parents will also be notified in writing with a copy forwarded to the superintendent's office.

When the suspension exceeds 3 school days, the student and the parents will be given the opportunity for an informal hearing (via phone conversation or face to face meeting) before an administrator. The purpose of this informal hearing is to enable the student and the parent to meet with the appropriate school official to explain the circumstances surrounding the event for which the student is being suspended or to show why the student should not be suspended. The informal hearing is intended to encourage the student's parents to meet with an administrator to discuss ways to avoid future offenses.

## **EXPULSIONS**

Expulsion is exclusion from school imposed by the board of school directors for a period exceeding 10 consecutive school days, and may be permanent expulsion from the school rolls. All expulsions require a prior formal hearing before the board of school directors or a duly authorized committee of the board or a qualified hearing examiner appointed by the board. When a committee of the board or a hearing examiner conducts the hearing, a majority vote of the entire school board is required to expel a student. The formal hearing will be scheduled during the first 10 days of the suspension. If it is impossible to schedule a hearing during this 10-day period, the student will be returned to school pending the hearing, unless it can be shown that the student's presence would constitute a threat to the health, safety, morals, or welfare of others. See Policy 233, suspension and expulsion, for additional information.

Students who are less than 18 years of age are subject to the Compulsory School Attendance Laws even though expelled. The initial responsibility for providing the education rests with the student's parent or guardian through placement in another school or through tutoring or through an alternate educational program approved by the district superintendent.

If the parents or guardians are unable to provide the required education, they must within 30 days submit to the district superintendent written evidence outlining the attempts, which have been made, and the reasons for non-compliance. If 30 days pass without the district receiving satisfactory evidence that the required education is being provided, the district superintendent will contact the parent. If these efforts are not productive, the district has the option to provide some alternate educational program or take action in accordance with Chapter 63 of The Juvenile Act (42 PA. C.S. 6301-6308).

School authorities may search a student's locker or desk and seize any illegal or inappropriate materials. Students are specifically advised that they should have no expectation of privacy with respect to their use of such lockers which are subject to random, periodic, and/or sweeping inspections and searches (including the use of certified scent dogs). Such materials may be used as evidence against the student in disciplinary proceedings. Prior to an individual locker search, the student shall be notified and given an opportunity to be

present; however, where school authorities have a reasonable suspicion that the locker contains materials which pose a threat to the health, welfare, and safety of students in the school, student lockers can be searched at any time without a prior warning.

If a student is reasonably suspected of possessing illegal materials on his or her person, the student shall be referred to the principal or assistant principal. The administrator will confront the student privately with the accusations and then conduct a search of the student and their belongings. If the student resists or uses force, the police may be called for assistance. Refer to Policy 226 for additional information.

The student and his or her parents shall be required to appear before the superintendent of schools to work out a plan to correct the inappropriate behavior. Failure to appear after proper notice by certified mail or courier delivery will result in a referral to a formal hearing before the board of school directors.

### **TEACHING IN TEAMS**

The team concept was developed when the middle school was first organized. The core academic teachers work together to provide the strongest possible personal and instructional support for students.

Research shows that team teaching at the middle level is highly effective for the developing adolescent.

The team-teaching approach is used at Central York Middle School to enable students, and their parents or guardians, to develop better relationships and communications. Parents of eighth grade students meet in the spring to discuss ninth grade course selection, including the initial selection of a Career Academy at Central York High School.

Academic instruction in core subject areas is enhanced with health and P.E., family and consumer science, technology education, music and art. Teachers utilize technology to enrich the curriculum. Central York Middle School teachers work together in teams to provide improved integration of subject materials, better coordination of testing schedules, and more individualized attention to students.

Each team has a designated leader who serves as a primary parent contact. The teachers to whom the student is assigned provide more detailed information.

### **TEXTBOOKS, MACBOOKS, AND IPADS**

Textbooks, Macbooks, and IPADS are the property of the Central York School District. Loss or excessive wear and damage become the student's responsibility and must be paid for at the end of each semester.

### **VIDEO TAPING ON SCHOOL PROPERTY**

The Central York School District may use video cameras for disciplinary purposes. The District may utilize video cameras in any area of District property: to include, but not be limited to, such areas as building entrances, cafeterias, hallways, athletic fields, and the stadium.

### **VISITORS**

Parents and other adult guests are always welcome to visit our schools. We ask that you make arrangements with the principal prior to any classroom visits. To ensure security and maintain order within our instructional program, all visitors must use the call button to gain entry into the office where they must sign in and receive a visitor's badge. This badge must be visible at all times while in the building. See Policy 907, School Visitors,
