SERVICE DETAIL DAILY:

1. Describe what actually occurred on the date of service. Ensure that the Service Detail Note daily note is sufficiently detailed to allow reconstruction of what transpired for each service billed.
2. Indicate the result of the therapy session student's response.

Example of Service Note Detail: The student focused on starting "My Calm Down Book" and identified various facial expressions to determine the mood. The student did a self-portrait of his face when angry, then lost focus and was disruptive and disrespectful to his peers.

MONTHLY SUMMARY PROGRESS NOTES:

1. Summarize and evaluate the student's monthly progress toward your medical/health-related goal.
2. Include any changes in medical/mental status and changes in treatment with rationale for change.
3. Service Detail Daily Notes and Monthly Progress Summary Notes must not match.

Example of Summary Note: Student is making limited progress with improving his ability to follow directions and interact with peers appropriately. Will continue to address his goals toward appropriate peer behavior.

RECORD KEEPING: Keep copies of all supporting documentation related to this service for a period of 8 years FY+7 regardless of the change in ownership or termination of participation in Medicaid.
