

Immunization Requirements 7th Grade Entry 2023-2024

To attend 7th grade, a student *must have* written proof of receiving the following immunizations:

- ◆ **1 Tdap** (*Only Tdap vaccine given at age 10 years or older is acceptable for 7th grade school entry*)
- ◆ **2 Varicella (chickenpox)**
- ◆ **1 Meningococcal** (*Only Meningococcal Conjugate vaccine given at age 10 years or older is acceptable for 7th grade school entry*)
- ◆ **3 Hepatitis B**

This is in addition to the below immunizations that should have already been completed:

- ◆ **2 Measles, Mumps, Rubella (MMR)**
- ◆ **4 Polio**
- ◆ **2 Hepatitis A**
- ◆ **5 DTaP/DT**

Recommended for 11-12 year olds, but not required for school entry in Utah:

- ◆ **HPV**
- ◆ **Influenza**
- ◆ **COVID-19**

Proof of immunity to disease(s) can be accepted in place of vaccination only if a document from a health care provider stating the student previously contracted the disease is presented to the school.

For children whose parents claim an exemption to immunization for medical, religious, or personal reasons, their legally responsible individual must complete an online immunization education module at immunize.utah.gov or in-person consultation at a local health department. A copy of the certificate must be presented to the school or child care official.

For a medical exemption from the required immunizations, a completed vaccination exemption form and a written notice signed by a licensed healthcare provider must be presented to the school.

For questions regarding your child's immunization status, contact your child's healthcare provider, your local health department, or the Immunization Hotline 1-800-275-0659.

This flyer may be copied and distributed.
