Members present (*in bold):

Agenda:

1. Update on fall re-opening plans

Overview of steps for reopening including classroom set up, distance teacher assignments, in-person teacher assignments, routines, protocols.

Council requested information on when information was going out to families (in mail today), and in Scoop tomorrow.

2. Update on budget impacts of re-opening plans

*USDA Free and Reduced Lunch extension-all students will qualify for free lunches until Dec. 31.

*Covid Funds-unexpected costs of materials/resources/safety materials were covered by monies that were provided via state/federal covid funds. However, we have now been told that some items will not be approved via those funds. The PTO has generously gifted CES money to provide surf desks and shade structures for outdoor spaces.

3. Update on Kaleidoscope grant

Dr. Millen met with the state regarding the KCL grant this past week. State is very impressed with the work CES has done both in and at a distance. They would like to continue to use CES as an exemplar model and is accessing "lessons learned" and experiences we have had to bring deep learning to scale around the Commonwealth. The Associate Commissioner and Commissioner spoke about our school at a meeting that morning, and would like to visit at a time in the near future.

4. Equity and Access Task Force

Please reach out to neighbors, friends, and community members to see if they will participate in this task force. Both short and long term commitments are available.

5. Other? Meetings for 20-21: First Thursday of each month @ 2:30pm; we will need to evaluate the current SIP as this is the last year of the goals. We will then need to decide what we have accomplished and what we are still working on to create a one year plan for approval next Spring.

All members of current SC would like to remain on council for 20-21. We will also seek additional members.

Next meeting: October 1, 2020 2:30pm CES- via zoom
