

Italian Home
for Children

Italian Home for Children's Partial Hospitalization Program is an intensive outpatient day program providing behavioral health services for youth ages 5-13. This program provides diagnostic and clinical treatment services as an alternative to an inpatient program or as a step-down from hospitalization. Treatment provides stability during the day and allows participants to return to their normal environment and routine for the evening.

Partial Hospitalization Program

Intensive psychiatric care without hospitalization.

Treatment Will Emphasize:

- Improving behavior and self-regulation
- Improving communication
- Enhancing family relationships
- Building social skills

Treatment Will Include:

- Assessments and treatment planning
- Symptom stabilization
- Individual and group therapy
- Occupational therapy
- Care coordination
- Medication consultation

1125 Centre Street, Jamaica Plain, MA 02130
