Agenda:

1. **Youth Health Survey** – Review and discuss findings from the Youth Health Survey (YHS) administered under the direction of the MA Department of Public Health and MA Department of Elementary and Secondary Education last February 14th. In the discussion, school council members will FOCUS on identifying any concerning results that should be addressed through school’s Health curriculum and/or classroom instruction / program. Survey findings to be forwarded to school council members two weeks prior to December 16th meeting; data collected from 6th and 7th graders ONLY – no 5th grade data by design.

2. **“Positive Relationships” Survey** – Two years ago, MRMS began asking students to identify which staff members “show you warmth, understanding, respect, and interest so that you are comfortable sharing your personal problems or concerns with them.” This year, the district is expanding the survey to include students in grades 3-12. The survey window is late January (MRMS used a March window in the past). Review survey.

3. **SEL Survey** – Last year, our district’s Director of Student Services, Melissa Maguire partnered with DESE to create a MRSD survey of social-emotional learning to be administered in the fall and the spring each year. Share / discuss survey design and review a sample student report.
