Agenda:

1. **Indoor Air Quality Concerns in 5th grade wing** – Share chronology of concerns raised and steps taken to assure health and safety of students and staff.
2. **Social-Emotional Learning (SEL) Survey** – Last year, Melissa Maguire partnered with DESE to create a MRSD survey of social-emotional learning to be administered in the fall and the spring of each year. Share survey design and review sample student report.
3. **Equity and Access Research** – Describe research currently underway to assess whether our school's AM offerings (teacher extra help sessions, morning clubs, library supports, etc.) are being accessed by a representative population of students (geography, race, economically disadvantaged, ELL, learning disabled, etc.). Results of research will be shared at February meeting.
4. **School Improvement Brainstorm for Targeted Populations** - MRMS faculty is currently participating in three brainstorming activities. A chance for parents on school council to learn about the topics and provide their own thoughts and perspectives.
 - Assisting our lowest-performing quartile (LPQ): If you were designing a school day and/or school year for our LPQ students, what would it look like?
 - Building a more inclusive community for our increasingly heterogeneous student body: Why are students of color underrepresented in our school culture, and how can we change that?
 - Flexible scheduling and/or adjustments within the school day for ALL students: Should students with different needs experience different school days, and how might we meet their needs through scheduling adjustments?
