

# COYOTE SPRINGS ELEMENTARY

## 2016-17 SCHOOL REPORT CARD

### Mission

*Above and Beyond as a team, Coyote Springs Elementary School provides a comprehensive, world-class education for all students by moving beyond the basics and embracing the 5 C's Super Skills for the 21st Century; Critical Thinking, Creativity, Collaboration, Communication, and Community Connection.*

### Principal's Message

*Dear Parents, Guardians, Students, and Community Members,*

*It is with great pleasure that I welcome you to Coyote Springs Elementary School. At Coyote Springs Elementary School we are committed to preparing our students to become 21<sup>st</sup> Century College and Career Ready Citizens. What does our commitment to 21<sup>st</sup> Century Education look like? Becoming a 21<sup>st</sup> Century School provides all students with a comprehensive education based on a solid core foundation in reading, writing, science, and social studies while developing critical thinking skills, collaboration skills, use of creativity, application of knowledge at high levels, and the ability to access, evaluate, and communicate information using a range of contemporary tools so they can compete in a global, technology-driven world.*

*We seek to inspire, engage, and prepare our next generations to be critical thinkers, problem solvers with effective communication, creativity, and collaboration skills that will lead achievement in ELA, science, technology, and math. Our students will make connections from their learning to their environment by creating experiences in our outdoor habitat through community gardens, outdoor education experiences, agri-science, and sustainability projects. These programs will lead to increased high school and college graduation rates as well as scholarship opportunities.*

*Coyote Springs Elementary School 21<sup>st</sup> Century Education Signature Program is intended to offer families a high quality education with rigorous expectations for academic performance. Further, the school is intended to be a reflection of the local community- in particular the parents, students, staff and community members who choose to participate in the school. Our school seeks to provide a solid foundation and framework upon which students and the local community can build.*

*Coyote Springs Elementary School 21<sup>st</sup> Century Education provides students with the chance to participate and engage in a rigorous academic program emphasizing Arizona College and Career Readiness Standards in English Language Arts, Science, Social Studies, Technology, and Mathematics as well as:*

- *Engaging students in authentic learning that focuses on solving relevant, real-world-authentic problems.*
  - *Engaging students in learning experiences that require student to critically think, problem-solve, collaborate, research, write, communicate, and make community connections to build 21<sup>st</sup> century skills.*
  - *Engaging students in authentic learning of what is necessary for them to succeed in higher education and in the workforce.*
  - *Providing students with the necessary skills to lead successful and purposeful lives.*
  - *Engaging students in experiences that promote a global connection to their environment.*
- Creating partnerships within our community to facilitate 21<sup>st</sup> century skill experiences for our students.*

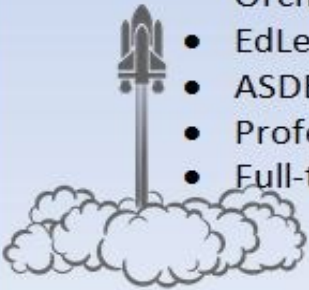

*We invite you to come visit Coyote Springs Elementary School to learn more about what we are doing to prepare our students to become 21<sup>st</sup> Century College and Career Ready Citizens. Sincerely, the CSES Team!*
