Welcome to 4th Grade

Dear Families,

Welcome to Fourth Grade! We hope you had a restful summer and enjoyed the sunshine and quality time with one another! The summer is coming to an end and soon your child will embark on another year of exciting adventures in school! We are looking forward to a productive year full of learning and fun. Besides reading, writing, and math, we will study the American Revolution, New Jersey, Immigration, Patterns of Earth's Changing Features, Energy and Motion, and Structures and Functions of Living Things. We will use various materials to support our learning and our curriculum.The work becomes more challenging, the curriculum is more demanding, and there is so much to look forward to.

In order for us to learn about your child early in the year, we are asking you to complete a brief questionnaire prior to the first day of school by clicking **HERE**. It is a google form. If you are unable to fill out the form digitally, it is also on our website under documents so you can print it and send it in on the first day with your child.

We look forward to meeting both you and your child in September. Below are a few important things to remember for the first day of school:

- The first day is Thursday, September 9th.
- Please send back the attached student information questionnaire either by filling out the Google Form or sending in a hard copy with your child.
- Please arrive by 8:30 everyday. The school day begins promptly thereafter.
- Please send your child to school with a healthy snack, drink, and lunch.
- Our supply list is attached below. Please do your best to bring in the materials on the first day of school.

We look forward to collaborating with you as we pave the way to a fantastic school year! Please don't hesitate to reach out to us with any questions or concerns! Enjoy the last few days of summer!

Sincerely,

The Fourth Grade Teachers

Danielle Breakfield, Kristin Gerais and Moira Meehan
