

Throughout the year I take digital pictures of my students as they work and participate in first grade activities. Some of these pictures are used for parent presentations, like Back to School Night and other classroom activities. Throughout the year, I will also be emailing photos of classroom activities.

I never include any names with my pictures.

I need permission to do so. Please return the signed form below indicating if I have your permission to include pictures of your child.

Please return this form to me as soon as possible.

Thank you,
Kimberly Zodda

☐

I give permission for Mrs. Zodda to include pictures of my child, _____.

I understand that no names will be connected to the pictures.

☐

I would rather not have photos of my child appearing in the presentations.

(In group pictures your child's face will be blurred/blocked out.)

Please print your name
