Teaching	11/30/2011	Science Education Awards for Excellence in Inquiry-based Science Teaching	http://www.nsta.org/about/awards.aspx#delta	Varies with Award	This award honors one female student in grades 5–8, who is involved in or has a strong connection to science. The award has been established in honor of Gerry Wheeler, Executive Director Emeritus, and his outstanding dedication to NSTA and lifelong commitment to science education. This award honors one NSTA member who has made extraordinary contributions to the advancement of science education in an informal or nontraditional school setting, such as a science-technology center, museum, or community science center. These awards honor NSTA members who, through active leadership and scholarly endeavor over a significant period of time, have made extraordinary contributions to the advancement of education in the sciences and science teaching. This award honors NSTA members who are teachers that have made extraordinary contributions to the field of science teaching. The Faraday Science Communicator Award will recognize and reward an individual or organization that has inspired and elevated the public's interest in and appreciation of science. The Maitland P. Simmons Memorial Award for New Teachers provides selected K–12 teachers (up to 25) in their first five years of teaching with funds to attend the annual National Conference on Science Education. Award recipients will be mentored, tracked, and provided with continuing opportunities for meaningful involvement with NSTA and its activities.
Teaching	December 1st	Pitsco/Hearlihy/FTE Grant	http://www.iteaconnect.org/Awards/granthearlihy.htm	\$2,000	A partnership with DuPont Pioneer and the National Science Teachers Association, this award is to recognize excellence and innovation in the field of agricultural science education. The FTE and Pitsco/Hearlihy & Company will award \$2,000 to a K-12 teacher who uses technology in a creative way within the curriculum. The grant will go towards the teacher's professional development. Applicants must be a member of the International Technology Education Association.
Teaching	March 1st	The New Jersey Education Association: Frederick L. Hipp Foundation for Excellence in Education	https://www.njea.org/resources/grants	\$500 to \$10,000	Makes it possible for school employees to receive grants that will help them bring creative ideas to life.
Teaching	Rolling	EarthWatch Institute Educator Fellowships	http://www.earthwatch.org/aboutus/education/edopp/edfelfund/elgapply/	All expenses paid fellowship.	EarthWatch Institute Educator Fellowships are open to K-12 teachers in any discipline. Fellows will receive funding to join one of more than 90 Earthwatch expeditions worldwide, join a team of other Educator Fellows and volunteers, and work alongside leading environmental scientists, actively supporting their work, learning field research methods, and helping conserve threatened natural and cultural resources. No experience is necessary, nor is any particular educational background. The fellowship covers all costs associated with research, food, and accommodations. Upon completion of all fellowship requirements, many fellows will be awarded a partial reimbursement for travel to and from the site according to their individualized award.
Technology	Rolling	Digital Wish Grants	http://www.digitalwish.com/dw/digitalwish/grant_awards	Technology products.	Digital Wish is now offering a program that matches teachers with donors. To find a donor, teachers must build a wish list of Digital Wish classroom technology products. Teachers may then tell their stories and share their lesson plan ideas. Prospective donors can review a classroom profile and donate funding or purchase a wish list item for a school. After each technology purchase, Digital Wish will automatically donate an additional 2-10% in immediate cash-back funding to the recipient school to fund their next technology project.
