Consolidated
Public
Hearing on
the North
Side High
School Year
Round School
Feasibility
Study and the
Lease

Dr. Fowler-Finn presented the following recommendation concerning the Consolidated Public Hearing on the North Side High School Year Round School Feasibility Study and the Lease:

RECOMMENDATION: It is recommended that the Board hold a consolidated public hearing to provide public input on the matter of year-round school at North Side High School and on the form of the lease.

RELATED INFORMATION: State law requires a school that is pursuing an increase in classrooms and financing the expansion through a bond issue to determine if year-round school would be an alternative to new construction. The Board is required to hold two public hearings on the matter. This was the second public hearing, the first public hearing was held February 11, 2002. As a result of the feasibility study, It is recommended that planning continue for the construction of renovations and expansion of North Side High School and not to pursue year-round school plans.

State law also requires the Board to hold a public hearing on the lease approved at its meeting on February 11, 2002. It is recommended that the terms of the approved lease be confirmed.

The board voted on these matters as a part of a resolution regarding this and other North Side High School Project related items.

A motion was made by Jon J. Olinger, seconded by Bettye J. Poignard, that the recommendation concerning holding the Consolidated Public Hearing on the North Side High School Year Round School Feasibility Study and the Lease be approved. Roll Call: Ayes, unanimous; nays, none.

Hearing was held, with no one disputing the Feasibility Study or Lease.

A motion was made by Jon J. Olinger, seconded by Carl A. Johnson, that the recommendation concerning the Consolidated Public Hearing on the North Side High School Year Round School Feasibility Study and the Lease be approved. Roll Call: Ayes, unanimous; nays, none.

Project

- (b) reaffirms the form of the Lease with the North Side High School Building Corporation originally approved February 11, 2002, which will be for a term not to exceed seventeen years
- (c) determines that the maximum annual rental for the North Side High School, as it currently exists and as renovated, in the amount of \$7,850,000 is a fair and reasonable rental
- (d) authorizes any officer of the Board to execute and attest the form of the Lease presented at this meeting, with such changes as such officer deems necessary or desirable
- (e) approves the issuance of first mortgage bonds by the North Side High School Building Corporation for this project in a principal amount not to exceed \$49,750,000
- (f) determines the annual tax levy will be authorized each year in an amount sufficient to pay the annual rental under the Lease
- (g) authorizes the School Corporation's attorney to begin the court-appointed appraisal process to determine the sale value of the North Side High School
- (h) approves the Feasibility Study and its conclusions that multi-track year round schools is not a viable alternative to the North Side High School Renovation and Expansion Project
- (i) approves the form of Continuing Disclosure Contract and authorizes its execution
- (j) authorizes any officer of the School Corporation to take any other action he or she deems necessary or desirable to fulfill the intent of these resolutions, and ratifies all actions previously taken

A motion was made by Carl A. Johnson, seconded by Carol J. Coen, that the recommendation concerning the resolution regarding the North Side High School Project be approved. Roll Call: Ayes, unanimous; nays, none.
