State Finalists

**RECOMMENDATION:** It is recommended that the Board recognize the Irwin Elementary School students who placed in the top 10 at the state level in the MATH academic competition.

**RELATED INFORMATION:** The MATH academic competition is based on the academic standards for mathematics. The competition consists of four rounds of seven multiple-choice questions each. Teams of three students have 30 to 60 seconds to answer a question. The team captain stays in for all seven questions, while substitutions for other team members are made midway through the round to give more students a chance to participate. The Irwin team placed 3<sup>rd</sup> in Class Four out of 126 schools at the state competition held on March 1 with a score of 22 out of 28 points. Prior to the state competition, over 7,000 students statewide competed in regional competitions to earn a spot at state.

## CLASSIFIED PERSONNEL RECOMMENDED FOR TEMPORARY ASSIGNMENT (S)

Koehlinger, Donna M.

Introductions	Chief Financial Officer Kathy Friend introduced Steve Smethers Coordinator and Richard Swincher Assistant Coordinator in Energy Management.
Application for Common School Fund Loan	<p><b>RECOMMENDATION:</b> It is recommended that the Board approve the application for and acceptance of an advancement from the Indiana Common School Fund for educational technology equipment in the amount of \$1,950,000.</p> <p><b>RELATED INFORMATION:</b> Advancements from the Common School Fund provide funds for school districts to purchase educational technology. The Fort Wayne Community Schools (FWCS) will use these moneys to help fund the FWCS technology plan previously submitted to the state. Technology funds are currently insufficient to fund all the technology needs of the school corporation.</p> <p>Funds are provided as a loan and are awarded to school corporations on the basis of assessed value (AV) per pupil, with low AV per pupil school corporations receiving funds before high AV per pupil corporations. FWCS therefore cannot be assured of receiving the requested advancement.</p> <p>Should the application be successful, funds will be budgeted in the Debt Service Fund to repay this loan beginning in the year 2013. Interest on the loan is expected to be no more than four percent and is likely to be as low as one percent.</p> <p>Common School Fund advancements differ from School Technology Advancement Account (STAA) loans, which FWCS receives on an annual basis. Unlike CSF advancements, STAA advancements are given to all applying school corporations, regardless of their assessed value per pupil ranking.</p>
2012 Traffic and Site PPI Project	<p><b>RECOMMENDATION:</b> It is recommended that the Board approve the following construction contract for traffic and site projects at 17 sites:</p> <p><u>Wayne Asphalt and Construction Co., Inc.</u></p> <p>Base Bid .....\$389,835 (Arlington, Bunche, Grile, Holland, Jefferson, Kekionga, Lincoln, Maplewood, Miami, Northrop, Scott, Shambaugh, Shawnee, St. Joseph, Washington, Washington Center and Waynedale) Alternate 1 (Northrop)..... 35,685 Total Contract.....\$425,520</p>

**RELATED INFORMATION:** The construction contract includes asphalt repairs and overlays along with partial concrete walk, curb, and drive replacements at 17 facilities. GAI Consultants, Inc. are the engineers for this project. Projects are part of the Capital Projects Fund plan and are within budget. Specifications require the work to be completed by August 10, 2012.

FWCS  
Board  
Districts  
Reapportion  
ment  
Discussion

Mr. Cobb presented the following recommendation concerning the FWCS Board Districts Reapportionment Discussion:

**RECOMMENDATION:** It is recommended that the Board discuss proposed changes to Board districts and allow time for public comment.

**RELATED INFORMATION:** Indiana Code provides that Board districts be reapportioned when population changes make Board districts unequal in population. Data from the 2010 census indicates the need to reapportion the Board's five electoral populations. The attached draft Resolution is for the purpose of discussion and public comment. A final Resolution will be on the agenda for Board approval on April 23.

### DRAFT RESOLUTION OF THE BOARD OF SCHOOL TRUSTEES FORT WAYNE COMMUNITY SCHOOLS

Whereas, it is the responsibility of the governing body of an Indiana school corporation to develop a "plan" that establishes, among other things, the manner in which the governing body of a school corporation is constituted, including the number, qualifications, length of terms, and method and time of selection;

Whereas, the Board of School Trustees of Fort Wayne Community Schools has previously adopted a governance "plan" that includes a seven (7) member governing body, with five (5) members elected from electoral districts where the member is elected solely by the voters of a single district and two (2) members elected at-large;

Whereas, Ind. Code § 20-23-8-8(a)(4) & (5) provide that such electoral districts "must be as near as practicable equal in population" and be "reapportioned and their boundaries changed, if necessary, by resolution of the governing body before the election next following the effective date of the subsequent decennial census to preserve the equality" and that any such reapportionment must comply with the Constitutions of the State of Indiana and the United States, including the equal protection clauses of both constitutions;

Whereas, the most recent decennial census is the 2010 census and the next election for members from certain electoral districts will be in November, 2012 and the next election for the members from the remaining electoral districts will be in November, 2014;

Whereas, the data from the 2010 census indicates that the School Corporation's overall population is 215,437, with a "perfectly equal" district containing a population of 43,087;

Whereas, if unchanged, the Board's five (5) electoral populations will deviate by more than ten percent (10%), with the following populations:

<u>District</u>	<u>Population</u>
#1	45,508
#2	45,950
#3	43,209
#4	39,335
#5	41,435

Whereas, a plan of reapportionment must follow existing precinct boundaries;

Whereas, a shifting of eight (8) precincts will result in an electoral district deviation of less than two percent (2%), a deviation acceptable under the U. S. Constitution;

Whereas, if Precincts 575, 516 and 369 were moved from District #1 to District #4, if Precinct 577 were moved from District #1 to District #5, if Precincts 306, 308 and 313 were moved from District #2 to District #1, and, if Precinct 298 were moved from District #1 to District #2, the five (5) electoral districts would have the following populations:

<u>District</u>	<u>Population</u>
#1	42,666
#2	43,361
#3	43,209
#4	43,603
#5	42,598

NOW, THEREFORE BE IT RESOLVED BY THE BOARD OF SCHOOL TRUSTEES OF FORT WAYNE COMMUNITY SCHOOLS THAT:
