Audit Report

Dr. Robinson presented the following recommendation concerning the State Board of Accounts Audit Report:

**RECOMMENDATION:** It is recommended that the Board accept the State Board of Accounts audit report covering the period July 1, 1999 to June 30, 2001.

**RELATED INFORMATION:** The State Board of Accounts (SBA) recently released the results of their audit of Fort Wayne Community Schools (FWCS) for the period July 1, 1999 to June 30, 2001. FWCS prepares its financial statements using the prescribed cash basis of accounting that demonstrates compliance with budget laws of the State of Indiana. The SBA found FWCS's financial statements were fairly stated for the period examined. FWCS expenditures were within the legally adopted budget. The SBA also performs an audit of all our major federal programs for compliance with the requirements of laws, regulations contracts and grants. The SBA found FWCS was in compliance in all material aspects with the requirements. No findings or questioned costs were reported.

Not reflected in the financial statements of the corporation are the extracurricular accounts maintained by the treasurers in each school. The SBA performs audits of these accounts in every school and reports the results in a supplemental section of the corporation's audit report. The audit results and comments for the extracurricular accounts indicated deficiencies in several schools. Principals and treasurers submitted action plans to correct the deficiencies in their records and procedures. Internal Audit will review their current records and procedures for compliance.

In general, the results of the SBA's audit were positive. No corrections were made to our financial statements and our internal controls for financial reporting were found to be strong.

A motion was made by Carol J. Coen, seconded by Bettye J. Poignard, that the recommendation concerning the State Board of Accounts Audit Report be approved. Roll Call: Ayes, unanimous; nays, none.

The State Board of Accounts has agreed that a listing of all gifts received during any one year and ratified by the Board would meet audit requirements.

**RECOMMENDATION:** It is recommended that the Board approve the application for and acceptance of the 2002-2003 Full-Day Kindergarten Grant.

**RELATED INFORMATION:** The purpose of this grant is to provide full-day programs to improve the academic and social development of children in kindergarten.

The grant opportunity is open to all public school corporations in Indiana. The funds available for the 2002-2003 school year total \$8,500,000 a 15 percent reduction from the 2001-2002 allocation. If all public school corporations chose to participate, the minimum grant award would be equal to a school corporation's ADM for 2002-2003 multiplied by approximately \$8.50 about \$250,000 for Fort Wayne Community Schools. In 2001-2002, Fort Wayne Community Schools received \$534,710 for this program.

A motion was made by Bettye J. Poignard, seconded by Carol J. Coen, that the recommendation concerning the Full Day Kindergarten Grant be approved. Roll Call: Ayes, unanimous; nays, none.

Wilson  
Foundation  
Grant

Dr. Robinson presented the following recommendation concerning the Wilson Foundation Grant:

**RECOMMENDATION:** It is recommended that the Board approve Study Connection's request for a donation of \$70,000 from the Wilson Foundation.

**RELATED INFORMATION:** In recent years the Wilson Foundation has generously provided funding for Study Connection efforts. This year, Study Connection would request that the Foundation provide \$70,000 to help continue the program's success in matching volunteer tutors with Fort Wayne Community Schools students who are identified as needing extra academic assistance. Study Connection is seeking funds to strengthen community support through a more concentrated effort on targeting businesses and organizations that have not previously done so, to open their doors as study sites and allow employees to volunteer in order that more Fort Wayne Community Schools students' needs can be met. It will also use the money to strengthen existing ties between businesses and schools that are currently linked through Study Connection.

The request addresses advancement intended and outlined in Strategy X, developing and maintaining significant linkages with community resources.

A motion was made by Bettye J. Poignard, seconded by Jon J. Olinger, that the recommendation concerning the Wilson Foundation Grant be approved. Roll Call: Ayes, unanimous; nays, none.

Olin B. &  
Desta  
Schwab  
Foundation  
Grant -  
Shawnee  
Middle  
School

Dr. Robinson presented the following recommendation concerning the Olin B. & Desta Schwab Foundation Grant - Shawnee Middle School:

**RECOMMENDATION:** It is recommended that the Board approve the application for and acceptance of a grant from the Olin B. & Desta Schwab Foundation in the amount of \$30,000.00 for Shawnee Middle School.

**RELATED INFORMATION:** Shawnee Middle School has undertaken an extensive career development project that has been included in their curriculum starting in the 2001-02 school year. All sixth, seventh, and eighth grade students are required to take a class in careers as part of their related arts rotation each year. These classes have been designed to build on each other so that students will be exposed to career options at the middle school level. They also dovetail nicely into the ninth grade class at Northrop High School. Students will be monitored so that those who continue in the program a second year will progress to different modules. This program will be available to Shawnee students as an elective program in seventh and eighth grades. In addition, students will provide written assessment of the program at the end of grading periods.

In 2002-03, the expansion of adding a Depco Career Concepts Modular Technology Education program will be added. This will allow students hands-on exposure to many technological fields such as modules, lessons, and activities that include work with 4-stroke engines, architectural drafting, CAD, computer animation, desktop publishing, digital photography, engineering structures, graphic design, residential wiring, robotics, and virtual reality.

Shawnee principal, Thomas Swihart and industrial technology teacher, Xen Anderson are responsible for this non-competitive grant. This program supports advancement intended and outlined in Strategy IX, Technology to Transform Learning and Operations.

A motion was made by Donald J. Schaab, seconded by Jon J. Olinger, that the recommendation concerning the Olin B. & Desta Schwab Foundation Grant - Shawnee Middle School be approved. Roll Call: Ayes, unanimous; nays, none.
