

14 How Do I Compare?

Pairs

Start

This bar graph has no labels.

Each person makes a copy of the bar graph.

1. Think of a comparison situation that would use this bar graph to find answers. Write the word problem.
2. Label your blank bar graph to fit your word problem.
3. Write 3 questions to compare the data in your bar graph.

Exchange your questions with your partner.

4. Solve each other's word problems.
5. Check your partner's answers.
6. Repeat using a new comparison situation.
