Emergency
Response

Management
grant

Dr. Robinson presented the following recommendation concerning the Emergency Response and Crisis Management grant:

RECOMMENDATION: It is recommended that the Board approve the application for and acceptance of an "Emergency Response and Crisis Management" grant from the U.S. Department of Education in the total amount of \$350,000.

Although all schools have benefited from the collaborative participation in the Allen County School Safety Commission, the schools need to further address some of the gaps that exist in emergency preparedness and crisis management plans. The grant will help address these gaps in a unified county-wide plan that would benefit all of the children in Allen County.

The grant will permit: reviewing, updating and practicing crisis plans at schools; training for school personnel; Crime Prevention Through Environmental Design (CPTED) training for school-community partners; training for commission members; and training in Critical Incident Stress Debriefing for counselors and commission members; grant evaluation process.

The overarching goal of this project is to bring schools and their community safety partners to the same level of awareness, planning, and practice of guidelines related to all phases of school safety.

This is a competitive grant prepared by Anita Gross, school safety specialist of Southwest Allen County Schools, and John Weicker, director of security for FWCS. This agreement is in support of FWCS 2004 Strategic Plan, Strategy 4 – We will function as a center of learning in the community; FWCS partners with businesses and community agencies.
